COUNCIL REGULATION (EEC) No 355/86
of 17 February 1986
amending the list in the Annex to Regulation (EEC) No 2763/83 as regards
arrangements for processing under customs control

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2763/83 of 26 September 1983 on arrangements permitting goods to be processed under customs control before being put into free circulation ⁽¹⁾, as last amended by Regulation (EEC) No 2110/85 ⁽²⁾, and in particular Article 2 (2) thereof,

Having regard to the proposal from the Commission,

Whereas certain processing operations which, before the entry into force of Regulation (EEC) No 2763/83, could be carried out on the basis of equivalent national arrangements, are not included in the Annex to the said Regulation; whereas the operations concerned involve the processing into tobacco powder of tobaccos falling within Chapter 24 of the Common Customs Tariff;

Whereas there exists an economic need for these kinds of processing operations to be allowed to continue under the

arrangements for processing under customs control because the Community industry concerned has invested considerable sums in such operations;

Whereas it is necessary to maintain the competitiveness of the industries concerned in relation to processing firms in non-member countries in order to avoid the danger of cessation of these economic activities within the Community;

Whereas, therefore, the list in the Annex to Regulation (EEC) No 2763/83 should be supplemented by adding to it the abovementioned operations covered by the temporary measures adopted by means of Commission Regulation (EEC) No 283/85 ⁽³⁾, which has now expired;

Whereas it is also necessary to make certain clarifications to the relevant entry on the list,

HAS ADOPTED THIS REGULATION:

Article 1

In the list in the Annex to Regulation (EEC) No 2763/83 the eighth entry in columns I and II, shall be replaced as follows:

Column I	Column II
Tobaccos falling within Chapter 24 of the Common Customs Tariff	Processing into tobacco powder and/or agglomerated tobacco in the form of sheets or strip falling within subheading 24.02 E of the Common Customs Tariff

Article 2

This Regulation shall enter into force on the 21st day following its publication in the *Official Journal of the European Communities*.

COUNCIL REGULATION (EEC) No 356/86**of 17 February 1986****opening, allocating and providing for the administration of a Community tariff quota for a certain variety of polyvinylpyrrolidone falling within subheading ex 39.02 C XIV a) of the Common Customs Tariff**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION :

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Whereas production in the Community of polyvinylpyrrolidone for pharmaceutical use falling within subheading ex 39.02 C XIV a) of the Common Customs Tariff is currently insufficient to meet the requirements of the processing industries in the Community ; whereas, consequently, Community supplies of products of this type currently depend to a considerable extent on imports from third countries ; whereas the most urgent Community requirements for the product in question should be met immediately on the most favourable terms ; whereas a nil duty Community tariff quota should therefore be opened within the limits of an appropriate amount and for a period until 31 December 1986 ; whereas, in order not to jeopardize the balance of the market for this product, the volume of the Community tariff quota should be fixed at 130 tonnes ;

Whereas it is necessary, in particular, to ensure to all Community importers equal and uninterrupted access to the abovementioned quota and uninterrupted application of the rates laid down for that quota to all imports of the products concerned into all Member States until the quota has been used up ; whereas, however, since the quota is to cover requirements which cannot be determined with sufficient accuracy, it seems possible to avoid allocating among the Member States, without prejudice to the drawing against the quota volume of such quantities as they may need, under conditions and according to a procedure to be specified ; whereas this method of management requires close cooperation between the Member States and the Commission and the latter must in particular be able to monitor the rate at which the quota is used up and inform the Member States thereof ;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, all transactions concerning the administration of shares allocated to that economic union may be carried out by any one of its members,

Article 1

1. From the date on which this Regulation enters into force until 31 December 1986, the Common Customs Tariff duty for polyvinylpyrrolidone, presented in powder form, the particles of which are less than 38 micrometres, and which has a solubility in water at 25 °C of less than or equal to 1,5 % by weight, falling within subheading ex 39.02 C XIV a) shall be totally suspended within the limit of a Community tariff quota of 130 tonnes.

Within the limit of this tariff quota the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with the relevant provisions laid down by the 1985 Act of Accession.

2. If an importer notifies an imminent importation of the product in question in a Member State of the Community of Ten from the date indicated in paragraph 1, or in Spain or Portugal from 1 March 1986, and requests the benefit of the quota, the Member State concerned shall inform the Commission and draw an amount corresponding to these requirements to the extent that the available balance of the reserve permits this.

3. The shares drawn pursuant to paragraph 2 shall be valid until the end of the quota period.

Article 2

1. Member States shall take all appropriate measures to ensure that their drawings pursuant to Article 1 (2) are carried out in such a way that imports may be charged without interruption against their accumulated shares of the Community quota.

2. Each Member State shall ensure that importers of the said goods have access to the quota so long as the residual balance of the quota volume allows this.

3. Member States shall charge imports of the said goods against their drawings as and when the goods are entered for free circulation.

4. The extent to which the quota has been used up shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 3

At the request of the Commission, Member States shall inform it of imports actually charged against the quota.

Article 4

The Member States and the Commission shall collaborate closely in order to ensure that this Regulation is complied with.

Article 5

This Regulation shall enter into force on the third day following its publication in the *Official Journal of European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Whereas, under the terms of the Act of Accession, the Kingdom of Spain and the Portuguese Republic should be able to participate in this tariff quota according to their respective needs and as from 1 March 1986 ; whereas this participation can initially be confined to the possibility of drawing from the constituted Community reserve the

COUNCIL REGULATION (EEC) No 360/86**of 17 February 1986****laying down rules for the application by Spain and Portugal of quantitative restrictions on fishery products**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Articles 176 and 363 thereof,

Having regard to the proposal from the Commission,

Whereas the Act of Accession provides that Spain and Portugal may maintain, for a specific period, quantitative restrictions applicable to the import of certain fishery products from third countries;

Whereas the limits and conditions for maintaining such quantitative restrictions in Spain and Portugal should be fixed, within the framework of general Community rules;

Whereas, with a view to the application of the said quantitative restrictions, an annual import quota should be set for each product concerned; whereas, because imports of a given product are spread unevenly over the year, the annual quota set for each product should be divided into quarterly instalments which can be reviewed if necessary;

Whereas the grant of a licence, involving a system of deposits, by each of the new Member States prior to any import into its territory is likely to facilitate monitoring of the imports concerned; whereas, to take account of the experience acquired by the new Member States in managing a system of import licences for fishery products, those States should be allowed to define certain detailed rules relating to the issue of such licences;

Whereas, to enable the quantities imported during each quarter to be managed properly, it is necessary to specify the measures to be taken where the sum of quantities imported, or the quantities which are the subject of a licence application, does not correspond to the instalment fixed for the quarter in question,

HAS ADOPTED THIS REGULATION:

Article 1

This Regulation lays down rules for applying the quantitative restrictions provided for in Articles 176 and 363 of the Act of Accession.

Article 2

1. For the purpose of applying the quantitative restrictions referred to in Article 1, annual import quotas shall

be set before the beginning of each marketing year, in accordance with the procedure laid down in Article 33 of Council Regulation (EEC) No 3796/81 of 28 December 1981 on the common organization of the market in fishery products⁽¹⁾, as last amended by Regulation (EEC) No 3655/84⁽²⁾. When they are set, the abovementioned quotas shall be divided into four quarterly instalments.

2. The quotas shall be set for each of the new Member States and for each product concerned, on the basis of:

- the average level of imports of the product in question into Spain and Portugal over the last three years for which statistics are available,
- the general market situation for the product in question,
- the progressive opening of these markets resulting in particular from the negotiations with third countries.

3. The volume of quotas and their division into quarterly instalments may be reviewed in the course of the year in accordance with the procedure referred to in paragraph 1.

Article 3

1. Any import into Spain and Portugal of the products referred to in Articles 176 (1) and 363 (1) of the Act of Accession must be effected under an import licence issued in advance by the competent agency of the importing Member State, for each of the quarters referred to in Article 2 (1). A single licence shall be issued for each transaction.

Licences shall be issued on application by the importer, within five working days of the lodging of the application.

Licences shall not be transferable.

2. The issuing of the import licence shall be subject to the lodging of a deposit as a guarantee of the undertaking to import during the period of validity of the licence; the deposit shall be forfeited in whole or in part if, within that period, the operation is not carried out, or is carried out only partially. The arrangements for applying this paragraph shall be laid down in accordance with the procedure laid down in Article 2 (1).

⁽¹⁾ OJ No L 379, 31. 12. 1981, p. 1.

⁽²⁾ OJ No L 340, 28. 12. 1984, p. 1.

3. An import licence shall be valid only for the products for which it was issued and shall confer the right to import, under the licence and during its period of validity, the net quantity of product specified, from the country or group of countries mentioned on the licence, in accordance with paragraph 5.

4. Import licences shall be valid for a period of 60 days from their date of issue.

5. The importing Member State shall lay down detailed rules relating to the grant of import licences and shall in particular determine the maximum quantity which may be covered by each licence, which, in the case of quotas of a volume of more than 100 tonnes per quarter, may not exceed 5 % of the overall import quotas.

However, applications for licences as referred to in paragraph 1 must contain at least the following information, which must be included on the licence :

- (a) the name and address of the importer ;
- (b) a precise description of the product, in particular :
 - the usual commercial name,
 - the description under the Common Customs Tariff nomenclature,
 - the country of origin ;
- (c) the quantity of the product in tonnes ;
- (d) the value of the product, expressed as the cif price ;
- (e) the probable date and place of import.

6. The Member States concerned shall notify the Commission of the procedures which they intend to take under paragraph 5. Should there be no observations forthcoming from the Commission within a period of one month, the procedures proposed shall be deemed to have been accepted.

Article 4

1. If, for a given product, actual imports in the course of a quarter are less than the instalment laid down for that quarter, the unused quantities shall be carried forward to the following quarter of the same year.

2. If, for a given product, the licence applications for a quarter exceed the instalment laid down for that quarter, the Member States concerned must suspend the issue of

import licences for all quantities in excess of the instalment fixed for the quarter in question. However, licence applications which are refused may give rise to licences being issued for the following quarter of the same year.

Article 5

1. When the product is placed in free circulation, the import licence shall be stamped by the competent customs service, which shall enter or certify on the said licence the net quantity actually imported thereunder.

2. For the purpose of monitoring the quantities imported, the importer shall without delay send a copy of the licence referred to in paragraph 1 to the competent agency which issued him the licence.

3. The importing Member State shall notify to the Commission, within the first 10 days of the end of each quarter, by product and country of provenance :

- the overall quantity and value of the products which were the subject of applications for import licences in the preceding quarter,
- the quantity and value of the products actually imported in the preceding quarter.

Article 6

This Regulation shall apply to all imports from third countries into Spain and Portugal without prejudice to the protocols to be concluded with preferential third countries pursuant to Articles 179 (1) and 366 (1) of the Act of Accession, or, in the absence of such protocols, to the autonomous transitional measures referred to in Articles 180 and 367 of the said Act.

Article 7

When the quantitative restrictions do not apply for a whole calendar year, special provisions for any reduction of the initial quota shall be drawn up according to the procedure referred to in Article 2 (1).

Article 8

This Regulation shall enter into force on 1 March 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 366/86

of 19 February 1986

laying down transitional measures concerning imports of dried grapes, certain Morello cherries and provisionally-preserved raspberries originating in Spain and Portugal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Articles 90 (1) and 257 (1) thereof,

Whereas Article 4a of Council Regulation (EEC) No 516/77 of 14 March 1977 on the common organization of the market in products processed from fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 3768/85⁽²⁾, introduced import arrangements for dried grapes; whereas Commission Regulation (EEC) No 1626/85⁽³⁾, as last amended by Regulation (EEC) No 2752/85⁽⁴⁾ and Commission Regulation (EEC) No 67/86⁽⁵⁾, laid down similar arrangements in the form of protective measures applicable to imports of certain Morello cherries and of provisionally-preserved raspberries;

Whereas, in the case of the abovementioned dried grapes, Morello cherries and raspberries, the forthcoming implementation of the arrangements provided for under the common organization of the market in products processed from fruit and vegetables and the Act of Accession on 1 March 1986 may encourage certain traders to store these products speculatively in Spain and Portugal before that date; whereas such speculative practices are liable to cause marked difficulties in the Community in the market in these products; whereas verification of whether or not the date of release for free circulation fell before 1 March is likely to prove difficult; whereas the

import arrangements introduced should therefore also be made applicable to products released for free circulation in Spain or Portugal and then re-exported to one of the ten other Member States;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Products Processed from Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

The measures provided for in Article 4a of Regulation (EEC) No 516/77 in respect of dried grapes, those provided for in Regulation (EEC) No 1626/85 in respect of certain Morello cherries and those provided for in Regulation (EEC) No 67/86 in respect of provisionally-preserved raspberries shall apply to products released for free circulation in Spain and Portugal and re-exported to the Community as constituted on 31 December 1985.

Article 2

This Regulation shall enter into force on 1 March 1986.

It shall apply until 31 December 1986 in respect of release for home use of the products in question in the Community as constituted from 31 December 1985.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 368/86

of 19 February 1986

laying down detailed rules for the implementation of Council Regulation (EEC) No 231/86 on the transfer to Italy of 300 000 tonnes of common wheat held by the United Kingdom intervention agency for disposal in animal feed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 3793/85⁽²⁾,

Having regard to Council Regulation (EEC) No 729/70 of 21 April 1970 on the financing of the common agricultural policy⁽³⁾, as last amended by Regulation (EEC) No 870/85⁽⁴⁾,

Having regard to Council Regulation (EEC) No 231/86 of 27 January 1986 on the transfer of 300 000 tonnes of common wheat held by the United Kingdom intervention agency to Italy for disposal in animal feed⁽⁵⁾, and in particular Article 1 (6) thereof,

Whereas pursuant to Regulation (EEC) No 231/86 the United Kingdom intervention agency is to make available to the Italian intervention agency 300 000 tonnes of common wheat that is to be moved to specified areas for the purpose of its being used in animal feed; whereas implementing provisions for this measure should be adopted;

Whereas pursuant to Article 1 (2) of the said Regulation the regions of Italy to which the common wheat is to be moved should be determined; whereas there is a shortage of feed grain throughout Italy except in Veneto and Friuli-Venezia Giulia; whereas it should therefore be specified that the wheat is to be distributed to all Italian ports with grain storage facilities apart from those located in the two abovementioned regions;

Whereas the Italian intervention agency must be quickly informed of the storage locations of the wheat to be transferred; whereas this information and the Italian storage locations must be notified to the Commission so that it can assess the cost of the transfer operation;

Whereas transportation of the wheat to Italy should be put out to tender so that it can be done as cheaply as possible;

Whereas the provisions of Council Regulation (EEC) No 1055/77 of 17 May 1977 on the storage and movement of

products bought in by an intervention agency⁽⁶⁾ and of Commission Regulation (EEC) No 1722/77 of 28 July 1977 laying down common detailed rules for the application of Regulation (EEC) No 1055/77 on the storage and movement of products bought in by an intervention agency⁽⁷⁾, as last amended by Regulation (EEC) No 3476/80⁽⁸⁾, will apply to this transfer operation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. Pursuant to Regulation (EEC) No 231/86 the United Kingdom intervention agency shall make available to the Italian intervention agency 300 000 tonnes of common wheat for use in animal feed.

2. The wheat is to be transferred to Italian ports with grain storage facilities except those located in Veneto and in Friuli-Venezia Giulia.

3. Before the transport operation is commenced the United Kingdom and Italian intervention agencies shall note the characteristics of the wheat and agree on the selection of storage, departure and destination locations that will reduce transport costs to the minimum and also the dates of removal of the wheat, in accordance with the provisions of Article 1 (2) of Regulation (EEC) No 231/86. Lists of these locations shall be sent to the Commission immediately.

Article 2

1. The Italian intervention agency shall take delivery of the common wheat when it is loaded on the means of transport at the storage location of the United Kingdom intervention agency and shall assume responsibility for it from that moment.

The United Kingdom intervention agency shall keep the Italian intervention agency informed as to quantities of wheat removed.

⁽⁸⁾ OJ No L 363, 31. 12. 1980, p. 71.

2. The cost of transporting the wheat shall be determined by the Italian intervention agency by means of a tendering procedure. The cost shall include:

- (a) that of the actual transport (excluding loading) from the storage location of departure to the storage location of destination (excluding unloading); and
- (b) the cost of insurance cover for the purchase price of the wheat, determined as specified in Articles 1 and 3 of Commission Regulation (EEC) No 2124/85⁽¹⁾.

3. The invitation to tender may invite offers for the transport of a single or of several consignments.

4. The Italian intervention agency shall, conforming to the provisions of this Regulation, decide on the terms and conditions to be set out in the invitation to tender. These must provide for the lodging of security guaranteeing successful completion of the operations covered by the invitation and must allow the lodging of tenders by telex.

They must also ensure equality of access and of treatment to all interested parties whatever their place of establishment in the Community. To this end the intervention agency, after signing the decision to open the tendering procedure, shall notify the Commission of the date on which the invitation is to be opened. This information

shall be immediately published in the *Official Journal of the European Communities* and a period of five working days from the date of publication allowed for the submission of tenders to the Italian intervention agency.

Tenders lodged with the Italian intervention agency shall be made and accepted in Italian lire.

5. The contract shall be awarded to the tenderer offering the best terms.

If, however, tenders are not in line with normal prices and costs, no awards shall be made.

6. The Italian intervention agency shall keep the Commission informed of the progress of the tendering procedure operations and shall immediately notify the outcome both to the Commission and to the United Kingdom intervention agency.
