COMMISSION REGULATION (EEC) No 398/86

of 19 February 1986

fixing the amount of the additional aid for dried fodder set provisionally since
1 December 1984

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1117/78 of 22 May 1978 on the common organization of the market in dried fodder ⁽¹⁾, as last amended by Regulation (EEC) No 3768/85 ⁽²⁾, and in particular Article 5 (3) thereof,

Whereas by Regulations (EEC) No 3364/84 ⁽³⁾, (EEC) No 3704/84 ⁽⁴⁾, (EEC) No 263/85 ⁽⁵⁾, (EEC) No 526/85 ⁽⁶⁾, (EEC) No 838/85 ⁽⁷⁾, (EEC) No 1118/85 ⁽⁸⁾, (EEC) No 1441/85 ⁽⁹⁾, (EEC) No 1786/85 ⁽¹⁰⁾, (EEC) No 2171/85 ⁽¹¹⁾, (EEC) No 2467/85 ⁽¹²⁾, (EEC) No 2746/85 ⁽¹³⁾, (EEC) No 3044/85 ⁽¹⁴⁾ and (EEC) No 3362/85 ⁽¹⁵⁾, the Commission provisionally set the amount of the aid for dried fodder; whereas this provisional fixing was necessitated by the absence of Regulations fixing the guide prices for dried fodder and the threshold price for barley for the 1985/86 marketing year;

Whereas by Regulation (EEC) No 1315/85 ⁽¹⁶⁾, the Council fixed the flat-rate production aid and the guide price for dried fodder for the 1985/86 marketing year;

Whereas Commission Regulation (EEC) No 2124/85 of 26 July 1985 on precautionary measures in the cereals sector other than durum wheat ⁽¹⁷⁾ set the price to be used

in certain calculations that involve the threshold price for barley, and also the monthly increases in that price; whereas for the purpose of fixing the additional aid for dried fodder the same figures should be used;

Whereas the figures arrived at on the above basis are such that the amounts set provisionally must be altered,

HAS ADOPTED THIS REGULATION:

Article 1

The aid amounts set provisionally for dried fodder in the Annexes to Regulations (EEC) No 3364/84, (EEC) No 3704/84, (EEC) No 263/85, (EEC) No 526/85, (EEC) No 838/85, (EEC) No 1118/85, (EEC) No 1441/85, (EEC) No 1786/85, (EEC) No 2171/85, (EEC) No 2467/85, (EEC) No 2746/85, (EEC) No 3044/85 and (EEC) No 3362/85 are, from the date of the entry into force of each of these Regulations, replaced by the amounts annexed hereto.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

COMMISSION REGULATION (EEC) No 399/86

of 20 February 1986

fixing the quantity of young male bovine animals which may be imported on special terms in the first quarter of 1986

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 3768/85⁽²⁾, and in particular Articles 13 (4), 15 (2) and 25 thereof,

Whereas the Council has established an estimate of 175 000 head under the new import arrangements for young male bovine animals for fattening, for the period 1 January to 31 December 1986; whereas, under Article 13 (4) (a) of Regulation (EEC) No 805/68, the quantity which may be imported each quarter and the rate of reduction of the import levy on these animals must be determined;

Whereas detailed rules for the practical application of the special arrangements were laid down in Commission Regulation (EEC) No 612/77⁽³⁾, as last amended by Regulation (EEC) No 411/84⁽⁴⁾, and in Regulation (EEC) No 2377/80⁽⁵⁾, as last amended by Regulation (EEC) No 3815/85⁽⁶⁾;

Whereas the supply requirements of certain regions of the Community which have a serious deficit in bovine animals for fattening must be taken into account; whereas these requirements are apparent in Italy and in Greece and may be estimated for the first quarter of 1986 at 38 000 head and 5 800 head respectively in those Member States;

Whereas the supply requirements in young bovine animals for fattening justify, for the first quarter of 1986, a higher rate of reduction of the levy for animals weighing from 220 to 300 kilograms per head, originating in and coming from Yugoslavia;

Whereas the partial reduction of the levy is intended to help improve cattle rearing and beef and veal production

structures in Italy and in Greece; whereas appropriate measures must therefore be taken to ensure that producers can, as far as possible, benefit directly from the arrangements without traditional trade being excluded; whereas this objective can be achieved by giving agricultural producers and their organizations priority when issuing the licences conferring entitlement to benefit from the arrangements;

Whereas, according to Article 9 (1) of Regulation (EEC) No 2377/80, the applicant shall undertake either to carry out himself or to have carried out under his responsibility, the task of fattening; whereas, in the case of agricultural producers or their professional organization, it appears that the opportunity given to the applicant not to carry out himself the task of fattening could give rise to abuses in certain cases; whereas it seems appropriate consequently to abolish that opportunity for the quarter in question;

Whereas, in the case of import licence applications made by agricultural producers or their professional organizations, or the traditional trade, it is necessary, in order to permit a more equitable distribution of the quantities available, to limit the maximum quantity which each application may cover;

Whereas, pursuant to Article 394 of the Act of Accession of Spain and Portugal, application to the new Member States of the Community rules introduced for the production of and trade in agricultural products and for trade in certain processed agricultural products is postponed;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the period 1 January to 31 March 1986, the maximum quantity referred to in Article 13 (4) (a) of Regulation (EEC) No 805/68 shall be 44 400 head of young male bovine animals for fattening, of a live weight of 300 kilograms or less, of which 38 000 head must be imported into and fattened in Italy and 5 800 head must be imported into and fattened in Greece.

Article 2

1. In the case of the quantity referred to in Article 1 (5) (a) and (6) (a):

- (a) notwithstanding Article 9 (1) (d) of Regulation (EEC) No 2377/80, the applications for import licences lodged:

- by agricultural producers, directly or through their professional organizations, shall be acceptable only if the agricultural producers undertake in writing to fatten on their farms the young bovine animals imported under this Regulation,

- by professional organizations, shall be acceptable only if they undertake in writing to have the young bovine animals imported under this Regulation fattened on the farms of those who are found to be members of the said organizations at the time the declaration referred to in Article 1 (1) (d) of Regulation (EEC) No 612/77 is made;

- (b) applications for import licences may not cover more than 100 head when made by individual applicants or more than 100 head per member when made by professional organizations. The total quantity applied for by a professional organization may not, however, exceed 2 500 head.

2. In the case of the quantity referred to in Article 1 (5) (b) and (6) (b), applications for import licences may not cover more than 10 % of that quantity.

3. Without prejudice to Article 1 (3) of Regulation (EEC) No 612/77, the security there referred to shall not

be released, in whole or in part, unless proof is provided to the competent authorities of the Member State in question that the undertaking in paragraph 1 (a) has been complied with.

Article 3

Vice-President

COMMISSION REGULATION (EEC) No 400/86

of 21 February 1986

on the application of a special intervention measure for common wheat of bread-making quality

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 3793/85 ⁽²⁾, and in particular the first subparagraph of Article 8 (4) thereof,

Whereas there are at present considerable stocks of common wheat of bread-making quality without any foreseeable outlets in the near future; whereas this situation is threatening to undermine the stability of the market in that product; whereas, consequently, in accordance with Article 8 of Regulation (EEC) No 2727/75, provision should be made for the application of special intervention measures consisting of the purchase of common wheat of a quality to be determined;

Whereas such purchases will be made in accordance with the provisions of Commission Regulation (EEC) No 1629/77 of 20 July 1977 laying down detailed rules of application for special intervention measures to support the development of the market in common wheat of bread-making quality ⁽³⁾, as last amended by Regulation (EEC) No 2215/84 ⁽⁴⁾;

Whereas, however, the situation of the market in common wheat of bread-making quality is characterized by differing price levels and disposal possibilities in the various Member States; whereas this situation justifies the fixing of maximum quantities that may be accepted into intervention in the individual Member States;

Whereas purchases should be made in accordance with Articles 1 and 2 of Council Regulation (EEC) No 2738/75 of 29 October 1975 laying down general rules for intervention on the market in cereals ⁽⁵⁾;

Whereas, since the quantities to be purchased are limited, measures must be applied to ensure that bona fide offers are made to the intervention agencies; whereas, to this end, provision should be made for the lodging, at the time when offers are submitted, of a security which will be forfeit if the offer is withdrawn or if the offer relates to a quality inferior to the minimum quality or if the offer does not correspond to a quantity actually held in store by the offerer;

Whereas, furthermore, since the quantities to be purchased are limited, a procedure must be applied by the

Member States to ensure that offers accepted do not exceed the quantitative limits imposed; whereas, this procedure must provide in particular for the fixing of a percentage reduction to be applied if the volume of offers exceeds the limits imposed;

Whereas, the cost of testing and transporting goods offered is borne by the person making the offer; whereas this cost may prove excessive when, after the percentage reduction laid down is applied, the quantity eligible for purchase is below the minimum tonnage provided for in Article 5 (1) of Regulation (EEC) No 1629/77; whereas, in order to mitigate any disadvantages which could arise therefrom, the persons who have made offers should be authorized to withdraw the offers for the quantities in question without impairing their rights to the release of the security; whereas, however, the quantities withdrawn in this way should not be allocated to the other persons who submitted offers;

Whereas, in view of the qualitative requirements laid down, for the purpose of applying the special intervention measure, a difference of 5 % should be adopted between the price for common wheat of the quality taken into consideration and the price determined in accordance with Article 1 of Commission Regulation (EEC) No 2124/85 ⁽⁶⁾;

Whereas the Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. The intervention agencies of the Member States listed below shall purchase, under the conditions laid down in this Regulation and in accordance with Articles 4 (3) and 5 of Regulation (EEC) No 1629/77, the quantities of common wheat of bread-making quality presented to them which show the following additional characteristics:

- a protein content ($N \times 5,7$) in dry matter, of not less than 11 %,
- a Hagberg falling number of at least 200, including the preparation (agitation) time of 60 seconds,
- a dough obtained from this wheat which is considered as not sticking during the mechanical kneading process within the meaning of Article 2 of Regulation (EEC) No 1955/81 ⁽⁷⁾.

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1018/84⁽²⁾, and in particular Article 12 (2) thereof,

Whereas Council Regulation (EEC) No 3035/80 of 11 November 1980 laying down general rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex II to the Treaty, and the criteria for fixing the amount of such refunds⁽³⁾, as last amended by Regulation (EEC) No 1982/85⁽⁴⁾, provides that the rate of refunds for goods falling within heading No 19.03 of the Common Customs Tariff may be differentiated according to their destination; whereas from 19 July to 1 November 1985, the goods in question were subject to a different rate of refund when exported to the United States or Canada than when exported to other non-member countries; whereas Canada was included in this measure on account of its special trading relations with the United States; whereas importing conditions in the United States were modified on 1 November 1985 to an extent that justifies restoring fair terms of competition for exporters on the market of these two non-member countries where the goods exported are entered for consumption therein after 1 November 1985;

Whereas the measures laid down in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

1. Goods falling within heading No 19.03 of the Common Customs Tariff and entered for consumption in the United States or Canada after 1 November 1985 and for which the refund was fixed in advance between 19 July and 31 October 1985 shall be eligible for the rate of refund applicable to other non-member countries in force on the day the application for advance fixing certificates was lodged.

2. Goods falling within heading No 19.03 of the Common Customs Tariff and entered for consumption in the United States or Canada after 1 November 1985 and for which the refund was not fixed in advance shall be eligible for the rate of refund applicable to other non-member countries in force on the day the goods were exported.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 November 1985.

COMMISSION OF THE EUROPEAN COMMUNITIES

INVESTMENT IN THE COMMUNITY COALMINING AND IRON AND
STEEL INDUSTRIES

1984 Survey

This report has been prepared on the basis of the results of the 1984 survey of investments in the Community coal and steel industries. The survey, which is conducted annually, collects information on actual and forecast capital expenditure and production potential of coal and steel enterprises.

The introductory chapter summarizes the results of the survey and the conclusions on them. Subsequent chapters of the report examine in detail the results of the survey for each producing sector, namely:

- (i) the coalmining industry;
- (ii) coking plants;
- (iii) iron-ore mines;
- (iv) iron and steel industry.

The annex to the report contains a statement of the definitions under which the survey was carried out, together with tables giving a complete analysis of the results of the survey, including tables of capital expenditure and production potential by region and by category of plant for all sectors and categories of coal and steel products falling within the ECSC Treaty.
