COUNCIL REGULATION (EEC) No 1449/86

of 13 May 1986

amending Regulation (EEC) No 1418/76 on the common organization of the market in rice

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Having regard to the opinion of the Economic and Social Committee ⁽³⁾,

Whereas, pursuant to Article 15 (1) of Regulation (EEC) No 1418/76 ⁽⁴⁾ as last amended by Regulation (EEC) No 1007/86 ⁽⁵⁾, the threshold price for broken rice is calculated by reference to the threshold price for maize applicable for the first month of the marketing year;

Whereas Article 5 (1) of Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽⁶⁾, as last amended by Regulation (EEC) No 1355/86 ⁽⁷⁾, lays down that the threshold price for maize operative in March shall apply

for July, August and September of the following marketing year; whereas the method of calculating the threshold price for broken rice should therefore be adjusted.

HAS ADOPTED THIS REGULATION:

Article 1

Article 15 (1) of Regulation (EEC) No 1418/76 is hereby replaced by the following:

'1. A threshold price for broken rice shall be fixed for the Community each year for the following marketing year, at a level between 130 and 140 % of the threshold price for maize applicable for the said marketing year, not incorporating the monthly increases.'

Article 2

COUNCIL REGULATION (EEC) No 1450/86

of 13 May 1986

fixing rice prices for the 1986/87 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the Act of Accession of Spain and of Portugal, and in particular Article 89 (1) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1449/86 ⁽²⁾, and in particular Article 3 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Having regard to the opinion of the Economic and Social Committee ⁽⁵⁾,

Whereas the markets and prices policy, based on modern farms, is the main instrument of the incomes policy in agriculture; whereas full advantage cannot be drawn from such a policy unless it is integrated into the common agricultural policy as a whole, including a dynamic social and structural policy and the application of the rules on competition contained in the Treaty;

Whereas the intervention price for paddy rice must be fixed at a rate which takes simultaneous account of the policy in respect of rice production, of the uses to which it is put and of the improvement of farm incomes;

Whereas the target price for husked rice must be derived from the intervention price for paddy rice, in accordance with the criteria set out in Article 4 (3) of Regulation (EEC) No 1418/76;

Whereas, for the products referred to in this Regulation, the application of the criteria for the fixing of the different prices and the application of the measures provided for in respect of the exchange rates to be applied in agriculture entail fixing those prices at the levels indicated below;

Whereas, under Article 68 of the Act of Accession of Spain and Portugal, prices in Spain have been set at a level differing from that of the common prices; whereas pursuant to Article 70 (1) of the Act these prices should be aligned with the common prices in annual steps at the beginning of each marketing year; whereas the rules on this alignment laid down give the Spanish prices set below,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1986/87 marketing year, rice prices shall be as follows:

- I. Community of Ten:
 - (a) intervention price, paddy rice: 314,19 ECU per tonne;
 - (b) target price, husked rice: 548,37 ECU per tonne.
- II. Spain:
 - (a) intervention price, paddy rice: 258,00 ECU per tonne;
 - (b) target price, husked rice: 548,37 ECU per tonne.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 September 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1451/86

of 13 May 1986

fixing the monthly price increases for paddy rice and husked rice for the 1986/87 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1449/86 ⁽²⁾, and in particular Article 7 (2) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas, when the number and amount of the monthly increases and the first month during which these increases are to apply are fixed, account should be taken of the storage costs and financing charges for storing rice in the Community and of the need to ensure that the disposal of stocks of rice conforms to market requirements,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1986/87 marketing year, the amount of each of the monthly increases provided for in Article 7 (1) of Regulation (EEC) No 1418/76 shall be as follows:

- 3,30 ECU per tonne for the intervention price,
- 4,12 ECU per tonne for the target price.

2. These monthly increases shall apply from 1 October 1986 to 1 July 1987, the prices thus obtained for July 1987 remaining valid until 31 August 1987.

Article 2

It shall apply from 1 September 1986.

COUNCIL REGULATION (EEC) No 1452/86

of 13 May 1986

fixing, for the 1986/87 marketing year, certain sugar prices and the standard quality of beet

THE COUNCIL THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the market in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 934/86 ⁽²⁾, and in particular Articles 2 (3), 3 (4) and 4 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when sugar prices are fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community intends to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are in particular to ensure a fair standard of living for the agricultural community, to assure the availability of supplies and ensure that they reach consumers at reasonable prices;

Whereas, in order to attain these objectives, the target price for sugar must be fixed at a level which, taking into account in particular the resultant level of the intervention price, ensures a fair remuneration for beet and sugar cane producers while at the same time respecting consumers' interests, and which is likely to maintain the balance between the prices of the principal agricultural products;

Whereas, as a result of the characteristics of the sugar market, the risks involved in this trade are relatively slight; whereas, consequently, when the intervention price for sugar is being fixed, the difference between the target price and the intervention price may be fixed at a relatively low level;

Whereas the basic price for beet must take account of the intervention price and of the costs of processing and delivering the beet to factories and be based on an estimated Community yield of 130 kilograms of white sugar per tonne of beet a 16 % sugar content;

Whereas the intervention prices for white sugar and the beet prices applicable in Spain and Portugal are fixed by specific provisions,

HAS ADOPTED THIS REGULATION:

Article 1

1. The target price for white sugar shall be 57,03 ECU per 100 kilograms.

2. The intervention price for white sugar shall be 54,18 ECU per 100 kilograms for the non-deficit areas of the Community with the exception of Spain.

Article 2

The basic price for beet, applicable in the Community with the exception of Spain and Portugal, shall be 40,89 ECU per tonne delivered at the collection centre.

Article 3

Standard quality beet shall:

- (a) be of sound and fair merchantable quality;
- (b) have a sugar content of 16 % at the reception point.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply for the 1986/87 marketing year.

COUNCIL REGULATION (EEC) No 1453/86

of 13 May 1986

fixing, for the 1986/87 marketing year, the derived intervention prices for white sugar, the intervention price for raw sugar, the minimum prices for A and B beet, the threshold prices, the amount of compensation for storage costs and the prices to be applied in Spain and Portugal

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 89 (1) and Article 234 (2) thereof,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 934/86 ⁽²⁾, and in particular Article 3 (5), Article 5 (5), Article 8 (4) and Article 14 (5) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Whereas Council Regulation (EEC) No 1452/86 of 13 May 1986 fixing, for the 1986/87 marketing year, certain sugar prices and the standard quality of beet ⁽⁴⁾, fixed the intervention price for white sugar at 54,18 ECU per 100 kilograms;

Whereas Article 3 (1) of Regulation (EEC) No 1785/81 provides that derived intervention prices for white sugar are to be fixed for each of the deficit areas; whereas, for such fixing, it is appropriate that account be taken of the regional variations which, given a normal harvest and free movement of sugar, might be expected to occur in the price of sugar under natural conditions of price formation on the market;

Whereas a deficit supply situation is to be foreseen in the areas of production in Italy, Ireland and the United Kingdom;

Whereas Article 3 (5) of Regulation (EEC) No 1785/81 provides that an intervention price for raw sugar shall be fixed; whereas such price should be established on the basis of the intervention price for white sugar;

Whereas Regulation (EEC) No 1452/86 fixed the basic price for beet at 40,89 ECU per tonne; whereas Article 5 (2) of Regulation (EEC) No 1785/81 provides that the minimum price to be fixed for A beet shall be 98 % of the basic price of the beet and the minimum price to be fixed for B beet shall in principle be 68 % of the said basic price;

Whereas Article 14 (2) of Regulation (EEC) No 1785/81 provides that the threshold price for white sugar shall be equal to the target price, plus costs, calculated at a flat rate, of transport from the Community area having the largest surplus to the most distant deficit consumption area in the Community, plus a flat-rate amount which takes into account the storage levy; whereas, given the state of supplies within the Community, account should be taken of transport charges between the departments of northern France and Palermo;

Whereas the threshold price for raw sugar is to be derived from the threshold price for white sugar by reference to a processing margin and a standard yield;

Whereas the threshold price for molasses should be fixed in such a way that the receipts from sales of molasses may reach the level of receipts of undertakings taken into account in the fixing of basic prices for beet;

Whereas Article 5 of Regulation (EEC) No 1358/77 ⁽⁵⁾ provides that the amount of repayment in the context of the compensation for storage costs shall be fixed per month and per unit of weight, taking account of financing, insurance and specific storage costs;

Whereas, when fixing the prices to be applied in Spain and Portugal, the prices fixed for those Member States for the period from 1 March to 30 June 1986 should be aligned with the common prices in accordance with Articles 70 and 238 of the Act of Accession;

Whereas intervention prices for white sugar and beet prices in Spain and Portugal are fixed by specific provisions,

 - 47,98 ECU per tonne for the basic price,

COUNCIL REGULATION (EEC) No 1454/86

of 13 May 1986

amending Regulation No 136/66/EEC on the common organization of the market in oils and fats

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Having regard to the opinion of the Economic and Social Committee ⁽³⁾,

Whereas the varieties of colza and rape seed with a low glucosinolate content, known as 'double zero' varieties, provide oilcakes more suitable for the feeding of animals than those obtained from traditional varieties; whereas the production of 'double zero' seeds in the Community should therefore be encouraged;

Whereas that aim may be reached by providing for the fixing of a supplement to the target and intervention prices; whereas, therefore, Council Regulation No 136/66/EEC ⁽⁴⁾, as last amended by Regulation (EEC) No 3768/85 ⁽⁵⁾, should be amended accordingly;

Whereas the guarantee threshold arrangements for colza, rape and sunflower seeds as referred to in Article 24a of Regulation No 136/66/EEC, have not enabled the anticipated results to be obtained; whereas the said arrangements should be altered and, on the one hand, the amount of aid and the intervention buying-in price should be reduced within certain limits if the estimated quantities exceed the maximum quantities laid down for the current marketing year and, on the other hand, the maximum quantities of the following marketing year should be adjusted if the quantities actually produced turn out to be different from the estimated quantities,

Article 1

Regulation No 136/66/EEC is hereby amended as follows:

1. Article 24a shall read:

'Article 24a

1. For colza and rape seed of the "double zero" varieties the target and intervention prices shall, for the 1986/87 and subsequent marketing years, be increased by a supplement.

2. The amount of the supplement shall be fixed in such a way as to improve the Community's supply of "double zero" seeds.

This amount shall be fixed by the Council at the same time and in accordance with the same procedure as the target and intervention prices.

3. The detailed rules for the application of this Article, more especially the conditions with which seeds must comply in order to qualify as "double zero" varieties, shall be adopted in accordance with the procedure laid down in Article 38.;

2. The last sentence of the first subparagraph of Article 26 (1) shall read:

'Without prejudice to Article 27a, buying shall be at intervention price and at that price only.');

3. Article 27 (1) shall be replaced by the following:

'1. If the target price for a type of seed is higher than the world market price determined as specified in Article 29, aid shall be granted for seed harvested and processed in the Community. Subject to exceptions decided on under paragraph 3 and without prejudice to Article 27a, the aid shall be the difference between these prices.

The aid to be granted for "double zero" colza and rape seed shall be determined on the basis of the target price increased by the supplement provided for in Article 24 (a).';

⁽⁵⁾ OJ No L 362, 31. 12. 1985, p. 8.

4. The following Article shall be inserted:

Article 27a

1. The Council, acting in accordance with the procedure laid down in Article 43 (2) of the Treaty, shall fix, for each marketing year beginning with 1986/87, maximum guaranteed quantities for Community colza and rape seed and Community sunflower seed.
2. The maximum guaranteed quantities for colza, rape and sunflower seed shall be determined on the basis of production during a reference period and the forward estimate of demand.
3. If production of colza, rape or sunflower seed estimated before the beginning of the marketing year exceeds the maximum guaranteed quantity for the seed concerned and for the year in question, the amount of the aid shall be reduced by the effect on the target price of a coefficient obtained by dividing the estimated quantity exceeding the maximum guaranteed quantity by the estimated quantity. This reduction in the amount of the aid may not exceed 5 % of the target price.

Where application of the first subparagraph to actual production instead of to the production estimated at the beginning of the marketing year would have resulted in a different reduction in the amount of the aid from that actually applied, the maximum guaranteed quantity for the following marketing year shall be adjusted to take account of that situation.

4. Should paragraph 3 be applied, the intervention buying-in price shall be reduced by the same amount as that by which the aid has been reduced.

5. The procedure laid down in Article 38 shall be used for the adoption of provisions for the implementation of this Article.'

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply:

- from 1 July 1986 for colza and rape seed,
- from 1 August 1986 for sunflower seed.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1459/86

of 13 May 1986

fixing the production target price, the production aid and the intervention price for olive oil for the 1986/87 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 89 (1) thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 1454/86 ⁽²⁾, and in particular Articles 4 (4), 5 (1) and 20 (d) (1) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Having regard to the opinion of the Economic and Social Committee ⁽⁵⁾,

Whereas, when the production target price for olive oil is fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the target price referred to above must be fixed in accordance with the criteria laid down in Articles 4 and 6 of Regulation No 136/66/EEC;

Whereas, if the producer is to receive a fair income, production aid must be fixed in the light of the impact which the consumption aid has on part only of the production;

Whereas the intervention price must be fixed in accordance with the criteria laid down in Article 8 of Regulation No 136/66/EEC;

Whereas under Articles 68 and 236 of the Act of Accession the olive oil intervention price set in each of

Whereas Articles 95 and 293 of the Act of Accession provide for the granting of Community aid for the production of olive oil in Spain and in Portugal; whereas pursuant to Articles 79 and 246 of that Act the amounts of this aid should be aligned at the beginning of the marketing year;

Whereas the production target price and the intervention price are fixed for a specific standard quality; whereas the reasons which led to the determination of the standard quality for the 1981/82 marketing year are still valid; whereas that standard quality should therefore remain unchanged;

Whereas, in accordance with Article 20d (1) of Regulation No 136/66/EEC, the percentage of the production aid that may be withheld for recognized organizations of olive oil producers or associations thereof should be so fixed that the resulting amount helps to finance the expenditure incurred in the work done pursuant to Articles 5 (3) and 20c of the said Regulation; whereas the percentage should be set at a level which enables foreseeable expenditure in 1986/87 to be covered,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1986/87 marketing year, the production target price, the production aid and the intervention price of olive oil shall be as follows:

Whereas, in fixing these increases the same for each of these months, account being taken of average storage costs and interest charges in the Community, the average storage costs should be established on the basis of the cost of storing oil in the appropriate premises and of the handling required for preserving the oil in good

condition; whereas the interest charges can be calculated with reference to the average price of olive oil valid in production areas;

Having regard to the proposal from the Commission ⁽²⁾,

Whereas under Articles 68 and 236 of the Act of Accession prices in Spain and Portugal have been set at levels differing from that of the common prices; whereas pursuant to Articles 70 (1) and 238 (1) of the Act of Accession the Spanish and Portuguese prices should be aligned on the common prices each year at the beginning of the marketing year,

COUNCIL REGULATION (EEC) No 1464/86

of 13 May 1986

fixing, for the 1986/87 marketing year, the activating price for aid, the guide price and the minimum price for peas, field beans and sweet lupins

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 89 (1) and Article 234 (2) thereof,

Having regard to Council Regulation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas and field beans ⁽¹⁾, as last amended by Regulation (EEC) No 1485/85 ⁽²⁾, and in particular Article 2 (1) and (5) and Article 3 (3) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Having regard to the opinion of the Economic and Social Committee ⁽⁵⁾,

Whereas Article 2 (2) of Regulation (EEC) No 1431/82 provides that a price activating the aid for peas, field beans and sweet lupins must be fixed for soya cake at a level which, while ensuring a fair income for producers, enables peas, field beans and sweet lupins to compete normally with soya cake for use in animal feed;

Whereas this activating price for aid for peas, field beans and sweet lupins must relate to a standard quality of soya cake which is representative of the average quality sold on the Community market;

Whereas Article 2 (3) of Regulation (EEC) No 1431/82 provides that the guide price for peas and field beans for human consumption must be fixed at a level which is fair to producers, taking account of the Community's supply requirements; whereas this price must relate to a standard quality;

Whereas Article 3 of Regulation (EEC) No 1431/82 provides for the fixing of a minimum price which, allowing for market fluctuations and for the cost of transport of the products from producer to processor, enables producers to obtain a fair return;

Whereas under Articles 68 and 236 of the Act of Accession prices in Spain and Portugal have been set at levels differing from that of the common prices; whereas pursuant to Articles 70 (1) and 238 (1) of the Act of Accession the Spanish and Portuguese prices should be aligned on the common prices each year at the beginning of the marketing year,

COUNCIL REGULATION (EEC) No 1473/86

of 13 May 1986

amending Regulation (EEC) No 2759/75 on the common organization of the market in pigmeat

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community and, in particular, Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas Article 20 of Regulation (EEC) No 2759/75 ⁽³⁾, as last amended by Regulation (EEC) No 3768/85 ⁽⁴⁾, lays down that market support measures may be taken in order to take account of any restrictions imposed on the free circulation of pigmeat in consequence of measures taken in the field of veterinary or health policy; whereas the said measures are at present strictly limited to the markets affected by such restriction; whereas restrictions on imports into third countries of products from a Member State part of whose territory is affected by an epidemic may have serious consequences for all the exports of the Member State concerned; whereas the possibility of adopting market support measures in such cases should therefore be extended to the entire territory of a Member State,

HAS ADOPTED THIS REGULATION:

Article 1

Article 20 of Regulation (EEC) No 2759/75 is hereby replaced by the following:

'Article 20

In order to take account of any restrictions on intra-Community trade or trade with third countries resulting from the application of measures taken to combat the spread of animal diseases, exceptional measures may be taken to support the market affected by such restrictions, in accordance with the procedure laid down in Article 24. Such measures may be taken only in so far as and for such period as is strictly necessary for the support of that market.'

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 1474/86

of 13 May 1986

fixing the basic price and the standard quality for slaughtered pigs for the period
1 August 1986 to 31 October 1987

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat ⁽¹⁾, as last amended by Regulation (EEC) No 1473/86 ⁽²⁾, and in particular Article 4 (4) thereof,

Having regard to the proposal from the Commission ⁽³⁾,

Having regard to the opinion of the European Parliament ⁽⁴⁾,

Whereas, when the basic price for slaughtered pigs is fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are in particular to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the basic price must be fixed in accordance with the criteria laid down in Article 4 (1) of Regulation (EEC) No 2759/75 for a standard quality defined by reference to a Community scale for grading pig carcasses;

Whereas Council Regulation (EEC) No 1504/85 ⁽⁵⁾ fixed the basic price and the standard quality for pig carcasses; whereas, in that Regulation, the standard quality was defined according to Council Regulation (EEC) No 2760/75 of 29 October 1975 determining the Community scale for grading pig carcasses ⁽⁶⁾;

Whereas Regulation (EEC) No 2760/75 was repealed by Council Regulation (EEC) No 3220/84 of 13 November 1984 determining the Community scale for grading pig carcasses ⁽⁷⁾; whereas the standard carcass quality should therefore be redefined in terms of weight and percentage of lean meat determined in accordance with Regulation (EEC) No 3220/84;

Whereas, in order not to delay introduction of the new Community scale for grading pig carcasses, the date of introduction of the new standard quality should be set at 1 August 1986 and Regulation (EEC) No 1504/85 should be repealed,

HAS ADOPTED THIS REGULATION:

Article 1

For the period 1 August 1986 to 31 October 1987 the basic price for slaughtered pigs of the standard quality shall be 2 033,30 ECU per tonne.

Article 2

The standard quality shall be defined in terms of carcass weight and lean meat content, determined in accordance with Article 2 (2) and (3) of Regulation (EEC) No 3220/84, as follows:

- (a) carcasses weighing 60 to less than 100 kg (grade U);
- (b) carcasses weighing 100 to less than 130 kg (grade R);
- (c) carcasses weighing 130 to 160 kg (grade O).

Article 3

Regulation (EEC) No 1504/85 is hereby repealed.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

COUNCIL REGULATION (EEC) No 1475/86

of 13 May 1986

amending Regulations (EEC) No 2759/75, (EEC) No 2771/75 and (EEC) No 2777/75 on the common organization of the markets in pigmeat, eggs and poultrymeat and Regulations (EEC) No 2764/75, (EEC) No 2773/75 and (EEC) No 2778/75 as regards a component for calculating the import levy

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas Regulation (EEC) No 2759/75 ⁽³⁾, as last amended by Regulation (EEC) No 1473/86 ⁽⁴⁾, and Regulations (EEC) No 2771/75 ⁽⁵⁾ and (EEC) No 2777/75 ⁽⁶⁾, as last amended by Regulation (EEC) No 3768/85 ⁽⁷⁾, involve an import levy and sluice-gate price system, one of whose reference components consists of the Community prices for certain types of feed grain; whereas these prices are determined once a year for a period of 12 months beginning on 1 August, on the basis of the threshold prices for such grain and the monthly increases therein;

Whereas the marketing year for cereals will, in the future, be fixed for a period of 12 months beginning on 1 July of each year; whereas, therefore, the calculation of the import levies and the sluice-gate prices for pigmeat, eggs and poultrymeat should be based on the prices of feed grain over a similarly amended marketing year;

Whereas Regulation (EEC) No 2764/75 ⁽⁸⁾, as last amended by Regulation (EEC) No 2791/82 ⁽⁹⁾, Regulation (EEC) No 2773/75 ⁽¹⁰⁾, as last amended

by Regulation (EEC) No 2300/77 ⁽¹¹⁾, and Regulation (EEC) No 2778/75 ⁽¹²⁾, as last amended by Regulation (EEC) No 750/81 ⁽¹³⁾, stipulate that the price for each type of feed grain in the Community is to be equal to the average of the threshold prices plus the monthly price increase therein, operative for that cereal for a period of 12 months beginning on 1 August; whereas this stipulation should be transferred to the basic Regulations concerned and they should be harmonized with the new beginning of the marketing year for cereals,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 9 (1) (a) of Regulation (EEC) No 2759/75, Article 4 (1) (a) of Regulation (EEC) No 2771/75 and Article 4 (1) (a) of Regulation (EEC) No 2777/75 the second subparagraph is hereby replaced by the following:

'The prices for feed grain within the Community shall be determined once a year for a period of 12 months beginning on 1 July, on the basis of the threshold prices and the monthly increases therein. They shall be used for fixing the levy from 1 August each year.'

Article 2

Articles 2 (2) of Regulations (EEC) No 2764/75, (EEC) No 2773/75 and (EEC) No 2778/85 are hereby deleted.
