Whereas the list of free-at-frontier reference prices should be established taking particular account of trade requirements and with a view to administrative simplicity;

Whereas Article 268 (2) of the Act of Accession of Spain and Portugal provided that beginning on 1 March 1986 the customs duties applicable on wine sector products from Portugal imported into the Community as consti-

1. In the case of imported wines not enjoying preferential tariff concessions, the amounts shown in the 'Other third countries' column are applicable.
2. This increase shall be based on 9 % vol for wines of an actual alcoholic strength of less than 9 % vol and on the mean strength in each sub-division for other wines (e.g. 9,25 % vol in the case of wines with an actual alcoholic strength exceeding 9 % vol but not exceeding 9,5 % vol).

Having regard to Council Regulation (EEC) No 480/86 of 25 February 1986 laying down general rules of application of the regulatory amounts applicable to trade in certain wine sector products between the Community as constituted on 31 December 1985 and Spain⁽¹⁾, and in particular Article 11 thereof,

Whereas, in the light of the rules laid down in Regulation (EEC) No 480/86, new regulatory amounts should be fixed by reference to the prices recorded on the Spanish market and on the market of the Community as constituted at 31 December 1985;

Whereas the use of grape must and concentrated grape must in the manufacture of products other than those specified in Article 1 (2) of Regulation (EEC) No 337/79 and those falling within subheading ex 22.07 B of the Common Customs Tariff is not liable to create disturbances on the market for wine; whereas there is therefore justification for not applying the regulatory amounts on must and concentrated must intended for the manufacture of non-viticultural products; whereas non-application of the regulatory amounts calls for an administrative arrangement making it possible to check that the products in question are used as intended;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

The regulatory amounts provided for in Articles 2, 4 and 5 of Regulation (EEC) No 480/86 shall be as shown in the Annex.

Article 2

The potential alcoholic strenght of the grape must, grape juice, concentrated grape must, concentrated grape juice and rectified concentrated grape must shall be determined by applying the data from the table of equivalence in the Annex to Commission Regulation (EEC) No 2556/86⁽²⁾ to the figures provided at a temperature of 20 °C by a refractometer used in accordance with the method laid down in Annex III to Council Regulation (EEC) No 516/77⁽³⁾.

Article 3

1. Grape must and concentrated grape must shall not be subject to the collection of regulatory amounts where they are intended for the manufacture of products other than those specified in Article 1 (2) of Regulation (EEC) No 337/79 and those falling within subheading ex 22.07 B of the Common Customs Tariff.

2. To enable the end use of products as referred to in paragraph 1 to be verified, a control copy of the accompanying document shall be made out in accordance with Commission Regulation (EEC) No 1153/75⁽⁴⁾,

3. In addition, Member States shall make provision for users of the products in question to keep stock records within the meaning of Title II of Regulation (EEC) No 1153/75, showing in particular the entry and processing of grape must and concentrated grape must.

Article 4

This Regulation shall enter into force on 1 September 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 August 1986.

EUROPEAN REGIONAL DEVELOPMENT FUND

Tenth Annual Report (1984)

The ERDF, one of the Community's structural funds was set up in 1975 to correct the principal regional imbalances within the Community. ERDF aid is accordingly granted in areas and regions suffering from imbalances resulting in particular from the predominance of agriculture, industrial change and structural under-employment. Such regions, which are determined in agreement with the Member States, are generally the areas covered by national regional aid schemes, these areas being approved by the Commission in accordance with Articles 92 and 94 of the Treaty establishing the European Economic Community. The ERDF provides assistance by making grants which support and supplement national regional development efforts

**COMPÉTITION EUROPÉENNE ET COOPÉRATION ENTRE ENTREPRISES EN
MATIÈRE DE RECHERCHE-DÉVELOPPEMENT**

Les accords de coopération interentreprises dans le domaine de la recherche-développement se sont multipliés au cours des années récentes, à travers deux formes principales: le contrat de collaboration qui permet, dans une perspective de court terme et avec une structure légère, de poursuivre des objectifs limités et l'entreprise conjointe (*joint venture*) qui correspond à la constitution d'une entité nouvelle ayant ou non la personnalité juridique, mais dotée d'une large autonomie et capable d'assurer des relations plus étendues et de longue durée.

L'objet de la présente étude est d'analyser certains aspects de ces accords de coopération en recherche-développement (ACRD) dans la perspective du nouveau règlement européen qui précise les conditions dans lesquelles l'article 85 paragraphe 3 du traité de Rome leur est applicable.
