COMMISSION REGULATION (EEC) No 3205/86

of 22 October 1986

fixing the export refunds on white sugar and raw sugar exported in the natural state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 934/86⁽²⁾, and in particular point (a) of the first subparagraph of Article 19 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 766/68 of 18 June 1968 laying down general rules for granting export refunds on sugar⁽³⁾, as last amended by Regulation (EEC) No 1489/76⁽⁴⁾, provides that when refunds on white and raw sugar, undenatured and exported in the natural state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 3 of that Regulation; whereas the same Article provides that the economic aspect of the proposed exports should also be taken into account;

Whereas the refund on raw sugar must be fixed in respect of the standard quality; whereas the latter is defined in Article 1 of Council Regulation (EEC) No 431/68 of 9 April 1968 determining the standard quality for raw sugar and fixing the Community frontier crossing point for calculating cif prices for sugar⁽⁵⁾; whereas, furthermore,

this refund should be fixed in accordance with Article 5 (2) of Regulation (EEC) No 766/68; whereas candy sugar is defined in Commission Regulation (EEC) No 394/70 of 2 March 1970 on detailed rules for granting export refunds on sugar⁽⁶⁾, as amended by Regulation (EEC) No 1467/77⁽⁷⁾; whereas the refund thus calculated for aromatized sugars or for sugars with colouring added must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination;

Whereas, in special cases, the amount of the refund may be fixed by other legal instruments;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁸⁾,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas the refund must be fixed every two weeks; whereas it may be altered in the intervening period;

Whereas it follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

exported in the natural state, shall be as set out in the Annex hereto.

HAS ADOPTED THIS REGULATION :

COMMISSION REGULATION (EEC) No 3207/86

of 22 October 1986

fixing for the 1986/87 marketing year the reference price for mandarins including tangerines and satsumas, Wilkings and other similar citrus hybrids, with the exception of clementines

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1351/86⁽²⁾, and in particular Article 27 (1) thereof,

Whereas Article 23 (1) of Regulation (EEC) No 1035/72 provides that reference prices for the whole Community are to be fixed each year before the beginning of the marketing year;

Whereas the importance of mandarin production in the Community is such that a reference price must be fixed for that product, such price to be operative also for tangerines, satsumas, Wilkings and other similar citrus hybrids, with the exception of clementines;

Whereas the period during which mandarins harvested during a given crop year are marketed extends from October to 15 May of the following year; whereas the quantity put on the market during October and from 1 March to 15 May of the following year represents only a small percentage of that marketed over the whole marketing year; whereas the reference price should therefore be fixed only for the period running from 1 November to the last day of February of the following year;

Whereas the fixing of a single reference price valid for the whole marketing year appears to be the solution to be suited to the particular nature of the Community market in the product in question;

Whereas, under point (a) of the second subparagraph of Article 23 (2) of Regulation (EEC) No 1035/72, reference prices for mandarins, satsumas, tangerines and other similar citrus hybrids, with the exception of clementines, are fixed at a level equal to that of the previous marketing

year, adjusted by an amount equal to the difference between, firstly, the amount resulting from the application, to those reference prices, of the percentage increase in the basic prices and the buying-in prices in relation to the preceding marketing year, and, secondly, the amount corresponding to the increase in the financial compensation provided for in Council Regulation (EEC) No 2511/69 of 9 December 1969 laying down special measures for improving the production and marketing of Community citrus fruit⁽³⁾, as last amended by Regulation (EEC) No 3130/86⁽⁴⁾;

Whereas, in accordance with Articles 140 (2) and 272 (3) of the Act of Accession of Spain and Portugal, the prices of Spanish and Portuguese products will not be used for the purpose of calculating reference prices, during the first phase in the case of Spain and during the first stage in the case of Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1986/87 marketing year, the reference price for fresh mandarins including tangerines and satsumas, Wilkings and other similar citrus hybrids, with the exception of clementines falling within subheading 08.02 B II of the Common Customs Tariff, expressed in ECU per 100 kilograms net of packed products of quality class I, of all sizes, shall, for the period 1 November to 28 February, be 27,51.

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 1351/86⁽²⁾, and in particular Article 27 (1) thereof,

Whereas Article 23 (1) of Regulation (EEC) No 1035/72 provides that reference prices for the whole Community are to be fixed each year before the beginning of the marketing year;

Whereas the importance of clementine production in the Community is such that a reference price must be fixed for that product;

Whereas the period during which clementines harvested during a given crop year are marketed extends from October to 15 May of the following year; whereas the quantity put on the market during October and from 1 March to 15 May of the following year represents only a small percentage of that marketed over the whole marketing year; whereas the reference price should therefore be fixed only for the period running from 1 November to the last day of February of the following year;

Whereas the fixing of a single reference price valid for the whole marketing year appears to be the solution most suited to the particular nature of the Community market in the product in question;

Whereas Article 23 (2) (b) of Regulation (EEC) No 1035/72 stipulates that reference prices are to be fixed at the same level as for the preceding marketing year, adjusted, after deducting the amount referred to in paragraph 2 (a) of that Article, the standard cost of transporting Community products between production areas and Community consumption centres in the preceding year, by:

- the increase in production costs for fruit and vegetables, less productivity growth, and
- the amount referred to in paragraph 2 (a) of that Article,

- the standard rate of transport costs in the current marketing year;

Whereas the resulting figure may nevertheless not exceed the arithmetic mean of producer prices in each Member State, with regard to Article 23, of the amount referred to in paragraph 2 (a), plus transport costs in part for the current year, after this amount has been increased by the rise in production costs less productivity growth; whereas the reference price may, however, not be lower than in the preceding marketing year;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas, in accordance with Articles 140 (2) and 272 (3) of the Act of Accession of Spain and Portugal, the prices of Spanish and Portuguese products will not be used for the purpose of calculating reference prices, during the first phase in the case of Spain and during the first stage in the case of Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1986/87 marketing year, the reference price for fresh clementines falling within subheading 08.02 B I of the Common Customs Tariff, expressed in ECU per 100 kilograms net of packed products of quality class I, of all sizes, shall, for the period 1 November to 28 February, be 59,57.

COMMISSION REGULATION (EEC) No 3214/86

of 22 October 1986

adopting measures for the supply of raw sugar from beet harvested in the Community to Portuguese refineries during the 1986/87 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 934/86 ⁽²⁾, and in particular Article 9 (6) and the second paragraph of Article 39 thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy ⁽³⁾, and in particular Article 12 thereof,

Whereas the second subparagraph of Article 9 (4) of Regulation (EEC) No 1785/81 stipulates that, to the extent necessary for the supply of refineries, provision may be made for the same measures as those taken in regard to raw sugar produced in the French overseas departments to be applied to raw sugar produced from beet harvested in the Community; whereas the raw sugar forward supply estimate for all refineries indicates a requirement for such sugar only for the Portuguese refineries for the 1986/87 marketing year;

Whereas Commission Regulation (EEC) No 2750/86 ⁽⁴⁾ lays down for the 1986/87 marketing year measures for the disposal of 270 000 tonnes of raw sugar produced in the French overseas departments and for its refining in the European regions of the Community; whereas these measures consist of a flat-rate aid for transport to those regions and a refining aid; whereas the abovementioned raw sugar forward supply estimate indicates, after taking into account the quantities imported by Portugal at a reduced levy in accordance with the provisions of the first and second subparagraphs of Article 303 of the Act of Accession of Spain and Portugal, the existence of a supplementary requirement for the Portuguese refineries; whereas this requirement can be met for the said marketing year from supplies available in the Community by making available to the refineries a quantity equivalent to 40 000 tonnes of white sugar obtained from beet harvested in the Community; whereas the application to this sugar of the measures provided for in the second subparagraph of Article 9 (4) of Regulation (EEC) No

1785/81 makes such action possible at the least cost; whereas consequently the same aid measures should be adopted for these quantities of raw beet sugar as those prescribed by Council Regulation (EEC) No 2225/86 of 15 July 1986 laying down measures for the marketing of sugar produced in the French overseas departments and for the equalization of the price conditions with preferential raw sugar ⁽⁵⁾;

Whereas certain detailed rules relating to the determination of weights and sugar yields should be laid down, particularly in the case of transport in bulk in the same vessel but on behalf of several sellers;

Whereas in general a considerable period of time elapses between the date on which the sugar in question is loaded and that on which the formalities required for payment of the aid by the competent agency are concluded on arrival; whereas provision should therefore be made for advance payment;

Whereas suitable control provisions with regard to the refined sugar, including a definition of the term refining, should be laid down;

Whereas, for conversion into Escudos of the aid amounts, the conversion rate applicable to the transport aid and to the advances of that aid should be the agricultural conversion rate in force on the day when the bill of lading is made out for the sugar transported, all of which will be transported by sea, and, insofar as the refining aid is concerned, the conversion rate should be the agricultural conversion rate in force on the day when the sugar in question is refined;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

and

- (b) an aid for refining in Portuguese refineries made up of:

- (aa) an amount per 100 kg of raw sugar of standard quality equal to the difference between the storage levy as referred to in the second subparagraph of Article 8 (2) of Regulation (EEC) No 1785/81 that was actually collected for the sugar in question and three times the amount of the monthly reimbursement of storage costs as referred to in the first subparagraph of Article 8 (2) of that Regulation which is applicable during the refining of the sugar, and

- (a) the raw sugar concerned shall, at the refiner's request, be placed under customs control or under another form of administrative control providing the same safeguards;
- (b) refining shall be understood to be the conversion of raw sugar as defined in Article 1 (2) (b) of Regulation (EEC) No 1785/81 into white sugar as defined in Article 1 (2) (a) of the said Regulation.

Article 5

1. The aids referred to in Article 2 (1) shall be granted only if the application presented by the refiner is accompanied by evidence recognized by Portugal that the raw sugar in question was obtained from beet harvested in the Community and if the bill of lading for the transported sugar was drawn up on or after 1 July 1986.

**COMPÉTITION EUROPÉENNE ET COOPÉRATION ENTRE ENTREPRISES EN
MATIÈRE DE RECHERCHE-DÉVELOPPEMENT**

Les accords de coopération interentreprises dans le domaine de la recherche-développement se sont multipliés au cours des années récentes, à travers deux formes principales: le contrat de collaboration qui permet, dans une perspective de court terme et avec une structure légère, de poursuivre des objectifs limités et l'entreprise conjointe (*joint venture*) qui correspond à la constitution d'une entité nouvelle ayant ou non la personnalité juridique, mais dotée d'une large autonomie et capable d'assurer des relations plus étendues et de longue durée.

L'objet de la présente étude est d'analyser certains aspects de ces accords de coopération en recherche-développement (ACRD) dans la perspective du nouveau règlement européen qui précise les conditions dans lesquelles l'article 85 paragraphe 3 du traité de Rome leur est applicable.
