COMMISSION REGULATION (EEC) No 3829/86

of 15 December 1986

on the classification of goods falling within heading No 44.15 of the Common Customs Tariff

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 97/69 of 16 January 1969 on measures to be taken for uniform application of the nomenclature of the Common Customs Tariff⁽¹⁾, as last amended by Regulation (EEC) No 2055/84⁽²⁾, and in particular Articles 3 and 4 thereof,

Whereas, in order to ensure uniform application of the nomenclature of the Common Customs Tariff, provisions must be laid down concerning the tariff classification of a seven-ply panel from 1 981 to 2 400 mm long, from 762 to 1 220 mm wide and about 44 mm thick, consisting of a blockboard core between two panels of three-ply plywood, this seven-ply panel, which has the two long edges (possibly veneered) and one or both short edges (possibly veneered) consisting primarily of a single piece of timber known as a 'lipping', has not undergone any further working;

Whereas heading No 44.15 of the Common Customs Tariff annexed to Council Regulation (EEC) No 950/68⁽¹⁾, as last amended by Regulation (EEC) No 3129/86⁽²⁾, covers *inter alia* plywood, blockboard, laminboard, battenboard and similar laminated wood products (including veneered panels and sheets) and heading No 44.23 covers builders' carpentry and joinery; whereas those headings come into consideration for classification of the panel in question;

Whereas the panel in question has no feature, apart from its rectangular shape and thickness, to indicate that it will be used as a door; whereas the rectangular shape and thickness are not in themselves sufficient to justify application of General Rule No 2 (a) for interpretation of the Common Customs Tariff nomenclature (articles incom-

plete or unfinished), since in particular the panel may be used as it stands for purposes other than the manufacture of a door; whereas the panel has therefore not been sufficiently worked to justify classification in heading No 44.23 as an unfinished door; whereas consequently it must be classified in heading No 44.15;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee on Common Customs Tariff Nomenclature,

HAS ADOPTED THIS REGULATION:

Article 1

A seven-ply panel from 1 981 to 2 400 mm long, from 762 to 1 220 mm wide and about 44 mm thick, consisting of a blockboard-type core between two panels of three-ply plywood, this seven-ply panel, which has two long edges (possibly veneered) and one or both short edges (possibly veneered) consisting primarily of a single piece of timber known as a 'lipping', has not undergone any further working, shall be classified in the Common Customs tariff under heading:

44.15 Plywood blockboard, laminboard, battinboard and similar laminated wood products (including veneered panels and sheets); inlaid wood and wood marquetry.

Article 2

This Regulation shall enter into force on the 21st day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 3832/86**of 16 December 1986****providing for the 'guide' quantity and the indicative ceiling for imports into Spain of butter under the supplementary trade mechanism to be exceeded**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Articles 84 (4) and 85 (3) thereof,

Having regard to Council Regulation (EEC) No 569/86 of 25 February 1986 laying down general rules for the application of the supplementary mechanism applicable to trade ⁽¹⁾, as last amended by Regulation (EEC) No 2297/86 ⁽²⁾, and in particular Article 7 thereof,

Whereas the Act of Accession of Spain and Portugal fixes the 'guide' quantity for 1986 for imports of butter into Spain from the Community of Ten at 1 000 tonnes; whereas the Spanish industry is unable within this limit to have access to the Community measures on the disposal of butter at reduced prices; whereas, in order to satisfy demand on the Spanish domestic market for this type of product, provision should be made for the 'guide' quantity referred to above to be exceeded;

Whereas the amount by which the 'guide' quantity established for 1986 may be exceeded should be fixed at 500 tonnes exclusively for butter allocated or sold under Commission Regulation (EEC) No 262/79 ⁽³⁾, as last amended by Regulation (EEC) No 665/86 ⁽⁴⁾, and Commission Regulation (EEC) No 2409/86 ⁽⁵⁾, as last amended by Regulation (EEC) No 3361/86 ⁽⁶⁾, or for butter that has benefited from the aid provided for in Commission Regulation (EEC) No 1932/81 ⁽⁷⁾, as last amended by Regulation (EEC) No 3812/85 ⁽⁸⁾; whereas the indicative ceiling provided for in Article 83 of the Act of Accession and fixed in the Annex to Commission Regulation (EEC) No 606/86 of 28 February 1986 laying down detailed rules for applying the supplementary trade mechanism to milk products imported into Spain from the Community of Ten ⁽⁹⁾, as last amended by Regulation (EEC) No 2740/86 ⁽¹⁰⁾, should be amended accordingly;

Whereas the periods for lodging STM licence applications and for issuing the said licences laid down in Article 6 (3)

and (4) of Commission Regulation (EEC) No 574/86 of 28 February 1986 laying down detailed rules for the application of the supplementary trade mechanism ⁽¹¹⁾, as amended by Regulation (EEC) No 1162/86 ⁽¹²⁾, cannot apply in the case in point in the light of the date of entry into force of this Regulation; whereas different periods should therefore be fixed so that the measure may take effect before the end of the year;

Whereas the abovementioned Community measures on the disposal of butter provide for the lodging of a sizeable security intended to ensure that this butter is finally used in a number of specified products; whereas, so that the burden constituted by the securities does not become too onerous for traders, the security for the STM licence in respect of butter should be reduced to 2,5 ECU/100 kilograms for the purposes of this Regulation;

Whereas STM licences issued under this measure should not be used for other purposes; whereas the entries to be made on the licences should be supplemented to this end;
