Article 2

For the purposes specified in Article 1 and for a period expiring on 30 June 1991, an aggregate amount of 550 million ECU may be committed in the form of loans from the European Investment Bank, hereinafter called 'the Bank' granted from its own resources in accordance with the arrangements, conditions and procedures laid down in its Statute.

2. The major part of this amount shall be used to finance projects concerning transport infrastructures of a common interest, in particular the trans-yugoslav highway including its feeder roads and the remaining part shall be used to finance other development projects.
3. (a) Projects shall be examined for eligibility and loans granted in accordance with the detailed rules, conditions and procedures laid down by the Bank's Statute.

(b) Loans granted by the Bank shall be subject to terms as to duration established on the basis of the economic and financial characteristics of projects, also taking into account the conditions obtaining on the capital markets on which the Bank procures its resources.

(c) The interest rate shall be determined in accordance with the Bank's practice at the time of signature of each loan contract.

Article 4

1. The amounts to be committed each year shall be distributed as evenly as possible throughout the period of application of this Protocol. During the initial period of application, however, a proportionately higher amount may, within reasonable limits, be committed.

2. Any funds not committed by the end of the period referred to in Article 2 may be used, until exhausted. In that event the funds shall be used under the same conditions as provided for in this Protocol.

Such legal persons formed in accordance with the law of a Member State of the Community or of the Socialist Federal Republic of Yugoslavia must have their registered offices, their administrative head offices or their principal establishments in the territories in which the Treaty establishing the European Economic Community is applied or in the Socialist Federal Republic of Yugoslavia; however, where only their registered offices are in those territories or in the Socialist Federal Republic of Yugoslavia, the activities of such legal persons must be effectively and continuously linked with the economy of those territories or of the Socialist Federal Republic of Yugoslavia.

Article 9

Yugoslavia shall apply to contracts awarded for the execution of projects financed within the framework of financial cooperation, fiscal and customs arrangements at least as favourable as those applied in respect of most favoured state or most favoured international organization in the field of development.

Article 10

Yugoslavia shall take the necessary measures to ensure that interest and all other payments due to the Bank in respect of loans granted in the context of financial cooperation are exempted from any taxes or levies imposed by the federal authorities, the republics, the autonomous provinces or the communal authorities.

Article 11

The provision of a guarantee by the Socialist Federal Republic of Yugoslavia or other sufficient guarantees shall be required by the Bank as a condition for granting loans.

Article 12

Throughout the duration of the loans accorded pursuant to this Protocol, Yugoslavia shall undertake to take all necessary measures in conformity with its national legislation to make available to debtors enjoying such loans and to guarantors of the loans the foreign currency necessary for the payment of interest, commission and other charges and repayment of the principal.

Article 13

ADDITIONAL PROTOCOL

to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia establishing new trade arrangements

THE EUROPEAN ECONOMIC COMMUNITY,

of the one part, and

THE SOCIALIST FEDERAL REPUBLIC OF YUGOSLAVIA,

of the other part,

HAVING REGARD to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia, signed at Belgrade on 2 April 1980, hereinafter referred to as the 'Agreement',

CONSIDERING that the Agreement provided that the first stage of the progressive removal of barriers affecting the bulk of trade between the Contracting Parties should last five years and that the first stage accordingly ended on 30 June 1985;

CONSIDERING that the trade arrangements to be applied subsequently should be determined in accordance with Article 58 of the Agreement;

CONSIDERING that the Community and the Socialist Federal Republic of Yugoslavia wish to strengthen their relations still further in order to take account of the new dimension created by the accession to the European Communities of Spain and Portugal on 1 January 1986;

CONSIDERING that in the spirit of the Preamble to the Agreement and Article 14 thereof, trade between the Socialist Federal Republic of Yugoslavia and the Community should be enabled to develop and that certain provisions therefore need to be laid down,

HAVE DECIDED therefore to conclude a Protocol adapting certain provisions of the Agreement, and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

Jakob Esper LARSEN,
Ambassador Extraordinary and Plenipotentiary,
Permanent Representative of Denmark,
Chairman of the Permanent Representatives Committee;

Jean DURIEUX,
Special Adviser in the Directorate-General for External Relations of the Commission of the European Communities;

THE FEDERAL EXECUTIVE COUNCIL OF THE ASSEMBLY OF THE SOCIALIST FEDERAL REPUBLIC OF YUGOSLAVIA:

Jozef KOROSEC,
Ambassador Extraordinary and Plenipotentiary;

WHO, having exchanged their Full Powers, found in good and due form,

HAVE AGREED AS FOLLOWS:

Article 1

1. Annexes A, B and C to this Protocol shall replace Annexes I, III and IV respectively to Protocol 1 to the Agreement. Notwithstanding Article 1 (4) of Protocol 1 to the Agreement, the amounts indicated in the said Annexes shall be increased annually by 5 % from the year following the entry into force of this Protocol.

Article 2

1. Customs duties applicable under the Agreement to imports into the Community of products listed in Annex D to this Protocol originating in Yugoslavia shall be progressively dismantled over the same periods and at the same rates as provided in the Act of Accession of Spain and Portugal in respect of imports into the Community as constituted on 31 December 1985 of the same products from Spain and Portugal. This provision shall be applied in accordance with the rules hereinafter set out in this Article.

For the purposes of such progressive dismantling, where the level of customs duties in force for imports from Spain into the Community as constituted on 31 December 1985 differs from that for imports from Portugal, products originating in Yugoslavia shall be subject to the higher of the two rates.

2. Where the customs duty on a product listed in Annex D is lower for Yugoslavia than for Spain, Portugal or both, the process of dismantling shall commence once the duty on the product from Spain and Portugal has fallen below that applying to imports originating in Yugoslavia.

3. Customs duties on products originating in Yugoslavia in respect of which annual Community tariff quotas are indicated in Annex D shall be progressively dismantled within the limits of such quotas.

Once the volume of imports of these products exceeds the quotas, the Community shall apply the customs duties prevailing under the Agreement.

4. For the purposes of dismantling customs duties on certain products listed in Annex D, originating in Yugoslavia, an annual reference quantity, indicated in the said Annex, is hereby established.

Should the volume of imports of one of these products exceed the reference quantity, the Community, having regard to an annual review of trade flows which it shall carry out, may make the product in question subject to a Community tariff quota as provided for in paragraph 3, the volume of which shall be equal to the reference quantity.

5. For products listed in Annex D other than those mentioned in paragraphs 3 and 4, the Community may establish a reference quantity within the meaning of and as provided for in paragraph 4 if it discovers, in the light of

the annual review of trade flows which it shall carry out, that the volume of imports threatens to cause difficulties on the Community market.

6. In the case of tobacco of the 'Prilep' type falling within subheading 24.01 ex B of the Common Customs Tariff, originating in and coming from Yugoslavia, paragraphs 1, 2 and 3 shall apply in accordance with the special provisions governing tariff reductions set out in Article 23 (2) and (3) of the Agreement.

7. In the case of 'Sljivovica' plum spirit falling within subheading 22.09 C IV ex a) of the Common Customs Tariff, paragraphs 1, 2 and 3 shall apply to products originating in Yugoslavia accompanied by a certificate of authenticity to be defined by the competent authorities.

8. In the case of sweet clear-fleshed cherries preserved in alcohol and intended for the manufacture of chocolate products, falling within subheading 20.06 B I e) 2 ex bb) of the Common Customs Tariff, originating in Yugoslavia, paragraphs 1, 2 and 3 shall apply in accordance with conditions to be laid down by Exchange of Letters between the Contracting Parties.

Article 3

Customs duties on imports into the Community of Morello cherries falling within subheadings 08.07 C ex I or ex II, 08.10 ex D, 08.11 ex E, 20.03 ex A or ex B or 20.06 B ex II of the Common Customs Tariff, originating in Yugoslavia, shall be dismantled in accordance with the rules laid down in Article 2 (1) and (2), subject to quantitative conditions to be laid down by Exchange of Letters between the Contracting Parties.

The dismantling of customs duties on Morello cherries falling within subheadings 08.10 ex D, 20.03 ex A or ex B or 20.06 B ex II of the Common Customs Tariff shall further be subject to compliance with a minimum price for imports into the Community to be laid down by Exchange of Letters between the Contracting Parties.

Article 4

Article 22 of the Agreement shall be replaced by the following:

'1. Customs duties on imports into the Community of wine of fresh grapes falling within subheadings 22.05 C ex I or ex II of the Common Customs Tariff presented in containers holding two litres or less, originating in Yugoslavia, shall be reduced by 30 % within the limits of an annual Community tariff quota of 12 000 hectolitres. The Community shall apply the customs duties resulting from the provisions of paragraph 4 to imports in excess of the quota.

2. The tariff reduction provided for in paragraph 1 shall apply to wines as agreed by Exchange of Letters between the respective competent authorities of the Contracting Parties following verification of the

equivalence of Yugoslav and Community legislation with regard to wine entitled to a designation of origin.

3. Paragraphs 1 and 2 shall remain in force until, under the progressive dismantling of customs duties referred to in paragraph 4, the levels of customs duties provided for in respect of wines referred to in paragraph 1 have been reduced by 30 % as provided for in paragraph 1.

4. Customs duties on imports into the Community of wine of fresh grapes falling within subheadings 22.05 C I or C II of the Common Customs Tariff, originating in Yugoslavia, shall be dismantled in accordance with the rules laid down in Article 2 (1) and (2) of the Additional Protocol establishing new trade arrangements. This provision shall apply within the limits of an annual Community tariff quota of 545 000 hectolitres. The Community shall apply the duties of the Common Customs Tariff to imports in excess of the quota.

5. Paragraphs 1, 3 and 4 shall apply on condition that the prices on import into the Community of wine originating in Yugoslavia plus the customs duties actually levied are not less at any given time than the Community reference prices or the prices resulting from the application of the specific provisions of paragraphs 6 and 7.

6. In the case of wine of fresh grapes falling within subheadings 22.05 ex C 1 or ex C II of the Common Customs tariff presented in containers of two litres or less, originating in Yugoslavia, the fixed amount added to the price referred to in Article 17 of Regulation (EEC) No 337/79 on the common organization of the market in wine shall be phased out at the rate indicated below within the limits of an annual volume of 29 000 hectolitres:

on the entry into force of the Additional Protocol, the fixed amount shall be reduced to 75 %;

on 1 January 1988 the fixed amount shall be reduced to 62,5 %;

on 1 January 1989 the fixed amount shall be reduced to 50 %;

on 1 January 1990 the fixed amount shall be reduced to 37,5 %;

on 1 January 1991 the fixed amount shall be reduced to 25 %;

on 1 January 1992 the fixed amount shall be reduced to 12,5 %;

on 1 January 1993 the fixed amount shall be reduced to 0 %.

7. From the entry into force of the Additional Protocol, the Community may fix a special frontier price for wine of fresh grapes falling within subheadings 22.05 ex C I or ex C II of the Common Customs Tariff

presented in containers of more than two litres if it finds on the basis of information available at the end of the marketing year current at the entry into force of this Protocol that there has been a fall in the level of exports of these wines to the Community compared to the previous marketing year. The said previous marketing year shall serve as a reference year. Exports in subsequent marketing years shall be compared to exports in the reference year.

Such special frontier price shall be fixed each year before the marketing year and shall apply within the limit of an annual volume of 516 000 hectolitres.

The situation shall be reviewed before 1 January 1990.

Article 5

In the case of 'baby-beef' products as defined in Annex E to this Protocol, the following Article shall replace Article 24 of the Agreement and Article 1 of the Additional Protocol consequent on the accession to the Community of the Hellenic Republic.

'1. Within the limits of a first annual Community quota of 25 000 tonnes, the amount levied on imports into the Community shall be equal to 20 % of the basic levy. This provision shall apply on condition that the free-at-frontier offer price, plus the customs duty and the reduced levy, is not less than the Community intervention price for category A U 3 plus 5 %.

2. Within the limits of a second annual Community quota of 25 400 tonnes, to be used when the quota referred to in paragraph 1 has been used up, the amount levied on imports into the Community shall be equal to 50 % of the basic levy. This provision shall apply on condition that the free-at-frontier offer price, plus the customs duty and the reduced levy, is not less than that resulting from application of the normal levy.

3. Yugoslavia shall supply the competent authorities of the Community with all relevant information on export prices, quantities and presentation of the products exported (live animals, carcasses, quarters).

4. To help stabilize the internal Community market, Yugoslavia shall maintain adequately phased deliveries and shall take all steps necessary to ensure a balanced expansion of its exports to the Community, in particular by exercising effective control over each consignment by means of a document certifying that the goods originated in and came from Yugoslavia and correspond exactly to the descriptions appearing in

Annex E. The text of that certificate shall be agreed between the competent authorities of the two Parties.

5. The arrangements for implementing paragraphs 3 and 4 shall be determined in the context of the cooperation between the competent authorities of Yugoslavia and the Community.

6. When the Community market price is less than 98 % of the guide price, paragraphs 1 and 2 shall apply to a quantity of 4 200 tonnes a month. If that quantity has not been fully taken up during a given month, the unused remainder may be carried forward only to the following month, up to a limit of 3 200 tonnes. However, quantities not exported during the period 1 January to 31 May may be carried forward to the period 1 June to 30 September, up to a limit of 6 000 tonnes. Monthly exports during the latter period may not exceed 7 400 tonnes.'

Article 6

1. Articles 2, 3 and 4 of this Protocol shall apply until 31 December 1995. Articles 1 and 5 shall apply until 31 December 1991.

2. Subject to paragraph 1, Articles 15 to 20 of the Agreement are hereby extended until 31 December 1991 and Articles 21, 23 and 25 to 40 until 31 December 1995.

3. The negotiations provided for in Article 58 (2) of the Agreement shall start one year before the dates referred to in paragraphs 1 and 2 for the arrangements expiring on those dates.

Article 7

This Protocol, including the Annexes hereto and the Declarations and Exchanges of Letters included in the Final Act, shall form an integral part of the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia.

Article 8

1. This Protocol shall be subject to ratification, acceptance or approval in accordance with the Contracting Parties' own procedures and the Parties shall notify one another of the completion of the procedures necessary for that purpose.

2. This Protocol shall enter into force on the first day of the month following that during which the notifications provided for in paragraph 1 have been carried out.

Article 9

This Protocol is drawn up in duplicate in the Danish, Dutch, English, French, German, Greek, Italian, Portuguese, Spanish and Serbo-Croat languages, each of these texts being equally authentic.

EXCHANGE OF LETTERS

on Article 2 (8) of the Protocol

A. Letter from the Community

Sir,

Article 2 of the Additional Protocol establishing new trade arrangements provides for the dismantling subject to certain conditions of customs duties on sweet clear-fleshed cherries preserved in spirit, intended for the manufacture of chocolate products, falling within subheading 20.06 B I e) 2 ex bb).

This dismantling of duties applies to a tariff quota of 3 000 tonnes, minus imports at reduced duty under an autonomous Community *erga omnes* tariff suspension. Accordingly, only after the imports possible under such autonomous tariff suspension have been made will the Community open a tariff quota for a quantity equal to the difference between 3 000 tonnes and the volume of Yugoslav products already imported under the tariff suspension.

The above provisions shall remain in force until the duty provided for in the Additional Protocol reaches a level equal to or lower than that of an autonomous tariff suspension which the Community grants *erga omnes*. The tariff quota laid down in the Additional Protocol shall then be used first, before Yugoslavia can benefit from any autonomous Community tariff suspension.

I should be grateful if you would acknowledge receipt of this letter and confirm at the same time your delegation's agreement with its contents.

Please accept, Sir, the assurance of my highest consideration.

of the European Communities*
