COUNCIL REGULATION (EEC) No 4184/87

of 21 December 1987

opening and providing for the administration of a Community tariff quota for cut flowers and flower buds, fresh, falling within code 0603 of the combined nomenclature, originating in Jordan (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Article 2 of the Additional Protocol to the Cooperation Agreement between the European Economic Community and the Hashemite Kingdom of Jordan⁽¹⁾ provides that fresh cut flowers and flower buds, falling within the combined nomenclature codes appearing in Article 1, originating in that country, may be imported into the Community at reduced rates of customs duty within the limits of an annual Community tariff quota of 50 tonnes;

Whereas, within these limits, Common Customs Tariff duties are to be abolished progressively over the same periods and in accordance with the same time tables as laid down in Articles 75 and 243 of the Act of Accession of Spain and Portugal; whereas, for the period 1 January to 31 October 1988, the quota duties are to be equal to 62,5 % of the Common Customs Tariff duties; whereas, within the limits of this tariff quota, the Kingdom of Spain and the Portuguese Republic are to apply duties calculated in accordance with Council Regulation (EEC) No 2573/87 of 11 August 1987 laying down the arrangements for trade between Spain and Portugal on the one hand and Algeria, Egypt, Jordan, Lebanon, Tunisia and Turkey on the other⁽²⁾; whereas the tariff quota in question should therefore be opened for the period from 1 January to 31 October 1988 amounting, by virtue of the *pro rata temporis* clause, to 41,667 tonnes for the period in question;

Whereas large-flowered and small flowered roses and unifloral and multifloral carnations are only covered by these quotas subject to the conditions laid down by Council Regulation (EEC) No 4088/87 of 21 December 1987 establishing conditions for the application of preferential customs duties on imports of certain floricultural products originating in Cyprus, Israel and Jordan⁽³⁾; whereas these

favourable tariff arrangements apply only to imports in respect of which certain price conditions are observed;

Whereas it is possible that from 1 January 1988 the nomenclature used in the Common Customs Tariff will be replaced by the combined nomenclature based on the International Convention on the Harmonized Commodity Description and Coding System; whereas this Regulation takes account of that fact by using the combined nomenclature codes within which the products concerned fall;

Whereas it is in particular necessary to ensure that all Community importers enjoy equal and uninterrupted access to the abovementioned quotas and uninterrupted application of the rates laid down for those quotas to all imports of the products concerned into all Member States until the quotas have been used up; whereas, in the present case, it seems advisable not to allocate the quotas among the Member States, without prejudice to the drawing against the quota volumes of such quantities as they may need, under the conditions and according to the procedures specified in Article 1 (3); whereas this method of administration requires close cooperation between the Member States and the Commission and the latter must, in particular, be able to monitor the rate at which the quotas are used up and inform the Member States accordingly;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, all transactions concerning the administration of quota shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

Within the limits of the tariff quota, the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with Regulation (EEC) No 2573/87.

2. Access to the tariff quotas referred to in paragraph 1 may be halted for large-flowered and small-flowered roses and unifloral and multifloral carnations if it is found at Community level that the price conditions laid down by Regulation (EEC) No 4088/87 are not being observed.

In such cases, the Commission shall adopt regulations re-establishing the duties applicable to the products in question and, where appropriate, re-introducing this Regulation on the dates and in respect of the products and periods indicated in the Regulations in question.

3. If an importer indicates that a consignment of the products in question is to be imported into a Member State and applies to use the quotas, the Member State concerned shall inform the Commission and draw an amount corresponding to the requirements to the extent that the available balance of the quota so permits.

4. Shares drawn pursuant to paragraph 3 shall be valid until the end of the quota period.

Article 2

1. Member States shall take all appropriate measures to ensure that shares drawn pursuant to Article 1 (3) are opened in such a way that imports may be shared without

interruption against their accumulated shares of the Community quota.

2. Each Member State shall ensure that importers of the products concerned have free access to the quotas for as long as the residual balance of the quota volume so permits.

3. Member States shall charge imports of the products concerned against their shares as and when the products are entered with customs authorities for free circulation.

4. The extent to which the quota has been used up shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 3

At the request of the Commission, Member States shall inform it of imports actually charged against the quota.

Article 4

The Member States and the Commission shall cooperate closely in order to ensure that this Regulation is complied with.

Article 5

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 4185/87

of 21 December 1987

opening and providing for the administration of a Community tariff quota for wine of fresh grapes, originating in Yugoslavia (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Additional Protocol to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia, establishing a new commercial system⁽¹⁾ provides in Article 4 for a Community tariff quota to be opened for the importation into the Community of 545 000 hectolitres of wine of fresh grapes, originating in Yugoslavia, under the conditions of admission laid down in that Article; whereas these products must be accompanied by a movement certificate; whereas for wines of designated origin this is certified by the competent official agency in accordance with Article 9 (2) of Regulation (EEC) No 3590/85⁽²⁾;

Whereas, within the limits of that tariff quota, customs duties are to be progressively abolished over the same periods and in accordance with the same time tables as those laid down in Articles 75 and 268 of the Act of Accession of Spain and Portugal; whereas, for 1988, the quota duties are to be equal to 66,7 % of the duties applicable; whereas, however, Council Regulation (EEC) No 4150/87 of 21 December 1987 laying down arrangements for Spain's and Portugal's trade with Yugoslavia and amending Regulations (EEC) No 449/86 and (EEC) No 2573/87⁽³⁾, provides that the Portuguese Republic is to defer until 31 December 1990 the application of the preferential arrangements for those products; whereas, therefore, this tariff quota does not apply to Portugal; whereas the Community tariff quota in question should therefore be opened for 1988;

Whereas the wines in question are subject to compliance with the free-at-frontier reference price; whereas in order that such wines may benefit from this tariff quota Article 54 of

Council Regulation (EEC) No 822/87 of 16 March 1987 on the common organization of the market in wine⁽⁴⁾, as last amended by Regulation (EEC) No 3992/87⁽⁵⁾, must be complied with;

Whereas it is in particular necessary to ensure to all Community importers equal and uninterrupted access to the abovementioned quota and uninterrupted application of the rates laid down for that quota to all imports of the products concerned into all Member States until the quota has been used up; whereas, in the present case, it seems advisable not to allocate this quota among the Member States without prejudice to the drawing against the quota volume of such quantities as they may need, under the conditions and according to the procedure specified in Article 1 (5); whereas this method of management requires close cooperation between the Member States and the Commission and the latter must, in particular, be able to monitor the rate at which the quota is used up and inform the Member States thereof;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, all transactions concerning the administration of shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

Within the limits of the tariff quota, the Kingdom of Spain shall apply customs duties calculated in accordance with the relevant provisions laid down in Regulation (EEC) No 4150/87.

2. This Regulation shall not apply in Portugal.

3. The wines in question shall be subject to compliance with the free-at-frontier reference price. In order that such wines may benefit from the tariff quota, Article 54 of Regulation (EEC) No 822/87 must be complied with.

4. Each of the wines, when imported, shall be accompanied by a movement certificate. Where wines of designated origin are concerned this shall be certified by the competent official agency, in accordance with Article 9 (2) of Regulation (EEC) No 3590/85.

5. If an importer notifies an imminent importation of the product in question in a Member State and requests the benefit of the quota, the Member States concerned shall inform the Commission and draw an amount corresponding

to these requirements to the extent that the available balance of the reserve permits this.

6. The shares drawn pursuant to paragraph 5 shall be valid until the end of the quota period.

Article 2

1. Member States shall take all appropriate measures to ensure that their drawings pursuant to Article 1 (5) are carried out in such a way that imports may be charged without interruption against their accumulated shares of the Community quota.

2. Each Member State shall ensure that importers of the said goods have access to the quota so long as the residual balance of the quota volume so permits.

3. Member States shall charge imports of the said goods against their drawings as and when the goods are entered for free circulation.

4. The extent to which the quota has been used up shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 3

At the request of the Commission, Member States shall inform it of imports actually charged against the quota.

Article 4

The Member States and the Commission shall collaborate closely in order to ensure that this Regulation is complied with.

Article 5

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 4186/87

of 21 December 1987

establishing ceilings and Community surveillance for imports of certain products originating in Yugoslavia (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas a Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽¹⁾ was concluded on 24 January 1983;

Whereas Article 1 of Protocol 1 to that Agreement provides that imports of specified products are to be subject to annual ceilings above which the customs duties actually applied in respect of third countries may be re-established; whereas an Additional Protocol to that Cooperation Agreement ⁽²⁾ establishing new trade arrangements and amending the said Protocol 1 has been concluded and is expected to enter into force on 1 January 1988; whereas, moreover, a new Supplementary Protocol to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia concerning trade in textile products, hereinafter referred to as the 'Supplementary Protocol', has been initialled; whereas, pending the entry into force of the Supplementary Protocol, the arrangements laid down by the Council Decision of 11 December 1986 on the provisional application of the Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia on trade in textile products ⁽³⁾ should be applied from 1 January 1988; whereas, under these circumstances, the Commission must be kept regularly informed of the trend of imports of the said products and it is therefore necessary for imports of those products to be subject to surveillance; whereas the said annual tariff ceilings should therefore be opened at appropriate levels for 1988;

Whereas Council Regulation (EEC) No 4150/87 of 21 December 1987 laying down arrangements for Spain's and Portugal's trade with Yugoslavia and amending Regulations (EEC) No 449/86 and (EEC) No 2573/87 ⁽⁴⁾ provides that from its entry into force the Kingdom of Spain and the Portuguese Republic are to apply duties progressively reducing the gap between the basic duties and the preferential duties in accordance with a given timetable;

Whereas, from 1 January 1988, the nomenclature used in the Common Customs Tariff will be replaced by the combined nomenclature based on the International Convention on the Harmonized Commodity Description and Coding System; whereas this Regulation must therefore take account of that fact by using the combined nomenclature codes and, where appropriate, the Taric code numbers of the products concerned;

Whereas Community surveillance may be achieved by means of an administrative procedure based on charging imports of the products in question against the ceilings at Community level as and when those products are entered with the customs authorities for free circulation; whereas this administrative procedure must make provision for the possibility of re-establishing customs duties as soon as the ceilings are reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take appropriate measures to re-establish customs tariffs if one of the ceilings is reached,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1988, imports into the Community of certain products originating in Yugoslavia and listed in Annexes I, II, III and IV shall be subject to ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, their combined nomenclature codes and the corresponding ceilings or sub-ceilings are set out in the said Annexes. In Annex II, the ceilings are indicated in column 5 (b).

2. The ceilings laid down for certain products listed in Annex II which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing are indicated in column 5 (a).

⁽¹⁾ OJ No L 41, 14. 2. 1983, p. 1.

⁽²⁾ OJ No L 389, 31. 12. 1987, p. 73.

⁽³⁾ OJ No L 318, 7. 11. 1987, p. 51.

⁽⁴⁾ OJ No L 389, 31. 12. 1987, p. 1.

3. Quantities shall be charged against the ceilings or sub-ceilings as and when the products are entered with customs authorities for free circulation accompanied by a movement certificate in accordance with the rules contained in Protocol 3 to the Agreement.

With regard to the ceilings established for categories 5, 6, 7, 8, 15 and 16 of column 4 (a) of Annex II, reimported goods which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing may be charged against the respective ceilings only if the movement certificate issued by the competent Yugoslav authorities contains a reference to the prior authorization provided for by the Community rules on economic outward processing.

Goods may be charged against a ceiling or sub-ceiling only if the movement certificate is presented before the date on which customs duties are re-established.

The extent to which the ceilings and sub-ceilings are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first, second and third sub-paragraphs.

Member States shall periodically inform the Commission of imports charged in accordance with the above procedure; such information shall be supplied under the conditions laid down in paragraph 5.

4. As soon as the ceilings or sub-ceilings have been reached, the Commission may adopt a regulation re-establishing, until the end of the calendar year, the customs duties actually applied in respect of third countries.

However, should customs duties be re-established, imports of the products listed in Annex V which have obtained originating status within the meaning of Protocol 2 to the Agreement in the free zone established by the Agreements signed at Osimo shall continue to benefit from exemption from customs duties provided that originating status is certified on the movement certificate by the competent Yugoslav authorities.

5. Member States shall send the Commission not later than the 15th day of each month statements of the quantities charged during the preceding month. If the Commission so requests, they shall provide such statements for a period of 10 days and forward them within five clear days of the end of each 10-day period.

Article 2

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 3

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL REGULATION (EEC) No 4187/87

of 21 December 1987

opening, allocating and providing for the administration of a Community tariff quota for tobacco falling within code ex 2401 10 60 or ex 2401 20 60 of the combined nomenclature and originating in Yugoslavia (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽¹⁾, as supplemented by the Additional Protocol to that Agreement establishing new trade arrangements ⁽²⁾, provides that tobacco of the 'Prilep' type falling within code ex 2401 10 60 or ex 2401 20 60 of the combined nomenclature, originating in and coming from Yugoslavia, as specified in an Agreement in the form of an Exchange of Letters dated 11 July 1980, is to be imported into the Community at a customs duty of 7% with a minimum amount levied of 13 ECU per 100 kilograms and a maximum of 45 ECU per 100 kilograms, within the limits of an annual Community tariff quota of 1 500 tonnes; whereas such tobacco must be accompanied by a certificate of origin and authenticity; whereas the tariff quota in question should be opened for 1988;

Whereas the customs duty levied under the above tariff quota is to be dismantled over the same periods and at the same rates as provided for in Articles 75 and 243 of the Act of Accession of Spain and Portugal; whereas, within the limits of the above tariff quota, the Kingdom of Spain and the Portuguese Republic are to apply customs duties calculated in accordance with Council Regulation (EEC) No 4150/87 of 21 December 1987 laying down arrangements for Spain's and Portugal's trade with Yugoslavia and amending Regulations (EEC) No 449/86 and (EEC) No 2573/87 ⁽³⁾;

Whereas, from 1 January 1988, the nomenclature in the Common Customs Tariff will be replaced by the combined nomenclature based on the International Convention on the Harmonized Commodity Description and Coding System; whereas this Regulation must take account of that fact by using the combined nomenclature codes and Taric code numbers of the products concerned;

Whereas equal and continuous access to the quota should be ensured for all Community importers and the rates laid down

for the quota should be applied consistently to all imports of the products in question into all Member States until the quota is exhausted; whereas, in the light of these principles, allocation of the Community tariff quota among certain Member States would seem to preserve the Community nature of the quota; whereas, in order to correspond as closely as possible to the real trend of the market for the products in question, the allocation should reflect the *pro rata* requirements of the Member States based on statistics of imports of the said products from Yugoslavia during the representative reference period and on the economic outlook for the quota period in question;

Whereas during the last three years for which statistics are available imports into the Member States were as follows:

(tonnes)			
Member State	1984	1985	1986
Benelux	—	—	70
Denmark	—	—	—
Germany	534	138	269
Greece	—	—	—
Spain	n.c.	n.c.	180
France	—	—	30
Ireland	—	—	—
Italy	—	850	664
Portugal	n.c.	n.c.	—
United Kingdom	—	—	—

Whereas during the last three years the products concerned were imported regularly only by certain Member States and not at all or only occasionally by the other Member States; whereas, under these circumstances, in the first phase, initial shares should be allocated only to the genuine importing Member States and the other Member States should be guaranteed access to the benefit of the tariff quotas when imports actually take place in those Member States; whereas these allocation arrangements will ensure the uniform levy of the applicable duties;

Whereas, to allow for the trend of imports of the products concerned in the various Member States, the quota volume

⁽¹⁾ OJ No L 41, 14. 2. 1983, p. 2.

⁽²⁾ OJ No L 389, 31. 12. 1987, p. 73.

⁽³⁾ OJ No L 389, 31. 12. 1987, p. 1.

should be divided into two parts, the first being allocated among certain Member States and the second held as a reserve to cover any subsequent requirements of those Member States which have used up their initial shares and any requirements which might arise in the other Member States; whereas, to afford importers in each Member State some degree of certainty, an appropriate level for the first part of the Community quota would, in the present circumstances, be 67 % of the quota volume;

Whereas the initial shares of the Member States may be used up at different rates; whereas, in order to avoid any break in the continuity of supplies on this account, it should be provided that any Member State which has almost used up its initial quota share should draw an additional share from the Community reserve; whereas each time its additional share is almost used up a Member State should draw a further share and so on as many times as the reserve allows; whereas these initial and additional shares must be valid until the end of the quota period; whereas this form of administration requires close cooperation between the Member States and the Commission and the latter must be able to monitor the extent to which the quota volume has been used up and inform the Member State accordingly;

Whereas if at a given date in the quota period a considerable quantity of a Member State's initial share remains unused, it

is essential that the Member State concerned should return a significant proportion thereof to the Community reserve in order to prevent part of the Community quota from remaining unused in one Member State when it could be used in others;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any operation concerning the administration of the quota shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1988 the customs duty applicable to imports into the Community of the following products originating in and coming from Yugoslavia shall be suspended at the level indicated and within the limits of a Community tariff quota as shown below:

Order No	CN code	Description	Quota (tonnes)	Quota duty
09.1505	ex 2401 10 60	Unmanufactured tobacco; tobacco refuse:	1 500	7 % <i>ad valorem</i> with a minimum amount levied of 13 ECU per 100 kilograms and a maximum of 45 ECU per 100 kilograms net weight

		– Tobacco, partly or wholly stemmed/stripped:		
		– – Other:		
		– – – Sun-cured Oriental type tobacco:		
		– 'Prilep' type tobacco		

Within the limits of this tariff quota the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with the relevant provisions of the Protocol to Regulation (EEC) No 4150/87.

2. Import of this product must be accompanied by a certificate of authenticity issued by the competent Yugoslav authority and conforming with the model annexed to this Regulation.

Article 2

1. A first part of the Community tariff quota referred to in Article 1 amounting to 1 000 tonnes shall be allocated among

certain Member States; without prejudice to Article 5, the quota shares shall be valid until 31 December 1988 and shall be as follows:

	(tonnes)
Benelux	25
Germany	345
Spain	65
France	10
Italy	555

2. The second part of the quota, amounting to 500 tonnes, shall constitute the reserve.

3. If an importer gives notification of imminent imports of the product concerned into one of the other Member States and applies to take advantage of the quota, the Member State concerned shall inform the Commission and draw an amount corresponding to its requirements to the extent that the available balance of the reserve so permits.

Article 3

1. If a Member State has used 90 % or more of its initial quota share as specified in Article 2 (1), or of that share less any portion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission and to the extent that the reserve so permits, draw a second share equal to 15 % of its initial share, rounded up where necessary to the next whole number.

2. If, after its initial quota share has been used up, a Member State has used up 90 % or more of its second share as well, it shall, using the procedure provided for in paragraph 1 and to the extent that the reserve so permits, draw a third share equal to 7,5 % of its initial share, rounded up where necessary to the next whole number.

3. If, after its second share has been used up, a Member State has used 90 % or more of its third share, it shall, using the procedure provided for in paragraph 1, draw a fourth share equal to the third.

This process shall continue until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw smaller shares than those specified in the said paragraphs if there is reason to believe that they might not be used in full. Member States shall inform the Commission of their reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 December 1988.

Article 5

By 1 October 1988 at the latest Member States must return to the reserve the unused portion of their initial share which, on 15 September 1988, is in excess of 20 % of the initial volume. They may return a greater portion if there is reason to believe that it might not be used.

By 1 October 1988 at the latest Member States must notify the Commission of the total quantities of the products concerned imported on or before 15 September 1988 and

charged against the Community quotas and of any portion of their initial share that they are returning to the reserve.

Article 6

The Commission shall keep account of the shares drawn by Member States pursuant to Articles 2 and 3 and shall inform each Member State of the extent to which the reserves have been used up as soon as it has been notified.

It shall inform the Member States not later than 5 October 1988 of the state of the reserve following any return of quota shares pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the final drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional drawings of shares pursuant to Article 3 enable imports to be charged without interruption against their accumulated share of the Community quota.

2. Member States shall ensure that importers of the products concerned have free access to the quota shares allocated to them.

3. Member States shall charge imports of the products concerned against their quota shares as and when the goods are entered with the customs authorities for free circulation.

4. The extent to which a Member State has used up its quota share shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 8

At the request of the Commission, Member States shall inform it of imports of the product concerned actually charged against their quota share.

Article 9

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 December 1987.

For the Council

The President

opening, allocating and providing for the administration of a Community tariff quota for 'Sljivovica' plum spirit falling within code ex 2208 90 33 of the combined nomenclature and originating in Yugoslavia (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Article 21 of the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽¹⁾, as supplemented by the Additional Protocol to that Agreement establishing new trade arrangements ⁽²⁾, provides that plum spirit under the name of 'Sljivovica' falling within code ex 2208 90 33 of the combined nomenclature and originating in Yugoslavia is to be imported into the Community at a duty of 0,3 ECU per hectolitre per % degree of alcohol plus 3 ECU per hectolitre, within the limits of an annual Community tariff quota of 5 420 hectolitres; whereas those products must be accompanied by a certificate of authenticity; whereas the quota in question should be opened for 1988;

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1988 the customs duty applicable to imports into the Community of the following products originating in Yugoslavia shall be suspended at the level indicated and within the limits of a Community tariff quota as shown below:

Order No	CN code	Description	Quota (hectolitres)	Quota duty
09.1503	ex 2208 90 33	— — — Plum, pear or cherry spirit (excluding liqueurs): — Plum spirit marketed under the name of Sljivovica, in containers holding two litres or less	5 420	0,3 ECU per hectolitre per % degree of alcohol plus 3 ECU per hectolitre

Within the limits of this tariff quota the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with Regulation (EEC) No 4150/87.

2. Imports of these products must be accompanied by a certificate of authenticity issued by the competent Yugoslav authority and conforming with the model annexed to this Regulation.

Article 2

1. A first part of the Community tariff quota referred to in Article 1 amounting to 3 620 hectolitres shall be allocated among certain Member States; without prejudice to Article 5, the quota shares shall be valid until 31 December 1988 and shall be as follow:

	(hectolitres)
Benelux	65
Denmark	15
Germany	3 530
France	5
United Kingdom	5

2. The second part of the quota, amounting to 1 800 hectolitres, shall constitute the reserve.

3. If an importer gives notification of imminent imports of the products concerned into the other Member States and applies to take advantage of the quota, the Member State concerned shall inform the Commission and draw an amount corresponding to its requirements to the extent that the available balance of the reserve so permits.

Article 3

1. If a Member State has used 90 % or more of its initial quota share as specified in Article 2 (1), or of that share less any portion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission and to the extent that the reserve so permits, draw a second share equal to 15 % of its initial share, rounded up where necessary to the next whole number.

2. If, after its initial quota share has been used up, a Member State has used up 90 % or more of its second share

as well, it shall, using the procedure provided for in paragraph 1 and to the extent that the reserve so permits, draw a third share equal to 7,5 % of its initial share, rounded up where necessary to the next whole number.

3. If, after its second share has been used up, a Member State has used 90 % or more of its third share, it shall, using the procedure provided for in paragraph 1, draw a fourth share equal to the third.

This process shall continue until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw smaller shares than those specified in the said paragraphs if there is reason to believe that they might not be used in full. Member States shall inform the Commission of their reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 December 1988.

Article 5

By 1 October 1988 at the latest Member States must return to the reserve the unused portion of their initial share which, on 15 September 1988, is in excess of 20 % of the initial volume. They may return a greater portion if there is reason to believe that it might not be used.

By 1 October 1988 at the latest Member States must notify the Commission of the total quantities of the products concerned imported on or before 15 September 1988 and charged against the Community quotas and of any portion of their initial share that they are returning to the reserve.

Article 6

The Commission shall keep account of the shares drawn by Member States pursuant to Articles 2 and 3 and shall inform each Member State of the extent to which the reserve has been used up as soon as it has been notified.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 December 1987.

It shall inform the Member States not later than 5 October 1988 of the state of the reserve following any return of quota shares pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available, and to this end shall notify the amount of that balance to the Member State making the final drawing.

Article 7

1. Member States shall take all appropriate measures to ensure that additional drawings of shares pursuant to Article 3 enable imports to be charged without interruption against their accumulated share of the Community quota.

2. Member States shall ensure that importers of the products concerned have free access to the quota shares allocated to them.

3. Member States shall charge imports of the products concerned against their quota shares as and when the goods are entered with the customs authorities for free circulation.

4. The extent to which a Member State has used up its quota share shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 8

At the request of the Commission, Member States shall inform it of imports of the products concerned actually charged against their quota share.

Article 9

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1988.

COUNCIL REGULATION (EEC) No 4189/87

of 21 December 1987

opening and providing for the administration of Community tariff quotas for sweet peppers,
frozen peas and garlic originating in Yugoslavia (1988)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Article 2 of the Additional Protocol to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia establishing new trade arrangements ⁽¹⁾ provides for the opening of Community tariff quotas for imports into the Community of:

- 1 200 tonnes of sweet peppers falling within code 0709 60 10 of the combined nomenclature,
- 1 300 tonnes of frozen peas falling within code 0710 21 00 of the combined nomenclature, and
- 300 tonnes of garlic falling within code 0703 20 00 of the combined nomenclature,

originating in Yugoslavia;

Whereas, within the limits of those tariff quotas, customs duties are to be dismantled over the same periods and at the same rates as provided for in Articles 75 and 268 of the Act of Accession of Spain and Portugal; whereas the quota duties for 1988 are equal to 72,7 % of the Common Customs Tariff duties; whereas, however, Council Regulation (EEC) No 4150/87 of 21 December 1987 laying down arrangements for Spain's and Portugal's trade with Yugoslavia and amending Regulation (EEC) No 449/86 and (EEC) No 2573/87 ⁽²⁾ provides that those Member States are to postpone application of the preferential arrangements for the products in question until 31 December 1989 and 31 December 1990 respectively; whereas this Regulation therefore applies only to the Community as constituted on 31 December 1985; whereas the Community tariff quotas in question should therefore be opened for 1988;

Whereas from 1 January 1988 the nomenclature used in the Common Customs Tariff will be replaced by the combined

nomenclature based on the International Convention on the Harmonized Commodity Description and Coding System; whereas this Regulation must therefore take account of that fact by using the combined nomenclature codes and, where appropriate, the Taric code numbers of the products concerned;

Whereas equal and continuous access to the quotas should be ensured for all Community importers and the rates laid down for the quotas should be applied consistently to all imports of the products in question into all Member States until the quotas are exhausted; whereas, however, the quotas should not in this case be allocated among the Member States, without prejudice to the drawing against the quota volumes of such quantities as they may need, under the conditions and according to the procedure laid down in Article 1(3); whereas this method of administration requires close cooperation between the Member States and the Commission and the latter must in particular be able to monitor the rate at which the quota is used and inform the Member States accordingly;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any operation concerning the administration of the quota share allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1988 the duties applicable to imports into the Community as constituted on 31 December 1985 of the following products originating in Yugoslavia shall be suspended at the levels indicated and within the limits of a Community tariff quota as shown below:

⁽¹⁾ OJ No L 389, 31. 12. 1987, p. 73.

⁽²⁾ OJ No L 389, 31. 12. 1987, p. 1.

3. If an importer gives notification of imminent imports of one of the products in question into a Member State and applies to take advantage of the corresponding quota, the Member State concerned shall inform the Commission and draw an amount corresponding to its requirements to the extent that the available balance of the quota so permits.

4. The shares drawn pursuant to paragraph 3 shall be valid until the end of the quota period.

Article 2

1. Member States shall take all appropriate measures to ensure that their drawings pursuant to Article 1 (3) enable imports to be charged without interruption against their accumulated shares of the Community quotas.

2. Member States shall ensure that importers of the products concerned have free access to the quotas for such time as the residual balance of the quota volumes so permits.

3. Member States shall charge imports of the products

concerned against their drawing as and when the goods are entered with the customs authorities for free circulation.

4. The extent to which the quotas have been used up shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 3

At the request of the Commission, Member States shall inform it of imports actually charged against the quotas.

Article 4

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 5

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

(Acts whose publication is not obligatory)

COUNCIL

DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE
MEMBER STATES, MEETING WITHIN THE COUNCIL

of 21 December 1987

establishing ceilings and Community supervision for imports of certain goods falling under the
ECSC Treaty originating in Yugoslavia (1988)

(87/612/ECSC)

THE REPRESENTATIVES OF THE GOVERNMENTS OF THE
MEMBER STATES OF THE EUROPEAN COAL AND STEEL
COMMUNITY, MEETING WITHIN THE COUNCIL,

In agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. From 1 January to 31 December 1988 imports into the Community of certain products originating in Yugoslavia and indicated in Article 3 of the Agreement between the Member States of the European Coal and Steel Community, of the one part, and the Socialist Federal Republic of Yugoslavia, of the other part ⁽¹⁾, shall be subject to annual ceilings and to Community supervision in the Community.

Within the limits of these tariff ceilings, the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated according to Decision 87/603/ECSC of the Representatives of the Governments of the Member States, meeting within the Council, and of the Commission of 21 December 1987 laying down the arrangements for Spain's and Portugal's trade with Yugoslavia in products falling under the ECSC Treaty and amending Decisions 86/69/ECSC and 87/456/ECSC ⁽²⁾.

The description of the goods referred to in the preceding subparagraph, their combined nomenclature codes and the levels of the indicative ceilings are given in the Annex hereto.

2. Amounts shall be set off against the ceilings as and when the goods are entered with customs authorities for free circulation and accompanied by a movement certificate conforming to the rules contained in Protocol 3 to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia ⁽³⁾.

Goods shall be set off against the ceilings only if the movement certificate has been submitted before the date on which customs duties are re-established.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 4.

3. As soon as the ceilings are reached at Community level, Member States may at any time, at the request of any one of them or of the Commission, and in respect of the whole of the Community, re-establish the levying of the customs duties applicable to third countries.

Within the framework of the foregoing provisions, the Commission shall coordinate the procedures for re-establishing the customs duties applicable to third countries, in particular by notifying the date common to the whole of the Community and directly applicable in each Member State. The notification shall be published in the *Official Journal of the European Communities*.

4. Member States shall forward to the Commission, not later than the 15th day of each month, statements of the

⁽¹⁾ OJ No L 41, 14. 2. 1983, p. 113.

⁽²⁾ OJ No L 389, 31. 12. 1987, p. 61.

⁽³⁾ OJ No L 41, 14. 2. 1983, p. 2.

amounts set off during the preceding month. They shall, if the Commission so requests, make up such statements for periods of 10 days and forward them within five clear days of expiry of the preceding 10-day period.

Article 2

Member States and the Commission shall cooperate closely to ensure that this Decision is complied with.

Article 3

Member States shall take all measures necessary to implement this Decision.

Done at Brussels, 21 December 1987.

The President

B. HAARDER
