SUPPLEMENTARY PROTOCOL

to the Agreement establishing an Association between the European Economic Community and Malta

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

of the one part,

and THE GOVERNMENT OF THE REPUBLIC OF MALTA,

of the other part,

HAVING REGARD to the Agreement establishing an Association between the European Economic Community and Malta signed at Valletta on 5 December 1970, hereinafter referred to as the 'Agreement';

CONSIDERING THAT trade arrangements between the Community and Malta have been governed by a system of autonomous arrangements since 1 January 1981;

CONSIDERING THAT the Community and Malta wish to strengthen still further their relations in order to take account of the new dimension created by the accession to the European Communities of Spain and Portugal on 1 January 1986, and that Article 17 of the Protocol to the Agreement signed on 4 March 1976 provides for the possibility of improvements in its rules applying to agricultural products;

CONSIDERING THAT there is also room for improvement of other provisions of the Agreement;

CONSIDERING THAT certain measures should be taken to allow Malta's traditional export trade with the Community to be maintained;

HAVE DECIDED to conclude a Protocol extending the first stage of the Agreement and adapting certain provisions thereof, and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

Constantinos LYBEROPOULOS,

Ambassador Extraordinary and Plenipotentiary,

Permanent Representative of the Hellenic Republic,

Chairman of the Permanent Representatives Committee;

Jean DURIEUX,

Special Adviser in the Directorate-General for External Relations of the Commission of the European Communities;

THE GOVERNMENT OF THE REPUBLIC OF MALTA:

Joseph LICARI,

Ambassador Extraordinary and Plenipotentiary,

Permanent Delegate of the Republic of Malta to the European Economic Community,

WHO, having exchanged their full powers, found in good and due form,

HAVE AGREED AS FOLLOWS:

Article 1

1. The first stage of the Agreement is hereby extended until 31 December 1990.
2. 12 months before the end of the first stage, as extended under paragraph 1, negotiations shall take place to define the content of the second stage in accordance with the provisions of the Agreement.
3. Notwithstanding the expiry of the first stage on 31 December 1990, the provisions of Article 2 shall continue to apply.

Article 2

1. Customs duties applicable under the Agreement to imports into the Community of products originating in Malta and listed in Annex I to this Protocol shall be phased out over the same periods and at the same rates as provided in the Act of Accession of Spain and Portugal in respect of imports into the Community, as constituted on 31 December 1985, of the same products from Spain and Portugal. This provision shall be applied in accordance with the rules set out in this Article.

When the level of customs duty in force for imports into the Community, as constituted on 31 December 1985, from Spain differs from that for Portugal, products originating in Malta shall be subject to the higher of the two rates.

2. Where the customs duty on a product is lower for Malta than for Spain, Portugal, or both, phasing out of the duty shall commence once the duty on the product from both Spain and Portugal has fallen below that applying to imports originating in Malta.

3. For the purpose of eliminating customs duties, reference quantities are established in Annex I for certain products originating in Malta.

Should imports of these products exceed the reference quantity, the Community, having regard to the annual review of trade flows which it shall carry out, may make the products in question subject to a Community tariff quota, the volume of which shall be equal to the reference quantity.

4. For products listed in Annex I, other than those referred to in paragraph 3, the Community may establish a reference quantity as provided for in paragraph 3 if it discovers, in the light of the annual review of trade flows which it shall carry out, that the volume of imports threatens to cause difficulties on the Community market.

Article 3

1. The goods mentioned below, which result from the processing of agricultural products, originating in Malta, are admitted with exemption from the fixed component which is otherwise imposed on the import of such products into the Community:

CN code	Description
1704 10	Chewing gum, whether or not sugar-coated
ex 1704 90 51	Sugar fondant, composed of a blend of sucrose, glucose syrup (ratio 4:1) and water

2. The goods referred to in paragraph 1 are deleted from List A of Annex I to the Agreement.

Article 4

1. A Trade and Economic Cooperation Committee shall be set up for the purpose of improving the operation of the institutional mechanisms of the Agreement.

The Committee shall, at the technical level, facilitate:

- the regular exchange of information on trade and production data and forecasts,
- the regular exchange of information on the scope for cooperation in areas covered by the Agreement.

The chairmanship of this Committee is exercised in turn by a representative of the Commission of the European Communities and a representative of Malta.

2. The Association Council shall lay down as soon as possible the composition and procedure of the Committee referred to in paragraph 1 pursuant to Article 14 (3) of the Agreement.

Article 5

1. This Protocol and its Annexes shall form an integral part of the Agreement.

2. This Protocol shall require ratification, acceptance or approval in accordance with the procedure in force for each of the Contracting Parties, who shall notify each other of the completion of the procedure necessary to that end.

3. This Protocol shall enter into force on the first day of the second month following the date on which the notification referred to in paragraph 2 has been effected.

The Contracting Parties are agreed that, should the entry into force of the Protocol not coincide with the start of the calendar year, the quantitative limits referred to in Article 2 of the said Protocol shall be applied on a *pro rata* basis.

The Contracting Parties are further agreed that the charging against quantitative limits of Community imports of products originating in Malta and subject to such limits under the Protocol shall begin on 1 January of each year.

The members of this working party will be designated by the governments of the main exporting and importing countries.

The working party, chaired by the Commission, would meet at least three times a year and in particular before sowing takes place in the exporting countries, and at the time of deliveries.

These meetings would enable the main potato-exporting countries to be informed about the receiving markets and about competing markets, and their purposes would be to draw up indicative export timetables designed to prevent deliveries being concentrated around sensitive periods for the Community market.

2. By way of derogation from paragraph 1:

Section III

Canary Islands and Ceuta and Melilla

Article 11

1. Without prejudice to the following provisions, the arrangements for trade between the Canary Islands and Ceuta and Melilla on the one hand and Malta on the other shall be the same as those for trade between the Community and Malta, provided the Republic of Malta accords products originating in the Canary Islands and Ceuta and Melilla the same treatment it accords those from the Community.

2. Customs duties applied by the Canary Islands and Ceuta and Melilla to products other than those listed in Annex II to the Treaty establishing the European Economic Community and the charge known as 'arbitrio insular — tarifa general' existing in the Canary Islands shall be dismantled in respect of products originating in Malta in accordance with the same timetable and arrangements indicated in Article 2, 3 and 4.

3. Customs duties existing in the Canary Islands and in Ceuta and Melilla with regard to products listed in Annex II to the Treaty establishing the European Economic Community and originating in Malta shall be aligned progressively on the preferential duties applied by the Community in respect of such products subject to the provision that those territories may accord more favourable treatment to such products than the Community does.

In no case, shall duties be dismantled at a faster rate or otherwise than is laid down in Articles 2, 3 and 4.

4. The charge known as 'arbitrio insular — tarifa especial' in the Canary Islands shall be abolished in respect of products originating in Malta as from the entry into force of this Protocol.

However, the said charge may be retained in respect of imports of the products listed in Annex VII at 90 % of the rate therein indicated provided the lower rate is applied uniformly to all imports of the products in question originating in Malta. The charge shall be abolished when it is abolished *vis-à-vis* the Community.

The said charge may at no time be higher than the Spanish customs tariff as amended with a view to the phasing-in of the Common Customs Tariff.
