COMMISSION REGULATION (EEC) No 197/90

of 17 January 1990

amending Council Regulation (EEC) No 3626/82 on the implementation in the Community of the Convention on international trade in endangered species of wild fauna and flora

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Community⁽³⁾; whereas that Regulation should therefore be repealed;

Having regard to the Treaty establishing the European Economic Community,

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee on the Convention on International Trade in Endangered Species of Wild Fauna and Flora,

Having regard to Council Regulation (EEC) No 3626/82 of 3 December 1982 on the implementation in the Community of the Convention on international trade in endangered species of wild fauna and flora⁽¹⁾, as last amended by Regulation (EEC) No 610/89⁽²⁾, and in particular Article 4 thereof,

HAS ADOPTED THIS REGULATION:

Article 1

Whereas at the seventh session of the conference of the parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora, held in Lausanne from 9 to 20 October 1989, amendments were made to Appendices I and II to the Convention; whereas amendments were made to Appendix III to the Convention; whereas Appendices I, II and III of Annex A to Regulation (EEC) No 3626/82 should now be amended to incorporate the amendments accepted by the Member States, parties to the present Convention, and parts 1 and 2 of Annex C to that Regulation should be altered;

Appendices I, II and III of Annex A and parts 1 and 2 of Annex C to Regulation (EEC) No 3626/82 are hereby replaced by the Annexes to this Regulation.

Article 2

Commission Regulation (EEC) No 2496/89 is hereby repealed.

Article 3

Whereas this Regulation covers, *inter alia*, the measures provided for in Commission Regulation (EEC) 2496/89 of 2 August 1989 on a prohibition on importing raw and worked ivory derived from the African elephant into the

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 18 January 1990.

ANNEX A

Appendices I and II⁽¹⁾⁽²⁾**Interpretation**

1. Species included in these appendices are referred to:
 - a) 'by the name of the species; or
 - b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation 'spp.' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. The abbreviation 'p.e.' is used to denote species that are possibly extinct.
5. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix I and that these populations, subspecies or species are excluded from Appendix II.
6. Two asterisks (**) placed against the name of a species or higher taxon indicate that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix II and that these populations, subspecies or species are excluded from Appendix I.
7. The symbol (–) followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, species, groups of species or families of that species or taxon are excluded from the appendix concerned, as follows:
 - 101 Population of West Greenland
 - 102 Populations of Bhutan, India, Nepal and Pakistan
 - 103 Population of the Union of Soviet Socialist Republics
 - 104 Population of China
 - 105 Population of Australia
 - 106 Population of the United States of America
 - 107 — *Chile*: part of the population of Parinacota Province, I.a. Region of Tarapacá
 - *Peru*: populations of Pampa Galeras National Reserve and Nuclear Zone, Pedregal, Osconta and Sawacocha (Province of Lucanas), Sais Picotani (Province of Azangaro), Sais Tupac Amaru (Province of Janin), and of Salinas Aguada Blanca National Reserve (Provinces of Arequipa and Cailloma)
 - 108 Populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan
 - 109 Cathartidae
 - 110 Population of the United States of America
 - 111 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*

⁽¹⁾ The entries '(C1)' and '(C2)' after the name of species or a higher taxon show that one or more subspecies or species of that species or higher taxon, appear in part 1 or 2 of Annex C to the Regulation.

⁽²⁾ The translations of the Latin names are given as a guide only.

10. The symbol (°) followed by a number placed against the name of a species or higher taxon shall be interpreted as follows:

°501 For the exclusive purpose of allowing international trade in cloth made from wool sheared from live vicuñas of the populations included in Appendix II (see + 209), and of items thereof. The reverse side of the cloth must bear the logotype adopted by the range states of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages either the words VICU ANDES-CHILE or the words VICU ANDES-PERU, depending of the country of origin of the cloth.

°502 Fossils are not subject to CITES provisions.

11. In accordance with Article I, paragraph b (iii), of the Convention, the symbol (≠) followed by a number placed against the name of a species or higher taxon included in Appendix II designates parts of derivatives which are specified in relation thereto for the purposes of the Convention as follows:

≠1 Designates all parts and derivatives, except:

- a) seeds, spores and pollen (including pollinia); and
- b) tissue cultures and flasks seedling cultures.

≠2 Designates all parts and derivatives, except:

- a) seeds and pollen;
- b) tissue cultures and flasks seedling cultures; and
- c) chemical derivatives.

≠3 Designates roots and readily recognizable parts thereof.

≠4 Designates all parts and derivatives, except:

- a) seeds and pollen;
- b) tissue cultures and flasks seedling cultures;
- c) fruits and parts and derivatives thereof of naturalized or artificially propagated plants; and
- d) separate stem joints (pads) and parts and derivatives thereof of naturalized or artificially propagated *Opuntia* subgenus *Opuntia* spp.

≠5 Designates all parts and derivatives, except:

- a) seeds and pollen;
- b) tissue cultures and flaked seedling cultures; and
- c) separate leaves and parts and derivatives thereof of naturalized or artificially propagated *Aloe vera*.

≠6 Designates all parts and derivatives, except:

- a) seeds and pollen (including pollinia);
- b) tissue cultures and flaked seedling cultures;
- c) cut flowers of artificially propagated plants; and
- d) fruits and parts and derivatives thereof of artificially propagated *Vanilla* spp.

12. As none of the species or higher taxa of flora included in Appendix I are annotated, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation in accordance with Resolution Conf. 6.19, paragraph a).

Interpretation

1. References to taxa higher than species are for the purpose of information or classification only.
2. Two asterisks (**) placed against the name of a species indicate that one subspecies is included in Appendix II and that this subspecies is excluded from Appendix III.
3. The symbol (=) followed by a number placed against the name of a species denotes that the name of that species shall be interpreted as follows:

- = 382 Includes synonym *Tamandua mexicana*
- = 383 Includes synonym *Cabassous gymnurus*
- = 384 Includes synonym *Manis longicaudata*
- = 385 Includes generic synonym *Coendou*
- = 386 Includes generic synonym *Cuniculus*

- = 403 Also referenced as *Columba mayeri*
- = 404 Also referenced as *Treron australis* (in part)
- = 405 Also referenced as *Calopelia brehmeri*; includes synonym *Calopelia puella*
- = 406 Also referenced as *Tympanistria tympanistria*
- = 407 Also referenced as *Terpsiphone bourbonensis*
- = 408 Also referenced as *Estrilda subflava* or *Sporaeginthus subflavus*
- = 409 Also referenced as *Estrilda larvata*; includes synonym *Lagonosticta vinacea*
- = 410 Includes generic synonym *Spermestes*
- = 411 Also referenced as *Euodice cantans*
- = 412 Also referenced as *Hypargos nitidulus*
- = 413 Includes synonym *Parmoptila rubrifrons*

(1) The entries '(C1)' and '(C2)' after the name of a species or a higher taxon show that one or more subspecies or species of that species or taxon appear in part 1 or 2 of Annex C to the Regulation.

(2) The translations of the Latin names are given as a guide only.

- = 414 Includes synonyms *Pyrenestes frommi* and *Pyrenestes rothschildi*
