COMMISSION REGULATION (EEC) No 673/90

of 20 March 1990

fixing the import levies on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 201/90 ⁽²⁾, and in particular Article 13 (5) thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy ⁽³⁾, as last amended by Regulation (EEC) No 1636/87 ⁽⁴⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the import levies on cereals, wheat and rye flour, and wheat groats and meal were fixed by Commission Regulation (EEC) No 1915/89 ⁽⁵⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Regulation (EEC) No 1676/85,
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas these exchange rates being those recorded on 19 March 1990;

Whereas the aforesaid corrective factor affects the entire calculation basis for the levies, including the equivalence coefficients;

Whereas Council Regulation (EEC) No 486/85 ⁽⁶⁾, as last amended by Regulation (EEC) No 3530/89 ⁽⁷⁾, lays down the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States or in the overseas countries and territories; whereas the Council has not yet been able formally to adopt the Regulation intended to replace Regulation (EEC) No 486/85; whereas, in order to avoid discontinuity in the arrangements applying, the application of the arrangements laid down in Regulation (EEC) No 486/85 should be contained as a precaution and without prejudice to the definitive arrangements to be adopted subsequently by the Council;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 1915/89 to today's offer prices and quotations known to the Commission that the levies at present in force should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 21 March 1990.

⁽¹⁾ OJ No L 281, 1. 11. 1975, p. 1.

⁽²⁾ OJ No L 22, 27. 1. 1990, p. 7.

⁽¹⁾ Where durum wheat originating in Morocco is transported directly from that country to the Community, the levy is reduced by ECU 0,60/tonne.

⁽²⁾ In accordance with Regulation (EEC) No 486/85 the levies are not applied to products imported directly into the French overseas departments, originating in the African, Caribbean and Pacific States or in the 'overseas countries and territories'.

⁽³⁾ Where maize originating in the ACP or OCT is imported into the Community the levy is reduced by ECU 1,81/tonne.

⁽⁴⁾ Where millet and sorghum originating in the ACP or OCT is imported into the Community the levy is reduced by 50 %.

⁽⁵⁾ Where durum wheat and canary seed produced in Turkey are transported directly from that country to the Community, the levy is reduced by ECU 0,60/tonne.

⁽⁶⁾ The import levy charged on rye produced in Turkey and transported directly from that country to the Community is laid down in Council Regulation (EEC) No 1180/77 (OJ No L 142, 9. 6. 1977, p. 10) and Commission Regulation (EEC) No 2622/71 (OJ No L 271, 10. 12. 1971, p. 22).

⁽⁷⁾ The levy applicable to rye shall be charged on imports of the product falling within CN code 1008 90 10 (triticale).

COMMISSION REGULATION (EEC) No 674/90

of 20 March 1990

fixing the premiums to be added to the import levies on cereals, flour and malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 201/90 ⁽²⁾, and in particular Article 15 (6) thereof,Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the exchange rates to be applied for the purposes of the common agricultural policy ⁽³⁾, as last amended by Regulation (EEC) No 1636/87 ⁽⁴⁾, and in particular Article 3 thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the premiums to be added to the levies on cereals and malt were fixed by Commission Regulation (EEC) No 1916/89 ⁽⁵⁾ and subsequent amending Regulations;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Regulation (EEC) No 1676/85,

- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas these exchange rates being those recorded on 19 March 1990;

Whereas, on the basis of today's cif prices and cif forward delivery prices, the premiums at present in force, which are to be added to the levies, should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

1. The premiums referred to in Article 15 of Regulation (EEC) No 2727/75 to be added to the import levies fixed in advance in respect of cereals and malt coming from Portugal shall be zero.
2. The premiums referred to in Article 15 of Regulation (EEC) No 2727/75 to be added to the import levies fixed in advance in respect of cereals and malt coming from third countries shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 21 March 1990.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 March 1990.

COMMISSION REGULATION (EEC) No 675/90

of 20 March 1990

fixing for Great Britain the level of the variable slaughter premium for sheep
and the amounts to be charged on products leaving region 1

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 3013/89 of 25 September 1989 on the common organization of the market in sheepmeat and goatmeat⁽¹⁾,

Having regard to Commission Regulation (EEC) No 1633/84 of 8 June 1984 laying down detailed rules for applying the variable slaughter premium for sheep and repealing Regulation (EEC) No 2661/80⁽²⁾, as last amended by Regulation (EEC) No 1075/89⁽³⁾, and in particular Articles 3 (1) and 4 (1) thereof,

Whereas the United Kingdom is the only country which grants the variable slaughter premium, in region 5, within the meaning of Article 22 (2) of Regulation (EEC) No 3013/89 whereas it is necessary therefore for the Commission to fix, for the week beginning 26 February 1990, the level of the premium and the amount to be charged on products leaving that region;

Whereas Article 3 (1) of Regulation (EEC) No 1633/84 stipulates that the level of the variable slaughter premium is to be fixed each week by the Commission;

Whereas Article 4 (1) of Regulation (EEC) No 1633/84 lays down that the amount to be charged on products leaving region 1 shall be fixed weekly by the Commission;

Whereas in the Annex to Commission Regulation (EEC) No 3618/89 of 1 December 1989 on the application of the guarantee limitation arrangements for sheepmeat and goatmeat⁽⁴⁾ the weekly amounts of the guide level are set out pursuant to Article 25 of Regulation (EEC) No 3013/89;

Whereas, pursuant to the provisions of Article 24 (2) and (3) of Regulation (EEC) No 3013/89, for the week beginning 26 February 1990, the variable slaughter premium

for sheep certified as eligible in the United Kingdom is to be in accordance with the amounts fixed in the Annexes hereto; whereas, for that week, in the light of the Judgment of the Court of Justice of 2 February 1988 in Case 61/86, the provisions of Article 9 (5) of Regulation (EEC) No 3013/89 and of Article 4 of Regulation (EEC) No 1633/84 lead to the amounts to be charged on products, leaving region 12, being fixed in accordance with those Annexes;

Whereas, as regards the controls necessary for the application of the provisions relating to the said amounts, the system of controls provided for by Regulation (EEC) No 1633/84 should be maintained without prejudice to the preparation of any more specific provisions;

HAS ADOPTED THIS REGULATION:

Article 1

For sheep or sheepmeat certified as eligible in the United Kingdom in region 1, within the meaning of Article 22 (2) of Regulation (EEC) No 3013/89, for the variable slaughter premium during the week beginning 26 February 1990, the level of the premium is fixed at ECU 55,521 per 100 kilograms of estimated or actual dressed carcase weight within the limits laid down by Article 1 (1) (b) of Regulation (EEC) No 1633/84.

Article 2

For products referred to in Article 1 (a) and (c) of Regulation (EEC) No 3013/89 which left the territory of region 1 during the week beginning 26 February 1990, the amounts to be charged shall be equivalent to those fixed in the Annexes hereto.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 26 February 1990.

COMMISSION REGULATION (EEC) No 676/90
of 20 March 1990

on the sale by the procedure laid down in Regulation (EEC) No 2539/84 of beef held by certain intervention agencies and intended for export, amending Regulation (EEC) No 569/88 and repealing Regulation (EEC) No 431/90

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EEC) No 571/89⁽²⁾, and in particular Article 7 (3) thereof,

Whereas Commission Regulation (EEC) No 2539/84 of 5 September 1984 laying down detailed rules for certain sales of frozen beef held by the intervention agencies⁽³⁾, as amended by Regulation (EEC) No 1809/87⁽⁴⁾, has provided for the possibility of applying a two-stage procedure when selling beef from intervention stocks;

Whereas Commission Regulation (EEC) No 2824/85 of 9 October 1985 laying down detailed rules for the sale of frozen boned beef from intervention stocks for export, either in the same state or after cutting and/or repackaging⁽⁵⁾ has provided for repackaging under certain conditions;

Whereas certain intervention agencies hold large stocks of intervention meat; whereas an extension of the period of storage for the meat bought in should be avoided on account of the ensuing high costs; whereas as there are outlets in certain third countries for the products concerned, part of that meat should be put up for sale in accordance with Regulations (EEC) No 2539/84 and (EEC) No 2824/85;

Whereas, in view of certain special features of the sale and in particular for the purposes of control, a minimum quantity should be set per offer or purchase application;

Whereas it is necessary to lay down a time limit for export of the said meat; whereas this time limit should be fixed by taking into account Article 5 (b) of Commission Regulation (EEC) No 2377/80 of 4 September 1980 on special detailed rules for the application of the system of import and export licences in the beef and veal sector⁽⁶⁾, as last amended by Regulation (EEC) No 252/90⁽⁷⁾;

Whereas in order to ensure that beef sold is exported to the intended destination the lodging of security, as speci-

fied in of Article 5 (a) of Regulation (EEC) No 2539/84, should be required;

Whereas it is appropriate to specify that, in view of the prices which have been fixed in the context of this sale in order to permit the disposal of certain cuts, exports of such cuts should not be eligible for the refunds periodically fixed in the beef and veal sector;

Whereas products held by intervention agencies and intended for export are subject to the provisions of Commission Regulation (EEC) No 569/88⁽⁸⁾, as last amended by Regulation (EEC) No 454/90⁽⁹⁾; whereas the Annex to the said Regulation should be modified;

Whereas Commission Regulation (EEC) No 431/90⁽¹⁰⁾ should be repealed;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. A sale shall be organized of approximately 40 000 tonnes of boneless beef held by the Irish agency and bought in before 1 February 1990.

2. This meat must be imported into one more of the countries indicated in Annex I.

3. Subject to the provisions of this Regulation, the sale shall take place in accordance with the provisions of Regulation (EEC) No 2539/84 and (EEC) No 2824/85.

The provisions of Commission Regulation (EEC) No 985/81⁽¹¹⁾ shall not apply to this sale.

4. An offer shall be valid only if it relates to a minimum quantity of 3 500 tonnes.

The offer shall relate to a lot comprising all the cuts referred to in Annex I in the percentages stated therein and shall contain a single price per 100 kilograms of the lot made up in this fashion.

⁽⁹⁾ OJ No L 47, 23. 2. 1990, p. 21.

⁽¹⁰⁾ OJ No L 45, 21. 2. 1990, p. 18.

⁽¹¹⁾ OJ No L 99, 10. 4. 1981, p. 38.

5. The qualities and the minimum prices referred to in Article 3 (1) of Regulation (EEC) No 2539/84 are given in Annex II hereto.

6. Only those tenders shall be taken into consideration which reach the intervention agencies concerned not later than 12 noon on 27 March 1990.

7. Particulars of the qualities and the places where the products are stored may be obtained by interested parties at the addresses given in Annex IV.

Article 2

The products referred to in Article 1 must be exported within five months from the date of conclusion of the contract of sale.

Article 3

1. The security provided for in Article 5 (1) of Regulation (EEC) No 2539/84 shall be ECU 100 per 100 kilograms.

2. The security provided for in Article 5 (2) (a) of Regulation (EEC) No 2539/84 shall be ECU 400 per 100 kilograms of boneless beef.

Article 4

No export refund shall be granted on meat referred to under (b) in Annex II.

Article 5

In part I of the Annex to Regulation (EEC) No 569/88, 'Products to be exported in the same state as that in which they were when removed from intervention stock', the following item and footnote are added:

(59) Commission Regulation (EEC) No 676/90 of 20 March 1990 on the sale by procedure laid down in Regulation (EEC) No 2539/84 of beef held by certain intervention agencies and intended for export ⁽⁵⁹⁾.

⁽⁵⁹⁾ OJ No L 75, 21. 3. 1990, p. 8.

Article 6

Regulation (EEC) No 431/90 is hereby repealed.

Article 7

This Regulation shall enter into force on 21 March 1990.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 March 1990.

COMMISSION REGULATION (EEC) No 677/90**of 20 March 1990****fixing the import levies on white sugar and raw sugar**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector ⁽¹⁾, as last amended by Regulation (EEC) No 1069/89 ⁽²⁾, and in particular Article 16 (8) thereof,

Whereas the import levies on white sugar and raw sugar were fixed by Commission Regulation (EEC) No 1920/89 ⁽³⁾, as last amended by Regulation (EEC) No 657/90 ⁽⁴⁾;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 1920/89 to the information known to the Commission that the levies at present in force should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies referred to in Article 16 (1) of Regulation (EEC) No 1785/81 shall be, in respect of white sugar and standard quality raw sugar, as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 21 March 1990.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 March 1990.

ANNEX

to the Commission Regulation of 20 March 1990 fixing the import levies on white sugar and raw sugar

(ECU/100 kg)

CN code	Levy
1701 11 10	27,91 ⁽¹⁾
1701 11 90	27,91 ⁽¹⁾
1701 12 10	27,91 ⁽¹⁾
1701 12 90	27,91 ⁽¹⁾
1701 91 00	32,05
1701 99 10	32,05
1701 99 90	32,05 ⁽²⁾

⁽¹⁾ Applicable to raw sugar with a yield of 92 % ; if the yield is other than 92 %, the levy applicable is calculated in accordance with the provisions of Article 2 of Commission Regulation (EEC) No 837/68 (OJ No L 151, 30. 6. 1968, p. 42).

⁽²⁾ In accordance with Article 16 (2) of Regulation (EEC) No 1785/81 this amount is also applicable to sugar obtained from white and raw sugar containing added substances other than flavouring or colouring matter.

COMMISSION REGULATION (EEC) No 678/90
of 20 March 1990
fixing the amount of the subsidy on oil seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 2902/89⁽²⁾, and in particular Article 27 (4) thereof,

Having regard to Council Regulation (EEC) No 1678/85 of 11 June 1985 fixing the conversion rates to be applied in agriculture⁽³⁾, as last amended by Regulation (EEC) No 631/90⁽⁴⁾,

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza, rape and sunflower seed⁽⁵⁾, as last amended by Regulation (EEC) No 2216/88⁽⁶⁾, and in particular Article 2 (3) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas the amount of the subsidy referred to in Article 27 of Regulation No 136/66/EEC was fixed by Commission Regulation (EEC) No 588/90⁽⁷⁾, as last amended by Regulation (EEC) No 661/90⁽⁸⁾;

Whereas, in the absence of the target price for the 1990/91 marketing year for colza and rape seed, the abatement of the subsidy from the system of maximum guaranteed quantities, the amount of the subsidy in the case of advance fixing for this period for colza and rape seed has been obtainable only provisionally on the basis of the latest proposals from the Commission to the Council on price and abatement; whereas this amount may, therefore, be applied on a temporary basis and should be confirmed or replaced when the indicative

prices and where appropriate, the effects of the application of the system of maximum guaranteed quantities of the 1990/91 marketing year are known;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 588/90 to the information known to the Commission that the amount of the subsidy at present in force should be altered to the amount set out in the Annexes hereto,

HAS ADOPTED THIS REGULATION:

Article 1

1. The amount of the subsidy and the exchange rate referred to in Article 33 (2) and (3) of Commission Regulation (EEC) No 2681/83⁽⁹⁾ are as set out in the Annexes hereto.

2. The amount of the compensatory aid referred to in Article 14 of Council Regulation (EEC) No 475/86⁽¹⁰⁾ is as set out in Annex III for sunflower seed harvested in Spain.

3. The amount of the special subsidy provided for by Council Regulation (EEC) No 1920/87⁽¹¹⁾ for sunflower seed harvested and processed in Portugal is as set out in Annex III.

4. However, the amount of the subsidy in the case of advance fixing for the 1990/91 marketing year for colza, and rape seed will be confirmed or replaced as from 21 March 1990 to take into account the target price, and where appropriate, the effects for the 1990/91 marketing year of the application of the system of maximum guaranteed quantities for colza and rape seed for this marketing year.

Article 2

This Regulation shall enter into force on 21 March 1990.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 March 1990.

(Acts whose publication is not obligatory)

COMMISSION

COMMISSION DIRECTIVE

of 23 February 1990

relating to plastics materials and articles intended to come into contact with foodstuffs

(90/128/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 89/109/EEC of 21 December 1989 on the approximation of the laws of the Member States relating to materials and articles intended to come into contact with foodstuffs ⁽¹⁾, and in particular Article 3 thereof,

Whereas Article 2 of Directive 89/109/EEC lays down that materials and articles, in their finished state, must not transfer their constituents to foodstuffs in quantities which could endanger human health or bring about an unacceptable change in the composition of the foodstuffs;

Whereas, in order to achieve this objective in the case of plastics materials and articles, a suitable instrument is a specific Directive within the meaning of Article 3 of Directive 89/109/EEC, the general provisions of which are also applicable to the case in question;

Whereas the scope of this Directive must coincide with that of Council Directive 82/711/EEC ⁽²⁾;

Whereas since the rules established in this Directive are not suitable for ion-exchange resins, these materials and articles will be covered by a subsequent specific Directive;

Whereas the establishment of a list of approved substances accompanied by a limit on overall migration and, where necessary, by other specific restrictions will be sufficient to achieve the objective laid down in Article 2 of Directive 89/109/EEC;

Whereas the stage reached in the work at Community level does not yet permit adoption of a complete list of the authorized substances applicable to all types of plastics materials and articles and therefore the substances which are currently used in at least one Member State can continue to be used pending a decision on inclusion in the Community list; whereas this Directive will accordingly be extended in due course to the substances and sectors provisionally excluded;

Whereas the overall migration limit is a measure of the inertness of the material and prevents an unacceptable change in the composition of the foodstuffs, and, moreover, reduces the need for a large number of specific migration limits or other restrictions, thus giving effective control;

Whereas Directive 82/711/EEC lays down the basic rules necessary for testing migration of the constituents of plastics materials and articles and Council Directive 85/572/EEC ⁽³⁾ establishes the list of simulants to be used in the migration tests;

⁽¹⁾ OJ No L 40, 11. 2. 1989, p. 38.

⁽²⁾ OJ No L 297, 23. 10. 1982, p. 26.

⁽³⁾ OJ No L 372, 31. 12. 1985, p. 14.

Whereas Council Directive 78/142/EEC⁽¹⁾ lays down limits for the quantity of vinyl chloride present in plastics materials and articles prepared with this substance and for the quantity of vinyl chloride released by these materials and articles, and Directives 80/766/EEC⁽²⁾ and 81/432/EEC⁽³⁾ establish the Community methods of analysis for controlling these limits;

Whereas Commission Directive 80/590/EEC⁽⁴⁾ determines the symbol that may accompany any material and article intended to come into contact with foodstuffs;

Whereas in view of potential liability, there is a need for the written declaration provided for in Article 6 (5) of Directive 89/109/EEC whenever professional use is made of plastics materials and articles which are not by their nature clearly intended for food use;

Whereas, in accordance with Article 3 of Directive 89/109/EEC, the Scientific Committee for Food has been consulted on the provisions liable to affect public health;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Standing Committee on Foodstuffs,

HAS ADOPTED THIS DIRECTIVE:

Article 1

1. This Directive is a specific Directive within the meaning of Article 3 of Directive 89/109/EEC.

2. This Directive shall apply to plastics materials and articles and parts thereof:

- (a) consisting exclusively of plastics, or
- (b) composed of two or more layers of materials, each consisting exclusively of plastics, which are bound together by means of adhesives or by any other means,

which, in the finished product state, are intended to come into contact or are brought into contact with foodstuffs and are intended for that purpose.

3. For the purposes of this Directive, 'plastics' shall mean the organic macromolecular compounds obtained by polymerization, polycondensation, polyaddition or any other similar process from molecules with a lower molecular weight or by chemical alteration of natural macromolecules. Silicones and other similar macromolecular compounds shall also be regarded as plastics. Other substances or matter may be added to such macromolecular compounds.

However, the following shall not be regarded as plastics:

- (i) varnished or unvarnished regenerated cellulose film, covered by Council Directive 83/229/EEC⁽⁵⁾, as amended by Directive 86/388/EEC⁽⁶⁾;
- (ii) elastomers and natural and synthetic rubber;
- (iii) paper and paperboard, whether modified or not by the addition of plastics;
- (iv) surface coatings obtained from:
 - paraffin waxes, including synthetic paraffin waxes, and/or micro-crystalline waxes,
 - mixtures of the waxes listed in the first indent with each other and/or with plastics;
- (v) ion-exchange resins.

4. This Directive shall not apply, until further action by the Commission, to materials and articles composed of two or more layers, one or more of which does not consist exclusively of plastics, even if the one intended to come into direct contact with foodstuffs does consist exclusively of plastics.

Article 2

Plastics materials and articles shall not transfer their constituents to foodstuffs in quantities exceeding 10 milligrams per square decimetre of surface area of material or article (mg/dm²) (overall migration limit). However, this limit shall be 60 milligrams of the constituents released per kilogram of foodstuff (mg/kg) in the following cases:

- (a) articles which are containers or are comparable to containers or which can be filled, with a capacity of not less than 500 millilitres (ml) and not more than 10 litres (l);
- (b) articles which can be filled and for which it is impracticable to estimate the surface area in contact with foodstuffs;
- (c) caps, gaskets, stoppers or similar devices for sealing.

Article 3

1. Only those monomers and other starting substances listed in Annex II, Sections A and B may be used for the manufacture of plastics materials and articles subject to the restrictions specified.

2. From the date of notification of this Directive, the list in Annex II, Section A may be amended:

- either by adding substances listed in Annex 2, Section B, according to the criteria in Annex II of Directive 89/109/EEC, or
- by including 'new substances', i.e. substances which are listed neither in Section A nor in Section B of Annex 2, according to Article 3 of Directive 89/109/EEC.

⁽¹⁾ OJ No L 44, 15. 2. 1978, p. 15.

⁽²⁾ OJ No L 213, 16. 8. 1980, p. 42.

⁽³⁾ OJ No L 167, 24. 6. 1981, p. 6.

⁽⁴⁾ OJ No L 151, 19. 6. 1980, p. 21.

⁽⁵⁾ OJ No L 123, 11. 5. 1983, p. 31.

⁽⁶⁾ OJ No L 228, 14. 8. 1986, p. 32.

3. From the date of notification of this Directive no Member State shall authorize any new substance for use within its territory except under the procedure in Article 4 of Directive 89/109/EEC.

4. As from 1 January 1993, only those monomers and other starting substances listed in Annex II, Section A shall be used for the manufacture of plastics materials and articles, subject to the restrictions specified therein. However, before 1 January 1992 it may be decided that, in some justified cases, for certain substances listed in Annex II, section B, this time limit will be postponed.

5. However the lists appearing in Annex II, Sections A and B do not yet include monomers and other starting substances used only in the manufacture of:

- surface coatings obtained from resinous or polymerized products in liquid, powder or dispersion form, such as varnishes, lacquers, paints, etc.,
- silicones,
- epoxy resins,
- products obtained by means of bacterial fermentation,
- adhesives and adhesion promoters,
- printing inks.

Article 4

The specific migration limits in the list set out in Annex II are expressed in mg/kg. However, such limits are expressed in mg/dm² in the following cases:

- (a) articles which are containers or are comparable to containers or which can be filled, with a capacity of less than 500 ml or more than 10 l;
- (b) sheet, film or other materials which cannot be filled or for which it is impracticable to estimate the relationship between the surface area of such materials and the quantity of foodstuff in contact therewith.

In these cases, the limits set out in Annex II, expressed in mg/kg shall be divided by the conventional conversion factor of 6 in order to express them in mg/dm².

Article 5

1. Verification of compliance with the migration limits shall be carried out in accordance with the rules laid

down in Directives 82/711/EEC and 85/572/EEC and the further provisions set out in Annex I.

2. The verification of compliance with the specific migration limits provided for in paragraph 1 shall not be compulsory, if it can be established that compliance with the overall migration limit laid down in Article 2 implies that the specific migration limits are not exceeded.

Article 6

1. At the marketing stages other than the retail stages, the plastics materials and articles which are intended to be placed in contact with foodstuffs shall be accompanied by a written declaration in accordance with Article 6 (5) of Directive 89/109/EEC.

2. Paragraph 1 does not apply to plastics materials and articles which by their nature are clearly intended to come into contact with foodstuffs.

Article 7

1. The Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with this Directive not later than 31 December 1990. They shall forthwith inform the Commission thereof.

2. Member States shall:

- permit the trade in and use of plastics materials and articles complying with this Directive before 1 January 1991,
- prohibit trade in and use of plastics materials and articles intended to come into contact with foodstuffs and which do not comply with this Directive as from 1 January 1993.

Article 8

This Directive is addressed to the Member States.

Done at Brussels, 23 February 1990.

For the Commission

Martin BANGEMANN

Vice-President

ANNEX I

FURTHER PROVISIONS APPLICABLE WHEN CHECKING COMPLIANCE WITH THE
MIGRATION LIMITS

General provisions

1. When comparing the results of the migration tests specified in the Annex to Directive 82/711/EEC, the specific gravity of all the simulants should conventionally be assumed to be 1. Milligrams of substance(s) released per litre of simulant (mg/l) will thus correspond numerically to milligrams of substance(s) released per kilogram of simulant and, taking into account the provisions laid down in Directive 85/572/EEC, to milligrams of substance(s) released per kilogram of foodstuff.
2. Where the migration tests are carried out on samples taken from the material or article or on samples manufactured for the purpose, and the quantities of foodstuff or simulant placed in contact with the sample differ from those employed in the actual conditions under which the material or article is used, the results obtained should be corrected by applying the following formula:

$$M = \frac{m \cdot a_2}{a_1 \cdot q} \cdot 1\,000$$

Where:

- M is the migration in mg/kg;
- m is the mass in mg of substance released by the sample as determined by the migration test;
- a₁ is the surface area in dm² of the sample in contact with the foodstuff or simulant during the migration test;
- a₂ is the surface area in dm² of the material or article in real conditions of use;
- q is the quantity in grams of foodstuff in contact with the material or article in real conditions of use.
3. The determination of migration is carried out on the material or article or, if that is impracticable, using either specimens taken from the material or article or, where appropriate, specimens representative of this material or article.

The sample shall be placed in contact with the foodstuff or simulant in a manner representing the contact conditions in actual use. For this purpose, the test shall be performed in such a way that only those parts of the sample intended to come into contact with foodstuffs in actual use will be in contact with the foodstuff or simulant. This condition is particularly important in the case of materials and articles comprising several layers, for closures, etc.

The migration testing of caps, gaskets, stoppers or similar devices for sealing must be carried out on these articles by applying them to the containers for which they are intended in a manner which corresponds to the conditions of closing in normal or foreseeable use.

It shall in all cases be permissible to demonstrate compliance with migration limits by the use of a more severe test.

4. In accordance with the provisions set out in Article 5 of the present Directive, the sample of the material or article is placed in contact with the foodstuff or appropriate simulant for a period and at a temperature which are chosen by reference to the contact conditions in actual use, in accordance with the rules laid down in Directives 82/711/EEC and 85/572/EEC. At the end of the prescribed time, the analytical determination of the total quantity of substances (overall migration) and/or the specific quantity of one or more substances (specific migration) released by the sample is carried out on the foodstuff or simulant.
5. Where a material or article is intended to come into repeated contact with foodstuffs, the migration test(s) shall be carried out three times on a single sample in accordance with the conditions laid down in Directive 82/711/EEC using another sample of the food or simulant(s) on each occasion. Its compliance shall be checked on the basis of the level of the migration found in the third test. However, if there is conclusive proof that the level of the migration does not increase in the second and third tests and if the migration limit(s) is (are) not exceeded on the first test, no further test is necessary.

Special provisions relating to overall migration

6. If the aqueous simulants specified in Directives 82/711/EEC and 85/572/EEC are used, the analytical determination of the total quantity of substances released by the sample may be carried out by evaporation of the simulant and weighing of the residue.

If rectified olive oil or any of its substitutes is used, the procedure given below may be followed.

The sample of the material or article is weighed before and after contact with the simulant. The simulant absorbed by the sample is extracted and determined quantitatively. The quantity of simulant found is subtracted from the weight of the sample measured after contact with the simulant. The difference between the initial and corrected final weights represents the overall migration of the sample examined.

Where a material or article is intended to come into repeated contact with foodstuffs and it is technically impossible to carry out the test described in paragraph 5, modifications to that test are acceptable, provided that they enable the level of migration occurring during the third test to be determined. One of these possible modifications is described below.

The test is carried out on three identical samples of the material or article. One of these shall be subjected to the appropriate test and the overall migration determined (M_1). The second and third samples shall be subjected to the same conditions of temperature but the period of contact shall be two and three times that specified and overall migration determined in each case (M_2 and M_3 , respectively).

The material or article shall be deemed to be in compliance provided that either M_1 or $M_3 - M_2$ do not exceed the overall migration limit.

7. A material or article that exceeds the overall migration limit by an amount not greater than the analytical tolerance mentioned below should therefore be deemed to be in compliance with this Directive.

The following analytical tolerances have been observed.

- 20 mg/kg or 3 mg/dm² in migration tests using rectified olive oil or substitutes,
- 6 mg/kg or 1 mg/dm² in migration tests using the other simulants referred to in Directives 82/711/EEC and 85/572/EEC.

8. Without prejudice to the provisions of Article 3 (2) of Directive 82/711/EEC, migration tests using rectified olive oil or substitutes shall not be carried out to check compliance with the overall migration limit in cases where there is conclusive proof that the specified analytical method is inadequate from a technical standpoint.

In any such case, for substances exempt from specific migration limits or other restrictions in the list provided in Annex II, a generic specific migration limit of 60 mg/kg or 10 mg/dm², according to the case, is applied. However the sum of all specific migration determined shall not exceed the overall migration limit.

ANNEX II**LIST OF MONOMERS AND OTHER STARTING SUBSTANCES WHICH MAY BE USED IN THE MANUFACTURE OF PLASTIC MATERIALS AND ARTICLES****General introduction**

1. This Annex contains the list of monomers or other starting substances. The list includes :
 - substances undergoing polymerization, which includes polycondensation, polyaddition or any other similar process, to manufacture macromolecules,
 - natural or synthetic macromolecular substances used in the manufacture of modified macromolecules, if the monomers or the other starting substances required to synthesize them are not included in the list,
 - substances used to modify existing natural or synthetic macromolecular substances.
2. The list does not include the salts (including double salts and acid salts) of aluminium, ammonium, calcium, iron, magnesium, potassium, sodium and zinc of the authorized acids, phenols or alcohols which are also authorized. However, names containing '... acid(s), salts' appear in the lists if the corresponding free acid(s) is (are) not mentioned. In such cases the meaning of the term 'salts' is 'salts of aluminium, ammonium, calcium, iron, magnesium, potassium, sodium and zinc'.
3. The list also does not include the following substances although they may be present :
 - (a) substances which could be present in the finished product as :
 - impurities in the substances used,
 - reaction intermediates,
 - decomposition products ;
 - (b) oligomers and natural or synthetic macromolecular substances as well as their mixtures, if the monomers or starting substances required to synthesize them are included in the list.
 - (c) mixtures of the authorized substances.

The materials and articles which contain the substance indicated under (a), (b) and (c) shall comply with the requirements stated in Article 2 of Directive 89/109/EEC.
4. Substances shall be of good technical quality.
5. The list contains the following information :
 - column 1 (PM/REF. No): the EEC packaging material references number of the list,
 - column 2 (CAS No): the CAS (Chemical Abstracts Service) registry number,
 - column 3 (Name): the chemical name,
 - column 4 (Restrictions). These may include :
 - specific migration limit (SML),
 - maximum permitted quantity of the 'residual', substance in the material or article (QM),
 - any other restriction specifically mentioned.
6. If a substance appearing on the list as an individual compound is also covered by a generic term, the restrictions applying to this substance shall be those indicated for the individual compound.
7. Where there is any inconsistency between the CAS number and the chemical name, the chemical name shall take precedence over the CAS number. If there is an inconsistency between the CAS number reported in Einecs and the CAS registry, the CAS number in the CAS registry shall apply.

8. A number of abbreviations or expressions are used in column 4 of the table, the meanings of which are as follows :

DL = detection limit of the method of analysis ;

FP = finished material or article ;

NCO = isocyanate moiety ;

QM = maximum permitted quantity of the 'residual' substance in the material or article ;

QM (T) = maximum permitted quantity of the 'residual' substance in the material or article expressed as total of moiety or substance(s) indicated ;

SML = specific migration limit in food or in food simulant, unless it is specified otherwise ;

SML (T) = specific migration limit in food or in food simulant expressed as total of moiety or substance(s) indicated.

SECTION A

LIST OF AUTHORIZED MONOMERS AND OTHER STARTING
SUBSTANCES

PM/REF- No	CAS No	Name	Restrictions
(1)	(2)	(3)	(4)
10030	000514-10-3	Abietic acid	SML = 12 mg/kg

25960	000057-13-6	Urea	
26050	000075-01-4	Vinyl chloride	See Council Directive 78/142/EEC
26110	000075-35-4	Vinylidene chloride	QM = 5 mg/kg in FP or SML = not detectable (DG = 0,05 mg/kg)

SECTION B

LIST OF MONOMERS AND OTHER STARTING SUBSTANCES WHICH MAY CONTINUE TO BE USED PENDING A DECISION ON INCLUSION IN SECTION A

PM/REF No	CAS No	Name	Restrictions
(1)	(2)	(3)	(4)
	000542-02-9	Acetoguanamine	See '2,4-Diamino-6-methyl-1,3,5-triazine'
10180	000556-08-1	<i>p</i> -(Acetylamino)benzoic acid	
10240	000556-08-1	Acids, aliphatic, dicarboxylic, esters with alcohols, aliphatic, monohydric	
10270	000556-08-1	Acids, aliphatic, dicarboxylic (C 3-C 12), esters with alcohols, unsaturated (C 3-C 18)	
10300	000556-08-1	Acids, aliphatic, dicarboxylic, saturated (C 4-C 18)	
10330	000556-08-1	Acids, aliphatic, dicarboxylic, unsaturated (C 4-C 12)	
10360	000556-08-1	Acids, aliphatic, dicarboxylic, unsaturated, esters with polyethyleneglycol	
10390	000556-08-1	Acids, aliphatic, dicarboxylic, unsaturated, esters with polyethyleneglycol	
10420	000556-08-1	Acids, aliphatic, mono- and dicarboxylic (C 2-C 20), vinyl esters	
10450	000556-08-1	Acids, aliphatic, monocarboxylic (C 3-C 12) esters with alcohols, unsaturated (C 3-C 18)	
10480	000556-08-1	Acids, aliphatic, monocarboxylic, saturated (C 2-C 24)	
10510	000556-08-1	Acids, aliphatic, monocarboxylic, unsaturated (C 3-C 24)	
10540	000556-08-1	Acids, aliphatic, monocarboxylic, unsaturated (C 3-C 8), esters with alcohols, aliphatic, monohydric, saturated (C 2-C 12)	
10570	000556-08-1	Acids, aliphatic, monocarboxylic, unsaturated, esters with polypropyleneglycol	
10600	000556-08-1	Acids, linear, with an even number of carbon atoms (C 8-C 22), and the dimers and trimers of the unsaturated acids	
10630	000079-06-1	Acrylamide	
10660	015214-89-8	Acrylamidomethylpropanesulphonic acid	
10720	000999-55-3	Acrylic acid, allyl ester	
10750	002495-35-4	Acrylic acid, benzyl ester	
10870	002206-89-5	Acrylic acid, 2-chloroethyl ester	
10900	002206-89-5	Acrylic acid, cyclohexylaminoethyl ester	
10930	003066-71-5	Acrylic acid, cyclohexyl ester	
10960	016868-13-6	Acrylic acid, cyclopentyl ester	
10990	002156-96-9	Acrylic acid, decyl ester	
11020	019485-03-1	Acrylic acid, diester with 1,3-butanediol	
11050	001070-70-8	Acrylic acid, diester with 1,4-butanediol	
11080	004074-88-8	Acrylic acid, diester with diethyleneglycol	
11110	002274-11-5	Acrylic acid, diester with ethyleneglycol	
11140	013048-33-4	Acrylic acid, diester with 1,6-hexanediol	

PM/REF No	CAS No	Name	Restrictions
(1)	(2)	(3)	(4)
11170	026570-48-9	Acrylic acid, diester with polyethylene-glycol	QM(I) = 5 mg/kg in FP (expressed as epoxy)
11200	002426-54-2	Acrylic acid, 2-(diethylamino)ethyl ester	
11230	002439-35-2	Acrylic acid, 2-(dimethylamino)ethyl ester	
11260	000106-90-1	Acrylic acid, 2,3-epoxypropyl ester	
11290	000106-90-1	Acrylic acid, esters with alcohols, aliphatic, monohydric, saturated (C 1-C 21)	
11320	000106-90-1	Acrylic acid, esters with alcohols, aliphatic, monohydric, unsaturated (C 4-C 18)	
11350	000106-90-1	Acrylic acid, esters with alcohols, aliphatic, polyhydric (C 2-C 21)	
11380	000106-90-1	Acrylic acid, esters with etheralcohols	
11410	000106-90-1	Acrylic acid, esters with glycolethers obtained from mono- and/or diglycols with alcohols, aliphatic, monohydric (C 1-C 18)	
11440	044992-01-0	Acrylic acid, ester with trimethylethanolammonium chloride	
11500	000103-11-7	Acrylic acid, 2-ethylhexyl ester	
11530	000999-61-1	Acrylic acid, 2-hydroxypropyl ester	
11560	005888-33-5	Acrylic acid, isobornyl ester	
11620	001330-61-6	Acrylic acid, isodecyl ester	
11650	029590-42-9	Acrylic acid, isooctyl ester	
11740	010095-13-3	Acrylic acid, monoester with 1,3-butanediol	
11770	002478-10-6	Acrylic acid, monoester with 1,4-butanediol	
11800	013533-05-6	Acrylic acid, monoester with diethyleneglycol	
11860	013533-05-6	Acrylic acid, monoester with propyleneglycol	
11890	002499-59-4	Acrylic acid, n-octyl ester	
11920	005048-82-8	Acrylic acid, phenylaminoethyl ester	
11950	000937-41-7	Acrylic acid, phenyl ester	
12010	040074-09-7	Acrylic acid, 2-sulphoethyl ester	
12040	039121-78-3	Acrylic acid, sulphopropyl ester	
12070	002177-18-6	Acrylic acid, vinyl ester	
12160	002998-04-1	Adipic acid, diallyl ester	
12190	000105-97-5	Adipic acid, didecyl ester	
12220	027178-16-1	Adipic acid, diisodecyl ester	
12250	000123-79-5	Adipic acid, dioctyl ester	
12280	002035-75-8	Adipic anhydride	
12370	002035-75-8	Alcohols, aliphatic, monohydric, saturated, linear, secondary or tertiary (C 4-C 22)	
12400	002035-75-8	Alcohols, aliphatic, monohydric, unsaturated (up to C 18)	
12430	002035-75-8	Alcohols, aliphatic, polyhydric (up to C 18)	
12460	002035-75-8	Alcohols, cycloaliphatic, mono- and/or polyhydric, substituted (up to C 18)	
12490	002035-75-8	Aldehydes (C 4)	
12520	002035-75-8	Alkadienes	
12550	002035-75-8	n-Alkenes (up to C 16)	

PM/REF No	CAS No	Name	Restrictions	
(1)	(2)	(3)	(4)	
12580	002035-75-8	<i>p</i> -Alkyl(C 4-C 9) phenols	QM(T) = 5 mg/kg in FP (expressed as epoxy)	
12610	000107-18-6	Allyl alcohol		
12640	000106-92-3	Allyl 2,3-epoxypropyl ether		
12670	002855-13-2	1-Amino-3-aminomethyl-3,5,5-trimethylcyclohexane		
12700	000150-13-0	<i>p</i> -Aminobenzoic acid		
12730	000060-32-2	6-Aminocaproic acid
