COUNCIL REGULATION (EEC) No 613/91

of 4 March 1991

on the transfer of ships from one register to another within the Community

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 84 (2) thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Having regard to the opinion of the Economic and Social Committee ⁽³⁾,

Whereas the establishment and functioning of the internal market involve the elimination of technical barriers to the transfer of ships between Member States' national registers; whereas measures to facilitate the transfer of ships within the Community are also required to free European shipowners from the costs and administrative procedures involved in a change of register within the Community and also to improve thereby the operating conditions and competitive position of Community shipping;

Whereas it is necessary, at the same time, to safeguard a high level of ship safety and environmental protection, in compliance with international Conventions;

Whereas the transfer of ships flying the flag of a Member State between the registers of Member States must not, therefore, be impeded by technical barriers, provided that the ships are recognized as complying with the provisions of these international Conventions;

Whereas the issue of international certificates for safety and pollution prevention, provided for under the 1974 International Convention for the Safety of Life at Sea (1974 Solas), the 1966 International Convention on Load

Lines (LL 1966), the 1973 International Convention for the Prevention of Pollution from Ships, as amended by the 1978 Protocol (Marpol 73/78) and the related resolutions of mandatory status adopted by the International Maritime Organization (IMO), is the responsibility of States; whereas, where private organizations issue certificates on behalf of a Member State, in accordance with the said Conventions, they also do so on that Member State's responsibility, as defined in those Conventions;

Whereas the international Conventions leave important points of interpretation to the discretion of individual contracting States; whereas, based on their respective interpretation of the Conventions, Governments of Member States issue, to all ships flying their flags that are subject to the provisions of these Conventions, international certificates certifying their compliance with these provisions; whereas the Member States enforce national technical regulations, some provisions of which contain requirements other than those in the international Conventions and associated technical standards; whereas an appropriate procedure should be established in view of solving divergences in the interpretation of existing requirements which may occur upon a request for transfer of ships and in order to take into account the introduction of new provisions in those Conventions;

Whereas this Regulation does not in any way prejudice the preparation and interpretation of conventions by the International Maritime Organization (IMO);

Whereas ships benefiting from the provisions of the Regulation must have been registered and in active service under the flag of a Member State for at least six months so as to give the latter sufficient time to check their condition;

Whereas a committee should be set up to assist the Commission in implementing and interpreting this Regulation with a view to achieving the objective of facilitating the transfer of ships within the Community while ensuring that standards of maritime safety and environmental protection are not reduced,

HAS ADOPTED THIS REGULATION :

Article 1

For the purposes of this Regulation :

- (a) 'Conventions' means the 1974 International Convention for the Safety of Life at Sea (1974 Solas), the 1966 International Convention on Load Lines (LL66) and the International Convention for the Prevention of Pollution from Ships (Marpol 73/78), together with the amendments thereto in force at the date of adoption of this Regulation, and related resolutions of mandatory status adopted by the International Maritime Organization (IMO);

Without prejudice to the procedures for amending the said Conventions, the application, for the purposes of this Regulation, of subsequent amendments thereto which have entered into force shall be decided upon in accordance with the procedure laid down in Article 7;

- (b) 'requirements' means the safety and pollution prevention requirements laid down in the Conventions;
- (c) 'certificates' means certificates issued by or on behalf of a Member State in accordance with the Conventions as well as certificates issued for chemical tankers and gas carriers built before 1 July 1986, in accordance with the Bulk Chemical Code [IMO Resolution A.212 (VII)] or the Bulk Gas Carrier Code [IMO Resolution A.328 (IX)].

Article 2

This Regulation shall apply to cargo ships of 500 tons gross tonnage and upwards which :

- (a) were built on or after 25 May 1980, or were built before that date, but :
- compliance of which with the regulations for new ships defined in the 1974 Solas Convention, and
 - in the case of chemical tankers and gas carriers, compliance with the standards codes referred to in Article 1 (c) for ships built on or after 25 May 1980,
- is certified by or on behalf of a Member State ;
- and
- (b) have been flying the flag of, and registered in, a Member State, and in active service under that flag for at least six months ;
- and
- (c) carry valid certificates.

Article 3

1. Member States shall not withhold from registration, for technical reasons arising from the Conventions, a

cargo ship registered in another Member State complying with the requirements and carrying valid certificates and fittings and equipment approved or type-approved in the ship's country of origin.

In so far as on the date of entry into force of this Regulation they are bound by regional agreements for the protection of the marine environment, Member States may impose additional rules which conform with the requirements of the optional annexes to the Conventions.

2. Upon the transfer of the ship, the receiving flag Member State shall issue certificates under the same conditions as under the flag previously flown.

3. Where the certificates are issued by an organization on behalf of a Member State, the latter must ensure that the qualifications, technical experience and staffing of the said organization are such as will enable it, in applying the Conventions, to issue certificates guaranteeing a high level of safety.

The organization must be in a position to develop and update rules and regulations having the quality of accepted technical standards, and must operate with qualified and experienced surveyors so as adequately to assess a ship's condition.

4. Nevertheless, on transfer, a ship may be subjected to inspection by the receiving flag Member State to confirm that the actual condition of the ship and its equipment corresponds with its certificates and with the statements of compliance referred to in Article 2 (a).

Article 4

In so far as requirements remain unchanged for existing ships, at the time of renewal, extension or revision of the certificates issued under Article 3, receiving flag Member States shall not impose requirements other than those initially prescribed for the full-term certificates.

Article 5

1. Member States shall immediately notify to the Commission any refusal to issue new certificates for reasons based on divergences of interpretation of the requirements or of the provisions which the Conventions leave to the discretion of the Parties.

Unless the Commission is informed of an agreement between the Member States concerned within one month, it shall initiate proceedings in order to take a decision in accordance with the procedure laid down in Article 7.

2. Where a Member State considers that a ship cannot be registered under Article 3 for reasons of serious danger to safety or the environment outside the scope of certifi-

cates, registration may be suspended for a period not exceeding three months, and the Member State shall without delay bring the matter before the Commission, giving the reasons therefor. The suspension shall be confirmed or revoked in accordance with the procedure laid down in Article 7.

Article 6

The Commission shall be assisted by a committee composed of representatives of the Member States and chaired by a representative of the Commission.

Article 7

Where the procedure laid down in this Article is to be followed, the representative of the Commission shall submit to the committee a draft of the measures to be taken. The committee shall deliver its opinion on the draft within a time limit which the chairman may lay down according to the urgency of the matter. The opinion shall be delivered by the majority laid down in Article 148 (2) of the EEC Treaty in the case of decisions which the Council is required to adopt on a proposal from the Commission. The votes of the representatives of the Member States within the committee shall be

weighted in the manner set out in that Article. The chairman shall not vote.

The Commission shall adopt the measures envisaged if they are in accordance with the opinion of the committee.

If the measures envisaged are not in accordance with the opinion of the committee, or if no opinion is delivered, the Commission shall, without delay, submit to the Council a proposal relating to the measures to be taken. The Council shall act by a qualified majority.

If, on the expiry of eight weeks from the date of referral to the Council, the Council has not acted, the proposed measures shall be adopted by the Commission.

Article 8

The committee may also be consulted by the Commission on any matter relating to the implementation and interpretation of this Regulation and, in particular, in order to ensure that standards of maritime safety and environmental protection are not reduced.

The committee shall draw up its rules of procedure.

Article 9

This Regulation shall enter into force on 1 January 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

fixing the minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

the world market and the Community market and of the levy rates indicated by tenderers;

Whereas, with regard to Turkey and the Maghreb countries, the provisions of this Regulation should be without prejudice to the additional amount to be determined in accordance with the agreements between the Community and these third countries;

Whereas, in the collection of the levy, account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed, taking as a basis for calculation the levy to be collected on imports from the other third countries;

COMMISSION REGULATION (EEC) No 617/91

of 14 March 1991

reintroducing the preferential customs duty on imports of small-flowered roses
originating in Israel

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 4088/87 of 21 December 1987 fixing conditions for the application of preferential customs duties on imports of certain flowers originating in Cyprus, Israel, Jordan and Morocco⁽¹⁾, as amended by Regulation (EEC) No 3551/88⁽²⁾, and in particular Article 5 (2) (b) thereof,

Whereas Regulation (EEC) No 4088/87 fixes conditions for the application of a preferential customs duty on large-flowered roses, small-flowered roses, uniflorous (bloom) carnations and multiflorous (spray) carnations within the limit of tariff quotas opened annually for imports of fresh cut flowers into the Community;

Whereas Council Regulation (EEC) No 728/90⁽³⁾ opens and provides for the administration of Community tariff quotas for cut flowers and 3129/90 buds, fresh, originating in Cyprus, Jordan, Morocco and Israel respectively;

Whereas Article 2 (3) of Regulation (EEC) No 4088/87 stipulates that the preferential customs duty shall be reintroduced for a given product of a given origin if the prices of the imported product (full rate customs duty not deducted) are, for at least 70 % of the quantities for which prices are available on representative Community import markets, not less than 85 % of the Community producer price for a period, calculated from the actual date of suspension of the actual preferential customs duty,

- of two successive market days, after suspension under Article 2 (2) (a) of that Regulation,
- of three successive market days, after suspension under Article 2 (2) (b) of that Regulation;

Whereas, Article 2 (3) of that Regulation stipulates that in the absence of available price quotations, the preferential customs duty shall be reintroduced if there are no prices for six successive working days from the date the measure was applied;

Whereas Commission Regulation (EEC) No 3129/90⁽⁴⁾ fixed Community producer prices for carnations and roses for application of the arrangements for importation from the countries in question;

Whereas Commission Regulation (EEC) No 700/88⁽⁵⁾, as amended by Regulation (EEC) No 3556/88⁽⁶⁾, laid down detailed rules for the application of these arrangements;

Whereas to permit the import arrangements to function in the normal manner, prices on importation should be calculated using:

- for currencies maintained against each other within a maximum spread at any given moment for spot rate transactions of 2,25 % a conversion rate based on their central rate multiplied by the correcting factor provided for in the last subparagraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁷⁾, as last amended by Regulation (EEC) No 2205/90⁽⁸⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas the preferential customs duty fixed for small-flowered roses originating in Israel by Regulation (EEC) No 728/90 was suspended by Commission Regulation (EEC) No 536/91⁽⁹⁾;

Whereas on the basis of price recordings made as specified in Regulations (EEC) No 4088/87 and (EEC) No 700/88 it must be concluded that the requirement for reintroduction of the preferential customs duty laid down in the first paragraph of Article 2 (3) relative to the absence of available price quotations for six successive working days is met for small-flowered roses originating in Israel; whereas the preferential customs duty should be reintroduced,

HAS ADOPTED THIS REGULATION:

Article 1

For imports of small-flowered roses (CN codes ex 0603 10 11 and ex 0603 10 51) originating in Israel the preferential customs duty set by Regulation (EEC) No 728/90 is reintroduced.

COMMISSION REGULATION (EEC) No 619/91

of 14 March 1991

fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 3577/90⁽²⁾,

Having regard to Council Regulation (EEC) No 1650/86 of 26 May 1986 on export refunds and levies on olive oil⁽³⁾, and in particular the first sentence of Article 3 (1) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 20 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas the detailed rules for fixing and granting export refunds on olive oil are contained in Regulation (EEC) No 1650/86 and Commission Regulation (EEC) No 616/72⁽⁴⁾, as last amended by Regulation (EEC) No 2962/77⁽⁵⁾;

Whereas the first indent of Article 2 of Regulation (EEC) No 1650/86 provides that the refund must be the same for the whole Community;

Whereas, in accordance with Article 4 of Regulation (EEC) No 1650/86, the refund for olive oil must be fixed in the light of the existing situation and outlook in relation to olive oil prices and availability on the Community market and olive oil prices on the world market;

Whereas, however, where the world market situation is such that the most favourable olive oil prices cannot be determined, account may be taken of the price of the main competing vegetable oils on the world market and the difference recorded between that price and the price of olive oil during a representative period;

Whereas the amount of the refund may not exceed the difference between the price of olive oil in the Community and that on the world market, adjusted, where appropriate, to take account of export costs for the products on the world market;

Whereas, in accordance with Article 5 of Regulation (EEC) No 1650/86, it may be decided that the refund shall be fixed by tender;

Whereas the tendering procedure should cover the amount of the refund and may be limited to certain countries of destination, quantities, qualities and presentations;

Whereas the second indent of Article 2 of Regulation (EEC) No 1650/86 provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 3 (1) of Regulation (EEC) No 1650/86 provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁶⁾, as last amended by Regulation (EEC) No 2205/90⁽⁷⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (2) (c) of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 621/91

of 14 March 1991

fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 3641/90 ⁽²⁾, and in particular Article 14 (8) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 14 of Regulation (EEC) No 804/68 provides for charging a levy on imports of the products listed in Article 1 of that Regulation; whereas these products may be divided into groups; whereas the product groups and the pilot groups and the pilot product for each of these groups are set out in Annex I to Council Regulation (EEC) No 2915/79 of 18 December 1979 determining the groups of products and the special provisions for calculating levies on milk and milk products ⁽³⁾, as last amended by Regulation (EEC) No 3116/90 ⁽⁴⁾;

Whereas the levy on the products in any one group must be equal to the threshold price for the pilot product less the free-at-frontier price; whereas these threshold prices were fixed for the 1990/1991 milk year by Council Regulation (EEC) No 1182/90 ⁽⁵⁾;

Whereas the threshold price fixed by the Council is to be reduced by Commission Regulation (EEC) No 1552/90 of 8 June 1990 determining the reduced ecu values of milk sector prices and amounts consequent on the monetary realignment of 5 January 1990 ⁽⁶⁾;

Whereas, however, Regulation (EEC) No 2915/79 lays down special provisions for calculating the levy on certain assimilated products; whereas these products are listed and the method of calculating the levy on them described in Annex II and in Articles 2 to 12 of that Regulation respectively;

Whereas, as provided for in Regulation (EEC) No 2915/79, the component of the levy established using a factor expressing the weight ratio existing between the milk components contained in the product on the one hand and the product itself on the other is, for products containing sugar or other sweeteners, calculated by multi-

plying the basic amount by the quantity of milk components contained in the product;

Whereas Article 12 of Regulation (EEC) No 2915/79 provides that for certain products originating in or coming from certain third countries a specific levy is to be applied; whereas the levy applicable to those products is fixed in Annex I to Commission Regulation (EEC) No 1767/82 ⁽⁷⁾, as last amended by Regulation (EEC) No 1502/90 ⁽⁸⁾;

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components:

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 2915/79 applicable to the assimilated product in question,
- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community;

Whereas Article 14 (3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding;

Whereas Commission Regulation (EEC) No 1073/68 ⁽⁹⁾, as amended by Regulation (EEC) No 222/88 ⁽¹⁰⁾, provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation (EEC) No 2915/79; whereas these prices must be determined for products of good marketable quality;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community-frontier and prices on third-country markets;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 362, 27. 12. 1990, p. 5.

⁽³⁾ OJ No L 329, 24. 12. 1979, p. 1.

⁽⁴⁾ OJ No L 303, 31. 10. 1990, p. 1.

⁽⁵⁾ OJ No L 119, 11. 5. 1990, p. 26.

⁽⁷⁾ OJ No L 196, 5. 7. 1982, p. 1.

⁽⁸⁾ OJ No L 141, 2. 6. 1990, p. 5.

⁽⁹⁾ OJ No L 180, 26. 7. 1968, p. 25.

Whereas Commission Regulation (EEC) No 788/86⁽¹⁾, as last amended by Regulation (EEC) No 1525/90⁽²⁾, specifies the free-at-Spanish-frontier values of certain cheeses imported from and originating in Switzerland;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the products in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated product and the related pilot product; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question; whereas, when the other adjustments are being effected, the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw materials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the combined nomenclature;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight; whereas

they may be altered in the intervening period if necessary; whereas the levy remains valid until another becomes applicable;

Whereas Council Regulation (EEC) No 2730/75 of 29 October 1975 on glucose and lactose⁽³⁾, as amended by Regulation (EEC) No 222/88, stipulates that the treatment provided for lactose and lactose syrup falling within CN code 1702 10 90 by Regulation (EEC) No 804/68 and by the provisions adopted for the application of that Regulation is to be extended to lactose and lactose syrup falling within CN code 1702 10 10; whereas consequently the levy fixed for products falling within CN code 1702 10 90 also applies to products falling within CN code 1702 10 10; whereas to ensure that the provision in question is properly applied these products and the levy thereon should be explicitly mentioned in the list of levies;

Whereas Council Regulation (EEC) No 715/90⁽⁴⁾, as amended by Regulation (EEC) No 523/91⁽⁵⁾, lays down the arrangements applicable to agricultural products originating in the African, Caribbean and Pacific States or in the overseas countries and territories;

Whereas, if the levy system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the coefficient provided for in the last subparagraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁶⁾, as last amended by Regulation (EEC) No 2205/90⁽⁷⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas it follows from applying these provisions that the levies on milk and milk products should be as set out in the Annex hereto,

COMMISSION REGULATION (EEC) No 627/91

of 14 March 1991

fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

fixing regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 3641/90 ⁽²⁾, and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds ⁽³⁾, as last amended by Regulation (EEC) No 1344/86 ⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the need to avoid disturbances on the Community market, and

— the economic aspect of the proposed exports;

Whereas Article 3(1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5(1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas, in accordance with Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products ⁽⁵⁾, as last amended by Regulation (EEC) No 2767/90 ⁽⁶⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components, one of which is intended to take account of the quantity of milk products and the other is intended to take account of the quantity of added sucrose; whereas, however, the latter component is applied only if the added sucrose was produced from sugar beet or cane harvested in the Community;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 362, 27. 12. 1990, p. 5.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 119, 8. 5. 1986, p. 36.

⁽⁵⁾ OJ No L 184, 29. 7. 1968, p. 10.

⁽⁶⁾ OJ No L 267, 29. 9. 1990, p. 14.

Whereas, for products falling within CN codes ex 0402 99 11, ex 0402 99 19, ex 0404 90 51, ex 0404 90 53, ex 0404 90 91 and ex 0404 90 93, with a fat content by weight not exceeding 9,5 % and a non-fatty milk content in the dry matter equal to or greater than 15 % by weight, the former abovementioned component is fixed for 100 kilograms of the whole product; whereas, for the other products containing added sugar falling within codes 0402 and 0404, that component is calculated by multiplying the basic amount by the milk products content of the product concerned; whereas that basic amount is equal to the refund to be fixed for one kilogram of milk products contained in the whole product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 305/91⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽³⁾, as last amended by Regulation (EEC) No 2205/90⁽⁴⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended

for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for cheeses of a free-at-frontier value less than ECU 140 per 100 kilograms;

Whereas Commission Regulation (EEC) No 896/84⁽⁵⁾, as last amended by Regulation (EEC) No 222/88⁽⁶⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for the possibility of varying refunds according to the date of manufacture of the products;

Whereas for the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account;

Whereas it follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex.
2. There shall be no refunds for exports to Zone E for products falling within CN codes 0401, 0402, 0403, 0404, 0405 and 2309.

Article 2

This Regulation shall enter into force on 15 March 1991.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 629/91

of 14 March 1991

fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1806/89 ⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 17 ⁽²⁾ thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 1418/76 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds ⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances of the Community market;

Whereas Commission Regulation (EEC) No 1361/76 ⁽⁴⁾ lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum;

Whereas Article 3 of Regulation (EEC) No 1431/76 defines the specific criteria to be taken into account when the export refund on rice and broken rice is being calculated;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas a separate refund should be fixed for packaged long grain rice to accommodate current demand for the product on certain markets;

Whereas the refund must be fixed at least once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85 ⁽⁵⁾, as last amended by Regulation (EEC) No 2205/90 ⁽⁶⁾;
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market, that the refund should be fixed as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 of Regulation (EEC) No 1418/76 with the exception of those listed in paragraph 1 (c) of that Article, exported in the natural state, shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 15 March 1991.

COMMISSION-REGULATION (EEC) No 630/91

of 14 March 1991

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 3577/90⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾ provides that when refunds are being fixed, account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand, and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas Article 3 of Regulation (EEC) No 2746/75 defines the specific criteria to be taken into account when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as wheat and rye flour, groats and meal are concerned, in Article 4 of Regulation (EEC) No 2746/75; whereas furthermore, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Commission Regulation No 162/67/EEC⁽⁴⁾, as amended by Regulation (EEC) No 1607/71⁽⁵⁾;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas export possibilities exist for a quantity of 140 000 tonnes of durum wheat meal (CN code 1103 11 10 100) and 20 000 tonnes of durum wheat meal (CN code 1103 11 10 200) to certain destinations; whereas the procedure laid down in Article 9 (4) of Regulation (EEC) No 891/89⁽⁶⁾, as last amended by Regulation (EEC) No 3633/90⁽⁷⁾, should be used; whereas account should be taken of this when the refunds are fixed;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 % a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁸⁾, as last amended by Regulation (EEC) No 2205/90⁽⁹⁾;
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 631/91

of 14 March 1991

fixing the export refunds on malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 3577/90⁽²⁾, and in particular the fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 2746/75 of 29 October 1975 laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds⁽³⁾ provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market;

Whereas Council Regulation (EEC) No 2744/75 of 29 October 1975 on the import and export system for products processed from cereals and from rice⁽⁴⁾, as last amended by Regulation (EEC) No 1906/87⁽⁵⁾, defines the specific criteria to be taken into account when the refund on these products is being calculated;

Whereas it follows from applying these detailed rules to the present situation on the market in products processed

from cereals and rice that the export refund should be fixed at an amount which will cover the difference between Community prices and world market prices;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85⁽⁶⁾, as last amended by Regulation (EEC) No 2205/90⁽⁷⁾,
- for the other currencies, an exchange rate based on an average of the ecu rates published in the *Official Journal of the European Communities*, C series, over a period to be determined, multiplied by the coefficient referred to in the preceding indent;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
