COUNCIL REGULATION (EEC) No 3877/91

of 19 December 1991

opening and providing for the administration of a Community tariff quota for certain handmade products (1992)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, as regards certain handmade products, the Community has declared its readiness to open an annual duty-free Community tariff quota of an overall amount which, for 1991, amounted to ECU 10 540 000 with a maximum value of ECU 1 200 000 for each group of products considered; whereas products may, however, be admitted under the Community tariff quota only on presentation to the Community's customs authorities of a document issued by the recognized authorities of the country of manufacture certifying that the goods concerned are hand made; whereas the tariff quota in question should therefore be opened with effect from 1 January 1992, at the volume set for 1991;

Whereas equal and continuous access to the quotas should be ensured for all Community importers and the rate laid down for the quotas should be applied consistently to all imports until the quotas are used up; whereas the necessary measures should be taken to ensure that these tariff quotas are administered efficiently and on a Community basis, so that Member States have the option of drawing the necessary quantities, corresponding to actual imports recorded, from the quota volume; whereas this method of administration calls for close cooperation between the Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation relating to the administration of the quotas may be carried out by any one of its members,

Article 1

1. From 1 January to 31 December 1992, the customs duties applicable to imports of the products listed in Annex I shall be totally suspended within the limits of a Community tariff quota bearing the serial No 09.0105 and being of a volume corresponding to a value of ECU 10 540 000 subject to a maximum of ECU 1 200 000 for each six-figure code of the combined nomenclature.

Within the limits of this tariff quota, Spain and Portugal shall apply duties calculated in accordance with the relevant provisions of the 1985 Act of Accession.

2. Admission under this quota shall, however, be granted only for products accompanied by a certificate recognized by the relevant authorities of the Community conforming to one of the models in Annex II, issued by one of the recognized authorities of the country of manufacture as given in Annex III and certifying that the goods in question are hand made. The goods must in addition be accepted as hand made by the relevant authorities of the Community.

3. Regulations (EEC) No 2779/78⁽¹⁾ and (EEC) No 289/84⁽²⁾ shall apply for the purposes of determining the equivalent value in national currencies of amounts expressed in ecus.

Article 2

The tariff quota referred to in Article 1 shall be administered by the Commission which may take any appropriate administrative measure in order to ensure efficient administration.

⁽¹⁾ OJ No L 333, 30. 11. 1978, p. 5.

⁽²⁾ OJ No L 33, 4. 2. 1984, p. 2.

Article 3

If an importer presents, in a Member State, a declaration of entry into free circulation including a request for preferential benefit for a product covered by this Regulation, and if this declaration is accepted by the customs authorities, the Member State concerned shall draw, from the quota volume by means of notification to the Commission, a quantity corresponding to these needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission on the basis of the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the available balance so permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding quota volume.

If the quantities requested are greater than the available balance of the quota volume, allocation shall be made on a pro rata basis with respect to the requests. Member States shall be informed thereof by the Commission.

Article 4

Each Member State shall guarantee importers of the products in question equal and continuous access to the quota as long as the balance of the corresponding quota volume so allows.

Article 5

Member States and the Commission shall cooperate closely in order to ensure compliance with this Regulation.

Article 6

This Regulation shall enter into force on 1 January 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1991.

For the Council

The President

P. DANKERT

COUNCIL REGULATION (EEC) No 3878/91

of 19 December 1991

opening and providing for the administration of Community tariff quotas for certain hand-woven fabrics, pile and chenille (1992)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, as regards hand-woven fabrics of silk, waste silk other than noil and cotton, the Community has declared its readiness to open annual duty-free Community tariff quotas up to a value (customs value) which, for 1991, amounted to ECU 2 316 000 for silk fabrics and to ECU 2 069 000 for cotton fabrics; whereas products may be admitted under the Community tariff quota only on production of a certificate of manufacture recognized by the relevant authorities of the Community, such products being stamped in a manner approved by those authorities at the beginning and end of each item and carried direct from the country of manufacture to the Community; whereas it is, accordingly, appropriate to open the tariff quotas in question with effect from 1 January 1992, at the levels set for 1991;

Whereas equal and continuous access to the quotas should be ensured for all Community importers and the rate laid

down for the quotas should be applied consistently to all imports until the quotas are used up; whereas the necessary measures should be taken to ensure that these tariff quotas are administered efficiently and on a Community basis, so that Member States have the option of drawing the necessary quantities, corresponding to actual imports recorded, from the quota volumes; whereas this method of administration calls for close cooperation between the Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation relating to the administration of the quotas may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Within the limits of these tariff quotas, Spain and Portugal shall apply the duties calculated in accordance with the relevant provisions laid down in the 1985 Act of Accession.

2. For the purpose of this Regulation:

- (a) 'handlooms' means looms which, for the manufacture of fabrics, are moved exclusively by hand or foot;
- (b) 'customs value' means the value as defined in the relevant Community rules.

3. Admission under these quotas shall, however, be granted only for fabrics, pile and chenille:

- (a) accompanied by a certificate of manufacture recognized by the competent authorities of the European Economic Community and conforming to one of the models in Annex I endorsed by one of the recognized authorities of the country of manufacture appearing in Annex II;

- (c) carried direct from the country of manufacture to the European Economic Community.

4. In this respect, the following shall be considered to have been carried direct:

- (a) goods which, in carriage, do not cross the territory of a country not a member of the European Communities. Goods temporarily held in ports of countries which are not members of the European Communities shall not be excluded from the definition of direct carriage provided that they are not transhipped there;
- (b) goods which, in carriage, cross the territory of one or more countries not members of the European

Communities or are transhipped while covered by a single transport document drawn up in the country of manufacture.

5. Regulations (EEC) No 2779/78 ⁽¹⁾ and (EEC) No 289/84 ⁽²⁾ shall apply for the purposes of determining the equivalent value in national currencies of amounts expressed in ecus.

Article 2

The tariff quotas referred to in Article 1 shall be administered by the Commission, which may take any appropriate administrative measure in order to ensure efficient administration.

Article 3

If an importer presents, in a Member State, a declaration of entry into free circulation including a request for preferential benefit for a product covered by this Regulation, and if this declaration is accepted by the customs authorities, the Member State concerned shall draw, from the quota volume by means of notification to the Commission, a quantity corresponding to these needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1991.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding quota volume.

If the quantities requested are greater than the available balance of the quota volume, allocation shall be made on a pro rata basis with respect to the requests. Member States shall be informed thereof by the Commission.

Article 4

Each Member State shall guarantee importers of the products in question equal and continuous access to the quotas as long as the balance of the corresponding quota volume allows.

Article 5

Member States and the Commission shall cooperate closely in order to ensure that this Regulation is complied with.

Article 6

This Regulation shall enter into force on 1 January 1992.

COUNCIL REGULATION (EEC) No 3879/91

of 19 December 1991

opening and providing for the administration of Community tariff quotas for certain fruits and fruit juices

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas pursuant to the Agreement with the United States of America on the Mediterranean preferences, citrus and pasta, the Community has undertaken to suspend provisionally and in part the customs duties applicable to certain fruits and fruit juices within the limits of Community tariff quotas of appropriate volumes and of varying duration; whereas in order to ensure the balance of reciprocal concessions provided for in the Agreement, the Commission may, by means of a Regulation, suspend the application of the tariff measures in question;

Whereas the use of these tariff quotas is, however, conditional on presentation to the Community customs authorities of a certificate of authenticity issued by the competent authorities of the country of origin certifying that the products comply with the specific characteristics laid down;

Whereas Community tariff quotas for sweet oranges of high quality, citrus hybrids known as 'Minneolas' and certain types of frozen concentrated orange juice should therefore be opened for all or part of 1992;

Whereas all Community importers should be ensured equal and continuous access to the said quotas and the duty rates laid down for the quotas should be applied consistently to all imports of the products in question into all Member States until the quotas are exhausted;

Whereas the necessary measures should be taken to ensure efficient administration of the tariff quotas at Community level by providing for Member States to draw against the quota volumes such quantities as they may need to cover actual imports as recorded; whereas this method of administration requires close cooperation between Member States and the Commission;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation concerning the administration of quantities drawn by that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. The customs duties applicable to imports of the following products shall be suspended during the periods, at the levels and within the limits of the Community tariff quotas shown below:

Series No	CN code (*)	Description	Quota period	Quota volume (tonnes)	Rate of duty (%)
09.0025	ex 0805 10 11, 15, 19, 41, 45, 49	Sweet oranges of high quality	From 1 February to 30 April 1992	20 000	10
09.0027	ex 0805 20 90	Citrus hybrids known as 'Minneolas'	From 1 February to 30 April 1992	15 000	2
09.0033	ex 2009 11 99	Frozen concentrated orange juice having a degree of concentration of up to 50 degrees Brix, in containers of two litres or less, not containing blood orange concentrate	From 1 January to 31 December 1992	1 500	13

(*) See Taric codes in Annex III.

2. Within the limits of these tariff quotas, the Kingdom of Spain and the Portuguese Republic shall apply customs duties calculated in accordance with the relevant provisions of the 1985 Act of Accession.

Article 2

1. For the purposes of this Regulation:

(a) sweet oranges of high quality means oranges of similar varietal characteristics which are mature, firm, well-formed, at least fairly well coloured, of fairly smooth texture and are free from decay, broken skins which are not healed, hard or dry skins, exanthema, growth cracks, bruises (except those incident to normal handling and packing), and are free from damage caused by dryness or mushy condition, split, rough, wide or protruding navels, creasing, scars, oil spots, scale, sunburn, dirt or other foreign material, disease, insects or damage caused by mechanical or other means, provided that not more than 15 % of the fruit in any lot fails to meet these specifications and, included in this amount, not more than 5 % shall be allowed for defects causing serious damage and, included in this latter amount, not more than 0,5 % may be affected by decay;

(b) citrus fruit hybrids known as 'Minneolas' means hybrids of the citrus fruit variety 'Minneola' (*Citrus paradisi* Macf. cv. Duncan and *Citrus reticulata* blanca cv. Dancy);

(c) frozen concentrated orange juice having a degree of concentration of up to 50 degrees Brix means orange juice that has a density of 1,229 g/cm³ or less at 20 °C.

2. Use of the tariff quotas referred to in paragraph 1 shall be subject to:

- presentation, in support of the entry for release for free circulation, of a certificate of authenticity conforming to one of the models in Annex I, issued by the competent authorities of the country of origin — listed in Annex II — certifying that the products shown on it possess the specific characteristics referred to in paragraph 1, or
- in the case of concentrated orange juice, presentation to the Commission before importation of a general attestation in which the competent authority of the country of origin certifies that concentrated orange juice produced in that country does not contain the juice of blood oranges. The Commission shall inform the Member States to enable them to notify the customs departments concerned.

Article 3

The tariff quotas referred to in Article 1 shall be managed by the Commission, which may take any appropriate administrative measures to ensure that they are managed efficiently.

Article 4

Where an importer presents a product covered by this Regulation for release for free circulation in a Member State, applying to take advantage of the preferential arrangements, and the entry is accepted by the customs authorities, the Member State concerned shall, by notifying the Commission, draw an amount corresponding to its requirements from the quota volume.

Requests for drawings, indicating the date on which the entries were accepted, must be sent to the Commission without delay.

Drawings shall be granted by the Commission in chronological order of the dates on which the customs authorities of the Member States concerned accepted the entries for release for free circulation, to the extent that the available balance so permits.

If a Member State does not use a drawing in full it shall return any unused portion to the corresponding quota volume as soon as possible.

If the quantities requested are greater than the available balance of the quota volume, the balance shall be allocated among applicants pro rata. The Commission shall inform the Member States accordingly.

Article 5

Each Member State shall ensure that importers of the products in question have equal and continuous access to the quotas for as long as the balance of the relevant quota volume so permits.

Article 6

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 7

The Commission may, by means of a Regulation, suspend the application of the tariff quotas opened for by this Regulation if the reciprocity provided for in the Agreement is no longer ensured.

Article 8

This Regulation shall enter into force on 1 January 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 December 1991.
