COMMISSION REGULATION (EEC) No 507/93

of 5 March 1993

**fixing for the four previous marketing years 1988/89 to 1991/92 the average yields
of olives and olive oil**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EEC) No 2046/92 ⁽²⁾,

Having regard to Council Regulation (EEC) No 2261/84 of 17 July 1984 laying down general rules on the granting of aid for the production of olive oil and of aid to olive oil producer organizations ⁽³⁾, as last amended by Regulation (EEC) No 3500/90 ⁽⁴⁾, and in particular Article 19 thereof,

Whereas, for the purpose of granting production aid to olive growers who produce less than 500 kilograms of oil, Article 17a of Regulation (EEC) No 2261/84 provides that the Commission shall determine the average olive yields and oil yields over the four previous marketing years, in respect of the current marketing year;

Whereas these yields should be fixed by homogeneous production zone as defined in Commission Regulation

(EEC) No 2421/92 ⁽⁵⁾, except as regards municipalities which have yields different from those of the zones to which they belong;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

The average yields of olives and olive oil for the four previous marketing years 1988/89 to 1991/92 shall be as specified in the Annex hereto.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

For the Commission

René STEICHEN

Member of the Commission

COMMISSION REGULATION (EEC) No 508/93**of 5 March 1993****fixing the import levies on cereals and on wheat or rye flour, groats and meal**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1738/92 ⁽²⁾, and in particular Article 13 (5) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy ⁽³⁾, and in particular Article 5 thereof,

Whereas the import levies on cereals, wheat and rye flour, and wheat groats and meal were fixed by Commission Regulation (EEC) No 3873/92 ⁽⁴⁾ and subsequent amending Regulations;

Whereas, in order to make it possible for the levy arrangements to function normally, the representative market

rate established during the reference period from 4 March 1993, as regards floating currencies, should be used to calculate the levies;

Whereas it follows from applying the detailed rules contained in Regulation (EEC) No 3873/92 to today's offer prices and quotations known to the Commission that the levies at present in force should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 2727/75 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 6 March 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

(1) Where durum wheat originating in Morocco is transported directly from that country to the Community, the levy is reduced by ECU 0,60/tonne.

(2) In accordance with Regulation (EEC) No 715/90 the levies are not applied to products imported directly into the French overseas departments, originating in the African, Caribbean and Pacific States.

(3) Where maize originating in the ACP is imported into the Community the levy is reduced by ECU 1,81/tonne.

(4) Where millet and sorghum originating in the ACP is imported into the Community the levy is applied in accordance with Regulation (EEC) No 715/90.

(5) Where durum wheat and canary seed produced in Turkey are transported directly from that country to the Community, the levy is reduced by ECU 0,60/tonne.

(6) The import levy charged on rye produced in Turkey and transported directly from that country to the Community is laid down in Council Regulation (EEC) No 1180/77 (OJ No L 142, 9. 6. 1977, p. 10), as last amended by Regulation (EEC) No 1902/92 (OJ No L 192, 11. 7. 1992, p. 3), and Commission Regulation (EEC) No 2622/71 (OJ No L 271, 10. 12. 1971, p. 22), as amended by Regulation (EEC) No 560/91 (OJ No L 62, 8. 3. 1991, p. 26).

(7) The levy applicable to rye shall be charged on imports of the product falling within CN code 1008 90 10 (triticale).

(8) On importation into Portugal the levy is increased by the amount specified in Article 2 (2) of Regulation (EEC) No 3808/90.

(9) No levy applies to OCT originating products according to Article 101 (1) of Decision 91/482/EEC, except if paragraph 4 of the same Article applies.

(10) An amount equal to the amount fixed by Regulation (EEC) No 1825/91 (OJ No L 166, 26. 6. 1991, p. 42) is to be levied in accordance with Article 101 (4) of Decision 91/482/EEC.

(11) Products falling within this code, imported from Poland, Czechoslovakia or Hungary under the Interim Agreements concluded between those countries and the Community, and in respect of which EUR.1 certificates issued in accordance with Regulation (EEC) No 585/92 have been presented, are subject to the levies set out in the Annex to that Regulation.

COMMISSION REGULATION (EEC) No 509/93
of 5 March 1993

fixing the premiums to be added to the import levies on cereals, flour and malt

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EEC) No 1738/92 ⁽²⁾, and in particular Article 15 (6) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy ⁽³⁾, and in particular Article 5 thereof,

Whereas the premiums to be added to the levies on cereals and malt were fixed by Commission Regulation (EEC) No 3874/92 ⁽⁴⁾ and subsequent amending Regulations;

Whereas, in order to make it possible for the levy arrangements to function normally, the representative market rate established during the reference period from 4 March

1993, as regards floating currencies, should be used to calculate the levies;

Whereas, on the basis of today's cif prices and cif forward delivery prices, the premiums at present in force, which are to be added to the levies, should be altered to the amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The premiums referred to in Article 15 of Regulation (EEC) No 2727/75 to be added to the import levies fixed in advance in respect of cereals and malt coming from third countries shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 6 March 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

COMMISSION REGULATION (EEC) No 510/93

of 5 March 1993

laying down detailed rules for implementation of the specific arrangements for the supply of sheepmeat and goatmeat sector products to the Azores and Madeira

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1600/92 of 15 June 1992 concerning specific measures for the Azores and Madeira relating to certain agricultural products⁽¹⁾, as amended by Regulation (EEC) No 3714/92⁽²⁾, and in particular Article 10 thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy⁽³⁾, and in particular Article 12 thereof,

Whereas pursuant to Article 4 of Regulation (EEC) No 1600/92, it is necessary to determine for the sheepmeat and goatmeat sector for each annual period of validity, the number of pure-bred breeding sheep and goats originating in the Community which benefit from an aid with a view to developing the potential for production in the Azores and Madeira;

Whereas it is appropriate to fix the amount of aids referred to above for the supply to the Azores and Madeira of pure-bred breeding sheep and goats originating in the rest of the Community; whereas these aids must be fixed taking into account in particular the costs of supply from the Community market, and the conditions due to the geographical situation of the Azores and Madeira;

Whereas common detailed rules for implementation of the arrangements for the supply of certain agricultural products to the Azores and Madeira were laid down by Commission Regulation (EEC) No 1696/92⁽⁴⁾; as amended by Regulation (EEC) No 2132/92⁽⁵⁾; whereas it is appropriate to lay down additional detailed rules in line with current commercial practice in the sheepmeat and goatmeat sector, in particular regarding the duration of the validity of aid certificates and the amount of securities ensuring operators' compliance with their obligations;

Whereas with a view to sound management of the supply scheme, provision should be made for a timetable for the

lodging of certificate applications and for a period of reflection for their issue;

Whereas the operative event for conversion of the amount of the aid into national currency should be the day the application for the 'aid certificate' is lodged with the competent authorities at the place of destination pursuant to Article 4 (7) of Regulation (EEC) No 1696/92, without prejudice to the possibility of the advance fixing provided for in Articles 8 to 12 of Commission Regulation (EEC) No 3819/92 of 18 December 1992 on detailed rules for determining and applying the agricultural conversion rates⁽⁶⁾;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sheepmeat and Goatmeat,

HAS ADOPTED THIS REGULATION:

Article 1

The aid provided for in Article 4 (1) (c) of Regulation (EEC) No 1600/92 for the supply to the Azores and Madeira of pure-bred breeding sheep and goats originating in the Community as well as the number of animals which benefit from it shall be as fixed in the Annex.

Article 2

The provisions of Regulation (EEC) No 1696/92 shall apply with the exception of Article 4 (5) thereof.

Article 3

Portugal shall designate the competent authority for:

- (a) the issue of the 'aid certificate' provided for in Article 4 (1) of Regulation (EEC) No 1696/92,
- (b) the payment of the aid to the operators concerned.

Article 4

1. Applications for certificates shall be submitted to the competent authority during the first five working days of each month. An application for a certificate shall be admissible only if:

⁽¹⁾ OJ No L 173, 27. 6. 1992, p. 1.

⁽²⁾ OJ No L 378, 23. 12. 1992, p. 23.

⁽³⁾ OJ No L 387, 31. 12. 1992, p. 1.

⁽⁴⁾ OJ No L 179, 1. 7. 1992, p. 6.

⁽⁵⁾ OJ No L 213, 29. 7. 1992, p. 25.

⁽⁶⁾ OJ No L 387, 31. 12. 1992, p. 17.

- (a) it relates to no more than the maximum quantity of animals available published by Portugal prior to the opening of the time limit for the submission of application;
 - (b) before expiry of the period provided for the submission of applications for certificates, proof has been provided that the party concerned has lodged a security of ECU 40 per animal.
2. The certificates shall be issued by the 10th working day of each month at the latest.

Article 5

The aid certificates shall be valid for three months.

Article 6

The aid provided for in Article 1 shall be paid in respect of the quantities actually supplied.

Notwithstanding Article 4 (5) of Regulation (EEC) No 1696/92 the rate to be applied for conversion into national currency of the amount of the aid shall be the agricultural conversion rate in force on the day on which the 'aid certificate' is submitted to the competent authorities at the place of destination.

Article 7

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

For the Commission

René STEICHEN

Member of the Commission

ANNEX

SECTION 1

Supply to the Azores of pure-bred breeding sheep and goats originating in the Community for each calendar year

CN code	Description	Number of animals to be supplied	Aid (ECU/head)
0104 10 10	Pure-bred breeding sheep ⁽¹⁾		
	— males	100	380
	— females	2 500	110
0104 20 10	Pure-bred breeding goats		
	— males		
	— females		

⁽¹⁾ Inclusion in this sub-position is subject to the conditions laid down in Council Directive 89/361/EEC of 30 May 1989 concerning pure-bred sheep and goats (OJ No L 153, 6. 6. 1989, p. 30).

SECTION 2

Supply to Madeira of pure-bred breeding sheep and goats originating in the Community for each calendar year

CN code	Description	Number of animals to be supplied	Aid (ECU/head)
0104 10 10	Pure-bred breeding sheep ⁽¹⁾		
	— males	15	380
	— females	150	110
0104 20 10	Pure-bred breeding goats		
	— males	5	380
	— females	50	110

⁽¹⁾ Inclusion in this sub-position is subject to the conditions laid down in Council Directive 89/361/EEC of 30 May 1989 concerning pure-bred sheep and goats (OJ No L 153, 6. 6. 1989, p. 30).

COMMISSION REGULATION (EEC) No 511/93
of 5 March 1993

amending Regulation (EEC) No 1724/92 laying down detailed implementing rules for the specific measures for supplying the Canary Islands with products from the pigmeat sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1601/92 of 15 June 1992 introducing specific measures for the Canary Islands concerning certain agricultural products ⁽¹⁾, as amended by Commission Regulation (EEC) No 3714/92 ⁽²⁾, and in particular Article 3 (4) thereof,

Whereas Annex I to Commission Regulation (EEC) No 1724/92 of 30 June 1992 ⁽³⁾ laying down detailed rules for the application of the specific supply measures fixes the quantities of the forecast supply balance with products from the pigmeat sector which benefit from exemption from the levy on imports from third countries, or which benefit from Community aid;

Whereas, in the light of initial experience, these quantities should be amended to cover demand in the sector satisfactorily;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EEC) No 1724/92 is hereby replaced by the Annex hereto.

Article 2

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

⁽³⁾ OJ No L 179, 1. 7. 1992, p. 90.

ANNEX

ANNEX I

Forecast supply balance for the Canary Islands regarding products from the pigmeat sector
for the period from 1 July 1992 to 30 June 1993

CN code	Description of goods	Quantity (tonnes)
ex 0203	Meat of domestic swine, fresh or chilled	1 860
ex 0203	Meat of domestic swine, frozen	19 000
1601 00	Sausages and similar products, of meat, meat offal or blood ; food preparations based on these products	13 000
1602 20 90	Prepared or preserved livers of all animals other than geese or ducks	1 900
	Other preparations or conserves containing meat or meat offal of domestic swine :	
1602 41 10	Hams and cuts thereof	3 000
1602 42 10	Shoulders and cuts thereof	2 600
1602 49	Others, including mixtures	3 450

COMMISSION REGULATION (EEC) No 512/93

of 5 March 1993

on the release of securities lodged in respect of import licences under Regulation
(EEC) No 564/92 for pigmeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 519/92 of 27 February 1992 on certain procedures for applying the Interim Agreement on trade and trade-related matters between the European Economic Community and the European Coal and Steel Community, of the one part, and the Republic of Hungary, of the other part⁽¹⁾, and in particular Article 1 thereof,

Whereas Commission Regulation (EEC) No 564/92⁽²⁾ lays down detailed rules for the application to pigmeat products of the arrangements provided for in the Interim Agreement concluded by the Community with the Republic of Hungary;

Whereas Community operators submitted their import licence applications for the period 1 October to 31 December 1992 during the first 10 days of October 1992; whereas at that time the operators were convinced that they would be able to meet their obligations under import licences issued on 23 October 1992;

Whereas, as a result of the outbreak of classical swine fever in Hungary, Decision 92/539/EEC⁽³⁾ banned for several weeks imports of live swine and pigmeat and processed products from that country into the Community; whereas, as a result of these unforeseeable events,

Community operators are unable to obtain supplies on the Hungarian market to make up all the quantities mentioned in import licences;

Whereas provision should accordingly be made for the release of the securities lodged pursuant to Article 6 of Regulation (EEC) No 564/92 in respect of unused import licences;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

Securities lodged in respect of import licences issued on 23 October 1992 for products covered by groups 1, 2, 3 and 4 in Annex I to Regulation (EEC) No 564/92 but not imported before the expiry of the term of validity of those licences shall be released.

Article 2

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

⁽³⁾ OJ No L 347, 28. 11. 1992, p. 68.

COMMISSION REGULATION (EEC) No 513/93

of 5 March 1993

amending Regulation (EEC) No 19/82 laying down detailed rules for applying Council Regulation (EEC) No 2641/80 with regard to imports of sheepmeat and goatmeat products originating in certain non-member countries

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2641/80 of 14 October 1980 derogating from certain import rules laid down in Regulation (EEC) No 3013/89 on the common organization of the market in sheepmeat and goatmeat⁽¹⁾, as amended by Regulation (EEC) No 3890/92⁽²⁾, and in particular Article 1 (2) thereof,

Whereas Commission Regulation (EEC) No 19/82 of 6 January 1982 laying down detailed rules for applying Regulation (EEC) No 2641/80 with regard to imports of sheepmeat and goatmeat products originating in certain non-member countries⁽³⁾, as last amended by Regulation (EEC) No 855/92⁽⁴⁾, relates in particular to licences issued in the framework of voluntary-restraint agreements and Annex III thereof contains a list of authorities in third countries empowered to issue export licences;

Whereas, as a result of the creation of new republics in the former Czech and Slovak Federal Republic, the Czech Republic and the Slovak Republic have changed the authorities empowered to issue export licences; whereas Annex III to Regulation (EEC) No 19/82 should accordingly be modified by indicating the authorities in

the Czech Republic and Slovak Republic now empowered to issue export licences;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sheep and Goats,

HAS ADOPTED THIS REGULATION:

Article 1

Point XII of Annex III to Regulation (EEC) No 19/82 is hereby replaced by the following:

1. 'XII. "Ministry of Industry and Trade" for the Czech Republic'.

The following point is hereby inserted in Annex III to Regulation (EEC) No 19/82:

2. 'XIII. "Ministry of Economy" for the Slovak Republic'.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

**COMMISSION REGULATION (EEC) No 514/93
of 5 March 1993**

**adopting definitive measures concerning the issuing of STM licences for fresh
fruit and vegetables in trade between Portugal and the other Member States**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European
Economic Community,

Having regard to the Act of Accession of Spain and
Portugal, and in particular Article 252 (3) thereof,

Having regard to Council Regulation (EEC) No 3651/90
of 11 December 1990 laying down general rules for
applying the supplementary trade mechanism to trade in
fresh fruit and vegetables between Portugal and the other
Member States⁽¹⁾, and in particular Article 7 thereof,

Whereas Commission Regulation (EEC) No 1406/92 of
27 May 1992 laying down certain indicative ceilings and
certain additional detailed rules for the application of the
supplementary trade mechanism to trade in fruit and
vegetables between Portugal and the other Member
States⁽²⁾ sets the target ceilings for imports into Portugal
of certain fresh fruit and vegetables for the 1992/93
marketing year;

Whereas the target ceiling for oranges for the period
1 December 1992 to 28 February 1993 has been
exceeded;

Whereas the Commission adopted the interim protective
measures necessary in accordance with an emergency
procedure by Regulation (EEC) No 311/93⁽³⁾; whereas
definitive measures must be adopted; whereas in view of
the market situation in Portugal, an increase in the target
ceiling cannot be contemplated at present;

Whereas definitive measures as provided for in
Article 252 (3) of the Act of Accession should be adopted
to confirm the suspension of the issuing of STM licences
as provided for in Article 1 of Regulation (EEC)
No 311/93 until 28 February 1993;

Whereas the measures provided for in this Regulation are
in accordance with the opinion of the Management
Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

1. The issuing of STM licences for oranges covered by
CN codes 0805 10 41, 0805 10 45 and 0805 10 49, and
applied for in Portugal, is hereby definitively suspended
from 12 to 28 February 1993.

2. Further applications for STM licences for
oranges may be submitted from 1 March 1993 in respect
of that part of the target ceiling applicable from that date.

Article 2

This Regulation shall enter into force on the third day
following its publication in the *Official Journal of the
European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Done at Brussels, 5 March 1993.

COMMISSION REGULATION (EEC) No 515/93
of 5 March 1993

establishing the value of the projected regional reference amounts for producers of soya beans, rape seed, colza seed and sunflower seed for the 1992/93 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3766/91 of 12 December 1991 establishing a support system for producers of soya beans, rape seed, colza seed and sunflower seed⁽¹⁾, and in particular Articles 3 and 8 thereof,

Whereas Article 3 (3) of Regulation (EEC) No 3766/91 specifies that the Commission shall establish a projected regional reference amount for each region identified in a Member State's regionalization plan on the basis of a comparison between the cereals or oilseeds yield for that region and the Community's average cereal or oilseed yield;

Whereas Commission Regulation (EEC) No 1405/92⁽²⁾ specified that, until such time as the Projected Regional Reference Amounts were published in the *Official Journal of the European Communities*, Member States may base the advance payments made to producers on the assumed value of the projected regional reference

amounts that could be derived from the data supplied to the Commission in support of their regionalization plan;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

1. A succinct explanation of the calculation of the projected regional reference amounts is given in Annex I.
2. The projected regional reference amounts for the 1992/93 marketing year shall be as given in Annex II.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

For the Commission

René STEICHEN

Member of the Commission

⁽¹⁾ OJ No L 356, 24. 12. 1991, p. 17.

⁽²⁾ OJ No L 146, 28. 5. 1992, p. 56.

*ANNEX I***A succinct explanation of the calculation of the projected regional reference amounts for producers of oilseeds in the 1992/93 marketing year**

The projected regional reference amounts have been calculated in accordance with the provisions of Article 3 (3) of Regulation (EEC) No 3766/91.

In calculating these amounts the Commission has respected the information supplied by the Member States pursuant to Article 2 (4) of the same Regulation, and the choice of whether the comparison of yields is based on cereals or oilseeds pursuant to Article 2 (3) of the same Regulation.

The agricultural conversion rates used in the conversion of the amounts expressed in ECU into national currencies are those that were in force on 1 July 1992.

The projected regional reference amounts for the 1992/93 marketing year are given in Annex II.

ANNEX II

Projected regional reference amounts — 1992/93

COMMISSION REGULATION (EEC) No 516/93

of 5 March 1993

amending Regulation (EEC) No 2282/90 laying down detailed rules for increasing the consumption and utilization of apples and the consumption of citrus fruit

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1195/90 of 7 May 1990 on measures to increase the consumption and utilization of apples⁽¹⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1201/90 of 7 May 1990 on measures to increase the consumption of citrus fruit⁽²⁾, and in particular Article 4 thereof,

Whereas Article 5 of Commission Regulation (EEC) No 2282/90⁽³⁾, as last amended by Regulation (EEC) No 1065/92⁽⁴⁾, lays down the information that must be included in applications for Community financial assistance; whereas the written undertaking by applicants to comply with the provisions of the standard contract should be included therein;

Whereas Article 6 of Regulation (EEC) No 2282/90 provides that the Commission is to draw up a list of successful applications for Community financial assistance before 1 February of the year following their submission;

Whereas in view of the complexity of certain applications submitted, the time allowed between submission and the Commission's decision has proved to be too short; whereas in order to give the Commission enough time to study the proposals the date of 1 February should be withdrawn and the date by which the competent bodies of the Member States must conclude contracts with the organizations whose applications have been accepted, should be fixed;

Whereas, in order to ensure the proper execution of the contract, the contractor should lodge in favour of the competent body a security equal to 15 % of the Community contribution;

Whereas Article 8 of Regulation (EEC) No 2282/90 sets precise rules on payment applications by applicants to the competent body;

Whereas in the case of multiannual contracts it should be made possible for the applicant party to present annual payment applications on completion of the measures scheduled for the year in question;

Whereas in such cases the amount of any advance paid should be deducted from that invoiced for the period;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2282/90 is amended as follows:

1. The following subparagraph is added to Article 5 (1):

'Applications shall be valid only where they are accompanied by a written undertaking to comply with the provisions of the standard contract laid down by the Commission and put at the disposal of the parties concerned by the competent authority.'

2. The first paragraph of Article 6 is replaced by the following:

'Following scrutiny by the Management Committee for Fruit and Vegetables, in accordance with Article 34 of Council Regulation (EEC) No 1035/72⁽⁵⁾, the Commission shall with all due speed draw up a list of the successful applications for Community financial assistance.'

(⁽⁵⁾) OJ No L 118, 20. 5. 1972, p. 1.'

3. In Article 7 (2):

— the first subparagraph is replaced by the following:

'The competent bodies shall conclude contracts regarding the selected measures with the interested parties within a time limit of two months following notification of the list.'

— the following subparagraph is added:

'The signing of the contract shall be subject to the lodging of a security equal to 15 % of the Community contribution in favour of the competent body to ensure proper execution. The security shall be

(⁽¹⁾) OJ No L 119, 11. 5. 1990, p. 53.

(⁽²⁾) OJ No L 119, 11. 5. 1990, p. 65.

(⁽³⁾) OJ No L 205, 3. 8. 1990, p. 8.

(⁽⁴⁾) OJ No L 112, 30. 4. 1992, p. 25.

lodged in accordance with Title III of Commission Regulation (EEC) No 2220/85 (*). The security shall be released within the time-limits and under the conditions laid down in point 7 of Article 8 of this Regulation.

(*) OJ No L 205, 3. 8. 1985, p. 5.

4. The following Article 8a is inserted:

Article 8a

In the case of contracts concluded for a period of more than one year, as referred to in Article 8, the interested party may from the anniversary of the signing of the contract submit a duly supported payment application relating to expenditure incurred in the previous year. It shall be accompanied by:

- appropriate supporting documents,
- a statement summarizing the measures carried out,
- a report assessing the observable results obtained by the date on which it is drawn up.

By way of derogation from point 8 of Article 8, any advance payment made for the period shall be deducted from the payment referred to in the first paragraph and the relevant security shall be released within the limit of the amount paid.

Article 2

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 March 1993.

COMMISSION REGULATION (EEC) No 517/93
of 5 March 1993
fixing the import levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European
Economic Community,

Having regard to the Act of Accession of Spain and
Portugal,

Having regard to Council Regulation (EEC) No 1418/76
of 21 June 1976 on the common organization of the
market in rice ⁽¹⁾, as last amended by Regulation (EEC)
No 674/92 ⁽²⁾, and in particular Article 11 (2) thereof,

Having regard to Commission Regulation (EEC)
No 833/87 of 23 March 1987 laying down detailed rules
for the application of Council Regulation (EEC)
No 3877/86 on imports of rice of the long-grain aromatic
Basmati variety falling within CN codes 1006 10, 1006 20
and 1006 30 ⁽³⁾, as last amended by Regulation (EEC)
No 674/91 ⁽⁴⁾, and in particular Article 8 thereof,

Whereas the import levies on rice and broken rice were
fixed by Commission Regulation (EEC) No 3863/92 ⁽⁵⁾, as
last amended by Regulation (EEC) No 435/93 ⁽⁶⁾,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies to be charged on the products listed in
Article 1 (1) (a) and (b) of Regulation (EEC) No 1418/76
shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 6 March 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Done at Brussels, 5 March 1993.

(1) Subject to the application of the provisions of Articles 12 and 13 of Regulation (EEC) No 715/90.

(2) In accordance with Regulation (EEC) No 715/90, the levies are not applied to products originating in the African, Caribbean and Pacific States and imported directly into the overseas department of Réunion.

(3) The import levy on rice entering the overseas department of Réunion is specified in Article 11a of Regulation (EEC) No 1418/76.

(4) The levy on imports of rice, not including broken rice (CN code 1006 40 00), originating in Bangladesh is applicable under the arrangements laid down in Regulation (EEC) Nos 3491/90 and 862/91.

(5) The levy on imports into Portugal is increased by the amount specified in Article 2 (2) of Regulation (EEC) No 3778/91 (OJ No L 356, 24. 12. 1991, p. 46).

(6) The levy on imports of rice of the long-grain aromatic Basmati variety is applicable under the arrangements laid down in amended Regulation (EEC) No 3877/86.

(7) No import levy applies to OCT originating products according to Article 101 (1) of Decision 91/482/EEC.

COMMISSION REGULATION (EEC) No 518/93

of 5 March 1993

fixing the premiums to be added to the import levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European
Economic Community,

Having regard to the Act of Accession of Spain and
Portugal,

Having regard to Council Regulation (EEC) No 1418/76
of 21 June 1976 on the common organization of the
market in rice ⁽¹⁾, as last amended by Regulation (EEC)
No 674/92 ⁽²⁾, and in particular Article 13 (6) thereof,

Whereas the premiums to be added to the levies on rice
and broken rice were fixed by Commission Regulation
(EEC) No 3862/92 ⁽³⁾, as last amended by Regulation
(EEC) No 436/93 ⁽⁴⁾;

Whereas, on the basis of today's cif prices and cif forward
delivery prices, the premiums at present in force, which

are to be added to the levies, should be altered to the
amounts set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The premiums to be added to the import levies fixed in
advance in respect of rice and broken rice originating in
third countries shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 6 March 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member
States.

Done at Brussels, 5 March 1993.

COMMISSION

COMMISSION DECISION

of 4 November 1992

concerning aid granted by the Spanish government to the Merco company
(agricultural processing industry)

(Only the Spanish text is authentic)

(93/133/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 93 (2) thereof,

After giving notice, in accordance with the Article referred to above, to the parties concerned to submit their comments and having regard to those comments,

Whereas :

I

By telex messages dated 20 December 1990 and 23 April 1991 the Commission, following a complaint, asked the Spanish Government for information concerning aid which it had allegedly granted to the public company known as Merco, in the form of an injection of capital amounting to Pta 5 900 million.

In a letter dated 27 May 1991 from its Permanent Representative, the Spanish Government confirmed that in 1990 the sum of Pta 5 900 million had been paid to the Merco company pursuant to a decision by its two public shareholders, the 'Dirección General del Patrimonio del Estado' and the Forppa (Fondo para la Ordenación y Regulación de la Producción de los Precios Agrarios), in the form of an injection of capital.

On the basis of the information at its disposal the Commission took the view that this injection of capital of Pta 5 900 million was a measure intended to make good losses suffered by Merco and that in such circumstances a private investor operating under the normal conditions of a market economy would not normally have provided

such a subscription of capital. Accordingly, the payment was aid within the meaning of Article 92 (1) of the EEC Treaty.

Since the aid threatened to distort competition and affect trade between Member States in the products concerned, the Commission decided to initiate the procedure provided for in Article 93 (2) of the EEC Treaty.

By letter of 23 July 1991 the Commission requested the Spanish Government to submit its comments and to provide further information on the aid, as had been requested in the Annex to the telex of 23 April 1991. The other Member States and other interested parties were also asked to submit their comments (1).

II

The Spanish Government presented its comments in a letter dated 4 October 1991. It took the view that the injection of capital of Pta 5 900 million was not State aid within the meaning of Article 92 of the Treaty; the decision, taken by its public shareholders, had been based on economic criteria since the Spanish Government had decided to reorganize the company and to restrict it to profitable activities.

This reorganization consisted on the one hand of the closure of the 'oil' division and on the other of an injection of capital amounting to Pta 5 900 million. The 'oil' division was the cause of a major part of the company's profitability problems. In 1990 this division had cost about Pta 2 022 million.

(1) OJ No C 246, 21. 9. 1991, p. 4.

Nevertheless, the Spanish authorities considered that even if the injection of capital were to be regarded as State aid it would be compatible with the common market on the grounds that financial assistance was necessary to give effect to the plans to cut back the company's activities through the closure of the 'oil' division. In addition, since the activities of this 'oil' division were principally concentrated in less-favoured regions, the aid qualified for the exemptions under Article 92 (3) (a) and (c) of the Treaty.

However, the Spanish Government admitted that the injection of capital of Pta 5 900 million was not sufficient to ensure that the Merco company would become profitable and that other reforms would have to be undertaken, in particular with regard to the company's financial structure.

Within the framework of the procedure three interested parties forwarded their observations. Those observations were communicated to the Spanish Government by letters of 13 November 1991 and 24 January 1992.

III

The public company Mercorsa (Mercados en Origen de Productos Agrarios) was set up in 1972 by Ministry of Agriculture Decree No 3178/70 of 15 October 1970. In 1987 the company changed its corporate status and its name, becoming Merco.

Its public shareholders are the Dirección General del Patrimonio del Estado (Ministry of Finance) with 69,3 % capital participation and the Forppa (public body coming under the Ministry of Agriculture) holding a 30,7 % share.

Merco is engaged in marketing agricultural products. It has a capital of Pta 8 782 million and employs 900 people. It carries on its activities in 55 agricultural purchasing centres established at the points of production, which market agricultural products in Spain and abroad.

In 1990 the company's turnover was about Pta 71 000 million, which meant that it ranked in 1990 as one of the most important companies in Spain. Its turnover broke down between the various divisions of the company as follows:

Sales in 1990	Tonnes	Total in millions of Pta
Fruit and vegetables	95 713	6 002,1
Olive oil	158 657	32 717,7
Cereals and grains	878 812	23 760,7
Oilseed products and cotton	92 133	6 960,4
Other products	1 793	1 190,7
Total	1 227 108	70 632

In 1990 Merco, operating in the olive-oil bottling sector under the name of Uteco-Jaén, was the third-largest company in this sector in Spain, accounting for 8,9 % of total Spanish sales, i.e. 29 798 773 litres. In this connection it should be pointed out that in 1986 the company had been in only twelfth place, with 1,7 % of total sales.

According to an auditing report (for the 1990 financial year) carried out by Price Waterhouse in 1991, Merco had a deficit in 1990 of Pta 8 727 million, to which were to be added the deficits from earlier financial years amounting to Pta 9 800 million. Thus as of 31 December 1990 the total deficit amounted to Pta 18 527 million. According to this report Merco would be able to continue operating only if it received additional injections of capital.

According to the company's 1990 annual report the results of the various divisions of the company were as follows:

(in Pta million)	
Fruit and vegetables:	- 1 560,3
Olive oil:	- 2 480,2
Cereals:	- 369,2
Oilseed products and cotton:	+ 250,3
	(79,4 less than the preceding year)

According to the same annual report, on 31 December 1990 the company's non-commercial debts totalled about Pta 33 billion (Pta 30 billion in short-term debts and Pta 2 966 million in long-term debts).

IV

In the past, Merco has received other very substantial State aids. It should be recalled that in a letter of 27 December 1990 the Commission informed the Spanish authorities of the closure of the procedure under Article 93 (2) of the EEC Treaty, initiated in relation to aid granted to Mercorsa (Merco), Olcesa and Uteco-Jaén/Merco-Jaén (Aid No C 28/90 ex NN 17/89), for the following reasons:

As regards the Mercorsa (Merco) company, the Commission considered that the aid, which took the form of an increase in capital, had been undertaken prior to accession. The Spanish authorities had shown that the increase in capital of Pta 1 592 million in 1986 formed part of a general operation decided and agreed upon before 1 January 1986 as part of a restructuring programme.

As for the low-interest loan of Pta 2 340 million granted to Uteco-Jaen/Merco-Jaen in 1987, the Commission considered that this loan was unobjectionable under Articles 92 to 94 of the Treaty since a link had been shown between the 1987 loan referred to above and expenditure incurred by Merco from 1984 onwards in the restructuring of Uteco-Jaen. Thus, intervention by the State authorities through Merco corresponded to a legal obligation under Law 12/1984 — a decision preceding Spain's accession to the European Communities under which the financial reorganization of Uteco-Jaen up to an amount of Pta 15 410 million was recognized as a State obligation. The Merco company had provided the necessary funds for restructuring since 1984.

Finally, as regards the loan of Pta 2 500 million granted to Uteco-Jaen/Merco-Jaen in 1986, the Commission took the view that when the undertaking to take action for the benefit of this company was entered into, the provisions of Articles 92 and 93 of the EEC Treaty did not yet apply in Spain.

V

Under Article 92 (1) of the EEC Treaty any aid granted by a Member State or through State resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods is, in so far as it affects trade between Member States, incompatible with the common market.

The Commission set out its position in regard to contributions by public authorities to the capital of undertakings in September 1984 and informed the Member States accordingly by letter of 17 September 1984⁽¹⁾.

Under the terms of that communication there is State aid when fresh capital is injected into undertakings in circumstances that would not be acceptable to a private investor operating under normal market-economy conditions. This is the case where the financial position of the company, and particularly the structure and volume of its debt, is such that a normal return (in dividends or capital gains) cannot from the capital invested be expected within a reasonable time, or when, because of its inadequate cash flow if for no other reason, the company

would be unable to raise the funds needed for an investment programme on the capital market.

The Commission's approach has been endorsed by the Court of Justice⁽²⁾.

The Court had concluded that in order to determine whether a capital contribution was a State aid it was necessary to ascertain whether the undertaking could have obtained the necessary finance on the capital market. If the facts indicated that it could not have survived without public intervention because it would have been unable to obtain the necessary capital from a private investor it could justifiably be concluded that the contribution it had received amounted to a State aid.

Given Merco's losses in 1990 of Pta 8 727 million, together with losses from previous years amounting to Pta 9 800 million and a volume of indebtedness whereby on 31 December 1990 its non-commercial debt amounted to approximately Pta 33 billion (see section III), it is unlikely that the undertaking could have obtained sufficient funds on the capital market to ensure its survival, since no private undertaking basing its decision solely on the likelihood of profit and taking no account of social factors or regional or sectoral-policy considerations would have made such an injection of capital. Accordingly, the Pta 5 900 million of capital injected is a State aid covered by Article 92 (1).

Moreover, the Spanish authorities have not provided the Commission with any information to indicate that the company's balance sheet allowed the capital subscription to be treated as a commercial transaction.

In this connection it should also be pointed out that in their letter of 4 October 1991 the Spanish authorities themselves acknowledged that the capital subscription of Pta 5 900 million was not enough by itself to make Merco a profitable concern. This clearly shows that the subscription is to be considered a State aid covered by Article 92 (1). By keeping Merco artificially operative it prevented market forces from making their normal impact — that is, from removing an uncompetitive undertaking.

VI

The aid granted to Merco in 1990 affects trade between the Member States given that all the agricultural products marketed by it are traded between Member States: See the following table.

⁽¹⁾ CN code 1207 20.⁽²⁾ CN code 1206 00.⁽³⁾ CN code 1509.⁽⁴⁾ CN Chapter 10.⁽⁵⁾ CN Chapter 08.⁽⁶⁾ CN Chapter 07.

If financial aid granted by public authorities strengthens the position of certain undertakings as against their competitors in the Community, it must be considered to affect the latter. This is all the more true when — as in the case in point — the aid serves to prop up the financial position of an undertaking that ought in the normal course of events to have disappeared.

The inescapable conclusion is therefore that the aid to Merco is liable to affect trade between Member States and distort competition, and hence that it falls within the scope of Article 92 (1) of the EEC Treaty.

VII

The aid should have been notified to the Commission as required by Article 93 (3) of the Treaty. Since the Spanish Government failed to do so, the Commission was unable to make its position known before the measure was implemented. Since the provisions of Article 93 (3) of the Treaty were not complied with, the aid has been illegal under Community law ever since it was granted.

In this connection it must be pointed out that the imperative character of the procedural rules set out in Article 93 (3) of the Treaty, compliance with which is important from the point of view of public order, and the direct effect of which has been recognized by the Court of Justice in its judgments of 19 June 1973 in Case 77/72 ⁽¹⁾, 11 December 1973 in Case 120/73 ⁽²⁾, 22 March 1977 in Case 78/76 ⁽³⁾ and 21 November 1991 in Case C-354/90 ⁽⁴⁾, is such that the illegality of the aid in question cannot be remedied by subsequent action.

Moreover, where aid is incompatible with the common market, the Commission can make use of the option afforded it by the judgment of the Court of Justice of 12 July 1973 in Case 70/72 ⁽⁵⁾, confirmed by the judgments of 24 February 1987 and 20 September 1990 in Cases 310/85 ⁽⁶⁾ and C-5/89 ⁽⁷⁾, and can require Member States to recover from recipients all aid illegally granted.

VIII

Article 92 (1) of the EEC Treaty lays down that aid displaying the characteristics it specifies is, in principle incompatible with the common market.

The derogations provided for in Article 92 (2) of the Treaty are not applicable in this case, given the nature

and purpose of the aid envisaged. The Spanish Government did not in fact claim an exemption under Article 92 (2).

Under the terms of Article 92 (3) of the Treaty, in order to maintain a sound common market and secure the aims of Article 3 (f) of the Treaty, derogations from the principle of the incompatibility of aid must be restrictively interpreted when any aid scheme or individual aid measure is scrutinized.

In particular, derogations may be granted only if the Commission has been able to verify that, were the aid not to be granted, the free play of market forces would not be sufficient in itself to induce the potential recipients to act with a view to attaining one of the objectives indicated.

To apply the derogations in cases where there is no contribution to such an objective or where the aid is not necessary to its attainment would have the effect of conferring advantages on undertakings in certain Member States, whose financial position would be artificially strengthened, and of altering the conditions of trade between Member States and distorting competition, with no justification based on the 'common interest' referred to in Article 92 (3) of the Treaty.

That being so, none of the exemptions provided for in the said Article 92 (3) can operate in favour of the aid referred to in this Decision.

The exemptions provided for at points (a) and (c) of Article 92 (3) in regard to aid to promote or facilitate the development of particular areas are not applicable.

Point (a) of Article 92 (3) provides for exemption for aid to promote the development of areas where the standard of living is abnormally low or where there is serious underemployment. Point (c) provides for exemption for the development of certain areas. Although Merco has been able to expand some of its activities in areas qualifying for regional aid under points (a) and (c) the aid measure in question was not authorized as part of a regional aid programme but by an *ad hoc* decision of the Spanish Government, and it took the form of arbitrary capital increases granted at that Government's discretion.

Even if the aid in question were to be considered regional aid, it would still not be eligible for the exemptions under Article 92 (3) (a) and (c) since aid granted pursuant to those provisions must contribute to the region's long-term development which, in this case, means that the aid would have been used, at the very least, to reestablish the profitability of the company (an aim which Merco has not achieved, according to the information supplied to the Commission) without producing any unacceptable negative effects on the conditions of competition within the Community.

⁽¹⁾ [1973] ECR 611.

⁽²⁾ [1973] ECR 1471.

⁽³⁾ [1977] ECR 595.

⁽⁴⁾ [1991] ECR I-5505.

⁽⁵⁾ [1973] ECR 813.

⁽⁶⁾ [1987] ECR 901.

⁽⁷⁾ [1990] ECR I-3437.

As regards the exemptions referred to in Article 92 (3) (b) of the EEC Treaty, the aid in question is obviously not intended to support a project of common European interest or to remedy a serious disturbance in the Spanish economy. Indeed, the Spanish Government has not put forward such reasons as a justification for the aid in question.

Finally, as regards the exemption referred to in Article 92 (3) (c) of the EEC Treaty, for aid to facilitate the development of certain economic activities, the Commission accepts that certain sectoral aids were compatible with the common market provided that two conditions laid down in the aforesaid Article 92 (3) (c) are fulfilled, namely, on the one hand, that the aid must be necessary for the development of the sector from the point of view of the Community and, on the other, that it must not affect trading conditions to an extent contrary to the common interest.

The injection of capital of Pta 5 900 million into Merco in 1990 cannot, given the company's financial situation as described in Section VI, be considered aid compatible with the common market.

The reorganization referred to in the observations made by the Spanish authorities, consisting of the abandonment of the 'oil' division, cannot be considered a satisfactory restructuring programme. Firstly, Merco had recently received aid under a restructuring plan which should have brought the company into profitability (see Section IV) and further restructuring in 1990 therefore seems unjustified.

Moreover, in their observations the Spanish authorities have recognized that the injection of capital of Pta 5 900 million could not, in itself, restore the company's profitability (see Section II). Indeed, Merco's abandonment of the 'oil' division will not make the company profitable either. It should be recalled that the company's other divisions, excepting the oilseed and cotton divisions, also made losses in 1990 (see Section III).

Given that no prior notice of the aid was given, that it was used to offset losses and reduce debts, that it was not linked to a satisfactory restructuring programme and that it could have had a negative impact on the company's Community competitors by maintaining the company's competitiveness through artificially improving its financial position, the aid in question is incompatible with the common market.

Furthermore, it is clear from judgments of the Court of Justice in the 'Meura' and 'Boch' cases (Case 234/84, referred to above, and Case 40/85, *Belgium v. Commission*⁽¹⁾) that this type of aid does not fulfil the conditions for the granting of any of the exemptions provided for in

Article 92 where it does not help to make the company more efficient with the prospect that it will move into profit without further assistance within a reasonable time. In this case, as the Spanish authorities have admitted, Merco could not be made profitable by the injection of capital of PTA 5 900 million.

As the market becomes further integrated and as progress is made towards a single market without internal borders, distortions of competition due to the granting of aid are increasingly disturbing for competitors not receiving such aid. The Commission must therefore take this into account when examining aid measures. The Commission takes the view that all economic operators have a right to equal treatment in accordance with the EEC Treaty.

It can consequently approve restructuring aid only in special circumstances. Such aid must be linked to a true restructuring plan and may be granted only where it can be proved that the continued existence of a company and the reestablishment of its profitability are in the best interests of the Community. It is particularly important that the Commission ensure that aid does not allow beneficiaries to increase or maintain their market share at the expense of competitors not receiving such aid.

It follows from the above that the aid granted to Merco enabled the company to be kept artificially operative by postponing its liquidation — the natural consequence of the free play of market forces — and at the same time prevented other, competing producers from increasing their own market share.

Consequently, the aid granted to Merco in the form of an injection of capital of Pta 5 900 million is incompatible with the common market since it fulfils none of the conditions for the granting of exemptions under Article 92 (3) of the EEC Treaty.

IX

As was pointed out in Section VI above, the Commission may, in such cases, demand that the Member States oblige recipients of aid paid illegally to repay it.

In view of the above, the aid of Pta 5 900 million paid in the form of an injection of capital to the Merco company must be withdrawn and repaid.

Repayment must be made in accordance with the procedures and provisions laid down by Spanish legislation and in particular those concerning interest on overdue payments against monies owed to the Government, the interest being calculated from the date the illegal aid in question was paid. This appears necessary in order to

(¹) [1986] ECR 2321.

restore the previous situation by abolishing all the financial advantages enjoyed by the company receiving the illegal aid since the date on which it was paid.

This Decision shall not prejudice any inferences the Commission might draw for the financing of the common agricultural policy by the European Agricultural Guidance and Guarantee Fund (EAGGF).

Finally, by letters of 1 and 31 July 1992 the Spanish authorities said that they had decided on the total liquidation of the company. The Commission takes the view that this does not alter the obligation to repay the aid.

It should be recalled that the repayment of an illegal aid is the logical consequence of having established its illegality⁽¹⁾.

The removal of the obligation to repay in the event of a company's liquidation would render meaningless the rules on State aid and the provisions on the repayment of illegal and incompatible aid adopted and consistently applied by the Commission⁽²⁾. To avoid application of Articles 92 and 93 of the EEC Treaty a company which had received State financial support would simply have to be liquidated.

It should also be pointed out that the argument that the obligation to repay aid does not apply when a company has been liquidated has already been put forward, without success, before the Court of Justice⁽³⁾.

HAS ADOPTED THIS DECISION:

Article 1

The aid granted by the Spanish Government in the form of an injection of capital of Pta 5 900 million in the

Merco company in 1990 is illegal because it was granted in violation of the rules of procedure laid down in Article 93 (3). Furthermore, the aid is also incompatible with the common market under the terms of Article 92 (1) since it does not fulfil the conditions for the granting of an exemption under Article 92 (3).

Article 2

The Kingdom of Spain shall withdraw the aid referred to in Article 1 and order the Merco company to repay the sum in question within two months of receipt of notification of this Decision.

Repayment shall be made in accordance with the procedure and provisions laid down by national legislation, and in particular those concerning the default interest payable on monies owed to the Government, the interest running from the date on which the illegal aid concerned was paid.

Article 3

The Spanish Government shall inform the Commission within two months from the date of notification of this Decision of the measures it has taken to comply herewith.

Article 4

This Decision is addressed to the Kingdom of Spain.

COMMISSION DECISION

of 11 November 1992

concerning a draft order of the Brussels region providing for aid to promote economic growth and scientific research

(Only the French and Dutch texts are authentic)

(93/134/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first subparagraph of Article 93 (2) thereof,

Having given the parties concerned notice to submit their comments, in accordance with Article 93,

Whereas :

I

By note dated 26 July 1991 from its Permanent Representation, the Belgian Government notified the Commission, in accordance with the provisions of Article 93 (3) of the EEC Treaty, of a draft order of the Brussels region providing for aid to promote economic growth and scientific research.

Additional information was requested from the Belgian authorities by letter dated 8 August 1991. The Belgian authorities' reply was received by the Commission on 27 September 1991.

By letter dated 9 December 1991, the Commission informed the Belgian Government that it had decided to initiate the procedure provided for in Article 93 (2) of the EEC Treaty in respect of the aid and requested the Belgian Government to submit its comments.

Interested third parties were informed of the Commission's decision through publication of a notice in the *Official Journal of the European Communities* on 29 January 1992⁽¹⁾. No comments were received from interested third parties.

The aid provided for in the draft order in respect of which the abovementioned procedure was initiated may be described as follows :

- aid for industrial and craft-based undertakings in the form of capital grants or interest subsidies, possibly coupled with a guarantee by the region and the State and amounting to :

- 20 % of the investment where the sole object of the investment is the rational use of energy, water or raw materials, environmental protection or the specific adjustment of the undertaking to its particular location or its relocation in an urban environment,

- 8 % of any investment carried out by an undertaking situated in a 'less-favoured urban district' ;

- aid of the same type, without any maximum rate, for the purposes of sectoral aid or for technological or other facilities which are of particular importance for the Brussels region ;

- aid of up to 50 % of the cost of economic, technical and financial studies relating to the abovementioned investments (80 % with a maximum of Bfrs 5 million) ;

- R & D aid, in the form of grants for basic research, amounting to 50 % of the cost of the project (60 % in the case of small and medium businesses — SMBs — and research involving a considerable business risk or being of particular interest at European level), and in the form of an advance involving conditional or unconditional repayment, amounting to 40 % (50 %) of the project in the case of applied research or accompanying measures ;

- progress contracts concluded with undertakings for the carrying-out of multiannual programmes including any technological, industrial and development operation and comprising aid of up to 15 % of the investment, though this ceiling may be exceeded in the case of European industrial programmes that are the subject of national or international agreements.

II

The aid provided for under the draft order is caught by the provisions of Article 92 (1) of the EEC Treaty. Both the acceptance (or rejection) of applications and the determination of the amount and the terms of the aid are assessed and decided on in each individual case by the competent Brussels authorities. The aid will thus be granted by the State through State resources. It should be borne in mind that all aid granted by regional or local

⁽¹⁾ OJ No C 22, 29. 1. 1992, p. 8.

bodies of Member States, whatever their status and description, is covered by the provisions of Article 92 (1) of the EEC Treaty (Judgment of the Court of Justice of 14 October 1987 in Case 248/84, *Germany v. Commission* ⁽¹⁾). By relieving certain undertakings of some of their costs, such aid gives such undertakings financial advantages and improves their competitive position. Since the production of such undertakings may be in competition with that of undertakings in other Member States, such aid is liable to distort intra-Community trade.

The Article 93 (2) procedure was initiated because some of the aid was ineligible for any of the derogations from the prohibition of aid provided for in Article 92 (2) and (3) of the EEC Treaty. This was the case with the following aid:

- the aid for sectoral purposes or for technological or other facilities having particular importance for the Brussels region, and aid provided for under 'progress contracts'. Such aid, being general and non-specific in nature, did not have any features that would allow it to be exempted under Article 92 (2) and (3), but did, on the contrary, have negative repercussions at Community level, in that it would have thwarted the effects of regional development policies and would have attracted 'footloose investment' at the expense of other Member States,
- the aid provided for in respect of investments carried out by undertakings situated in less-favoured urban districts. Such aid did not qualify for a derogation as regional aid, since the Brussels region is not eligible for regional aid and since, because it related to any investment whatsoever and regardless of the size of the undertaking, the aid was general in nature and therefore incompatible with the EEC Treaty,
- the aid for the specific adjustment of undertakings to the urban environment. By making it easier for them to remain in the Brussels region, such aid would have had the effect of counteracting the attraction of regional aid schemes and could not therefore be in the Community interest,
- as regards the aid provided for in respect of R & D, the aid for applied research and accompanying measures did not comply with the maximum rates laid down by the Community framework for State aid for R & D.

III

As part of the procedure, an exploratory meeting took place on 11 February 1992 between the Commission and the relevant Brussels authorities. It was followed by an exchange of notes, dated 9 April 1992 from the Belgian authorities and 1 June 1992 from the Commission. By

letter dated 23 June 1992 from its Permanent Representation, the Belgian Government sent the Commission an amended draft order of the Brussels region accompanied by comments on the articles and an explanatory memorandum on the amendments made to the original draft. The amendments take account in particular of the provisions of the new framework on aid to SMBs as regards the definition and intensity of the aid authorized for investment and for economic, technical and financial studies.

Examination of the amended draft has led to the findings set out below regarding the various measures that had led to the initiation of Article 93 (2) proceedings.

The provision allowing aid to be granted for sectoral, technological or other purposes has been amended, and Article 7 of the new draft restricts the scope for such aid to cases 'of sectoral aid decided by the Commission of the European Communities, or else of a technological research or development programme of the European Community'.

The 'progress contracts' have been replaced by the concept of specific contracts and, according to the explanations of the relevant provision, Article 14, their use is intended solely to enable the Brussels region to participate in European programmes such as the Airbus programme.

The aid for investment by undertakings in less-favoured urban districts will in future be confined to SMBs as defined in the framework on aid for SMBs, and its amount will be limited to 7,5 % of the cost of investment.

The aid for the specific adjustment of undertakings to the urban environment or their relocation in an urban environment has been withdrawn.

The chapter relating to R & D aid has been deleted from the draft order.

IV

As a result of the substantial amendments to the draft order of the Brussels region, application of the provisions that gave rise to the initiation of proceedings will be restricted to the granting of aid that may be deemed compatible with the common market either because what is involved is the counterpart of Community aid or because the aid fulfils the conditions laid down by the Community frameworks on national aid.

Thus, with regard to the aid relating to less-favoured urban districts, the fact of restricting eligibility for the aid to SMBs as defined in the framework on aid for SMBs and of limiting its amount to 7,5 % of the cost of the investment concerned, as provided for in the framework, makes the aid compatible with the EEC Treaty.

(¹) [1987] ECR 4013.

The same is true with regard to the provisions of Article 7 of the draft order, provided that the restriction of the granting of aid to cases involving Community aid or national aid covered by a Community framework is set out clearly in Article 7. The Commission's Decision is consequently coupled with the requirement that Article 7 be thus amended.

The same also applies with regard to the provisions of Article 14 relating to 'specific contracts', provided that the wording of Article 14 stipulates explicitly that the award of such contracts will relate solely to participation in important projects of common European interest within the meaning of Article 92 (3) (b) of the EEC Treaty that are recognized as such by the Commission of the European Communities. This requirement is also a condition of the Commission's Decision to approve the draft order.

It may accordingly be concluded that the aid thus restricted is eligible for the derogation provided for in Article 92 (3) (c) of the EEC Treaty.

Application of the aid provided for in the draft order is of course also subject to the rules and guidelines of Community law relating to State aid, including certain sectors of activity in industry and agriculture and certain industrial agricultural holdings, and those relating to the combining of different types of aid,

HAS ADOPTED THIS DECISION:

Article 1

The aid provided for in the draft order of the Brussels region, as notified to the Commission by note dated 23 June 1992, may be regarded as compatible with the common market within the meaning of Article 92 (3) (c) of the EEC Treaty provided that the conditions stipulated in the following Articles are met.

Article 2

The granting of aid within the framework of sectoral or technological programmes, as provided for in Article 7 of the draft, shall be restricted solely to cases of national

financing that supplements aid from Community funds, or of aid falling within the limits laid down in a Community framework on national aid.

The Belgian Government shall take the measures necessary to amend Article 7 of the draft order in such a way that the abovementioned restrictions are explicitly laid down.

Article 3

The granting of aid within the framework of specific contracts, as provided for in Article 14 of the draft order, shall concern exclusively the participation of the recipient undertakings in one or more important projects of common European interest previously authorized by the Commission pursuant to Article 92 (3) (b).

The Belgian Government shall take the necessary measures to amend Article 14 of the draft order in such a way that the abovementioned restriction is explicitly laid down.

Article 4

The Belgian Government shall communicate to the Commission within a period of two months of the date of notification of this Decision the text of the draft order of the Brussels region, amended in line with the requirements of this Decision.

Article 5

This Decision is addressed to the Kingdom of Belgium.

Done at Brussels, 11 November 1992.

Leon BRITTAN

Vice-President

COMMISSION DECISION

of 23 December 1992

approving the grant of aid by Portugal to the coal industry in 1992

(Only the Portuguese text is authentic)

(93/135/ECSC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community,

Having regard to Commission Decision No 2064/86/ECSC of 30 June 1986 establishing Community rules for State aid to the coal industry⁽¹⁾,

Whereas :

I

By letter of 13 October 1992 the Portuguese Government informed the Commission, in accordance with Article 9 (2) of Decision No 2064/86/ECSC, of the financial measure it intends to take to support the coal industry in 1992.

Under Decision No 2064/86/ECSC, the Commission is taking action on the following financial measures :

- aid to cover operating losses by the Carbonifera do Douro company, totalling Esc 871 200 000 during 1992,
- aid in building up a reserve intended to cover compensation for mining damage, for 1992, totalling Esc 50 000 000,
- aid to cancel a debt of Esc 94 029 000 owed to the Portuguese Department of Social Security for 1992.

The support measures for the coal industry proposed by Portugal meet the requirements of Article 1 (1) of the Decision. The Commission must therefore ensure that those measures meet the aims and criteria set out in that Decision and are compatible with the proper functioning of the common market in pursuance of Article 10 thereof.

II

For 1992 the Carbonifera do Douro company has provided for an operating loss of Esc 871 200 000 for that

part of its activities associated with the production of 200 000 tonnes of coal.

The aid intended to cover operating losses must be viewed in the light of the objectives of Decision No 2064/86/ECSC, and in particular those of Article 2 (1) thereof as part of the implementation of the business strategy of the Carbonifera do Douro company notified to the Commission by the Portuguese Government in its letter of 16 April 1991.

The aim of the 'Carbonifera do Douro' business strategy is progressively to reduce the output and workforce of the Carbonifera do Douro company between 1990 and 1994, when total closure of the undertaking is planned.

The trend recorded in 1992 is consistent with the aim of the business strategy, namely a reduction of 11,5 %. This fall in output has not been sufficient to reverse the trend towards increased operating losses.

The matching of that level of aid to falling coal output, its transient nature and the implementation of a clearly-defined restructuring programme facilitating the implementation of regional development programmes are in line with the implementation conditions set out in Decision No 2064/86/ECSC. The aid to cover operating losses facilitates the business strategy of Carbonifera do Douro, as adopted by the Portuguese Council of Ministers in its discussions on 4 October 1990.

The aid proposed will cover the difference between the projected coverage costs and projected average revenue for each tonne produced. The aid will not exceed expected operating losses and hence complies with the conditions laid down in Article 3 (1) of the Decision.

This aid will contribute to solving the social and regional problems related to the reduction in coal production in accordance with the third indent of Article 2 (1) of the Decision.

In view of the foregoing, and the information supplied by the Portuguese authorities, the aid to be granted to the current production of the Portuguese coal industry in 1992 is compatible with the objectives of Decision No 2064/86/ECSC and with the proper functioning of the common market.

⁽¹⁾ OJ No L 177, 1. 7. 1986, p. 1.

III

The Portuguese Government has, for 1992, provided for aid amounting to Esc 50 000 000 intended to build up a reserve to cover compensation for any damage due to coalmining which might appear after the planned closure of the mine in 1994.

That measure must be considered to be aid linked with current production, on which the Commission must give its opinion under Article 10 (2) of Decision No 2064/86/ECSC.

In reducing the cost of production the proposed aid will, by enabling the mine to be closed down more gradually, help to solve the social and regional problems related to the decline in coal production in accordance with the third indent of Article 2 (1) of the Decision.

IV

Aid amounting to Esc 94 092 000 is proposed in order to cover a proportion, equivalent to 13 monthly transactions, of the debt owed by Carbonifera do Douro to the Portuguese Department of Social Security before 2 November 1990.

That measure must be considered to be a cancellation of debts owed to the public authorities on which the Commission must give its opinion under Article 10 (2) of Decision No 2064/86/ECSC.

This measure is intended to cancel the company's debts before the closure of the mine in 1994 and will, by enabling the closure to be more gradual, help to solve the social and regional problems relating to developments in the coal industry in accordance with the third indent of Article 2 (1) of Decision No 2064/86/ECSC.

V

In view of the foregoing, the aid to be granted by the Portuguese Government to the coal industry in 1992 is compatible with the proper functioning of the common market.

Pursuant to Article 11 (2) of Decision No 2064/86/ECSC, the Commission must ensure that the direct aid to the current production which it authorizes is used exclusively for the purposes set out in Articles 3 and 6 thereof. It must therefore be informed of the amounts of the payments and the manner of their allocation,

HAS ADOPTED THIS DECISION:

Article 1

Portugal is hereby authorized to grant aid totalling Esc 1 015 229 000 to its coal industry for the 1992 calendar year.

This amount shall be broken down as follows:

- aid, amounting to Esc 871 200 000, to cover the operating losses of the Carbonifera do Douro company;
- aid, amounting to Esc 50 000 000, to provide funds to compensate for any damage due to mining operations which may appear after closure of the mine;
- aid to cover a debt of Esc 94 029 000 owed to the Portuguese Department of Social Security.

Article 2

The Portuguese Government shall inform the Commission by 30 June 1993, at the latest, of the actual amount of aid paid in 1992.

Article 3

This Decision is addressed to the Portuguese Republic.

Done at Brussels, 23 December 1992.
