## Conditions governing fishing activities in Angolan waters by Community vessels

## A. LICENCE APPLICATION AND ISSUING FORMALITIES

- (a) The Commission of the European Communities shall present to Angola's fishing authority, via the Delegation of the Commission of the European Communities in Angola, an application made by the shipowner for each vessel that wishes to fish under this Agreement, at least 15 days before the date of commencement of the period of validity requested. Applications shall be made on forms provided for the purpose by Angola, specimens of which are contained in Appendix 1 and Appendix 2. Each licence application shall be accompanied by proof of payment of the licence fee for the period of its validity.
- (b) Each licence shall be issued to the shipowner for one designated vessel. At the request of the Commission of the European Communities the licence for a vessel shall, in cases of proven *force majeure*, be replaced by a licence valid for another Community vessel.
- (c) Licences shall be issued by the authorities of Angola to the skipper of the vessel in the port of Luanda after inspection of the vessel by the competent authority. However, in the case of tuna vessels and surface longliners, licences shall be issued to the shipowners or their representatives or agents.
- (d) The Delegation of the Commission of the European Communities in Angola shall be notified of the licences issued by Angola's fishing authority.
- (e) The licence document must be held on board at all times.
- (f) Licences shall be valid for periods of one year or, in the case of shrimp vessels, until the quota laid down in Article 1 of the Protocol is exhausted.
- (g) Each vessel shall be represented by an agent approved by the Ministry of Fisheries.
- (h) The Angolan authorities shall communicate, as soon as possible, particulars of the bank accounts and currencies to be used for financial settlements under this Agreement.

## B. LICENCE FEES

## I. Provisions applicable to trawlers

The fees shall be:

- Shrimp vessels: ECU 66 per GRT per month,
- Demersal vessels: ECU 230 per GRT per month.

The fees may be paid quarterly or half-yearly. In this case the amount shall be increased by 5 and 3 % respectively.

During the period covered by this Protocol, shipowners of the shrimp fleet shall contribute ECU 350 000 per annum towards the carrying out of scientific studies.

## II. Provisions applicable to tuna vessels and surface longliners

The fees shall be ECU 20 per tonne caught within Angola's fishing zone.

Licences shall be issued following advance payment to Angola at a flat rate of ECU 4 000 a year for each freezer tuna seiner, equivalent, to the fees for 200 tonnes caught per year, and at a flat rate of ECU 2 000 a year for each surface longliner, equivalent to the fees for 100 tonnes caught per year.

The final statement of the fees due for the fishing year shall be drawn up by the Commission of the European Communities at the end of the first quarter of the year following that of the catches on the basis of the catch statements made for each vessel and verified by a specialized scientific body in the region.

This statement shall be communicated to the Angolan authorities and to the shipowners at the same time. The shipowners shall make any additional payment, within 30 days of notification of the final statement at the latest, into an account opened with a financial institution or any other body specified by the Angolan authorities.

However, if the amount of the final statement is lower than the advance referred to above, the balance shall not be reimbursable to the shipowners.

#### C. BY-CATCHES

The by-catches of shrimp vessels shall be the property of the shipowners. They shall be authorized to catch up to 500 tonnes of crab per annum.

#### D. LANDINGS

Community surface longliners shall endeavour to contribute to supplying Angolan tuna-canning factories, in accordance with their fishing effort in the zone, at a price to be jointly agreed between the shipowners and the Angolan fishing authorities based on current international market prices. Payment shall be in a convertible currency.

#### E. TRANSHIPMENTS

All transshipments shall be notified to the competent Angolan fishing authorities eight days in advance and shall take place in one of the bays of Luanda or Lobito in the presence of the tax authorities.

A copy of the documentation relating to transshipments shall be forwarded to the Inspection and Monitoring Department of the Ministry of Fisheries 15 days before the end of each month for the preceding month.

#### F. STATEMENT OF CATCHES

##### 1. *Shrimp vessels and demersal trawlers*

- (a) At the end of each fishing campaign these vessels must forward to the Fisheries Investigation Centre in Luanda, via the Delegation of the European Communities, a daily catch report drawn up by the skipper in accordance with the specimen contained in Appendix 3.

Furthermore, each vessel shall present a monthly report to the cabinet of the Minister for Planning or Ministry of Fisheries, via the Delegation of the European Communities, listing the catches made during the month and the quantities on board on the last day of the month. This report shall be presented no later than the 45th day following the end of the month concerned. In the event of failure to comply with this provision, Angola reserves the right to apply the penalties provided for in Article 12 of Decree No 12-A/80 of 6 February 1980.

- (b) These vessels must also inform Luanda radio station on a daily basis of their geographical position and the previous day's catches. Shipowners shall be notified of the call sign at the time of issue of the fishing licence. If it is not possible to use the radio, vessels may use alternative means of communication such as telex or telegraph.

Before leaving Angola's fishing zone, these vessels must obtain authorization from the Department of Inspection and Monitoring of the Ministry of Fisheries and have the catches on board checked.

##### 2. *Tuna vessels and surface longliners*

Every three days during the fishing period in Angola's fishing zone, vessels shall inform Luanda radio station of their position and their catches. On entering and leaving Angola's fishing zone, the vessels shall inform Luanda radio station of their position and the volume of the catches on board.

If it is not possible to use the radio, vessels may use alternative means of communication such as telex or telegraph.

In addition, the skipper shall keep a fishing log book, in accordance with Appendix 4, for each fishing period spent in Angola's fishing zone.

This form must be completed legibly and be signed by the skipper of the vessel and sent to the Department of Inspection and Monitoring of the Ministry of Fisheries via the Delegation of the European Communities within 45 days of the end of the fishing campaign.

In the event of failure to comply with this provision, Angola reserves the right to apply the penalties provided for in Article 12 of Decree No 12-A/80 of 6 February 1980.

The seamen's wages, set in accordance with Angolan scales, and other forms of remuneration shall be borne by the shipowners and shall be paid into an account opened with a financial institution designated by the Ministry of Fisheries.

Should shipowners wish to take on further Angolan crew members they can do so by applying to the Ministry of Fisheries.

#### I. SCIENTIFIC OBSERVERS

Any vessel may be asked to take on board a scientific observer designated and employed by the Ministry of Fisheries.

The scientific observer shall receive, as far as possible, the same treatment as the ship's officers. The observer shall be given all facilities necessary for him to carry out his duties. The scientific observer's presence and work shall neither interrupt nor hinder the fishing activities.

An amount of ECU 8/GRT a year is included in the fee paid by shipowners for each vessel fishing in Angolan waters to cover the cost to Angola of placing observers on vessels.

#### J. INSPECTION AND MONITORING

At the request of the Angolan authorities, Community fishing vessels operating under the Agreement shall allow on board any Angolan officials responsible for the inspection and monitoring of fishing activities and facilitate the accomplishment of their duties.

These officials shall remain on board no longer than is necessary for the accomplishment of their duties.

**K. FUEL SUPPLIES, REPAIRS AND OTHER SERVICES**

All vessels, except tuna vessels, operating in Angola's fishing zone under this Agreement must obtain their fuel and water supplies and have shipyard repairs and maintenance carried out in Angola wherever possible.

Subject to these same conditions, the transport of crews shall be undertaken by the Angolan national airline.

Fuel shall not be taken on board outside the roads of Luanda or Lobito without authorization from the Department of Inspection and Monitoring of the Ministry of Fisheries.
