COUNCIL REGULATION (EEC) No 2967/93
of 25 October 1993
prohibiting the supply of certain goods to Unita

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Whereas the United Nations Security Council, acting under Chapter VII of the Charter of the United Nations, adopted resolution 864 (1993) on 15 September 1993 concerning the measures all States have to take with regard to trade with Angola in order to obtain compliance by Unita with previous demands made by the Council and to implement the 'Acordos de Paz';

Whereas the Security Council has also called upon the United Nations Member States to apply these measures notwithstanding the existence of any rights or obligations conferred or imposed by any international agreement signed, any contract entered into or any licence or permit granted before the date of adoption of the said resolution; whereas, therefore, the fourth ACP-EEC Convention signed in Lomé on 15 December 1989, to which the Community and Angola are parties, does not pose an obstacle to the application of the said Security Council measures;

Whereas the Community and its Member States, meeting within the framework of political cooperation, have expressed their strong support for these measures;

Whereas, under these conditions, it is appropriate for the Community to carry out the said Security Council resolution in its field of trade;

Whereas, pursuant to the said resolution, the measures decided upon are applied by the Member States of the United Nations on the basis of notification, by the Secretary-General of the United Nations, of the points of entry of the territory of Angola which are not affected by the said measures, as communicated to him by the Government of Angola; whereas such notification reached the Community on 7 October 1993;

Whereas the Community and its Member States have agreed to have recourse to a Community instrument in order to ensure, *inter alia*, uniform application of these measures throughout the Community;

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

HAS ADOPTED THIS REGULATION:

Article 1

1. As from 7 October 1993 the following shall be prohibited:

- the sale or supply of the petroleum and petroleum products listed in Annex I, whether or not originating in the Community, in the territory of Angola through points of entry other than those referred to in Annex II,
- any activity the object or effect of which is, directly or indirectly, to promote the transactions referred to in the first indent.

2. The Commission is hereby empowered to amend the list which appears in Annex II on the basis of the corresponding notifications given by the Secretary-General of the United Nations. Such amendments shall be published in the *Official Journal of the European Communities*.

Article 2

The sale or supply to Angola of the petroleum and petroleum products listed in Annex I which is not prohibited pursuant to Article 1 shall be subject to prior authorization to be issued by the competent authorities of the Member States.

Article 3

This Regulation shall apply notwithstanding any rights conferred or obligations imposed by any international agreement signed or any contract entered into or any licence or permit granted before the entry into force of the Regulation.

Article 4

Each Member State shall determine the sanctions to be imposed where this Regulation is infringed.

Article 5

This Regulation shall apply to the territories of the Member States to which the Treaty establishing the European Economic Community is applicable and under the conditions laid down in that Treaty, including their air space, and on board any aircraft or vessel under the jurisdiction of a Member State, and, elsewhere, to any national

of a Member State and to any body incorporated or constituted under the law of a Member State outside the aforementioned territories.

Article 6

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2976/93**of 27 October 1993****amending Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff⁽¹⁾, as last amended by Commission Regulation (EEC) No 2593/93⁽²⁾, and in particular Article 9 thereof,

Whereas Regulation (EEC) No 2658/87 established the nomenclature of goods hereinafter referred to as 'the combined nomenclature', which serves the purposes both of the Community's common customs tariff and of its external trade statistics;

Whereas in order to ensure uniform application of the combined nomenclature, it is necessary to clarify the expression 'put up for retail sale' of note 3 (b) to Chapters 61 and 62 of the combined nomenclature; whereas for this purpose it is necessary to supplement Additional Note 1 to Chapters 61 and 62 of the combined nomenclature;

clature; whereas Annex I to Regulation (EEC) No 2658/87 has to be amended accordingly;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Nomenclature Committee,

HAS ADOPTED THIS REGULATION:

Article 1

The following paragraph is added to Additional Note 1 to Chapters 61 and 62 of Annex I to Regulation (EEC) No 2658/87:

'All the components of an ensemble must be presented together for retail sale as a single unit. Individual wrapping or separate labelling of each component of such a single unit does not influence its classification as an ensemble.'

COMMISSION REGULATION (EEC) No 2977/93

of 28 October 1993

fixing for the 1993/94 marketing year the reference prices for broad-leaved
(Batavian) endives

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables⁽¹⁾, as last amended by Regulation (EEC) No 638/93⁽²⁾, and in particular Article 27 (1) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy⁽³⁾, and in particular Article 9 (1) thereof,

Having regard to Commission Regulation (EEC) No 3824/92 of 28 December 1992 laying down the prices and amounts fixed in ecus to be amended as a result of the monetary realignments⁽⁴⁾, as last amended by Regulation (EEC) No 1663/93⁽⁵⁾, and in particular Article 2 thereof,

Whereas pursuant to Article 23 (1) of Regulation (EEC) No 1035/72, reference prices valid for the whole Community are to be fixed at the beginning of the marketing year;

Whereas broad-leaved (Batavian) endives (*Cichorium endivia* L. var. *latifolia*) are produced in such quantities in the Community that reference prices should be fixed for them;

Whereas endives harvested during a given crop year are marketed from July to June of the following year; whereas the quantities imported from 1 July to 14 November and from 1 April to 30 June of the following year are so small that there is no need to fix reference prices for these periods; whereas reference prices should be fixed only for the period 15 November up to and including 31 March of the following year;

Whereas Article 23 (2) (b) of Regulation (EEC) No 1035/72 stipulates that reference prices are to be fixed at the same level as for the preceding marketing year,

adjusted, after deducting the standard cost of transporting Community products between production areas and Community consumption centres in the preceding year, by:

- the increase in production costs for fruit and vegetables, less productivity growth, and
- the standard rate of transport costs in the current marketing year;

Whereas the resulting figure may nevertheless not exceed the arithmetic mean of producer prices in each Member State plus transport costs for the current year, after this amount has been increased by the rise in production costs less productivity growth; whereas the reference price may, however, not be lower than in the preceding marketing year;

Whereas, to take seasonal price variations into account, the marketing year should be divided into several periods and a reference price fixed for each of these periods;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas Article 1 of Commission Regulation (EEC) No 3820/92 of 28 December 1992 on transitional measures for the application of the agrimonetary arrangements laid down in Council Regulation (EEC) No 3813/92⁽⁶⁾ establishes a correspondence between the provisions of the agrimonetary arrangements applicable from 1 January 1993 and those applicable before that date;

Whereas Regulation (EEC) No 3824/92 establishes a list of prices and amounts for the fruit and vegetables sector which are to be divided by a coefficient of 1,010495, fixed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organization of the market in fishery and aquaculture products ⁽¹⁾, as amended by Regulation (EEC) No 697/93 ⁽²⁾, and in particular Article 21 (5) thereof,

Whereas Commission Regulation (EEC) No 3900/92 ⁽³⁾, as amended by Regulation (EEC) No 1792/93 ⁽⁴⁾, imposes a ceiling of 75 500 tonnes on the quantity of certain species of preserved tuna and bonito which may be imported into the Community in 1993;

COMMISSION REGULATION (EEC) No 2979/93

of 28 October 1993

fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 2046/92⁽²⁾,

Having regard to Council Regulation (EEC) No 1650/86 of 26 May 1986 on export refunds and levies on olive oil⁽³⁾, and in particular the first sentence of Article 3 (1) thereof,

Whereas Article 20 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries;

Whereas the detailed rules for fixing and granting export refunds on olive oil are contained in Regulation (EEC) No 1650/86 and Commission Regulation (EEC) No 616/72⁽⁴⁾, as last amended by Regulation (EEC) No 2962/77⁽⁵⁾;

Whereas the first indent of Article 2 of Regulation (EEC) No 1650/86 provides that the refund must be the same for the whole Community;

Whereas, in accordance with Article 4 of Regulation (EEC) No 1650/86, the refund for olive oil must be fixed in the light of the existing situation and outlook in relation to olive oil prices and availability on the Community market and olive oil prices on the world market;

Whereas, however, where the world market situation is such that the most favourable olive oil prices cannot be determined, account may be taken of the price of the main competing vegetable oils on the world market and the difference recorded between that price and the price of olive oil during a representative period;

Whereas the amount of the refund may not exceed the difference between the price of olive oil in the Community and that on the world market, adjusted, where appro-

priate, to take account of export costs for the products on the world market;

Whereas, in accordance with Article 5 of Regulation (EEC) No 1650/86, it may be decided that the refund shall be fixed by tender;

Whereas the tendering procedure should cover the amount of the refund and may be limited to certain countries of destination, quantities, qualities and presentations;

Whereas the second indent of Article 2 of Regulation (EEC) No 1650/86 provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary;

Whereas Article 3 (1) of Regulation (EEC) No 1650/86 provides that the refund must be fixed at least once every month; whereas it may, if necessary, be altered in the intervening period;

Whereas it follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁶⁾ are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁷⁾;

Whereas Council Regulation (EEC) No 990/93⁽⁸⁾ prohibits trade between the European Economic Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

COMMISSION REGULATION (EEC) No 2980/93

of 28 October 1993

fixing the production refund for olive oil used in the manufacture of certain preserved fish and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 2046/92⁽²⁾,

Having regard to Council Regulation (EEC) No 591/79 of 26 March 1979 laying down general rules relating to the production refund for olive oil used in the manufacture of certain preserved foods⁽³⁾, as last amended by Regulation (EEC) No 2903/89⁽⁴⁾, and in particular Articles 3 and 5 thereof,

Whereas Article 2 of Council Regulation (EEC) No 591/79 provides for the granting of a production refund for olive oil used in the preserving industry;

Whereas under Article 3 of the abovementioned Regulation, without prejudice to the second subparagraph of Article 7 of the said Regulation, the Commission shall fix this refund every two months;

Whereas, by virtue of Article 5 of the Regulation cited above, where the tender system is employed for fixing the levy, the production refund shall be fixed on the basis of the minimum levies determined under the said system for oils falling within subheading 1509 90 00 of the

combined nomenclature and the export refunds valid for those same oils; whereas, however, if the oil employed for manufacture of the preserves was produced within the Community, the amount referred to above shall be increased by a sum equal to the consumption aid in force on the day the said refund is applied;

Whereas application of the above criteria results in the refund being fixed as shown below,

HAS ADOPTED THIS REGULATION:

Article 1

For the months of November and December 1993, the amount of the production refund referred to in Article 2 of Regulation (EEC) No 591/79 shall be:

- ECU 82,58 per 100 kilograms for olive oil produced in the Community,
- ECU 43,00 per 100 kilograms for olive oil other than that referred to in the preceding indent.

Article 2

This Regulation shall enter into force on 1 November 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Having regard to Council Regulation (EEC) No 1650/86 of 26 May 1986 on the refunds and levies applicable to exports of olive oil ⁽³⁾, and in particular Article 7 thereof,

COMMISSION REGULATION (EEC) No 2987/93
of 28 October 1993
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EEC) No 2071/92 ⁽²⁾, and in particular Article 17 (4) thereof,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds ⁽³⁾, as last amended by Regulation (EEC) No 1344/86 ⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports;

Whereas Article 3(1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling

prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5(1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas, in accordance with Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products ⁽⁵⁾, as last amended by Regulation (EEC) No 2767/90 ⁽⁶⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components, one of which is intended to take account of the quantity of milk products and the other is intended to take account of the quantity of added sucrose; whereas, however, the latter component is applied only if the added sucrose was produced from sugar beet or cane harvested in the Community; whereas, for products falling within CN codes ex 0402 99 11, ex 0402 99 19, ex 0404 90 51, ex 0404 90 53, ex 0404 90 91 and ex 0404 90 93, with a fat content by weight not exceeding 9,5 % and a non-fatty milk content in the dry matter equal to or greater than 15 % by weight, the former abovementioned component is fixed for 100 kilograms of the whole product; whereas, for the other products containing added sugar falling within CN codes 0402 and 0404, that component is calculated by multiplying the basic amount by the milk products content of the product concerned; whereas that basic amount is equal to the refund to be fixed for one kilogram of milk products contained in the whole product;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 215, 30. 7. 1992, p. 64.

⁽³⁾ OJ No L 155, 3. 7. 1968, p. 1.

⁽⁴⁾ OJ No L 119, 8. 5. 1986, p. 36.

⁽⁶⁾ OJ No L 267, 29. 9. 1990, p. 14.

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EEC) No 1548/93⁽²⁾;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽³⁾ are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁴⁾;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for cheeses of a free-at-frontier value less than ECU 150 per 100 kilograms;

Whereas Commission Regulation (EEC) No 896/84⁽⁵⁾, as last amended by Regulation (EEC) No 222/88⁽⁶⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for the possibility of varying refunds according to the date of manufacture of the products;

Whereas for the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account;

Whereas it follows from applying the rules set out above to the present situation on the market in milk and in

particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation;

Whereas Council Regulation (EEC) No 990/93⁽⁷⁾ prohibits trade between the European Economic Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 2988/93

of 28 October 1993

fixing the export refunds on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice ⁽¹⁾, as last amended by Regulation (EEC) No 1544/93 ⁽²⁾, and in particular the first sentence of the fourth subparagraph of Article 17 (2) thereof,

Whereas Article 17 of Regulation (EEC) No 1418/76 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 1431/76 of 21 June 1976 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds ⁽³⁾, provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of rice and broken rice on the Community market on the one hand and prices for rice and broken rice on the world market on the other; whereas the same Article provides that it is also important to ensure equilibrium and the natural development of prices and trade on the rice market and, furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances of the Community market;

Whereas Commission Regulation (EEC) No 1361/76 ⁽⁴⁾ lays down the maximum percentage of broken rice allowed in rice for which an export refund is fixed and specifies the percentage by which that refund is to be reduced where the proportion of broken rice in the rice exported exceeds that maximum;

Whereas Article 3 of Regulation (EEC) No 1431/76 defines the specific criteria to be taken into account when

the export refund on rice and broken rice is being calculated;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas a separate refund should be fixed for packaged long grain rice to accommodate current demand for the product on certain markets;

Whereas the refund must be fixed at least once a month; whereas it may be altered in the intervening period;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92 ⁽⁵⁾ are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93 ⁽⁶⁾;

Whereas it follows from applying these rules and criteria to the present situation on the market in rice and in particular to quotations or prices for rice and broken rice within the Community and on the world market, that the refund should be fixed as set out in the Annex hereto;

Whereas Council Regulation (EEC) No 990/93 ⁽⁷⁾ prohibits trade between the European Economic Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1993 on the common organization of the market in cereals⁽¹⁾, as amended by Regulation (EEC) No 2193/93⁽²⁾, and in particular Article 11 (3) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice⁽³⁾, as last amended by Regulation (EEC) No 1544/93⁽⁴⁾, and in particular Article 12 (4) thereof,

Whereas the rules to be applied in calculating the variable component of the import levy on products processed from cereals and rice are laid down in Article 11 (1) (A) of Regulation (EEC) No 1766/92 and Article 12 (1) (a) of Regulation (EEC) No 1418/76; whereas Article 2 of Commission Regulation (EEC) No 1620/93 of 25 June 1993 on the import and export system for products processed from cereals and rice⁽⁵⁾, provides that the incidence on the prime costs of these products of the levies applicable to their basic products should be calculated on the basis of the average of the levies applicable to these basic products for the first 25 days of the month preceding that of importation; whereas this average, adjusted on the basis of the threshold price valid for the basic products in question during the month of importation is calculated on the basis of the quantities of basic products considered to have been used in the manufacture of the processed product or the competing product which serves as a reference for processed products not containing cereals;

Whereas Commission Regulation (EEC) No 1579/74 of 24 June 1974 on the procedure for calculating the import levy on products processed from cereals and from rice and for the advance fixing of this levy for these products and for compound feedingstuffs manufactured from cereals⁽⁶⁾, as last amended by Regulation (EEC) No

1740/78⁽⁷⁾, provides that the levy thus determined, increased by the fixed component, is altered where the levy applicable to the basic product concerned differs by not less than ECU 3,02 per tonne from the average of the levies calculated as described above;

Whereas, in order that account may be taken of the interests of the African, Caribbean and Pacific States, the levy relating to them in respect of certain products processed from cereals must be reduced by the amount of the fixed component and, in respect of some of these products, by part of the variable component; whereas this reduction must be made in accordance with Article 14 of Council Regulation (EEC) No 715/90 on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the ACP States⁽⁸⁾, extended by Regulation (EEC) No 444/92⁽⁹⁾;

Whereas Article 3 (4) of Council Regulation (EEC) No 3763/91⁽¹⁰⁾, as amended by Regulation (EEC) No 3714/92⁽¹¹⁾, allows that within the limit of an annual quantity of 8 000 tonnes, the levy shall not be applied to imports into the French department of Réunion of wheat bran falling within CN code 2302 30 from the African, Caribbean and Pacific (ACP) States;

Whereas, pursuant to Article 101 (1) of Council Decision 91/482/EEC of 25 July 1991 on the association of the overseas countries and territories with the European Economic Community⁽¹²⁾ no levies shall apply on imports of products originating in the overseas countries and territories;

Whereas Council Regulation (EEC) No 3834/90 of 20 December 1990 reducing for 1991 the levies on certain agricultural products originating in developing countries⁽¹³⁾, as last amended by Regulation (EEC) No 1028/93⁽¹⁴⁾, reduces by 50 % the levy or importation into the Community of products of CN code 1108 13 00, within the limit of a fixed amount of 5 000 tonnes a year;

Whereas Council Regulation (EEC) No 430/87 of 9 February 1987 concerning the import arrangements applicable to products falling within CN codes 0714 10 and 0714 90 originating in certain third countries⁽¹⁾, as last amended by Regulation (EEC) No 3909/92⁽²⁾, lay down the terms on which the import levy is limited to 6 % *ad valorem*;

Whereas Council Regulation (EEC) No 2730/75 of 29 October 1975 on glucose and lactose⁽³⁾, as amended by Regulation (EEC) No 222/88⁽⁴⁾, stipulates that the treatment provided for glucose and glucose syrup falling within CN codes 1702 30 91, 1702 30 99 and 1702 40 90 by Regulation (EEC) No 1766/92 it is to be extended to glucose and glucose syrup falling within CN codes 1702 30 51 and 1702 30 59; whereas consequently the levy fixed for products falling within CN codes 1702 30 91, 1702 30 99 and 1702 40 90 also applies to products falling within CN codes 1702 30 51 and 1702 30 59; whereas, to ensure that the provision in question is properly applied, these products and the levy thereon should be explicitly mentioned in the list of levies;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁵⁾ are used to convert amounts expressed in third country currencies

and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁶⁾,

COMMISSION REGULATION (EEC) No 2993/93
of 28 October 1993
fixing the import levies on compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as amended by Regulation (EEC) No 2193/93⁽²⁾, and in particular Article 11 (3) thereof,

Whereas the rules to be applied in calculating the variable component of the import levy on compound feedingstuffs are laid down in Article 11 (1) (A) of Regulation (EEC) No 1766/92; whereas Article 4 of Commission Regulation (EEC) No 1619/93 of 25 June 1993 on the arrangements applicable to cereal-based compound feedingstuffs⁽³⁾ provides that the incidence on the prime costs of those feedingstuffs of the levies applicable to their basic products should be calculated on the basis of the sum of the amounts equal to the average levies applicable during the first 25 days of the month preceding the month of importation to the quantities of basic products, maize and milk powder, considered to have been used in the manufacture of such compound feedingstuffs, the averages being adjusted on the basis of the threshold price for the basic products in question applicable during the month of importation;

Whereas the fixed component is laid down in Article 6 of Regulation (EEC) No 1619/93;

Whereas, in order that account may be taken of the interests of the African, Caribbean and Pacific States, the levy relating to them in respect of certain products processed from cereals must be reduced by the amount of the fixed component and, in respect of some of these products, by part of the variable component; whereas this reduction must be made in accordance with Article 14 of Council Regulation (EEC) No 715/90 of 5 March 1990 on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States or in the overseas countries and territories⁽⁴⁾, extended by Regulation (EEC) No 444/92⁽⁵⁾;

Whereas, pursuant to Article 101 (1) of Council Decision 91/482/EEC of 25 July 1991 on the association of the

overseas countries and territories with the European Economic Community⁽⁶⁾, no levies shall apply on imports of products originating in the overseas countries and territories;

Whereas, in addition, account must be taken of Council Decision 93/239/EEC of 15 March 1993 concerning the conclusion of the Agreements in the form of exchanges of letters between the European Economic Community, of the one part, and the Republic of Austria, the Republic of Finland, the Republic of Iceland, the Kingdom of Norway and the Kingdom of Sweden, of the other part, on the provisional application of the Agreements on certain arrangements in the field of agriculture, signed by the said parties in Oporto on 2 May 1992⁽⁷⁾; whereas Commission Regulation (EEC) No 1267/93⁽⁸⁾, lays down detailed rules for the application of the import arrangements for these products originating in Sweden;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁹⁾ are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽¹⁰⁾,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 2994/93

of 28 October 1993

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as amended by Regulation (EEC) No 2193/93⁽²⁾, and in particular the third subparagraph of Article 13 (2) thereof,

Whereas Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products in the Community may be covered by an export refund;

Whereas the refunds must be fixed taking into account the factors referred to in Article 2 of Commission Regulation (EEC) No 1533/93⁽³⁾, laying down detailed rules on the granting of export refunds on cereals and the measures to be taken in the event of disturbance on the market for cereals;

Whereas, as far as wheat and rye flour, groats and meal are concerned, when the refund on these products is being calculated, account must be taken of the quantities of cereals required for their manufacture; whereas these quantities were fixed in Regulation (EEC) No 1533/93;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination;

Whereas the refund must be fixed once a month; whereas it may be altered in the intervening period;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁴⁾ are used to convert amounts expressed in third country currencies

and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁵⁾;

Whereas it follows from applying the detailed rules set out above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the refunds should be as set out in the Annex hereto;

Whereas Council Regulation (EEC) No 990/93⁽⁶⁾ prohibits trade between the European Economic Community and the Federal Republic of Yugoslavia (Serbia and Montenegro); whereas this prohibition does not apply in certain situations as comprehensively listed in Articles 2, 4, 5 and 7 thereof; whereas account should be taken of this fact when fixing the refunds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (a), (b) and (c) of Regulation (EEC) No 1766/92, excluding malt, exported in the natural state, shall be as set out in the Annex hereto.

COUNCIL

COUNCIL DIRECTIVE 93/88/EEC

of 12 October 1993

amending Directive 90/679/EEC on the protection of workers from risks related to exposure to biological agents at work (seventh individual Directive within the meaning of Article 16 (1) of Directive 89/391/EEC)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 118a thereof,

Having regard to the proposal from the Commission⁽¹⁾, drawn up after consulting the Advisory Committee on Safety, Hygiene and Health Protection at Work,

In cooperation with the European Parliament⁽²⁾,

Having regard to the opinion of the Economic and Social Committee⁽³⁾,

Whereas Article 18 of Directive 90/679/EEC⁽⁴⁾ states that, in accordance with the procedure laid down in Article 118a of the Treaty, the Council must adopt a first list of Group 2, Group 3 and Group 4 biological agents for Annex III to that Directive;

Whereas that first list of biological agents must be classified on the basis of the definitions given in Article 2 (d) (2), (3) and (4) (Groups 2, 3 and 4) of the said Directive;

Whereas the list does not contain genetically modified biological agents;

Whereas, for a number of biological agents details additional to their classification should be given;

Whereas it is appropriate to include in Directive 90/679/EEC a recommended code of practice, for the purpose of furnishing guidelines only, on vaccination of workers exposed to biological agents for which effective vaccines exist,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Directive 90/679/EEC is hereby amended as follows:

1. the following subparagraph shall be inserted after the second subparagraph of Article 14 (3):

‘When employers make vaccines available, they should take account of the recommended code of practice set out in Annex VII.’;

2. Annex III shall be replaced by the text in Annex I to this Directive;
3. Annex VII appearing in Annex II to this Directive shall be added.

Article 2

1. Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with this Directive not later than 30 April 1994. They shall forthwith inform the Commission thereof.

However, in the case of the Portuguese Republic, the date referred to in the first subparagraph shall be 31 December 1995.

⁽¹⁾ OJ No C 217, 24. 8. 1992, p. 32.

⁽²⁾ OJ No C 72, 19. 3. 1993, p. 74 and OJ No C 255, 20. 9. 1993.

⁽³⁾ OJ No C 19, 25. 1. 1993, p. 16.

⁽⁴⁾ OJ No L 374, 31. 12. 1990, p. 1.

2. Member States shall communicate to the Commission the provisions of national law already adopted or which they adopt in the field governed by this Directive.

3. When Member States adopt such provisions, they shall contain a reference to this Directive or be accompanied by such reference on the occasion of their official publication. The methods of making such a reference shall be laid down by the Member States.

Article 3

This Directive is addressed to the Member States.

M. SMET

*ANNEX I**ANNEX III***COMMUNITY CLASSIFICATION****(Article 18 and Article 2 (d))**

Introductory notes

1. In line with the scope of the Directive, only agents which are known to infect humans are to be included in the classified list.

Where appropriate, indicators are given of the toxic and allergic potential of these agents.

Animal and plant pathogens which are known not to affect man are excluded.

In drawing up this first list of classified biological agents consideration has not been given to genetically modified micro-organisms.

2. The list of classified agents is based on the effect of those agents on healthy workers.

No specific account is taken of particular effects on those whose susceptibility may be affected for one or other reason such as pre-existing disease, medication, compromised immunity, pregnancy or breast feeding.

Additional risk to such workers should be considered as part of the risk assessment required by the Directive.

In certain industrial processes, certain laboratory work or certain work with animals involving actual or potential exposure to biological agents of Groups 3 or 4, any technical precautions taken must comply with Article 16 of the Directive.

3. Biological agents which have not been classified for inclusion in Groups 2 to 4 of the list are not implicitly classified in Group 1.

For agents where more than one species is known to be pathogenic to man, the list will include those species which are known to be the most frequently responsible for diseases, together with a more general reference to the fact that other species of the same genus may affect health.

When a whole genus is mentioned in the classified list of biological agents, it is implicit that the species and strains known to be non-pathogenic are excluded.

4. Where a strain is attenuated or has lost known virulence genes, then the containment required by the classification of its parent strain need not necessarily apply, subject to assessment appropriate for risk in the workplace.

For example, when such a strain is to be used as a product or part of a product for prophylactic or therapeutic purposes.

5. The nomenclature of classified agents used to establish this list reflects and is in conformity with the latest international agreements of the taxonomy and nomenclature of agents at the time the list was prepared.

6. The list of classified biological agents reflects the state of knowledge at the time that it was devised.

It will be updated as soon as it no longer reflects the latest state of knowledge.

7. Member States are to ensure that all viruses which have already been isolated in humans and which have not been assessed and allocated in this Annex are classified in Group 2 as a minimum, except where Member States have proof that they are unlikely to cause disease in humans.

8. Certain biological agents classified in Group 3 which are indicated in the appended list by an asterisk (*), may present a limited risk of infection for workers because they are not normally infectious by the air-borne route.

Member States shall assess the containment measures to be applied to such agents, taking account of the nature of specific activities in question and of the quantity of the agent involved, with a view to determining whether, in particular circumstances, some of these measures may be dispensed with.

9. The requirements as to containment consequent upon the classification of parasites apply only to stages in the life cycle of the parasite in which it is liable to be infectious to humans at the workplace.
10. This list also gives a separate indication in cases where the biological agents are likely to cause allergic or toxic reactions, where an effective vaccine is available, or where it is advisable to keep a list of exposed workers for more than 10 years.

These indications are shown by the following letters :

A : Possible allergic effects

D : List of workers exposed to this biological agent to be kept for more than 10 years after the end of last known exposure

T : Toxin production

V : Effective vaccine available

The application of preventive vaccination should take account of the Code of Practice given in Annex VII.

BACTERIA and similar organisms

NB : For biological agents appearing on this list, "spp." refers to other species which are known pathogens in humans.

(g) Variant of Vaccinia.

(h) At present there is no evidence of disease in humans caused by retroviruses of simian origin. As a precaution containment level 3 is recommended for work with them.

(i) There is no evidence in humans of infections caused by the agents responsible for bovine spongiform encephalitis. Nevertheless, containment level 2 is recommended at least as a precaution for laboratory work.

*ANNEX II**ANNEX VII***RECOMMENDED CODE OF PRACTICE ON VACCINATION****(Article 14 (3))**

1. If the assessment referred to in Article 3 (2) reveals that there is a risk to the health and safety of workers due to their exposure to biological agents for which effective vaccines exist, their employers should offer them vaccination.
 2. Vaccination should be carried out in accordance with national law and/or practice.
Workers should be informed of the benefits and drawbacks of both vaccination and non-vaccination.
 3. Vaccination must be offered free of charge to workers.
 4. A vaccination certificate may be drawn up which should be made available to the worker concerned and, on request, to the competent authorities.

COMMISSION

COMMISSION DECISION

of 1 October 1993

establishing the standard document for the supervision and control of shipments
of radioactive waste referred to in Council Directive 92/3/Euratom

(93/552/Euratom)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Atomic Energy Community,

Having regard to Council Directive 92/3/Euratom of 3 February 1992 on the supervision and control of shipments of radioactive waste between Member States and into and out of the Community⁽¹⁾, and in particular Article 20 thereof,

Whereas by virtue of Directive 92/3/Euratom the Commission is required to establish a standard document;

Whereas that Directive applies not only to shipments of radioactive waste between Member States but also to imports into and exports out of the Community of such waste and to its transit through the Community from a third country to another third country;

Whereas under certain circumstances an application may be sent in respect of more than one shipment;

Whereas it is appropriate to include all these cases in a uniform document, with a number of sections reflecting the various cases envisaged by the Directive;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Committee instituted under Article 19 of that Directive,

HAS ADOPTED THIS DECISION:

Article 1

The standard document contained in the Annex shall be used in respect of any shipments of radioactive waste

between Member States or into and out of the Community within the scope of Directive 92/3/Euratom.

Article 2

The standard document must be completed in accordance with the notes contained in its different sections.

APPROVAL BY THE COMPETENT AUTHORITIES CONSULTED

NOTE

1. The competent authorities responsible for issuing the authorization for the radioactive waste shipment should complete boxes 17 and 18 immediately on receipt of the application and enter the registration number at the top of each section of the standard document. They should then make sufficient copies of section 2 to send to any other competent authorities whose approval is required for the shipment(s) to be authorized ('the competent authority consulted'). For each competent authority to be consulted, box 19 should be completed on a copy of section 2; that copy of section 2, together with a copy of section 1, should be sent to the competent authority to be consulted named therein.
2. The competent authority consulted should make any necessary additional entries in box 19 and should give the application due consideration. Within two months from the date of receipt it should complete box 20 and return the original copy of section 2 to the competent authority responsible for issuing the authorization. An extension of up to one month in the time required to consider an application may be requested by the competent authority consulted. Failure to complete and return the form by the due time shall be taken as deemed approval of the shipment application, subject to Article 6 (4) of Directive 92/3/Euratom.

LIST OF PACKAGES

NOTE

This list must be completed by the holder of the radioactive waste before each shipment (even if the authorization relates to several shipments). Like sections 1 and 3 of the standard document, it accompanies the waste while it is being shipped. It is then attached to the acknowledgement of receipt.

ACKNOWLEDGEMENT OF RECEIPT OF THE WASTE

NOTE

This section must be filled in by the consignee, any necessary additions being made by the applicant. However, a consignee located outside the European Community may acknowledge receipt of the waste by means of a declaration separate from the standard document.

Depending on whether the authorization is for one or several shipments, the procedure to be adopted is as follows.

Authorization for a single shipment

1. Shipment of type A or B

Within 15 days of receiving the waste, the consignee must complete boxes 32, 33 and 35, and submit sections 4 and 5 to the competent authorities of the Member State of destination.

The competent authorities of the Member State of destination then forward copies of sections 4 and 5 to the other competent authorities consulted (and, where appropriate, the original of these two sections to the competent authorities which issued the authorization).

For shipments between Member States, the competent authorities of the Member State of origin must send a copy of the acknowledgement of receipt to the holder.

2. Shipment of type C or D

The applicant must ensure that the consignee located outside the European Community sends him section 4 and section 5 with boxes 32 to 35 duly completed immediately on receipt of the waste. Section 5 may be replaced by a declaration on the part of the consignee providing at least the information contained in boxes 34 and 35.

Within 15 days after receipt of the waste, the applicant must forward section 4, section 5 (if the consignee did not use section 5, the applicant must complete it with the exception of box 34) and, where applicable, the consignee's declaration, to the competent authorities which issued the authorization.

These authorities must then send copies of sections 4 and 5, and, where applicable, the consignee's declaration, to the other competent authorities consulted.

Authorization for several shipments

1. Shipment of type A or B

The consignee completes boxes 32, 33 and 35 of section 5 after each shipment (having made several copies of a blank section 5 for this purpose) and submits this section direct to the competent authorities which issued the authorization. He attaches the section 4 relating to the same shipment.

2. Shipment of type C or D

The applicant must ensure that after each shipment the consignee located outside the European Communities completes boxes 32 to 35 on a copy of a blank Section 5 and returns it to him together with the appropriate section 4.

The applicant must complete box 36 of section 5 and forward sections 4 and 5 to the authorities which issued the authorization.

3. Shipments of all types

When all the shipments covered by an authorization have been carried out, the final acknowledgement of receipt is completed and submitted as if the authorization were valid for a single shipment only (see above) except that :

- it is stated in box 33 of section 5 that the shipment in question is the last shipment covered by the authorization ;
- any declaration made by a consignee located outside the European Communities must state that all the waste covered by the shipping authorization has indeed arrived ;
- to provide an overview, the sections 4 for each of the shipments covered by the authorization must be attached to the final acknowledgement of receipt.

32	Consignee (trade name): Contact person: Mr/Ms Address: Post code: Town: Country: Tel.: Fax: Telex:
	Place where the waste is held: Contact person: Mr/Ms Address: Post code: Town: Country: Tel.: Fax: Telex:

34	<i>To be completed for shipments of type C or D only: (this item may be replaced by a separate declaration)</i> Frontier post of entry to the third country of destination: Country: Post:
35	Date of receipt of the waste: Date of dispatch of the acknowledgement of receipt together with section 4: depending on the type of shipment, the acknowledgement of receipt must be sent: — type A or B: to the competent authorities of the Member State of destination, — type C or D: to the applicant (type C: to the holder; type D: to the person responsible for the shipment in the Member State by way of which the waste enters the Community). I hereby certify that the information provided above is correct to the best of my knowledge.  Stamp (Signature of the consignee)

36 *For shipments of type C or D only:*

Forwarding by the applicant of the acknowledgement of receipt and, where appropriate, the consignee's declaration (*see note below*) to the authority which issued the authorization:

Date of forwarding of the acknowledgement of receipt (*together with section 4*):

(Signature of the applicant)

NB:

1. A consignee located outside the European Communities may acknowledge receipt of the waste by means of a declaration or certificate providing at least the information contained in boxes 32 to 35.
2. The competent authorities which receive the original acknowledgement of receipt must send copies of it to the other competent authorities.
3. The originals of sections 4 and 5 must be sent finally to the competent authority which issued the authorization.
4. For shipments between Member States, the competent authorities of the Member State of origin must send a copy of the acknowledgement of receipt to the holder.
