THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 24 June 1993 Ireland submitted an application for assistance from the cohesion financial instrument for the stage of project Tramore sewerage scheme (Stage I);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽¹⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽²⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Tramore sewerage scheme (Stage I) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 March 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 658 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 559 300.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 133 025.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 March 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

⁽¹⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽²⁾ OJ No L 70, 16. 3. 1990, p. 1.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 10

This Decision is addressed to Ireland.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

3. Organization responsible for project implementation

- 3.1. Name: Waterford County Council
 3.2. Address: Arus Brugha, Dungarvan, County Waterford

4. Location of project

- 4.1. Member State: Ireland
 4.2. County: County Waterford

5. Description of project

Construction of a secondary waste water treatment plant in Tramore, a major seaside resort, catering for a maximum seasonal population of 15 000.

6. Objectives

- compliance with urban waste water directive,
- elimination of existing discharges of untreated sewage on Tramore beach, a major tourism amenity,
- improvement of water quality for tourism, recreation and amenity purposes,
- enhancement of area for future investment.

7. Timetable

	Start date	Completion date
Design studies	1989	1994
Land acquisition	—	—
Main works	1995	1996
Operational phase	1996	

8. Cost-benefit analysis

The cost-benefit analysis states that non-implementation of the proposed project is likely to reduce the future growth of tourism in the area, as public acceptance of low water quality diminishes. Accordingly, the benefits assumed for the project arise almost entirely from the tourism sector.

9. Environmental impact assessment

An environmental impact assessment has been carried out in accordance with requirements of Council Directive 85/337/EEC ⁽¹⁾ and a copy of the non-technical summary, the Minister for the Environment's certification of the study and the conditions of certification have been submitted to the Commission.

*ANNEX III***FINANCIAL IMPLEMENTING PROVISIONS**

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
 - (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
 15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 8 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Dublin water distribution (Stage I)

No CF: 93/07/61/015

(94/581/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 24 June 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the stage of project Dublin water distribution (Stage I);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; Whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Dublin water distribution (Stage I) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 11 049 000.

2. The rate of Community assistance granted to the project shall be fixed at 85%.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 9 391 650.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 2 183 650.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

 4.2. Country: County Dublin

5. Description of project

The project involves the construction of new reservoirs and distribution mains, plus pipeline rehabilitation work to upgrade the antiquated water supply network in the Dun Laoghaire area, to provide a large area of Dublin city with sufficient quantities of good quality water.

6. Objectives

- improvement of drinking water quality,
- increase in storage and pressure throughout the system,
- reduction of leakage,
- provision of water for future industrial and domestic requirements,
- improvement of fire-fighting capability.

7. Timetable

Land acquisition	18. 8. 1987	1993
Main works	1993	1999
Operational phase	1999	

8. Cost-benefit analysis

The cost-benefit analysis states the main benefit of the project will come from savings in ongoing capital investment to maintain the existing system in operation, increased tourism and commercial development, savings of water resources (by greatly reducing leakage) and reduced fire damage from inadequate water flows.

9. Environmental impact assessment

An environmental impact assessment is not required for this project. The project application states that the preliminary report and investigations took account of all relevant environmental considerations.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 8 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Westport sewerage scheme (Stage I and II)

No CF: 93/07/61/016

(Only the English text is authentic)

(94/582/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 24 June 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Westport sewerage scheme (Stage I and II);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Westport sewerage scheme Stage I and II) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1995.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 2 762 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 2 347 700.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 178 500.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

Done at Brussels, 8 April 1994.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 8 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Athy sewerage scheme (Stage I and II)

No CF: 93/07/61/026

(Only the English text is authentic)

(94/583/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 30 June 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Athy sewerage scheme (Stage I and II);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Athy sewerage scheme (Stage I and II) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 2 921 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 2 842 850.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 197 200.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

4. Location of project

4.1. Member State: Ireland

4.2. County: County Kildare

5. Description of project

This project is part of a network of related treatment works intended to improve water quality on the river Barrow. The project in Athy covers the first two stages of the replacement of the existing pipeline network, the provision of a new secondary treatment plant and two new pumping stations.

6. Objectives

- compliance with Council Directive (91/271/EEC) ⁽¹⁾ concerning urban waste water,
- elimination of visible pollution and odours,
- improvement of water quality in the river Barrow,
- elimination of periodic flooding of streets in Athy,
- provide for development of commercial, industrial and tourism sectors,
- greater beneficial use of the river as an amenity including angling, boating, river and canal walks, public parks, etc.

7. Timetable

⁽¹⁾ OJ No L 135, 30. 5. 1991, p. 40.

8. Cost-benefit analysis

The installation of proposed plant should lead to a major improvement in the water quality of the river Barrow. The cost-benefit analysis states that the major benefits will arise from increased tourism, industrial and commercial activity. An internal rate of return on the project of 8,9 % is assumed.

9. Environmental impact assessment

In accordance with the provisions of the European Communities (environmental impact assessment) Regulations 1989, which transpose Council Directive 85/337/EEC ⁽¹⁾ into Irish law, an environmental impact assessment is not required for the scheme.

The operation of the facility shall be subject to full compliance with Article 12 of Directive 91/271/EEC in particular with regard to the regulation and/or specific authorization of discharges. The operation of the treatment plant shall also be within the framework of quality objectives under Council Directive 76/464/EEC ⁽²⁾.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 7 July 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Galway main drainage scheme (Stage I);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Galway main drainage scheme (Stage I) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1995.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 2 757 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 2 343 450.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 516 375.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1995.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

5. Description of project

This Decision concerns two parts of the major Galway main drainage scheme:

1. the planning and design stage of Knocknacarragh sewerage scheme which, when fully completed, will include the completion of the sewerage system at Knocknacarragh and a pumping station and rising main to connect into the Salthill interceptor sewer;
2. the planning and design stage of Oranmore sewerage scheme which, when fully completed, will include a gravity sewer network, which will allow existing properties in the drainage area to be connected to the new sewer system and a pumping station and rising main from the pumping station at Oranmore, which will be connected to the Galway city sewerage network.

The Commission's Decision in relation to these two stages does not imply agreement to any particular site for the secondary treatment works planned for the Galway city area.

6. Objectives

The project will ensure compliance with Council Directive 91/271/EEC⁽¹⁾ concerning urban waste water. It will eliminate existing public health nuisances and will enable the development and protection of shellfisheries.

7. Timetable

	State date	Completion date

Main works	1994	1997
Operational phase	1997	

⁽¹⁾ OJ No L 135, 30. 5. 1991, p. 40.

8. Cost-benefit analysis

The cost-benefit analysis states that the principal beneficial impacts of the treatment plant will come from the development of tourism and mariculture. Since the project will improve the water quality of Galway Bay significantly, a beneficial impact on public health can be expected. The cost-benefit shows an internal rate of return on this project of 8,5 %.

9. Environmental impact assessment

An environmental impact assessment is not required for these sections of the project.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10% of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 8 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Bray sewerage scheme (Stage II)

No CF: 93/07/61/037

(Only the English text is authentic)

(94/585/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 7 July 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Bray sewerage scheme (Stage II);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project will help achieve the objectives of Article 130 r of the Treaty concerning the environment;

Whereas the project is the result of measures taken in accordance with Article 130 s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Bray sewerage scheme (Stage II) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1994 to 31 December 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 1 702 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 1 446 700.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 723 350.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

4. Location of project

4.1. Member State: Ireland

4.2. County: County Wicklow

5. Description of project

The project involves the construction of new main interceptor sewer at the esplanade in Bray. The new sewer is designed to replace an existing brick culvert. This decision covers the second stage of the project, which is the essential final part of Bray's drainage infrastructure.

6. Objectives

The project will ensure compliance with Council Directive 91/271/EEC ⁽¹⁾ concerning urban waste water. The sewer will alleviate flooding problems on the esplanade and will eliminate the storm overflow and the South Beach outfall which is a major public health hazard.

7. Timetable

	Start date	Completion date
Design studies	1989	1991
Land acquisition	1990	1990
Main works	1993	1994

8. Cost-benefit analysis

The cost-benefit analysis states that the principal beneficial impact of the proposed plant is the improvement to water quality in the River Dargle, in Bray Harbour and at Bray's beaches. This improvement will help to develop the potential for Bray as a residential, commercial, industrial and recreational centre. The cost-benefit analysis shows an internal rate of return on this project of 7,1%.

*ANNEX III***FINANCIAL IMPLEMENTING PROVISIONS**

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10% of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 12 April 1994

concerning the grant of assistance from the cohesion financial instrument to the stage of project concerning the supply of water to the district of Voio (prefecture of Kozani) in Greece

No CF: 93/09/61/061

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as last amended by Council Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾, as amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measure for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that the measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 2 July 1993 Greece submitted an application for assistance from the cohesion financial instrument for

the project concerning the supply of water to the district of Voio (prefecture of Kozani);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of the Regulation and satisfies the criteria set out in Article 8 (3) and (5) of the Regulation;

Whereas the project is the result of measures taken in accordance with Article 130s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down, have been complied with,

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of the Decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicise the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project and submit their comments within a specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 12 April 1994

concerning the grant of assistance from the cohesion financial instrument to the set of stages of projects in Greece:

- biological treatment plant in Metsovo municipality, Stage II of sewerage network
- sewerage network and biological treatment plant in Kozani

(94/588/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as amended by Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾, as amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measure for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that the measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'set of stages of projects';

Whereas on 2 July and 26 July 1993 Greece submitted an application for assistance from the cohesion financial instrument for the set of stages of projects:

- biological treatment plant in Metsovo municipality, Stage II of sewerage network,
- sewerage network and biological treatment plant in Kozani;

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of the Regulation and satisfies the criteria set out in Article 8 (3) and (5) of the Regulation;

Whereas the project is the result of measures taken in accordance with Article 130s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation EEC No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down, have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The set of stages of projects situated in Greece as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'set of stages of projects'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 2 632 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 2 237 200.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 846 175.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Greece and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to the Hellenic Republic.

Done at Brussels, 12 April 1994.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10% of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
16. The second payment shall be subject to the condition that the Member State presents data demonstrating that the project complies with the Community legislation applicable in this area.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as amended by Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾, as amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measure for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that the measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'set of stages of projects';

Whereas on 2 July and 26 July 1993 Greece submitted an application for assistance from the cohesion financial instrument for the set of stages of projects in Greece:

- sewage disposal and treatment in Sparta (Stage II),
- completion of sewerage network in Kalamata,
- sewerage network in Corinth, Argos and Tripoli;

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of the Regulation and satisfies the criteria set out in Article 8 (3) and (5) of the Regulation;

Whereas the project is the result of measures taken in accordance with Article 130s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation EEC No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down, have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The set of stages of projects in Greece:

- sewage disposal and treatment in Sparta (Stage II),
- completion of sewerage network in Kalamata,
- sewerage network in Corinth, Argos and Tripoli,

as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.

2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'set of stages of projects'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 7 139 000.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 6 068 150.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 2 346 425.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Greece and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to the Hellenic Republic.

Done at Brussels, 12 April 1994.

*ANNEX III***FINANCIAL IMPLEMENTING PROVISIONS**

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.
2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to the Hellenic Republic.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10% of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
16. The second payment shall be subject to the condition that the Member State undertakes to carry out the necessary work to link the project to the treatment station within the deadline laid down by Directive 91/271/EEC.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 12 April 1994

concerning the grant of assistance from the cohesion financial instrument to the set of stages of projects in Greece:

- waste water treatment plant in Iraklion and Stage II of the biological treatment plant in Khania
- urban waste water treatment plant in Rhodes

(94/591/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as amended by Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾, as amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measure for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that the measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'set of stages of projects';

Whereas on 2 July and 26 July 1993 Greece submitted an application for assistance from the cohesion financial instrument for the set of stages of projects:

- waste water treatment plant in Iraklion and Stage II of the biological treatment plant in Khania,
- urban waste water treatment plant in Rhodes;

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of the Regulation and satisfies the criteria set out in Article 8 (3) and (5) of the Regulation;

Whereas the project is the result of measures taken in accordance with Article 130s of the Treaty;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom, ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation EEC No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision; whereas failure to comply with

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down, have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The set of stages of projects situated in Greece as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.
2. References to 'project' in the following Articles and Annexes shall be understood to mean also 'set of stages of projects'.

Article 2

1. The maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 5 636 000.
2. The rate of Community assistance granted to the project shall be fixed at 85 %.
3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 4 790 600.
4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.
2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.
3. The amount of the first advance payment shall be fixed at ECU 1 796 476.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have been made in Greece and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.
2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to the Hellenic Republic.

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.

6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
 - (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10% of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
16. The second payment shall be subject to the condition that the Member State undertakes to carry out the necessary work to link the project to the treatment station within the deadline laid down by Directive 91/271/EEC.

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Greece shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Greece.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 80 to 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 13 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Cork passenger ferry terminal (Stage I)

No CF: 93/07/65/015

(Only the English text is authentic)

(94/592/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as amended by Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 28 July 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Cork passenger ferry terminal (Stage I);

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project is a transport infrastructure project of common interest;

Whereas the project will generate revenues and this should be taken into account in determining the proportion of the costs eligible for Community assistance;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽³⁾ OJ No L 374, 31. 12. 1988, p. 1.

⁽⁴⁾ OJ No L 193, 31. 7. 1993, p. 20.

⁽⁵⁾ OJ No L 356, 31. 12. 1977, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Cork passenger ferry terminal (Stage I) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 December 1993 to 31 December 1994.

2. References to 'project' in the present decision and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. Having regard to the revenues expected to be generated by this project, the maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 3 912 588.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 3 325 700.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 964 750.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have

been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

Done at Brussels, 13 April 1994.

Member of the Commission

ANNEX I

SUMMARY SHEET

1. Name of project

Cork passenger ferry terminal

2. Organization responsible for the application

2.1. Name: Department of the Marine

2.2. Address: Leeson Lane, Dublin 2, Ireland

3. Organization responsible for project implementation

3.1. Name: Cork Harbour Commissioners

3.2. Address: Custom House Street

4. Location of project

4.1. Member State: Ireland

4.2. County: County Cork

5. Description of project

The project involves the upgrading of the ferry terminal at Ringaskiddy in Cork Harbour by providing improved passenger handling facilities, an enlarged and refurbished terminal building, additional car compounds and an additional link span bridge.

6. Objectives

- to provide facilities for the new generation of large ferries,
- to improve levels of service and safety,
- to cater for increased frequency of service,
- to cater for projected growth in tourism in South-West Region.

7. Timetable

	Start date	Completion date
Design studies	1. 2. 1993	1. 11. 1993
Land acquisition	NA	NA
Main works	1. 10. 1993	31. 12. 1994
Operational phase	31. 12. 1994	

8. Cost-benefit analysis

The cost-benefit analysis of the project indicates significant benefits from operational improvements, shorter turn-around times and increased employment at the terminal. However, there should also be substantial benefits from the continued increase in tourists from the continent, which the terminal is intended to cater for.

9. Environmental impact assessment

An environmental impact assessment is not required for this project. However, the application states that it will not result in any negative environmental consequences.

10. Total costs

(ECU '000)

Total cost of stage of project	4 751
Expenditure before eligible date ⁽¹⁾	—
Estimated revenue attributable to stage	838
Total eligible costs	3 913

⁽¹⁾ Expenditure incurred after 1 January 1993 is eligible.

Forecast revenue was taken into account before assistance from the cohesion instrument was determined. A significant departure from the assumptions underlying the revenue forecasts will be grounds for the Commission to alter the amount of aid granted.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:
- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.
-

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
 - the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:
 - (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
 - (b) give its opinion on the draft annual reports on implementation referred to in point 6;
 - (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
 - (d) ensure publicity for the project;
 - (e) ensure that Community policies are respected, especially environment policy;
 - (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
 11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.
-

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.

COMMISSION DECISION

of 13 April 1994

concerning the grant of assistance from the cohesion financial instrument to the following stage of project in Ireland: Dublin port: north quay ro-ro berth (Stage I)

No CF: 93/07/65/017

(Only the English text is authentic)

(94/593/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 792/93 of 30 March 1993 establishing a cohesion financial instrument ⁽¹⁾, as amended by Regulation (EC) No 566/94 ⁽²⁾, and in particular Article 8 (6) thereof,

Whereas Article 1 of Regulation (EEC) No 792/93 establishes a cohesion financial instrument to provide Community support for projects in the fields of the environment and trans-European transport infrastructure networks;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93 certain provisions of Titles VI and VII of Council Regulation (EEC) No 4253/88 of 19 December 1988 concerning the provisions for implementing Regulation (EEC) No 2052/88 as regards coordination of the activities of the different Structural Funds between themselves and with the operations of the European Investment Bank and the other existing financial instruments ⁽³⁾ amended by Regulation (EEC) No 2082/93 ⁽⁴⁾, are to apply, *mutatis mutandis*;

Whereas Article 2 of Regulation (EEC) No 792/93 defines the types of measures for which the cohesion financial instrument may provide assistance;

Whereas Article 10 of Regulation (EEC) No 792/93 requires the Member States to ensure that adequate publicity is given to the operations of the financial instrument and that measures which are described in Annex V to this Decision are undertaken;

Whereas references to 'project' shall be understood to mean also 'stage of project';

Whereas on 28 July 1993 Ireland submitted an application for assistance from the cohesion financial

instrument for the project Dublin port: north quay ro-ro berth (Stage I));

Whereas that application concerns a project which is eligible under the terms of Article 2 of Regulation (EEC) No 792/93;

Whereas the application for assistance contains all the information required by Article 8 (4) of Regulation (EEC) No 792/93 and satisfies the criteria set out in Article 8 (3) and (5) of that Regulation;

Whereas the project is a transport infrastructure project of common interest;

Whereas the project will generate revenues and this should be taken into account in determining the proportion of the costs eligible for Community assistance;

Whereas, pursuant to Article 9 (1) of Regulation (EEC) No 792/93, technically and financially discrete stages of the project have been identified for the purpose of granting assistance from the financial instrument;

Whereas Article 1 of the Financial Regulation of 21 December 1977 applicable to the general budget of the European Communities ⁽⁵⁾, as last amended by Council Regulation (Euratom ECSC, EEC) No 610/90 ⁽⁶⁾, states that the legal commitments entered into for measures extending over more than one financial year shall contain a time limit for implementation which must be specified to the recipient in due form when the aid is granted;

Whereas pursuant to Article 9 of Regulation (EEC) No 792/93, the Commission and the Member State will ensure that there is evaluation and systematic monitoring of the project;

Whereas the financial implementation provisions, monitoring and assessment are specified in Annexes III and IV to this Decision;

⁽¹⁾ OJ No L 79, 1. 4. 1993, p. 74.

⁽²⁾ OJ No L 72, 16. 3. 1994, p. 1.

⁽⁶⁾ OJ No L 70, 16. 3. 1990, p. 1.

Whereas failure to comply with those provisions may result in suspension or reduction of the assistance granted pursuant to Article 9 (3) of Regulation (EEC) No 792/93 and Annex VI hereto;

Whereas all the other conditions laid down have been complied with,

HAS ADOPTED THIS DECISION:

Article 1

1. The stage of project Dublin port: north quay ro-ro berth (Stage I) situated in Ireland as described in Annex I hereto is hereby approved for the period from 1 January 1993 to 31 December 1994.

2. References to 'project' in the present decision and Annexes shall be understood to mean also 'stage of project'.

Article 2

1. Having regard to the revenues expected to be generated by this project, the maximum eligible expenditure to be taken as the basis for this Decision shall be ECU 3 648 500.

2. The rate of Community assistance granted to the project shall be fixed at 85 %.

3. The maximum amount of the contribution from the cohesion financial instrument shall be fixed at ECU 3 101 225.

4. The contribution is committed from the 1994 budget.

Article 3

1. Community assistance shall be based on the financial plan for the project set out in Annex II.

2. Commitments and payments of Community assistance granted to the project shall be made in accordance with Article 9 of Regulation (EEC) No 792/93 and as specified in Annex III.

3. The amount of the first advance payment shall be fixed at ECU 354 450.

Article 4

1. Community assistance shall cover expenditure on the project for which legally binding arrangements have

been made in Ireland and for which the requisite finance has been specifically allocated to works to be completed not later than 31 December 1994.

2. Expenditure incurred before 1 January 1993 shall not be eligible for assistance.

3. The closing date for the completion of national payments on the project is fixed not later than 12 months after the date mentioned in subparagraph 1.

Article 5

1. The project shall be carried out in accordance with Community policies, and in particular with Articles 7, 30, 52 and 59 of the Treaty, as well as with Community law, in particular with the Directives coordinating public procurement procedures.

2. This Decision shall not prejudice the right of the Commission to commence infringement proceedings pursuant to Article 169 of the Treaty.

Article 6

Systematic monitoring and assessment of the project take place in accordance with the provisions set out in Annex IV hereto.

Article 7

The Member State concerned shall ensure adequate publicity for the project as specified in Annex V.

Article 8

Each Annex to this Decision shall form an integral part of it.

Article 9

Failure to comply with the provisions of this Decision or its Annexes may entail a reduction or suspension of assistance in accordance with the provisions set out in Annex VI.

Article 10

This Decision is addressed to Ireland.

Done at Brussels, 13 April 1994.

Member of the Commission

ANNEX I

SUMMARY SHEET

1. Name of project

Dublin port: north quay ro-ro berth (Stage I)

2. Organization responsible for the application

2.1. Name: Department of the Marine

2.2. Address: Leeson Lane, Dublin 2, Ireland

3. Organization responsible for project implementation

3.1. Name: Dublin Port and Docks Board

3.2. Address: Port Centre, Alexandra Road, Dublin 1

4. Location of project

4.1. Member State: Ireland

4.2. County: County Dublin

5. Description of project

Installation of the first stage of a ro-ro facility in Dublin port for commercial traffic, which will include, when completed, ramps, marshalling area and administration and maintenance building.

6. Objectives

- to provide facilities for additional ro-ro traffic through Dublin and to remove constraints on handling identified new traffic,
- to reduce shipping costs at the port for current and new traffic, through increased competition,
- to reduce port charges.

7. Timetable

	Start date	Completion date
Design studies	22. 3. 1993	14. 6. 1993
Land acquisition	—	—
Main works	1. 9. 1993	31. 10. 1994
Operational phase	1. 11. 1994	

8. Cost-benefit analysis

The cost-benefit analysis indicates that there will be operational savings from faster turn-around times and lower stevedoring costs. However, the major impact will come from reduced shipping charges due to increased competition between a larger number of shipping companies and from lower port charges.

9. Environmental impact assessment

An environmental impact assessment is not required for this project, which will make use of 5,8 hectares of land within the port area which is currently unused.

10. Total costs

(ECU '000)

Total cost of stage of project	4 771
Expenditure before eligible date ⁽¹⁾	—
Estimated revenue attributable to stage	1 122
Total eligible cost	3 649

⁽¹⁾ Expenditure incurred after 1 January 1993 is eligible.

Forecast revenue was taken into account before assistance from the cohesion instrument was determined. A significant departure from the assumptions underlying the revenue forecasts will be grounds for the Commission to alter the amount of aid granted.

11. Access to facility

Any lease, operating agreement and stevedoring licence shall not give exclusive rights to the facility to any one operator. Where possible, the Dublin Port and Docks Board shall allow the vessel or vessels of other operators to berth at the ramp. Operators using the facility shall be free to make their own stevedoring arrangements.

ANNEX III

FINANCIAL IMPLEMENTING PROVISIONS

1. The financial provisions referred to in Article 9 of Regulation (EEC) No 792/93 shall be implemented as follows:

Community assistance

2. Community assistance shall be expressed as a percentage of eligible expenditure. If the actual expenditure incurred differs from the expenditure initially planned, the Community assistance granted shall be varied to take account of this but may not exceed the maximum amount stated in the Decision. A change of the rate of Community assistance or of the maximum amount of the grant will require a modification of decision according to the procedures described in point 12.

Commitments and payments

3. The Member State shall undertake to ensure that, for the project to which this Decision relates, all public or private bodies involved in the management and implementation of these operations maintain either a separate accounting system or an adequate accounting codification of all transactions concerned which will facilitate the verification of expenditure by the Community and national control authorities.
4. Budgetary commitments and payments shall be made in accordance with Article 9 (4), (5) and (6) of Regulation (EEC) No 792/93.
5. All payments of aid granted by the Commission under this Decision shall be made to the authority designated by the Member State, which shall also be responsible for refunding any overpaid amounts to the Commission. Payments shall be made to a single bank account designated by the Member State. As a general rule, the Commission shall make payments no later than two months after receipt of a valid application.
6. The Member State shall ensure that applications for payment and statements of expenditure actually incurred comply with the financing plan, including the schedule of expenditure, annexed to this Decision, as amended where appropriate, following the procedures laid down in points 12 and 13.
7. In accordance with Article 22 of Council Regulation (EEC) No 4253/88, all commitments and payments shall be in ecus.
8. Statements of expenditure in support of applications for payment shall be denominated in ecus or in national currency.
9. Member States which submit statements of expenditure in ecus shall convert the amounts of expenditure incurred in national currency into ecus using the rate for the month during which the expenditure was booked in the accounts of the authorities responsible for the financial management of projects. Each month the Commission shall inform the Member States of the rate to be used for that purpose.
10. Statements of expenditure in national currency shall be converted into ecus at the rate for the month when they were received by the Commission.

Recovery of undue payments

11. Any sum wrongly paid shall be repaid to the Commission by the authority designated in point 5. Interest on account of late payments shall be charged on sums not repaid in accordance with Article 24 (3) of Council Regulation (EEC) No 4253/88. If the authority designated under point 5 does not repay the amount due to the Community, the Member State shall refund this amount to the Commission.

Procedure for amending the project decision

12. Any amendments to the Decision shall be made in accordance with the following procedures:

- (a) amendments which entail a substantial change in the objectives or characteristics of the project, an increase or reduction in the rate of financing applied or the maximum amount of assistance or a substantial change in the financing plan or schedule of expenditure shall be made by means of a Commission decision taken in response to a request by the Member State or on the initiative of the Commission, after consultation with the Member State;
 - (b) in the case of other amendments, the Member State shall send the Commission a proposal for amendment. The Commission shall make its comments or signify its agreement within 20 working days of receipt of the proposal. The amendments shall be adopted when the Commission has given its agreement.
13. Any change in annual expenditure of less than 10 % of the total expenditure planned for the project shall not be regarded as a substantial change.

Procedure for closing a project

14. The time limits for complying with the legal obligations contracted under this Decision shall be complied with and payments made in accordance with Article 4 of the Decision. These may be amended before they expire in accordance with the procedure in point 12 (b) provided that the extension does not exceed one year. For that purpose, the Member State shall send the Commission a proposal for amendment together with information justifying the amendment. Where the extension exceeds one year, the procedure in point 12 (a) shall apply.
15. If the time limit is not extended, any expenditure incurred after the dates indicated in Article 4 of the Decision shall not be eligible for assistance from the financial instrument.

ANNEX IV

MONITORING AND ASSESSMENT

1. The national body responsible for implementation shall be fully involved in the monitoring and assessment of projects. In order to carry out these obligations, the Member States may request a Community contribution from the Commission as technical support.

A. Monitoring

2. Monitoring means a system of information on the progress made in implementing the project. Monitoring shall use financial and, where appropriate, physical indicators which enable actual progress on completion of the project to be compared with the financing plan in Annex II and the schedule for implementation in Annex I.
3. The implementation of projects shall be monitored by means of:
- the Monitoring Committee set up by each Member State concerned,
 - reports,
 - sample checks.

Monitoring Committee

4. The Monitoring Committee set up to monitor projects financed by the cohesion financial instrument in Ireland shall be responsible for monitoring the project which is the subject of this Decision. The Committee shall review its implementation at regular intervals and, where necessary, propose any adjustments required.

The composition of the Monitoring Committee, including appointment of its chairman, its operation and frequency of meetings, shall be adopted by joint agreement between the Member State and the Commission, not later than three months after the approval of the first project in Ireland.

5. The Committee shall:

- (a) monitor the proper implementation of the project and ensure that it achieves the objectives laid down for it in accordance with the plan originally adopted;
- (b) give its opinion on the draft annual reports on implementation referred to in point 6;
- (c) propose, when appropriate, the necessary measure to ensure that the project achieves the objectives laid down for it;
- (d) ensure publicity for the project;
- (e) ensure that Community policies are respected, especially environment policy;
- (f) decide by agreement between the Commission and the Member State any additional responsibilities of the Committee.

In general, the documents required for meetings of the Committee shall be available three weeks in advance.

Reports

6. In accordance with Article 25 (4) of Regulation (EEC) No 4253/88, annual reports for each complete year of implementation and a final report shall be drawn up for the project which is the subject of this Decision.

The first annual report on this project shall be submitted to the Commission by the authority responsible no later than 15 months after adoption of the Decision approving the project. The report shall contain the following information:

- progress of the project,
- details of any divergence from the implementation plan originally laid down,
- an outline of the main problems encountered and the measures taken to solve them.

On the basis of the information in the annual reports, the Commission and the Member State may, where necessary, revise the financing plan for the project and make adjustments to it.

The final report, to be submitted six months after physical completion of the project, shall report on the work carried out and its conformity with the Decision approving the project and give an initial appraisal of the chances of achieving the results sought.

Payment of the balance of Community assistance shall be subject to approval of the final report.

Checks

7. Checks may be carried out in accordance with Article 23 (2) of Regulation (EEC) No 4253/88 by both the Member State and the Commission. The Member State and the Commission shall immediately exchange any relevant information concerning the results.
8. For a period of three years following the last payment in respect of the project, the authority responsible for implementation shall keep available for the Commission all the supporting documents regarding expenditure.
9. The Member State shall keep available for the Commission all appropriate national reports concerning the checks carried out.

B. Assessment

10. An assessment of the project may be carried out during its implementation at the request of the Member State or on the initiative of the Commission in order to assess whether the project is progressing in accordance with the objectives originally laid down and to propose adjustments to take account of problems encountered during implementation. The Monitoring Committee shall take into account this evaluation.
11. An *ex-post* assessment of the impact of the project may be carried out by an assessor appointed by joint agreement between the Member State and the Commission once the project has been completed.

ANNEX V

INFORMATION AND PUBLICITY

The Member State concerned should ensure that the general public are aware of the role played by the Community in financing the project. The following measures, *inter alia*, should be undertaken with this end in view:

- panels of an appropriate size, to be agreed between the Member State and the Commission, shall mark the project. These panels should indicate that the project in question has been funded by the Cohesion Fund of the European Community at a rate of 85 %. Appropriate European Community identity symbols should be used on every panel,
- the Member State concerned shall publicize the project using appropriate means, especially audiovisual means. Such publicity shall refer to the objectives and actions and to the benefits to the general public which will derive from the project,
- the Member State concerned shall provide the public with brochures, leaflets and other types of information. They may use Community channels for the distribution of these brochures and leaflets,
- from the outset, the Member State concerned shall ensure transparent and open access to appropriate information requested by the public. With regard to environmental projects the provisions of Council Directive 90/313/EEC ⁽¹⁾ have to be respected.

The Member State concerned shall consult the Commission on what initiatives it proposes to take in this respect within two months of adoption of the Decision. It shall also report annually to the Commission on the information and publicity measures undertaken.

⁽¹⁾ OJ No L 158, 23. 6. 1990, p. 56.

ANNEX VI

OBSERVANCE OF THE TERMS AND CONDITIONS OF THE DECISION AND OF OTHER
COMMUNITY POLICIES

1. The Member State and the beneficiaries shall ensure that Community finance is used for the purposes intended.
2. Where the Commission considers that for a given project, this requirement or other provisions of the Decision or of Community policies have not been or are not being complied with, it shall conduct suitable examination of the case in particular requesting that the Member State or other authorities designated by it to implement the project submit their comments within specified period of time.

Following this examination, the Commission may suspend payments of Community funds. In this case, it will notify the authority in the Member State responsible for implementation of the project. This letter of notification shall also state the action to be taken in respect of Community funds already paid out for the project.

3. For projects in respect of which the above steps have been taken, the current and the remaining payments shall be considered suspended totally or in part until the Commission is satisfied that the necessary remedial measures have been taken.
4. If this examination reveals finally that the proper terms and conditions of the Decision and of Community policy have not been complied with, and that corrective measures have not been taken by the Member State, the assistance shall be reduced or cancelled. Provisions concerning the recovery of funds unduly paid are set out in point 11 of Annex III.
