of 22 December 1994

concerning the arrangements applicable to imports into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia and Slovenia and the former Yugoslav Republic of Macedonia

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EC) No 3698/93 ⁽¹⁾ and Decision 93/732/ECSC ⁽²⁾ established the arrangements applicable to the import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia, Slovenia and the former Yugoslav Republic of Macedonia;

Whereas these measures should be maintained for 1995, subject to adaptation of the Annexes;

Whereas the Cooperation Agreement between the European Community and the Republic of Slovenia and the Agreement between the Member States of the ECSC, of the one part, and the Republic of Slovenia, of the other part, both signed at Luxembourg on 5 April 1993, which define in particular the trade arrangements between the Community and Slovenia, provide that the Community shall establish the import tariff arrangements for certain products listed in the Annex to the Agreement,

HAS ADOPTED THIS REGULATION:

Article 1

This Article shall be without prejudice to the provisions contained in Article 3 of Council Regulation (EEC) No 990/93 of 26 April 1993 concerning trade between the European Economic Community and the Federal Republic of Yugoslavia (Serbia and Montenegro) ⁽³⁾ and without prejudice to the provisions of Article 3 of Decision 93/235/ECSC Member States, meeting within the Council, of 26 April 1993 concerning trade between the European Coal and Steel Community and the Federal Republic of Yugoslavia (Serbia and Montenegro) ⁽⁴⁾.

Article 2

The import duties, namely the customs duties and levies (variable components) applicable on import into the Community of the products listed in Annex B shall be those indicated for each product in the said Annex.

Article 3

The import of products listed in Annexes C I, C II, C III, and C IV shall be subject, from 1 January to 31 December, to annual ceilings, indicated for each product, above which the customs duties actually applied in respect of third countries may be reintroduced in accordance with the provisions of paragraph 2.

2. As soon as a ceiling set for the import of a product has been reached, the Commission may reintroduce, by means of a regulation, the levying of the customs duties referred to in paragraph 1 until the end of the calendar year.

Article 4

1. In respect of products listed in Annex D originating in the Republics referred to in this Regulation, customs duties on imports into the Community shall be reduced to the levels indicated in the said Annex for each product.

For quantities imported in excess of the quota, the Community shall apply the customs duties actually applied in respect of third countries.

3. Within the limits of a second annual quota of 25 400 tonnes, to be used after the quota referred to in paragraph 2 is used up, the amount of levy collected on imports into the Community shall be equivalent to 50 % of the basic levy. This provision shall apply on condition that the free-at-frontier offer price, plus customs duty and the reduced levy, is equal to or higher than the price resulting from application of the standard levy.

4. To help stabilize the Community's internal market, the Commission shall ensure that each Republic referred to maintains an appropriate delivery rate and adopts any measures required to ensure the orderly growth of its exports to the Community, in particular through effective controls on each consignment by means of a certificate stating that the goods originate in and come from the Republic referred to and correspond exactly to the definition in Annex E. The text of this certificate shall be drawn up by the Community.

5. Where the Community market price is less than 98 % of the guide price, paragraphs 2 and 3 shall apply within the limit of a volume of 4 200 tonnes per month. Where, during a certain month, this volume has not been entirely used up, the remaining quantity may be carried over only to the following month.

COUNCIL REGULATION (EC) No 3356/94

of 22 December 1994

opening and providing for the administration of Community tariff quotas for certain products originating in the Republics of Bosnia-Herzegovina, Croatia and Slovenia and the former Yugoslav Republic of Macedonia (1995)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Cooperation Agreement between the European Economic Community and the Republic of Slovenia, which was signed on 5 April 1993 ⁽¹⁾ and Council Regulation (EC) No 3355/94 of 22 December 1994 concerning the arrangements applicable to imports into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia and Slovenia and the former Yugoslav Republic of Macedonia ⁽²⁾ provide for the opening of Community tariff quotas for imports into the Community of:

- 300 tonnes of garlic falling within CN code ex 0703 20 00, for the period 1 February to 31 May,
- 1 200 tonnes of sweet peppers falling within CN code 0709 60 10,
- 1 300 tonnes of frozen peas falling within CN code 0710 21 00,
- 3 000 tonnes of sweet cherries, clear-fleshed of a diameter not exceeding 18.9 millimetres, stoned, intended for the manufacture of chocolate products falling within CN code ex 2008 60 39,
- 545 000 hectolitres of certain wines of fresh grapes falling within Chapter 22 of the Combined Nomenclature,
- 5 420 hectolitres of plum spirit marketed under the name of 'Sljivovica', falling within CN code ex 2208 90 33, and
- 1 500 tonnes of tobacco of the 'Prilep' type, falling within CN code ex 2401 10 60 or ex 2401 20 60, as defined in an Agreement in the form of an exchange of letters of 11 July 1980,

originating in the Republics to which this Regulation refers;

Whereas, within the limits of these tariff quotas, customs duties will be brought down to the level stipulated in Article 4 of Regulation (EC) No 3355/94;

Whereas plum spirit and tobacco of the 'Prilep' type must be accompanied by a certificate of authenticity;

Whereas importation into the Community of the wines in question is subject to compliance with the free-at-frontier reference price; whereas the said wines qualify for these tariff quotas only if Article 54 of Council Regulation (EEC) No 822/87 of 16 March 1987 on the common organization of the market in wine ⁽³⁾ is complied with;

Whereas it is necessary, in particular, to ensure for all Community importers equal and uninterrupted access to the said quotas and to ensure uninterrupted application of the rates laid down for the quotas to all imports of the products concerned into all Member States until the quotas have been used up;

Whereas the decision for the opening of tariff quotas should be taken by the Community in the execution of its international obligations; whereas, to ensure the efficiency of a common administration of these quotas, there is no obstacle to authorizing the Member States to draw from the quota-volumes the necessary quantities corresponding to actual imports; whereas, however, this method of administration requires close cooperation between the Member States and the Commission and the latter must in particular be able to monitor the rate at which the quotas are used up and inform the Member States accordingly,

HAS ADOPTED THIS REGULATION:

The customs duties applicable to imports into the Community of the following products, originating in the Republics of Croatia, Bosnia-Herzegovina and Slovenia and the former Yugoslav Republic of Macedonia, shall be suspended during the periods, at the levels and within the limits of the Community tariff quotas as shown below for each one:

COUNCIL REGULATION (EC) No 3357/94

of 22 December 1994

establishing ceilings and Community surveillance for imports of certain products originating in the Republics of Bosnia-Herzegovina, Croatia and Slovenia and the former Yugoslav Republic of Macedonia (1995)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Cooperation Agreement between the European Economic Community and the Republic of Slovenia ⁽¹⁾, which was signed on 5 April 1993, the Agreement between the European Economic Community and the Republic of Slovenia on trade in textile products, which was initialled on 23 July 1993, and Council Regulation (EC) No 3355/94 of 22 December 1994 concerning the arrangements applicable to import into the Community of products originating in the Republics of Bosnia-Herzegovina, Croatia and Slovenia and the former Yugoslav Republic of Macedonia ⁽²⁾ provide for exemption on import into the Community from customs duty and charges having an equivalent effect for almost all products falling within Chapters 25 to 97 of the Combined Nomenclature and originating in those Republics; whereas Article 16 of the Cooperation Agreement, Article 15 of the said Agreement on trade in textile products and Article 3 of the said Regulation stipulate that imports of the products listed in Annexes C I to C V of Regulation (EC) No 3355/94 should be subject to annual import ceilings, the exceeding of which may result in re-introduction of the customs duties applicable to third countries; whereas, under these circumstances, the Commission must be kept regularly informed of the trend of imports of the said products and whereas it is therefore necessary for imports of those products to be subject to surveillance; whereas the said tariff ceilings should therefore be opened for 1995;

Whereas Community surveillance may be achieved by means of an administrative procedure based on charging imports of the products in question against the ceilings at Community level as and when those products are entered with the customs authorities for free circulation; whereas this administrative procedure must make provision for the possibility of re-introducing customs duties as soon as the ceilings are reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take appropriate measures to re-introduce customs duties if one of the ceilings is reached,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1995 imports into the Community of certain products originating in the Republics of Croatia, Bosnia-Herzegovina and Slovenia and the former Yugoslav Republic of Macedonia and listed in Annexes C I, C II, C III, C IV and C V to Regulation (EC) No 3355/94 and in Annex V to the Agreement between the European Economic Community and the Republic of Slovenia on trade in textile products shall be subject to ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, their Combined Nomenclature codes and the corresponding ceilings or sub-ceilings are set out in the said Annexes. In Annex C II, the ceilings are indicated in column 4 (b).

The order numbers and Combined Nomenclature codes for the tariff ceilings opened by virtue of Annex V to the said Agreement with the Republic of Slovenia are indicated in the Annex to this Regulation.

2. The ceilings laid down for certain products listed in Annex C II which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing are indicated in column 4 (a).

3. Quantities shall be charged against the ceilings or sub-ceilings as and when declarations for release for free circulation are lodged with customs authorities with a movement certificate in accordance with the rules of origin adopted under the procedure laid down in

⁽¹⁾ OJ No L 189, 29. 7. 1993, p. 2.

⁽²⁾ See p. 1 of this Official Journal.

Article 27 of Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code ⁽¹⁾.

As regards the ceilings established for categories 5, 6, 7, 8, 15 and 16 of column 4 (a) of Annex C II, re-imported goods which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing may be charged against the respective ceilings only if the movement certificate issued by the competent authorities of the Republic or territory in question contains a reference to the prior authorization provided for by the Community rules on economic outward processing.

Goods may be charged against a ceiling or sub-ceiling only if the movement certificate is presented before the date on which customs duties are re-introduced.

The extent to which the ceilings and sub-ceilings are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first, second and third subparagraphs.

Member States shall periodically inform the Commission of imports charged in accordance with the above procedure; such information shall be supplied in the manner laid down in paragraph 5.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 December 1994.

4. As soon as the ceilings or sub-ceilings have been reached, the Commission may adopt a Regulation re-introducing, until the end of the calendar year, the customs duties actually applied in respect of third countries.

5. Member States shall send the Commission not later than the 15th day of each month statements of the quantities charged during the preceding month. If the Commission so requests, they shall provide such statements for a period of 10 days and forward them within five clear days of the end of each 10-day period.

Article 2

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 3

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 January 1995.
