COMMISSION REGULATION (EC) No 558/95**of 10 March 1995****amending Council Regulation (EEC) No 3626/82 on the implementation in the Community of the Convention on International Trade in Endangered Species of Wild Fauna and Flora**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3626/82 of 3 December 1982 on the implementation in the Community of the Convention on International Trade in Endangered Species of Wild Fauna and Flora⁽¹⁾, as last amended by Regulation (EEC) No 1534/93⁽²⁾, and in particular Article 4 thereof,

Whereas at the ninth session of the conference of the parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora, held in Fort Lauderdale from 7 to 18 November 1994, amendments were made to Appendices I and II to the Convention; whereas amendments were made to Appendix III to the Convention; whereas Appendices I, II and III of Annex A to Regulation (EEC) No 3626/82 should now be amended to incorporate the amendments accepted by the Member States, parties to the Convention, and parts 1 and 2 of Annex C to that Regulation should be altered;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee on the Convention on International Trade in Endangered Species of Wild Fauna and Flora,

HAS ADOPTED THIS REGULATION:

Article 1

Appendices I, II and III of Annex A and parts 1 and 2 of Annex C to Regulation (EEC) No 3626/82 are hereby replaced by the Annexes to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 10 March 1995.

ANNEX A

Appendices I and II⁽¹⁾ ⁽²⁾

Interpretation

1. Species included in these appendices are referred to :
 - (a) by the name of the species ; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation 'spp.' is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. The abbreviation 'p.e.' is used to denote species that are possibly extinct.
5. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix I and are excluded from Appendix II.
6. Two asterisks (**) place against the name of a species or higher taxon indicate that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix II and are excluded from Appendix I.
7. The symbol (—) followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, species, groups of species or families of that species or taxon are excluded from the appendix concerned, as follows :
 - 101 Population of West Greenland,
 - 102 Populations of Bhutan, India, Nepal and Pakistan,
 - 103 Population of Australia,
 - 104 Population of the United States of America,
 - 105 — *Chile*: part of the population of Parinacota Province, Ia. Region of Tarapacá,
— *Peru*: the whole population,
 - 106 Populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan,
 - 107 Cathartidae,
 - 108 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*,
 - 109 Population of Ecuador, subject to zero export quotas in 1995 and 1996 and then annual export quotas as approved by the CITES Secretariat and the IUCN/SSC Crocodile Specialist Group,
 - 110 Populations of Botswana, Ethiopia, Kenya, Malawi, Mozambique, South Africa, the United Republic of Tanzania, Zambia and Zimbabwe, and populations of the following countries subject to the specific annual export quotas :

	1995	1996	1997
— Madagascar	4 700	5 200	5 200
— (ranchd specimens :	4 500	5 000	5 000
— wild nuisance specimens :	200	200	200
— Uganda	2 500	2 500	2 500

⁽¹⁾ The entries '(C1)' and '(C2)' after the name of a species or a higher taxon show that one or more subspecies or species of that species or taxon appear in part 1 or 2 of Annex C to the Regulation.

⁽²⁾ The translations of the Latin names are given as a guide only.

Apart from ranched specimens, the United Republic of Tanzania will authorize the export of no more than 1 100 wild specimens (including 100 hunting trophies) in 1995 and 1996, and a number to be approved by the CITES Secretariat and the IUCN/SSC Crocodile Specialist Group in 1997,

- 111 Populations of Australia, Indonesia and Papua New Guinea,
- 112 Population of Chile,
- 113 All species that are not succulent,
- 114 *Aloe vera*; also referenced as *Aloe barbadensis*.

8. The symbol (+) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, subspecies or species of that species or taxon are included in the appendix concerned, as follows :

- + 201 Populations of Bhutan, India, Nepal and Pakistan,
- + 202 Populations of Buthan, China, Mexico and Mongolia,
- + 203 Populations of Cameroon and Nigeria,
- + 204 Population of Asia,
- + 205 Populations of Central and North America,
- + 206 Populations of Bangladesh, India and Thailand,
- + 207 Population of India,
- + 208 Population of Australia,
- + 209 Population of South Africa,
- + 210 — *Chile*: part of the population of Parinacota Province, Ia. Region of Tarapacá,
— *Peru*: the whole population,
- + 211 Populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan,
- + 212 Population of Mexico,
- + 213 Populations of Algeria, Burkina Faso, Cameroon, the Central African Republic, Chad, Mali, Mauritania, Morocco, the Niger, Nigeria, Senegal and the Sudan,
- + 214 Population of Seychelles,
- + 215 Population of Europe, except the area which formerly constituted the Union of Soviet Socialist Republics,
- + 216 All species of New Zealand,
- + 217 Population of Chile.

9. The symbol (=) followed by a number placed against the name of a species or higher taxon denotes that the name of that species or taxon shall be interpreted as follows :

- = 301 Also referenced as *Phalanger maculatus*,
- = 302 Includes family *Tupaiaidae*,
- = 303 Formerly included in family *Lemuridae*,
- = 304 Formerly included as subspecies of *Callithrix jacchus*,
- = 305 Includes generic synonym *Leontideus*,

- =375 Formerly included in species *Psephotus chrysapterygus*,
- =376 Also referenced as *Psittacula krameri echo*,
- =377 Formerly included in genus *Gallirex*; also referenced as *Tauraco porphyreolophus*,
- =378 Also referenced as *Otus gurneyi*,
- =379 Also referenced as *Ninox novaeseelandiae royana*,
- =380 Formerly included in genus *Glaucis*,
- =381 Includes generic synonym *Ptilolaemus*,
- =382 Formerly included in genus *Rhinoplax*,
- =383 Also referenced as *Pitta brachyura nympha*,
- =384 Also referenced as *Muscicapa ruecki* or *Niltava ruecki*,
- =385 Also referenced as *Dasyornis brachypterus longirostris*,
- =386 Also referenced as *Meliphaga cassidix*,
- =387 Formerly included in genus *Spinus*,
- =388 Formerly included as *Kachuga tecta tecta*,
- =389 Includes generic synonyms *Nicoria* and *Geoemyda* (part),
- =390 Also referenced as *Geochelone elephantopus*; also referenced in genus *Testudo*,
- =391 Also referenced in genus *Testudo*,
- =392 Also referenced in genus *Aspideretes*,
- =393 Formerly included in *Podocnemis* spp.,
- =394 Includes *Alligatoridae*, *Crocodylidae* and *Gavialidae*,
- =395 Also referenced as *Crocodylus mindorensis*,
- =396 Formerly included in *Chamaeleo* spp.,
- =397 Also referenced as *Constrictor constrictor occidentalis*,
- =398 Includes synonym *Python molurus pimbura*,
- =399 Includes synonym *Pseudoboa cloelia*,
- =400 Also referenced as *Hydrodynastes gigas*,
- =401 Includes generic synonym *Megalobatrachus*,
- =402 *Sensu* D'Abrera,
- =403 Also referenced as *Conchodromus dromas*,
- =404 Also referenced in genera *Dysnomia* and *Plagiola*,
- =405 Includes generic synonym *Proptera*,
- =406 Also referenced in genus *Carunculina*,
- =407 Also referenced as *Megalonaia nickliniana*,
- =408 Also referenced as *Cyrtonaias tampicoensis tecomatensis* and *Lampsilis tampicoensis tecomatensis*,
- =409 Includes generic synonym *Micromya*,
- =410 Includes generic synonym *Papuina*,

- =411 Includes only the family *Helioporidae* with one species *Heliopora coerulea*,
 - =412 Also referenced as *Podophyllum emodi* and *Sinopodophyllum hexandrum*,
 - =413 Also referenced in genus *Echinocactus*,
 - =414 Also referenced as *Lobeira macdougallii* or *Nopalxochia macdougallii*,
 - =415 Also referenced as *Echinocereus lindsayi*,
 - =416 Also referenced as *Wilcoxia schmollii*,
 - =417 Also referenced in genus *Coryphantha*,
 - =418 Also referenced as *Solisia pectinata*,
 - =419 Also referenced as *Backebergia militaris*,
 - =420 Also referenced in genus *Toumeyia*,
 - =421 Includes synonym *Ancistrocactus tobuschii*,
 - =422 Also referenced in genus *Neolloydia* or in genus *Echinomastus*,
 - =423 Also referenced in genus *Toumeyia* or in genus *Pediocactus*,
 - =424 Also referenced in genus *Neolloydia*,
 - =425 Also referenced as *Saussurea lappa*,
 - =426 Includes *Euphorbia cylindrifolia* ssp. *tuberifera*,
 - =427 Also referenced as *Euphorbia capsaintemariensis* var. *tulearensis*,
 - =428 Also referenced as *Engelhardia pterocarpa*,
 - =429 Includes *Aloe compressa* var. *rugosquamosa* and *Aloe compressa* var. *schistophila*,
 - =430 Includes *Aloe haworthioides* var. *aurantiaca*,
 - =431 Includes *Aloe laeta* var. *maniaensis*,
 - =432 Includes families *Apostasiaceae* and *Cypripediaceae* as subfamilies *Apostasioideae* and *Cypripedioideae*,
 - =433 Also referenced as *Sarracenia rubra alabamensis*,
 - =434 Also referenced as *Sarracenia rubra jonesii*,
 - =435 Includes synonym *Stangeria paradoxa*,
 - =436 Also referenced as *Taxus baccata* ssp. *wallichiana*,
 - =437 Includes synonym *Welwitschia bainesii*.
10. The symbol (°) followed by a number placed against the name of a species or higher taxon shall be interpreted as follows:
- °501 Specimens of the domesticated form are not subject to the provisions of the Convention.
 - °502 Annual export quotas for live specimens and hunting trophies are granted as follows:
 - Botswana: 5,
 - Namibia: 150,
 - Zimbabwe: 50.

The trade in such specimens is subject to the provisions of Article III of the Convention;
 - °503 For the exclusive purpose of allowing international trade in live animals to appropriate and acceptable destinations and hunting trophies;
 - °504 For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Appendix II (see +210) and in the existent stock in Peru of 3 249 kg of wool, and in cloth and items made thereof. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages either the words 'VICUÑANDES — CHILE' or the words 'VICUÑANDES — PERÚ', depending on the country of origin;
 - °505 Fossils are not subject to the provisions of the Convention;
 - °506 No exports of adult plants of *Pachypodium brevicaule* from Madagascar are permitted until the tenth meeting of the Conference of the Parties;
 - °507 Seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers are not subject to the provisions of the Convention.

11. In accordance with Article I (b) (iii), of the Convention, the symbol (#) followed by a number placed against the name of a species or higher taxon included in Appendix II designates parts or derivatives which are specified in relation thereto for the purposes of the Convention as follows:
- #1 Designates all parts and derivatives, except:
 - (a) seeds, spores and pollen (including pollinia); and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - #2 Designates all parts and derivatives, except:
 - (a) seeds and pollen;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) chemical derivatives;
 - #3 Designates roots and readily recognizable parts thereof;
 - #4 Designates all parts and derivatives, except:
 - (a) seeds and pollen;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) fruits and parts and derivatives thereof of naturalized or artificially propagated plants; and
 - (d) separate stem joints (pads) and parts and derivatives thereof of naturalized or artificially propagated plants of the genus *Opuntia* subgenus *Opuntia*;
 - #5 Designates saw-logs, sawn wood and veneers;
 - #6 Designates logs, wood-chips and unprocessed broken material;
 - #7 Designates all parts and derivatives, except:
 - (a) seeds and pollen (including pollinia);
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla*;
 - #8 Designates all parts and derivatives, except:
 - (a) seeds and pollen;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) finished pharmaceutical products.
12. As none of the species or higher taxa of Flora included in Appendix I is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article III of the Convention, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of the Convention.

3. The names of the countries placed against the names of species are those of the Parties submitting these species for inclusion in this appendix.
 4. Any animal, whether live or dead, of a species listed in this appendix, is covered by the provisions of the Convention, as is any readily recognizable part or derivative thereof.
 5. In accordance with Article I (b) (ii) and (iii), of the Convention, and with Regulations Conf. 4.24 and Conf. 6.18, the symbol (#) followed by a number placed against the name of a plant species included in Appendix III designates parts or derivatives which are specified in relation thereto for the purposes of the Convention as follows:
 - #1 Designates all readily recognizable parts and derivatives, except:
 - (a) seeds, spores and pollen (including pollinia); and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers.

(1) With the exception of specimens of the species listed in Appendix II to the convention, and the products and derivatives thereof, taken by the people of Greenland under licence granted by the competent authority of Greenland or Denmark.

Statement on Article 2:

The Council and the Commission state that, in view of the predominantly cultural nature of the making of certain handicraft articles in Greenland from species of *Cetacea* and of the low volume of such activity, it shall not be regarded as predominantly commercial, and that the granting of appropriate export and import licences may therefore be regarded as consistent with the relevant provisions of the Regulation. The management authorities in Denmark will, in consultation with the Commission monitor such exports and imports, which must not significantly exceed the present low level.

COMMISSION REGULATION (EC) No 559/95

of 13 March 1995

concerning the classification of certain goods in the combined nomenclature

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff⁽¹⁾, as last amended by Commission Regulation (EC) No 3115/94⁽²⁾, and in particular Article 9 thereof,

Whereas in order to ensure uniform application of the combined nomenclature annexed to the said Regulation, it is necessary to adopt measures concerning the classification of the goods referred to in the Annex to this Regulation;

Whereas Regulation (EEC) No 2658/87 has set down the general rules for the interpretation of the combined nomenclature and these rules also apply to any other nomenclature which is wholly or partly based on it or which adds any additional subdivisions to it and which is established by specific Community provisions, with a view to the application of tariff or other measures relating to trade in goods;

Whereas, pursuant to the said general rules, the goods described in column 1 of the table annexed to this Regulation must be classified under the appropriate CN codes indicated in column 2, by virtue of the reasons set out in column 3;

Whereas it is appropriate that, subject to the measures in force in the Community relating to double checking systems and to prior and retrospective Community surveillance of textile products on importation into the Community, binding tariff information in the matter of classification of goods in the combined nomenclature issued by the customs authorities of the Member States

which do not conform to this Regulation may continue to be invoked in accordance with the provisions of Article 12 (6) of Council Regulation (EEC) No 2913/92 of 12 October 1992, establishing the Community Customs Code⁽³⁾, for a period of 60 days by the holder;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the tariff and statistical nomenclature section of the Customs Code Committee,

HAS ADOPTED THIS REGULATION:

Article 1

The goods described in column 1 of the annexed table are now classified within the combined nomenclature under the appropriate CN codes indicated in column 2 of the said table.

Article 2

Subject to the measures in force in the Community relating to double checking systems and to prior and retrospective Community surveillance of textile products on importation into the Community, binding tariff information in the matter of classification of goods in the combined nomenclature issued by the customs authorities of the Member States which no longer conform to this Regulation may continue to be invoked in accordance with the provisions of Article 12 (6) of Regulation (EEC) No 2913/92 for a period of 60 days.

Article 3

This Regulation shall enter into force on the 21st day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 560/95

of 14 March 1995

deducting from the quantitative limits on import of textile products of categories 4 and 5 originating in the People's Republic of China amounts corresponding to those imported into the Community in circumvention of the Agreement between the European Community and the People's Republic of China on trade in textile products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3030/93 of 12 October 1993 on common rules for import of certain textile products from third countries⁽¹⁾, as last amended by Regulation (EC) No 3289/94⁽²⁾, and in particular Article 15 in conjunction with Article 17 thereof,

Whereas enquiries carried out in accordance with the procedures established in Annex IV to Regulation (EEC) No 3030/93 have led the Commission to conclude that certain textile products of categories 4 and 5 have been imported into the Community under false declarations of origin and possibly in circumvention of the provisions of Regulation (EEC) No 3030/93;

Whereas, on the basis of further verifications, carried out with the assistance of third countries' authorities, it has appeared that these products physically emanated from the territory of the People's Republic of China before having been transhipped and imported into the Community under false declarations of origin;

Whereas consultations with the People's Republic of China have been requested and held on several occasions to clarify the situation in order to determine, on the basis in particular of the documentary evidence submitted by the Commission, the true origin of the products concerned and, if appropriate, to reach an agreement on an equivalent adjustment of the quantitative limits applicable to exports to the Community of products originating in the People's Republic of China;

Whereas during the course of the consultations, the Chinese authorities have not challenged the fact that the products in question emanated from the territory of the People's Republic of China, nor the conclusion drawn by the Community that they were therefore of Chinese origin;

Whereas, under the Agreement between the European Community and the People's Republic of China on trade in textile products initialled on 9 December 1988 as extended and modified by the exchange of letters initialled on 8 December 1992, and in particular to

Article 7 thereof, exports to the Community of products of categories 4 and 5 originating in the People's Republic of China must be set off against the quantitative limits established for the year in which the shipment of the goods is effected and must be accompanied by an export licence issued by the competent Chinese authorities which, upon presentation to the competent authorities of the Community, will automatically entitle the bearer to an import authorization into the Community for the amount of products covered by the export licence if, after verification, it appears that the agreed quantitative limit has not been exhausted;

Whereas, on the basis of all the elements mentioned above, there are sufficient grounds to conclude that the products imported under false declaration of origin have for origin the People's Republic of China, that they have been imported into the Community without having been set off against the quantitative limits established under the bilateral agreement and that they have, therefore, been imported into the Community in circumvention of the Agreement;

Whereas under the Bilateral Agreement and Regulation (EEC) No 3030/93, in such circumstances, where clear evidence of circumvention has been provided, the Community is entitled to deduct from the quantitative limits established amounts equivalent to the products imported in circumvention of the Agreement if within a specific time limit no satisfactory solution is reached;

Whereas the Community and the People's Republic of China have reached an agreement on the method by which adjustments of the quantitative limits should be made which is deemed to constitute a satisfactory solution within the meaning of Article 15 of Regulation (EEC) No 3030/93;

Whereas it is appropriate to implement the solution agreed and to this end to deduct from the quantitative limits concerned the agreed quantities;

Whereas the adjustments made to the quantitative limits of categories 4 and 5 should not prevent the importation into the Community of products shipped from the People's Republic of China before the entry into force of the present Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Textile Committee established by Regulation (EEC) No 3030/93,

⁽¹⁾ OJ No L 275, 8. 11. 1993, p. 1.

⁽²⁾ OJ No L 349, 31. 12. 1994, p. 85.

HAS ADOPTED THIS REGULATION:

Article 1

The amounts specified in the Annex to the present Regulation are deducted from the corresponding quantitative limits for imports of products of categories 4 and 5 originating in the People's Republic of China laid down in Annex V to Regulation (EEC) No 3030/93, as indicated in the Annex to the present Regulation.

Article 2

The adjustment referred to in Article 1 to the quantitative limits applicable to products of categories 4 and 5 origi-

nating in the People's Republic of China shall not prevent the importation of such products provided they have been shipped from the People's Republic of China to the European Community before the date of entry into force of the present Regulation.

Article 3

This Regulation shall come into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 561/95

of 14 March 1995

on the sale by the procedure laid down in Regulation (EEC) No 2539/84 of beef held by certain intervention agencies and intended for processing within the Community and repealing Regulation (EC) No 74/95

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal⁽¹⁾, as last amended by Regulation (EC) No 424/95⁽²⁾, and in particular Article 7 (3) thereof,

Whereas Commission Regulation (EEC) No 2539/84 of 5 September 1984 laying down detailed rules for certain sales of frozen beef held by the intervention agencies⁽³⁾, as last amended by Regulation (EEC) No 1759/93⁽⁴⁾, has provided for the possibility of applying a two-stage procedure when selling beef from intervention stocks;

Whereas certain intervention agencies hold substantial stocks of intervention meat; whereas an extension of the period of storage should be avoided on account of the ensuing high costs; whereas, in the present market situation, there are outlets for such meat for processing in the Community;

Whereas with a view to securing a regular and uniform tendering procedure, measures should be taken in addition to those laid down in Regulation (EEC) No 2173/79⁽⁵⁾, as last amended by Regulation (EEC) No 1759/93;

Whereas, as specified in Article 5 of Regulation (EEC) No 2539/84, lodging of securities should be required;

Whereas such sales should be made in accordance with Commission Regulations (EEC) No 2539/84, (EEC) No 3002/92⁽⁶⁾, as last amended by Regulation (EEC) No 1938/93⁽⁷⁾, and (EEC) No 2182/77⁽⁸⁾, as last amended by Regulation (EEC) No 1759/93, subject to certain special exceptions on account of the particular use to which the products in question are to be put;

Whereas Commission Regulation (EC) No 74/95⁽⁹⁾ should be repealed;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. The following approximate quantities of beef shall be put up for sale for processing within the Community:

(a) bone-in hindquarters:

— 180 tonnes of bone-in beef held by the Irish intervention agency;

(b) bone-in forequarters:

— 228 tonnes of bone-in beef held by the Irish intervention agency;

(c) boneless beef:

— 7 600 tonnes of boneless beef held by the United Kingdom intervention agency,

— 47 tonnes of boneless beef held by the Danish intervention agency,

— 6 263 tonnes of boneless beef held by the Irish intervention agency.

2. The intervention agencies referred to in paragraph 1 shall sell first the meat which has been stored the longest.

3. The sales shall be conducted in accordance with the provisions of Regulations (EEC) No 2539/84, (EEC) No 3002/92, (EEC) No 2182/77 and this Regulation.

4. The qualities and the minimum prices referred to in Article 3 (1) of Regulation (EEC) No 2539/84 are given in Annex I hereto.

5. Only those tenders shall be taken into consideration which reach the intervention agencies concerned no later than 12 noon on 22 March 1995.

⁽⁸⁾ OJ No L 251, 1. 10. 1977, p. 60.

⁽⁹⁾ OJ No L 13, 19. 1. 1995, p. 3.

6. Particulars relating to the quantities and the places where the products are stored may be obtained by interested parties at the addresses given in Annex II.

7. By way of derogation from Article 8 (1) of Regulation (EEC) No 2173/79 a tender must be submitted to the intervention agency concerned in a closed envelope, bearing the reference to the Regulation concerned. The closed envelope must not be opened by the intervention agency before the expiry of the tender deadline referred to in paragraph 5.

Article 2

1. Notwithstanding Article 3 (1) and (2) of Regulation (EEC) No 2182/77, the tender or application to purchase :

(a) shall be valid only if presented by a natural or legal person who, for at least 12 months, has been engaged in the processing of products containing beef and who is entered in a public register of a Member State ;

(b) must be accompanied by :

— a written undertaking by the applicant to process the meat purchased into products specified in Article 1 (1) of Regulation (EEC) No 2182/77 within the period referred to in Article 5 (1) of the abovementioned Regulation,

— a precise indication of the establishment or establishments where the meat which has been purchased will be processed.

2. The applicants referred to in paragraph 1 may instruct an agent to take delivery, on their behalf, of the products which they purchase. In this case the agent shall

submit the tenders or applications to purchase of the purchasers whom he represents.

3. The purchasers and agents referred to in the foregoing paragraphs shall maintain and keep up to date an accounting system which permits the destination and use of the products to be ascertained with a view particularly to checking to ensure that the quantities of products purchased and manufactured tally.

Article 3

1. The security provided for in Article 5 (1) of Regulation (EEC) No 2539/84 shall be ECU 12 per 100 kilograms.

2. The security provided for in Article 5 (3) (a) of Regulation (EEC) No 2539/84 shall be :

- ECU 195 per 100 kilograms for bone-in hindquarters,
- ECU 135 per 100 kilograms for bone-in forequarters,
- ECU 170 per 100 kilograms for boneless meat.

Article 4

For the purpose of this Regulation, 100 kilograms of bone-in hindquarters equals 64 kilograms of boneless meat after removal of the fillet and the striploin.

Article 5

Regulation (EC) No 74/95 is hereby repealed.

Article 6

This Regulation shall enter into force on 22 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 March 1995.

COMMISSION REGULATION (EC) No 562/95**of 14 March 1995****fixing the time limit for the submission of applications for private storage aid in respect of pigmeat**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 4 (6) thereof,

Whereas private storage aid granted pursuant to Commission Regulation (EC) No 231/95 of 3 February 1995 on special conditions for the granting of private storage aid for pigmeat⁽²⁾ has had a favourable effect on the pigmeat market; whereas an actual stabilization of prices is expected; whereas the granting of private storage aid for pigmeat should therefore be suspended;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

The time limit for the submission of applications for private storage aid for pigmeat shall be 17 March 1995.

Article 2

This Regulation shall enter into force on 15 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 563/95

of 14 March 1995

fixing the import levies on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products ⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 14 (8) thereof,

Whereas Article 14 of Regulation (EEC) No 804/68 provides for charging a levy on imports of the products listed in Article 1 of that Regulation; whereas these products may be divided into groups; whereas the product groups and the pilot groups and the pilot product for each of these groups are set out in Annex I to Council Regulation (EEC) No 2915/79 of 18 December 1979 determining the groups of products and the special provisions for calculating levies on milk and milk products ⁽²⁾, as last amended by Regulation (EC) No 3326/94 ⁽³⁾;

Whereas the levy on the products in any one group must be equal to the threshold price for the pilot product less the free-at-frontier price; whereas the threshold price for the 1994/95 milk year was fixed by Council Regulation (EC) No 1882/94 ⁽⁴⁾;

Whereas, however, Regulation (EEC) No 2915/79 lays down special provisions for calculating the levy on certain assimilated products; whereas these products are listed and the method of calculating the levy on them described in Annex II and in Articles 2 to 12 of that Regulation respectively;

Whereas, as provided for in Regulation (EEC) No 2915/79, the component of the levy established using

a factor expressing the weight ratio existing between the milk components contained in the product on the one hand and the product itself on the other is, for products containing sugar or other sweeteners, calculated by multiplying the basic amount by the quantity of milk components contained in the product;

Whereas Article 12 of Regulation (EEC) No 2915/79 provides that for certain products originating in or coming from certain third countries a specific levy is to be applied; whereas the levy applicable to those products is fixed in Annex I to Commission Regulation (EEC) No 1767/82 ⁽⁵⁾, as last amended by Regulation (EC) No 527/95 ⁽⁶⁾;

Whereas, for as long as it is found that on importation into the Community the price of an assimilated product for which the levy is not equal to the levy on its pilot product is considerably lower than the price which would obtain if the ratio to the price of the pilot product were normal, the levy must be equal to the sum of two components:

- one component equal to the amount resulting from the provisions of Articles 2 to 7 of Regulation (EEC) No 2915/79 applicable to the assimilated product in question,

- an additional component fixed at a level which, the composition and quality of the assimilated product being taken into account, makes it possible to re-establish normal price ratios for imports into the Community;

Whereas Article 14 (3) of Regulation (EEC) No 804/68 provides that the levy on products in respect of which the customs duty has been bound within GATT must be limited to the amount resulting from that binding;

⁽¹⁾ OJ No L 148, 28. 6. 1968, p. 13.

⁽²⁾ OJ No L 329, 24. 12. 1979, p. 1.

⁽³⁾ OJ No L 350, 31. 12. 1994, p. 41.

⁽⁴⁾ OJ No L 197, 30. 7. 1994, p. 24.

⁽⁵⁾ OJ No L 196, 5. 7. 1982, p. 1.

⁽⁶⁾ OJ No L 54, 10. 3. 1995, p. 4.

Whereas Commission Regulation (EEC) No 1073/68 ⁽¹⁾, as amended by Regulation (EEC) No 222/88 ⁽²⁾, provides that a free-at-frontier price must be established for each of the pilot products defined in Annex I to Regulation (EEC) No 2915/79; whereas these prices must be determined for products of good marketable quality;

Whereas the free-at-frontier prices must be established on the basis of the most favourable purchasing opportunities in international trade for the products listed in Article 1 of Regulation (EEC) No 804/68 other than assimilated products for which the levy is not equal to the levy on the related pilot products; whereas, when recording these purchasing opportunities, the Commission must take account of all information obtained direct or through the Member States concerning prices for delivery of third-country products free-at-Community-frontier and prices on third-country markets;

Whereas Commission Regulation (EEC) No 788/86 ⁽³⁾, as last amended by Regulation (EEC) No 1525/90 ⁽⁴⁾, specifies the free-at-Spanish-frontier values of certain cheeses imported from and originating in Switzerland;

Whereas, however, no account should be taken of information relating to small quantities which are not representative of trade in the products in question and quantities in respect of which price trends in general or other information available to it lead the Commission to believe that the price in question is unrepresentative of the real trend of the market;

Whereas the prices used must be adjusted where they are not quoted free-at-Community-frontier or where they do not apply to products of good marketable quality; whereas the adjustment in respect of an assimilated product the levy on which is equal to the levy on its pilot product must be effected in such a way as to allow, in particular, for differences in composition, maturity, quality and presentation between the assimilated product and the related pilot product; whereas adjustments relating to composition must be calculated by multiplying the difference between the milk component content of the pilot product and that of the assimilated product in question by the value attributed in international trade to one unit of weight of the milk component in question; whereas, when the other adjustments are being effected, the difference between the value attributed on the Community market to each of the relevant characteristics of the pilot product and the value attributed on that market to the corresponding characteristics of the assimilated product in question must be taken into account;

Whereas, if no information on prices is available, the free-at-frontier price may, by way of exception, be established on the basis of the value of the raw materials contained in the pilot product in question (calculated on the basis of the prices of milk products for which prices are available), average processing costs and average yields;

Whereas, in exceptional circumstances, a free-at-frontier price may remain unchanged for a limited period where the new level of the price for a given quality or a specific origin, used as a basis for establishing the previous free-at-frontier price, has not reached the Commission to enable it to establish the next free-at-frontier price and if the Commission considers that the prices which are available could lead to sudden and considerable changes in the free-at-frontier price because they are not sufficiently representative of real market trends;

Whereas, in accordance with Article 19 (1) of Regulation (EEC) No 804/68, the nomenclature provided for in this Regulation is incorporated in the combined nomenclature;

Whereas Article 8 of Regulation (EEC) No 1073/68 provides that the levies are fixed every fortnight; whereas they may be altered in the intervening period if necessary; whereas the levy remains valid until another becomes applicable;

Whereas Council Regulation (EEC) No 2730/75 of 29 October 1975 on glucose and lactose ⁽⁵⁾, as amended by Regulation (EEC) No 222/88, stipulates that the treatment provided for lactose and lactose syrup falling within CN code 1702 10 90 by Regulation (EEC) No 804/68 and by the provisions adopted for the application of that Regulation is to be extended to lactose and lactose syrup falling within CN code 1702 10 10; whereas consequently the levy fixed for products falling within CN code 1702 10 90 also applies to products falling within CN code 1702 10 10; whereas to ensure that the provision in question is properly applied these products and the levy thereon should be explicitly mentioned in the list of levies;

Whereas Council Regulations (EC) No 3491/93 ⁽⁶⁾ and (EC) No 3492/93 ⁽⁷⁾, on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republics of Hungary and Poland, of the other part, and Council Regulation (EEC) No 520/92 of 27 February 1992 on certain rules for applying the Interim Agreement on trade and trade-related matters between the European Economic Community and the European Coal and Steel Community, of the one part, and the Czech and Slovak Federal Republic, of the other part ⁽⁸⁾, as amended by Regulation (EEC) No 2235/93 ⁽⁹⁾, and in particular Article 1 thereof introduce arrangements for reducing import levies on certain products; whereas Commission Regulation (EEC) No 584/92 ⁽¹⁰⁾, as last amended by Regulation (EC) No 3337/94 ⁽¹¹⁾, lays down detailed rules for applying the arrangements provided for in these agreements as regards milk and milk products;

⁽⁴⁾ OJ No L 144, 7. 6. 1990, p. 15.

Whereas, in addition, account must be taken of Council and Commission Decision 94/1/ECSC, EC⁽¹⁾ concerning the conclusion of the Agreements on the European Economic Area, between the European Community, the European Coal and Steel Community and their Member States, on the one hand, and Austria, Finland, Iceland, Norway, Sweden and Liechtenstein, on the other hand, hereafter referred to as the 'EEA Agreement';

Whereas Council Regulations (EC) No 3641/93⁽²⁾ and (EC) No 3642/93⁽³⁾ on certain rules for applying the Interim Agreement on trade and trade-related matters between the European Economic Community and the European Coal and Steel Community, of the one part, and the Republic of Bulgaria and Romania, of the other part; whereas Commission Regulation (EC) No 1588/94⁽⁴⁾, as last amended by Regulation (EC) No 3337/94, lays down detailed rules for applying the arrangements provided for in these agreements as regards milk and milk products;

Whereas Council Regulation (EEC) No 715/90⁽⁵⁾, as last amended by Regulation (EC) No 2484/94⁽⁶⁾; lays down the arrangements applicable to agricultural products originating in the African, Caribbean and Pacific States or in the overseas countries and territories;

Whereas, pursuant to Article 101 (1) of Council Decision 91/482/EEC of 25 July 1991 on the association of the overseas countries and territories with the European Economic Community⁽⁷⁾, no levies shall apply on

products originating in the overseas countries and territories;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁸⁾, as last amended by Regulation (EC) No 150/95⁽⁹⁾, are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽¹⁰⁾, as last amended by Regulation (EC) No 157/95⁽¹¹⁾;

Whereas it follows from applying these provisions that the levies on milk and milk products should be as set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

The import levies referred to in Article 14 of Regulation (EEC) No 804/68 shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 16 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

(°) The levy on 100 kg of product falling within this code is equal to the sum of the following:

- (a) the amount per kilogram shown, multiplied by the weight of lactic matter contained in 100 kg of product; and
- (b) the other amount indicated.

(°) The levy on 100 kg of product falling within this code is equal to:

- (a) the amount per kilogram shown, multiplied by the weight of the dry lactic matter contained in 100 kg of product plus, where appropriate,
- (b) the other amount indicated.

(°) Products falling within this code and imported from a third country

- for which an IMA 1 certificate, issued in accordance with amended Commission Regulation (EEC) No 1767/82 (OJ No L 196, 5. 7. 1982, p. 1), is presented,
- for which an EUR 1 certificate, issued in accordance with amended Commission Regulation (EEC) No 584/92 (OJ No L 62, 7. 3. 1992, p. 34) for Poland, the Czech and Slovak Republics and Hungary and Commission Regulation (EC) No 1588/94 (OJ No L 167, 1. 7. 1994, p. 8) for Bulgaria and Romania, is presented,

shall be subject to the levies defined in the said Regulations, respectively.

(°) The levy applicable is limited under the conditions laid down in amended Council Regulation (EEC) No 715/90 (OJ No L 84, 30. 3. 1990, p. 85).

(°) No levy applies to OCT originating products according to Article 101 (1) of Decision 91/482/EEC.

COMMISSION REGULATION (EC) No 564/95

of 14 March 1995

fixing additional amounts for in the eggs sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2771/75 of 29 October 1975 on the common organization of the market in eggs⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 8 (4) thereof,

Whereas if, for a given product, the free-at-frontier offer price (hereinafter called the 'offer price') falls below the sluice-gate price, the levy applicable to that product must be increased by an additional amount equal to the difference between the sluice-gate price and the offer price determined in accordance with Article 1 of Commission Regulation No 163/67/EEC of 26 June 1967 on fixing the additional amount for imports of poultry-farming products from third countries⁽²⁾, as last amended by Regulation (EEC) No 3821/92⁽³⁾;

Whereas the offer price must be determined for all imports from all third countries; whereas, however, if exports from one or more third countries are effected at abnormally low prices, lower than prices ruling for other third countries, a second offer price must be determined for exports from these other countries;

Whereas, pursuant to Commission Regulation No 54/65/EEC⁽⁴⁾, No 183/66/EEC⁽⁵⁾, No 765/67/EEC⁽⁶⁾, (EEC) No 59/70⁽⁷⁾, as amended by Regulation (EEC) No

4155/87⁽⁸⁾ and (EEC) No 2164/72⁽⁹⁾, as amended by Regulation (EEC) No 3987/87⁽¹⁰⁾, the levies on imports of poultry eggs in shell originating in and coming from Poland, South Africa, Australia, Romania or Bulgaria are not increased by an additional amount, in so far as concerns products imported in accordance with Article 4 (a) of Regulation No 163/67/EEC;

Whereas the regular review of the information serving as a basis for the determination of average offer prices for the products listed in Article 1 (1) (b) of Regulation (EEC) No 2771/75 indicates that additional amounts corresponding to the figures shown in the Annex hereto should be fixed for the imports specified in that Annex;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION:

Article 1

The additional amounts provided for in Article 8 of Regulation (EEC) No 2771/75 shall be as set out in the Annex hereto for the products listed in Article 1 (1) of that Regulation which appear in the said Annex.

Article 2

This Regulation shall enter into force on 15 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 March 1995.

COMMISSION REGULATION (EC) No 565/95

of 14 March 1995

establishing the standard import values for determining the entry price of
certain fruit and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Commission Regulation (EC) No 3223/94 of 21 December 1994, on detailed rules for the application of the import arrangements for fruit and vegetables⁽¹⁾, and in particular Article 4 (1) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the units of account on the conversion rates to be applied with the purposes of the common agricultural policy⁽²⁾, as last amended by Regulation (EC) No 150/95⁽³⁾, and in particular Article 3 (3) thereof,

Whereas Regulation (EC) No 3223/94 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in the Annex thereto;

Whereas, in compliance with the above criteria, the standard import values must be fixed at the levels set out in the Annex to this Regulation;

Whereas the derogation laid down in the second subparagraph of Article 1 of Council Regulation (EC) No 3311/94 of 20 December 1994 extending by one month the application of the agrimonetary arrangements in force on 31 December 1994 and fixing the agricultural conversion rates for the new Member States⁽⁴⁾ should be applied,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 4 of Regulation (EC) No 3223/94 shall be fixed as indicated in the Annex hereto.

Article 2

This Regulation shall enter into force on 15 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 567/95

of 14 March 1995

concerning Regulation (EC) No 121/94 relating to the exemption from the import levy for certain products in the cereals sector laid down in the Agreements between the European Community and the Republic of Poland, the Republic of Hungary, the Czech Republic and the Slovak Republic

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals⁽¹⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and in particular Article 9 thereof,

Whereas Commission Regulation (EC) No 121/94 of 25 January 1994 relating to the exemption from the import levy for certain products in the cereals sector laid down in the Agreements between the European Community and the Republic of Poland, the Republic of Hungary, the Czech Republic and the Slovak Republic⁽²⁾, as last amended by Regulation (EC) No 3003/94⁽³⁾, specifies the quantities of barley originating in the Czech and Slovak Republics and the Republic of Hungary which enjoy preferential access under the Interim Agreement concluded with those countries;

Whereas the Commission must fix a single coefficient for reducing the quantities in the import licences applied for where these quantities exceed the quantities in the annual

quota; whereas applications for import licences submitted on 13 March 1995 for barley from the Czech Republic relate to 12 456 tonnes and the maximum quantity which may be imported is 4 152 tonnes at a levy reduced by 60 %; whereas the corresponding percentage reductions for import licence applications submitted on 13 March 1995 should be fixed,

HAS ADOPTED THIS REGULATION:

Article 1

Applications for licences for the 'Czech Republic' quota provided for in Regulation (EC) No 121/94 at a levy reduced by 60 % for barley falling within CN code 1003 00 90 submitted on 13 March 1995 and forwarded to the Commission, shall be accepted for the tonnages indicated therein multiplied by a coefficient of 0,33333.

Article 2

This Regulation shall enter into force on 15 March 1995.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COUNCIL

COUNCIL DECISION

of 6 March 1995

on the conclusion of the Agreement in the form of an exchange of letters
amending the Cooperation Agreement between the European Economic
Community and the Yemen Arab Republic

(95/67/EC)

THE COUNCIL OF THE EUROPEAN UNION,

HAS DECIDED AS FOLLOWS:

Having regard to the Treaty establishing the European Community, and in particular Articles 113 and 130y in conjunction with the first sentence of Article 228 (2) and Article 228 (3) thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas, pursuant to Article 130 of the Treaty, Community policy in the sphere of development cooperation should foster the sustainable economic and social development of the developing countries, their smooth and gradual integration into the world economy and the campaign against poverty in those countries;

Whereas, as a result of the unification of the Yemen Arab Republic and the People's Democratic Republic of Yemen to form the Republic of Yemen, it is necessary to modify the Cooperation Agreement between the European Economic Community and the Yemen Arab Republic ⁽³⁾;

Whereas negotiations to this effect have been conducted with the Republic of Yemen and have resulted in an Agreement in the form of an exchange of letters which it is in the Community's interests to approve,

Article 1

The Agreement in the form of an exchange of letters amending the Cooperation Agreement between the European Economic Community and the Yemen Arab Republic is hereby approved on behalf of the European Community.

The text of the Agreement in the form of an exchange of letters is attached to this Decision.

Article 2

The President of the Council is hereby authorized to designate the persons empowered to sign the Agreement in the form of an exchange of letters referred to in Article 1 in order to bind the Community.

Done at Brussels, 6 March 1995.
