THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof, in conjunction with the first sentence of Article 228(2),

Having regard to the proposal from the Commission,

Whereas the Protocol for the adaptation of the trade aspects of the Europe Agreement between the European Communities and their Member States, of the one part, and the Slovak Republic, of the other part, should be approved with a view to taking into account the accession of the Republic of Austria, the Republic of Finland and the Kingdom of Sweden to the European Union and the results of the agricultural negotiations of the Uruguay Round, including the improvements of the existing preferential regime;

Whereas the Commission should be authorised to take measures to implement the Protocol, notably with regard to basic and processed agricultural products;

Whereas Regulations (EC) No 1595/97⁽¹⁾ and (EC) No 656/98⁽²⁾ brought forward the implementation of certain provisions of the Protocol relating to basic and processed agricultural products, respectively; whereas, therefore, appropriate measures should be taken to

ANNEX F

‘PROTOCOL 3

on trade between the Slovak Republic and the Community in processed agricultural products

Article 1

1. The Community and the Slovak Republic shall apply to processed agricultural products the duties, listed in Annexes I and II respectively in accordance with the conditions mentioned therein, whether limited by quota or not.

2. The Association Council may decide on:

- any extension of the list of processed agricultural products under this Protocol,
- any amendment of the duties mentioned in Annexes I and II,
- any increase or abolition of tariff quotas.

3. The Association Council may replace the duties established by this Protocol by a regime established on the basis of the respective market prices of the Community and the Slovak Republic of the agricultural products actually used in the manufacture of processed agricultural products subject to this Protocol. It will establish the list of goods subject to these amounts and as a consequence, the list of basic products; to this end, it will decide the general rules of application.

Article 2

The duties applied conforming to Article 1 may be reduced by Decision of the Association Council:

- when in trade between the Community and the Slovak Republic the duties applied to the basic products are reduced, or
- in response to reductions resulting from mutual concessions relating to processed agricultural products.

The reductions provided for under the first indent will be calculated on the part of the duty designated as the agricultural component which shall correspond to the agricultural products actually used in the manufacture of the processed agricultural products in question and deduced from the duties applied to these basic agricultural products.

Article 3

The Community and the Slovak Republic will inform each other of the administrative arrangement adopted for the products covered by this Protocol.

These arrangements should ensure equal treatment for all interested parties and should be as simple and flexible as possible.

Exchange of letters between the European Community and the Slovak Republic regarding entry prices applied to the import of fruit and vegetables into the Community

A. Letter from the Community

Sir,

The Agreement on the adaptation of the agricultural part of the Europe Agreement following the implementation of the Uruguay Round and the enlargement of the European Community signed today between the European Community and the Slovak Republic does not contain any provisions regarding the entry price regime applied to the import of fruit and vegetables into the Community.

It has been agreed that the Parties will continue consultations on this sector in order to find a solution. Taking into account, *inter alia*, the experience of the last marketing years, the solution should allow the continuation of trade relations traditionally established between the Community and the Slovak Republic for the products concerned. In the meantime, the Slovak Republic will not be treated less favourably than other associated countries in this context.

In addition, both parties will continue talks in the framework of the relevant procedures of the Europe Agreement on any other unresolved issues in order to find as soon as possible mutually acceptable solutions.

I should be obliged if you would confirm the agreement of the Government of the Slovak Republic to the contents of this letter.

Please accept, Sir, the assurance of my highest consideration.

*For the Council
of the European Union*

B. *Letter from the government of the Slovak Republic*

Sir,

I have the honour to acknowledge receipt of your letter of today's date which reads as follows:

"The Agreement on the adaptation of the agricultural part of the Europe Agreement following the implementation of the Uruguay Round and the enlargement of the European Community signed today between the European Community and the Slovak Republic does not contain any provisions regarding the entry price regime applied to the import of fruit and vegetables into the Community.

It has been agreed that the Parties will continue consultations on this sector in order to find a solution. Taking into account, *inter alia*, the experience of the last marketing years, the solution should allow the continuation of trade relations traditionally established between the Community and the Slovak Republic for the products concerned. In the meantime, the Slovak Republic will not be treated less favourably than other associated countries in this context.

In addition, both parties will continue talks in the framework of the relevant procedures of the Europe Agreement on any other unresolved issues in order to find as soon as possible mutually acceptable solutions.

I should be obliged if you would confirm the agreement of the Government of the Slovak Republic to the contents of this letter."

I have the honour to confirm that the Government of the Slovak Republic is in agreement with the contents of this letter.

Please accept, Sir, the assurance of my highest consideration.

*On behalf of the Government
of the Slovak Republic'*
