COMMISSION REGULATION (EC) No 1249/2000**of 15 June 2000****amending Regulation (EC) No 2848/98 in the raw tobacco sector as regards the final date for using the specific aid, the repayment of unused amounts and detailed rules for the advance on the specific aid**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Regulation (EEC) No 2075/92 of 30 June 1992 on the common organisation of the market in raw tobacco ⁽¹⁾, as last amended by Regulation (EC) No 660/1999 ⁽²⁾, and in particular Article 7 thereof,

Regulation (EC) No 2848/98 is hereby amended as follows:

Whereas:

1. Article 40(2) is replaced by the following:

(1) Article 40(2) of Commission Regulation (EC) No 2848/98 of 22 December 1998 laying down detailed rules for the application of Regulation (EEC) No 2075/92 as regards the premium scheme, production quotas and the specific aid to be granted to producer groups in the raw tobacco sector ⁽³⁾, as last amended by Regulation (EC) No 909/2000 ⁽⁴⁾, fixes 30 June of the year following that of harvest as the final date by which the specific aid must be used by producer groups. The specific aid is paid on the basis of deliveries which may be made up to 30 April of the year following that of harvest and, therefore, certain producer organisations have difficulties using the specific aid in full within the following two months and meeting the 30 June deadline. A longer period should therefore be laid down for using the specific aid. Moreover, to ensure that unused amounts are paid back within the given deadlines, the Member States should be obliged to recover any unused amounts from producer organisations.

‘2. The specific aid may be used by producer groups up to 31 July of the year following that of harvest in the case of groups of varieties VI, VII and VIII and up to 15 July of the year following that of harvest in the case of the other groups of varieties and for the following purposes only:

- the employment of technical staff to assist members in improving the quality of their production and respect for the environment,
- the supply to members of certified seeds and seedlings and of other means of production in order to improve product quality,
- environmental protection measures,
- the implementation of infrastructure measures for enhancing the value of products supplied by the members, in particular tobacco-grading facilities,
- the employment of administrative staff to administer the premium and ensure that the group complies with Community rules,
- the reimbursement of the costs incurred in lodging securities under Article 42.’

2. The following paragraph is added to Article 40:

‘2a. Any amounts not used in full or in part in accordance with paragraph 2 must be paid back to the Member State and shall be deducted from the expenditure financed under the European Agricultural Guidance and Guarantee Fund.’

(2) Article 42(1) of Regulation (EC) No 2848/98 allows the Member States to pay producer organisations an advance on the specific aid on the basis of the quantities of tobacco delivered to the processor. To allow an actual advance to be granted, the application for an advance should be based on the quantities of tobacco covered by cultivation contracts rather than waiting for the delivery of the product, bearing in mind that the advance is paid on condition that a security is lodged equal to 115 % of that advance. The advance should however be limited to 50 % of those quantities.

3. Article 42(1) is replaced by the following:

‘1. On application, the Member State shall pay the producer group from the 16 October of the year of the harvest an advance on the specific aid. The size of the advance shall be established on the basis of a maximum of 50 % of the quantity of tobacco covered by cultivation contracts concluded by the group at the time of the application. The Member States shall lay down the additional conditions for payment of the advance.’

(3) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Tobacco,

Article 2

COMMISSION REGULATION (EC) No 1252/2000
of 15 June 2000
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as amended by Regulation (EC) No 1040/2000 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that

when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as amended by Regulation (EC) No 1596/1999 ⁽⁴⁾; the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 2038/1999 of 13 September 1999 on the common organisation of the markets in the sugar sector ⁽⁵⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

- (7) Commission Regulation (EEC) No 896/84 ⁽¹⁾, as last amended by Regulation (EEC) No 222/88 ⁽²⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; those provisions provide for the possibility of varying refunds according to the date of manufacture of the products.
- (8) For the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account.
- (9) It follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation.
- (10) The Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

(³) In the case of cheese presented in containers which also contain conserving liquid, in particular brine, the aid is granted on the net weight, the weight of the liquid being deducted.

(¹³) Where the product contains non-lactic matter, the non-lactic matter is not to be taken into account for the purposes of calculating the aid.

When completing customs formalities, the applicant must state on the declaration provided for that purpose whether or not non-lactic matter has been added and, where this is the case, the maximum content by weight of the non-lactic matter added per 100 kilograms of finished product.'

COMMISSION REGULATION (EC) No 1255/2000**of 15 June 2000****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Commission Regulation (EC) No 1253/1999 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice ⁽³⁾, as last amended by Regulation (EC) No 2072/98 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

(1) Article 13 of Regulation (EEC) No 1766/92 and Article 13 of Regulation (EC) No 3072/95 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund.

(2) Article 13 of Regulation (EC) No 3072/95 provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other. The same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market.

(3) Article 4 of Commission Regulation (EC) No 1518/95 ⁽⁵⁾, as amended by Regulation (EC) No 2993/95 ⁽⁶⁾, on the import and export system for products processed from cereals and from rice defines the specific criteria to be taken into account when the refund on these products is being calculated.

(4) The refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product.

(5) There is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products. For certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time.

(6) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination.

(7) The refund must be fixed once a month; whereas it may be altered in the intervening period.

(8) Certain processed maize products may undergo a heat treatment following which a refund might be granted that does not correspond to the quality of the product; whereas it should therefore be specified that on these products, containing pregelatinized starch, no export refund is to be granted.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(d) of Regulation (EEC) No 1766/92 and in Article 1(1)(c) of Regulation (EC) No 3072/95 and subject to Regulation (EC) No 1518/95 are hereby fixed as shown in the Annex to this Regulation.

COMMISSION REGULATION (EC) No 1256/2000
of 15 June 2000
fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1253/1999 ⁽²⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund.
- (2) Regulation (EC) No 1517/95 of 29 June 1995 laying down detailed rules for the application of Regulation (EEC) No 1766/92 as regards the arrangements for the export and import of compound feedingstuffs based on cereals and amending Regulation (EC) No 1162/95 laying down special detailed rules for the application of the system of import and export licences for cereals and rice ⁽³⁾ in Article 2 lays down general rules for fixing the amount of such refunds.
- (3) That calculation must also take account of the cereal products content. In the interest of simplification, the refund should be paid in respect of two categories of 'cereal products', namely for maize, the most commonly used cereal in exported compound feeds and maize products, and for 'other cereals', these being eligible cereal products excluding maize and maize products. A

refund should be granted in respect of the quantity of cereal products present in the compound feedingstuff.

- (4) Furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export.
- (5) However, in fixing the rate of refund it would seem advisable to base it at this time on the difference in the cost of raw inputs widely used in compound feedingstuffs as the Community and world markets, allowing more accurate account to be taken of the commercial conditions under which such products are exported.
- (6) The refund must be fixed once a month; whereas it may be altered in the intervening period.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the compound feedingstuffs covered by Regulation (EEC) No 1766/92 and subject to Regulation (EC) No 1517/95 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 16 June 2000.

COMMISSION REGULATION (EC) No 1258/2000
of 15 June 2000
fixing the import duties in the cereals sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1253/1999 ⁽²⁾,

Having regard to Commission Regulation (EC) No 1249/96 of 28 June 1996 laying down detailed rules for the application of Council Regulation (EEC) No 1766/92 as regards import duties in the cereals sector ⁽³⁾, as last amended by Regulation (EC) No 2519/98 ⁽⁴⁾, and in particular Article 2 (1) thereof,

Whereas:

- (1) Article 10 of Regulation (EEC) No 1766/92 provides that the rates of duty in the Common Customs Tariff are to be charged on import of the products referred to in Article 1 of that Regulation. However, in the case of the products referred to in paragraph 2 of that Article, the import duty is to be equal to the intervention price valid for such products on importation and increased by 55 %, minus the cif import price applicable to the consignment in question. However, that duty may not exceed the rate of duty in the Common Customs Tariff.
- (2) Pursuant to Article 10 (3) of Regulation (EEC) No 1766/92, the cif import prices are calculated on the basis of the representative prices for the product in question on the world market.

- (3) Regulation (EC) No 1249/96 lays down detailed rules for the application of Council Regulation (EEC) No 1766/92 as regards import duties in the cereals sector.
- (4) The import duties are applicable until new duties are fixed and enter into force. They also remain in force in cases where no quotation is available for the reference exchange referred to in Annex II to Regulation (EC) No 1249/96 during the two weeks preceding the next periodical fixing.
- (5) In order to allow the import duty system to function normally, the representative market rates recorded during a reference period should be used for calculating the duties.
- (6) Application of Regulation (EC) No 1249/96 results in import duties being fixed as set out in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import duties in the cereals sector referred to in Article 10 (2) of Regulation (EEC) No 1766/92 shall be those fixed in Annex I to this Regulation on the basis of the information given in Annex II.

COMMISSION REGULATION (EC) No 1261/2000**of 15 June 2000****fixing the rates of the refunds applicable to certain cereal and rice-products exported in the form of goods not covered by Annex I to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Commission Regulation (EC) No 1253/1999 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice ⁽³⁾, as amended by Regulation (EC) No 2072/98 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13(1) of Regulation (EEC) No 1766/92 and Article 13(1) of Regulation (EC) No 3072/95 provide that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund.
- (2) Commission Regulation (EC) No 1222/94 of 30 May 1994 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds ⁽⁵⁾, as last amended by Regulation (EC) No 701/2000 ⁽⁶⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 as appropriate.
- (3) In accordance with the first subparagraph of Article 4(1) of Regulation (EC) No 1222/94, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month.
- (4) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardised by the fixing in advance of high refund rates. Whereas it is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term

contracts. Whereas the fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.

- (5) Now that a settlement has been reached between the European Community and the United States of America on Community exports of pasta products to the United States and has been approved by Council Decision 87/482/EEC ⁽⁷⁾, it is necessary to differentiate the refund on goods falling within CN codes 1902 11 00 and 1902 19 according to their destination.
- (6) Article 4(5)(b) of Regulation (EC) No 1222/94 provides that, in the absence of the proof referred to in Article 4(5)(a) of that Regulation, a reduced rate of export refund has to be fixed, taking account of the amount of the production refund applicable, pursuant to Commission Regulation (EEC) No 1722/93 ⁽⁸⁾, as last amended by Regulation (EC) No 87/1999 ⁽⁹⁾, for the basic product in question, used during the assumed period of manufacture of the goods.
- (7) It is necessary to ensure continuity of strict management taking account of expenditure forecasts and funds available in the budget.
- (8) The Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable to the basic products appearing in Annex A to Regulation (EC) No 1222/94 and listed either in Article 1 of Regulation (EEC) No 1766/92 or in Article 1(1) of Regulation (EC) No 3072/95, exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to amended Regulation (EC) No 3072/95 respectively, are hereby fixed as shown in the Annex to this Regulation.

COMMISSION DIRECTIVE 2000/39/EC**of 8 June 2000****establishing a first list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work****(Text with EEA relevance)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 98/24/EC of 7 April 1998 on the protection of the health and safety of workers from the risks related to chemical agents at work ⁽¹⁾, and in particular Article 3(2) thereof,

Having regard to the opinion of the Advisory Committee on safety, hygiene and health protection at work,

Whereas:

- (1) Pursuant to Directive 98/24/EC, the Commission is to propose European objectives in the form of indicative occupational exposure limit values for the protection of workers from chemical risks, to be set at Community level.
- (2) The Commission, in carrying out this task, is assisted by the Scientific Committee for occupational exposure limits to chemical agents (SCOEL), instituted by Commission Decision 95/320/EC ⁽²⁾.
- (3) For any chemical agent for which indicative occupational exposure limit values are established at Community level, Member States are required to establish a national occupational exposure limit value, taking into account the Community limit value, determining its nature in accordance with national legislation and practice.
- (4) Indicative occupational exposure limit values should be regarded as an important part of the overall approach to ensuring the protection of the health of workers at the workplace, against the risks arising from hazardous chemicals.
- (5) A first and a second list of indicative occupational exposure limit values were established by Commission Directives 91/322/EEC ⁽³⁾ and 96/94/EC ⁽⁴⁾ in the framework of Council Directive 80/1107/EEC of 27 November 1980 on the protection of workers from the risks related to exposure to chemical, physical and biological agents at work ⁽⁵⁾.

- (6) Directive 80/1107/EEC has been repealed with effect from 5 May 2001 by Directive 98/24/EC.
- (7) It is appropriate to reenact, in the framework of Directive 98/24/EC, the indicative occupational exposure limit values which had been established by Directives 91/322/EEC and 96/94/EC in the framework of Directive 80/1107/EEC.
- (8) The list set out in the Annex contains the substances set out in the Annex to Directive 96/94/EC and incorporates a number of other agents for which indicative occupational exposure limit values have been recommended by SCOEL, following the evaluation of the latest available scientific data on occupational health effects and taking into account the availability of measuring techniques. In view of the foregoing and in the interests of clarity Directive 96/94/EC should be recast.
- (9) It is necessary to establish short-term exposure limit values for certain substances to take account of effects arising from short-term exposure.
- (10) For some agents, it is necessary to have regard also to the possibility of penetration through the skin, in order to ensure the best possible level of protection.
- (11) This Directive constitutes a practical step towards the achievement of the social dimension of the internal market.
- (12) The measures provided for in this Directive are in accordance with the opinion of the Committee instituted by Article 17 of Council Directive 89/391/EEC of 12 June 1989 on the introduction of measures to encourage improvements in the safety and health of workers at work ⁽⁶⁾.

HAS ADOPTED THIS DIRECTIVE:
