COMMISSION REGULATION (EC) No 1945/2000**of 14 September 2000****opening a standing invitation to tender for the export of common wheat of breadmaking quality from harvests prior to 1999 held by the French intervention agency**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Article 2

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Commission Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 5 thereof,

Whereas:

- (1) Commission Regulation (EEC) No 2131/93 ⁽³⁾, as last amended by Regulation (EC) No 1630/2000 ⁽⁴⁾, lays down the procedure and conditions for the disposal of cereals held by intervention agencies.
- (2) Given the current market situation, a standing invitation to tender should be opened for the export of 1 000 000 tonnes of common wheat of breadmaking quality from harvests prior to 1999 held by the French intervention agency.
- (3) Special procedures must be laid down to ensure that the operations and their monitoring are properly effected. To that end, provision should be made for a security lodgement scheme which ensures that aims are met while avoiding excessive costs for the operators. Derogations should accordingly be made to certain rules, in particular those laid down in Regulation (EEC) No 2131/93.
- (4) Where removal of the common wheat of breadmaking quality from harvests prior to 1999 is delayed by more than five days or the release of one of the securities required is delayed for reasons imputable to the intervention agency the Member State concerned must pay compensation.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

Subject to the provisions of this Regulation the French intervention agency issues a standing invitation to tender for the export of common wheat of breadmaking quality from harvests prior to 1999 held by it in accordance with Regulation (EEC) No 2131/93.

⁽¹⁾ OJ L 181, 1.7.1992, p. 21.

⁽²⁾ OJ L 193, 29.7.2000, p. 1.

⁽³⁾ OJ L 191, 31.7.1993, p. 76.

⁽⁴⁾ OJ L 187, 26.7.2000, p. 24.

1. The invitation to tender shall cover a maximum of 1 000 000 tonnes of common wheat of breadmaking quality from harvests prior to 1999 for export to third countries.

2. The regions in which the 1 000 000 tonnes of common wheat of breadmaking quality from harvests prior to 1999 are stored are set out in Annex I.

Article 3

1. Notwithstanding the third paragraph of Article 16 of Regulation (EEC) No 2131/93, the price to be paid for the export shall be that quoted in the tender.

2. No export refund or tax or monthly increase shall be granted on exports carried out pursuant to this Regulation.

3. Article 8(2) of Regulation (EEC) No 2131/93 shall not apply.

Article 4

1. The export licences shall be valid from their date of issue within the meaning of Article 9 of Regulation (EEC) No 2131/93 until the end of the fourth month thereafter.

2. Tenders submitted in response to this invitation to tender may not be accompanied by export licence applications submitted pursuant to Article 44 of Commission Regulation (EEC) No 3719/88 ⁽⁵⁾.

Article 5

1. Notwithstanding Article 7(1) of Regulation (EEC) No 2131/93, the time limit for submission of tenders in respect of the first partial invitation to tender shall be 9 a.m. (Brussels time) on 21 September 2000.

2. The time limit for submission of tenders in respect of subsequent partial invitations to tender shall be 9 a.m. (Brussels time) each Thursday thereafter.

3. The last partial invitation to tender shall be 9 a.m. (Brussels time) on 17 May 2001.

4. Tenders shall be lodged with the French intervention agency.

Article 6

1. The intervention agency, the storer and the successful tenderer shall, at the request of the latter and by common agreement, either before or at the time of removal from storage

⁽⁵⁾ OJ L 331, 2.12.1988, p. 1.

as the successful tenderer chooses, take reference samples for counter-analysis at the rate of at least one sample for every 500 tonnes and shall analyse the samples. The intervention agency may be represented by a proxy, provided this is not the storer.

The analysis results shall be forwarded to the Commission in the event of a dispute.

Reference samples for counter-analysis shall be taken and analysed within seven working days of the date of the successful tenderer's request or within three working days if the samples are taken on removal from storage. Where the final result of sample analyses indicates a quality:

- (a) higher than that specified in the notice of invitation to tender, the successful tenderer must accept the lot as established;
- (b) higher than the minimum characteristics laid down for intervention but below the quality described in the notice of invitation to tender, providing that the differences having regard to those criteria do not exceed the following limits:
 - two kilograms per hectolitre as regards specific weight, which must not, however, be less than 72 kg/hl,
 - one percentage point as regards moisture content,
 - 20 percentage points for the Hagberg falling index,
 - half a percentage point as regards impurities as specified in points B.2 and B.4 of the Annex to Commission Regulation (EEC) No 689/92 ⁽¹⁾, and
 - half a percentage point as regards impurities as specified in point B.5 of the Annex to Regulation (EEC) No 689/92, the percentages admissible for noxious grains and ergot, however, remaining unchanged,

the successful tenderer must accept the lot as established;

- (c) higher than the minimum characteristics laid down for intervention but below the quality described in the notice of invitation to tender, and a difference exceeding the limits set out in point (b), the successful tenderer may:
 - accept the lot as established, or
 - refuse to take over the lot in question. The successful tenderer shall be discharged of all his obligations relating to the lot in question and the securities shall be released only once he has informed the Commission and the intervention agency forthwith in accordance with Annex II; however, if he requests the intervention agency to supply him with another lot of intervention common wheat of breadmaking quality of the quality laid down at no additional charge, the security shall not be released. The lot must be replaced within three days of the date of the successful tenderer's request. The successful tenderer shall notify the Commission immediately thereof in accordance with Annex II;
- (d) below the minimum characteristics laid down for intervention, the successful tenderer may not remove the lot in question. He shall be discharged of all his obligations relating to the lot in question and the securities shall be

released only once he has informed the Commission and the intervention agency forthwith in accordance with Annex II; however, he may request the intervention agency to supply him with another lot of intervention common wheat of bread-making quality of the quality laid down at no additional charge. In that case, the security shall not be released. The lot must be replaced within three days of the date of the successful tenderer's request. The successful tenderer shall immediately inform the Commission thereof in accordance with Annex II.

2. However, if the common wheat of breadmaking quality is removed before the results of the analyses are known, all risks shall be borne by the successful tenderer from the time the lot is removed, without prejudice to any means of redress of which he may avail himself against the storer.

3. If, as a result of successive replacements, the successful tenderer has not received a replacement lot of the quality laid down within one month of the date of his request for a replacement, he shall be discharged of all his obligations and the securities shall be released once he has informed the Commission and the intervention agency forthwith in accordance with Annex II.

4. Except where the final results of analyses indicate a quality below the minimum characteristics laid down for intervention, the costs of taking the samples and conducting the analyses provided for in paragraph 1 but not of inter-bin transfers shall be borne by the European Agricultural Guidance and Guarantee Fund (EAGGF) in respect of up to one analysis per 500 tonnes. The costs of inter-bin transfers and any additional analyses requested by the successful tenderer shall be borne by him.

COMMISSION REGULATION (EC) No 1946/2000**of 14 September 2000****temporarily suspending the issuing of export licences for certain milk products and determining what proportion of the amounts covered by pending applications for export licences may be allocated**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 1670/2000 ⁽²⁾,

Having regard to Commission Regulation (EC) No 174/1999 of 26 January 1999 laying down special detailed rules for the application of Council Regulation (EEC) No 804/68 as regards export licences and export refunds in the case of milk and milk products ⁽³⁾, as amended by Regulation (EC) No 1596/1999 ⁽⁴⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Uncertainty is a feature of the market in certain milk products. It is necessary to prevent speculative applications that may lead to a distortion in competition

between traders. The issuing of export licences for the products concerned should be temporarily suspended, and licences for some of these products should not be issued in respect of applications pending.

- (2) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

The issuing of export licences for milk products falling within CN code 0402 10 is hereby suspended for the period from 15 to 30 September 2000, excluding licences for destination '970'.

Article 2

This Regulation shall enter into force on 15 September 2000.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 1947/2000**of 14 September 2000****fixing the rates of the refunds applicable to certain cereal and rice-products exported in the form of goods not covered by Annex I to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice ⁽³⁾, as last amended by Regulation (EC) No 1667/2000 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13(1) of Regulation (EEC) No 1766/92 and Article 13(1) of Regulation (EC) No 3072/95 provide that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund.
- (2) Commission Regulation (EC) No 1520/2000 of 13 July 2000 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds ⁽⁵⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 as appropriate.
- (3) In accordance with the first subparagraph of Article 4(1) of Regulation (EC) No 1520/2000, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month.
- (4) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardised by the fixing in advance of high refund rates. Whereas it is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term contracts. Whereas the fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.

(5) Now that a settlement has been reached between the European Community and the United States of America on Community exports of pasta products to the United States and has been approved by Council Decision 87/482/EEC ⁽⁶⁾, it is necessary to differentiate the refund on goods falling within CN codes 1902 11 00 and 1902 19 according to their destination.

(6) Pursuant to Article 4(3) and (5) of Regulation (EC) No 1520/2000 provides that a reduced rate of export refund has to be fixed, taking account of the amount of the production refund applicable, pursuant to Council Regulation (EEC) No 1722/93 ⁽⁷⁾, as last amended by Commission Regulation (EC) No 87/1999 ⁽⁸⁾, for the basic product in question, used during the assumed period of manufacture of the goods.

(7) Spirituous beverages are considered less sensitive to the price of the cereals used in their manufacture. However, Protocol 19 of the Act of Accession of the United Kingdom, Ireland and Denmark stipulates that the necessary measures must be decided to facilitate the use of Community cereals in the manufacture of spirituous beverages obtained from cereals. Accordingly, it is necessary to adapt the refund rate applying to cereals exported in the form of spirituous beverages.

(8) It is necessary to ensure continuity of strict management taking account of expenditure forecasts and funds available in the budget.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable to the basic products appearing in Annex A to Regulation (EC) No 1520/2000 and listed either in Article 1 of Regulation (EEC) No 1766/92 or in Article 1(1) of Regulation (EC) No 3072/95, exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to amended Regulation (EC) No 3072/95 respectively, are hereby fixed as shown in the Annex to this Regulation.

Article 2

Where a refund certificate issued before 14 July 2000 is used, and with regard to the goods listed in the Annex to Regulation (EEC) No 1722/1993, a reduced rate of refund which takes account of the amount of the production refund shall apply.

However, if, at the time the export declaration is accepted and, in support of his application for payment of the export refund, the operator provides proof that, with regard to the basic products used to manufacture the goods to be exported, the production refund provided for under Regulation (EEC) No 1722/93 has not been and will not be applied for, the rate of

refund which does not take account of the amount of the production refund shall apply.

The proof referred to in the previous paragraph shall consist of the presentation by the exporter of a declaration by the processor of the basic product in question which attests that, with regard to this product, the production refund provided for under Regulation (EEC) No 1722/93 has not been and will not be applied for. This declaration shall be verified in accordance with Article 16(1) of Regulation (EC) No 1520/2000.

COMMISSION REGULATION (EC) No 1948/2000
of 14 September 2000
fixing the export refunds on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice ⁽³⁾, as last amended by Regulation (EC) No 1667/2000 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

(1) Article 13 of Regulation (EEC) No 1766/92 and Article 13 of Regulation (EC) No 3072/95 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund.

(2) Article 13 of Regulation (EC) No 3072/95 provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other. The same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market.

(3) Article 4 of Commission Regulation (EC) No 1518/95 ⁽⁵⁾, as amended by Regulation (EC) No 2993/95 ⁽⁶⁾, on the import and export system for products processed from cereals and from rice defines the specific criteria to be taken into account when the refund on these products is being calculated.

(4) The refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product.

(5) There is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products. For certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time.

(6) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination.

(7) The refund must be fixed once a month; whereas it may be altered in the intervening period.

(8) Certain processed maize products may undergo a heat treatment following which a refund might be granted that does not correspond to the quality of the product; whereas it should therefore be specified that on these products, containing pregelatinized starch, no export refund is to be granted.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(d) of Regulation (EEC) No 1766/92 and in Article 1(1)(c) of Regulation (EC) No 3072/95 and subject to Regulation (EC) No 1518/95 are hereby fixed as shown in the Annex to this Regulation.

COMMISSION REGULATION (EC) No 1949/2000
of 14 September 2000
fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund.
- (2) Regulation (EC) No 1517/95 of 29 June 1995 laying down detailed rules for the application of Regulation (EEC) No 1766/92 as regards the arrangements for the export and import of compound feedingstuffs based on cereals and amending Regulation (EC) No 1162/95 laying down special detailed rules for the application of the system of import and export licences for cereals and rice ⁽³⁾ in Article 2 lays down general rules for fixing the amount of such refunds.
- (3) That calculation must also take account of the cereal products content. In the interest of simplification, the refund should be paid in respect of two categories of 'cereal products', namely for maize, the most commonly used cereal in exported compound feeds and maize products, and for 'other cereals', these being eligible cereal products excluding maize and maize products. A

refund should be granted in respect of the quantity of cereal products present in the compound feedingstuff.

- (4) Furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export.
- (5) However, in fixing the rate of refund it would seem advisable to base it at this time on the difference in the cost of raw inputs widely used in compound feedingstuffs as the Community and world markets, allowing more accurate account to be taken of the commercial conditions under which such products are exported.
- (6) The refund must be fixed once a month; whereas it may be altered in the intervening period.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the compound feedingstuffs covered by Regulation (EEC) No 1766/92 and subject to Regulation (EC) No 1517/95 are hereby fixed as shown in the Annex to this Regulation.

Article 2

COMMISSION REGULATION (EC) No 1951/2000
of 14 September 2000
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 1670/2000 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that

when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as amended by Regulation (EC) No 1596/1999 ⁽⁴⁾; the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 2038/1999 of 13 September 1999 on the common organisation of the markets in the sugar sector ⁽⁵⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

- (7) Commission Regulation (EEC) No 896/84 ⁽¹⁾, as last amended by Regulation (EEC) No 222/88 ⁽²⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; those provisions provide for the possibility of varying refunds according to the date of manufacture of the products.
- (8) For the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account.
- (9) It follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Whereas:

- (1) Pursuant to the first paragraph of Article 13 of Annex X to the Staff Regulations, Council Regulation (EC, ECSC, Euratom) No 376/2000 ⁽³⁾ laid down the weightings to be applied from 1 July 1999 to the remuneration of officials serving in third countries, payable in the currency of their country of employment.
- (2) The Commission has made a number of adjustments to these weightings ⁽⁴⁾ in recent months, pursuant to the second paragraph of Article 13 of Annex X to the Staff Regulations.
