THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice ⁽¹⁾, as last amended by Regulation (EC) No 1667/2000 ⁽²⁾, and in particular Article 8(b) thereof,

Whereas:

- (1) The conditions governing the taking over of paddy rice by the intervention agencies are laid down in Commission Regulation (EC) No 708/98 ⁽³⁾, as last amended by Regulation (EC) No 610/2001 ⁽⁴⁾. Article 6(1) of that Regulation stipulates that delivery must take place by the end of the second month following receipt of the offer and in any case not later than 31 August of the current marketing year.
- (2) The intervention agencies have encountered difficulties in introducing a satisfactory system for the storage, inspection and reception of these goods in the 2000/01 marketing year. These difficulties have delayed the acceptance of offers made and the taking over of deliv-

eries. They therefore justify, for the 2001/01 marketing year, a derogation from the time limit set in the above provisions for delivery to the intervention agency.

- (3) In view of the situation facing the intervention agencies, this Regulation must enter into force immediately.
- (4) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

Notwithstanding Article 6(1) of Regulation (EC) No 708/98, the delivery of paddy rice for taking over by the intervention agency in respect of the 2000/01 marketing year must take place no later than 30 September 2001.

Article 2

of 21 August 2001
on the issuing of import licences for certain sugar-sector products qualifying as EC/OCT originating products

- (2) In accordance with Regulation (EC) No 1325/2001, two applications were submitted to the national authorities before 16 July 2001 for import licences covering a total quantity exceeding the total available quantity of 4 848 tonnes.

- (3) Article 2 of Regulation (EC) No 1325/2001, in conjunction with Article 5(3) of Regulation (EC) No 2553/97, provides that where licence applications cover annual quantities in excess of 4 848 tonnes of sugar, the Commission is to adopt a regulation fixing a single reducing coefficient to be applied to the applications submitted and suspend the submission of further applications during the period of application of Regulation (EC) No 1325/2001.

COMMISSION DIRECTIVE 2001/60/EC**of 7 August 2001****adapting to technical progress Directive 1999/45/EC of the European Parliament and of the Council concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labelling of dangerous preparations****(Text with EEA relevance)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Directive 1999/45/EC of the European Parliament and of the Council of 31 May 1999 concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labelling of dangerous preparations ⁽¹⁾, and in particular Article 20 thereof,

Whereas:

- (1) Commission Directive 98/98/EC ⁽²⁾ adapting to technical progress for the 25th time Council Directive 67/548/EEC ⁽³⁾, as last amended by Directive 2000/33/EC ⁽⁴⁾, provides for new criteria and a new R phrase (R67) for vapours which may cause drowsiness and dizziness. The provisions set out in Annex V to Directive 1999/45/EC should therefore be supplemented.
- (2) Commission Directive 2001/59/EC ⁽⁵⁾ introduces new wording for R phrase R40 when it is assigned to carcinogens of category 3. Consequently, the old wording of R phrase R40 will now be referred to as R68 and will continue to be used for mutagens of category 3 and for certain substances with non-lethal irreversible effects. It is therefore necessary to amend the references to R40 in Annex II to Directive 1999/45/EC.
- (3) Directive 2001/59/EC introduces into Annex VI to Directive 67/548/EEC clearer advice on the classification of substances and preparations for corrosive effects. It is therefore necessary to supplement Annex II to Directive 1999/45/EC accordingly.
- (4) It is known that cement preparations containing chromium (VI) may cause allergic reactions in certain circumstances. It is therefore desirable to require such preparations to display a warning label by supplementing Annex V to Directive 1999/45/EC.
- (5) The measures provided for in this Directive are in accordance with the opinion of the Committee for the adaptation to technical progress of the Directives on the

removal of technical barriers to trade in dangerous substances and preparations established under Article 20 of Directive 1999/45/EC,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Directive 1999/45/EC is amended as follows:

1. In Annex II, Part A:
 - in paragraph 3.3, the term 'R40' is replaced by 'R68',
 - in paragraph 8.2, the term 'R40' is replaced by 'R68' each time it occurs.
2. In Annex II, Part B:
 - in paragraph 2.1 (including Table II), the term 'R40' is replaced by 'R68' each time it occurs,
 - in paragraph 2.2 (including Table II A), the term 'R40' is replaced by 'R68' each time it occurs,
 - in paragraph 6.1, the term 'R40' is replaced by 'R68' the second time it occurs (i.e. in relation to mutagenic category 3),
 - in Table VI, the term 'R40' is replaced by 'R68' in the fourth row, columns 1 and 3 (i.e. in relation with mutagenic category 3),
 - in paragraph 6.2, the term 'R40' is replaced by 'R68' the second time it occurs (i.e. in relation to mutagenic category 3),
 - in Table VI A, the term 'R40' is replaced by 'R68' in the fourth row, columns 1 and 3 (i.e. in relation with mutagenic category 3).
3. In Annex II, Part B, Tables IV and IV A are supplemented with the following note:

'NB: Simple application of the conventional method to preparations containing substances classified as corrosive or irritant may result in under-classification or over-classification of the hazard, if other relevant factors (e.g. pH of the preparation) are not taken into account. Therefore, in classifying for corrosivity, consider the advice given in paragraph 3.2.5 of Annex VI to Directive 67/548/EEC and in the second and third indents of Article 6(3), of this Directive.'

Article 2

Annex V(B) to Directive 1999/45/EC is supplemented by the addition of new paragraphs 11 and 12 as in Annex I to this Directive.

Article 3

1. Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with this Directive by 30 July 2002 at the latest. They shall forthwith inform the Commission thereof.

2. Member States shall apply the laws, regulations and administrative provisions referred to in paragraph 1:

- (a) to preparations not within the scope of Council Directive 91/414/EEC ⁽¹⁾ on the placing of plant protection products on the market, or European Parliament and Council Directive 98/8/EC ⁽²⁾ on the placing of biocidal products on the market as from 30 July 2002;
