**COMMISSION REGULATION (EC) No 2210/2001
of 15 November 2001**

fixing the representative prices and the additional import duties for molasses in the sugar sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the market in sugar ⁽¹⁾,

Having regard to Commission Regulation (EC) No 1422/95 of 23 June 1995 laying down detailed rules of application for imports of molasses in the sugar sector and amending Regulation (EEC) No 785/68 ⁽²⁾, and in particular Article 1(2) and Article 3(1) thereof,

Whereas:

- (1) Regulation (EC) No 1422/95 stipulates that the cif import price for molasses, hereinafter referred to as the 'representative price', should be set in accordance with Commission Regulation (EEC) No 785/68 ⁽³⁾. That price should be fixed for the standard quality defined in Article 1 of the above Regulation.
- (2) The representative price for molasses is calculated at the frontier crossing point into the Community, in this case Amsterdam; that price must be based on the most favourable purchasing opportunities on the world market established on the basis of the quotations or prices on that market adjusted for any deviations from the standard quality. The standard quality for molasses is defined in Regulation (EEC) No 785/68.
- (3) When the most favourable purchasing opportunities on the world market are being established, account must be taken of all available information on offers on the world market, on the prices recorded on important third-country markets and on sales concluded in international trade of which the Commission is aware, either directly or through the Member States. Under Article 7 of Regulation (EEC) No 785/68, the Commission may for this purpose take an average of several prices as a basis, provided that this average is representative of actual market trends.
- (4) The information must be disregarded if the goods concerned are not of sound and fair marketable quality or if the price quoted in the offer relates only to a small

quantity that is not representative of the market. Offer prices which can be regarded as not representative of actual market trends must also be disregarded.

- (5) If information on molasses of the standard quality is to be comparable, prices must, depending on the quality of the molasses offered, be increased or reduced in the light of the results achieved by applying Article 6 of Regulation (EEC) No 785/68.
- (6) A representative price may be left unchanged by way of exception for a limited period if the offer price which served as a basis for the previous calculation of the representative price is not available to the Commission and if the offer prices which are available and which appear not to be sufficiently representative of actual market trends would entail sudden and considerable changes in the representative price.
- (7) Where there is a difference between the trigger price for the product in question and the representative price, additional import duties should be fixed under the conditions set out in Article 3 of Regulation (EC) No 1422/95. Should the import duties be suspended pursuant to Article 5 of Regulation (EC) No 1422/95, specific amounts for these duties should be fixed.
- (8) Application of these provisions will have the effect of fixing the representative prices and the additional import duties for the products in question as set out in the Annex to this Regulation.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and the additional duties applying to imports of the products referred to in Article 1 of Regulation (EC) No 1422/95 are fixed in the Annex hereto.

Article 2

This Regulation shall enter into force on 16 November 2001.

COMMISSION REGULATION (EC) No 2211/2001**of 15 November 2001****fixing the export refunds on white sugar and raw sugar exported in its unaltered state**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, and in particular the second subparagraph of Article 27(5) thereof,

Whereas:

(1) Article 27 of Regulation (EC) No 1260/2001 provides that the difference between quotations or prices on the world market for the products listed in Article 1(1)(a) of that Regulation and prices for those products within the Community may be covered by an export refund.

(2) Regulation (EC) No 1260/2001 provides that when refunds on white and raw sugar, undenatured and exported in its unaltered state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 28 of that Regulation. The same Article provides that the economic aspect of the proposed exports should also be taken into account.

(3) The refund on raw sugar must be fixed in respect of the standard quality. The latter is defined in Annex I, point II, to Regulation (EC) No 1260/2001. Furthermore, this refund should be fixed in accordance with Article 28(4) of Regulation (EC) No 1260/2001. Candy sugar is defined in Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector ⁽²⁾. The refund thus calculated for sugar containing added flavouring or colouring matter must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content.

(4) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination.

(5) In special cases, the amount of the refund may be fixed by other legal instruments.

(6) The refund must be fixed every two weeks. It may be altered in the intervening period.

(7) It follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto.

(8) Regulation (EC) No 1260/2001 does not make provision to continue the compensation system for storage costs from 1 July 2001. This should accordingly be taken into account when fixing the refunds granted when the export occurs after 30 September 2001.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(a) of Regulation (EC) No 1260/2001, undenatured and exported in the natural state, are hereby fixed to the amounts shown in the Annex hereto.

Article 2

This Regulation shall enter into force on 16 November 2001.

of 15 November 2001**

**fixing a percentage for acceptance of contracts concluded for the optional distillation of table wine
and suspending the notification of new contracts for the optional distillation of table wine**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Commission Regulation (EC) No 1623/2000 of 25 July 2000 laying down detailed rules for implementing Council Regulation (EC) No 1493/1999 on the common organisation of the market in wine with regard to market mechanisms ⁽¹⁾, as last amended by Regulation (EC) No 2047/2001 ⁽²⁾, and in particular Article 63(6) thereof,

Whereas:

- (1) Article 63 of Regulation (EC) No 1623/2000 lays down the conditions for the application of the distillation arrangements for wines referred to in Article 29 of Council Regulation (EC) No 1493/1999 ⁽³⁾, as last amended by Regulation (EC) No 2826/2000 ⁽⁴⁾. Those arrangements provide for subsidised, voluntary distillation in order to support the wine market and help ensure continued supplies to the potable alcohol sector, which traditionally uses this type of alcohol. To that end, wine producers and distillers conclude contracts, which the Member States notify to the Commission twice a month.
- (2) Article 63(6) lays down the conditions under which the Commission must intervene in the contract-approval procedure, setting a single percentage for acceptance of contracts concluded for distillation and/or suspending the notification of new contracts, notably where the available budgetary resources or the absorption capacity of the potable alcohol sector are exceeded or may be exceeded.

- (3) For the 2001/02 wine year the Commission has, for budgetary reasons and bearing in mind the absorption capacity of the potable alcohol sector, set a limit of 7 million hl of table wine for the first tranche of contracts. On the basis of the quantities of wine for which the Member States notified new distillation contracts to the Commission on 5 November 2001, the Commission notes that that limit has been exceeded. The Commission should therefore set a single percentage for acceptance of the quantities notified for distillation and suspend the notification of new contracts until a second distillation period is opened, the starting date for which will depend on the evolution of the alcohol market and available budget resources,

HAS ADOPTED THIS REGULATION:

Article 1

1. Contracts concluded and notified to the Commission under Article 63(4) of Regulation (EC) No 1623/2000 on 5 November 2001 shall be accepted for 49,2 % of the wine covered.
2. Notification to the Commission of new contracts under Article 63(4) of Regulation (EC) No 1623/2000 is suspended until a second distillation period is opened.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 2213/2001

of 15 November 2001

fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 1670/2000 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that

when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as last amended by Regulation (EC) No 1923/2001 ⁽⁴⁾; the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽⁵⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

- (7) Commission Regulation (EEC) No 896/84 ⁽¹⁾, as last amended by Regulation (EEC) No 222/88 ⁽²⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; those provisions provide for the possibility of varying refunds according to the date of manufacture of the products.
- (8) For the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account.
- (9) It follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation.

(³) In the case of cheese presented in containers which also contain conserving liquid, in particular brine, the aid is granted on the net weight, the weight of the liquid being deducted.

(¹³) Where the product contains non-lactic matter, the non-lactic matter is not to be taken into account for the purposes of calculating the aid.

When completing customs formalities, the applicant must state on the declaration provided for that purpose whether or not non-lactic matter has been added and, where this is the case, the maximum content by weight of the non-lactic matter added per 100 kilograms of finished product.'

However, that duty may not exceed the rate of duty in the Common Customs Tariff.
- (2) Pursuant to Article 10(3) of Regulation (EEC) No 1766/92, the cif import prices are calculated on the basis of the representative prices for the product in question on the world market.

- (3) Regulation (EC) No 1249/96 lays down detailed rules for the application of Council Regulation (EEC) No 1766/92 as regards import duties in the cereals sector.
- (4) The import duties are applicable until new duties are fixed and enter into force. They also remain in force in cases where no quotation is available for the reference exchange referred to in Annex II to Regulation (EC) No 1249/96 during the two weeks preceding the next periodical fixing.
- (5) In order to allow the import duty system to function normally, the representative market rates recorded during a reference period should be used for calculating the duties.
- (6) Application of Regulation (EC) No 1249/96 results in import duties being fixed as set out in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import duties in the cereals sector referred to in Article 10(2) of Regulation (EEC) No 1766/92 shall be those fixed in Annex I to this Regulation on the basis of the information given in Annex II.

Article 2

This Regulation shall enter into force on 16 November 2001.
