The duties resulting from the measures provided in this Regulation should not exceed those applicable under the Common Customs Tariff.

(5) Commission Regulations (EC) No 1475/2000 of 10 July 2000 determining the amounts of the agricultural components and the additional duties applicable from 1 July 2000 on the importation into the Community of goods covered by Council Regulation (EC) No 3448/93 from Iceland ⁽⁶⁾ and (EC) No 1476/2000 of 10 July 2000 determining the amounts of the agricultural components and the additional duties applicable from 1 July 2000 on the importation into the Community of goods covered by Council Regulation (EC) No 3448/93 from Norway ⁽⁷⁾ should accordingly be repealed.

(6) The measures laid down in this Regulation comply with the opinion of the Management Committee on horizontal questions concerning trade in processed agricultural products not listed in Annex I,

COMMISSION REGULATION (EC) No 1687/2002**of 25 September 2002****on an additional period for notification of certain active substances already on the market for biocidal use as established in Article 4(1) of Regulation (EC) No 1896/2000****(Text with EEA relevance)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998, concerning the placing of biocidal products on the market ⁽¹⁾, and in particular Article 16(2) thereof,

Whereas:

(1) Pursuant to Directive 98/8/EC a programme of work is to be carried out concerning a review of all active existing substances of biocidal products already on the market on 14 May 2000, hereinafter referred to as 'existing active substances'. The first phase of the programme of work was laid down by Commission Regulation (EC) No 1896/2000 of 7 September 2000 on the first phase of the programme referred to in Article 16(2) of Directive 98/8/EC of the European Parliament and of the Council on biocidal products ⁽²⁾. Pursuant to Directive 98/8/EC the timetable for the programme of work is to be set by the Commission.

(2) According to Article 3(1) of Regulation (EC) No 1896/2000 each producer of an existing active substance placed on the market for use in biocidal products had to identify that active substance to the Commission by 28 March 2002. Pursuant to Article 4(1) and Article 8(1) of that Regulation producers, formulators and associations wishing to apply for the inclusion in Annex I, Annex IA or Annex IB to Directive 98/8/EC of an existing active substance in one or more product types had to notify that active substance to the Commission by 28 March 2002. According to Article 3(2) of that Regulation these producers or formulators did not have to make a separate identification.

(3) A preliminary list of existing active substances which have been identified in accordance with Regulation (EC) No 1896/2000 has been established ⁽³⁾. Furthermore, a preliminary list of existing active substances for which at least one notification in accordance with Article 4(1) or Article 8(1) of Regulation (EC) No 1896/2000 has been made has also been established. This list indicates for

each notified existing active substance the product types concerned and the Annex to Directive 98/8/EC, for which inclusion is sought ⁽⁴⁾.

(4) These lists could not be made publicly available before the deadline had expired on 28 March 2002 for submitting notifications of existing active substances in one or more product types in accordance with Article 4(1) of Regulation (EC) No 1896/2000. For reasons of transparency and clarity of the establishment and implementation of the first phase of the work programme concerning the existing active substances already on the market it should be possible for producers, formulators and associations to submit notifications for existing active substances for one or more product types where the existing active substance has only been identified or for product types other than those for which the existing active substance has already been notified. Such notification should be made not later than 31 January 2003. This additional period should be without negative effect on the establishment of the final lists, the prioritisation of the review and all other deadlines in the programme of work as set out in Regulation (EC) No 1896/2000.

(5) The additional period should allow producers, formulators and associations wishing to apply for the inclusion in Annex I, IA or IB to Directive 98/8/EC of such an existing active substance in one or more product types to notify that active substance to the Commission in accordance with Regulation (EC) No 1896/2000 by submitting the information referred to in Annex II to that Regulation.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Biocidal Products,

HAS ADOPTED THIS REGULATION:

**COMMISSION REGULATION (EC) No 1692/2002
of 25 September 2002
determining the world market price for unginned cotton**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Protocol 4 on cotton, annexed to the Act of Accession of Greece, as last amended by Council Regulation (EC) No 1050/2001 ⁽¹⁾,

Having regard to Council Regulation (EC) No 1051/2001 of 22 May 2001 on production aid for cotton ⁽²⁾, and in particular Article 4 thereof,

Whereas:

- (1) In accordance with Article 4 of Regulation (EC) No 1051/2001, a world market price for unginned cotton is to be determined periodically from the price for ginned cotton recorded on the world market and by reference to the historical relationship between the price recorded for ginned cotton and that calculated for unginned cotton. That historical relationship has been established in Article 2(2) of Commission Regulation (EC) No 1591/2001 of 2 August 2001 ⁽³⁾, as amended by Regulation (EC) No 1486/2002 ⁽⁴⁾. Where the world market price cannot be determined in this way, it is to be based on the most recent price determined.
- (2) In accordance with Article 5 of Regulation (EC) No 1051/2001, the world market price for unginned cotton is to be determined in respect of a product of specific characteristics and by reference to the most favourable

offers and quotations on the world market among those considered representative of the real market trend. To that end, an average is to be calculated of offers and quotations recorded on one or more European exchanges for a product delivered cif to a port in the Community and coming from the various supplier countries considered the most representative in terms of international trade. However, there is provision for adjusting the criteria for determining the world market price for ginned cotton to reflect differences justified by the quality of the product delivered and the offers and quotations concerned. COMMISSION REGULATION (EC) No 1693/2002**of 25 September 2002****initiating an investigation concerning the alleged circumvention of anti-dumping measures imposed by Council Regulation (EC) No 1784/2000 on imports of certain malleable cast iron tube or pipe fittings originating in Brazil by imports of certain malleable cast iron tube or pipe fittings consigned from Argentina, and making such imports subject to registration**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 384/96 of 22 December 1995 on protection against dumped imports from countries not members of the European Community ⁽¹⁾, as last amended by Regulation (EC) No 2238/2000 ⁽²⁾, and in particular Article 13(3) and Article 14(5) thereof,

After having consulted the Advisory Committee,

Whereas:

are being circumvented by means of transshipment via Argentina of certain malleable cast iron tube or pipe fittings.

(6) The evidence submitted is as follows:

(a) the request shows that a significant change in the pattern of trade involving exports from Brazil and Argentina to the Community has taken place following the imposition of measures on the product concerned and for which there is insufficient due cause or justification other than the imposition of the duty.

This change in the pattern of trade appears to stem from a transshipment of certain malleable cast iron tube or pipe fittings originating in Brazil via Argentina;

(b) furthermore, the request contains sufficient evidence that the remedial effects of the existing anti-dumping measures on imports of the product concerned originating in Brazil are being undermined both in terms of quantity and price. Significant volumes of imports of certain malleable cast iron tube or pipe fittings consigned from Argentina appear to have replaced imports of the product concerned from Brazil. In addition, there is sufficient evidence that this increase in imports is made at prices well below the non-injurious price established in the investigation that led to the existing measures;

(c) finally, the request contains sufficient evidence that the prices of certain malleable cast iron tube or pipe fittings are dumped in relation to the normal values previously established for the certain malleable cast iron tube or pipe fittings originating in Brazil.

A. REQUEST

- (1) The Commission has received a request pursuant to Article 13(3) of Regulation (EC) No 384/96 (the basic Regulation) to investigate the alleged circumvention of the anti-dumping measures imposed on imports of threaded malleable cast iron tube or pipe fittings originating in Brazil.
- (2) The request has been lodged on 12 August 2002 by the Defence Committee of Malleable Cast Iron pipe Fittings Industry of the European Union on behalf of producers representing a major proportion of the Community production of certain malleable cast iron tube or pipe fittings.

B. PRODUCT

- (3) The product concerned by the allegation of circumvention is threaded malleable cast iron tube or pipe fittings, currently classifiable within CN code ex 7307 19 10. This code is given for information only.

C. EXISTING MEASURES

- (4) The measures currently in force and allegedly being circumvented are anti-dumping measures imposed by Council Regulation (EC) No 1784/2000 ⁽³⁾.

D. GROUNDS

- (5) The request contains sufficient prima facie evidence, that the anti-dumping measures on imports of certain malleable cast iron tube or pipe fittings originating in Brazil

E. PROCEDURE

- (7) In the light of the above, the Commission has concluded that sufficient evidence exists to justify the initiation of an investigation pursuant to Article 13 of the basic Regulation and to make imports consigned from Argentina, whether declared as originating in Argentina or not, of certain malleable cast iron tube or pipe fittings subject to registration, in accordance with Article 14(5) of the basic Regulation.

⁽²⁾ OJ L 257, 11.10.2000, p. 2.

⁽³⁾ OJ L 208, 18.8.2000, p. 8.

(i) Questionnaires

- (8) In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the exporters/producers and to the associations of exporters/producers in Argentina, to the exporters/producers and to the associations of exporters/producers in Brazil and to the importers and to the associations of importers in the Community which cooperated in the investigation that lead to the existing measures, and to the authorities of Brazil and Argentina. Information, as appropriate, may also be sought from the Community industry.
- (9) In any event, all interested parties should contact the Commission forthwith, but not later than the time limit set in Article 3 in order to find out whether they are listed in the request and if not, to request a questionnaire within the time limit set in Article 3(1) of this Regulation, given that the time limit set in Article 3(2) of this Regulation applies to all interested parties.
- (10) The authorities of Brazil and Argentina will be notified of the initiation of the investigation and provided with a copy of the request.

(ii) Collection of information and holding of hearings

- (11) All interested parties are hereby invited to make their views known in writing and to provide supporting evidence. Furthermore, the Commission may hear interested parties, provided that they make a request in writing and show that there are particular reasons why they should be heard.

(iii) Exemption of registration of imports or measures

- (12) In accordance with Article 13(4) of the basic Regulation, imports of the product concerned may be exempted from registration or measures if the importation does not constitute circumvention.
- (13) Given that the alleged circumvention takes place outside the Community, exemption of imports from registration or measures would depend entirely on the findings in respect of the exporters in Argentina. Therefore exporters wishing to obtain an exemption of registration of imports or measures should apply for the exemption and submit the questionnaire reply (in order to establish that they are not circumventing the anti-dumping duties within the meaning of Article 13(1) of the basic Regulation) within the time limits set in Article 3(2) of this Regulation. Although no exemption could be granted purely on the basis of information from importers, these could still benefit from exemption from registration or measures to the extent that their imports are from exporters which are granted such an exemption.

F. REGISTRATION

- (14) Pursuant to Article 14(5) of the basic Regulation, imports of the product concerned should be made subject to registration in order to ensure that, should the investigation result in findings of circumvention, anti-dumping duties can be levied retroactively from the date of the initiation of this investigation on certain malleable cast iron tube or pipe fittings consigned from Argentina.

G. TIME LIMITS

- (15) In the interest of sound administration, time limits should be stated within which:
- interested parties may make themselves known to the Commission, present their views known in writing and submit questionnaire replies or any other information to be taken into account during the investigation,
 - interested parties may make a written request to be heard by the Commission.

H. NON-COOPERATION

- (16) In cases in which any interested party refuses access to or otherwise does not provide necessary information within the time limits, or significantly impedes the investigation, provisional or final findings, affirmative or negative, may be made in accordance with Article 18 of the basic Regulation, on the basis of the facts available. Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made of facts available,

HAS ADOPTED THIS REGULATION:

Article 1

An investigation is hereby initiated pursuant to Article 13(3) of Regulation (EC) No 384/96, in order to determine if imports into the Community of threaded malleable cast iron tube or pipe fittings consigned from Argentina, whether declared as originating in Argentina or not, falling within CN code ex 7307 19 10, are circumventing the measures imposed by Council Regulation (EC) No 1784/2000.

Article 2

1. The Customs authorities are hereby directed, pursuant to Articles 13(3) and 14(5) of Regulation (EC) No 384/96, to take the appropriate steps to register the imports into the Community identified in Article 1 of this Regulation.
2. Registration shall expire nine months following the date of entry into force of this Regulation.
3. The Commission, by Regulation, may direct Customs authorities to cease registration in respect of imports into the Community of products exported by exporters having applied for an exemption of registration and having been found not to be circumventing the anti-dumping duties.
