COMMISSION REGULATION (EC) No 2016/2002
of 14 November 2002
fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organisation of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EC) No 1513/2001 ⁽²⁾, and in particular Article 3(3) thereof,

Whereas:

- (1) Article 3 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries.
- (2) The detailed rules for fixing and granting export refunds on olive oil are contained in Commission Regulation (EEC) No 616/72 ⁽³⁾, as last amended by Regulation (EEC) No 2962/77 ⁽⁴⁾.
- (3) Article 3(3) of Regulation No 136/66/EEC provides that the refund must be the same for the whole Community.
- (4) In accordance with Article 3(4) of Regulation No 136/66/EEC, the refund for olive oil must be fixed in the light of the existing situation and outlook in relation to olive oil prices and availability on the Community market and olive oil prices on the world market. However, where the world market situation is such that the most favourable olive oil prices cannot be determined, account may be taken of the price of the main competing vegetable oils on the world market and the difference recorded between that price and the price of olive oil during a representative period. The amount of the refund may not exceed the difference between the price of olive oil in the Community and that on the world market, adjusted, where appropriate, to take account of export costs for the products on the world market.
- (5) In accordance with Article 3(3) third indent, point (b) of Regulation No 136/66/EEC, it may be decided that the refund shall be fixed by tender. The tendering procedure should cover the amount of the refund and may be limited to certain countries of destination, quantities, qualities and presentations.
- (6) The second indent of Article 3(3) of Regulation No 136/66/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary.
- (7) The refund must be fixed at least once every month. It may, if necessary, be altered in the intervening period.
- (8) It follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto.
- (9) The Management Committee for Oils and Fats has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(2)(c) of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 15 November 2002.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 2017/2002

of 14 November 2002

fixing the representative prices and the additional import duties for molasses in the sugar sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the market in sugar ⁽¹⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽²⁾,

Having regard to Commission Regulation (EC) No 1422/95 of 23 June 1995 laying down detailed rules of application for imports of molasses in the sugar sector and amending Regulation (EEC) No 785/68 ⁽³⁾, and in particular Article 1(2) and Article 3(1) thereof,

Whereas:

- (1) Regulation (EC) No 1422/95 stipulates that the cif import price for molasses, hereinafter referred to as the 'representative price', should be set in accordance with Commission Regulation (EEC) No 785/68 ⁽⁴⁾. That price should be fixed for the standard quality defined in Article 1 of the above Regulation.
- (2) The representative price for molasses is calculated at the frontier crossing point into the Community, in this case Amsterdam; that price must be based on the most favourable purchasing opportunities on the world market established on the basis of the quotations or prices on that market adjusted for any deviations from the standard quality. The standard quality for molasses is defined in Regulation (EEC) No 785/68.
- (3) When the most favourable purchasing opportunities on the world market are being established, account must be taken of all available information on offers on the world market, on the prices recorded on important third-country markets and on sales concluded in international trade of which the Commission is aware, either directly or through the Member States. Under Article 7 of Regulation (EEC) No 785/68, the Commission may for this purpose take an average of several prices as a basis, provided that this average is representative of actual market trends.
- (4) The information must be disregarded if the goods concerned are not of sound and fair marketable quality or if the price quoted in the offer relates only to a small

quantity that is not representative of the market. Offer prices which can be regarded as not representative of actual market trends must also be disregarded.

- (5) If information on molasses of the standard quality is to be comparable, prices must, depending on the quality of the molasses offered, be increased or reduced in the light of the results achieved by applying Article 6 of Regulation (EEC) No 785/68.
- (6) A representative price may be left unchanged by way of exception for a limited period if the offer price which served as a basis for the previous calculation of the representative price is not available to the Commission and if the offer prices which are available and which appear not to be sufficiently representative of actual market trends would entail sudden and considerable changes in the representative price.
- (7) Where there is a difference between the trigger price for the product in question and the representative price, additional import duties should be fixed under the conditions set out in Article 3 of Regulation (EC) No 1422/95. Should the import duties be suspended pursuant to Article 5 of Regulation (EC) No 1422/95, specific amounts for these duties should be fixed.
- (8) Application of these provisions will have the effect of fixing the representative prices and the additional import duties for the products in question as set out in the Annex to this Regulation.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and the additional duties applying to imports of the products referred to in Article 1 of Regulation (EC) No 1422/95 are fixed in the Annex hereto.

COMMISSION REGULATION (EC) No 2018/2002**of 14 November 2002****fixing the export refunds on white sugar and raw sugar exported in its unaltered state**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, amended by Commission Regulation (EC) No 680/2002 ⁽²⁾, and in particular the second subparagraph of Article 27(5) thereof,

Whereas:

- (1) Article 27 of Regulation (EC) No 1260/2001 provides that the difference between quotations or prices on the world market for the products listed in Article 1(1)(a) of that Regulation and prices for those products within the Community may be covered by an export refund.
- (2) Regulation (EC) No 1260/2001 provides that when refunds on white and raw sugar, undenatured and exported in its unaltered state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 28 of that Regulation. The same Article provides that the economic aspect of the proposed exports should also be taken into account.
- (3) The refund on raw sugar must be fixed in respect of the standard quality. The latter is defined in Annex I, point II, to Regulation (EC) No 1260/2001. Furthermore, this refund should be fixed in accordance with Article 28(4) of Regulation (EC) No 1260/2001. Candy sugar is defined in Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector ⁽³⁾. The refund thus calculated for sugar containing added flavouring or colouring matter must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content.

- (4) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination.
- (5) In special cases, the amount of the refund may be fixed by other legal instruments.
- (6) The refund must be fixed every two weeks. It may be altered in the intervening period.
- (7) It follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto.
- (8) Regulation (EC) No 1260/2001 does not make provision to continue the compensation system for storage costs from 1 July 2001. This should accordingly be taken into account when fixing the refunds granted when the export occurs after 30 September 2001.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(a) of Regulation (EC) No 1260/2001, undenatured and exported in the natural state, are hereby fixed to the amounts shown in the Annex hereto.

Article 2

COMMISSION REGULATION (EC) No 2020/2002
of 14 November 2002
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Commission Regulation (EC) No 509/2002 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices

which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as last amended by Regulation (EC) No 1166/2002 ⁽⁴⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽⁵⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽⁶⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

COMMISSION DECISION

of 14 November 2002

amending Decision 96/301/EC by renewing the Member States' authorisation to take emergency measures against the dissemination of *Pseudomonas solanacearum* (Smith) Smith as regards Egypt

(notified under document number C(2002) 4416)

(2002/903/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community⁽¹⁾, as last amended by Directive 2002/36/EC⁽²⁾, and in particular Article 16(3) thereof,

Whereas:

- (1) Where a Member State considers that there is an imminent danger of the introduction into its territory of *Pseudomonas solanacearum* (Smith) Smith, the cause of potato brown rot, from a third country, it should be able to take temporarily any additional measures necessary to protect itself from that danger.
- (2) In 1996, on the basis of continued interceptions of *Pseudomonas solanacearum* (Smith) Smith in potatoes originating in Egypt, several Member States (France, Finland, Spain and Denmark) adopted measures to implement a ban on potatoes originating in Egypt, with a view to ensuring more efficient protection against the introduction of *Pseudomonas solanacearum* (Smith) Smith from Egypt into their respective territories.
- (3) The Commission responded by adopting Commission Decision 96/301/EC of 3 May 1996 authorising Member States temporarily to take additional measures against the dissemination of *Pseudomonas solanacearum* (Smith) Smith as regards Egypt⁽³⁾.
- (4) That Decision was subsequently strengthened by amending Decisions 98/105/EC⁽⁴⁾ and 98/503/EC⁽⁵⁾ authorising the Member States temporarily to take emergency measures against the dissemination of *Pseudomonas solanacearum* (Smith) Smith as regards Egypt: the import into the Community of potatoes originating in Egypt was banned except where the potatoes originated in pest-free areas established in accordance with the FAO International Standard for Phytosanitary Measures Part 4: Pest Surveillance — Requirements of the Establishment of Pest-Free Area.

- (5) Cases of *Pseudomonas solanacearum* (Smith) Smith continued to be found in imports of potatoes originating in Egypt during 1998/1999, and as a consequence the import into the territory of the Community of tubers of *Solanum tuberosum* L. originating in Egypt was prohibited from 3 April 1999 to the beginning of the 1999/2000 import season.
- (6) The situation was then reassessed. The Commission considered it appropriate to remove the prohibition on the import of potatoes from officially approved pest-free areas for the 1999/2000 import season and therefore adopted Decision 1999/842/EC⁽⁶⁾.
- (7) During the 1999/2000 season the situation improved significantly, and the Commission, adopted Decision 2000/568/EC⁽⁷⁾ reauthorising, for the 2000/2001 import season, the entry into the territory of the Community of tubers of *Solanum tuberosum* L. originating in pest-free areas of Egypt approved in accordance with the said FAO International Standard.
- (8) However, during the 2000/2001 season, a number of interceptions of *Pseudomonas solanacearum* (Smith) Smith were recorded and the Commission adopted Decision 2000/568/EC prohibiting imports into the territory of the Community of tubers of *Solanum tuberosum* L. originating in Egypt from 5 May 2001 to the beginning of the 2001/2002 import season.
- (9) The situation was again reassessed. Egypt submitted a detailed contingency plan explaining the measures applied when brown rot is found in Egypt and/or it is notified that consignments of potatoes originating in Egypt have been found to contain brown rot on inspection at entry in the EU. The Commission therefore considered it appropriate to remove the prohibition on the import of potatoes from Egypt for the 2001/2002 import season, which it did by adopting Decision 2001/664/EC⁽⁸⁾.
- (10) During the 2001/2002 season, a number of interceptions of *Pseudomonas solanacearum* (Smith) Smith were recorded and Egypt itself decided to ban all exports of Egyptian potatoes to the Community as of 16 April 2002.

⁽⁸⁾ OJ L 233, 31.8.2001, p. 49.

- (11) The situation was again reassessed. Egypt informed the Commission that administrative measures had been strengthened to apply a strict control system to ensure and maintain freedom within 'approved pest-free areas' from the above pathogen and confirmed that measures were being taken against growers and exporters violating Egyptian instructions on the growing and export of potatoes destined to the EU.
- (12) In the light of the Egyptian information, it should be possible to permit, for the 2002/2003 import season, the entry into the territory of the Community of *Solanum tuberosum* L. which originate in pest-free areas of Egypt approved in accordance with the said FAO International Standard.
- (13) Decision 96/301/EC should therefore be amended accordingly.
- (14) The Commission should ensure that Egypt makes available all technical information in relation to surveying and monitoring necessary for the approval of such 'pest-free areas' in accordance with the said FAO International Standard so that the Commission can carry out the assessment necessary for its action. Such technical information should be detailed enough to show that the specific risk factors in both the delta and the desert region are sufficiently addressed when establishing approved pest-free areas in Egypt.
- (15) The effects of the emergency measures should be assessed continually over the import season 2002/2003. Possible consequences will be considered if it is established that the conditions laid down in Decision 96/301/EC have not been complied with.

- (16) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plant Health,
