COMMISSION REGULATION (EC) No 252/2005

of 14 February 2005

amending Regulation (EC) No 349/2003 suspending the introduction into the Community of specimens of certain species of wild fauna and flora

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein ⁽¹⁾ and in particular Article 19, point 2, thereof,

After consulting the Scientific Review Group,

Whereas:

(1) Article 4(6) of Regulation (EC) No 338/97 provides that the Commission may establish restrictions to the introduction of certain species into the Community in accordance with the conditions laid down in points (a) to (d) thereof.

(2) A list of species, for which the introduction into the Community is suspended, was last established in Commission Regulation (EC) No 349/2003 of 25 February 2003 suspending the introduction into the Community of specimens of certain species of wild fauna and flora ⁽²⁾.

(3) The enlargement of the European Union to 25 Member States from 1 May 2004 requires that all pre-existing suspensions in respect of species originating from the new Member States be deleted from that list.

(4) On the basis of recent information the Scientific Review Group has concluded that the conservation status of certain species listed in Annexes A and B to Council Regulation (EC) No 338/97 will be seriously jeopardised if their introduction into the Community from certain countries of origin is not suspended, these species and their countries of origin being the following:

— *Blastomussa* spp., *Cynarina lacrymalis*, *Plerogyra* spp., *Trachyphyllia geoffroyi* from Indonesia (all specimens except maricultured specimens attached to artificial substrates)

— *Chamaeleo gracilis* from Benin (wild and ranched specimens)

— *Euphorbia bulbispina* and *Euphorbia guillauminiana* from Madagascar

— *Geochelone pardalis* from Mozambique (ranched specimens)

— *Mantella aurantiaca*, *Pachypodium rosulatum*, *Pachypodium sofiane* from Madagascar

— *Naja* spp. from Lao People's Democratic Republic

— *Psittacus erithacus* from Nigeria

— *Ursus arctos* from the province of British Columbia, Canada (hunting trophies).

(5) The Scientific Review Group has also concluded that the suspension of the introduction into the Community of the species *Psittacus erithacus* from the Democratic Republic of the Congo is no longer warranted by virtue of its conservation status.

(6) The Scientific Review Group has concluded that the introduction into the Community of *Chrysemys picta* and *Oxyura jamaicensis* presents an ecological threat to wild species of fauna and flora indigenous to the Community and should therefore be suspended.

(7) The countries of origin of the species which are subject to the new restrictions to introduction into the Community pursuant to this Regulation have all been consulted.

(8) Article 41 of Commission Regulation (EC) No 1808/2001 of 30 August 2001, laying down detailed rules concerning the implementation of Council Regulation (EC) No 338/97 of the protection of species of wild fauna and flora by regulating trade therein ⁽³⁾, contains provisions for the implementation by the Member States of the restrictions established by the Commission.

⁽¹⁾ OJ L 61, 3.3.1997, p. 1. Regulation as last amended by Commission Regulation (EC) No 834/2004 (OJ L 127, 29.4.2004, p. 40).

⁽²⁾ OJ L 51, 26.2.2003, p. 3. Regulation as last amended by Commission Regulation (EC) No 776/2004 (OJ L 123, 27.4.2004, p. 31).

⁽³⁾ OJ L 250, 19.9.2001, p. 1.

- (9) The Annex to Regulation (EC) No 349/2003 should therefore be amended accordingly, and for clarity purposes, replaced.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Trade in Wild Fauna and Flora,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EC) No 349/2003 is replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 February 2005.

COMMISSION REGULATION (EC) No 253/2005**of 14 February 2005****fixing Community producer and import prices for carnations and roses with a view to the application of the arrangements governing imports of certain floricultural products originating in Cyprus, Israel, Jordan, Morocco and the West Bank and the Gaza Strip**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 4088/87 of 21 December 1987 fixing conditions for the application of preferential customs duties on imports of certain flowers originating in Cyprus, Israel, Jordan, Morocco and the West Bank and the Gaza Strip ⁽¹⁾, and in particular Article 5(2)(a) thereof,

Whereas:

Pursuant to Article 2(2) and Article 3 of abovementioned Regulation (EEC) No 4088/87, Community import and producer prices are fixed each fortnight for uniflorous (bloom) carnations, multiflorous (spray) carnations, large-flowered roses and small-flowered roses and apply for two-weekly periods. Pursuant to Article 1b of Commission Regulation (EEC) No 700/88 of 17 March 1988 laying down detailed rules for the application of the arrangements for the import into the Community of certain floricultural products originating in Cyprus, Israel, Jordan,

Morocco and the West Bank and the Gaza Strip ⁽²⁾, those prices are determined for fortnightly periods on the basis of weighted prices provided by the Member States. Those prices should be fixed immediately so the customs duties applicable can be determined. To that end, provision should be made for this Regulation to enter into force immediately,

HAS ADOPTED THIS REGULATION:

Article 1

The Community producer and import prices for uniflorous (bloom) carnations, multiflorous (spray) carnations, large-flowered roses and small-flowered roses as referred to in Article 1b of Regulation (EEC) No 700/88 for a fortnightly period shall be as set out in the Annex.

Article 2

This Regulation shall enter into force on 15 February 2005.

It shall apply from 16 February to 1 March 2005.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION DECISION

of 14 February 2005

granting Italy a partial derogation on the submission of data on the landings of fishery products in Member States*(notified under document number C(2005) 322)***(Only the Italian text is authentic)**

(2005/128/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1382/91 of 21 May 1991 on the submission of data on the landings of fishery products in Member States ⁽¹⁾, and in particular Article 5(4) and (5) thereof,

Whereas:

- (1) The collection of data on the landings of fishery products by Italian coastal vessels as laid down in Regulation (EEC) No 1382/91 imposes a very heavy workload on the national authorities.
- (2) The increased use of sampling techniques would significantly reduce this workload and has been demonstrated by the Italian authorities to significantly increase the quality of the resultant data.
- (3) The level of sampling envisaged in this proposed technique exceeds the limit of 10 % by weight of the fishery products provided for in Article 1 of Regulation (EEC) No 1382/91.
- (4) In accordance with Article 5(4) of Regulation (EEC) No 1382/91, in cases where the inclusion of a particular sector of the fisheries of a Member State would cause difficulties to the national authorities incommensurate with the importance of that sector, the Commission may grant a derogation permitting such a Member State to exclude data for that sector from the national data submissions.

(5) Italy should be authorised to employ sampling techniques to estimate more than the 10 % maximum by weight of fishery products landed on condition that resultant estimates of the total weight of landings are of at least an equivalent standard of reliability.

(6) In accordance with Article 5(5) of Regulation (EEC) No 1382/91, this derogation shall be granted for a maximum of three years.

(7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Agricultural Statistics, set up by Council Decision 72/279/EEC ⁽²⁾,

HAS ADOPTED THIS DECISION:
