COMMISSION REGULATION (EC) No 1074/2008**of 31 October 2008****amending Regulation (EC) No 1249/96 on rules of application (cereal sector import duties) for
Council Regulation (EEC) No 1766/92**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾, and in particular Article 143(b) thereof, in conjunction with Article 4 thereof,

Whereas:

(1) The second subparagraph of Article 2(5) of Commission Regulation (EC) No 1249/96 ⁽²⁾ stipulates that the additional security of EUR 24 per tonne for flint maize is not required where an import licence application is accompanied by a certificate of conformity issued by the Argentine Servicio Nacional de Sanidad y Calidad Agroalimentaria. In practice, however, this certificate of conformity is attached to the transport documents and so follows the goods. For administrative reasons, this prevents the operators from availing themselves of the security waiver as provided for by the Regulation. In order to resolve this situation, the conditions under which operators are required to provide the required proof should be changed.

(2) The first subparagraph of Article 5(1)(b) of Regulation (EC) No 1249/96 provides, in the case of imports of common wheat of high quality, for a special security in addition to those provided for by Commission Regulation (EC) No 1342/2003 of 28 July 2003 laying down special detailed rules for the application of the system of import and export licences for cereals and rice ⁽³⁾. The additional security of EUR 95 per tonne is justified by virtue of the difference in customs duties imposed on imports of common wheat depending on whether the wheat is of high quality or low or medium quality. Where customs duties for all quality categories of common wheat have been suspended under Article 187 of Regulation (EC) No 1234/2007 the above-mentioned additional security is no longer justified and so should not be required for the entire period in which the duties are suspended.

(3) Annex IVb to Regulation (EC) No 1249/96 contains a blank certificate of conformity authorised by the government of Canada for exports of common and durum wheat to the European Community and the export grade specifications. By official letter dated 20 May 2008, the Canadian authorities informed the Commission of an amendment to their blank certificate. The blank certificate must therefore be amended.

(4) Regulation (EC) No 1249/96 should therefore be amended accordingly.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 1249/96 is hereby amended as follows:

1. The second subparagraph of Article 2(5) is replaced by the following:

‘Notwithstanding Article 293(1)(e) of Regulation (EEC) No 2454/93, the importer shall lodge with the competent authority an additional security of EUR 24 per tonne for flint maize, except where an import licence is accompanied by a certificate of conformity issued by the Argentine Servicio Nacional de Sanidad y Calidad Agroalimentaria (Senasa) mentioned in Article 6(1) of this Regulation. In such cases, the type of certificate of conformity and its number shall be entered in box 24 of the import licence application and import licence itself.’

2. Article 5 is amended as follows:

(a) in the second subparagraph of paragraph 1, the third sentence is replaced by the following:

‘In such cases, the type of certificate of conformity and its number shall be entered in box 24 of the import licence application and import licence itself.’;

⁽¹⁾ OJ L 299, 16.11.2007, p. 1.

⁽²⁾ OJ L 161, 29.6.1996, p. 125.

⁽³⁾ OJ L 189, 29.7.2003, p. 12.

(b) the following paragraph 3 is added:

‘3. Where customs duties for all quality categories of common wheat have been suspended under Article 187 of Regulation (EC) No 1234/2007, the additional security of EUR 95 per tonne referred to in paragraph 1 of this Article shall not be required for the entire period in which the duties are suspended.’

3. In Annex IVb, the blank certificate of conformity authorised by the government of Canada for common and durum wheat and export grade specifications is replaced by the blank certificate in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

However, that duty may not exceed the rate of duty in the Common Customs Tariff.

tative cif import prices are to be established on a regular basis for the products in question.

(3) Under Article 2(2) of Regulation (EC) No 1249/96, the price to be used for the calculation of the import duty on products of CN codes 1001 10 00, 1001 90 91, ex 1001 90 99 (high quality common wheat), 1002 00, 1005 10 90, 1005 90 00 and 1007 00 90 is the daily cif representative import price determined as specified in Article 4 of that Regulation.

(4) Import duties should be fixed for the period from 1 November 2008 and should apply until new import duties are fixed and enter into force.

(5) However, in accordance with Commission Regulation (EC) No 608/2008 of 26 June 2008 temporarily suspending customs duties on imports of certain cereals for the 2008/2009 marketing year ⁽³⁾, the application of certain duties set by this Regulation is suspended,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 November 2008, the import duties in the cereals sector referred to in Article 136(1) of Regulation (EC) No 1234/2007 shall be those fixed in Annex I to this Regulation on the basis of the information contained in Annex II.

COMMISSION DECISION

of 30 October 2008

amending the Annex to Decision 2007/453/EC establishing the BSE status of Member States or third countries or regions thereof according to their BSE risk*(notified under document number C(2008) 6274)***(Text with EEA relevance)**

(2008/829/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies ⁽¹⁾, and in particular the third subparagraph of Article 5(2) and Article 5(3) thereof,

Whereas:

- (1) Regulation (EC) No 999/2001 lays down rules for the prevention, control and eradication of transmissible spongiform encephalopathies (TSEs) in animals. It applies to the production and placing on the market of live animals and products of animal origin. For that purpose, the bovine spongiform encephalopathy (BSE) status of Member States or third countries or regions thereof ('countries or regions') is to be determined by classification into one of three categories depending on the BSE risk involved, namely a negligible BSE risk, a controlled BSE risk and an undetermined BSE risk.
- (2) The Annex to Commission Decision 2007/453/EC of 29 June 2007 establishing the BSE status of Member States or third countries or regions thereof according to their BSE risk ⁽²⁾ lists countries or regions according to their BSE risk status.
- (3) Pending the final conclusion on the BSE risk status of the Member States, all Member States were provisionally recognised as countries with a controlled BSE risk as laid down in Decision 2007/453/EC. During the OIE General Session in May 2008, a Resolution was adopted relating to the BSE status of different countries. The Annex to Decision 2007/453/EC should

therefore be brought in line with the recommendations of the Resolution of the OIE. Pending a final conclusion on the BSE risk status of certain Member States and taking into account the harmonised stringent BSE protective measures applied within the Community, those Member States should remain provisionally recognised as countries with a controlled BSE risk.

- (4) Decision 2007/453/EC should therefore be amended accordingly.
- (5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 2007/453/EC is replaced by the text in the Annex to this Decision.
