COMMISSION

COMMISSION DECISION

of 15 October 2009

amending Decision 2008/155/EC as regards its period of applicability and certain embryo collection and production teams in Australia, Canada, New Zealand and the United States

(notified under document C(2009) 7730)

(Text with EEA relevance)

(2009/759/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 89/556/EEC of 25 September 1989 on animal health conditions governing intra-Community trade in and importation from third countries of embryos of domestic animals of the bovine species ⁽¹⁾, and in particular Article 8(1) thereof,

and amending Directives 64/432/EEC, 77/504/EEC, 88/407/EEC, 88/661/EEC, 89/361/EEC, 89/556/EEC, 90/426/EEC, 90/427/EEC, 90/428/EEC, 90/429/EEC, 90/539/EEC, 91/68/EEC, 91/496/EEC, 92/35/EEC, 92/65/EEC, 92/66/EEC, 92/119/EEC, 94/28/EC, 2000/75/EC, Decision 2000/258/EC and Directives 2001/89/EC, 2002/60/EC and 2005/94/EC ⁽³⁾. Following that amendment, which applies from 1 January 2010, the list of embryo collection and production teams of animals of the bovine species is no longer to be established by a Commission Decision. Decision 2008/155/EC should therefore apply only until 31 December 2009.

Whereas:

- (1) Commission Decision 2008/155/EC of 14 February 2008 establishing a list of embryo collection and production teams in third countries approved for imports of bovine embryos into the Community ⁽²⁾ provides that Member States are to authorise imports of embryos of domestic animals of the bovine species from third countries only if they have been collected, processed and stored by embryo collection and production teams listed in the Annex to that Decision.
- (2) Article 8 of Directive 89/556/EEC has been amended by Article 6(2) of Council Directive 2008/73/EC of 15 July 2008 simplifying procedures of listing and publishing information in the veterinary and zootechnical fields

- (3) Australia, Canada, New Zealand and the United States have requested that amendments be made to the entries for those countries on that list as regards certain embryo collection and production teams. Australia, Canada, New Zealand and the United States have provided guarantees regarding compliance with the appropriate rules set out in Directive 89/556/EEC and the embryo collection and production teams concerned have been officially approved for exports to the Community by the veterinary services of those third countries.
- (4) Decision 2008/155/EC should therefore be amended accordingly.
- (5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

COMMISSION DECISION

of 15 October 2009

concerning a request to apply reduced rates of vehicle tax submitted by Slovenia pursuant to Article 6(2)(b) of Directive 1999/62/EC of the European Parliament and of the Council on the charging of heavy goods vehicles for the use of certain infrastructures

*(notified under document C(2009) 7756)***(Only the Slovenian text is authentic)****(Text with EEA relevance)**

(2009/760/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

(5) The application of the reduced rates requested by Slovenia should therefore be approved,

Having regard to the Treaty establishing the European Community,

HAS ADOPTED THIS DECISION:

Article 1

Having regard to Directive 1999/62/EC of the European Parliament and of the Council of 17 June 1999 on the charging of heavy goods vehicles for the use of certain infrastructures ⁽¹⁾, and in particular Article 6 thereof,

The Commission hereby gives its agreement to apply until 31 December 2014 reduced vehicle tax in accordance with Article 6(2)(b) of Directive 1999/62/EC for the following vehicles of 12 tonnes or more, which are used exclusively for drivers training or the carriage of permanently installed equipment for public and industrial works in Slovenia:

Whereas:

- (1) According to Article 6(2)(b) of Directive 1999/62/EC, Member States may apply reduced rates or exemptions for vehicles which travel only occasionally on the public roads of the Member State of registration and are used by natural or legal persons whose main occupation is not the carriage of goods, provided that the transport operations carried out by these vehicles do not cause distortions of competition. This reduction or exemption is subject to the Commission's agreement.
- (2) Slovenia has requested the Commission to agree on the application of reduced rates of vehicle tax according to Directive 1999/62/EC for vehicles of 12 tonnes or more, which are used exclusively in connection with drivers training or public and industrial works in Slovenia.
- (3) The conditions foreseen by Article 6(2)(b) of Directive 1999/62/EC are fulfilled, as these vehicles do not permanently use public roads, are not used to carry goods and furthermore as applying reduced rates of vehicle tax for these vehicles does not cause a distortion of competition because they cannot be used for carriage of any goods other than those permanently installed at the vehicle and used for their own activity.
- (4) In order to enable the Commission to review the application of the reduced rates of vehicle tax, the agreement should be given for a limited time.

1. Vehicles of category N3 specially modified for drivers training;
2. Mobile ladders permanently mounted on road chassis;
3. Mobile workshops permanently mounted on road chassis;
4. Mobile cranes permanently mounted on road chassis;
5. Mobile pumps permanently mounted on road chassis;
6. Mobile lifting baskets permanently mounted on road chassis;
7. Mobile electro-generators permanently mounted on road chassis;

9. Mobile environmental laboratories permanently mounted on road chassis;
