DECISIONS

COUNCIL

COUNCIL DECISION

of 5 May 2009

on the signature and provisional application of the Interim Agreement with a view to an Economic Partnership Agreement between the European Community and its Member States, of the one part, and the SADC EPA States, of the other part

(2009/850/EC)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 57(2), 133 and 181 in conjunction with the first sentence of the first subparagraph of Article 300(2) thereof,

Having regard to the proposal from the Commission,

Whereas:

(1) On 12 June 2002 the Council authorised the Commission to open negotiations to conclude Economic Partnership Agreements with ACP countries.

(2) These negotiations for an interim agreement with a view to an Economic Partnership Agreement (hereinafter referred to as the 'interim agreement with a view to an EPA') have been concluded and the interim agreement with a view to an EPA between the European Community and its Member States, of the one part, and the SADC EPA States, of the other part (comprising Botswana, Lesotho, Namibia, Swaziland and Mozambique), was initialled on 23 November 2007 and on 12 December 2007 for Namibia.

(3) Article 105(4) of the interim agreement with a view to an EPA provides for its provisional application pending its entry into force.

(4) The interim agreement with a view to an EPA should be signed on behalf of the Community and applied, as concerns elements falling within the competence of the Community, on a provisional basis subject to its conclusion at a later date,

HAS DECIDED AS FOLLOWS:

Article 1

The signing of the interim agreement with a view to an Economic Partnership Agreement between the European Community and its Member States and the SADC EPA States is hereby approved on behalf of the Community, subject to the Council Decision concerning the conclusion of the said interim agreement with a view to an EPA.

The text of the interim agreement with a view to an EPA is attached to this Decision.

Article 2

The position to be taken by the Community within the Joint SADC EPA States-EC Council and the SADC EPA States-EC Trade and Development Committee shall be determined by the Council on the basis of a proposal by the Commission in accordance with the corresponding provisions of the Treaty.

Article 3

The President of the Council is hereby authorised to designate the person(s) empowered to sign the interim agreement with a view to an EPA on behalf of the European Community subject to its conclusion.

Article 4

As concerns elements falling within the competence of the Community, the interim agreement with a view to an EPA shall be applied on a provisional basis as provided for in Article 105(4) thereof, pending completion of the procedures necessary for its conclusion. The Commission will publish a notice providing information on the date of provisional application.

Done at Brussels, 5 May 2009.

For the Council
The President
M. KALOUSEK

INTERIM AGREEMENT

with a view to an Economic Partnership Agreement between the European Community and its Member States, of the one part, and the SADC EPA States, of the other part

PREAMBLE

THE KINGDOM OF BELGIUM,

THE REPUBLIC OF BULGARIA,

THE CZECH REPUBLIC,

THE KINGDOM OF DENMARK,

THE FEDERAL REPUBLIC OF GERMANY,

THE REPUBLIC OF ESTONIA,

IRELAND,

THE HELLENIC REPUBLIC,

THE KINGDOM OF SPAIN,

THE ITALIAN REPUBLIC,

THE REPUBLIC OF CYPRUS,

THE REPUBLIC OF LATVIA,

THE REPUBLIC OF LITHUANIA,

THE GRAND DUCHY OF LUXEMBOURG,

THE REPUBLIC OF HUNGARY,

MALTA,

THE KINGDOM OF THE NETHERLANDS,

THE REPUBLIC OF AUSTRIA,

THE REPUBLIC OF POLAND,

THE PORTUGUESE REPUBLIC,

ROMANIA,

THE REPUBLIC OF SLOVENIA,

THE SLOVAK REPUBLIC,

THE REPUBLIC OF FINLAND,

THE KINGDOM OF SWEDEN,

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND, AND

THE EUROPEAN COMMUNITY (EC),

(hereinafter jointly referred to as the 'EC Party'),

of the one part, and

THE REPUBLIC OF BOTSWANA,

THE KINGDOM OF LESOTHO,

THE REPUBLIC OF MOZAMBIQUE,

THE REPUBLIC OF NAMIBIA

THE KINGDOM OF SWAZILAND

(hereinafter referred to as the 'SADC EPA States'),

of the other part [1],

CONSIDERING the Parties' wish to further strengthen their trade links and establish close and lasting relations based on partnership and cooperation;

RECOGNISING the efforts by the SADC EPA States to ensure economic and social development for the people of the Southern African Development Community (SADC) region;

RECALLING the importance attached by the Parties to the principles and rules which govern the multilateral trading system and to the need to apply them in a transparent and non-discriminatory manner;

TAKING ACCOUNT of the Parties' rights and obligations in terms of their membership of the World Trade Organisation (the 'WTO'), and reaffirming the importance of the multilateral trading system.

RECOGNISING the special needs and interests of the SADC EPA States and the need to address their diverse levels of economic development, and geographic and socio-economic concerns;

BEARING IN MIND the Partnership Agreement between the Members of the African, Caribbean and Pacific Group of States of the one part, and the European Community and its Member States of the other part (hereinafter referred to as 'the Cotonou Agreement'), signed on 23 June 2000;

BEARING IN MIND the Trade, Development and Cooperation Agreement (TDCA) between South Africa and the European Community and its Member States, signed on 11 October 1999;

CONFIRMING the Parties' support and encouragement for the process of trade liberalisation;

CONFIRMING the Parties' commitment to and support for economic development in the SADC EPA States to attain the Millennium Development Goals (MDG);

CONFIRMING the Parties' commitment to promote regional cooperation and economic integration in the SADC EPA States, and to encourage the liberalisation of trade between the Parties;

BEARING IN MIND the Parties' commitment to ensure that their mutual arrangements support the process of regional integration under the SADC Treaty;

DESIRING to create new employment opportunities, attract investment and improve living standards in the territories of the Parties while promoting sustainable development;

EMPHASISING the importance of agriculture and sustainable development in poverty alleviation in the SADC EPA States;

RECOGNISING the special circumstances of Botswana, Lesotho, Namibia and Swaziland in the Economic Partnership Agreement (EPA) and the need to take into account the effects on them of trade liberalisation under the TDCA;

RECOGNISING in this regard the particular case of the Southern African Customs Union (SACU) established under the 2002 Southern African Customs Union Agreement;

---

[1] A Joint Declaration on Angola and Tanzania is attached to the Agreement.

RECOGNISING the special circumstances and needs of the Least Developed Countries (LDCs) of the SADC EPA States through the use of special and differential treatment and asymmetry;

CONVINCED that this Agreement will further deepen and encourage economic and trade relations between the Parties;

RECOGNISING the importance of development finance cooperation for the implementation of this Agreement;

HAVE AGREED, in pursuit of the above, to conclude the present Agreement (hereinafter referred to as 'this Agreement'):

PART I

TRADE PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

CHAPTER 1

General provisions

Article 1

Objectives

The objectives of this Agreement are to:

(a) contribute to the reduction and eventual eradication of poverty through the establishment of a trade partnership consistent with the objective of sustainable development, the Millennium Development Goals and the Cotonou Agreement;

(b) promote regional integration, economic cooperation and good governance thus establishing and implementing an effective, predictable and transparent regional regulatory framework for trade and investment between the Parties and among the SADC EPA States;

(c) promote the gradual integration of the SADC EPA States into the world economy, in conformity with their political choices and development priorities;

(d) improve the SADC EPA States' capacity in trade policy and trade related issues;

(e) support the conditions for increasing investment and private sector initiative, and enhance supply capacity, competitiveness and economic growth in the SADC EPA States;

(f) strengthen the existing relations between the Parties on the basis of solidarity and mutual interest. To this end, consistent with WTO obligations, the Agreement shall enhance commercial and economic relations, consolidate the implementation of the SADC Protocol on Trade and support a new trading dynamic between the Parties by means of the progressive, asymmetrical liberalisation of trade between them and reinforce, broaden and deepen cooperation in all areas relevant to trade.

Article 2

Principles

1. This Agreement is based on the Fundamental Principles as well as the Essential and Fundamental Elements of the Cotonou Agreement, as set out in Articles 2 and 9 of that Agreement. This Agreement shall build on the achievements of Cotonou and the previous ACP-EC Partnership Agreements in regional cooperation and integration as well as economic and trade cooperation.

2. The Cotonou Agreement and this Agreement shall be implemented in a complementary and mutually reinforcing manner.

3. The Parties agree to cooperate to implement this Agreement in a manner that is consistent with the development policies and regional integration programmes in which the SADC EPA States are or may be involved.

4. The Parties agree to cooperate in order to fulfil their commitments and obligations and to facilitate the capacity of SADC EPA States to implement this Agreement.

Article 3

Sustainable development

1. The Parties reaffirm that the objective of sustainable development is to be applied and integrated at every level of their economic partnership, in fulfilment of the overriding commitments set out in Articles 1, 2 and 9 of the Cotonou Agreement, and especially the general commitment to reduce and eventually eradicate poverty in a way that is consistent with the objectives of sustainable development.

2. The Parties understand this objective to apply in the case of this Agreement as a commitment that:

(a) the application of this Agreement shall fully take into account the human, cultural, economic, social, health and environmental best interests of their respective populations and of future generations;

(b) decision-taking methods embrace the fundamental principles of ownership, participation and dialogue.

3. As a result, the Parties agree to work cooperatively towards the realisation of people-centred sustainable development.

Article 4

Regional integration

1. The Parties recognise that regional integration is an integral element of their partnership and a powerful instrument to achieve the objectives of this Agreement.

2. The Parties reaffirm the importance of regional and sub-regional integration amongst the SADC EPA States to achieve greater economic opportunities, enhanced political stability and to foster the effective integration of developing countries into the world economy. Without prejudice to the commitments undertaken in this Agreement, the pace and content of their regional integration is determined exclusively by the SADC EPA States in the exercise of their sovereignty.

3. The Parties support in particular the integration processes and related development policies and political agendas, based on the Southern African Customs Union Agreement signed on 21 October 2002, the Southern African Development Community Treaty signed on 17 August 1992 and the Constitutive Act of the African Union adopted on 11 July 2000. They aim at building and deepening their partnership on the basis of those processes and at implementing this Agreement in a mutually supportive manner with those instruments, taking into account the respective levels of development, needs, geographical realities and sustainable development strategies.

Article 5

Monitoring

1. The Parties undertake to continuously monitor the operation and impact of this Agreement through appropriate mechanisms and timing within their respective participative processes and institutions, as well as those set up under this Agreement, in order to ensure that the objectives of this Agreement are realised, that it is properly implemented and that the benefits for their people deriving from it, in particular the most vulnerable groups, are maximised.

2. The Parties also undertake to consult each other promptly over any issue concerning the implementation of this Agreement.

Article 6

Cooperation in international fora

The Parties shall endeavour to cooperate in all international fora where issues relevant to this Agreement are discussed.

CHAPTER 2

Development cooperation

Article 7

Development cooperation framework

The Parties commit themselves to cooperating in order to implement this Agreement and to support the SADC EPA States' trade and development strategies within the overall SADC regional integration process. The cooperation can take financial and non-financial forms.

Article 8

Development finance cooperation

1. The Parties recognise that development cooperation is a crucial element of their partnership and an essential factor for the realisation of the objectives of this Agreement as laid down in Article 1. Development finance cooperation for regional economic cooperation and integration, as provided for in the Cotonou Agreement, shall be carried out so as to support and promote the efforts of the SADC EPA States to achieve the objectives and to maximise the expected benefits of this Agreement. Areas of cooperation and technical assistance are set out, as appropriate, in Chapter 3 and in the other Chapters of this Agreement. Cooperation shall be implemented according to the modalities provided for in this Article, shall be kept under ongoing review and shall be revised as necessary according to the provisions of Article 108 of this Agreement.

2. The European Community [1] financing pertaining to development cooperation between the SADC EPA States and the European Community supporting the implementation of this Agreement shall be carried out within the framework of the rules and relevant procedures provided for by the Cotonou Agreement, in particular the programming procedures of the European Development Fund and within the framework of the relevant instruments financed by the General Budget of the European Union. In this context, supporting the implementation of this Interim Agreement with a view to an EPA, shall be a priority.

3. The Member States of the European Union collectively undertake to support, by means of their respective development policies and instruments, development cooperation activities for regional economic cooperation and integration and for the implementation of this Agreement in the SADC EPA States and at the regional level, in conformity with the complementarity and aid effectiveness principles.

4. The Parties recognise that adequate resources will be required for the implementation of this Agreement and the fullest realisation of its benefits. In this respect the Parties shall cooperate to enable SADC EPA States to access other financial instruments as well as to facilitate other donors willing to further support the efforts of the SADC EPA States in achieving the objectives of this Agreement.

[1] Not including Member States.

5. The Parties agree that a regional development financing mechanism such as an EPA fund would provide a useful instrument for efficiently channelling development financial resources and for implementing EPA accompanying measures. The EC Party agrees to support the efforts of the region to set up such a mechanism. The EC Party will contribute to the fund following a satisfactory audit.

CHAPTER 3

Areas of cooperation

Article 9

Objectives

For the purpose of implementing this Agreement and taking into account the development policies of the SADC EPA States, the Parties agree that the following are priority areas for trade and economic cooperation.

Article 10

Cooperation in trade in goods

The aim of cooperation in this area shall be to enhance trade in goods and the SADC EPA States' capacity to trade, including the phasing out of tariffs and customs duties, properly implementing rules of origin, trade defence instruments, non-tariff measures including sanitary and phytosanitary (SPS) measures and technical barriers to trade (TBT), and promoting customs cooperation and trade facilitation.

Article 11

Cooperation in supply-side competitiveness

The aim of cooperation under this Article shall be to increase the competitiveness of the SADC EPA States and remove supply side constraints at national, institutional and, in particular, at company level. This cooperation includes, amongst others, fields such as production, technology development and innovation, marketing, financing, distribution, transport, diversification of economic base, as well as development of the private sector, improvement of the trade and business environment and support to small and medium enterprises in the fields of agriculture, fisheries, industry and services.

Article 12

Cooperation in business enhancing infrastructure

The aim of cooperation under this Article shall be the development of a competitive business enhancing environment in areas such as information and communication technology (ICT), transport and energy.

Article 13

Cooperation in trade in services

The Parties agree to cooperate to develop and enhance trade in services as provided for in Title IV Article 67 of this Agreement.

Article 14

Cooperation in trade related issues

The Parties agree to cooperate to develop and enhance trade related issues as provided for in Title IV Article 67 of this Agreement.

Article 15

Cooperation in trade data

The aim of cooperation under this Article shall be to improve the capacity of the SADC EPA States in the area of trade data capture, analysis and dissemination.

Article 16

Cooperation for EPA institutional capacity building

The aim of cooperation under this Article shall be to support institutional structures for EPA implementation management, capacity building for trade negotiations and for trade policy.

Article 17

Cooperation on fiscal adjustment

1. The Parties recognise that the phasing out or reduction of customs duties laid down in this Agreement may affect the fiscal revenues of the SADC EPA States and agree to cooperate on this matter.

2. The Parties agree to cooperate in accordance with the provisions of Article 8 in particular:

(a) on support to fiscal reforms; and

(b) on support measures complementary to fiscal reforms for the mitigation of the net fiscal impact of this Agreement that will be determined in accordance with a jointly agreed mechanism.

Article 18

Types of interventions

Development cooperation under this Agreement may include, but is not limited to the following EPA related interventions:

1. policy development;
2. legislation and regulatory framework development;
3. institutional/organisational development;
4. capacity building and training [1];
5. technical advisory services;
6. administrative services;
7. support in SPS and TBT areas; and
8. operational support including equipment, materials and related works.

PART II

TITLE I

TRADE IN GOODS

CHAPTER 4

General provisions

Article 19

Free trade area

1. This Agreement establishes a free trade area (FTA) between the Parties, in conformity with the General Agreement on Tariffs and Trade (hereinafter referred to as 'GATT 1994'), and in particular Article XXIV thereof.

2. The FTA shall respect the principle of asymmetry, commensurate to the specific needs and capacity constraints of the SADC EPA States, in terms of levels and timing for commitments under this Agreement.

3. The FTA will apply to trade between, of the one part, the European Community and, of the other part, the SADC EPA States.

Article 20

Scope

This Chapter shall apply to products:

1. falling within Chapters 01 to 97, with the exception of Chapter 93, set out in each Party's respective tariff nomenclature in conformity with the rules of classification applicable to the Harmonised Commodity Description and Coding System (HS); and
2. originating in the European Community or in the SADC EPA States.

Article 21

Rules of origin

1. For the purposes of this Chapter, 'originating' means qualifying under the rules of origin set out in Protocol 1.

2. Within the first three years of the entry into force of this Agreement, the Parties shall review the provisions of Protocol 1, with a view to further simplifying the concepts and methods used for the purpose of determining origin. In such review the Parties shall take into account the development of technologies, production processes and all other factors, including on-going reforms of rules of origin, which may require modifications to the provisions of this Protocol. Any such modifications shall be effected by a decision of the Joint Council as defined in Article 93.

3. Particular attention shall be given to these provisions within the framework of the review foreseen in paragraph 2.

Article 22

Customs duties

1. A customs duty includes any duty or charge of any kind imposed on, or in connection with, the importation of goods, including any form of surtax or surcharge, but does not include:

(a) internal taxes or other internal charges imposed consistently with Article III of GATT 1994;

(b) any antidumping, countervailing or safeguard measure imposed consistently with Title II;

(c) fees and charges for consular services imposed consistently with paragraph 2; and

(d) fees or other charges imposed consistently with paragraph 2.

[1] For the purpose of this Article, 'capacity building' may include in particular training, institutional development, organisational development (structures and procedures), operational support and inter-institutional communication and cooperation procedures.

2. Fees and charges referred to in paragraph 1(c) and (d) shall be limited in amount to the approximate cost of services rendered and shall not represent indirect protection for domestic products or a taxation of imports for fiscal purposes. They shall be based on specific rates that correspond to the real value of the service rendered.

3. For each product the basic duty, to which the successive reductions set out in the Agreement are to be applied, shall be the most-favoured-nation (hereinafter referred to as 'MFN') rate of duty effectively applied at the day of entry into force of this Agreement.

4. In cases where the process of tariff dismantlement does not start at the entry into force of this Agreement the duty to which the successive reductions are to be applied shall be either the basic duty referred to in paragraph 3 of this Article, or the duty applied on an *erga omnes* basis on the starting day of the relevant tariff dismantlement schedule, whichever is the lower.

5. The reduced duties calculated in accordance with the reduction schedules contained in this Agreement shall be applied rounded to the first decimal place or, in case of specific duties, to the second decimal place.

Article 23

Standstill

No new customs duties shall be introduced, nor shall those already applied be increased in trade between the Parties as from the entry into force of this Agreement for all products subject to liberalisation.

Article 24

Duties, taxes or other fees and charges on exports

1. No new customs duties on exports or charges having equivalent effect shall be introduced, nor shall those already applied be increased, in the trade between the European Community and the SADC EPA countries from the date of entry into force of this Agreement.

2. In exceptional circumstances where the SADC EPA States can justify specific revenue needs, protection of infant industries, or protection of the environment, these SADC EPA States may introduce, after consultation with the EC Party, temporary export taxes or charges having equivalent effect on a limited number of additional products.

3. The Parties agree to review the provisions of this Article in the Joint Council no later than three years after the entry into force of this Agreement, taking fully into account their impact on development and diversification of the SADC EPA States' economies.

Article 25

Customs duties on products originating in the SADC EPA States

1. The EC Party shall provide duty free, quota free (DFQF) treatment for all products, except those referred to in paragraph 3, falling within the scope of this Agreement and originating in Botswana, Lesotho, Mozambique, Namibia and Swaziland.

2. Customs duties on imports of products originating in the SADC EPA States shall be reduced or eliminated in accordance with the provisions set out in Annex 1.

3. Imports of products as defined in the Annex 2 will be subject to the transitional regime set out therein.

Article 26

Customs duties on products originating in the EC

1. Products originating in the EC Party shall be imported into Botswana, Lesotho, Namibia and Swaziland in accordance with the treatment described in Annex 3.

2. Imports of products originating in the EC Party shall be imported into Mozambique in accordance with the treatment described in Annex 4.

3. The Parties agree to merge the two above annexes into a single SADC EPA tariff schedule at the time of Mozambique's introduction of the HS 2007. The merger shall be made effective by a decision of the Joint Council.

Article 27

Free circulation of goods

1. Customs duties shall be levied only once for goods originating in the EC Party or in the SADC EPA States in the territory of the other Party.

2. Any duty paid upon importation into an SADC EPA State shall be refunded fully when the goods are re-exported from the customs territory of the SADC EPA State of first importation. Such products shall then be subject to the duty in the country of consumption.

3. The Parties agree to cooperate with a view to facilitating the circulation of goods and simplifying customs procedures.

Article 28

More favourable treatment resulting from free trade agreements

1. With respect to the subject matter covered by this Chapter, the EC Party shall accord to SADC EPA States any more favourable treatment applicable as a result of the EC Party becoming party to a free trade agreement with third parties after the signature of this Agreement.

2. With respect to the subject matter covered by this Chapter, the SADC EPA States shall accord to the EC Party any more favourable treatment applicable as a result of the SADC EPA States or any Signatory SADC EPA State becoming party to a free trade agreement with any major trading economy after the signature of this Agreement.

3. Where an SADC EPA State can demonstrate that it has been given by a third Party substantially more favourable treatment than that offered by the EC Party, the Parties will consult and jointly decide how best to implement the provisions of paragraph 2.

4. The provisions of this Chapter shall not be so construed as to oblige the EC Party or any SADC EPA State to extend reciprocally any preferential treatment applicable as a result of the EC Party or any SADC EPA State being party to a free trade agreement with third parties on the date of signature of this Agreement.

5. For the purposes of this Article, 'major trading economy' means any developed country, or any country accounting for a share of world merchandise exports above 1 percent in the year before the entry into force of the economic integration agreement referred to in paragraph 2, or any group of countries acting individually, collectively or through an economic integration agreement accounting collectively for a share of world merchandise exports above 1,5 percent in the year before the entry into force of the economic integration agreement referred to in paragraph 2.

Article 29

Special provisions on administrative cooperation

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.

2. The Parties also agree to cooperate in ensuring that the necessary institutional structures enable the responsible authorities to effectively respond to requests for assistance in a timely manner.

3. For the purpose of this Article and without prejudice to Article 9 of Protocol 2, a failure to provide administrative cooperation shall mean, *inter alia*:

(a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned as provided for in Article 34 of Protocol 1;

(b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin as provided for in Article 34 of Protocol 1;

(c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question as provided for in Article 7 of Protocol 2.

4. For the purpose of this Article a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without legitimate explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party that is linked to objective information concerning irregularities or fraud.

5. Where a Party or an SADC EPA State, as the case may be, has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud, the Party concerned may, in exceptional circumstances, temporarily suspend the relevant preferential treatment of the product(s) concerned, and of their specific origin concerned in accordance with this Article. For the purposes of this Article, exceptional circumstances mean those circumstances which have or might have a significant negative effect on a Party or an SADC EPA State, as the case may be, if a relevant preferential treatment of the product(s) concerned is to be continued.

6. The application of a temporary suspension shall be subject to the following conditions:

(a) The Party or SADC EPA State, as the case may be, which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall without undue delay notify the Trade and Development Committee of its finding together with the objective information and enter into consultations within the Trade and Development Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties

(b) Where the Parties have entered into consultations within the Trade and Development Committee as provided for above and have failed to agree on an acceptable solution within three months following the notification, the Party or SADC EPA State concerned, as the case may be, may temporarily suspend the relevant preferential treatment of the product(s) concerned, and of the specific origin concerned. A temporary suspension shall be notified to the Trade and Development Committee without undue delay.

(c) Temporary suspensions under this Article shall be limited to those necessary to protect the financial interests of the Party or SADC EPA State concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the Trade and Development Committee. They shall be subject to periodic consultations within the Trade and Development Committee in particular with a view to their termination as soon as the conditions for their application are no longer given.

Article 30

Management of administrative errors

The Parties recognise each other's right to correct administrative errors during the implementation of this Agreement. Where errors are identified either Party may request the Trade and Development Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

Article 31

Customs unions and free-trade areas

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free-trade areas or other arrangements between either of the Parties and third countries, except in so far as they alter the rights and obligations provided for in this Agreement.

2. Consultation between the EC Party and the SADC EPA States shall take place within the Joint Council concerning agreements establishing or adjusting customs unions or free-trade areas and, where required, on other major issues related to their respective trade policy with third countries.

TITLE II

TRADE DEFENSE INSTRUMENTS

CHAPTER 5

Article 32

Anti-dumping and countervailing measures

The rights and obligations of the EC Party or the SADC EPA States in respect of the application of antidumping or countervailing measures shall be governed by the relevant WTO Agreements. Any disputes related to these measures can only be settled through WTO Dispute Settlement procedures.

Article 33

Multilateral safeguards

1. Subject to the provisions of this Article, nothing in this Agreement shall prevent the SADC EPA States and the EC Party from adopting measures in accordance with Article XIX of GATT 1994, the WTO Agreement on Safeguards, Article 5 of the Agreement on Agriculture annexed to the Marrakech Agreement Establishing the World Trade Organisation and any other relevant WTO Agreements.

2. Notwithstanding paragraph 1, the EC Party shall, in the light of the overall development objectives of this Agreement and the small size of the economies of the SADC EPA States, exclude imports from any SADC EPA State from any measures taken pursuant to Article XIX of GATT 1994, the WTO Agreement on Safeguards and Article 5 of the Agreement on Agriculture.

3. The provisions of paragraph 2 shall apply for a period of five years, beginning from the date of entry into force of the Agreement. Not later than 120 days before the end of this period, the Joint SADC EPA States-EC Council shall review the operation of those provisions in the light of the development needs of the SADC EPA States, with a view to determining whether to extend their application for a further period.

4. The provisions of paragraph 1 shall not be subject to the Dispute Settlement provisions of this Agreement.

Article 34

Bilateral safeguard

1. Notwithstanding Article 33, after having examined alternative solutions, a Party may apply safeguard measures of limited duration which derogate from the provisions of Articles 25 and 26, under the conditions and in accordance with the procedures laid down in this Article.

2. Safeguard measures referred to in paragraph 1 of this Article may be taken where a product originating in one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:

(a) serious injury to the domestic industry producing like or directly competitive products in the territory of the importing Party, or

(b) disturbances in a sector of the economy producing like or directly competitive products, particularly where these disturbances produce major social problems, or difficulties which could bring about serious deterioration in the economic situation of the importing Party, or

(c) disturbances in the markets of like or directly competitive agricultural products [1] or mechanisms regulating those markets.

[1] For the purpose of this Article agricultural products are those covered by Annex I of the WTO Agreement on Agriculture.

3. Safeguard measures referred to in this Article shall not exceed what is necessary to remedy or prevent serious injury or disturbances, as defined in paragraph 2 of this Article.

4. Those safeguard measures which may be taken by the importing Party may only consist of one or more of the following:

(a) suspension of the further reduction of the rate of import duty for the product concerned, as provided for under this Agreement; or

(b) increase in the customs duty on the product concerned up to a level which does not exceed the WTO bound rate of duty; or

(c) introduction of tariff quotas on the product concerned.

5. Without prejudice to paragraphs 1, 2 and 3 of this Article, where any product originating in one or more SADC EPA States is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under 2(a), (b) and (c) of this Article to a like or directly competitive production sector of one or several of the EC Party's outermost regions, the EC Party may take surveillance or safeguard measures limited to the region or regions concerned in accordance with the procedures laid down in paragraphs 6 to 9.

6. (a) Without prejudice to paragraphs 1, 2 and 3 of this Article, where any product originating in the EC Party is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under paragraph 2(a), (b) and (c) of this Article to an SADC EPA State, the SADC EPA State concerned may take surveillance or safeguard measures limited to its territory in accordance with the procedures laid down in paragraphs 7 to 10 of this Article.

(b) An SADC EPA State may take safeguard measures as provided for in paragraph 2 of this Article, where a product originating in the EC Party as a result of the reduction of duties is being imported into its territory in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing like or directly competitive products. Such provision is applicable for a period of 12 years for Botswana, Namibia and Swaziland or 15 years for LDCs from the date of entry into force of this Agreement. This application period can be further extended on review by the Joint Council, in view of the overall level of development achieved by the SADC EPA States. Measures must be taken in accordance with the procedures laid down in paragraphs 6 to 9 of this Article.

7. (a) Safeguard measures referred to in this Article shall only be maintained for such a time as may be necessary to prevent or remedy serious injury or disturbances as defined in paragraphs 2, 5 and 6 of this Article.

(b) Safeguard measures referred to in this Article shall not be applied for a period exceeding two years. Where the circumstances warranting imposition of safeguard measures continue to exist, such measures may be extended for a further period of no more than two years. Where one or more SADC EPA States apply a safeguard measure, or where the EC Party applies a measure limited to the territory of one or more of its outermost regions, they may however apply that measure for a period not exceeding four years and, where the circumstances warranting the imposition of safeguard measures continue to exist, extend it for a further period of four years.

(c) Safeguard measures referred to in this Article that exceed one year shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest.

(d) No safeguard measure referred to in this Article shall be applied to the import of a product that has previously been subject to such a measure, within a period of at least one year from the expiry of the measure.

8. For the implementation of the above paragraphs, the following provisions shall apply:

(a) Where a Party takes the view that one of the circumstances set out in paragraphs 2, 5 and/or 6 exists, it shall immediately refer the matter to the Trade and Development Committee for examination.

(b) The Trade and Development Committee may make any recommendation needed to remedy the circumstances which have arisen. If no recommendation has been made by the Trade and Development Committee aimed at remedying the circumstances, or no other satisfactory solution has been reached within 30 days of the matter being referred to the Trade and Development Committee, the importing Party may adopt the appropriate measures to remedy the circumstances in accordance with this Article.

(c) Before taking any measure provided for in this Article or, in the case to which paragraph 9 of this Article applies, as soon as possible, the Party or the SADC EPA State concerned shall supply the Trade and Development Committee with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the parties concerned.

(d) In the selection of safeguard measures pursuant to this Article, priority must be given to those which least disturb the operation of this Agreement.

(e) Any safeguard measure taken pursuant to this Article shall be notified immediately to the Trade and Development Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for its abolition as soon as circumstances permit.

9. In critical circumstances where delay would cause damage which would be difficult to repair, the importing Party concerned, whether the EC Party, or one or more SADC EPA States as the case may be, may take the measures provided for in paragraphs 3, 5 and/or 6 on a provisional basis without complying with the requirements of paragraph 8. Such action may be taken for a maximum period of 180 days where measures are taken by the EC Party and 200 days where measures are taken by one or more SADC EPA States as the case may be, or where measures taken by the EC Party are limited to the territory of one or more of its outermost region(s). The duration of any such provisional measure shall be counted as a part of the initial period and any extension referred to in paragraph 6. In the taking of such provisional measures, the interest of all parties involved shall be taken into account. The importing Party concerned shall inform the other Party concerned and it shall immediately refer the matter to the Trade and Development Committee for examination.

10. If an importing Party subjects imports of a product to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows liable to give rise to the problems referred to in this Article, it shall inform the Trade and Development Committee without delay.

11. Safeguard measures adopted under the provisions of this Article shall not be subject to WTO Dispute Settlement provisions.

CHAPTER 6

Non-tariff measures

Article 35

Prohibition of quantitative restrictions

All prohibitions or restrictions applying to the import or export of goods between the Parties, other than customs duties and taxes, and fees and other charges provided for under Article 22 of this Agreement, whether made effective through quotas, import or export licenses or other measures, shall be eliminated upon the entry into force of this Agreement, unless justified under the exceptions of Article XI of GATT 1994. No new such measures shall be introduced. The provisions of this Article shall be without prejudice to the provisions of Article 32, Title II, on anti-dumping and countervailing measures.

Article 36

National treatment on internal taxation and regulation

1. Imported products originating in the other Party shall not be subject, either directly or indirectly, to internal taxes or other internal charges of any kind in excess of those applied, directly or indirectly, to like national products. Moreover, the Parties and the SADC EPA States shall not otherwise apply internal taxes or other internal charges so as to afford protection to national production.

2. Imported products originating in the other Party shall be accorded treatment no less favourable than that accorded to like national products in respect of all laws, regulations and requirements affecting their internal sale, offering for sale, purchase, transportation, distribution or use. The provisions of this paragraph shall not prevent the application of differential internal transportation charges which are based exclusively on the economic operation of the means of transport and not on the nationality of the product.

3. No Party or SADC EPA State shall establish or maintain any internal quantitative regulation relating to the mixture, processing or use of products in specified amounts or proportions which requires, directly or indirectly, that any specified amount or proportion of any product which is the subject of the regulation must be supplied from domestic sources. Moreover, no Party or SADC EPA State shall otherwise apply internal quantitative regulations so as to afford protection to national production.

4. The provisions of this Article shall not prevent the payment of subsidies exclusively to national producers, including payments to national producers derived from the proceeds of internal taxes or charges applied consistently with the provisions of this Article and subsidies effected through governmental purchases of national products.

CHAPTER 7

Customs and trade facilitation

Article 37

Objectives

The objectives of the Parties in this Chapter are to:

1. reinforce cooperation in the area of customs and trade facilitation with a view to ensuring that the relevant legislation and procedures, as well as the administrative capacity of the customs authorities, fulfil the objectives of effective control and the promotion of trade facilitation;

2. promote harmonisation of customs legislation and procedures;

3. ensure that legitimate public policy objectives, including those related to security and the prevention of fraud in the area of customs and trade facilitation shall not be compromised in any way; and

4. provide the necessary support for SADC EPA States customs administrations to effectively implement this Agreement.

Article 38

Customs and administrative cooperation

1. In order to ensure compliance with the provisions of this Title and effectively respond to the objectives laid down in Article 37, the Parties shall:

(a) exchange information on customs legislation and procedures;

(b) jointly develop initiatives relating to customs and trade facilitation and the strengthening of administrative capacity;

(c) exchange experience and best practices on combating corruption and fraud in matters relating to this Chapter;

(d) exchange experience and best practices on issues relating to import, export and transit procedures and on issues relating to improving services to the business community;

(e) exchange experience and best practices on facilitating transit;

(f) facilitate the exchange of experts between customs administrations; and

(g) promote coordination between all related agencies, both internally and across borders.

2. The EC Party and SADC EPA States will prepare and develop an enhanced cooperation on the implementation of the World Customs Organisation Framework of Standards to Secure and Facilitate Global Trade. The conditions, as stipulated by the World Customs Organisation, will have to be met and in particular the relevant legislation and measures in this area will have to be implemented in the EC Party and in the said SADC EPA States. This cooperation shall include initiatives aimed at working towards the mutual recognition of the Authorised Economic Operator (AEO) status and the exchange of advance information to allow an effective risk assessment and management for security purposes.

3. Notwithstanding paragraphs 1 and 2, the Parties shall provide mutual administrative assistance in customs matters in accordance with the provisions of Protocol 2 on Mutual Administrative Assistance in Customs Matters.

Article 39

Customs and legislative procedures

1. The Parties agree that their respective trade and customs legislation and procedures shall be based on:

(a) the revised Kyoto Convention on the Simplification and Harmonisation of Customs Procedures, the substantive elements of the World Customs Organisation Framework of Standards to Secure and Facilitate Global Trade, the International Convention on the Harmonised System and other international instruments and standards applicable in the field of customs and trade;

(b) the need to protect and facilitate legitimate trade;

(c) the need to avoid unnecessary and discriminatory burdens on economic operators, the need to safeguard against fraud and corruption and the need to provide further facilitation for operators that meet a high level of compliance;

(d) the need for each Party to apply a single administrative document or electronic equivalent;

(e) the application of modern customs techniques, including risk assessment, simplified procedures for entry and release of goods, post release controls, and company audits;

(f) transparency, efficiency and proportionality, in order to reduce costs and increase predictability for economic operators;

(g) the need for non-discrimination in terms of requirements and procedures applicable to import, export and goods in transit, though it is accepted that consignments might be treated differently according to objective risk assessment criteria;

(h) the progressive development of systems, including those based upon information technology, for both export and import operations, to facilitate the exchange of information between economic operators, customs administrations and other agencies;

(i) the adoption of systems that facilitate the importation of goods through the use of simplified customs procedures and processes, including pre-arrival clearance;

(j) the elimination of any requirements for the mandatory use of pre-shipment inspections as defined by the WTO Agreement on Pre-shipment Inspection, or their equivalent;

(k) the application of rules that ensure that any penalties imposed for minor breaches of customs regulations or procedural requirements are proportionate and, in their application, do not give rise to undue delays in customs clearance;

(l) a system of binding advance rulings on customs matters, notably on tariff classification and rules of origin, in accordance with rules laid down in their respective legislation;

(m) the facilitation of transit movements;

(n) the elimination of all requirements for the mandatory use of customs brokers; and

(o) transparent, non-discriminatory and proportionate rules in respect of the licensing of customs brokers.

2. In order to improve working methods and to ensure transparency and efficiency of customs operations, the Parties shall:

(a) ensure that the highest standards of integrity are maintained, through the application of anti corruption measures in this field;

(b) take further steps towards the reduction, simplification and standardisation of data in the documentation required by customs and other related agencies;

(c) simplify requirements and formalities wherever possible, in respect of the rapid release and clearance of goods;

(d) provide effective, prompt and non-discriminatory procedures enabling the right of appeal against customs and other agency administrative actions, rulings and decisions affecting imports, exports or goods in transit. The procedures for appeal shall be easily accessible to all including small and medium enterprises; and

(e) create the environment for the effective enforcement of legislative requirements.

Article 40

Facilitation of transit movements

1. The Parties or the SADC EPA States, as the case may be, shall ensure freedom of transit through their territory via the route most convenient for transit. Any controls or requirements must be non-discriminatory, proportionate and applied uniformly.

2. Without prejudice to legitimate customs control, the Parties shall accord to traffic in transit treatment no less favourable than that accorded to domestic goods, exports and imports, and their movement.

3. The Parties or the SADC EPA States, as the case may be, shall operate bonded transport regimes that allow the transit of goods without payment of duties or other charges, subject to the provision of an appropriate guarantee.

4. The Parties or the SADC EPA States, as the case may be, shall promote and implement regional transit arrangements.

5. The Parties or the SADC EPA States, as the case may be, shall use international standards and instruments relevant to transit.

6. The Parties or the SADC EPA States, as the case may be, shall promote coordination between all concerned agencies, both internally and across borders.

Article 41

Fees and charges

1. Fees and charges shall be reasonable and shall not be more than the cost of the service provided in relation to any specific transaction. They shall not be calculated on an ad valorem basis.

2. Fees and charges shall not be imposed for consular services.

Article 42

Relations with the business community

The Parties agree:

1. to ensure that all customs legislation, procedures and fees and charges are made publicly available, as well as whenever possible the necessary explanations, and as far as possible through electronic means;

2. on the need, as far as possible, for timely and regular consultation with trade representatives on legislative proposals and procedures related to customs and customs related trade issues;

3. that, where appropriate, new or amended legislation and procedures and their entry into force are introduced in a way to allow traders to become well prepared for complying with them. The Parties shall make publicly available relevant notices of an administrative nature, including agency requirements and entry procedures, hours of operation and operating procedures for customs offices at ports and border crossing points, and points of contact for information enquiries; and

4. to foster cooperation between operators and relevant administrations through the use of instruments such as Memoranda of Understanding.

Article 43

Customs valuation

1. The Agreement on the implementation of Article VII of GATT 1994 shall govern customs valuation rules applied to trade covered by this Agreement.

2. The Parties shall cooperate with a view to reaching a common approach to issues relating to customs valuation.

Article 44

Harmonisation of customs standards at regional level

The Parties shall promote harmonisation of customs legislation, procedures, standards and requirements. The content and pace of this process shall be determined by each Party.

Article 45

Support to SADC EPA customs administrations

1. The Parties recognise the importance of supporting SADC EPA States' customs administrations for the implementation of this Chapter, in line with the provisions of Part I, Chapter 2, of this Agreement.

2. The priority areas for support are:

(a) the application of modern customs techniques, including:

(i) risk management;

(ii) post release controls; and

(iii) automation of customs procedures;

(b) control of customs valuation, classification and rules of origin, including in view of meeting the requirement of Article 39(1)(j) of this Agreement;

(c) the facilitation of transit and the enhancement of the efficiency of regional transit arrangements;

(d) transparency issues relating to the publication and administration of all trade regulations, as well as relevant fees and formalities;

(e) the introduction and implementation of procedures and practices which reflect international instruments and standards applicable in the field of customs and trade, *inter alia* the revised Kyoto Convention on the Simplification and Harmonisation of Customs Procedures and the WCO Framework of Standards to Secure and Facilitate Global Trade.

3. The Parties recognise the need for specific needs assessment studies taking into account the situation in each country, using WTO and WCO needs assessment instruments or any other mutually agreed instrument.

Article 46

Transitional arrangements

1. The Parties recognise the need for transitional arrangements to ensure the smooth implementation of the provisions of this Chapter.

2. In view of the need to enhance their capacity in the area of customs and trade facilitation and without prejudice to their WTO commitments, SADC EPA States shall benefit from a transitional period of five years to meet those requirements referred to in Articles 39, 40, 41 and 42 of this Chapter where the need for capacity building exists at the time of entry into force of this Agreement.

3. The Joint Council may accord a two-year extension of this transitional period in case attainment of the necessary capacity has not yet been achieved.

Article 47

Special Committee on Customs and Trade Facilitation

1. The Parties hereby establish a Special Committee on Customs and Trade Facilitation, composed of representatives of the Parties.

2. The functions of the Special Committee on Customs and Trade Facilitation shall, *inter alia*, be the following:

(a) monitoring the implementation and administration of this Chapter and of the Protocol on Rules of Origin;

(b) providing a forum to consult and discuss all issues concerning customs, including rules of origin, general customs procedures, customs valuation, tariff classification, transit and mutual administrative assistance in customs matters;

(c) enhancing cooperation on the development, application and enforcement of rules of origin and related customs procedures, general customs procedures and mutual administrative assistance in customs matters;

(d) enhancing cooperation on capacity building and technical assistance;

(e) follow-up on the implementation of Article 44 of this Agreement; and

(f) any other issues agreed by the Parties in respect of this Chapter.

3. The Special Committee on Customs and Trade Facilitation shall meet on a date and with an agenda agreed in advance by the Parties.

4. The Special Committee on Customs and Trade Facilitation shall be chaired alternatively by either Party.

5. The Special Committee on Customs and Trade Facilitation shall report to the Trade and Development Committee.

CHAPTER 8

Technical barriers to trade

Article 48

Multilateral obligations

1. The Parties confirm their commitment to the rights and obligations provided for in the WTO Agreement on Technical Barriers to Trade (hereinafter referred to as 'the TBT Agreement').

2. These rights and obligations shall underlie the activities of the Parties under this Chapter.

Article 49

Objectives

1. The Parties agree to cooperate in order to facilitate and increase trade in goods between them, by identifying, preventing and eliminating unnecessary barriers to trade within the terms of the TBT Agreement.

2. The Parties undertake to cooperate in strengthening regional, and specifically SADC EPA States' integration and cooperation on matters concerning technical barriers to trade.

3. The Parties undertake to establish and enhance SADC EPA States' technical capacity on matters concerning technical barriers to trade.

Article 50

Scope and definitions

1. The provisions of this Chapter shall apply to technical regulations, standards and conformity assessment procedures as defined in the TBT Agreement in so far as they affect trade covered by this Agreement.

2. For the purposes of this Chapter, the definitions used by the TBT Agreement shall apply.

Article 51

Collaboration and regional integration

The Parties agree that collaboration between national and regional authorities dealing with TBT matters, in both the public and private sector, is important to facilitate trade in the region and between the Parties, as well as for the overall process of regional integration and undertake to cooperate to this end.

Article 52

Transparency

The Parties reaffirm the principle of transparency in the application of technical regulations and standards in accordance with the TBT Agreement.

The Parties recognise the importance of effective mechanisms for consultation, notification and exchange of information with respect to technical regulations and standards in accordance with the TBT Agreement.

Article 53

Measures for identifying, preventing and eliminating technical barriers to trade

The Parties agree to identify and implement mechanisms among those supported by the TBT Agreement that are the most appropriate for particular priority issues or sectors. Such mechanisms may include:

1. intensifying their collaboration, with a view to facilitating access to their respective markets, by increasing the mutual knowledge and understanding of their respective systems in the field of technical regulations, standards, metrology, accreditation and conformity assessment;

2. exchanging information, identifying and implementing appropriate mechanisms for particular issues or sectors, i.e. alignment with international standards, reliance on the supplier's declaration of conformity, the use of internationally recognised accreditation to qualify conformity assessment bodies and the use of international product testing and certification schemes;

3. identifying and organising sector-specific interventions on technical regulations and conformity assessment with a view to facilitating understanding of and access to their respective markets. These sectors will be chosen taking into account key areas of trade, including priority products;

4. developing cooperation activities and measures with a view to supporting the implementation of the rights and obligations under the TBT Agreement;

5. developing common views and approaches on technical regulatory practices, including transparency, consultation, necessity and proportionality, the use of international standards, conformity assessment requirements, the use of impact and risk assessment, enforcement and market surveillance, where appropriate;

6. promoting harmonisation, whenever possible and in areas of mutual interest, towards international standards, and the use of such standards in the development of technical regulations and conformity assessment procedures;

7. undertaking to consider, in due course, negotiating mutual recognition agreements in sectors of mutual economic interest;

8. promoting collaboration between the Parties' and SADC EPA States', as the case may be, organisations responsible for technical regulations, metrology, standardisation, testing, certification, inspection and accreditation; and

9. promoting the participation by the SADC EPA States in international standards-setting bodies.

Article 54

Implementation

The Parties agree that the Trade and Development Committee shall be competent under this Chapter to:

1. monitor and review its implementation;

2. provide coordination and consultation on TBT issues;

3. identify and review priority sectors and products and the resulting priority areas for cooperation; and

4. make recommendations for modifications to it if necessary and appropriate.

Article 55

Capacity building and technical assistance concerning technical barriers to trade

1. The Parties recognise the importance of cooperating in the areas of technical regulations, standards, metrology, accreditation and conformity assessment in order to achieve the objectives of this Chapter;

2. The Parties agree that the following are priority areas for cooperation:

(a) the establishment of appropriate arrangements for the sharing of expertise, including appropriate training intended to ensure adequate and enduring technical competence of the relevant standardisation and conformity assessment bodies of the SADC EPA States and mutual understanding between such bodies in the territories of the Parties;

(b) the development of capacities of the SADC EPA States in the fields of technical regulations, metrology, standards, accreditation and conformity assessment including through the upgrading or setting up of laboratories and other equipment. In this regard, the Parties acknowledge the importance of strengthening regional cooperation and the need to take into account priority products and sectors;

(c) the development and adoption, within the SADC EPA States, of harmonised technical regulations, standards, metrology, accreditation and conformity assessment procedures based on relevant international standards;

(d) the support for the participation of SADC EPA States in international standardisation, accreditation and metrology activities; and

(e) the development of TBT enquiry and notification points within the SADC EPA States.

CHAPTER 9

Sanitary and phytosanitary measures

Article 56

Multilateral obligations

1. The Parties reaffirm the principles and objectives of the WTO SPS Agreement (hereinafter referred to as 'the SPS Agreement'), the International Plant Protection Convention (IPPC), the Codex Alimentarius Commission and the World Organisation for Animal Health (OIE).

2. These principles and objectives shall underlie the activities of the Parties and the SADC EPA States, as the case may be, under this Chapter.

Article 57

Objectives

1. The Parties agree to facilitate trade and investment within the SADC EPA States and between the Parties while ensuring that measures adopted shall apply only to the extent necessary to protect human, animal or plant health or life in accordance with the provisions of the SPS Agreement.

2. The Parties undertake to cooperate in strengthening regional integration and specifically SADC EPA States' cooperation on matters concerning sanitary and phytosanitary measures (hereinafter referred to as 'SPS measures') and to address problems arising from SPS measures on agreed priority sectors and products [1] whilst giving due consideration to regional integration.

3. As a result thereof, the Parties agree to promote bi-regional collaboration aiming at recognition of appropriate levels of protection in SPS measures.

4. The Parties agree to establish and enhance SADC EPA States' technical capacity to implement and monitor SPS measures, including promoting greater use of international standards and other matters concerning SPS.

Article 58

Scope and definitions

For the purposes of this Chapter, definitions used in the SPS Agreement and international standard-setting bodies, namely the Codex Alimentarius Commission, the International Plant Protection Convention (IPPC) and the World Organisation for Animal Health (OIE) shall apply.

Article 59

Competent authorities

1. The respective SPS authorities shall be the competent authorities in the SADC EPA States and the EC Party for the implementation of the measures referred to in this Chapter.

2. The Parties or the SADC EPA States, as the case may be, shall, in accordance with this Agreement, inform each other of their respective competent SPS authorities and any changes thereto.

[1] The priority products and sector list annexed to this Chapter.

Article 60

Transparency

1. The Parties reaffirm the principle of transparency in the application of SPS measures, in accordance with the SPS Agreement.

2. The Parties recognise the importance of effective mechanisms for consultation, notification and exchange of information with respect to SPS measures in accordance with the SPS Agreement.

3. The importing Party shall inform the exporting Party of any changes in its sanitary and phytosanitary import requirements that may affect trade falling under the scope of this Chapter. The Parties undertake to establish mechanisms for the exchange of such information where appropriate.

4. The Parties will apply the principle of zoning or compartmentalisation when defining import conditions, taking into account international standards. Zones or compartments of defined sanitary or phytosanitary status may also be identified and proposed jointly by the Parties, on a case by case basis, wherever possible, in order to avoid disruption to trade.

Article 61

Information exchange

1. The Parties agree to establish an early-warning system to ensure that the SADC EPA States are informed in advance of new EC SPS measures that may affect SADC EPA exports to the EU. This system shall be based on existing mechanisms where appropriate.

2. The Parties or the SADC EPA States, as the case may be, agree to collaborate in the further development of the epidemiological surveillance network on animal disease and in the domain of plant health. The Parties will exchange information on the occurrence of pests of known and immediate danger to the other Party.

Article 62

Implementation

The Parties agree that the Trade and Development Committee shall be competent under this Chapter to:

1. monitor and review its implementation;

2. advise and make recommendations for the implementation aimed at achieving its objectives;

3. provide a forum for discussion and exchange of information as well as issues of cooperation;

4. make recommendations for modifications to it if necessary and appropriate;

5. review the list of priority sectors and products and the resulting priority areas for cooperation;

6. enhance cooperation on the development, application and enforcement of SPS measures; and

7. any other relevant matters relating thereto.

Article 63

Consultations

If either Party or an SADC EPA State, as the case may be, considers that another Party has taken measures which are likely to affect, or have affected, access to its market, appropriate consultations will be held with a view to avoiding undue delays and finding an appropriate solution in conformity with the WTO SPS Agreement. In this regard, the Parties shall exchange names and addresses of contact points with sanitary and phytosanitary expertise in order to facilitate communication and the exchange of information.

Article 64

Cooperation, capacity building and technical assistance on sanitary and phytosanitary measures

1. The Parties agree to promote cooperation between SADC EPA States' SPS institutions and equivalent EC Party institutions.

2. The Parties agree to cooperate in facilitating regional harmonisation of measures and the development of appropriate regulatory frameworks and policies within and between the SADC EPA States, thereby enhancing intra-regional trade and investment.

3. The Parties agree that the following are priority areas for cooperation:

(a) the building of technical capacity in the public and private sectors of SADC EPA States to enable sanitary and phytosanitary control, including training and information events for inspection, certification, supervision and control;

(b) the building of capacity in SADC EPA States to maintain and expand their market access opportunities;

(c) the building of capacity to ensure that measures adopted do not become unnecessary barriers to trade, while recognising the Parties' rights to set their own appropriate levels of protection;

(d) the enhancement of technical capacity for the implementation and monitoring of SPS measures, including promoting greater use of international standards;

(e) the promotion of cooperation on the implementation of the SPS Agreement, particularly strengthening SADC EPA States' notification and enquiry points as well as other matters concerning relevant international standards setting bodies;

(f) the development of capacities for risk analysis, harmonisation, compliance, testing, certification, residue monitoring, traceability and accreditation including through the upgrading or setting up of laboratories and other equipment to help SADC EPA States comply with international standards. In this regard, the Parties acknowledge the importance of strengthening regional cooperation and the need to take into account the priority products and sectors identified in accordance with this Chapter; and

(g) the support for the participation of SADC EPA States in relevant international standards setting bodies.

Appendix I A

Priority products and sectors for SADC EPA States' harmonisation

Fish, fishery products, aquaculture products, fresh or processed

Cattle, sheep and poultry

Fresh meat

Processed meat products

Cereals

Vegetables and spices

Oilseeds

Coconut

Copra

Cotton seeds

Groundnut

Cassava

Beer, juices

Dried and canned fruits

Appendix I B

Priority products and sectors for export from SADC EPA States to the EC Party

Fish, fishery products and aquaculture products, fresh or processed

Beef and beef products

Other meat products

Fruit and nuts

Vegetables

Cut flowers

Coffee

Sugar

TITLE III

CURRENT PAYMENTS AND CAPITAL MOVEMENT

CHAPTER 10

Article 65

Current payments

1. Subject to the provisions of Article 66 of this Agreement, the SADC EPA States and the EC Party undertake to impose no restrictions and to allow all payments for current transactions between residents of the EC Party and of the SADC EPA States to be made in freely convertible currency.

2. SADC EPA States may take the necessary measures to ensure that the provisions of paragraph 1 of this Article, which liberalise current payments, are not used by its residents to make unauthorised capital outflows.

Article 66

Safeguard measures

1. Where, in exceptional circumstances, payments and capital movements between the Parties cause or threaten to cause serious difficulties for the operation of monetary policy or exchange rate policy in one or more SADC EPA States or one or more Member States of the European Union, safeguard measures with regard to capital movements that are strictly necessary may be taken by the EC Party or the concerned SADC EPA State for a period not exceeding six months.

2. The Joint Council shall be informed forthwith of the adoption of any safeguard measure and, as soon as possible, of a time schedule for its removal.

TITLE IV

CHAPTER 11

Ongoing negotiations for a full EPA

Article 67

Second stage of negotiations

The Parties agree to continue negotiations in 2008 to extend the scope of this Agreement. For the purpose of this Title, the SADC EPA States will be constituted of Botswana, Lesotho, Mozambique and Swaziland. The remaining SADC EPA States may join the process of negotiation on a similar basis. To this end, they will notify in writing the EC Party and the other SADC EPA States.

1. Trade in Services

(a) The Parties recognise the growing importance of trade in services for the development of their economies and reaffirm their respective rights and obligations under the General Agreement on Trade in Services (GATS).

(b) No later than 31 December 2008, the Parties will complete negotiations on services liberalisation on the basis of the following:

(i) a liberalisation schedule for one service sector for each participating SADC EPA State;

(ii) a commitment to a standstill as specified in Article V(1)(b)(ii) GATS, for all services sectors; and

(iii) an agreement to negotiate progressive liberalisation with substantial sectoral coverage within a period of three years following the conclusion of a full EPA.

2. Cooperation in Services

(a) The Parties recognise that trade capacity building can support the development of economic activities, in particular in services sectors. To this end, the EC Party agrees to support capacity building aimed at strengthening the regulatory framework of the participating SADC EPA States.

(b) By the time of laying down the necessary arrangements for the liberalisation of trade in services, the Parties will define the specific cooperation objectives, principles and procedures that will accompany trade liberalisation.

3. Investment

The Parties agree to negotiate an Investment Chapter, taking into account the relevant provisions of the SADC Protocol on Finance and Investment, no later than 31 December 2008.

4. Cooperation on Investment

The EC Party agrees to provide adequate technical assistance to facilitate negotiations and implementation of the Investment Chapter.

5. Competition and Government Procurement

The EC Party agrees to cooperate with a view to strengthening regional capacity in the areas of competition and government procurement. Negotiations will only be envisaged once adequate regional capacity has been built.

PART III

CHAPTER 12

Dispute avoidance and settlement

Article 68

Objective

The objective of this Part is to avoid or settle any dispute between the Parties.

Article 69

Scope

1. This Part shall apply to any dispute concerning the interpretation and application of this Agreement except as otherwise expressly provided for in this Agreement.

2. Notwithstanding paragraph 1, the procedure set out in Article 98 of the Cotonou Agreement shall be applicable in the event of a dispute concerning the financing pertaining to development cooperation between the SADC EPA States and the EC Party.

Section I

Consultations and mediation

Article 70

Consultations

1. The Parties shall endeavour to resolve any dispute referred to in Article 69 by entering into consultations in good faith with the aim of reaching an amicable solution.

2. A Party shall seek consultations by means of a written request to the other Party, copied to the Trade and Development Committee, identifying the measure at issue and the provisions of this Agreement with which it considers the measure not to be in conformity.

3. Consultations shall be held within 40 days of the date of the receipt of the request. The consultations shall be deemed concluded within 60 days of the date of the receipt of the request, unless both Parties agree to continue consultations. All information disclosed during the consultations shall remain confidential.

4. Consultations on matters of urgency, including those regarding perishable or seasonal goods, shall be held within 15 days of the date of the receipt of the request, and shall be deemed concluded within 30 days of the date of the receipt of the request.

5. If consultations are not held within the timeframes laid down in paragraph 3 or in paragraph 4 respectively, or if consultations have been concluded and no mutually agreed solution has been reached, the complaining Party may request the establishment of an arbitration panel in accordance with Article 73.

Article 71

Mediation

1. If consultations fail to produce a mutually agreed solution, the Parties may, by agreement, seek recourse to a mediator. Unless the Parties agree otherwise, the terms of reference for the mediation shall be the matter referred to in the request for consultations.

2. The mediator's opinion may include a recommendation on how to resolve the dispute consistent with the provisions of this Agreement. The mediator's opinion is non-binding.

3. The proceedings involving mediation, in particular all information disclosed and positions taken by the Parties during these proceedings, shall remain confidential.

Section II

Dispute settlement procedures – arbitration procedure

Article 72

Initiation of the arbitration procedure

1. Where the Parties have failed to resolve the dispute by recourse to consultations as provided for in Article 70, or by recourse to mediation as provided for in Article 71, the complaining Party may request the establishment of an arbitration panel.

2. The request for the establishment of an arbitration panel shall be made in writing to the Party complained against and the Trade and Development Committee. The complaining Party shall identify in its request the specific measures at issue, and it shall explain how such measures constitute a breach of the provisions of this Agreement.

Article 73

Establishment of the arbitration panel

1. An arbitration panel shall be composed of three arbitrators.

2. Each party to the dispute shall appoint one arbitrator within ten days of the date of the receipt of the request for the establishment of an arbitration panel. The two arbitrators shall appoint a third arbitrator, who shall be the chairperson of the arbitration panel, within 20 days of the receipt of the request for the establishment of a panel. The Chairperson shall not be a national of the Parties nor permanently reside in the territory of the Parties.

3. If all three arbitrators are not appointed within 20 days, or if, within ten days of the appointment of the third arbitrator either Party submits a reasoned written objection to the arbitrators chosen to the Trade and Development Committee, either Party may request the chairperson of the Trade and Development Committee, or her or his delegate, to select all three members by lot from the list established under Article 87 of this Agreement, one among the individuals proposed by the complaining Party, one among the individuals proposed by the Party complained against and one among the individuals selected by the Parties to act as chairperson. Where the Parties agree on one or more of the members of the arbitration panel, any remaining members shall be selected by the procedure laid down in this paragraph.

4. The chairperson of the Trade and Development Committee, or her or his delegate, shall select the arbitrators within five days of receipt of the request made by either Party referred to in paragraph 3 of this Article. The selection shall be done in the presence of a representative of each Party.

5. The date of establishment of the arbitration panel shall be the date on which the three arbitrators are finally selected.

Article 74

Interim panel report

The arbitration panel shall notify to the Parties an interim report containing both the descriptive section and its findings and conclusions, as a general rule not later than 120 days from the date of establishment of the arbitration panel. In cases of urgency, the time limit shall be reduced to 60 days. Any Party may submit written comments to the arbitration panel on precise aspects of its interim report within 15 days of the notification of the report.

Article 75

Arbitration panel ruling

1. The arbitration panel shall notify its ruling to the Parties and to the Trade and Development Committee within 150 days from the date of the establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the Parties and the Trade and Development Committee in writing, stating the reasons for the delay and the date on which the panel plans to conclude its work. Under no circumstances should the ruling be notified later than 180 days from the date of the establishment of the arbitration panel.

2. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall make every effort to notify its ruling within 90 days from the date of its establishment. The arbitration panel may give a preliminary ruling within ten days of its establishment on whether it deems the case to be urgent.

3. Either Party may request the arbitration panel to provide a recommendation as to how the Party complained against, or as the case may be, the relevant SADC EPA State, could bring itself into compliance.

Section III

Compliance

Article 76

Compliance with the arbitration panel ruling

The Party complained against, or as the case may be, the relevant SADC EPA State, shall take any measure necessary to comply with the arbitration panel ruling and the Parties shall seek to agree on the period of time to comply with the ruling.

Article 77

The reasonable period of time for compliance

1. No later than 30 days after the notification of the arbitration panel ruling to the Parties, the Party complained against shall notify the complaining Party and the Trade and Development Committee of the reasonable period of time it will require to bring itself into compliance with the ruling of the arbitration panel.

2. Upon notification by the Party complained against, the Parties shall seek to agree on such a reasonable period of time. If there is disagreement between the Parties on the reasonable period of time to comply with the arbitration panel ruling, the complaining Party shall, within 30 days of the notification made under paragraph 1 of this Article, request the arbitration panel in writing to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the other Party and to the Trade and Development Committee. The arbitration panel shall notify its ruling to the Parties and to the Trade and Development Committee within 30 days from the date of the receipt of the request.

3. The arbitration panel will, in determining the length of the reasonable period of time, take into consideration the length of time that it will normally take the Party complained against, or as the case may be, the relevant SADC EPA State, to adopt comparable legislative or administrative measures to those identified by the Party complained against, or as the case may be, the relevant SADC EPA State, as being necessary to ensure compliance. The arbitration panel shall also take into consideration capacity constraints and the different level of development which may affect the adoption of the necessary measures.

4. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 73 of this Agreement shall apply. The time limit for notifying the ruling shall be 45 days from the date of the receipt of the request referred to in paragraph 2 of this Article.

5. The reasonable period of time may be extended by agreement of the parties to the dispute.

Article 78

Review of any measure taken to comply with the arbitration panel ruling

1. The Party complained against shall notify the other Party and the Trade and Development Committee, before the end of the reasonable period of time, of any measure that it has taken to comply with the arbitration panel ruling.

2. In the event that there is disagreement between the Parties concerning the compatibility of any measure notified under paragraph 1 of this Article with the provisions of this Agreement, the complaining Party may request in writing the arbitration panel to rule on the matter. Such request shall identify the specific measure at issue and it shall explain how such measure is incompatible with the provisions of this Agreement. The arbitration panel shall notify its ruling within 90 days of the date of the receipt of the request. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall notify its ruling within 45 days of the date of the receipt of the request.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 73 of this Agreement shall apply. The time limit for notifying the ruling shall be 105 days from the date of the receipt of the request referred to in paragraph 2 of this Article.

Article 79

Temporary remedies in case of non-compliance

1. If the Party complained against fails to notify any measure taken to comply with the arbitration panel ruling before the expiry of the reasonable period of time, or if the arbitration panel rules that the measure notified under Article 78 paragraph 1 is not compatible with the provisions of this Agreement, the Party complained against or, as the case may be, the relevant SADC EPA State shall, if so requested by the complaining Party, present an offer for compensation. Such compensation may include or consist of financial compensation although nothing in this Agreement shall oblige the Party complained against, or as the case may be, the relevant SADC EPA State, to offer such financial compensation.

2. If no agreement on compensation is reached within 30 days of the end of the reasonable period of time or of the arbitration panel's ruling under Article 78 that a measure taken to comply is not compatible with this Agreement, the complaining Party shall be entitled, upon notification to the other Party, to adopt appropriate measures. Such measures may be adopted either by the complaining Party, or as the case may be, the relevant SADC EPA State.

3. In adopting such measures the complaining Party or, as the case may be, the relevant SADC EPA State, shall seek to select measures proportionate to the violation which least affect the attainment of the objectives of this Agreement and shall take into consideration their impact on the economy of the Party complained against and on the individual SADC EPA States.

4. In the event that the EC Party fails to notify any measure taken to comply with the arbitration panel ruling by the expiry of the reasonable period of time at the latest, or if the arbitration panel rules that the measure notified under Article 78 paragraph 1 is not compatible with that Party's obligations under this Agreement, and the complaining Party asserts that adopting appropriate measures would result in significant damage to its economy, the EC Party shall consider providing financial compensation.

5. The EC Party shall exercise due restraint in asking for compensation or adopting appropriate measures pursuant to paragraph 1 or 2 of this Article.

6. Compensation or appropriate measures shall be temporary and shall be applied only until any measure found to violate the provisions of this Agreement has been withdrawn or amended so as to bring it into conformity with those provisions or until the Parties have agreed to settle the dispute.

Article 80

Review of any measure taken to comply after the adoption of appropriate measures

1. The Party complained against shall notify the other Party and the Trade and Development Committee of any measure it has taken to comply with the ruling of the arbitration panel and of its request for an end to application of appropriate measures by the complaining Party or the relevant SADC EPA State, as the case may be.

2. If the Parties do not reach an agreement on the compatibility of the notified measure with the provisions of this Agreement within 30 days of the date of notification, the complaining Party shall request in writing the arbitration panel to rule on the matter. Such request shall be notified to the other Party and to the Committee. The arbitration panel ruling shall be notified to the Parties and to the Committee within 45 days of the date of the receipt of the request. If the arbitration panel rules that any measure taken to comply is not in conformity with the provisions of this Agreement, the arbitration panel will determine whether the complaining Party or, as the case may be, the relevant SADC EPA State, can continue to apply appropriate measures. If the arbitration panel rules that any measure taken to comply is in conformity with the provisions of this Agreement, the appropriate measures shall be terminated.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 73 of this Agreement shall apply. The period for notifying the ruling shall be 60 days from the date of the receipt of the request referred to in paragraph 2 of this Article.

Section IV

Common provisions

Article 81

Mutually agreed solution

The Parties may reach a mutually agreed solution to a dispute under this Chapter at any time. They shall notify the Trade and Development Committee of any such solution. Upon adoption of the mutually agreed solution, the dispute settlement procedure shall be terminated.

Article 82

Rules of Procedure and Code of Conduct

1. The Parties shall agree on Rules of Procedure and a Code of Conduct by 1 July 2008 which shall be adopted by the Joint Council. The Rules of Procedure shall address the issue of opening arbitration panel hearings to the public.

2. Any meeting of the arbitration panel shall be open to the public in accordance with the Rules of Procedure, unless the arbitration panel decides otherwise on its own motion or at the request of the Parties. The arbitration panel shall meet in closed session when the submissions or arguments of a Party contain confidential information.

Article 83

Information and technical advice

At the request of a Party, or upon its own initiative, the arbitration panel may obtain information from any source, including the Parties involved in the dispute, it deems appropriate for the arbitration proceeding. The arbitration panel shall also have the right to seek the opinion of relevant experts as it deems appropriate. Interested entities are authorised to submit *amicus curiae* briefs to the arbitration panel in accordance with the Rules of Procedure. Any information obtained in this manner must be disclosed to the Parties to the dispute and submitted for their comments.

Article 84

Languages of the submissions

1. The written and oral submissions of the Parties shall be made in any official language of the Parties.

2. The Parties shall endeavour to agree on a common working language for any specific proceedings under this Part. If the Parties are unable to agree on a common working language, each Party shall arrange for and bear the costs of the translation of its written submissions and interpretation at the hearings into the language chosen by the Party complained against, unless such language is an official language of that Party. The EC Party shall, when seeking to agree on a common working language, take into account the potential impact of such costs on SADC EPA States.

Article 85

Rules of interpretation

An arbitration panel shall settle a dispute in accordance with the provisions of this Agreement and the customary rules of interpretation of public international law, including those set out in the Vienna Convention on the Law of Treaties. The rulings of the arbitration panel cannot add to or diminish the rights and obligations provided for in this Agreement.

Article 86

Arbitration panel rulings

1. The arbitration panel shall make every effort to take any decision by consensus. Where, nevertheless, a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.

2. The ruling shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the reasoning behind any findings and conclusions that it makes. The Trade and Development Committee shall make the arbitration panel rulings publicly available unless it decides not to do so.

Article 87

List of arbitrators

1. The Trade and Development Committee shall, no later than three months after the provisional application of this Agreement, establish a list of 21 individuals who are willing and able to serve as arbitrators. Each of the Parties shall select eight individuals to serve as arbitrators. The Parties shall also agree on five individuals who are not nationals of either Party and who shall act as chairperson of the arbitration panel. The Committee will ensure that the list is always maintained in accordance with this Article.

2. Arbitrators shall have specialised knowledge of or experience in law and international trade. They shall be independent, serve in their individual capacities and not take instructions from any organisation or government, or be affiliated with the governments of any of the Parties, and shall comply with the Code of Conduct annexed to the Rules of Procedures.

3. The Committee may establish an additional list of 15 individuals having a sectoral expertise in specific matters covered by this Agreement. When recourse is made to the selection procedure of Article 73 of this Agreement, the chairperson of the Committee may use such a sectoral list upon agreement of both Parties.

Article 88

Relation with WTO obligations

1. Arbitration bodies set up under this Agreement shall not arbitrate disputes on a Party's, or as the case may be, the relevant SADC EPA State's, rights and obligations under the Agreement establishing the WTO.

2. Recourse to the dispute settlement provisions of this Agreement shall be without prejudice to any action in the WTO framework, including dispute settlement action. However, where a Party or the relevant SADC EPA State, as the case may be, has, with regard to a particular measure, initiated a dispute settlement proceeding under this Agreement or under the WTO Agreement, it may not initiate a dispute settlement proceeding regarding the same measure until the first proceeding has ended. For the purposes of this paragraph, dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's or the relevant SADC EPA State's request, as the case may be, for the establishment of a panel under Article 6 of the Understanding on Rules and Procedures Governing the Settlement of Disputes of the WTO.

3. Nothing in this Agreement shall preclude a Party or SADC EPA State from implementing the suspension of obligations authorised by the Dispute Settlement Body of the WTO.

Article 89

Time limits

1. All time limits laid down in Part III of this Agreement, including the limits for the arbitration panels to notify their rulings, shall be counted in calendar days from the day following the act or fact to which they refer.

2. Any time limit referred to in this Part may be extended by mutual agreement of the Parties.

PART IV

CHAPTER 13

General exceptions

Article 90

General exception clause

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between the Parties where like conditions prevail, or a disguised restriction on trade in goods, services or establishment, nothing in this Agreement shall be construed to prevent the adoption or enforcement by the EC Party or the SADC EPA States of measures which:

(a) are necessary to protect public morals or to maintain public order and public security or;

(b) are necessary to secure compliance with laws or regulations which are not inconsistent with this Agreement, including those relating to customs enforcement, the protection of intellectual property rights, and the prevention of deceptive practices or;

(c) are necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Agreement including those relating to:

(i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on contracts;

(ii) the protection of the privacy of individuals in relation to the processing and dissemination of personal data and the protection of confidentiality of individual records and accounts;

(iii) safety; or

(d) relate to the importation or exportation of gold or silver; or

(e) relate to the protection of national treasures of artistic, historic or archaeological value; or

(f) relate to the conservation of exhaustible natural resources if such measures are made effective in conjunction with restrictions on domestic production or consumption of goods, domestic supply or consumption of services and on domestic investors; or

(g) relate to the products of prison labour; or

(h) are inconsistent with Article 36 of this Agreement, provided that the difference in treatment is aimed at ensuring the effective or equitable imposition or collection of direct taxes in respect of economic activities or investors of the other Party.

Article 91

Security exceptions

1. Nothing in this Agreement shall be construed:

(a) to require the EC Party or the SADC EPA States to furnish any information the disclosure of which it considers contrary to its essential security interests;

(b) to prevent the EC Party or the SADC EPA States from taking any action which it considers necessary for the protection of its essential security interests:

(i) relating to fissionable and fusionable materials or the materials from which they are derived;

(ii) relating to economic activities carried out directly or indirectly for the purpose of supplying or provisioning a military establishment;

(iii) relating to government procurement indispensable for national security or for national defence purposes; or

(iv) taken in time of war or other emergency in international relations; or

(c) to prevent the EC Party or the SADC EPA States from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.

2. The Trade and Development Committee shall be informed to the fullest extent possible of measures taken under paragraphs 1(b) and (c) and of their termination.

Article 92

Taxation

1. Nothing in this Agreement, or in any arrangement adopted under this Agreement, shall be construed to prevent the EC Party or the SADC EPA States from distinguishing, in the application of the relevant provisions of their fiscal legislation, between taxpayers who are not in the same situation, in particular with regard to their place of residence or with regard to the place where their capital is invested.

2. Nothing in this Agreement, or in any arrangement adopted under this Agreement, shall be construed to prevent the adoption or enforcement of any measure aimed at preventing the avoidance or evasion of taxes pursuant to the tax provisions of agreements to avoid double taxation or other tax arrangements or domestic fiscal legislation.

3. Nothing in this Agreement shall affect the rights and obligations of the EC Party or the SADC EPA States under any tax convention. In the event of any inconsistency between this Agreement and any such convention, that convention shall prevail to the extent of the inconsistency.

PART V

INSTITUTIONAL PROVISIONS

CHAPTER 14

Institutional provisions

Article 93

Establishment of a joint institution

For purposes of this Agreement a Joint SADC EPA States – EC Council ('the Joint Council') is hereby established, which shall oversee and administer the implementation of this Agreement.

Article 94

Composition and functions

1. The Joint Council shall be composed, on the one hand, of the members of the Council of the European Union and relevant members of the European Commission or their representatives, and, on the other hand, the Ministers of the SADC EPA States or their representatives.

2. Without prejudice to the functions of the Council of Ministers as defined in Article 15 of the Cotonou Agreement, the functions of the Joint Council shall be to:

(a) be responsible for the operation and implementation of this Agreement and monitor the fulfilment of its objectives;

(b) examine any major issues arising within the framework of this Agreement that are of common interest and affect trade between the Parties;

(c) examine proposals and recommendations from the Parties for the review of this Agreement;

(d) make appropriate recommendations;

(e) monitor the development of economic and trade relations between the Parties;

(f) monitor and assess the impact of the cooperation provisions of this Agreement on sustainable development;

(g) monitor and review progress on all matters covered by this Agreement;

(h) establish the rules of procedures of the Trade and Development Committee;

(i) monitor the work of the Trade and Development Committee; and

(j) perform any other duties under this Agreement.

3. The Joint Council may provide periodic reports on the operation of this Agreement to the Council of Ministers established in accordance with Article 15 of the Cotonou Agreement.

Article 95

Decision-making powers and procedures

1. In order to attain the objectives of this Agreement, the Joint Council shall have the power to take decisions in respect of all matters covered by this Agreement.

2. The decisions taken shall be by consensus between all the Parties and such decisions shall be binding on the Parties and each of the SADC EPA States, as the case may be. The Parties shall take all the measures necessary to implement such decisions in accordance with each Party's and the SADC EPA States' internal rules.

3. For procedural matters and dispute settlement procedures, the SADC EPA States agree to act collectively and the Joint Council shall adopt decisions and recommendations by mutual agreement between the Parties. For the matters for which the SADC EPA States have not agreed to act collectively, adoption of any decision shall require the agreement of the SADC EPA State concerned.

4. The Joint Council shall meet at regular intervals, not exceeding a period of two years, and extraordinarily whenever circumstances so require, if the Parties so agree.

5. The Joint Council shall determine its own rules of procedure.

Article 96

Trade and development committee ('the Committee')

1. The Joint Council shall be assisted in the performance of its duties by a Committee composed of representatives of the Parties, normally at senior officials' level.

2. The Committee may establish any special technical groups to deal with specific matters falling within their competence.

3. The Committee shall determine the rules of procedure of the special technical groups established under paragraph 2 of this Article.

4. The Committee shall report and be responsible to the Joint Council.

5. The Committee shall take decisions or make recommendations in the cases provided for in this Agreement or where such power has been delegated to it by the Joint Council. In this event the Committee shall take its decisions by consensus.

6. The Committee shall have, in particular, the following functions:

(a) In the area of trade, to:

(i) monitor and evaluate the implementation of the decisions of the Joint Council;

(ii) facilitate and supervise the implementation of the provisions of this Agreement;

(iii) consider and recommend cooperation priorities to the Joint Council;

(iv) make appropriate recommendations to the Joint Council to avoid potential conflicts which might arise in areas covered by this Agreement;

(v) carry out any other function assigned to it by the Joint Council;

(vi) supervise the work of the special technical groups as referred to in paragraph 2 of this Article;

(vii) monitor the development of regional integration and of economic and trade relations between the Parties;

(viii) discuss and undertake actions that may facilitate trade, investment and business opportunities between the Parties; and

(ix) discuss any matters pertaining to this Agreement and any issue liable to affect the attainment of its objectives.

(b) In the area of development cooperation, to:

(i) monitor the implementation of the cooperation provisions laid down in this Agreement and coordinate such action with third party donors;

(ii) make recommendations on trade-related cooperation between the Parties;

(iii) keep under periodic review the cooperation priorities set out in this Agreement, and make recommendations on the inclusion of new priorities, as appropriate;

(iv) review and discuss cooperation issues pertaining to regional integration and implementation of this Agreement; and

(v) monitor and assess the impact of the implementation of this Agreement on the sustainable development of the Parties.

PART VI

CHAPTER 15

General and final provisions

Article 97

Definition of the Parties and fulfilment of obligations

1. The Contracting Parties of this Agreement shall be Botswana, Lesotho, Namibia, Swaziland and Mozambique hereinafter referred to, for ease of reference, as the 'SADC EPA States', of the one part, and the European Community or its Member States or the European Community and its Member States, within their respective areas of competence as derived from the Treaty establishing the European Community, hereinafter referred to as the 'EC Party', of the other part.

2. For the purposes of this Agreement:

(a) the term 'Parties' shall refer to the SADC EPA States acting collectively and the EC Party. The term 'Party' shall refer to the SADC EPA States acting collectively or the EC Party as the case may be;

(b) the term 'SADC EPA States' shall refer to the SADC EPA States acting individually.

3. The SADC EPA States and the EC Party shall adopt any general or specific measures required for them to fulfil their obligations under this Agreement and shall ensure that they comply with the objectives laid down in this Agreement.

Article 98

Exchange of information

1. In order to facilitate communication relating to the effective implementation of this Agreement, the Parties shall designate a focal point for the exchange of information upon entry into force of this Agreement. The designation of a focal point for the exchange of information is without prejudice to the specific designation of competent authorities under specific Titles or Chapters of this Agreement.

2. On the request of the focal points for exchange of information, each Party shall indicate the office or official responsible for any matter pertaining to the implementation of this Agreement and provide the required support to facilitate communication with the requesting Party.

3. On request of the other Party, and to the extent legally possible, each Party or the SADC EPA States, as the case may be, shall provide information and reply promptly to any question from the other Party relating to an actual or proposed measure that might affect trade between the Parties.

Article 99

Transparency

1. A Party, or an SADC EPA State, as the case may be, shall publish or make publicly available its laws, regulations, procedures and administrative rulings of general application as well as any other commitments under an international agreement relating to any trade matter covered by this Agreement. Any such measures adopted after the entry into force of this Agreement shall be brought to the attention of the other Party.

2. Without prejudice to specific transparency provisions in this Agreement, the information referred to under this Article shall be considered to have been brought to the attention of the other Party when the information has been made available:

(a) by appropriate notification to the WTO; or

(b) on the official, fee-free and publicly accessible website; or

(c) to a focal point of the other Party.

However, where the EC Party has provided such information and it has not been notified to the WTO through an official, fee-free and publicly accessible website, an SADC EPA State, which, because of capacity constraints, has difficulties accessing such a website, may request the EC Party to provide such information to the relevant focal point.

3. Nothing in this Agreement shall require any Party to provide confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice legitimate commercial interests of particular enterprises, public or private, except to the extent that it may be necessary to be disclosed in the context of a dispute settlement proceeding under this Agreement. Where such disclosure is considered necessary by a panel established under this Agreement, the panel shall ensure that confidentiality is fully protected.

Article 100

Temporary difficulties in implementation

In the event that a Party, as a result of factors beyond its control, encounters difficulties in meeting its obligations under this Agreement, it shall immediately bring the matter to the attention of the Joint Council.

Article 101

Regional preferences

1. Nothing in this Agreement shall oblige a Party to extend to the other Party to this Agreement any more favourable treatment which is applied by a Party as part of its respective regional integration process.

2. Any more favourable treatment and advantage that may be granted under this Agreement by any SADC EPA State to the EC Party shall be enjoyed by the other SADC EPA States.

Article 102

Outermost regions of the European Community

1. Taking account of the geographical proximity of the outermost regions of the European Community and the SADC EPA States and in order to reinforce economic and social links between those regions and the SADC EPA States, the Parties shall endeavour to facilitate cooperation in all areas covered by this Agreement between the outermost regions of the European Community and the SADC EPA States.

2. The objectives enunciated in paragraph 1 of this Article shall also be pursued, wherever possible, through fostering the joint participation of the SADC EPA States and the outermost regions of the European Community in the framework and specific programmes of the European Community in areas covered by this Agreement.

3. The EC Party shall endeavour to ensure coordination between the different financial instruments of the European Community's cohesion and development policies in order to foster cooperation between SADC EPA States and the outermost regions of the European Community in the areas covered by this Agreement.

4. Nothing in this Agreement shall prevent the EC Party from applying existing measures aimed at addressing the structural social and economic situation of its outermost regions pursuant to Article 299(2) of the Treaty establishing the European Community. This provision shall not permit the maintenance of tariffs on trade between the Parties other than those permitted pursuant to paragraph 9 of Annex 2 of this Agreement.

Article 103

Relations with the Cotonou Agreement

1. With the exception of development cooperation provided for in Title II of Part III of the Cotonou Agreement, in case of any inconsistency between the provisions of this Agreement and the provisions of Title II of Part III of the Cotonou Agreement, the provisions of this Agreement shall prevail to the extent of such inconsistency.

2. Nothing in this Agreement shall be construed so as to prevent the adoption by the EC Party or an SADC EPA State of appropriate measures pursuant to the Cotonou Agreement.

Article 104

Relations with the WTO Agreement

The Parties agree that nothing in this Agreement requires them or the SADC EPA States to act in a manner inconsistent with their WTO obligations.

Article 105

Entry into force

1. This Agreement shall be signed, ratified or approved in accordance with the applicable constitutional or internal rules and procedures of each Party or SADC EPA State as the case may be.

2. This Agreement shall enter into force on the first day of the second month following the deposit of the last instrument of ratification, acceptance or approval.

3. Notifications shall be sent to the Secretary-General of the Council of the European Union, who shall be the depository of this Agreement.

4. Pending entry into force of this Agreement, the European Community and the SADC EPA States agree to apply the provisions of this Agreement which fall within their respective competences ('provisional application'). This may be effected either by provisional application where possible or by ratification of this Agreement.

5. Provisional application shall be notified to the depositary. This Agreement shall be applied provisionally ten days after either the receipt of notification of provisional application from the European Community or of ratification or provisional application from all the SADC EPA States, whichever is the later.

6. Notwithstanding paragraph 4, the European Community, the EC Party and SADC EPA States may unilaterally take steps to apply this Agreement, before provisional application, to the extent feasible.

Article 106

Duration

1. This Agreement shall be valid indefinitely.

2. The EC Party or an SADC EPA State may give written notice of its intention to denounce this Agreement.

3. Denunciation shall take effect six months after the notification referred to in paragraph 2 of this Article.

Article 107

Territorial application

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Community is applied and under the conditions laid down in that Treaty, and, on the other hand, to the territories of the SADC EPA States.

Article 108

Revision clause

1. Without prejudice to Article 67, the Parties agree to review this Agreement no later than five years after its entry into force.

2. As regards the implementation of this Agreement, either Party may make suggestions oriented towards adjusting trade related cooperation, taking into account the experience acquired during the implementation thereof.

3. The Parties agree that this Agreement may need to be reviewed in light of further developments in international economic relations and in the light of the expiration of the Cotonou Agreement.

Article 109

Amendments

1. Any Party may submit proposals for amendments to this Agreement to the Joint Council for consideration and approval.

2. Amendments to this Agreement shall, after approval by the Joint Council, be submitted to the Parties for ratification, acceptance or approval in accordance with their respective constitutional or internal legal requirements.

Article 110

Accession of new EU Member States

1. The Joint Council shall be advised of any request made by a third state to become a member of the European Union. During the negotiations between the Union and the applicant State, the EC Party shall provide the SADC EPA States with any relevant information and they, in turn, shall convey their concerns to the EC Party so that it can take them fully into account. The SADC EPA States shall be notified by the EC Party of any accession to the European Union (EU).

2. Any new Member State of the EU shall accede to this Agreement from the date of its accession to the EU by means of a clause to that effect in the act of accession. If the act of accession to the EU does not provide for such automatic accession of the EU Member State to this Agreement, the EU Member State concerned shall accede by depositing an act of accession with the General Secretariat of the Council of the European Union, which shall send certified copies to the SADC EPA States.

3. The Parties shall review the effects of the accession of new EU Member States on this Agreement. The Joint Council may decide on any transitional or amending measures that might be necessary.

Article 111

Accession

1. A third state or organisation having competence for the matters covered by this Agreement, may request to accede to this Agreement. If the Joint Council agrees to consider such a request, the Parties and the state or organisation requesting to accede shall conduct negotiations on the terms of accession. The Protocol of Accession shall be approved by the Joint Council and then submitted for ratification, acceptance or approval in accordance with the Parties' respective constitutional or internal legal requirements.

2. The Parties shall review the effects of such accession on this Agreement. The Joint Council may decide on any transitional or amending measures that might be necessary.

Article 112

Languages and authentic texts

This Agreement is drawn up in duplicate in the Bulgarian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Italian, Latvian, Lithuanian, Maltese, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish and Swedish languages, each of these texts being equally authentic. In the event of a contradiction, reference shall be made to the language in which this Agreement was negotiated, namely English.

Article 113

Annexes

The Annexes and Protocols to this Agreement shall form an integral part thereof.

In witness whereof, the undersigned Plenipotentiaries have affixed their signatures below this Agreement.

ANNEX 1

CUSTOMS DUTIES APPLICABLE TO IMPORTS INTO THE EU OF PRODUCTS ORIGINATING IN BOTSWANA, LESOTHO, NAMIBIA, SWAZILAND (BLNS) AND MOZAMBIQUE

These schedules relate to paragraph 2 of Article 25 stating that upon the entry into force of this Agreement goods originating in BOTSWANA, LESOTHO, NAMIBIA, SWAZILAND (BLNS) AND MOZAMBIQUE will be imported duty free and quota free into the EC market.

EC Fishery Products

ANNEX 2

CUSTOMS DUTIES ON PRODUCTS ORIGINATING IN SADC EPA STATES

1. Without prejudice to paragraphs 2, 4, 5, 6 and 7 customs duties of the EC Party (hereinafter 'EC customs duties') shall be entirely eliminated on all products of Chapters 1 to 97 of the Harmonised System, except those of Chapter 93 thereof, originating in an SADC EPA State upon the entry into force of this Agreement. For indicative purposes the schedule of EC customs duties applicable to products originating in an SADC EPA State is found in Annex 1. For products of Chapter 93, the EC party shall continue to impose the applied MFN duties.

2. EC customs duties on the products of tariff heading 1006 originating in the SADC EPA States shall be eliminated as from 1 January 2010, with the exception of EC customs duties on the products of subheading 1006 10 10 which shall be eliminated as from the entry into force of this Agreement.

3. The EC Party and the SADC EPA States agree that the provisions of Protocol 3 of the Cotonou Agreement (hereinafter the 'Sugar Protocol') shall remain applicable until 30 September 2009, and that thereafter the Sugar Protocol shall no longer be in force between them. For the purposes of Article 4(1) of the Sugar Protocol, the delivery period 2008/9 will last from 1 July 2008 to 30 September 2009. The guaranteed price for 1 July-30 September 2009 shall be decided following the negotiation provided for in Article 5(4) of the Sugar Protocol.

4. EC Customs duties on products of tariff heading 1701 originating in an SADC EPA State shall be eliminated as from 1 October 2009. Until EC customs duties are entirely eliminated, and in addition to the allocations of tariff rate quotas at zero duty set out in the Sugar Protocol, a tariff rate quota at zero duty of 30 000 tonnes for Swaziland and 20 000 tonnes for Mozambique shall be opened for marketing year [1] 2008/2009 for products of tariff heading 1701, white sugar equivalent, originating in Swaziland and Mozambique respectively. No import license shall be granted with regard to products to be imported under this additional tariff rate quota, unless the importer undertakes to purchase such products at a price at least equal to the guaranteed prices fixed for sugar imported into the EC Party under the Sugar Protocol.

5. (a) The EC Party may, during the period between 1 October 2009 and 30 September 2015 impose the applied Most Favoured Nation duty on the products originating in SADC EPA States of tariff heading 1701 imported in excess of the following levels expressed in white sugar equivalent, which are deemed to cause a disturbance in the EC Party sugar market:

   (i) 3,5 million tonnes, in a marketing year, of such products originating in States members of the African, Caribbean and Pacific Group of States (ACP States) signatory to the Cotonou Agreement, and

   (ii) 1,38 million tonnes, in marketing year 2009/2010, of such products originating in ACP States that are not recognised by the United Nations as least developed countries. The figure of 1,38 million tonnes shall increase to 1,45 million tonnes in marketing year 2010/2011, and 1,6 million tonnes in the following four marketing years.

   (b) The importation of products of tariff heading 1701 originating in any SADC EPA State that is recognised by the United Nations as a least developed country shall not be subject to the provisions of subparagraph 5(a) of this Annex. However, such imports shall remain subject to the provisions of Article 34 of this Agreement [2]

   (c) The imposition of the applied Most Favoured Nation duty shall cease at the end of the marketing year during which it was introduced.

   (d) Any measure taken pursuant to this paragraph shall be notified immediately to the Implementation Committee and shall be the subject of periodic consultations within that body.

6. As of 1 October 2015, for the purpose of the application of the provisions of Article 34, bilateral safeguard of this Agreement, disturbances in the markets of products of tariff heading 1701 may be deemed to arise in situations where the European Community market price of white sugar falls during two consecutive months below 80 percent of the European Community market price for white sugar prevailing during the previous marketing year.

---

[1] For the purpose of paragraphs 4, 5, 6 and 7 'marketing year' means the period between 1 October and 30 September.

[2] For this purpose and by derogation from Article 34 of this Agreement, an individual SADC EPA State recognised by the United Nations as a least developed country may be subject to safeguard measures.

7. From 1 January 2008 until 30 September 2015 products of tariff heading 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 shall be subject to a special surveillance mechanism in order to ensure that the arrangements provided for in paragraph 5 are not circumvented. In the event of a cumulative increase of imports of such products originating in SADC EPA States by more than 20 percent in volume during a period of 12 consecutive months compared to the average of the yearly imports over the three previous 12-month periods, the EC Party shall analyse the pattern of trade, the economic justification and the sugar content of such imports and, if it considers that such imports are used to circumvent the arrangements provided for in paragraphs 4 and 5, it may suspend the preferential treatment and introduce the specific MFN duty applied to imports pursuant to the European Community Common Customs Tariff for products of tariff heading 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 originating in SADC EPA States. Subparagraphs 5(b), (c) and (d) shall apply mutatis mutandis to actions under this paragraph.

8. Between 1 October 2009 and 30 September 2012 with regard to the products of tariff heading 1701, no preferential import license shall be granted unless the importer undertakes to purchase such products at a price not lower than 90 percent of the reference price set by the EC Party for the relevant marketing year.

9. Paragraphs 1, 3, 4 and 5 shall not apply to products of tariff heading 1701 originating in SADC EPA States and released for free circulation in the French overseas departments. This provision shall be applicable for a period of ten years. This period shall be extended for a further period of ten years unless the Parties agree otherwise.

ANNEX 3

CUSTOMS DUTIES APPLICABLE TO IMPORTS INTO BOTSWANA, LESOTHO, NAMIBIA AND SWAZILAND OF PRODUCTS ORIGINATING IN THE EC

1. The tariff staging modalities in this Annex are set out on the assumption that the reference date for tariff reduction is 1 January 2008. This reference date shall not be affected by any delay in the actual entry into force of this Agreement ([1]).

2. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as List 1 are eliminated upon the entry into force of this Agreement.

3. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as Agriculture List 2 shall be gradually eliminated in accordance with the following schedule:

   — on the date of entry into force of this Agreement, each duty shall be reduced to 50 per cent of the basic duty;

   — one year after the date of entry into force of this Agreement, each duty shall be reduced to 25 per cent of the basic duty;

   — two years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

4. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as Fish List 2 shall be gradually eliminated in accordance with the following schedule:

   — on the date of entry into force of this Agreement, each duty shall be reduced to 83 per cent of the basic duty,

   — one year after the date of entry into force of this Agreement, each duty shall be reduced to 67 per cent of the basic duty,

   — two years after the date of entry into force of this Agreement, each duty shall be reduced to 50 per cent of the basic duty,

   — three years after the entry into force of this Agreement, each duty shall be reduced to 33 per cent of the basic duty,

   — four years after the entry into force of this Agreement, each duty shall be reduced to 17 per cent of the basic duty,

   — six years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

5. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as Agriculture List 3 shall be gradually eliminated in accordance with the following schedule:

   — on the date of entry into force of this Agreement, each duty shall be reduced to 50 per cent of the basic duty;

   — one year after the date of entry into force of this Agreement, each duty shall be reduced to 38 per cent of the basic duty;

   — two years after the date of entry into force of this Agreement, each duty shall be reduced to 25 per cent of the basic duty;

   — three years after the date of entry into force of this Agreement, each duty shall be reduced to 13 per cent of the basic duty;

   — four years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

([1]) Relating to the tariff reduction under paragraph 3, for example, if the Agreement were to enter into force during the course of 2008, the first step of tariff reduction would be made on the actual date of entry into force of the Agreement, the second would be made on 1 January 2009, i.e. as if the agreement had actually entered into force on 1 January 2008. As another example, if the agreement were to enter into force in the course of 2009, upon the entry into force each duty shall be reduced to 25 per cent of the basic duty.

6. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as Industry List 3 shall be gradually eliminated in accordance with the following schedule:

— on the date of entry into force of this Agreement, each duty shall be reduced to 40 per cent of the basic duty;

— one year after the date of entry into force of this Agreement, each duty shall be reduced to 30 per cent of the basic duty;

— two years after the date of entry into force of this Agreement, each duty shall be reduced to 20 per cent of the basic duty;

— three years after the date of entry into force of this Agreement, each duty shall be reduced to 10 per cent of the basic duty;

— four years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

7. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland of products originating in the Community listed in Table 1 categorized as Fish List 3 shall be gradually eliminated in accordance with the following schedule:

— on the date of entry into force of this Agreement, each duty shall be reduced to 90 per cent of the basic duty;

— one year after the date of entry into force of this Agreement, each duty shall be reduced to 80 per cent of the basic duty;

— two years after the date of entry into force of this Agreement, each duty shall be reduced to 70 per cent of the basic duty;

— three years after the date of entry into force of this Agreement, each duty shall be reduced to 60 per cent of the basic duty;

— four years after the date of entry into force of this Agreement, each duty shall be reduced to 50 per cent of the basic duty;

— five years after the date of entry into force of this Agreement, each duty shall be reduced to 40 per cent of the basic duty;

— six years after the date of entry into force of this Agreement, each duty shall be reduced to 30 per cent of the basic duty;

— seven years after the date of entry into force of this Agreement, each duty shall be reduced to 20 per cent of the basic duty;

— eight years after the date of entry into force of this Agreement, each duty shall be reduced to 10 per cent of the basic duty;

— nine years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

8. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as Agriculture List 4 are excluded from any of the regimes of tariff phase-down contained in this Annex.

9. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as Industry List 4 shall be gradually eliminated in accordance with the following schedule:

— on the date of entry into force of this Agreement each duty shall be reduced to 50 per cent of the basic duty;

— one year after the date of entry into force of this Agreement each duty shall be reduced to 38 per cent of the basic duty;

— two years after the date of entry into force of this Agreement each duty shall be reduced to 25 per cent of the basic duty;

— three years after the date of entry into force of this Agreement each duty shall be reduced to 13 per cent of the basic duty;

— four years after the date of entry into force of this Agreement the remaining duties shall be abolished.

10. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as List 5: regime 1 shall be frozen at the 2007 TDCA rate.

11. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as List 5: regime 2 shall be gradually eliminated in accordance with the following schedule:

— three years after the date of entry into force of this Agreement, each duty shall be reduced to 80 per cent of the basic duty ([1]);

— four year after the date of entry into force of this Agreement, each duty shall be reduced to 60 per cent of the basic duty;

— five years after the date of entry into force of this Agreement, each duty shall be reduced to 40 per cent of the basic duty;

— six years after the date of entry into force of this Agreement, each duty shall be reduced to 20 per cent of the basic duty;

— seven years after the date of entry into force of this Agreement, the remaining duties shall be abolished.

12. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as List 5: regime 3 shall be gradually eliminated in accordance with the following schedule:

— three years after the date of entry into force of this Agreement each duty shall be reduced to 87 % of the basic duty;

— four years after the date of entry into force of this Agreement each duty shall be reduced to 75 % of the basic duty;

— five years after the date of entry into force of this Agreement each duty shall be reduced to 62 % of the basic duty;

— six years after the date of entry into force of this Agreement each duty shall be reduced to 50 % of the basic duty;

— seven years after the date of entry into force of this Agreement each duty shall be reduced to 37 % of the basic duty;

— eight years after the date of entry into force of this Agreement each duty shall be reduced to 25 % of the basic duty;

— nine years after the date of entry into force of this Agreement each duty shall be reduced to 12 % of the basic duty;

— ten years after the date of entry into force of this Agreement the remaining duties shall be abolished.

([1]) The term 'basic duty' is defined in paragraphs 3 and 4 of Article 22 of Part II of the SADC EPA-EC Interim Economic Partnership Agreement.

13. Customs duties on imports into Botswana, Lesotho, Namibia and Swaziland on products originating in the Community listed in Table 1 categorized as Industrial List 5 shall be applied according to the following schedule:

Explanatory Notes	Year 1 (2008)	Year 2 (2009)	Year 3 (2010)	Year 4 (2011)	Year 5 (2012)	Year 6 (2013)	Year 7 (2014)	Year 8 (2015)

ANNEX 4

CUSTOMS DUTIES APPLICABLE TO IMPORTS INTO MOZAMBIQUE OF PRODUCTS ORIGINATING IN THE EC

The schedule contains:

1. List of products for which duties will be eliminated upon the entry into force of this Agreement as well as products already at zero duty.

2. List of products for which duties shall be eliminated by 1.1.2023.

For products not included in any of these lists, applicable duties will continue to apply.

LIST A – TARIFF LINES, GOODS AND IMPORT VALUES FOB 2005 TO LIBERALIZE BY 2009 IN THE FRAMEWORK OF THE EPA (OFFER 2009)

PROTOCOL 1

concerning the definition of the concept of 'originating products' and methods of administrative cooperation

INDEX

TITLE I **GENERAL PROVISIONS**

Article

1. **Definitions**

TITLE II **DEFINITION OF THE CONCEPT OF ORIGINATING PRODUCTS**

Articles

2. **General requirements**
3. **Cumulation in the Community**
4. **Cumulation in the SADC EPA States**
5. **Wholly obtained products**
6. **Sufficiently worked or processed products**
7. **Insufficient working or processing operations**
8. **Unit of qualification**
9. **Accessories, spare parts and tools**
10. **Sets**
11. **Neutral elements**

TITLE III **TERRITORIAL REQUIREMENTS**

Articles

12. **Principle of territoriality**
13. **Direct transport**
14. **Exhibitions**

TITLE IV **PROOF OF ORIGIN**

Articles

15. **General requirements**
16. **Procedure for the issue of a movement certificate EUR.1**
17. **Movement certificates EUR.1 issued retrospectively**
18. **Issue of a duplicate movement certificate EUR.1**
19. **Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously**
20. **Conditions for making out an invoice declaration**
21. **Approved exporter**
22. **Validity of proof of origin**
23. **Submission of proof of origin**
24. **Importation by installments**
25. **Exemptions from proof of origin**
26. **Information procedure for cumulation purposes**

27. **Supporting documents**
28. **Preservation of proof of origin and supporting documents**
29. **Discrepancies and formal errors**
30. **Amounts expressed in euro**

TITLE V **ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION**

Articles

31. **Administrative conditions for products to benefit from the SADC EPA-EC IEPA**
32. **Notification of customs authorities**
33. **Mutual assistance**
34. **Verification of proof of origin**
35. **Verification of suppliers' declarations**
36. **Dispute settlement**
37. **Penalties**
38. **Free zones**
39. **Derogations**

TITLE VI **CEUTA AND MELILLA**

Article

40. **Special conditions**

TITLE VII **FINAL PROVISIONS**

Articles

41. **Revision and application of rules of origin**
42. **Annexes**
43. **Implementation of the Protocol**

TABLE OF CONTENTS

PROTOCOL 1

TITLE I: **GENERAL PROVISIONS**

TITLE II: **DEFINITION OF THE CONCEPT OF 'ORIGINATING PRODUCTS'**

TITLE III: **TERRITORIAL REQUIREMENTS**

TITLE IV: **PROOF OF ORIGIN**

TITLE V: **ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION**

TITLE VI: **CEUTA AND MELILLA**

TITLE VII: **FINAL PROVISIONS**

ANNEX I TO PROTOCOL 1:	**Introductorynotes to the list in Annex II**
ANNEX II TO PROTOCOL 1:	**List of working or processing required to be carried out on non-originating materials in order that the product manufactured can obtain originating status**
ANNEX II(a) TO PROTOCOL 1:	**Derogations from the list of working or processing required to be carried out on non-originating materials in order that the product manufactured can obtain originating status, according to Article 6(2)**
ANNEX III TO PROTOCOL 1:	**Form for movement certificate**
ANNEX IV TO PROTOCOL 1:	**Invoice declaration**
ANNEX V A TO PROTOCOL 1:	**Supplierdeclaration for products having preferential origin status**
ANNEX V B TO PROTOCOL 1:	**Supplierdeclaration for products not having preferential origin status**
ANNEX VI TO PROTOCOL 1:	**InformationCertificate**
ANNEX VII TO PROTOCOL 1:	**Form forapplication for a derogation**
ANNEX VIII TO PROTOCOL 1:	**Overseas countries and territories**
ANNEX IX TO PROTOCOL 1:	**Other ACP States**
ANNEX X TO PROTOCOL 1:	**Products for which the cumulation provisions referred to in Articles 3 and 4 apply after 1 October 2015**
ANNEX XI TO PROTOCOL 1:	**Products originating in South Africa excludedfrom cumulation provided for in Article 4**
ANNEX XII TO PROTOCOL 1:	**Products originating in South Africa for which the cumulation provisions of Article 4 apply after 31 December 2009**

TITLE I

GENERAL PROVISIONS

Article 1

Definitions

For the purposes of this Protocol:

(a) 'manufacture' means any kind of working or processing including assembly or specific operations;

(b) 'material' means any ingredient, raw material, component or part, etc., used in the manufacture of the product;

(c) 'product' means the product being manufactured, even if it is intended for later use in another manufacturing operation;

(d) 'goods' means both materials and products;

(e) 'customs value' means the value as determined in accordance with the 1994 Agreement on implementation of Article VII of the General Agreement on Tariffs and Trade (WTO Agreement on customs valuation);

(f) 'ex-works price' means the price paid for the product ex works to the manufacturer in the Community or in the SADC EPA States in whose undertaking the last working or processing is carried out, provided the price includes the value of all the materials used, minus any internal taxes paid which are, or may be, repaid when the product obtained is exported;

(g) 'value of materials' means the customs value at the time of importation of the non-originating materials used, or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in the Community or in the SADC EPA States;

(h) 'value of originating materials' means the value of such materials as defined in subparagraph (g) applied *mutatis mutandis*;

(i) 'value added' shall be taken to be the ex-works price minus the customs value of each of the materials incorporated which originate in the other countries or territories referred to in Articles 3 and 4 with which cumulation is applicable, or where the customs value is not known or cannot be ascertained, the first ascertainable price paid for the materials in the Community or in one of the SADC EPA States;

(j) 'chapters' and 'headings' mean the chapters and the four-digit headings used in the nomenclature which makes up the Harmonized Commodity Description and Coding System, referred to in this Protocol as 'the Harmonized System' or 'HS';

(k) 'classified' refers to the classification of a product or material under a particular heading;

(l) 'consignment' means products which are either sent simultaneously from one exporter to one consignee or covered by a single transport document covering their shipment from the exporter to the consignee or, in the absence of such a document, by a single invoice;

(m) 'territories' includes territorial waters [1];

(n) 'OCTs' means the Overseas Countries and Territories as defined in Annex VIII;

(o) 'other ACP States' means all the ACP States with the exception of the SADC EPA States.

TITLE II

DEFINITION OF THE CONCEPT OF 'ORIGINATING PRODUCTS'

Article 2

General requirements

1. For the purpose of the SADC EPA-EC Interim Economic Partnership Agreement, hereinafter referred to as 'the SADC EPA-EC IEPA', the following products shall be considered as originating in the Community:

(a) products wholly obtained in the Community within the meaning of Article 5 of this Protocol;

(b) products obtained in the Community incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in the Community within the meaning of Article 6.

2. For the purpose of the SADC EPA-EC IEPA, the following products shall be considered as originating in an SADC EPA State:

(a) products wholly obtained in an SADC EPA State within the meaning of Article 5 of this Protocol;

(b) products obtained in an SADC EPA State incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in that SADC EPA State within the meaning of Article 6.

Article 3

Cumulation in the Community

1. Without prejudice to the provisions of Article 2(1), products shall be considered as originating in the Community if they are obtained there, incorporating materials originating in the SADC EPA States, in the other ACP States or in the OCTs, provided the working or processing carried out in the Community goes beyond that of the operations referred to in Article 7. It shall not be necessary for such materials to have undergone sufficient working or processing.

2. Where the working or processing carried out in the Community does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in the Community only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 1. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture in the Community.

3. Products originating in one of the countries or territories referred to in paragraphs 1 and 2, which do not undergo any working or processing in the Community, retain their origin if exported into one of these countries or territories.

4. For the purpose of implementing Article 2(1)(b), working or processing carried out in the SADC EPA States, in the other ACP States or in the OCTs shall be considered as having been carried out in the Community when the products obtained undergo subsequent working or processing in the Community. Where pursuant to this provision the originating products are obtained in two or more of the countries or territories concerned, they shall be considered as originating in the Community only if the working or processing goes beyond the operations referred to in Article 7.

5. Where the working or processing carried out in the Community does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in the Community only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 4. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture.

6. The cumulation provided in this Article may only be applied provided that:

(a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

[1] See Declaration from Namibia on the origin of fisheries products.

(b) materials and products have acquired originating status by the application of the same rules of origin as provided in this Protocol;

(c) the Community will provide the SADC EPA States, through the European Commission, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article. The European Commission shall publish in the Official Journal of the European Union (C series) and the SADC EPA States shall publish according to their own procedures the date on which the cumulation provided for in this Article may be applied with those countries or territories listed in this Article which have fulfilled the necessary requirements.

7. The cumulation provided for in this Article may only be applied after 1 October 2015 for the products listed in Annex X and after 1 January 2010 for rice of heading 1006 respectively.

Article 4

Cumulation in the SADC EPA States

1. Without prejudice to the provisions of Article 2(2), products shall be considered as originating in an SADC EPA State if they are obtained there, incorporating materials originating in the Community, in the other ACP States, in the OCTs or in the other SADC EPA States, provided the working or processing carried out in that SADC EPA State goes beyond that of the operations referred to in Article 7. It shall not be necessary for such materials to have undergone sufficient working or processing.

2. Where the working or processing carried out in the SADC EPA State does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in that SADC EPA State only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 1. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture in that SADC EPA State.

3. Products originating in one of the countries or territories referred to in paragraphs 1 and 2 of this Article, which do not undergo any working or processing in the SADC EPA State, retain their origin if exported into one of these countries or territories.

4. For the purpose of implementing Article 2(2)(b), working or processing carried out in the Community, in the other SADC EPA States, in the other ACP States or in the OCTs shall be considered as having been carried out in an SADC EPA State when the products obtained undergo subsequent working or processing in this SADC EPA State. Where pursuant to this provision the originating products are obtained in two or more of the countries or territories concerned, they shall be considered as originating in this SADC EPA State only if the working or processing goes beyond the operations referred to in Article 7.

5. Where the working or processing carried out in the SADC EPA State does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in that SADC EPA State only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 4. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture.

6. The cumulation provided in this Article may only be applied provided that:

(a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

(b) materials and products have acquired originating status by the application of the same rules of origin as provided in this Protocol;

(c) the SADC EPA States will provide the Community, through the European Commission, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article. The European Commission shall publish in the Official Journal of the European Union (C series) and the SADC EPA States shall publish according to their own procedures the date on which the cumulation provided for in this Article may be applied with those countries or territories listed in this Article which have fulfilled the necessary requirements.

7. The cumulation provided for in this Article shall not be applicable to the products listed in Annex X. Notwithstanding that, the cumulation provided for in this Article may only be applied after 1 October 2015 for the products listed in Annex X and after 1 January 2010 for rice of heading 1006 respectively, when the materials used in the manufacture of such products are originating, or the working or processing is carried out in an SADC EPA State or in an other ACP State member of an Economic Partnership Agreement.

8. This Article shall not apply to products of Annex XI originating in South Africa. The cumulation provided for in this Article shall apply for the products originating in South Africa listed in Annex XII after 31 December 2009.

Article 5

Wholly obtained products

1. The following shall be considered as wholly obtained in the territory of an SADC EPA State or in the territory of the Community:

(a) mineral products extracted from their soil or from their seabed;

(b) fruit and vegetable products harvested there;

(c) live animals born and raised there;

(d) products from live animals raised there;

(e) (i) products obtained by hunting or fishing conducted there;

(ii) products of aquaculture, including mariculture, where the fish are born and raised there;

(f) products of sea fishing and other products taken from the sea outside the territorial waters of the Community or of the SADC EPA States by their vessels;

(g) products made aboard their factory ships exclusively from products referred to in (f);

(h) used articles collected there fit only for the recovery of raw materials, including used tyres fit only for retreading or for use as waste;

(i) waste and scrap resulting from manufacturing operations conducted there;

(j) products extracted from marine soil or subsoil outside their territorial waters provided that they have sole rights to work that soil or subsoil;

(k) goods produced there exclusively from the products specified in (a) to (j).

2. The terms 'their vessels' and 'their factory ships' in paragraph 1(f) and (g) shall apply only to vessels and factory ships:

(a) which are registered in an EC Member State or in an SADC EPA State;

(b) which sail under the flag of an EC Member State or of an SADC EPA State;

(c) which meet one of the following conditions:

(i) they are at least 50 percent owned by nationals of an EC Member State or of an SADC EPA State;

or

(ii) they are owned by companies

(d) which have their head office and their main place of business in an EC Member State or in an SADC EPA State; and

(e) which are at least 50 percent owned by an EC Member State or by an SADC EPA State, public entities or nationals of that State.

3. Notwithstanding the provisions of paragraph 2, the Community shall recognize, upon request of an SADC EPA State, that vessels chartered or leased by the SADC EPA State be treated as 'their vessels' to undertake fisheries activities in its exclusive economic zone provided that the charter or lease agreement, for which the Community has been offered the right of first refusal, and has been accepted by the Special Committee on Customs and Trade Facilitation as providing adequate opportunities for developing the capacity of the SADC EPA State to fish on its own account and in particular as conferring on the SADC EPA State the responsibility for the nautical and commercial management of the vessel at its disposal for a significant period of time.

4. The conditions of paragraph 2 can be fulfilled in different States insofar as they belong to SADC EPA States. In this case, products shall be deemed to have the origin of the State by whose nationals or by a company of which the vessel or factory ship is owned in accordance with paragraph 2(c). In the event of a vessel or factory ship owned by nationals or companies of States belonging to different Economic Partnership Agreements, the products shall be deemed to have the origin of the State whose nationals or companies contribute to the highest share in accordance to the provisions of paragraph 2(c).

Article 6

Sufficiently worked or processed products

1. For the purposes of Article 2, products which are not wholly obtained are considered to be sufficiently worked or processed when the conditions set out in the List in Annex II are fulfilled.

2. Notwithstanding paragraph 1, the products which are listed in Annex II(a) can be considered to be sufficiently worked or processed, for the purposes of Article 2, when the conditions set out in that Annex are fulfilled.

3. The conditions referred to in paragraphs 1 and 2 above indicate, for all products covered by this EPA, the working or processing which must be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. Accordingly, it follows that if a product, which has acquired originating status by fulfilling the conditions set out in either List is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.

4. Notwithstanding paragraphs 1 and 2, non-originating materials which, according to the conditions set out in Annex II and Annex II(a) should not be used in the manufacture of a given product may nevertheless be used, provided that:

(a) their total value does not exceed 15 per cent of the ex-works price of the product;

(b) any of the percentages given in the List for the maximum value of non-originating materials are not exceeded through the application of this paragraph.

5. The provisions of paragraph 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.

6. Paragraphs 1 to 5 shall apply subject to the provisions of Article 7.

Article 7

Insufficient working or processing

1. Without prejudice to paragraph 2, the following operations shall be considered as insufficient working or processing to confer the status of originating products, whether or not the requirements of Article 6 are satisfied:

(a) preserving operations to ensure that the products remain in good condition during transport and storage;

(b) breaking-up and assembly of packages;

(c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;

(d) ironing or pressing of textiles;

(e) simple painting and polishing operations;

(f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;

(g) operations to colour sugar or form sugar lumps; partial or total milling of crystal sugar;

(h) peeling, stoning and shelling, of fruits, nuts and vegetables;

(i) sharpening, simple grinding or simple cutting;

(j) sifting, screening, sorting, classifying, grading, matching; (including the making-up of sets of articles);

(k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;

(l) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;

(m) simple mixing of products, whether or not of different kinds; mixing of sugar with any other material;

(n) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;

(o) a combination of two or more operations specified in (a) to (n);

(p) slaughter of animals.

2. All operations carried out either in the Community or in SADC EPA States on a given product shall be considered together when determining whether the working or processing undergone by that product is to be regarded as insufficient within the meaning of paragraph 1.

Article 8

Unit of qualification

1. The unit of qualification for the application of the provisions of this Protocol shall be the particular product which is considered as the basic unit when determining classification using the nomenclature of the Harmonized System.

Accordingly, it follows that:

(a) when a product composed of a group or assembly of articles is classified under the terms of the Harmonized System in a single heading, the whole constitutes the unit of qualification;

(b) when a consignment consists of a number of identical products classified under the same heading of the Harmonized System, each product must be taken individually when applying the provisions of this Protocol.

2. Where, under General Rule 5 for the interpretation of the Harmonized System, packaging is included with the product for classification purposes, it shall be included for the purposes of determining origin.

Article 9

Accessories, spare parts and tools

Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle, which are part of the normal equipment and included in the price thereof or which are not separately invoiced, shall be regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

Article 10

Sets

Sets, as defined in General Rule 3 for the interpretation of the Harmonized System, shall be regarded as originating when all component products are originating. Nevertheless, when a set is composed of originating and non-originating products, the set as a whole shall be regarded as originating, provided that the value of the non-originating products does not exceed 15 per cent of the ex-works price of the set.

Article 11

Neutral elements

In order to determine whether a product is originating, it shall not be necessary to determine the origin of the following which might be used in its manufacture:

(a) energy and fuel;

(b) plant and equipment;

(c) machines and tools;

(d) goods which do not enter and which are not intended to enter into the final composition of the product.

TITLE III

TERRITORIAL REQUIREMENTS

Article 12

Principle of territoriality

1. Except as provided for in Articles 3, 4 and paragraph 3 of this Article, the conditions for acquiring originating status set out in Title II must be fulfilled without interruption in the SADC EPA State or in the Community.

2. Except as provided for in Articles 3 and 4, where originating goods exported from the SADC EPA State or from the Community to another country return, they must be considered as non-originating, unless it can be demonstrated to the satisfaction of the customs authorities that:

(a) the returning goods are the same goods as those exported; and

(b) they have not undergone any operation beyond that necessary to preserve them in good condition while in that country or while being exported.

3. The acquisition of originating status in accordance with the conditions set out in Title II shall not be affected by working or processing done outside the Community or the SADC EPA States on materials exported from the Community or from the SADC EPA States and subsequently re-imported there, provided that:

(a) the said materials are wholly obtained in the Community or in the SADC EPA States or have undergone working or processing beyond the operations referred to in Article 7 prior to being exported; and

(b) it can be demonstrated to the satisfaction of the customs authorities that:

(i) the re-imported goods have been obtained by working or processing the exported materials; and

(ii) the total added value acquired outside the Community or the SADC EPA States by applying the provisions of this Article does not exceed 10 % of the ex-works price of the end product for which originating status is claimed.

4. For the purposes of paragraph 3, the conditions for acquiring originating status set out in Title II shall not apply to working or processing done outside the Community or the SADC EPA States. But where, in the list in Annex II or Annex II(a), a rule setting a maximum value for all the non-originating materials incorporated is applied in determining the originating status of the end product, the total value of the non-originating materials incorporated in the territory of the party concerned, taken together with the total added value acquired outside the Community or the SADC EPA States by applying the provisions of this Article, shall not exceed the stated percentage.

5. For the purposes of applying the provisions of paragraphs 3 and 4, 'total added value' shall be taken to mean all costs arising outside the Community or the SADC EPA State, including the value of the materials incorporated there.

6. The provisions of paragraphs 3 and 4 shall not apply to products which do not fulfill the conditions set out in the list in Annex II or Annex IIa or which can be considered sufficiently worked or processed only if the general tolerance fixed in Article 6(4) is applied.

7. The provisions of paragraphs 3 and 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.

8. Any working or processing of the kind covered by the provisions of this Article and done outside the Community or the SADC EPA States shall be done under the outward processing arrangements, or similar arrangements.

Article 13

Direct transport

1. The preferential treatment provided for under the SADC EPA-EC IEPA applies only to products, satisfying the requirements of this Protocol, which are transported directly between the SADC EPA States and the Community or through the territories of the other countries referred to in Articles 3 and 4 with which cumulation is applicable. However, products constituting one single consignment may be transported through other territories with, should the occasion arise, trans-shipment or temporary warehousing in such territories, provided that they remain under the surveillance of the customs authorities in the country of transit or warehousing and do not undergo operations other than unloading, reloading or any operation designed to preserve them in good condition.

Originating products may be transported by pipeline across territory other than that of the SADC EPA States or the Community.

2. Evidence that the conditions set out in paragraph 1 have been fulfilled shall be supplied to the customs authorities of the importing country by the production of:

(a) a single transport document covering the passage from the exporting country through the country of transit; or

(b) a certificate issued by the customs authorities of the country of transit:

(i) giving an exact description of the products;

(ii) stating the dates of unloading and reloading of the products and, where applicable, the names of the ships, or the other means of transport used;

and

(iii) certifying the conditions under which the products remained in the transit country; or

(c) failing these, any substantiating documents.

Article 14

Exhibitions

1. Originating products, sent for exhibition in a country or territory other than those referred to in Articles 3 and 4 with which cumulation is applicable and sold after the exhibition for importation in the Community or in an SADC EPA State shall benefit on importation from the provisions of the SADC EPA-EC IEPA provided it is shown to the satisfaction of the customs authorities that:

(a) an exporter has consigned these products from an SADC EPA State or from the Community to the country in which the exhibition is held and has exhibited them there;

(b) the products have been sold or otherwise disposed of by that exporter to a person in an SADC EPA State or in the Community;

(c) the products have been consigned during the exhibition or immediately thereafter in the state in which they were sent for exhibition;

and

(d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. A proof of origin must be issued or made out in accordance with the provisions of Title IV and submitted to the customs authorities of the importing country in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organized for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

TITLE IV

PROOF OF ORIGIN

Article 15

General requirements

1. Products originating in the SADC EPA States shall, on importation into the Community and products originating in the Community shall, on importation into the SADC EPA States, benefit from the provisions of the SADC EPA-EC IEPA upon submission of either:

(a) a movement certificate EUR.1, a specimen of which appears in Annex III; or

(b) in the cases specified in Article 20(1), a declaration, subsequently referred to as the 'invoice declaration', given by the exporter on an invoice, a delivery note or any other commercial document which describes the products concerned in sufficient detail to enable them to be identified; the text of the invoice declaration appears in Annex IV.

2. Notwithstanding paragraph 1, originating products within the meaning of this Protocol shall, in the cases specified in Article 25, benefit from the SADC EPA-EC IEPA without it being necessary to submit any of the documents referred to above.

3. For the purpose of applying the provisions of this Title, the exporters shall endeavour to use a language common to both the SADC EPA States and the Community.

Article 16

Procedure for the issue of a movement certificate EUR.1

1. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting country on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorized representative.

2. For this purpose, the exporter or his authorized representative shall fill out both the movement certificate EUR.1 and the application form, specimens of which appear in Annex III. These forms shall be completed in accordance with the provisions of this Protocol. If they are handwritten, they shall be completed in ink in printed characters. The description of the products must be given in the box reserved for this purpose without leaving any blank lines. Where the box is not completely filled, a horizontal line must be drawn below the last line of the description, the empty space being crossed through.

3. The exporter applying for the issue of a movement certificate EUR.1 shall be prepared to submit at any time, at the request of the customs authorities of the exporting country where the movement certificate EUR.1 is issued, all appropriate documents proving the originating status of the products concerned as well as the fulfillment of the other requirements of this Protocol.

4. A movement certificate EUR.1 shall be issued by the customs authorities of a Member State of the Community or of an SADC EPA State if the products concerned can be considered as products originating in the Community or in the SADC EPA States or in one of the other countries or territories referred to in Articles 3 and 4 and fulfill the other requirements of this Protocol.

5. The issuing customs authorities shall take any steps necessary to verify the originating status of the products and the fulfillment of the other requirements of this Protocol. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate. The issuing customs authorities shall also ensure that the forms referred to in paragraph 2 are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions.

6. The date of issue of the movement certificate EUR.1 shall be indicated in Box 11 of the certificate.

7. A movement certificate EUR.1 shall be issued by the customs authorities and made available to the exporter as soon as actual exportation has been effected or ensured.

Article 17

Movement certificates EUR.1 issued retrospectively

1. Notwithstanding Article 16(7), a movement certificate EUR.1 may exceptionally be issued after exportation of the products to which it relates if:

(a) it was not issued at the time of exportation because of errors or involuntary omissions or special circumstances; or

(b) it is demonstrated to the satisfaction of the customs authorities that a movement certificate EUR.1 was issued but was not accepted at importation for technical reasons.

2. For the implementation of paragraph 1, the exporter must indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 relates, and state the reasons for his request.

3. The customs authorities may issue a movement certificate EUR.1 retrospectively only after verifying that the information supplied in the exporter's application agrees with that in the corresponding file.

4. Movement certificates EUR.1 issued retrospectively must be endorsed with the following phrase in English:

'ISSUED RETROSPECTIVELY'

5. The endorsement referred to in paragraph 4 shall be inserted in the 'Remarks' box of the movement certificate EUR.1.

Article 18

Issue of a duplicate movement certificate EUR.1

1. In the event of theft, loss or destruction of a movement certificate EUR.1, the exporter may apply to the customs authorities which issued it for a duplicate made out on the basis of the export documents in their possession.

2. The duplicate issued in this way must be endorsed with the following word in English:

'DUPLICATE'

3. The endorsement referred to in paragraph 2 shall be inserted in the 'Remarks' box of the duplicate movement certificate EUR.1.

4. The duplicate, which must bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

Article 19

Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously

When originating products are placed under the control of a customs office in an SADC EPA State or in the Community, it shall be possible to replace the original proof of origin by one or more movement certificates EUR.1 for the purpose of sending all or some of these products elsewhere within the SADC EPA States or within the Community. The replacement movement certificate(s) EUR.1 shall be issued by the customs office under whose control the products are placed and endorsed by the customs authority under whose control the products are placed.

Article 20

Conditions for making out an invoice declaration

1. An invoice declaration as referred to in Article 15(1)(b) may be made out:

(a) by an approved exporter within the meaning of Article 21, or

(b) by any exporter for any consignment consisting of one or more packages containing originating products whose total value does not exceed EUR 6 000.

2. An invoice declaration may be made out if the products concerned can be considered as products originating in the SADC EPA States or in the Community or in one of the other countries or territories referred to in Articles 3 and 4 and fulfil the other requirements of this Protocol.

3. The exporter making out an invoice declaration shall be prepared to submit at any time, at the request of the customs authorities of the exporting country, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Protocol.

4. An invoice declaration shall be made out by the exporter by typing, stamping or printing on the invoice, the delivery note or another commercial document, the declaration, the text of which appears in Annex IV to this Protocol, using one of the linguistic versions set out in that Annex and in accordance with the provisions of the domestic law of the exporting country. If the declaration is handwritten, it shall be written in ink in printed characters.

5. Invoice declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 21 shall not be required to sign such declarations provided that he gives the customs authorities of the exporting country a written undertaking that he accepts full responsibility for any invoice declaration which identifies him as if it had been signed in manuscript by him.

6. An invoice declaration may be made out by the exporter when the products to which it relates are exported, or after exportation on condition that it is presented in the importing country no longer than two years after the importation of the products to which it relates.

Article 21

Approved exporter

1. The customs authorities of the exporting country may authorize any exporter who makes frequent shipments of products under the trade cooperation provisions of the SADC EPA-EC IEPA to make out invoice declarations irrespective of the value of the products concerned. An exporter seeking such authorization must offer to the satisfaction of the customs authorities all guarantees necessary to verify the originating status of the products as well as the fulfilment of the other requirements of this Protocol.

2. The customs authorities may grant the status of approved exporter subject to any conditions which they consider appropriate.

3. The customs authorities shall grant to the approved exporter a customs authorization number which shall appear on the invoice declaration.

4. The customs authorities shall monitor the use of the authorization by the approved exporter.

5. The customs authorities may withdraw the authorization at any time. They shall do so where the approved exporter no longer offers the guarantees referred to in paragraph 1, does not fulfill the conditions referred to in paragraph 2 or otherwise makes an incorrect use of the authorization.

Article 22

Validity of proof of origin

1. A proof of origin shall be valid for ten months from the date of issue in the exporting country, and must be submitted within the said period to the customs authorities of the importing country.

2. Proofs of origin which are submitted to the customs authorities of the importing country after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit these documents by the final date set is due to exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing country may accept the proofs of origin where the products have been submitted before the said final date.

Article 23

Submission of proof of origin

Proof of origin shall be submitted to the customs authorities of the importing country in accordance with the procedures applicable in that country. The said authorities may require a translation of a proof of origin and may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of the SADC EPA-EC IEPA.

Article 24

Importation by instalments

Where, at the request of the importer and on the conditions laid down by the customs authorities of the importing country, dismantled or non-assembled products within the meaning of General Rule 2(a) for the interpretation of the Harmonized System falling within Sections XVI and XVII or heading 7308 and 9406 of the Harmonized System are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities upon importation of the first instalment.

Article 25

Exemptions from proof of origin

1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of this Protocol and where there is no doubt as to the veracity of such a declaration. In the case of products sent by post, this declaration can be made on customs declaration CN22/CN23 or on a sheet of paper annexed to that document.

2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.

3. Furthermore, the total value of these products shall not exceed EUR 500 in the case of small packages or EUR 1 200 in the case of products forming part of travellers' personal luggage.

Article 26

Information procedure for cumulation purposes

1. When Articles 3(1) and 4(1) are applied, the evidence of originating status within the meaning of this Protocol of the materials coming from the an SADC EPA State, from the Community, from another ACP State or from an OCT shall be given by a movement certificate EUR.1 or by the supplier's declaration, a specimen of which appears in Annex V A to this Protocol, given by the exporter in the State or in the Community from which the materials came.

2. When Articles 3(4) and 4(4) are applied, the evidence of the working or processing carried out in an SADC EPA State, in the Community, in another ACP State or in an OCT shall be given by the supplier's declaration a specimen of which appears in Annex V B to this Protocol, given by the exporter in the State or in the Community from which the materials came.

3. A separate supplier's declaration shall be made up by the supplier for each consignment of goods on the commercial invoice related to that shipment or in an annex to that invoice, or on a delivery note or other commercial document related to that shipment which describes the materials concerned in sufficient detail to enable them to be identified.

4. The supplier's declaration may be made out on a pre-printed form.

5. The suppliers' declarations shall bear the original signature of the supplier in manuscript. However, where the invoice and the supplier's declaration are established using electronic data-processing methods, the supplier's declaration need not be signed in manuscript provided the responsible official in the supplying company is identified to the satisfaction of the customs authorities in the State where the suppliers' declarations are established. The said customs authorities may lay down conditions for the implementation of this paragraph.

6. The supplier's declarations shall be submitted to the customs authorities in the exporting country requested to issue the movement certificate EUR.1.

7. The supplier making out a declaration must be prepared to submit at any time, at the request of the customs authorities of the country where the declaration is made out, all appropriate documents proving that the information given on this declaration is correct.

8. Suppliers' declarations made and information certificates issued before the date of entry into force of this Protocol in accordance with Article 26 of Protocol 1 to the Cotonou Agreement shall remain valid.

Article 27

Supporting documents

The documents referred to in Articles 16(3) and 20(3) used for the purpose of proving that products covered by a movement certificate EUR.1 or an invoice declaration can be considered as products originating in an SADC EPA State, in the Community or in one of the other countries or territories referred to in Articles 3 and 4 and fulfill the other requirements of this Protocol may consist inter alia of the following:

(a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounts or internal bookkeeping;

(b) documents proving the originating status of materials used, issued or made out in an SADC EPA State, in the Community or in one of the other countries or territories referred to in Articles 3 and 4 where these documents are used in accordance with national law;

(c) documents proving the working or processing of materials in an SADC EPA State, in the Community or in one of the other countries or territories referred to in Articles 3 and 4, issued or made out in an SADC EPA State, in the Community or in one of the other countries or territories referred to in Articles 3 and 4 where these documents are used in accordance with national law;

(d) movement certificates EUR.1 or invoice declarations proving the originating status of materials used, issued or made out in an SADC EPA State, in the Community or in one of the other countries or territories referred to in Articles 3 and 4 and in accordance with this Protocol.

Article 28

Preservation of proof of origin and supporting documents

1. The exporter applying for the issue of a movement certificate EUR.1 shall keep for at least three years the documents referred to in Article 16(3).

2. The exporter making out an invoice declaration shall keep for at least three years a copy of this invoice declaration as well as the documents referred to in Article 20(3).

3. The supplier making out a supplier's declaration shall keep for at least three years copies of the declaration and of the invoice, delivery notes or other commercial document to which this declaration is annexed as well as the documents referred to in Article 26(7).

4. The customs authorities of the exporting country issuing a movement certificate EUR.1 shall keep for at least three years the application form referred to in Article 16(2).

5. The customs authorities of the importing country shall keep for at least three years the movement certificates EUR.1 and the invoice declarations submitted to them.

Article 29

Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not ipso facto render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.

2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

Article 30

Amounts expressed in euro

1. For the application of the provisions of Article 20(1)(b) and Article 25(3) in cases where products are invoiced in a currency other than the euro, amounts in the national currencies of the SADC EPA States, of the Member States of the Community and of the other countries or territories referred to in Articles 3 and 4 equivalent to the amounts expressed in euro shall be fixed annually by each of the countries concerned.

2. A consignment shall benefit from the provisions of Article 20(1)(b) or Article 25(3) by reference to the currency in which the invoice is drawn up, according to the amount fixed by the country concerned.

3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October. The amounts shall be communicated to the European Commission by 15 October and shall apply from 1 January the following year. The European Commission shall notify all countries concerned of the relevant amounts.

4. A country may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 per cent. A country may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 per cent in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.

5. The amounts expressed in euro shall be reviewed by the Special Committee on Customs and Trade Facilitation at the request of the Community or of the SADC EPA States. When carrying out this review, the Special Committee on Customs and Trade Facilitation shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in euro.

TITLE V

ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION

Article 31

Administrative conditions for products to benefit from the SADC EPA-EC IEPA

1. Products originating within the meaning of this Protocol in an SADC EPA State or in the Community shall benefit, at the time of the customs import declaration, from the preferences resulting from the SADC EPA-EC IEPA only on condition that they were exported on or after the date on which the exporting country complies with the provisions laid down in paragraph 2.

2. The SADC EPA States and the Community shall undertake to put in place:

(a) the necessary national and regional arrangements required for the implementation and enforcement of the rules and procedures laid down in this Protocol, including where appropriate the arrangements necessary for the application of Articles 3 and 4;

(b) the administrative structures and systems necessary for an appropriate management and control of the origin of products and compliance with the other conditions laid down in this Protocol.

They shall make the notifications referred to in Article 32.

Article 32

Notification of customs authorities

1. The SADC EPA States and the Member States of the Community shall provide each other, through the Commission of the European Communities, with the addresses of the customs authorities responsible for issuing and verifying of movement certificates EUR.1 and invoice declarations or supplier's declarations, and with specimen impressions of the stamps used in their customs offices for the issue of these certificates.

Movement certificates EUR.1 and invoice declarations or supplier's declarations shall be accepted for the purpose of applying preferential treatment from the date the information is received by the Commission of the European Communities.

2. The SADC EPA States and the Member States of the Community shall inform each other immediately whenever there are any changes to the information referred to in paragraph 1.

3. The authorities referred to in paragraph 1 shall act under the authority of the government of the country concerned. The authorities in charge of control and verification shall be part of the governmental authorities of the country concerned.

Article 33

Mutual assistance

1. In order to ensure the proper application of this Protocol, the Community, the SADC EPA States and the other countries referred to in Articles 3 and 4 shall assist each other, through the competent customs administrations, in checking the authenticity of the movement certificates EUR.1, the invoice declarations or the supplier's declarations and the correctness of the information given in these documents.

2. The authorities consulted shall furnish the relevant information concerning the conditions under which the product has been made, indicating especially the conditions in which the rules of origin have been respected in the various SADC EPA States, in the Community and the other countries referred to in Articles 3 and 4 concerned.

Article 34

Verification of proof of origin

1. Subsequent verifications of proof of origin shall be carried out based on risk analysis and at random or whenever the customs authorities of the importing country have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of this Protocol.

2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the importing country shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the invoice declaration, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting country. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing country decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The customs authorities requesting the verification shall be informed of the results of this verification as soon as possible. These results must indicate clearly whether the documents are authentic and whether the products concerned can be considered as products originating in an SADC EPA State, in the Community or in one of the other countries referred to in Articles 3 and 4 and fulfil the other requirements of this Protocol.

6. If in cases of reasonable doubt there is no reply within ten months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

7. Where the verification procedure or any other available information appears to indicate that the provisions of this Protocol are being contravened, the exporting country on its own initiative or at the request of the importing country shall carry out appropriate enquires or arrange for such enquiries to be carried out with due urgency to identify and prevent such contraventions and for this purpose the exporting country concerned may invite the participation of the importing country in these verifications.

Article 35

Verification of suppliers' declarations

1. Verification of suppliers' declarations shall be carried out based on risk analysis and at random or whenever the customs authorities of the country where such declarations have been taken into account to issue a movement certificate EUR.1 or to make out an invoice declaration, have reasonable doubts as to the authenticity of the document or the correctness of the information given in this document.

2. The customs authorities to which a supplier's declaration is submitted may request the customs authorities of the State where the declaration was made to issue an information certificate, a specimen of which appears in Annex VI to this Protocol. Alternatively, the customs authorities to which a supplier's declaration is submitted may request the exporter to produce an information certificate issued by the customs authorities of the State where the declaration was made.

A copy of the information certificate shall be preserved by the office which has issued it for at least three years.

3. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. The results must indicate clearly whether the information given in the supplier's declaration is correct and make it possible for them to determine whether and to what extent this supplier's declaration could be take into account for issuing a movement certificate EUR.1 or for making out an invoice declaration.

4. The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence or to carry out any inspection of the supplier's account or any other check which they consider appropriate in order to verify the correctness of any supplier's declaration.

5. Any movement certificate EUR.1 or invoice declaration issued or made out on the basis of an incorrect supplier's declaration shall be considered null and void.

Article 36

Dispute settlement

Where disputes arise in relation to the verification procedures of Articles 34 and 35 which cannot be settled between the customs authorities requesting a verification and the customs authorities responsible for carrying out this verification or where they raise a question as to the interpretation of this Protocol, they shall be submitted to the Special Committee on Customs and Trade Facilitation.

In all cases the settlement of disputes between the importer and the customs authorities of the importing country shall take place under the legislation of that country.

Article 37

Penalties

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect information for the purpose of obtaining a preferential treatment for products.

Article 38

Free zones

1. The SADC EPA States and the Community shall take all necessary steps to ensure that products traded under cover of a proof of origin or a supplier's declaration and which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By means of an exemption to the provisions contained in paragraph 1, when products originating in an SADC EPA State or in the Community are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment or processing undergone complies with the provisions of this Protocol.

Article 39

Derogations

1. Derogations from this Protocol may be adopted by the Special Committee on Customs and Trade Facilitation, hereafter in this Article referred to as 'the Committee', where the development of existing industries or the creation of new industries in the SADC EPA States justifies them.

The SADC EPA State or States concerned shall, either before or when the SADC EPA States submit the matter to the Committee, notify the Community of its request for a derogation together with the reasons for the request in accordance with paragraph 2.

The Community shall respond positively to all the SADC EPA States' requests which are duly justified in conformity with this Article and which cannot cause serious injury to an established Community industry.

2. In order to facilitate the examination by the Committee of requests for derogation, the SADC EPA State or States making the request shall, by means of the form given in Annex VII to this Protocol, furnish in support of its request the fullest possible information covering in particular the points listed below:

— description of the finished product,

— nature and quantity of materials originating in a third country,

— nature and quantity of materials originating in the SADC EPA States or the countries or territories referred to in Articles 3 and 4 or the materials which have been processed there,

— manufacturing processes,

— value added,

— number of employees in the enterprise concerned,

— anticipated volume of exports to the Community,

— other possible sources of supply for raw materials,

— reasons for the duration requested in the light of efforts made to find new sources of supply,

— other observations.

The same rules shall apply to any requests for extension.

The Committee may modify the form.

3. The examination of requests shall in particular take into account:

(a) the level of development or the geographical situation of the SADC EPA State or States concerned;

(b) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in an SADC EPA State to continue its exports to the Community, with particular reference to cases where this could lead to cessation of its activities;

(c) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realization of the investment program would enable these rules to be satisfied by stages.

4. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

5. In addition, when a request for derogation concerns a least-developed or an island SADC EPA State, its examination shall be carried out with a favourable bias having particular regard to:

(a) the economic and social impact of the decision to be taken especially in respect of employment;

(b) the need to apply the derogation for a period taking into account the particular situation of the SADC EPA State concerned and its difficulties.

6. In the examination of requests, special account shall be taken, case by case, of the possibility of conferring originating status on products which include in their composition materials originating in least-developed countries or developing countries with which one or more SADC EPA States have special relations, provided that satisfactory administrative cooperation can be established.

7. Without prejudice to paragraphs 1 to 6, the derogation shall be granted where the value added to the non-originating products used in the SADC EPA State concerned is at least 45 % of the value of the finished product, provided that the derogation is not such as to cause serious injury to an economic sector of the Community or of one or more Member States.

8. The Committee shall take steps necessary to ensure that a decision is reached as soon as possible and in any case not later than seventy-five working days after the request is received by the EC Co-chairman of the Committee. If the Community does not inform the SADC EPA States of its position on the request within this period, the request shall be deemed to have been accepted.

9. (a) The derogation shall be valid for a period, generally of five years, to be determined by the Committee.

(b) The derogation decision may provide for renewals without a new decision of the Committee being necessary, provided that the SADC EPA State or States concerned submit, three months before the end of each period, proof that they are still unable to meet the conditions of this Protocol which have been derogated from.

If any objection is made to the extension, the Committee shall examine it as soon as possible and decide whether to prolong the derogation. The Committee shall proceed as provided for in paragraph 8. All necessary measures shall be taken to avoid interruptions in the application of the derogation.

(c) In the periods referred to in subparagraphs (a) and (b), the Committee may review the terms for implementing the derogation should a significant change be found to have taken place in the substantive factors governing the decision to grant the derogation. On conclusion of its review the Committee may decide to amend the terms of its decision as regards the scope of derogation or any other condition previously laid down.

TITLE VI

CEUTA AND MELILLA

Article 40

Special conditions

1. The term 'Community' used in this Protocol does not cover Ceuta and Melilla. The term 'products originating in the Community' does not cover products originating in Ceuta and Melilla.

2. The provisions of this Protocol shall apply *mutatis mutandis* in determining whether products may be deemed as originating in the SADC EPA States when imported into Ceuta and Melilla.

3. Where products wholly obtained in Ceuta, Melilla or in the Community undergo working and processing in the SADC EPA States, they shall be considered as having been wholly obtained in the SADC EPA States.

4. Working or processing carried out in Ceuta, Melilla or in the Community shall be considered as having been carried out in the SADC EPA States, when materials undergo further working or processing in the SADC EPA States.

5. For the purpose of implementing paragraphs 3 and 4, the insufficient operations listed in Article 7 of this Protocol shall not be considered as working or processing.

6. Ceuta and Melilla shall be considered as a single territory.

TITLE VII

FINAL PROVISIONS

Article 41

Revision and application of rules of origin

1. In accordance with Article 93 of the SADC EPA–EC Interim Economic Partnership Agreement, the Joint SADC EPA States-EC Council shall examine annually, or whenever the SADC EPA States or the Community so request, the application of the provisions of this Protocol and their economic effects with a view to making any necessary amendments or adaptations.

2. The Joint SADC EPA States-EC Council shall take into account among other elements the effects on the rules of origin of technological developments.

3. The decisions taken shall be implemented as soon as possible.

4. In accordance with Article 47 of the SADC EPA-EC Interim Economic Partnership Agreement, the Special Committee on Customs and Trade Facilitation shall, *inter alia*, take decisions on derogations from this Protocol, under the conditions laid down in Article 39.

Article 42

Annexes

The Annexes to this Protocol shall form an integral part thereof.

Article 43

Implementation of the Protocol

The Community and the SADC EPA States shall each take the steps necessary to implement this Protocol.

ANNEX 1

Introductory notes to the list in Annex II

Note 1:

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 6 of the Protocol.

Note 2:

1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns a rule is specified in columns 3 or 4. Where, in some cases, the entry in the first column is preceded by an 'ex', this signifies that the rules in columns 3 or 4 apply only to the part of that heading as described in column 2.

2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in columns 3 or 4 apply to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.

3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in columns 3 or 4.

4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 has to be applied.

Note 3:

1. The provisions of Article 6 of the Protocol concerning products having acquired originating status which are used in the manufacture of other products apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the Community or in the SADC EPA States.

   Example:

   An engine of heading No 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 per cent of the ex-works price, is made from 'other alloy steel roughly shaped by forging' of heading No ex 7224.

   If this forging has been forged in the Community from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading No ex 7224 in the list. The forging can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or in another factory in the Community. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

2. The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. Therefore, if a rule provides that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.

3. Without prejudice to Note 3.2 where a rule states that 'materials of any heading' may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression 'manufacture from materials of any heading, including other materials of heading No …' means that only materials classified in the same heading as the product of a different description than that of the product as given in column 2 of the list may be used.

4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all be used.

   Example:

   The rule for fabrics of heading Nos 5208 to 5212 provides that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.3 below in relation to textiles).

   Example:

   The rule for prepared foods of heading No 1904 which specifically excludes the use of non-originating cereals and their derivatives does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

   However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

   Example:

   In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth – even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn – that is the fibre stage.

6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the highest of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials they apply to.

Note 4:

1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres that have been carded, combed or otherwise processed but not spun.

2. The term 'natural fibres' includes horsehair of heading No 0503, silk of heading Nos 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos 5101 to 5105, the cotton fibres of heading Nos 5201 to 5203 and the other vegetable fibres of heading Nos 5301 to 5305.

3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of heading Nos 5501 to 5507.

Note 5:

1. Where for a given product in the list a reference is made to this note, the conditions set out in column 3 shall not be applied to any basic textile materials, used in the manufacture of this product, which, taken together, represent 10 per cent or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below).

2. However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

— silk,

— wool,

— coarse animal hair,

— fine animal hair,

— horsehair,

— cotton,

— paper-making materials and paper,

— flax,

— true hemp,

— jute and other textile bast fibres,

— sisal and other textile fibres of the genus Agave,

— coconut, abaca, ramie and other vegetable textile fibres,

— synthetic man-made filaments,

— artificial man-made filaments,

— current conducting filaments,

— synthetic man-made staple fibres of polypropylene,

— synthetic man-made staple fibres of polyester,

— synthetic man-made staple fibres of polyamide,

— synthetic man-made staple fibres of polyacrylonitrile,

— synthetic man-made staple fibres of polyimide,

— synthetic man-made staple fibres of polytetrafluoroethylene,

— synthetic man-made staple fibres of polyphenylene sulphide,

— synthetic man-made staple fibres of polyvinyl chloride,

— other synthetic man-made staple fibres,

— artificial man-made staple fibres of viscose,

— other artificial man-made staple fibres,

— yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped,

— yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped,

— products of heading No 5605 (metallized yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,

— other products of heading No 5605.

Example:

A yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 per cent of the yarn.

Example:

A woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used provided their total weight does not exceed 10 per cent of the weight of the fabric.

Example:

Tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

3. In the case of products incorporating 'yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped' this tolerance is 20 per cent in respect of this yarn.

4. In the case of products incorporating 'strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two layers of plastic film', this tolerance is 30 per cent in respect of this strip.

Note 6:

1. In the case of those textile products, which are marked in the list by a footnote referring to this Introductory Note, textile trimmings and accessories which do not satisfy the rule set out in the list in column 3 for the made up products concerned may be used provided that their weight does not exceed 10 % of the total weight of all the textile materials incorporated.

   Textile trimmings and accessories are those classified in Chapters 50 to 63. Linings and interlinings are not be regarded as trimmings or accessories.

2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 3.5.

3. In accordance with Note 3.5, any non-originating non-textile trimmings and accessories or other product, which do not contain any textiles, may, anyway, be used freely where they cannot be made from the materials listed in column 3.

   For example [1], if a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

Note 7:

1. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the 'specific processes' are the following:

   (a) vacuum distillation;

[1] This example is given for the purpose of explanation only. It is not legally binding.

(b) redistillation by a very thorough fractionation process (1);

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorization and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerization;

(h) alkylation;

(i) isomerization.

2. For the purposes of heading Nos 2710, 2711 and 2712, the 'specific processes' are the following:

(a) vacuum distillation;

(b) redistillation by a very thorough fractionation process;

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorization and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerization;

(h) alkylation;

(i) isomerization;

(j) in respect of heavy oils falling within heading No ex 2710 only, desulphurization with hydrogen resulting in a reduction of at least 85 per cent of the sulphur content of the products processed (ASTM D 1266-59 T method);

(k) in respect of products falling within heading No 2710 only, deparaffining by a process other than filtering;

(l) in respect of heavy oils falling within heading No ex 2710 only, treatment with hydrogen at a pressure of more than 20 bar and a temperature of more than 250 °C with the use of a catalyst, other than to effect desulphurization, when the hydrogen constitutes an active element in a chemical reaction. The further treatment with hydrogen of lubricating oils of heading No ex 2710 (e.g. hydrofinishing or decolorization) in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;

(m) in respect of fuel oils falling within heading No ex 2710 only, atmospheric distillation, on condition that less than 30 per cent of these products distils, by volume, including losses, at 300 °C by the ASTM D 86 method;

(n) in respect of heavy oils other than gas oils and fuel oils falling within heading No ex 2710 only, treatment by means of a high-frequency electrical brush-discharge.

3. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, any combination of these operations or like operations do not confer origin.

(1) See additional Explanatory Note 4(b) to Chapter 27 of the Combined Nomenclature.

ANNEX II

List of working or processing required to be carried out on non-originating materials in order that the product manufactured can obtain originating status

The products mentioned in the list may not all be covered by this Agreement. It is therefore necessary to consult the other parts of this Agreement.

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
Chapter 01	Live animals	All the animals of Chapter 1 used must be wholly obtained		
Chapter 02	Meat and edible meat offal	Manufacture in which all the materials of Chapters 1 and 2 used must be wholly obtained		
ex Chapter 03	Fish and crustaceans, molluscs and other aquatic invertebrates; except for:	All the materials of Chapter 3 used must be wholly obtained		
0304	Fish fillets and other fish meat (whether or not minced), fresh, chilled or frozen	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the ex-works price of the product		
0305	Fish, dried, salted or in brine; smoked fish, whether or not cooked before or during the smoking process; flours, meals and pellets of fish, fit for human consumption	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the ex-works price of the product		
ex 0306	Crustaceans, whether in shell or not, dried, salted or in brine; crustaceans, in shell, cooked by steaming or by boiling in water, whether or not chilled, frozen, dried, salted or in brine; flours, meals and pellets of crustaceans, fit for human consumption	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the ex-works price of the product		
ex 0307	Molluscs, whether in shell or not, dried, salted or in brine; aquatic invertebrates other than crustaceans and molluscs, dried, salted or in brine; flours, meals and pellets of crustaceans, fit for human consumption	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the ex-works price of the product		
ex Chapter 04	Dairy produce; birds' eggs; natural honey; edible products of animal origin, not elsewhere specified or included; except for:	Manufacture in which all the materials of Chapter 4 used must be wholly obtained		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
0403	Buttermilk, curdled milk and cream, yoghurt, kephir and other fermented or acidified milk and cream, whether or not concentrated or containing added sugar or other sweetening matter or flavoured or containing added fruit, nuts or cocoa	Manufacture in which: – all the materials of Chapter 4 used must be wholly obtained; – any fruit juice (except those of pineapple, lime or grapefruit) of heading No 2009 used must already be originating; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
ex Chapter 05	Products of animal origin, not elsewhere specified or included; except for:	Manufacture in which all the materials of Chapter 5 used must be wholly obtained		
ex 0502	Prepared pigs', hogs' or boars' bristles and hair	Cleaning, disinfecting, sorting and straightening of bristles and hair		
Chapter 06	Live trees and other plants; bulbs, roots and the like; cut flowers and ornamental foliage	Manufacture in which: – all the materials of Chapter 6 used must be wholly obtained; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
Chapter 07	Edible vegetables and certain roots and tubers	Manufacture in which all the materials of Chapter 7 used must be wholly obtained;		
Chapter 08	Edible fruit and nuts; peel of citrus fruits or melons	Manufacture in which: – all the fruit and nuts used must be wholly obtained; – the value of any materials of Chapter 17 used does not exceed 30 % of the value of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 09	Coffee, tea, maté and spices; except for:	Manufacture in which all the materials of Chapter 9 used must be wholly obtained		
0901	Coffee, whether or not roasted or decaffeinated; coffee husks and skins; coffee substitutes containing coffee in any proportion	Manufacture from materials of any heading		
0902	Tea, whether or not flavoured	Manufacture from materials of any heading		
ex 0910	Mixtures of spices	Manufacture from materials of any heading		
Chapter 10	Cereals	Manufacture in which all the materials of Chapter 10 used must be wholly obtained		
ex Chapter 11	Products of the milling industry; malt; starches; inulin; wheat gluten; except for:	Manufacture in which all the cereals, edible vegetables, roots and tubers of heading No 0714 or fruit used must be wholly obtained		
ex 1106	Flour, meal and powder of the dried, shelled leguminous vegetables of heading No 0713	Drying and milling of leguminous vegetables of heading No 0708		
Chapter 12	Oil seeds and oleaginous fruits; miscellaneous grains, seeds and fruit; industrial or medicinal plants; straw and fodder	Manufacture in which all the materials of Chapter 12 used must be wholly obtained		
1301	Lac; natural gums, resins, gum-resins and oleoresins (for example, balsams)	Manufacture in which the value of any materials of heading No 1301 used may not exceed 50 % of the ex-works price of the product		
1302	Vegetable saps and extracts; pectic substances, pectinates and pectates; agar-agar and other mucilages and thickeners, whether or not modified, derived from vegetable products:			
	– Mucilages and thickeners, modified, derived from vegetable products	Manufacture from non-modified mucilages and thickeners		
	– Other	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
Chapter 14	Vegetable plaiting materials; vegetable products not elsewhere specified or included	Manufacture in which all the materials of Chapter 14 used must be wholly obtained		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 15	Animal or vegetable fats and oils and their cleavage products; prepared edible fats; animals or vegetable waxes; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
1501	Pig fat (including lard) and poultry fat, other than that of heading No 0209 or 1503:			
	– Fats from bones or waste	Manufacture from materials of any heading except those of heading Nos 0203, 0206 or 0207 or bones of heading No 0506		
	– Other	Manufacture from meat or edible offal of swine of heading No 0203 or 0206 or of meat and edible offal of poultry of heading No 0207		
1502	Fats of bovine animals, sheep or goats, other than those of heading No 1503			
	– Fats from bones or waste	Manufacture from materials of any heading except those of heading Nos 0201, 0202, 0204 or 0206 or bones of heading No 0506		
	– Other	Manufacture in which all the materials of Chapter 2 used must be wholly obtained		
1504	Fats and oils and their fractions, of fish or marine mammals, whether or not refined, but not chemically modified:			
	– Solid fractions	Manufacture from materials of any heading including other materials of heading No 1504		
	– Other	Manufacture in which all the materials of Chapters 2 and 3 used must be wholly obtained		
ex 1505	Refined lanolin	Manufacture from crude wool grease of heading No 1505		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
1506	Other animals fats and oils and their fractions, whether or not refined, but not chemically modified:			
	– Solid fractions	Manufacture from materials of any heading including other materials of heading No 1506		
	– Other	Manufacture in which all the materials of Chapter 2 used must be wholly obtained		
1507 to 1515	Vegetable oils and their fractions:			
	– Soya, ground nut, palm, copra, palm kernel, babassu, tung and oiticica oil, myrtle wax and Japan wax, fractions of jojoba oil and oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption	Manufacture in which all the materials used are classified within a heading other than that of the product		
	– Solid fractions, except for that of jojoba oil	Manufacture from other materials of heading Nos. 1507 to 1515		
	– Other	Manufacture in which all the vegetable materials used must be wholly obtained		
1516	Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinized, whether or not refined, but not further prepared	Manufacture in which: – all the materials of Chapter 2 used must be wholly obtained; – all the vegetable materials used must be wholly obtained. However, materials of headings 1507, 1508, 1511 and 1513 may be used		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
1517	Margarine; edible mixtures or preparations of animal or vegetable fats or oils or of fractions of different fats or oils of this Chapter, other than edible fats or oils or their fractions of heading No 1516	Manufacture in which: – all the materials of Chapters 2 and 4 used must be wholly obtained; – all the vegetable materials used must be wholly obtained. However, materials of headings 1507, 1508, 1511 and 1513 may be used		
ex Chapter 16	Preparations of meat, of fish or of crustaceans, molluscs or other aquatic invertebrates; except for:	Manufacture from animals of Chapter 1		
1604 and 1605	Prepared or preserved fish; caviar and caviar substitutes prepared from fish eggs; Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved	Manufacture in which the value of any materials of Chapter 3 used does not exceed 15 % of the ex-works price of the product		
ex Chapter 17	Sugars and sugar confectionery; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 1701	Cane or beet sugar and chemically pure sucrose, in solid form, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
1702	Other sugars, including chemically pure lactose, maltose, glucose and fructose, in solid form; sugar syrups not containing added flavouring or colouring matter; artificial honey, whether or not mixed with natural honey; caramel:			
	– Chemically pure maltose and fructose	Manufacture from materials of any heading including other materials of heading No 1702		
	– Other sugars in solid form, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
	– Other	Manufacture in which all the materials used must already be originating		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 1703	Molasses resulting from the extraction or refining of sugar, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
1704	Sugar confectionery (including white chocolate), not containing cocoa	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
Chapter 18	Cocoa and cocoa preparations	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
1901	Malt extract; food preparations of flour, meal, starch or malt extract, not containing cocoa or containing less than 40 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of heading Nos. 0401 to 0404, not containing cocoa or containing less than 5 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included:			
	– Malt extract	Manufacture from cereals of Chapter 10		
	– Other	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
1902	Pasta, whether or not cooked or stuffed (with meat or other substances) or otherwise prepared, such as spaghetti, macaroni, noodles, lasagne, gnocchi, ravioli, cannelloni; couscous, whether or not prepared:			
	– Containing 20 % or less by weight of meat, meat offal, fish, crustaceans or molluscs	Manufacture in which all the cereals and derivatives (except durum wheat and its derivatives) used must be wholly obtained		
	– Containing more than 20 % by weight of meat, meat offal, fish, crustaceans or molluscs	Manufacture in which: – all cereals and derivatives (except durum wheat and its derivatives) used must be wholly obtained; – all the materials of Chapters 2 and 3 used must be wholly obtained		
1903	Tapioca and substitutes therefor prepared from starch, in the form of flakes, grains, pearls, siftings or in similar forms	Manufacture from materials of any heading except potato starch of heading No 1108		
1904	Prepared foods obtained by the swelling or roasting of cereals or cereal products (for example, corn flakes); cereals (other than maize (corn)) in grain form or in the form of flakes or other worked grains (except flour and meal), precooked, or otherwise prepared, not elsewhere specified or included	Manufacture: – from materials not classified within heading No 1806; – in which all the cereals and flour (except durum wheat and its derivates and Zea indurata maize) used must be wholly obtained; – in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
1905	Bread, pastry, cakes, biscuits and other bakers' wares, whether or not containing cocoa; communion wafers, empty cachets of a kind suitable for pharmaceutical use, sealing wafers, rice paper and similar products	Manufacture from materials of any heading except those of Chapter 11		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 20	Preparations of vegetables, fruit, nuts or other parts of plants; except for:	Manufacture in which all the fruit, nuts or vegetables used must be wholly obtained		
ex 2001	Yams, sweet potatoes and similar edible parts of plants containing 5 % or more by weight of starch, prepared or preserved by vinegar or acetic acid	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 2004 and ex 2005	Potatoes in the form of flour, meal or flakes, prepared or preserved otherwise than by vinegar or acetic acid	Manufacture in which all the materials used are classified within a heading other than that of the product		
2006	Vegetables, fruit, nuts, fruit-peel and other parts of plants, preserved by sugar (drained, glacé or crystallized)	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
2007	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, being cooked preparations, whether or not containing added sugar or other sweetening matter	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
ex 2008	– Nuts, not containing added sugar or spirit	Manufacture in which the value of the originating nuts and oil seeds of heading Nos 0801, 0802 and 1202 to 1207 used exceeds 60 % of the ex-works price of the product		
	– Peanut butter; mixtures based on cereals; palm hearts; maize (corn)	Manufacture in which all the materials used are classified within a heading other than that of the product		
	– Other except for fruit and nuts cooked otherwise than by steaming or boiling in water, not containing added sugar, frozen	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
2009	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		
ex Chapter 21	Miscellaneous edible preparations; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
2101	Extracts, essences and concentrates, of coffee, tea or maté and preparations with a basis of these products or with a basis of coffee, tea or maté; roasted chicory and other roasted coffee substitutes, and extracts, essences and concentrates thereof	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – all the chicory used must be wholly obtained		
2103	Sauces and preparations therefor; mixed condiments and mixed seasonings; mustard flour and meal and prepared mustard:			
	– Sauces and preparations therefor; mixed condiments and mixed seasonings	Manufacture in which all the materials used are classified within a heading other than that of the product. However, mustard flour or meal or prepared mustard may be used		
	– Mustard flour and meal and prepared mustard	Manufacture from materials of any heading		
ex 2104	Soups and broths and preparations therefor	Manufacture from materials of any heading except prepared or preserved vegetables of heading Nos 2002 to 2005		
2106	Food preparations not elsewhere specified or included	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 22	Beverages, spirits and vinegar; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – all the grapes or any material derived from grapes used must be wholly obtained		
2202	Waters, including mineral waters and aerated waters, containing added sugar or other sweetening matter or flavoured, and other non-alcoholic beverages, not including fruit or vegetable juices of heading No 2009	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product; – any fruit juice used (except for pineapple, lime and grapefruit juices) must already be originating		
2207	Undenatured ethyl alcohol of an alcoholic strength by volume of 80 % vol or higher; ethyl alcohol and other spirits, denatured, of any strength.	Manufacture: – using materials not classified in headings 2207 or 2208, – in which all the grapes or any materials derived from grapes used must be wholly obtained or if all the other materials used are already originating, arrack may be used up to a limit of 5 % by volume		
2208	Undenatured ethyl alcohol of an alcoholic strength by volume of less than 80 % vol; spirits, liqueurs and other spirituous beverages	Manufacture: – from materials not classified within heading Nos 2207 or 2208, – in which all the grapes or any material derived from grapes used must be wholly obtained or if all the other materials used are already originating, arrack may be used up to a limit of 5 % by volume		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 23	Residues and waste from the food industries; prepared animal fodder; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 2301	Whale meal; flours, meals and pellets of fish or of crustaceans, molluscs or other aquatic invertebrates, unfit for human consumption	Manufacture in which all the materials of Chapters 2 and 3 used must be wholly obtained		
ex 2303	Residues from the manufacture of starch from maize (excluding concentrated steeping liquors), of a protein content, calculated on the dry product, exceeding 40 % by weight	Manufacture in which all the maize used must be wholly obtained		
ex 2306	Oil cake and other solid residues resulting from the extraction of olive oil, containing more than 3 % by weight of olive oil	Manufacture in which all the olives used must be wholly obtained		
2309	Preparations of a kind used in animal feeding	Manufacture in which: – all the cereals, sugar or molasses, meat or milk used must already be originating; – all the materials of Chapter 3 used must be wholly obtained		
ex Chapter 24	Tobacco and manufactured tobacco substitutes; except for:	Manufacture in which all the materials of Chapter 24 used must be wholly obtained		
2402	Cigars, cheroots, cigarillos and cigarettes, of tobacco or of tobacco substitutes	Manufacture in which at least 70 % by weight of the un manufactured tobacco or tobacco refuse of heading No 2401 used must already be originating		
ex 2403	Smoking tobacco	Manufacture in which at least 70 % by weight of the un manufactured tobacco or tobacco refuse of heading No 2401 used must already be originating		
ex Chapter 25	Salt; sulphur; earths and stone; plastering materials, lime and cement; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 2504	Natural crystalline graphite, with enriched carbon content, purified and ground	Enriching of the carbon content, purifying and grinding of crude crystalline graphite		
ex 2515	Marble, merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm	Cutting, by sawing or otherwise, of marble (even if already sawn) of a thickness exceeding 25 cm		
ex 2516	Granite, porphyry, basalt, sandstone and other monumental and building stone, merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm	Cutting, by sawing or otherwise, of stone (even if already sawn) of a thickness exceeding 25 cm		
ex 2518	Calcined dolomite	Calcination of dolomite not calcined		
ex 2519	Crushed natural magnesium carbonate (magnesite), in hermetically-sealed containers, and magnesium oxide, whether or not pure, other than fused magnesia or dead-burned (sintered) magnesia	Manufacture in which all the materials used are classified within a heading other than that of the product. However, natural magnesium carbonate (magnesite) may be used		
ex 2520	Plasters specially prepared for dentistry	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 2524	Natural asbestos fibres	Manufacture from asbestos concentrate		
ex 2525	Mica powder	Grinding of mica or mica waste		
ex 2530	Earth colours, calcined or powdered	Calcination or grinding of earth colours		
Chapter 26	Ores, slag and ash	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 27	Mineral fuels, mineral oils and products of their distillation; bituminous substances; mineral waxes; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 2707	Oils in which the weight of the aromatic constituents exceeds that of the non-aromatic constituents, being oils similar to mineral oils obtained by distillation of high temperature coal tar, of which more than 65 % by volume distils at a temperature of up to 250 °C (including mixtures of petroleum spirit and benzole), for use as power or heating fuels	Operations of refining and/or one or more specific process(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
ex 2709	Crude oils obtained from bituminous minerals	Destructive distillation of bituminous materials		
2710	Petroleum oils and oils obtained from bituminous materials, other than crude; preparations not elsewhere specified or included, containing by weight 70 % or more of petroleum oils or of oils obtained from bituminous materials, these oils being the basic constituents of the preparations	Operations of refining and/or one or more specific process(es) [b]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
2711	Petroleum gases and other gaseous hydrocarbons	Operations of refining and/or one or more specific process(es) [b]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
2712	Petroleum jelly; paraffin wax, microcrystalline petroleum wax, slack wax, ozokerite, lignite wax, peat wax, other mineral waxes and similar products obtained by synthesis or by other processes, whether or not coloured	Operations of refining and/or one or more specific process(es) [b]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
2713	Petroleum coke, petroleum bitumen and other residues of petroleum oils or of oils obtained from bituminous materials	Operations of refining and/or one or more specific process(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
2714	Bitumen and asphalt, natural; bituminous or oil shale and tar sands; asphaltites and asphaltic rocks	Operations of refining and/or one or more specific process-(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
2715	Bituminous mixtures based on natural asphalt, on natural bitumen, on petroleum bitumen, on mineral tar or on mineral tar pitch (for example, bituminous mastics, cut-backs)	Operations of refining and/or one or more specific process-(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
ex Chapter 28	Inorganic chemicals; organic or inorganic compounds of precious metals, of rare-earth metals, of radioactive elements or of isotopes; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 2805	'Mischmetall'	Manufacture by electrolytic or thermal treatment in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 2811	Sulphur trioxide	Manufacture from sulphur dioxide		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 2833	Aluminium sulphate	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 2840	Sodium perborate	Manufacture from disodium tetraborate pentahydrate		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 29	Organic chemicals; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 2901	Acyclic hydrocarbons for use as power or heating fuels	Operations of refining and/or one or more specific process-(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
ex 2902	Cyclanes and cyclenes (other than azulenes), benzene, toluene, xylenes, for use as power or heating fuels	Operations of refining and/or one or more specific process-(es) [a]		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
ex 2905	Metal alcoholates of alcohols of this heading and of ethanol	Manufacture from materials of any heading, including other materials of heading No 2905. However, metal alcoholates of this heading may be used, provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
2915	Saturated acyclic monocarboxylic acids and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives	Manufacture from materials of any heading. However, the value of all the materials of headings Nos 2915 and 2916 used may not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 2932	– Internal ethers and their halogenated, sulphonated, nitrated or nitrosated derivatives	Manufacture from materials of any heading. However, the value of all the materials of heading No 2909 used may not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	– Cyclic acetals and internal hemiacetals and their halogenated, sulphonated, nitrated or nitrosated derivatives	Manufacture from materials of any heading		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
2933	Heterocyclic compounds with nitrogen hetero-atom(s) only	Manufacture from materials of any heading. However, the value of all the materials of headings Nos 2932 and 2933 used may not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
2934	Nucleic acids and their salts; other heterocyclic compounds	Manufacture from materials of any heading. However, the value of all the materials of headings Nos 2932, 2933 and 2934 used may not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 30	Pharmaceutical products; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		
3002	Human blood; animal blood prepared for therapeutic, prophylactic or diagnostic uses; antisera and other blood fractions and modified immunological products, whether or not obtained by means of biotechnological processes; vaccines, toxins, cultures of micro-organisms (excluding yeasts) and similar products:			
	– Products consisting of two or more constituents which have been mixed together for therapeutic or prophylactic uses or unmixed products for these uses, put up in measured doses or in forms or packings for retail sale	Manufacture from materials of any heading, including other materials of heading No 3002. The materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		
	– Other:			
	– Human blood	Manufacture from materials of any heading, including other materials of heading No 3002. The materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		
	– animal blood prepared for therapeutic or prophylactic uses	Manufacture from materials of any heading, including other materials of heading No 3002. The materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Blood fractions other than antisera, haemoglobin, blood globulins and serum globulins	Manufacture from materials of any heading, including other materials of heading No 3002. The materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		
	– haemoglobin, blood globulins and serum globulins	Manufacture from materials of any heading, including other materials of heading No 3002. The materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		
	– other	Manufacture from materials of any heading, including other materials of heading No 3002. the materials of this description may also be used, provided their value does not exceed 20 % of the ex-works price of the product		
3003 and 3004	Medicaments (excluding goods of heading No 3002, 3005 or 3006):			
	– Obtained from amikacin of heading No 2941	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials of heading No 3003 or 3004 may be used provided their value, taken together, does not exceed 20 % of the ex works price of the product		
	– Other	Manufacture in which: – all the materials used are classified within a heading other than that of the product. However, materials of heading No 3003 or 3004 may be used provided their value, taken together, does not exceed 20 % of the ex-works price of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 31	Fertilisers; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3105	Mineral or chemical fertilizers containing two or three of the fertilizing elements nitrogen, phosphorous and potassium; other fertilizers; goods of this Chapter, in tablets or similar forms or in packages of a gross weight not exceeding 10 kg, except for: – sodium nitrate – calcium cyanamide – potassium sulphate – magnesium potassium sulphate	Manufacture in which: – all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 32	Tanning or dyeing extracts; tannins and their derivatives; dyes, pigments and other colouring matter; paints and varnishes; putty and other mastics; inks; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3201	Tannins and their salts, ethers, esters and other derivatives	Manufacture from tanning extracts of vegetable origin		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3205	Colour lakes; preparations as specified in Note 3 to this Chapter based on colour lakes (c)	Manufacture from materials of any heading, except headings Nos 3203, 3204 and 3205. However, materials from heading No 3205 may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 33	Essential oils and resinoids; perfumery, cosmetic or toilet preparations; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3301	Essential oils (terpeneless or not), including concretes and absolutes; resinoids; extracted oleoresins; concentrates of essential oils in fats, in fixed oils, in waxes or the like, obtained by enfleurage or maceration; terpenic by-products of the deterpenation of essential oils; aqueous distillates and aqueous solutions of essential oils	Manufacture from materials of any heading, including materials of a different 'group' ([d]) in this heading. However, materials of the same group may be used, provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 34	Soap, organic surface-active agents, washing preparations, lubricating preparations, artificial waxes, prepared waxes, polishing or scouring preparations, candles and similar articles, modelling pastes, 'dental waxes' and dental preparations with a basis of plaster; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3403	Lubricating preparations containing petroleum oils or oils obtained from bituminous minerals, provided they represent less than 70 % by weight	Operations of refining and/or one or more specific process-(es) ([a])		Other operations than those referred to in column (3) in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product
3404	Artificial waxes and prepared waxes:			
	– With a basis of paraffin, petroleum waxes, waxes obtained from bituminous minerals, slack wax or scale wax	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Other	Manufacture from materials of any heading, except: – hydrogenated oils having the character of waxes of heading No 1516; – fatty acids not chemically defined or industrial fatty alcohols having the character of waxes of heading No 3823; – materials of heading No 3404 However, these materials may be used provided their value does not exceed 20 % of the ex-works price of the product.		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 35	Albuminoidal substances; modified starches; glues; enzymes; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3505	Dextrins and other modified starches (for example, pregelatinised or esterified starches); glues based on starches, or on dextrins or other modified starches:			
	– Starch ethers and esters	Manufacture from materials of any heading, including other materials of heading No 3505		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	– Other	Manufacture from materials of any heading, except those of heading No 1108		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3507	Prepared enzymes not elsewhere specified or included	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
Chapter 36	Explosives; pyrotechnic products; matches; pyrophoric alloys; certain combustible preparations	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 37	Photographic or cinematographic goods; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3701	Photographic plates and film in the flat, sensitized, unexposed, of any material other than paper, paperboard or textiles; instant print film in the flat, sensitized, unexposed, whether or not in packs:			
	– Instant print film for colour photography, in packs	Manufacture in which all the materials used are classified within a heading other than heading Nos 3701 or 3702. However, materials from heading No 3702 may be used provided their value does not exceed 30 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	– Other	Manufacture in which all the materials used are classified within a heading other than heading No 3701 or 3702. However, materials from heading Nos 3701 and 3702 may be used provided their value taken together, does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3702	Photographic film in rolls, sensitized, unexposed, of any material other than paper, paperboard or textiles; instant print film in rolls, sensitized, unexposed	Manufacture in which all the materials used are classified within a heading other than heading Nos 3701 or 3702		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3704	Photographic plates, film paper, paperboard and textiles, exposed but not developed	Manufacture in which all the materials used are classified within a heading other than heading Nos 3701 to 3704		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 38	Miscellaneous chemical products; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3801	– Colloidal graphite in suspension in oil and semi-colloidal graphite; carbonaceous pastes for electrodes	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
	– Graphite in paste form, being a mixture of more than 30 % by weight of graphite with mineral oils	Manufacture in which the value of all the materials of heading No 3403 used does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3803	Refined tall oil	Refining of crude tall oil		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3805	Spirits of sulphate turpentine, purified	Purification by distillation or refining of raw spirits of sulphate turpentine		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3806	Ester gums	Manufacture from resin acids		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 3807	Wood pitch (wood tar pitch)	Distillation of wood tar		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
3808	Insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant-growth regulators, disinfectants and similar products, put up in forms or packings for retail sale or as preparations or articles (for example, sulphur-treated bands, wicks and candles, and fly-papers)	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the products		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
3809	Finishing agents, dye carriers to accelerate the dyeing or fixing of dyestuffs and other products and preparations (for example, dressings and mordants), of a kind used in the textile, paper, leather or like industries, not elsewhere specified or included	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the products		
3810	Pickling preparations for metal surfaces; fluxes and other auxiliary preparations for soldering, brazing or welding; soldering, brazing or welding powders and pastes consisting of metal and other materials; preparations of a kind used as cores or coatings for welding electrodes or rods	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the products		
3811	Anti-knock preparations, oxidation inhibitors, gum inhibitors, viscosity improvers, anti-corrosive preparations and other prepared additives, for mineral oils (including gasoline) or for other liquids used for the same purposes as mineral oils:			
	– Prepared additives for lubricating oil, containing petroleum oils or oils obtained from bituminous minerals	Manufacture in which the value of all the materials of heading No 3811 used does not exceed 50 % of the ex-works price of the product		
	– Other	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3812	Prepared rubber accelerators; compound plasticizers for rubber or plastics, not elsewhere specified or included; anti-oxidizing preparations and other compound stabilizers for rubber or plastics	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3813	Preparations and charges for fire-extinguishers; charged fire-extinguishing grenades	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
3814	Organic composite solvents and thinners, not elsewhere specified or included; prepared paint or vanish removers	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3818	Chemical elements doped for use in electronics, in the form of discs, wafers or similar forms; chemical compounds doped for use in electronics	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3819	Hydraulic brake fluids and other prepared liquids for hydraulic transmission, not containing or containing less than 70 % by weight of petroleum oils or oils obtained from bituminous minerals	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3820	Anti-freezing preparations and prepared de-icing fluids	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3822	Diagnostic or laboratory reagents on a backing and prepared diagnostic or laboratory reagents, whether or not on a backing, other than those of heading No 3002 or 3006	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3823	Industrial monocarboxylic fatty acids; acid oils from refining; industrial fatty alcohols.			
	– Industrial monocarboxylic fatty acids, acid oils from refining	Manufacture in which all the materials used are classified within a heading other than that of the product		
	– Industrial fatty alcohols	Manufacture from materials of any heading including other materials of heading No 3823		
3824	Prepared binders for foundry moulds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included; residual products of the chemical or allied industries, not elsewhere specified or included:			

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– The following of this heading: Prepared binders for foundry moulds or cores based on natural resinous products Naphthenic acids, their water insoluble salts and their esters Sorbitol other than that of heading No 2905	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	Petroleum sulphonates, excluding petroleum sulphonates of alkali metals, of ammonium or of ethanolamines; thiophenated sulphonic acids of oils obtained from bituminous minerals, and their salts Ion exchangers Getters for vacuum tubes			
	Alkaline iron oxide for the purification of gas Ammoniacal gas liquors and spent oxide produced in coal gas purification Sulphonaphthenic acids, their water insoluble salts and their esters Fusel oil and Dippel's oil Mixtures of salts having different anions Copying pastes with a basis of gelatin, whether or not on a paper or textile backing			
	– Other	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
3901 to 3915	Plastics in primary forms, waste, parings and scrap, of plastic; except for heading Nos ex 3907 and 3912 for which the rules are set out below:			

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Addition homopolymerization products in which a single monomer contributes more than 99 % by weight to the total polymer content	Manufacture in which: – the value of all the materials used does not exceed 50 % of the ex-works price of the product; – the value of any materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product (e)		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	Other	Manufacture in which the value of the materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product (e)		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
ex 3907	Copolymer, made from polycarbonate and acrylonitrile-butadiene-styrene copolymer (ABS)	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 50 % of the ex-works price of the product (e)		
	Polyester	Manufacture in which the value of any materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product and/or manufacture from polycarbonate of tetrabromo-(bisphenol A)		
3912	Cellulose and its chemical derivatives, not elsewhere specified or included, in primary forms	Manufacture in which the value of any materials classified in the same heading as the product does not exceed 20 % of the ex-works price of the product		
3916 to 3921	Semi-manufactures and articles of plastics; except for headings Nos ex 3916, ex 3917, ex 3920 and ex 3921, for which the rules are set out below:			

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Flat products, further worked than only surface-worked or cut into forms other than rectangular (including square); other products, further worked than only surface-worked – Other:	Manufacture in which the value of any materials of Chapter 39 used does not exceed 50 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	– Addition homopolymerization products in which a single monomer contributes more than 99 % by weight to the total polymer content	Manufacture in which: – the value of all the materials used does not exceed 50 % of the ex-works price of the product; – the value of any materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product (e)		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	– Other	Manufacture in which the value of any materials of Chapter 39 used does not exceed 20 % of the ex-works price of the product (e)		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
ex 3916 and ex 3917	Profile shapes and tubes	Manufacture in which: – the value of all the materials used does not exceed 50 % of the ex-works price of the product; – the value of any materials classified within the same heading as the product does not exceed 20 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
ex 3920	– Ionomer sheet or film	Manufacture from a thermoplastic partial salt which is a copolymer of ethylene and metacrylic acid partly neutralized with metal ions, mainly zinc and sodium		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	– Sheets of regenerated cellulose, polyamides or polyethylene	Manufacture in which the value of any materials classified in the same heading as the product does not exceed 20 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 3921	Foils of plastic, metallized	Manufacture from highly transparent polyester foils with a thickness of less than 23 micron (f)		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
3922 to 3926	Articles of plastics	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex Chapter 40	Rubber and articles thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 4001	Laminated slabs of crepe rubber for shoes	Lamination of sheets of natural rubber		
4005	Compounded rubber, unvulcanised, in primary forms or in plates, sheets or strip	Manufacture in which the value of all the materials used, except natural rubber, does not exceed 50 % of the ex-works price of the product		
4012	Retreaded or used pneumatic tyres of rubber; solid or cushion tyres, interchangeable tyre treads and tyre flaps, of rubber:			
	Retreaded pneumatic, solid or cushion tyres, of rubber	Retreading of used tyres		
	Other	Manufacture from materials of any heading, except those of heading Nos 4011 or 4012		
ex 4017	Articles of hard rubber	Manufacture from hard rubber		
ex Chapter 41	Raw hides and skins (other than furskins) and leather; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 4102	Raw skins of sheep or lambs, without wool on	Removal of wool from sheep or lamb skins, with wool on		
4104 to 4107	Leather, without hair or wool, other than leather of heading Nos 4108 or 4109	Retanning of pre-tanned leather		Manufacture in which all the materials used are classified within a heading other than that of the product
4109	Patent leather and patent laminated leather; metallized leather	Manufacture from leather of heading Nos 4104 to 4107 provided its value does not exceed 50 % of the ex-works price of the product		
Chapter 42	Articles of leather; saddlery and harness; travel goods, handbags and similar containers; articles of animal gut (other than silk worm gut)	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 43	Furskins and artificial fur; manufactures thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 4302	Tanned or dressed furskins, assembled:			
	Plates, crosses and similar forms	Bleaching or dyeing, in addition to cutting and assembly of non-assembled tanned or dressed furskins		
	Other	Manufacture from non-assembled, tanned or dressed furskins		
4303	Articles of apparel, clothing accessories and other articles of furskin	Manufacture from non-assembled tanned or dressed furskins of heading No 4302		
ex Chapter 44	Wood and articles of wood; wood charcoal; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 4403	Wood roughly squared	Manufacture from wood in the rough, whether or not stripped of its bark or merely roughed down		
ex 4407	Wood sawn or chipped lengthwise, sliced or peeled, of a thickness exceeding 6 mm, planed, sanded or finger-jointed	Planing, sanding or finger-jointing		
ex 4408	Veneer sheets and sheets for plywood, of a thickness not exceeding 6 mm, spliced, and other wood sawn lengthwise, sliced or peeled of a thickness not exceeding 6 mm, planed, sanded or finger-jointed	Splicing, planing, sanding or finger-jointing		
ex 4409	Wood continuously shaped along any of its edges or faces, whether or not planed, sanded or finger-jointed: Sanded or finger-jointed	Sanding or finger-jointing		
	– Beadings and mouldings	Beading or moulding		
ex 4410 to ex 4413	Beadings and mouldings, including moulded skirting and other moulded boards	Beading or moulding		
ex 4415	Packing cases, boxes, crates, drums and similar packings, of wood	Manufacture from boards not cut to size		
ex 4416	Casks, barrels, vats, tubs and other coopers' products and parts thereof, of wood	Manufacture from riven staves, not further worked than sawn on the two principal surfaces		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 4418	Builders' joinery and carpentry of wood	Manufacture in which all the materials used are classified within a heading other than that of the product. However, cellular wood panels, shingles and shakes may be used		
	Beadings and mouldings	Beading or moulding		
ex 4421	Match splints; wooden pegs or pins for footwear	Manufacture from wood of any heading except drawn wood of heading No 4409		
ex Chapter 45	Cork and articles of cork; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
4503	Articles of natural cork	Manufacture from cork of heading No 4501		
Chapter 46	Manufactures of straw, of esparto or of other plaiting materials; basketware and wickerwork	Manufacture in which all the materials used are classified within a heading other than that of the product		
Chapter 47	Pulp of wood or of other fibrous cellulosic material; recovered (waste and scrap) paper or paperboard	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 48	Paper and paperboard; articles of paper pulp, of paper or of paperboard; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 4811	Paper and paperboard, ruled, lined or squared only	Manufacture from paper-making materials of Chapter 47		
4816	Carbon paper, self-copy paper and other copying or transfer papers (other than those of heading No 4809), duplicator stencils and offset plates, of paper, whether or not put up in boxes	Manufacture from paper-making materials of Chapter 47		
4817	Envelopes, letter cards, plain postcards and correspondence cards, of paper or paperboard; boxes, pouches, wallets and writing compendiums, of paper or paperboard, containing an assortment of paper stationery	Manufacturing in which: *all the materials used are classified within a heading other than that of the product; *the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 4818	Toilet paper	Manufacture from paper-making materials of Chapter 47		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 4819	Cartons, boxes, cases, bags and other packing containers, of paper, paperboard, cellulose wadding or webs of cellulose fibres	Manufacture in which: all the materials used are classified within a heading other than that of the product; the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 4820	Letter pads	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 4823	Other paper, paperboard, cellulose wadding and webs of cellulose fibres, cut to size or shape	Manufacture from paper-making materials of Chapter 47		
ex Chapter 49	Printed books, newspapers, pictures and other products of the printing industry; manuscripts, typescripts and plans; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
4909	Printed or illustrated postcards; printed cards bearing personal greetings, messages or announcements, whether or not illustrated, with or without envelopes or trimmings	Manufacture from materials not classified within heading Nos 4909 or 4911		
4910	Calendars of any kind, printed, including calendar blocks:			
	Calendars of the 'perpetual' type or with replaceable blocks mounted on bases other than paper or paperboard	Manufacture in which: all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
	– Other	Manufacture from materials not classified in heading Nos 4909 or 4911		
ex Chapter 50	Silk; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 5003	Silk waste (including cocoons unsuitable for reeling, yarn waste and garnetted stock), carded or combed	Carding or combing of silk waste		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
500 to ex 5004	Silk yarn and yarn spun from silk waste	Manufacture from (g) – raw silk or silk waste carded or combed or otherwise prepared for spinning, – other natural fibres not carded or combed or otherwise prepared for spinning, – chemical materials or textile pulp, or – paper-making materials		
5007	Woven fabrics of silk or of silk waste	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
ex Chapter 51	Wool, fine or coarse animal hair; horsehair yarn and woven fabric; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
5106 to 5110	Yarn of wool, of fine or coarse animal hair or of horsehair	Manufacture from (g) – raw silk or silk waste carded or combed or otherwise prepared for spinning, – natural fibres not carded or combed or otherwise prepared for spinning, – chemical materials or textile pulp, or – paper-making materials		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5111 to 5113	Woven fabrics of wool, of fine or coarse animal hair or of horsehair:	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
ex Chapter 52	Cotton; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
5204 to 5207	Yarn and thread of cotton	Manufacture from (g) raw silk or silk waste carded or combed or otherwise prepared for spinning, natural fibres not carded or combed or otherwise prepared for spinning, chemical materials or textile pulp, or paper-making materials		
5208 to 5212	Woven fabrics of cotton	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
ex Chapter 53	Other vegetable textile fibres; paper yarn and woven fabrics of paper yarn; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5306 to 5308	Yarn of other vegetable textile fibres; paper yarn	Manufacture from (g) – raw silk or silk waste carded or combed or otherwise prepared for spinning, – natural fibres not carded or combed or otherwise prepared for spinning, – chemical materials or textile pulp, or – paper-making materials		
5309 to 5311	Woven fabrics of other vegetable textile fibres; woven fabrics of paper yarn:	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
5401 to 5406	Yarn, monofilament and thread of man-made filaments	Manufacture from (g) – raw silk or silk waste carded or combed or otherwise prepared for spinning, – natural fibres not carded or combed or otherwise prepared for spinning, – chemical materials or textile pulp, or – paper-making materials		
5407 and 5408	Woven fabrics of man-made filament yarn:	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5501 to 5507	Man-made staple fibres	Manufacture from chemical materials or textile pulp		
5508 to 5511	Yarn and sewing thread of man-made staple fibres	Manufacture from (g) – raw silk or silk waste carded or combed or otherwise prepared for spinning, – natural fibres not carded or combed or otherwise prepared for spinning, – chemical materials or textile pulp, or – paper-making materials		
5512 to 5516	Woven fabrics of man-made staple fibres:	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatising, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
ex Chapter 56	Wadding, felt and non-wovens; special yarns; twine, cordage, ropes and cables and articles thereof; except for:	Manufacture from (g): – coir yarn, – natural fibres, – chemical materials or textile pulp, or – paper making materials		
5602	Felt, whether or not impregnated, coated, covered or laminated:			
	– Needleloom felt	Manufacture from (g): – natural fibres, – chemical materials or textile pulp		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Other	Manufacture from (g) – natural fibres, – man-made staple fibres, or – chemical materials or textile pulp		
5604	Rubber thread and cord, textile covered; textile yarn, and strip and the like of heading No 5404 or 5405, impregnated, coated, covered or sheathed with rubber or plastics:			
	– Rubber thread and cord, textile covered	Manufacture from rubber thread or cord, not textile covered		
	– Other	Manufacture from (g): – natural fibres not carded or combed or otherwise processed for spinning, – chemical materials or textile pulp, or – paper-making materials		
5605	Metallized yarn, whether or not gimped, being textile yarn, or strip or the like of heading No 5404 or 5405, combined with metal in the form of thread, strip or powder or covered with metal	Manufacture from (g): – natural fibres, – man-made staple fibres not carded or combed or otherwise processed for spinning, – chemical materials or textile pulp, or – paper-making materials		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5606	Gimped yarn, and strip and the like of heading No 5404 or 5405, gimped (other than those of heading No 5605 and gimped horsehair yarn); chenille yarn (including flock chenille yarn; loop wale-yarn	Manufacture from (g): – natural fibres, – man-made staple fibres not carded or combed or otherwise processed for spinning, – chemical materials or textile pulp, or – paper-making materials		
Chapter 57	Carpets and other textile floor coverings:			
	– Of needle loom felt	Manufacture from (g): – natural fibres, or – chemical materials or textile pulp. However jute fabric may be used as backing		
	– Of other felt	Manufacture from (g): – natural fibres not carded or combed or otherwise processed for spinning, or – chemical materials or textile pulp		
	Other	Manufacture from yarn (g). However jute fabric may be used as backing		
ex Chapter 58	Special woven fabrics; tufted textile fabrics; lace; tapestries; trimmings; embroidery; except for:	Manufacture from yarn (g)		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
5805	Hand-woven tapestries of the types gobelins, flanders, aubusson, beauvais and the like, and needle-worked tapestries (for example, petit point, cross stitch), whether or not made up	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5810	Embroidery in the piece, in strips or in motifs	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
5901	Textile fabrics coated with gum or amylaceous substances, of a kind used for the outer covers of books or the like; tracing cloth; prepared painting canvas; buckram and similar stiffened textile fabrics of a kind used for hat foundations	Manufacture from yarn		
5902	Tyre cord fabric of high tenacity yarn of nylon or other polyamides, polyesters or viscose rayon:	Manufacture from yarn		
5903	Textile fabrics impregnated, coated, covered or laminated with plastics, other than those of heading No 5902	Manufacture from yarn		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerising, heat setting, rasing, calendering, shrink resistance processing, permanent finishing, decatising, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
5904	Linoleum, whether or note cut to shape; floor coverings consisting of a coating or covering applied on a textile backing, whether or not cut to shape	Manufacture from yarn (g)		
5905	Textile wall coverings:	Manufacture from yarn		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
5906	Rubberized textile fabrics, other than those of heading No 5902:	Manufacture from yarn		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
5907	Textile fabrics otherwise impregnated, coated or covered; painted canvas being theatrical scenery, studio back-cloths or the like	Manufacture from yarn		Printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerising, heat setting, rasing, calendering, shrink resistance processing, permanent finishing, decatising, impregnating, mending and burling) where the value of the unprinted fabric used does not exceed 47,5 % of the ex-works price of the product
5908	Textile wicks, woven, plaited or knitted, for lamps, stoves, lighters, candles or the like; incandescent gas mantles and tubular knitted gas mantle fabric therefor, whether or not impregnated:			
	Incandescent gas mantles, impregnated	Manufacture from tubular knitted gas mantle fabric		
	Other	Manufacture in which all the materials used are classified within a heading other than that of the product		
5909 to 5911	Textile articles of a kind suitable for industrial use:			
	– Polishing discs or rings other than of felt of heading No 5911	Manufacture from yarn or waste fabrics or rags of heading No 6310		
	– Woven fabrics, of a kind commonly used in papermaking or other technical uses, felted or not, whether or not impregnated or coated, tubular or endless with single or multiple warp and/or weft, or flat woven with multiple warp and/or weft of heading No 5911	Manufacture from yarn (g)		
	– Other	Manufacture from yarn (g)		
Chapter 60	Knitted or crocheted fabrics	Manufacture from yarn (g)		
Chapter 61	Articles of apparel and clothing accessories, knitted or crocheted:			
	Obtained by sewing together or otherwise assembling, two or more pieces of knitted or crocheted fabric which have been either cut to form or obtained directly to form	Manufacture from fabric		
	– Other	Manufacture from yarn (h)		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 62	Articles of apparel and clothing accessories, not knitted or crocheted; except for:	Manufacture from fabric		
6213 and 6214	Handkerchiefs, shawls, scarves, mufflers, mantillas, veils and the like:			
	Embroidered	Manufacture from yarn (h) (g)		Manufacture from unembroidered fabric provided the value of the unembroidered fabric used does not exceed 40 % of the ex-works price of the product (g)
	– Other	Manufacture from yarn (h) (g)		Making up followed by printing accompanied by at least two preparatory or finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendering, shrink resistance processing, permanent finishing, decatizing, impregnating, mending and burling) where the value of the unprinted goods of heading Nos 6213 and 6214 used does not exceed 47,5 % of the ex-works price of the product
ex 6217	Other made up clothing accessories; parts of garments or of clothing accessories, other than those of heading No 6212:			
	Embroidered	Manufacture from yarn (h)		Manufacture from unembroidered fabric provided the value of the unembroidered fabric used does not exceed 40 % of the ex-works price of the product (h)
	– Fire-resistant equipment of fabric covered with foil of aluminized polyester	Manufacture from yarn (h)		Manufacture from uncoated fabric provided the value of the uncoated fabric used does not exceed 40 % of the ex-works price of the product (h)
	– Interlinings for collars and cuffs, cut out	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 63	Other made-up textile articles; sets; worn clothing and worn textile articles; rags; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
6301 to 6304	Blankets, travelling rugs, bed linen etc.; curtains etc.; other furnishing articles:			
	Of felt, of nonwovens	Manufacture from [h]: natural fibres, or chemical materials or textile pulp		
	Other:			
	Embroidered	Manufacture from yarn [g] [i]		Manufacture from unembroidered fabric (other than knitted or crocheted) provided the value of the unembroidered fabric used does not exceed 40 % of the ex-works price of the product
	Other	Manufacture from yarn [g] [i]		
6305	Sacks and bags, of a kind used for the packing of goods	Manufacture from yarn [g]		
6306	Tarpaulins, awnings and sunblinds; tents; sails for boats, sailboards or landcraft; camping goods:	Manufacture from fabric		
6307	Other made-up articles, including dress patterns	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
6308	Sets consisting of woven fabric and yarn, whether or not with accessories, for making up into rugs, tapestries, embroidered table cloths or serviettes, or similar textile articles, put up in packings for retail sale	Each item in the set must satisfy the rule which would apply to it if it were not included in the set. However, non-originating articles may be incorporated provided their total value does not exceed 25 % of the ex-works price of the set		
ex Chapter 64	Footwear, gaiters and the like; except for:	Manufacture from materials of any heading except for assemblies of uppers affixed to inner soles or to other sole components of heading No 6406		
6406	Parts of footwear (including uppers whether or not attached to soles other than outer soles); removable in-soles, heel cushions and similar articles; gaiters, leggings and similar articles, and parts thereof	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 65	Headgear and parts thereof, except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
6503	Felt hats and other felt headgear, made from the hat bodies, hoods or plateaux of heading No 6501, whether or not lined or trimmed	Manufacture from yarn or textile fibres (g)		
6505	Hats and other headgear, knitted or crocheted, or made up from lace, felt or other textile fabric, in the piece (but not in strips), whether or not lined or trimmed; hair-nets of any material, whether or not lined or trimmed	Manufacture from yarn or textile fibres (g)		
ex Chapter 66	Umbrellas, sun umbrellas, walking-sticks, seat-sticks, whips, riding-crops, and parts thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
6601	Umbrellas and sun umbrellas (including walking-stick umbrellas, garden umbrellas and similar umbrellas)	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
Chapter 67	Prepared feathers and down and articles made of feathers or of down; artificial flowers; articles of human hair	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 68	Articles of stone, plaster, cement, asbestos, mica or similar materials; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 6803	Articles of slate or of agglomerated slate	Manufacture from worked slate		
ex 6812	Articles of asbestos; articles of mixtures with a basis of asbestos or of mixtures with a basis of asbestos and magnesium carbonate	Manufacture from materials of any heading		
ex 6814	Articles of mica, including agglomerated or reconstituted mica, on a support of paper, paperboard or other materials	Manufacture from worked mica (including agglomerated or reconstituted mica)		
Chapter 69	Ceramic products	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 70	Glass and glassware; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 7003 ex 7004 and ex 7005	Glass with a non-reflecting layer	Manufacture from materials of heading No 7001		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
7006	Glass of heading No 7003, 7004 or 7005, bent, edge-worked, engraved, drilled, enamelled or otherwise worked, but not framed or fitted with other materials:			
	– glass plate substrate coated with dielectric thin film, semi-conductor grade, in accordance with SEMII standards (i)	Manufacture from non-coated glass plate substrate of heading No 7006		
	– other	Manufacture from materials of heading No 7001		
7007	Safety glass, consisting of toughened (tempered) or laminated glass	Manufacture from materials of heading No 7001		
7008	Multiple-walled insulating units of glass	Manufacture from materials of heading No 7001		
7009	Glass mirrors, whether or not framed, including rear-view mirrors	Manufacture from materials of heading No 7001		
7010	Carboys, bottles, flasks, jars, pots, phials, ampoules and other containers, of glass, of a kind used for the conveyance or packing of goods; preserving jars of glass; stoppers, lids and other closures, of glass	Manufacture in which all the materials used are classified within a heading other than that of the product		Cutting of glassware, provided the value of the uncut glassware does not exceed 50 % of the ex-works price of the product
7013	Glassware of a kind used for table, kitchen, toilet, office, indoor decoration or similar purposes (other than that of heading No 7010 or 7018)	Manufacture in which all the materials used are classified within a heading other than that of the product		Cutting of glassware, provided the value of the uncut glassware does not exceed 50 % of the ex-works price of the product or Hand-decoration (with the exception of silk-screen printing) of hand-blown glassware, provided the value of the hand-blown glassware does not exceed 50 % of the ex-works price of the product
ex 7019	Articles (other than yarn) of glass fibres	Manufacture from: uncoloured slivers, rovings, yarn or chopped strands, or glass wool		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 71	Natural or cultured pearls, precious or semi-precious stones, precious metals, metals clad with precious metal, and articles thereof; imitation jewellery; coin; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 7101	Natural or cultured pearls, graded and temporarily strung for convenience of transport	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 7102, ex 7103 and ex 7104	Worked precious or semi-precious stones (natural, synthetic or reconstructed)	Manufacture from unworked precious or semi-precious stones		
7106, 7108 and 7110	Precious metals:			
	Unwrought	Manufacture from materials not classified within heading No 7106, 7108 or 7110		Electrolytic, thermal or chemical separation of precious metals of heading No 7106, 7108 or 7110 or Alloying of precious metals of heading No 7106, 7108 or 7110 with each other or with base metals
	Semi-manufactured or in powder form	Manufacture from unwrought precious metals		
ex 7107, ex 7109 and ex 7111	Metals clad with precious metals, semi-manufactured	Manufacture from metals clad with precious metals, unwrought		
7116	Articles of natural or cultured pearls, precious or semi-precious stones (natural, synthetic or reconstructed)	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7117	Imitation jewellery	Manufacture in which all the materials used are classified within a heading other than that of the product		Manufacture from base metal parts, not plated or covered with precious metals, provided the value of all the materials used does not exceed 50 % of the ex-works price of the product
ex Chapter 72	Iron and steel; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
7207	Semi-finished products of iron or non-alloy steel	Manufacture from materials of heading No 7201, 7202, 7203, 7204 or 7205		
7208 to 7216	Flat-rolled products, bars and rods, angles, shapes and sections of iron or non-alloy steel	Manufacture from ingots or other primary forms or semi-finished materials of headings No 7206 or 7207		
7217	Wire of iron or non-alloy steel	Manufacture from semi-finished materials of heading No 7207		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 7218	Semi-finished products	Manufacture from materials of headings No 7201, 7202, 7203, 7204 or 7205		
7219 to 7222	Flat-rolled products, bars and rods, angles, shapes and sections of stainless steel	Manufacture from ingots or other primary forms or semi-finished materials of heading No 7218		
7223	Wire of stainless steel	Manufacture from semi-finished materials of heading No 7218		
ex 7224	Semi-finished products	Manufacture from materials of headings No 7201, 7202, 7203, 7204 or 7205		
7225 to 7228	Flat-rolled products, hot-rolled bars and rods, in irregularly wound coils; angles, shapes and sections, of other alloy steel; hollow drill bars and rods, of alloy or non-alloy steel	Manufacture from ingots or other primary forms or semi-finished materials of headings No 7206, 7207, 7218 or 7224		
7229	Wire of other alloy steel	Manufacture from semi-finished materials of heading No 7224		
ex Chapter 73	Articles of iron or steel; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 7301	Sheet piling	Manufacture from materials of heading No 7206		
7302	Railway or tramway track construction materials of iron or steel, the following: rails, checkrails and rackrails, switch blades, crossing frogs, point rods and other crossing pieces, sleepers (cross-ties), fish-plates, chairs, chair wedges, sole pates (base plates), rail clips, bedplates, ties and other material specialized for jointing or fixing rails	Manufacture from materials of heading No 7206		
7304, 7305 and 7306	Tubes, pipes and hollow profiles, of iron (other than cast iron) or steel	Manufacture from materials of heading No 7206, 7207, 7218 or 7224		
ex 7307	Tube or pipe fittings of stainless steel (ISO No X5CrNiMo 1712), consisting of several parts	Turning, drilling, reaming, threading, deburring and sandblasting of forged blanks the value of which does not exceed 35 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
7308	Structures (excluding prefabricated buildings of heading No 9406) and parts of structures (for example, bridges and bridge-sections, lock-gates, towers, lattice masts, roofs, roofing frame-works, doors and windows and their frames and thresholds for doors, shutters, balustrades, pillars and columns), of iron or steel; plates, rods, angles, shapes, sections, tubes and the like, prepared for use in structures, of iron or steel	Manufacture in which all the materials used are classified within a heading other than that of the product. However, welded angles, shapes and sections of heading No 7301 may not be used		
ex 7315	Skid chain	Manufacture in which the value of all the materials of heading No 7315 used does not exceed 50 % of the ex-works price of the product		
ex Chapter 74	Copper and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7401	Copper mattes; cement copper (precipitated copper)	Manufacture in which all the materials used are classified within a heading other than that of the product		
7402	Unrefined copper; copper anodes for electrolytic refining	Manufacture in which all the materials used are classified within a heading other than that of the product		
7403	Refined copper and copper alloys, unwrought:			
	– Refined copper	Manufacture in which all the materials used are classified within a heading other than that of the product		
	– Copper alloys and refined copper containing other elements	Manufacture from refined copper, unwrought, or waste and scrap of copper		
7404	Copper waste and scrap	Manufacture in which all the materials used are classified within a heading other than that of the product		
7405	Master alloys of copper	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 75	Nickel and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7501 to 7503	Nickel mattes, nickel oxide sinters and other intermediate products of nickel metallurgy; unwrought nickel; nickel waste and scrap	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 76	Aluminium and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7601	Unwrought aluminium	Manufacture in which: – all the materials used are classified within a heading other than that of the product; and – the value of all the materials used does not exceed 50 % of the ex-works price of the product		Manufacture by thermal or electrolytic treatment from unalloyed aluminium or waste and scrap of aluminium
7602	Aluminium waste or scrap	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 7616	Aluminium articles other than gauze, cloth, grill, netting, fencing, reinforcing fabric and similar materials (including endless bands) of aluminium wire, and expanded metal of aluminium	Manufacture in which: – all the materials used are classified within a heading other than that of the product. However, gauze, cloth, grill, netting, fencing, reinforcing fabric and similar materials (including endless bands) of aluminium wire, or expanded metal of aluminium may be used; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
Chapter 77	Reserved for possible future use in HS			
ex Chapter 78	Lead and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7801	Unwrought lead:			
	– Refined lead	Manufacture from 'bullion' or 'work' lead		
	– Other	Manufacture in which all the materials used are classified within a heading other than that of the product. However, waste and scrap of heading No 7802 may not be used		
7802	Lead waste and scrap	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 79	Zinc and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
7901	Unwrought zinc	Manufacture in which all the materials used are classified within a heading other than that of the product. However, waste and scrap of heading No 7902 may not be used		
7902	Zinc waste and scrap	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex Chapter 80	Tin and articles thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
8001	Unwrought tin	Manufacture in which all the materials used are classified within a heading other than that of the product. However, waste and scrap of heading No 8002 may not be used		
8002 and 8007	Tin waste and scrap; other articles of tin	Manufacture in which all the materials used are classified within a heading other than that of the product		
Chapter 81	Other base metals; cermets; articles thereof:			
	Other base metals, wrought; articles thereof	Manufacture in which the value of all the materials classified within the same heading as the product used does not exceed 50 % of the ex-works price of the product		
	– Other	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex Chapter 82	Tools, implements, cutlery, spoons and forks, of base metal; parts thereof of base metal; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
8206	Tools of two or more of the heading Nos 8202 to 8205, put up in sets for retail sale	Manufacture in which all the materials used are classified within a heading other than heading Nos 8202 to 8205. However, tools of heading Nos 8202 to 8205 may be incorporated into the set provided their value does not exceed 15 % of the ex-works price of the set		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8207	Interchangeable tools for hand tools, whether or not power-operated, or for machine-tools (for example, for pressing, stamping, punching, tapping, threading, drilling, boring, broaching, milling, turning, or screw-driving), including dies for drawing or extruding metal, and rock drilling or earth boring tools	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8208	Knives and cutting blades, for machines or for mechanical appliances	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 8211	Knives with cutting blades, serrated or not (including pruning knives), other than knives of heading No 8208	Manufacture in which all the materials used are classified within a heading other than that of the product. However, knife blades and handles of base metal may be used		
8214	Other articles of cutlery (for example, hair clippers, butchers' or kitchen cleavers, choppers and mincing knives, paper knives); manicure or pedicure sets and instruments (including nail files)	Manufacture in which all the materials used are classified within a heading other than that of the product. However, handles of base metal may be used		
8215	Spoons, forks, ladles, skimmers, cake-servers, fish-knives, butter-knives, sugar tongs and similar kitchen or tableware	Manufacture in which all the materials used are classified within a heading other than that of the product. However, handles of base metal may be used		
ex Chapter 83	Miscellaneous articles of base metal; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 8302	Other mountings, fittings and similar articles suitable for buildings, and automatic door closers	Manufacture in which all the materials used are classified within a heading other than that of the product. However, the other materials of heading No 8302 may be used provided their value does not exceed 20 % of the ex-works price of the product		
ex 8306	Statuettes and other ornaments, of base metal	Manufacture in which all the materials used are classified within a heading other than that of the product. However, the other materials of heading No 8306 may be used provided their value does not exceed 30 % of the ex-works price of the product		
ex Chapter 84	Nuclear reactors, boilers, machinery and mechanical appliances; parts thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 8401	Nuclear fuel elements	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the final product		
8402	Steam or other vapour generating boilers (other than central heating hot water boilers capable also of producing low pressure steam); super heated water boilers	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
840 and ex 8404	Central heating boilers other than those of heading No 8402 and auxiliary plant for central heating boilers	Man acture in u which all the materials used are classified within a heading other than heading No 8403 or 8404		Ma acture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
8406	Steam turbines and other vapour turbines	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8407	Spark-ignition reciprocating or rotary internal combustion piston engines	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8408	Compression-ignition internal combustion piston engines (diesel or semi-diesel engines)	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8409	Parts suitable for use solely or principally with the engines of heading No 8407 or 8408	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8411	Turbo-jets, turbo propellers and other gas turbines	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8412	Other engines and motors	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 8413	Rotary positive displacement pumps	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
ex 8414	Industrial fans, blowers and the like	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8415	Air conditioning machines, comprising a motor-driven fan and elements for changing the temperature and humidity, including those machines in which the humidity cannot be separately regulated	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8418	Refrigerators, freezers and other refrigerating or freezing equipment, electric or other; heat pumps other than air conditioning machines of heading No 8415	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product; – the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
ex 8419	Machines for wood, paper pulp and paperboard industries	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8420	Calendering or other rolling machines, other than for metals or glass, and cylinders therefor	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8423	Weighing machinery (excluding balances of a sensitivity of 5 cg or better), including weight operated counting or checking machines; weighing machine weights of all kinds	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8425 to 8428	Lifting, handling, loading or unloading machinery	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8431 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8429	Self-propelled bulldozers, angledozers, graders, levellers, scrapers, mechanical shovels, excavators, shovel loaders, tamping machines and road rollers:			
	– Road rollers	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
	– Other	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8431 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8430	Other moving, grading, levelling, scraping, excavating, tamping, compacting, extracting or boring machinery, for earth, minerals or ores; pile-drivers and pile-extractors; snow-ploughs and snow-blowers	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the value of the materials classified within heading No 8431 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 8431	Parts suitable for use solely or principally with road rollers	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8439	Machinery for making pulp of fibrous cellulosic material or for making or finishing paper or paperboard	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8441	Other machinery for making up paper pulp, paper or paperboard, including cutting machines of all kinds	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8444 to 8447	Machines of these headings for use in the textile industry	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 8448	Auxiliary machinery for use with machines of headings Nos 8444 and 8445	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8452	Sewing machines, other than book-sewing machines of heading No 8440; furniture, bases and covers specially designed for sewing machines; sewing machine needles:			
	– Sewing machines (lock stitch only) with heads of a weight not exceeding 16 kg without motor or 17 kg with motor	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used in assembling the head (without motor) does not exceed the value of the originating materials used; – where the thread tension, crochet and zigzag mechanisms used are already originating		
	– Other	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8456 to 8466	Machine-tools and machines and their parts and accessories of headings Nos 8456 to 8466	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8469 to 8472	Office machines (for example, typewriters, calculating machines, automatic data processing machines, duplicating machines, stapling machines)	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8480	Moulding boxes for metal foundry; mould bases; moulding patterns; moulds for metal (other than ingot moulds), metal carbides, glass, mineral materials, rubber or plastics	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
8482	Ball or roller bearings	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8484	Gaskets and similar joints of metal sheeting combined with other material or of two or more layers of metal; sets or assortments of gaskets and similar joints, dissimilar in composition, put up in pouches, envelopes or similar packings; mechanical seals	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8485	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this Chapter	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex Chapter 85	Electrical machinery and equipment and parts thereof; sound recorders and reproducers, television image and sound recorders and reproducers, and parts and accessories of such articles; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product; the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8501	Electric motors and generators (excluding generating sets)	Manufacture: in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; where, within the above limit, the materials classified within heading No 8503 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8502	Electric generating sets and rotary converters	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8501 or 8503, taken together, are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 8504	Power supply units for automatic data-processing machines	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 8518	Microphones and stands therefor; loudspeakers, whether or not mounted in their enclosures; audio-frequency electric amplifiers; electric sound amplifier sets	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8519	Turntables (record-decks), record-players, cassette- players and other sound reproducing apparatus, not incorporating a sound recording device	Manufacture: in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8520	Magnetic tape recorders and other sound recording apparatus, whether or not incorporating a sound reproducing device	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8521	Video recording or reproducing apparatus, whether or not incorporating a video tuner	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8522	Parts and accessories suitable for use solely or principally with the apparatus of heading Nos 8519 to 8521	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8523	Prepared unrecorded media for sound recording or similar recording of other phenomena, other than products of Chapter 37	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8524	Records, tapes and other recorded media for sound or other similarly recorded phenomena, including matrices and masters for the production of records, but excluding products of Chapter 37:			
	– Matrices and masters for the production of records	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
	– Other	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8523 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8525	Transmission apparatus for radio-telephony, radio-telegraphy, radio-broadcasting or television, whether or not incorporating reception apparatus or sound recording or reproducing apparatus; television cameras; still image video cameras and other video camera recorders	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8526	Radar apparatus, radio navigational aid apparatus and radio remote control apparatus	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8527	Reception apparatus for radio-telephony, radio-telegraphy or radio broadcasting, whether or not combined, in the same housing, with sound recording or reproducing apparatus or a clock	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8528	Reception apparatus for television, whether or not incorporating radio broadcast receivers or sound or video recording or reproducing apparatus; video monitors and video projectors	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8529	Parts suitable for use solely or principally with the apparatus of heading Nos 8525 to 8528:			
	– Suitable for use solely or principally with video recording or reproducing apparatus	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
	– Other	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8535 and 8536	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8538 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8537	Boards, panels, consoles, desks, cabinets and other bases, equipped with two or more apparatus of heading No 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments or apparatus of Chapter 90, and numerical control apparatus, other than switching apparatus of heading No 8517	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8538 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 8541	Diodes, transistors and similar semi-conductor devices, except wafers not yet cut into chips	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
8542	Electronic integrated circuits and microassemblies	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 8541 or 8542, taken together, are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8544	Insulated (including enamelled or anodised) wire, cable (including coaxial cable) and other insulated electric conductors, whether or not fitted with connectors; optical fibre cables, made up of individually sheathed fibres, whether or not assembled with electric conductors or fitted with connectors	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8545	Carbon electrodes, carbon brushes, lamp carbons, battery carbons and other articles of graphite or other carbon, with or without metal, of a kind used for electrical purposes	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8546	Electrical insulators of any material	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8547	Insulating fittings for electrical machines, appliances or equipment, being fittings wholly of insulating materials apart from any minor components of metal (for example, threaded sockets) incorporated during moulding solely for purposes of assembly other than insulators of heading No 8546; electrical conduit tubing and joints therefor, of base metal lined with insulating material	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
8548	Waste and scrap of primary cells, primary batteries and electric accumulators; spent primary cells, spent primary batteries and spent electric accumulators; electrical parts of machinery or apparatus, not specified or included elsewhere in this Chapter	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex Chapter 86	Railway or tramway locomotives, rolling-stock and parts thereof; railway or tramway track fixtures and fittings and parts thereof; mechanical (including electro-mechanical) traffic signaling equipment of all kinds; except for:	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status	
(1)	(2)	(3) or	(4)
8608	Railway or tramway track fixtures and fittings; mechanical (including electro-mechanical) signalling, safety or traffic control equipment for railways, tramways, roads, inland waterways, parking facilities, port installations or airfields; parts of the foregoing	Manufacture in which: all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex Chapter 87	Vehicles other than railway or tramway rolling-stock, and parts and accessories thereof; except for:	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product	
8709	Works trucks, self-propelled, not fitted with lifting or handling equipment, of the type used in factories, warehouses, dock areas or airports for short distance transport of goods; tractors of the type used on railway station platforms; parts of the foregoing vehicles	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8710	Tanks and other armoured fighting vehicles, motorized, whether or not fitted with weapons, and parts of such vehicles	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product	Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8711	Motorcycles (including mopeds) and cycles fitted with an auxiliary motor, with or without side-cars; side-cars:		
	With reciprocating internal combustion piston engine of a cylinder capacity:		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	Not exceeding 50 cc	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 20 % of the ex-works price of the product
	Exceeding 50 cc	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
	Other	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 8712	Bicycles without ball bearings	Manufacture from materials not classified in heading No 8714		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
8715	Baby carriages and parts thereof	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
8716	Trailers and semi-trailers; other vehicles, not mechanically propelled; parts thereof	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex Chapter 88	Aircraft, spacecraft, and parts thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex 8804	Rotochutes	Manufacture from materials of any heading including other materials of heading No 8804		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
8805	Aircraft launching gear; deck-arrestor or similar gear; ground flying trainers; parts of the foregoing articles	Manufacture in which all the materials used are classified within a heading other than that of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
Chapter 89	Ships, boats and floating structures	Manufacture in which all the materials used are classified within a heading other than that of the product. However, hulls of heading No 8906 may not be used		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
ex Chapter 90	Optical, photographic, cinematographic, measuring, checking, precision, medical or surgical instruments and apparatus; parts and accessories thereof; except for:	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9001	Optical fibres and optical fibre bundles; optical fibre cables other than those of heading No 8544; sheets and plates of polarizing material; lenses (including contact lenses), prisms, mirrors and other optical elements, of any material, unmounted, other than such elements of glass not optically worked	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9002	Lenses, prisms, mirrors and other optical elements, of any material, mounted, being parts of or fittings for instruments or apparatus, other than such elements of glass not optically worked	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9004	Spectacles, goggles and the like, corrective, protective or other	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex 9005	Binoculars, monoculars, other optical telescopes, and mountings therefor, except for astronomical refracting telescopes and mountings therefor	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product; – the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 9006	Photographic (other than cinematographic) cameras; photographic flashlight apparatus and flashbulbs other than electrically ignited flashbulbs	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product; – the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9007	Cinematographic cameras and projectors, whether or not incorporating sound recording or reproducing apparatus	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product; – the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9011	Compound optical microscopes, including those for photomicrography, cinephotomicrography or microprojection	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product; – the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
ex 9014	Other navigational instruments and appliances	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9015	Surveying (including photogrammetrical surveying), hydrographic, oceanographic, hydrological, meteorological or geophysical instruments and appliances, excluding compasses; rangefinders	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9016	Balances of a sensitivity of 5 cg or better, with or without weights	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9017	Drawing, marking-out or mathematical calculating instruments (for example, drafting machines, pantographs, protractors, drawing sets, slide rules, disc calculators); instruments for measuring length, for use in the hand (for example, measuring rods and tapes, micrometers, callipers), not specified or included elsewhere in this Chapter	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9018	Instruments and appliances used in medical, surgical, dental or veterinary sciences, including scintigraphic apparatus, other electro-medical apparatus and sight-testing instruments:			
	– Dentists' chairs incorporating dental appliances or dentists' spittoons	Manufacture from materials of any heading, including other materials of heading No 9018		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product
	– Other	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
9019	Mechano-therapy appliances; massage apparatus; psychological aptitude-testing apparatus; ozone therapy, oxygen therapy, aerosol therapy, artificial respiration or other therapeutic respiration apparatus	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product
9020	Other breathing appliances and gas masks, excluding protective masks having neither mechanical parts nor replaceable filters	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 25 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9024	Machines and appliances for testing the hardness, strength, compressibility, elasticity or other mechanical properties of materials (for example, metals, wood, textiles, paper, plastics)	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9025	Hydrometers and similar floating instruments, thermometers, pyrometers, barometers, hygrometers and psychrometers, recording or not, and any combination of these instruments	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9026	Instruments and apparatus for measuring or checking the flow, level, pressure or other variables of liquids or gases (for example, flow meters, level gauges, manometers, heat meters), excluding instruments and apparatus of heading No 9014, 9015, 9028 or 9032	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9027	Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analysis apparatus); instruments and apparatus for measuring or checking viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or checking quantities of heat, sound or light (including exposure meters); microtomes	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9028	Gas, liquid or electricity supply or production meters, including calibrating meters therefor:			
	– Parts and accessories	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
	– Other	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9029	Revolution counters, production counters, taximeters, mileometers, pedometers and the like; speed indicators and tachometers, other than those of heading Nos 9014 or 9015; stroboscopes	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9030	Oscilloscopes, spectrum analysers and other instruments and apparatus for measuring or checking electrical quantities, excluding meters of heading No 9028; instruments and apparatus for measuring or detecting alpha, beta, gamma, X-ray, cosmic or other ionizing radiations	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9031	Measuring or checking instruments, appliances and machines, not specified or included elsewhere in this Chapter; profile projectors	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9032	Automatic regulating or controlling instruments and apparatus	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
9033	Parts and accessories (not specified or included elsewhere in this Chapter) for machines, appliances, instruments or apparatus of Chapter 90	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
ex Chapter 91	Clocks and watches and parts thereof; except for:	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9105	Other clocks	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9109	Clock movements, complete and assembled	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where the value of all the non-originating materials used does not exceed the value of the originating materials used		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9110	Complete watch or clock movements, unassembled or partly assembled (movement sets); incomplete watch or clock movements, assembled; rough watch or clock movements	Manufacture: – in which the value of all the materials used does not exceed 40 % of the ex-works price of the product; – where, within the above limit, the materials classified within heading No 9114 are only used up to a value of 10 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9111	Watch cases and parts thereof	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
9112	Clock cases and cases of a similar type for other goods of this Chapter, and parts thereof	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 40 % of the ex-works price of the product		Manufacture in which the value of all the materials used does not exceed 30 % of the ex-works price of the product
9113	Watch straps, watch bands and watch bracelets, and parts thereof:			
	– Of base metal, whether or not gold- or silver-plated, or of metal clad with precious metal	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
	– Other	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
Chapter 92	Musical instruments; parts and accessories of such articles	Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product		
Chapter 93	Arms and ammunition; parts and accessories thereof	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex Chapter 94	Furniture; bedding, mattresses, mattress supports, cushions and similar stuffed furnishings; lamps and lighting fittings, not elsewhere specified or included; illuminated signs, illuminated name-plates and the like; prefabricated buildings; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
ex 9401 and ex 9403	Base metal furniture, incorporating unstuffed cotton cloth of a weight of 300 g/m2 or less	Manufacture in which all the materials used are classified in a heading other than that of the product or Manufacture from cotton cloth already made up in a form ready for use of heading No 9401 or 9403, provided:		Manufacture in which the value of all the materials used does not exceed 40 % of the ex-works price of the product

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
		– its value does not exceed 25 % of the ex-works price of the product; – all the other materials used are already originating and are classified in a heading other than heading No 9401 or 9403		
9405	Lamps and lighting fittings including searchlights and spotlights and parts thereof, not elsewhere specified or included; illuminated signs, illuminated name-plates and the like, having a permanently fixed light source, and parts thereof not elsewhere specified or included	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
9406	Prefabricated buildings	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex Chapter 95	Toys, games and sports requisites; parts and accessories thereof; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
9503	Other toys; reduced-size ('scale') models and similar recreational models, working or not; puzzles of all kinds	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
ex 9506	Golf clubs and parts thereof	Manufacture in which all the materials used are classified within a heading other than that of the product. However, roughly shaped blocks for making golf club heads may be used		
ex Chapter 96	Miscellaneous manufactured articles; except for:	Manufacture in which all the materials used are classified within a heading other than that of the product		
ex 9601 and ex 9602	Articles of animal, vegetable or mineral carving materials	Manufacture from 'worked' carving materials of the same heading		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 9603	Brooms and brushes (except for besoms and the like and brushes made from marten or squirrel hair), hand-operated mechanical floor sweepers, not motorized, paint pads and rollers, squeegees and mops	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product		
9605	Travel sets for personal toilet, sewing or shoe or clothes cleaning	Each item in the set must satisfy the rule, which would apply to it if it were not included in the set However, non-originating articles may be incorporated, provided their total value does not exceed 15 % of the ex-works price of the set		
9606	Buttons, press-fasteners, snap-fasteners and press-studs, button moulds and other parts of these articles; button blanks	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		
9608	Ball-points pens; felt-tipped and other porous-tipped pens and markers; fountain pens, stylograph pens and other pens; duplicating stylos; propelling or sliding pencils; penholders, pencil-holders and similar holders; parts (including caps and clips) of the foregoing articles, other than those of heading No 9609	Manufacture in which all the materials used are classified within a heading other than that of the product. However, nibs or nib-points classified within the same heading may be used		
9612	Typewriter or similar ribbons, inked or otherwise prepared for giving impressions, whether or not on spools or in cartridges; ink-pads, whether or not inked, with or without boxes	Manufacture in which: – all the materials used are classified within a heading other than that of the product; – the value of all the materials used does not exceed 50 % of the ex-works price of the product		

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status		
(1)	(2)	(3)	or	(4)
ex 9613	Lighters with piezo-igniter	Manufacture in which the value of all the materials of heading No 9613 used does not exceed 30 % of the ex-works price of the product		
ex 9614	Smoking pipes and pipe bowls	Manufacture from roughly shaped blocks		
Chapter 97	Works of art, collectors' pieces and antiques	Manufacture in which all the materials used are classified within a heading other than that of the product		

(a) For the special conditions relating to 'specific processes' see Introductory Notes 7.1 and 7.3.

(b) For the special conditions relating to 'specific processes' see Introductory Note 7.2.

(c) Note 3 to Chapter 32 says that these preparations are those of a kind used for colouring any material or used as ingredients in the manufacturing of colouring preparations, provided they are not classified in another heading in Chapter 32.

(d) A 'group' is regarded as any part of the heading separated from the rest by a semi-colon.

(e) In the case of the products composed of materials classified both within heading Nos. 3901 to 3906, on the one hand, and within heading Nos. 3907 to 3911, on the other hand, this restriction only applies to the group of materials which predominates by weight in the product.

(f) The following foils shall be considered as highly transparent: foils, the optical dimming of which – measured according to ASTM-D 1003-16 by Gardener Hazemeter (i.e. Hazefactor) – is less than 2 percent.

(g) For special conditions relating to products made of a mixture of textile materials, see Introductory Note 5.

(h) See Introductory Note 6.

(i) For knitted or crocheted articles, not elastic or rubberized, obtained by sewing or assembling pieces of knitted or crocheted fabrics (cut out or knitted directly to shape), see Introductory Note 6.

(j) SEMII-Semiconductor Equipment and Materials Institute Incorporated.

ANNEX II(A)

Derogations from the list of working or processing required to be carried out on non-originating materials in order that the product manufactured can obtain originating status, according to Article 6(2)

The products mentioned in the list may not all be covered by the Agreement. It is therefore necessary to consult the other parts of the Agreement.

Common provisions

1. For the products described in the table below, the following rules may also apply instead of the rules set out in Annex II.

2. A proof of origin issued or made out pursuant to this Annex shall contain the following statement in English:

   'Derogation – Annex II(a) of Protocol … – Materials of HS heading No … originating from … used.'

   These statements shall be contained in box 7 of movement certificates EUR.1 referred to in Article 16 of the Protocol, or shall be added to the invoice declaration referred to in Article 20 of the Protocol.

3. The SADC EPA States and the Member States of the Community shall take the measures necessary on their part to implement this Annex.

HS heading	Description of product	Working or processing, carried out on non-originating materials, which confers originating status
ex Chapter 4	Dairy produce, - with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture in which all the materials of Chapter 4 used are wholly obtained
Chapter 6	Live trees and other plants; bulbs, roots and the like; cut flowers and ornamental foliage	Manufacture in which all the materials of Chapter 6 used are wholly obtained.
ex Chapter 8	Edible fruit and nuts; peel of citrus fruits or melons, – with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture in which all the materials of Chapter 8 used are wholly obtained,
ex 1101 to ex 1104	Products of the milling industry, of cereals other than rice	Manufacture from cereals of Chapter 10, other than rice of heading 1006
Chapter 12	Oil seed, oleaginous fruits; miscellaneous grain, seed, fruit; industrial or medical plants; straw and fodder	Manufacture from materials of any heading except that of the product
1301	Lac; natural gums, resins, gum-resins and oleoresins (for example, balsams)	Manufacture in which the value of all the materials of heading 1301 used does not exceed 60 % of the ex-works price of the product
ex 1302	Vegetable saps and extracts; pectics substances, pectinates and pectates; agar-agar and other mucilages and thickeners, whether or not modified, derived from vegetable products: – other than mucilages and thickeners, modified, derived from vegetable products	Manufacture in which the value of all the materials used does not exceed 60 % of the ex-works price of the product
ex 1506	Other animal fats and oils and their fractions, whether or not refined, but not chemically modified; – other than solid fractions	Manufacture from materials of any heading except that of the product

HS heading	Description of product	Working or processing, carried out on non-originating materials, which confers originating status
ex 1507 to ex 1515	Vegetable oils and their fractions:	
	– Soya, ground nut, palm, copra, palm kernel, babassu, tung and oiticica oil, myrtle wax and Japan wax, fractions of jojoba oil and oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption	Manufacture from materials of any subheading except that of the product
	– other than olive oils under headings 1509 and 1510	Manufacture from materials of any heading except that of the product
ex 1516	Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised, whether or not refined, but not further prepared: – fats and oils and their fractions of hydrogenated castor oil, so called 'opal wax'	Manufacture from materials classified in a heading other than that of the product
ex Chapter 18	Cocoa and cocoa preparations, – with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture from materials of any heading, except that of the product
ex 1901	Food preparations of flour, groats, meal, starch or malt extract, not containing cocoa in more than 40 % by weight calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of heading 0401 to 0404, not containing cocoa in more than 5 % by weight calculated on a totally defatted basis, not elsewhere specified or included. – with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture from materials of any heading, except that of the product
1902	Pasta, whether or not cooked or stuffed (with meat or other substances) or otherwise prepared, such as spaghetti, macaroni, noodles, lasagne, gnocchi, ravioli, cannelloni; couscous, whether or not prepared	
	– containing 20 % or less by weight of meat, meat offal, fish, crustaceans or molluscs	Manufacture in which all the products of Chapter 11 used are originating
	– containing more than 20 % by weight of meat, meat offal, fish, crustaceans or molluscs	Manufacture in which: – all the products of Chapter 11 used are originating, – all the materials of Chapters 2 and 3 used are wholly obtained
1903	Tapioca and substitutes thereof prepared from starch, in the form of flakes, grains, pearls, sifting or similar forms: – with a content of materials of heading 1108 13 (potato starch) not more than 20 % by weight	Manufacture from materials of any heading, except that of the product

HS heading	Description of product	Working or processing, carried out on non-originating materials, which confers originating status
1904	Prepared foods obtained by the swelling or roasting of cereals or cereal products (for example, corn flakes); cereals (other than maize (corn)) in grain form or in the form of flakes or other worked grains (except flour, groats and meal), pre-cooked or otherwise prepared, not elsewhere specified or included: – with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture: – from materials of any heading, except those of heading 1806, – in which all the products of Chapter 11 used are originating
1905	Bread, pastry, cakes, biscuits and other bakers' wares, whether or not containing cocoa; communion wafers, empty cachets of a kind suitable for pharmaceutical use, sealing wafers, rice paper and similar products	Manufacture in which all the products of Chapter 11 used are originating
ex Chapter 20	Preparations of vegetables, fruit, nuts or other parts of plants: – from materials other than those of subheading 0711 51 – from materials other than of headings 2002, 2003, 2008 and 2009 – with a content of materials of Chapter 17 not more than 20 % by weight	Manufacture in which the value of all the materials used does not exceed 60 % of the ex-works price of the product
ex Chapter 21	Miscellaneous edible preparations: – with a content of materials of Chapters 4 and 17 not more than 20 % by weight	Manufacture in which the value of all the materials used does not exceed 60 % of the ex-works price of the product
ex Chapter 23	Residues and waste from the food industries; prepared animal fodder: – with a content of maize or materials of Chapters 2, 4 and 17 not more than 20 % by weight	Manufacture in which the value of all the materials used does not exceed 60 % of the ex-works price of the product

ANNEX III

Form for movement certificate

1. Movement certificates EUR.1 shall be made out on the form of which a specimen appears in this Annex. This form shall be printed in one or more of the languages in which the Agreement is drawn up. Certificates shall be made out in one of these languages and in accordance with the provisions of the domestic law of the exporting State if they are hand-written, they shall be completed in ink and in capital letters.

2. Each certificate shall measure 210 × 297mm, a tolerance of up to plus 8mm or minus 5mm in the length may be allowed. The paper used must be white, sized for writing, not containing mechanical pulp and weighing not less than 25g/m2. It shall have a printed green guilloche pattern background making any falsification by mechanical or chemical means apparent to the eye.

3. The exporting States may reserve the right to print the certificates themselves or may have them printed by approved printers. In the latter case each certificate must include a reference to such approval. Each certificate must bear the name and address of the printer or a mark by which the printer can be identified. It shall also bear a serial number, either printed or not, by which it can be identified.

MOVEMENT CERTIFICATE

1. **Exporter** (name, full address, country)	**EUR.1 No A 000 000** See notes overleaf before completing this form
3. **Consignee** (name, full address, country) (Optional)	2. **Certificate used in preferential trade between** ..... **and** ..... (insert appropriate countries, groups of countries or territories)
	4. **Country, group of countries or territory in which the products are considered as originating** / 5. **Country, group of countries or territory of destination**
6. **Transport details** (Optional)	7. **Remarks**

8. **Item number; Marks and numbers; Number and kind of package** (1)**; Description of goods**	9. **Gross mass (kg) or other measure (litres, m^3, etc.)**	10. **Invoices** (Optional)

11. **CUSTOMS ENDORSEMENT**	12. **DECLARATION BY THE EXPORTER**
Declaration certified Export document (2) Form ..... No ..... Customs office ..... Issuing country or territory .... Date .... *(Signature)* Stamp	I, the undersigned, declare that the goods described above meet the conditions required for the issue of this certificate. *Place and date* .... *(Signature)*

(1) If goods are not packed, indicate number of articles or state 'In bulk' as appropriate.
(2) Complete only where the regulations of the exporting country or territory require.

13. **Request for verification,** to:	14. **Result of verification**
	Verification carried out shows that this certificate (*) ☐ was issued by the customs office indicated and that the information contained therein is accurate. ☐ does not meet the requirements as to authenticity and accuracy (see remarks appended).
Verification of the authenticity and accuracy of this certificate is requested ..... *(Place and date)* ..... *(Signature)* Stamp	..... *(Place and date)* ..... *(Signature)* Stamp (*) Insert X in the appropriate box.

NOTES

1. Certificates must not contain erasures or words written over one another. Any alterations must be made by deleting the incorrect particulars and adding any necessary corrections. Any such alteration must be initialled by the person who completed the certificate and endorsed by the customs authorities of the issuing country or territory.

2. No spaces must be left between the items entered on the certificate and each item must be preceded by an item number. A horizontal line must be drawn immediately below the last item. Any unused space must be struck through in such a manner as to make any later additions impossible.

3. Goods must be described in accordance with commercial practice and with sufficient detail to enable them to be identified.

APPLICATION FOR A MOVEMENT CERTIFICATE

1. **Exporter** (name, full address, country)	**EUR.1 No A 000 000** See notes overleaf before completing this form	
	2. **Application for a certificate to be used in preferential trade between** ..... **and** ..... (insert appropriate countries or groups of countries or territories)	
3. **Consignee** (name, full address, country) (Optional)	4. **Country, group of countries or territory in which the products are considered as originating**	5. **Country, group of countries or territory of destination**
6. **Transport details** (Optional)	7. **Remarks**	

8. **Item number; Marks and numbers; Number and kind of packages** (1); **Description of goods**	9. **Gross mass (kg) or other measure (litres, m^3, etc.)**	10. **Invoices** (Optional)

(1) If goods are not packed, indicate number of articles or state 'In bulk' as appropriate.

DECLARATION BY THE EXPORTER

I, the undersigned, exporter of the goods described overleaf,

DECLARE that the goods meet the conditions required for the issue of the attached certificate;

SPECIFY as follows the circumstances which have enabled these goods to meet the above conditions:

.....

.....

.....

.....

.....

SUBMIT the following supporting documents ([1]):

.....

.....

.....

.....

.....

UNDERTAKE to submit, at the request of the appropriate authorities, any supporting evidence which these authorities may require for the purpose of issuing the attached certificate, and undertake, if required, to agree to any inspection of my accounts and to any check on the processes of manufacture of the above goods, carried out by the said authorities;

REQUEST the issue of the attached certificate for these goods.

.....

.....

.....

.....

.....

.....

(Place and date)

.....

(Signature)

([1]) For example, import documents, movement certificates, manufacturer's declarations, etc. referring to the products used in manufacture or to the goods re-exported in the same state.

ANNEX IV

Invoice declaration

The invoice declaration, the text of which is given below, must be made out in accordance with the footnotes. However, the footnotes do not have to be reproduced.

Bulgarian version

Износителят на продуктите, обхванати от този документ (митническо разрешение № … ([1])) декларира, че освен ако не е посочено друго, тези продукти са с преференциален произход … ([2]).

Spanish version

El exportador de los productos incluidos en el presente documento (autorización aduanera nº … ([1])) declara que, salvo indicación en sentido contrario, estos productos gozan de un origen preferencial … ([2]).

Czech version

Vývozce výrobků uvedených v tomto dokumentu (číslo povolení … ([1])) prohlašuje, že kromě zřetelně označených mají tyto výrobky preferenční původ v … ([2]).

Danish version

Eksportøren af varer, der er omfattet af nærværende dokument, (toldmyndighedernes tilladelse nr. … ([1])), erklærer, at varerne, medmindre andet tydeligt er angivet, har præferenceoprindelse i … ([2]).

German version

Der Ausführer (Ermächtigter Ausführer; Bewilligungs-Nr. … ([1])) der Waren, auf die sich dieses Handelspapier bezieht, erklärt, dass diese Waren, soweit nicht anderes angegeben, präferenzbegünstigte … ([2]) Ursprungswaren sind.

Estonian version

Käesoleva dokumendiga hõlmatud toodete eksportija (tolli kinnitus nr. … ([1])) deklareerib, et need tooted on … ([2]) sooduspäritoluga, välja arvatud juhul, kui on selgelt näidatud teisiti.

Greek version

Ο εξαγωγέας των προϊόντων που καλύπτονται από το παρόν έγγραφο (άδεια τελωνείου υπ'αριθ. … ([1])) δηλώνει ότι, εκτός εάν δηλώνεται σαφώς άλλως, τα προϊόντα αυτά είναι προτιμησιακής καταγωγής … ([2]).

English version

The exporter of the products covered by this document (customs authorisation No … ([1])) declares that, except where otherwise clearly indicated, these products are of … ([2]) preferential origin.

French version

L'exportateur des produits couverts par le présent document (autorisation douanière nº … ([1])) déclare que, sauf indication claire du contraire, ces produits ont l'origine préférentielle … ([2]).

Italian version

L'esportatore delle merci contemplate nel presente documento (autorizzazione doganale n. … ([1])) dichiara che, salvo indicazione contraria, le merci sono di origine preferenziale … ([2]).

Latvian version

To produktu eksportētājs, kuri ietverti šajā dokumentā (muitas atļauja Nr. … ([1])), deklarē, ka, izņemot tur, kur ir citādi skaidri noteikts, šiem produktiem ir preferenciāla izcelsme … ([2]).

Lithuanian version

Šiame dokumente išvardytų prekių eksportuotojas (muitinės liudijimo Nr … ([1])) deklaruoja, kad, jeigu kitaip nenurodyta, tai yra … ([2]) preferencinės kilmės prekės.

Hungarian version

A jelen okmányban szereplő áruk exportőre (vámfelhatalmazási szám: … ([1])) kijelentem, hogy eltérő egyértelmű jelzés hiányában az áruk preferenciális … ([2]) származásúak.

Maltese version

L-esportatur tal-prodotti koperti b'dan id-dokument (awtorizzazzjoni tad-dwana nru. … ([1])) jiddikjara li, ħlief fejn indikat b'mod ċar li mhux hekk, dawn il-prodotti huma ta' oriġini preferenzjali … ([2]).

Dutch version

De exporteur van de goederen waarop dit document van toepassing is (douanevergunning nr. … ([1])), verklaart dat, behoudens uitdrukkelijke andersluidende vermelding, deze goederen van preferentiële oorsprong zijn uit … ([2]).

Polish version

Eksporter produktów objętych tym dokumentem (upoważnienie władz celnych nr … ([1])) deklaruje, że z wyjątkiem gdzie jest to wyraźnie określone, produkty te mają preferencyjne pochodzenie z … ([2]).

Portuguese version

O abaixo-assinado, exportador dos produtos abrangidos pelo presente documento (autorização aduaneira n.º … ([1])), declara que, salvo indicação expressa em contrário, estes produtos são de origem preferencial … ([2]).

Romanian version

Exportatorul produselor ce fac obiectul acestui document (autorizația vamală nr. … ([1])) declară că, exceptând cazul în care în mod expres este indicat altfel, aceste produse sunt de origine preferențială … ([2]).

Slovenian version

Izvoznik blaga, zajetega v tem dokumentu (pooblastilo carinskih organov št. … ([1])), izjavlja, da, razen če ni drugače jasno navedeno, ima to blago preferencialno … ([2]) poreklo.

Slovak version

Vývozca výrobkov uvedených v tomto dokumente (číslo povolenia … ([1])) vyhlasuje, že okrem zreteľne označených, majú tieto výrobky preferenčný pôvod v … ([2]).

Finnish version

Tässä asiakirjassa mainittujen tuotteiden viejä (tullin lupa n:o … ([1])) ilmoittaa, että nämä tuotteet ovat, ellei toisin ole selvästi merkitty, etuuskohteluun oikeutettuja … alkuperätuotteita ([2]).

Swedish version

Exportören av de varor som omfattas av detta dokument (tullmyndighetens tillstånd nr … ([1])) försäkrar att dessa varor, om inte annat tydligt markerats, har förmånsberättigande … ursprung ([2]).

…… ([3])
(Place and date)

…… ([4])
(Signature of the exporter; in addition the name of the person signing the declaration has to be indicated in clear script)

NOTES

([1]) When the invoice declaration is made out by an approved exporter within the meaning of Article 21 of the Protocol, the authorization number of the approved exporter must be entered in this space. When the invoice declaration is not made out by an approved exporter, the words in brackets shall be omitted or the space left blank.

([2]) Origin of products to be indicated. When the invoice declaration relates in whole or in part, to products originating in Ceuta and Melilla within the meaning of Article 40 of the Protocol, the exporter must clearly indicate them in the document on which the declaration is made out by means of the symbol 'CM'.

([3]) These indications may be omitted if the information is contained on the document itself.

([4]) See Article 20(5) of the Protocol. In cases where the exporter is not required to sign, the exemption of signature also implies the exemption of the name of the signatory.

ANNEX V A

SUPPLIER DECLARATION FOR PRODUCTS HAVING PREFERENTIAL ORIGIN STATUS

I, the undersigned, declare that the goods listed on this invoice ..... (1)

were produced in ..... (2) and satisfy the rules of origin governing preferential trade between the SADC EPA States and the European Community.

I undertake to make available to the customs authorities, if required, evidence in support of this declaration.

..... (3) ..... (4)

..... (5)

Note

The abovementioned text, suitably completed in conformity with the footnotes below, constitutes a supplier's declaration.The footnotes do not have to be reproduced.

(1) If only some of the goods listed on the invoice are concerned they should be clearly indicated or marked and this marking entered on the declaration as follows: '..... listed on this invoice and marked ..... were produced .....'.

If a document other than an invoice or an annex to the invoice is used (see Article 26(3)), the name of the document concerned shall be mentioned instead of the word 'invoice'.

(2) The Community, Member State, SADC EPA State, OCT or other ACP State. Where an SADC EPA State, OCT or an other ACP State is given, a reference must also be made to the Community customs office holding any EUR.1(s) concerned, giving the No of the certificate(s) concerned and, if possible, the relevant customs entry No involved.

(3) Place and date.

(4) Name and function in company.

(5) Signature.

ANNEX V B

SUPPLIER DECLARATION FOR PRODUCTS NOT HAVING PREFERENTIAL ORIGIN STATUS

I, the undersigned, declare that the goods listed on this invoice ..... (1) were produced in..... (2) and incorporate the following components or materials which do not have an SADC EPA State, other ACP State, OCT or Community origin for preferential trade:

..... (3) ..... (4)

..... (5)

.....

.....

.....

.....

.... (6)

I undertake to make available to the customs authorities, if required, evidence in support of this declaration.

..... (7) ..... (8)

..... (9)

Note

The abovementioned text, suitably completed in conformity with the footnotes below, constitutes a supplier's declaration. The footnotes do not have to be reproduced.

(1) If only some of the goods listed on the invoice are concerned they should be clearly indicated or marked and this marking entered on the declaration as follows: '..... listed on this invoice and marked ..... were produced .....'.

If a document other than an invoice or an annex to the invoice is used (see Article 26(3)), the name of the document concerned shall be mentioned instead of the word 'invoice'.

(2) The Community, Member State, SADC EPA State, OCT or another ACP State.

(3) Description is to be given in all cases. The description must be adequate and should be sufficiently detailed to allow the tariff classification of the goods concerned to be determined.

(4) Customs values to be given only if required.

(5) Country of origin to be given only if required. The origin to be given must be a preferential origin, all other origins to be given as 'third country'.

(6) 'and have undergone the following processing in [the Community] [Member State] [SADC EPA State] [OCT] [other ACP State] .....', to be added with a description of the processing carried out if this information is required.

(7) Place and date.

(8) Name and function in company.

(9) Signature.

ANNEX VI

Information certificate

1. The form of information certificate given in this Annex shall be used and be printed in one or more of the official languages in which the Agreement is drawn up and in accordance with the provisions of the domestic law of the exporting State. Information certificates shall be completed in one of those languages; if they are handwritten, they shall be completed in ink in capital letters. They shall bear a serial number, whether or not printed, by which they can be identified.

2. The information certificate shall measure 210 × 297mm, a tolerance of up to plus 8mm or minus 5mm in the length may be allowed. The paper must be white, sized for writing, not containing mechanical pulp and weighing not less than 25g/m^2.

3. The national administrators may reserve the right to print the forms themselves or may have them printed by printers approved by them. In the latter case, each form must include a reference to such approval. The forms shall bear the name and address of the printer or a mark by which the printer can be identified.

1. Supplier (1)	**INFORMATION CERTIFICATE** to facilitate the issue of a **MOVEMENT CERTIFICATE** for preferential trade between the EUROPEAN COMMUNITY **and** the SADC EPA STATES

<tr><td>19. Other possible sources of supply for materials</td><td>21. Observations</td></tr>
</table>

NOTES

1. If the boxes in the form are not sufficient to contain all relevant information, additional pages may be attached to the form. In this case, the mention 'see annex' shall be entered in the box concerned.

2. If possible, samples or other illustrative material (pictures, designs, catalogues, etc.) of the final product and of the materials should accompany the form.

3. A form shall be completed for each product covered by the request.

Boxes 3, 4, 5, 7:	'third country' means any country which is not referred to in Articles 3 and 4.
Box 12:	if third country materials have been worked or processed in the States or territories referred to in Articles 3 and 4 without obtaining origin, before being further processed in the SADC EPA State requesting the derogation, indicate the working or processing carried out in the States or territories referred to in Articles 3 and 4.
Box 13:	The dates to be indicated are the initial and final one for the period in which EUR.1 certificates may be issued under the derogation.
Box 18:	Indicate either the percentage of added value in respect of the ex-works price of the product or the monetary amount of added-value for unit of product.
Box 19:	If alternative sources of material exist, indicate here what they are and, if possible, the reasons of cost or other reasons why they are not used.
Box 20:	Indicate possible further investments or suppliers' differentiation which make the derogation necessary for only a limited period of time.

ANNEX VIII

Overseas countries and territories

Within the meaning of this Protocol 'overseas countries and territories' shall mean the countries and territories referred to in Part Four of the Treaty establishing the European Community listed below:

(This list does not prejudge the status of these countries and territories, or future changes in their status.)

1. Country having special relations with the Kingdom of Denmark:
   - Greenland.
2. Overseas territories of the French Republic:
   - New Caledonia and Dependencies,
   - French Polynesia,
   - French Southern and Antarctic Territories,
   - Wallis and Futuna Islands.
3. Territorial collectivities of the French Republic:
   - Mayotte,
   - Saint Pierre and Miquelon.
4. Overseas countries of the Kingdom of the Netherlands:
   - Aruba,
   - Netherlands Antilles:
     - Bonaire,
     - Curaçao,
     - Saba,
     - Sint Eustatius,
     - Saint Martin (Sint Maarten).
5. British overseas countries and territories:
   - Anguilla,
   - Cayman Islands,
   - Falkland Islands,
   - South Georgia and South Sandwich Islands,
   - Montserrat,
   - Pitcairn,
   - Saint Helena, Ascension Island, Tristan da Cunha,
   - British Antarctic Territory,
   - British Indian Ocean Territory,
   - Turks and Caicos Islands,
   - British Virgin Islands.

ANNEX IX

Other ACP States

Within the meaning of this Protocol 'other ACP States' shall mean the States listed below:

— Angola
— Antigua and Barbuda
— Bahamas
— Barbados
— Belize
— Benin
— Burkina Faso
— Burundi
— Cameroon
— Cape Verde
— Central African Republic
— Chad
— Cook Islands
— Comoros
— Ivory Coast
— Democratic Republic of Congo
— Djibouti
— Dominica
— Dominican Republic
— Equatorial Guinea
— Eritrea
— Ethiopia
— Federated States of Micronesia
— Fiji
— Gabon
— Gambia
— Ghana
— Grenada
— Guinea
— Guinea Bissau
— Guyana
— Haiti
— Jamaica
— Kenya
— Kiribati
— Liberia

— Madagascar
— Malawi
— Mali
— Marshall Islands
— Mauritania

ANNEX X

Products for which the cumulation provisions referred to in Articles 3 and 4 apply after 1 October 2015

HS/CN-code	Description
1701	Cane or beet sugar and chemically pure sucrose, in solid form
1702	Sugars, including chemically pure lactose, maltose, glucose and fructose, in solid form; sugar syrups not containing added flavouring or colouring matter; artificial honey, whether or not mixed with natural honey; caramel (excl. cane or beet sugar and chemically pure sucrose)
ex 1704 90 corresponding to 1704 90 99	Sugar confectionery, not containing cocoa (excl. chewing gum; liquorice extract containing more than 10 % by weight of sucrose but not containing other added substances; white chocolate; pastes, including marzipan, in immediate packings of a net content of 1 kg or more; throat pastilles and cough drops; sugar-coated (panned) goods; gum confectionery and jelly confectionery, including fruit pastes in the form of sugar confectionery; boiled sweets; toffees, caramels and similar sweet; compressed tablets)
ex 1806 10 corresponding to 1806 10 30	Cocoa powder, containing 65 % or more but less than 80 % by weight of sucrose (including invert sugar expressed as sucrose) or isoglucose expressed as sucrose
ex 1806 10 corresponding to 1806 10 90	Cocoa powder, containing 80 % or more by weight of sucrose (including invert sugar expressed as sucrose) or isoglucose expressed as sucrose
ex 1806 20 corresponding to 1806 20 95	Food preparations containing cocoa in blocks, slabs or bars weighing more than 2 kg or in liquid, paste, powder, granular or other bulk form in containers or immediate packings, of a content exceeding 2 kg (excl. cocoa powder, preparations containing 18 % or more by weight of cocoa butter or containing a combined weight of 25 % or more of cocoa butter and milkfat; chocolate milk crumb; chocolate flavour coating; chocolate and chocolate products; sugar confectionery and substitutes therefor made from sugar substitution products, containing cocoa; spreads containing cocoa; preparations containing cocoa for making beverages)
ex 1901 90 corresponding to 1901 90 99	Food preparations of flour, groats, meal, starch or malt extract, not containing cocoa or containing less than 40 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of headings 0401 to 0404, not containing cocoa or containing less than 5 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included (excl. food preparations containing no or less than 1,5 % milkfat, 5 % sucrose (including invert sugar) or isoglucose, 5 % glucose or starch; food preparations in powder form of goods of headings 0401 to 0404; preparations for infant use, put up for retail sale; mixes and doughs for the preparation of bakers' wares of heading 1905)
ex 2101 12 corresponding to 2101 12 98	Preparations with a basis of coffee (excl. extracts, essences and concentrates of coffee and preparations with a basis of these extracts, essences or concentrates)
ex 2101 20 corresponding to 2101 20 98	Preparations with a basis of tea or mate (excl. extracts, essences and concentrates of tea or maté and preparations with a basis of these extracts, essences or concentrates)
ex 2106 90 corresponding to 2106 90 59	Flavoured or coloured sugar syrups (excl. isoglucose syrups, lactose syrup, glucose syrup and maltodextrine syrup)
ex 2106 90 corresponding to 2106 90 98	Food preparations not elsewhere specified or included (excl. protein concentrates and textured protein substances; compound alcoholic preparations, other than those based on odoriferous substances, of a kind used for the manufacture of beverages; flavoured or coloured sugar syrups; preparations containing no or less than 1,5 % milkfat, 5 % sucrose or isoglucose, 5 % glucose or starch)
ex 3302 10 corresponding to 3302 10 29	Preparations based on odoriferous substances, of a kind used in the drink industries, containing all flavouring agents characterising a beverage and with an actual alcoholic strength by volume not exceeding 0,5 % (excl. preparations containing no or less than 1,5 % milkfat, 5 % sucrose or isoglucose, 5 % glucose or starch)

ANNEX XI

Products originating in South Africa excluded from cumulation provided for in article 4

PROCESSED AGRICULTURAL PRODUCTS

Yoghurt

Mutual administrative assistance in customs matters

Article 1

Definitions

For the purposes of this Protocol:

(a) 'Goods' means all goods falling within the scope of the Harmonised System, irrespective of the scope of this Agreement;

(b) 'Customs legislation' means any legal or regulatory provisions applicable in the territories of the Parties or the SADC EPA States, as the case may be, governing the import, export and transit of goods and their placing under any other customs regime or procedure, including measures of prohibition, restriction and control;

(c) 'Applicant Authority' means a competent administrative authority which has been designated by the Parties or the SADC EPA States, as the case may be, for this purpose and which makes a request for assistance on the basis of this Protocol;

(d) 'Requested Authority' means a competent administrative authority which has been designated by the Parties or the SADC EPA States, as the case may be, for this purpose and which receives a request for assistance on the basis of this Protocol;

(e) 'Personal data' means all information relating to an identified or identifiable individual; and

(f) 'Operation in breach of customs legislation' means any violation or attempted violation of customs legislation.

Article 2

Scope

1. The Parties or the SADC EPA States, as the case may be, shall assist each other, in the areas within their competence, in the manner and under the conditions laid down in this Protocol, to ensure the correct application of the customs legislation, in particular by preventing, investigating and combating operations in breach of that legislation.

2. Assistance in customs matters, as provided for in this Protocol, shall apply to any administrative authority of the Parties or the SADC EPA States, as the case may be, which is competent for the application of this Protocol. It shall not prejudice the rules governing mutual assistance in criminal matters. Nor shall it cover information obtained under powers exercised at the request of a judicial authority, except where communication of such information has the prior authorisation of that authority.

3. Assistance in recovery proceedings regarding duties, taxes or fines is not covered by this Protocol.

Article 3

Assistance on request

1. At the request of the Applicant Authority, the Requested Authority shall provide it with all relevant information which may enable it to ensure that customs legislation is correctly applied, including information regarding activities noted or planned which are or could be operations in breach of customs legislation.

2. At the request of the Applicant Authority, the Requested Authority shall inform it:

(a) whether goods exported from the territory of the Party have been lawfully imported into the territory of the other Party, or the SADC EPA States, as the case may be, specifying, where appropriate, the customs procedure applied to the goods; and

(b) whether goods imported into the territory of the Party have been lawfully exported from the territory of the other Party, or the SADC EPA States, as the case may be, specifying, where appropriate, the customs procedure applied to the goods.

3. At the request of the Applicant Authority, the Requested Authority shall, within the framework of its legal or regulatory provisions, take the necessary steps to ensure special surveillance of:

(a) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation;

(b) places where stocks of goods have been or may be assembled in such a way that there are reasonable grounds for believing that these goods are intended to be used in operations in breach of customs legislation;

(c) goods that are or may be transported in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation; and

(d) means of transport that are or may be used in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation.

Article 4

Spontaneous assistance

The Parties or the SADC EPA States, as the case may be, shall assist each other, on their own initiative and in accordance with their legal or regulatory provisions, if they consider that to be necessary for the correct application of customs legislation, particularly by providing information obtained pertaining to:

(a) operations which are, or appear to be, in breach of customs legislation and which may be of interest to the other Party, or the SADC EPA States, as the case may be;

(b) new means or methods employed in carrying out operations in breach of customs legislation;

(c) goods known to be subject to operations in breach of customs legislation;

(d) natural or legal persons in respect of whom there are reasonable grounds for believing that they are, or have been, involved in operations in breach of customs legislation; and

(e) means of transport in respect of which there are reasonable grounds for believing that they have been, are or may be used in operations in breach of customs legislation.

Article 5

Delivery and notification

1. At the request of the Applicant Authority, the Requested Authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures in order:

(a) to deliver any documents emanating from the Applicant Authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the Requested Authority, and, where appropriate;

(b) to notify any decisions emanating from the Applicant Authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the Requested Authority.

2. Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the Requested Authority or in a language acceptable to that authority.

Article 6

Form and substance of requests for assistance

1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately. Requests may also be communicated in electronic form.

2. Requests pursuant to paragraph 1 of this Article shall include the following information:

(a) the name of the Applicant Authority;

(b) the measure requested;

(c) the object of, and the reason for, the request;

(d) the legal or regulatory provisions and other legal elements involved;

(e) indications as exact and comprehensive as possible on the natural or legal persons who are the target of the investigations; and

(f) a summary of the relevant facts and of the enquiries already carried out.

3. Requests shall be submitted in an official language of the Requested Authority or in a language acceptable to that authority. This requirement shall not apply to any documents that accompany the request under paragraph 1 of this Article.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested. In the meantime precautionary measures may be ordered.

Article 7

Execution of requests

1. In order to comply with a request for assistance, the Requested Authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, or the SADC EPA States, as the case may be, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the Requested Authority when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party or the SADC EPA States, as the case may be.

3. Duly authorised officials of a Party or the SADC EPA States, as the case may be, may, with the agreement of the other Party or the SADC EPA States involved, as the case may be, and subject to the conditions laid down by the latter:

(a) be present in the offices of the Requested Authority or any other concerned authority in accordance with paragraph 1 of this Article, to obtain information relating to activities that are or may be operations in breach of customs legislation which the Applicant Authority needs for the purposes of this Protocol; and

(b) be present at enquiries carried out in the latter's territory.

Article 8

Form in which information is to be communicated

1. The Requested Authority shall communicate results of enquiries to the Applicant Authority in writing together with relevant documents, certified copies or other items.

2. If requested, the information provided for in paragraph 1 of this Article may be in electronic form.

3. Original documents shall be transmitted only upon request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

Article 9

Exceptions to the obligation to provide assistance

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Party or the SADC EPA States concerned, as the case may be, is of the opinion that assistance under this Protocol would:

(a) be likely to prejudice the sovereignty of an SADC EPA State or that of a Member State of the European Union which has been requested to provide assistance under this Protocol; or

(b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2) of this Protocol; or

(c) violate an industrial, commercial or professional secret.

2. Assistance may be postponed by the Requested Authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the Requested Authority shall consult with the Applicant Authority to determine if assistance can be given subject to such terms or conditions as the Requested Authority may require.

3. Where the Applicant Authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the Requested Authority to decide how to respond to such a request.

4. For the cases referred to in paragraphs 1 and 2 of this Article, the decision of the Requested Authority and the reasons must be communicated to the Applicant Authority without delay.

Article 10

Information exchange and confidentiality

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party or the SADC EPA States, as the case may be, that received it and the corresponding provisions applying to the European Community authorities.

2. Personal data may be exchanged only where the Party which may receive them agrees to ensure an adequate level of protection of such data. To that end, Parties or the SADC EPA States, as the case may be, shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the European Union.

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties or the SADC EPA States, as the case may be, may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties or the SADC EPA States, as the case may be, wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

Article 11

Experts and witnesses

An official of a Requested Authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

Article 12

Assistance expenses

The Parties or the SADC EPA States, as the case may be, shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses of experts and witnesses, and those of interpreters and translators who are not public service employees.

Article 13

Implementation

1. The implementation of this Protocol shall be entrusted, on the one hand, to the customs authorities of the SADC EPA States and, on the other hand, to the competent services of the Commission of the European Communities and the customs authorities of the Member States as appropriate. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection.

2. The Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

Article 14

Amendments

The Parties may recommend to the Trade and Development Committee amendments which they consider should be made to this Protocol.

Article 15

Final provisions

1. This Protocol shall complement and not impede application of any agreements on mutual administrative assistance which have been concluded or may be concluded between the Parties nor shall it preclude more extensive mutual assistance granted under such agreements.

2. The provisions of this Protocol shall not affect the obligations of the Parties under any other international agreement or convention.

3. The provisions of this Protocol shall not affect the European Community provisions governing the communication between the competent services of the Commission of the European Communities and the customs authorities of the Member States of the European Union of any information obtained under this Protocol which could be of interest to the European Community.

4. Notwithstanding the provisions of paragraph 1 of this Article, the provisions of this Protocol shall take precedence over the provisions of any bilateral agreement on mutual assistance which has been or may be concluded between individual Member States of the European Union and any SADC EPA State in so far as the provisions of the latter are incompatible with those of this Protocol.

5. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the Special Committee on Customs and Trade Facilitation set up under Article 47 of the Agreement.

FINAL ACT

The representatives of

THE KINGDOM OF BELGIUM,

THE REPUBLIC OF BULGARIA,

THE CZECH REPUBLIC,

THE KINGDOM OF DENMARK,

THE FEDERAL REPUBLIC OF GERMANY,

THE REPUBLIC OF ESTONIA,

IRELAND,

THE HELLENIC REPUBLIC,

THE KINGDOM OF SPAIN,

THE FRENCH REPUBLIC,

THE ITALIAN REPUBLIC,

THE REPUBLIC OF CYPRUS,

THE REPUBLIC OF LATVIA,

THE REPUBLIC OF LITHUANIA,

THE GRAND DUCHY OF LUXEMBOURG,

THE REPUBLIC OF HUNGARY,

MALTA,

THE KINGDOM OF THE NETHERLANDS,

THE REPUBLIC OF AUSTRIA,

THE REPUBLIC OF POLAND,

THE PORTUGUESE REPUBLIC,

ROMANIA,

THE REPUBLIC OF SLOVENIA,

THE SLOVAK REPUBLIC,

THE REPUBLIC OF FINLAND,

THE KINGDOM OF SWEDEN,

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND,

and

THE EUROPEAN COMMUNITY (EC),

hereinafter jointly referred to as the 'EC Party',

of the one part, and

THE REPUBLIC OF BOTSWANA,

THE KINGDOM OF LESOTHO,

THE REPUBLIC OF MOZAMBIQUE,

THE REPUBLIC OF NAMIBIA,

THE KINGDOM OF SWAZILAND,

hereinafter referred to as the 'SADC EPA States',

of the other part,

meeting at Brussels on 4 June 2009 and at Maputo on 15 June 2009 for the signature of the Interim Agreement with a view to an Economic Partnership Agreement between, the European Community and its Member States, of the one part, and the SADC EPA States, of the other part, have at the time of signature of the Agreement:

– adopted the following Annexes, Protocols and the Joint Declarations:

ANNEX 1:	Customs duties applicable on imports into the EU of products originating in Botswana, Lesotho, Namibia, Swaziland (BLNS) And Mozambique
ANNEX 2:	Customs duties on products originating in SADC EPA States
ANNEX 3:	Customs duties applicable on imports into Botswana, Lesotho, Namibia and Swaziland of Products originating in the EC
ANNEX 4:	Customs duties applicable on imports into Mozambique of products originating in the EC
PROTOCOL 1:	Concerning the Definition of the Concept of 'Originating Products' and Methods of Administrative Cooperation
PROTOCOL 2:	Mutual Administrative Assistance in Customs Matters
IN WITNESS WHEREOF,	the undersigned Plenipotentiaries have signed this Final Act

JOINT EC – SADC EPA DECLARATION ON FINANCIAL PROCEDURES

The Parties are committed to cooperating with a view to improving and possibly simplifying as necessary the relevant financial procedures, assist the SADC EPA States to effectively benefit from the existing financial instruments to ensure that development aid for the implementation of this Agreement is timely provided to the SADC EPA States.

EC DECLARATION ON DISPUTE AVOIDANCE AND SETTLEMENT

At all stages of the determination of the causes of a dispute and of dispute settlement procedures particular consideration shall be given by the EC to the special situation of SADC EPA States, in particular the special situation of LDCs. In this regard, the EC Party shall exercise due restraint in raising matters under the dispute settlement procedures involving a measure exclusively concerning a LDC.

JOINT EC-SADC EPA DECLARATION ON ANGOLA AND TANZANIA

1. The Parties note the interest of Angola to become an SADC EPA State and to continue participating in the ongoing negotiations on a full EPA. The Parties agree to facilitate this process once a WTO compatible market access for goods schedule has been submitted by Angola.

2. The Parties note the ongoing EU-EAC EPA negotiations, which include Tanzania, and agree to review the situation of Tanzania's possible participation in this Agreement in the light of the outcome of the above-mentioned EU-EAC EPA negotiations.

DECLARATION FROM NAMIBIA ON THE ORIGIN OF FISHERIES PRODUCTS

Namibia reaffirms the point of view it expressed throughout the negotiations on the rules of origin in respect of fishery products and consequently maintain that following the exercise of its sovereign rights over fishery resources in the waters within its national jurisdiction, including the exclusive economic zone, as defined in the United Nations Convention on the Law of the Sea, all catches effected in its waters and obligatorily landed in ports of Namibia for processing should enjoy originating status.

1. In so far as the European Free Trade Area (EFTA) States acknowledge Namibia's EEZ for the purposes of Rules of Origin, as embodied in Annex IV to the Free Trade Agreement between SACU and EFTA relating to Fish and Marine Products,

Namibia maintains that all catches effected in its waters as defined above and obligatorily landed in all ports of Namibia for processing, should enjoy originating status.

STATEMENT BY NAMIBIA UPON INITIALLING THE INTERIM EPA

The Republic of Namibia has initialled the Interim Economic Partnership Agreement on the understanding that concerns which Namibia has identified throughout the negotiations of the Interim Economic Partnership Agreement would be addressed through the negotiations towards a comprehensive Economic Partnership Agreement.

JOINT DECLARATION ON A TARIFF ALIGNMENT IN VIEW OF PRESERVING SACU TARIFF COHERENCE

The Parties acknowledge that the signature of the interim Economic Partnership Agreement (the 'Agreement') signals the commitment of both sides to support the process of regional integration under the SADC and SACU Treaties. The parties recognise the progress achieved during the meeting held in Namibia on 10-12 March 2009 and the tariff alignment deal agreed between the chief negotiators that identified the necessary technical amendments to the tariff treatment provided for in Annex 3 of the Agreement that will avoid any potential disruption to the smooth functioning of the SACU Customs Union. Recognising the importance of proceeding with signature of the agreement, the parties therefore aim to hold a meeting of the joint EPA council established by the Agreement at the earliest opportunity to allow a decision, making these technical amendments to be to taken without delay.

JOINT DECLARATION ON CONCLUSION OF A FULL ECONOMIC PARTNERSHIP AGREEMENT

The Parties acknowledge that the signature of the interim Economic Partnership Agreement (the 'Agreement') signals the commitment of both sides to support the process of regional integration under the SADC and SACU Treaties. The parties recognise the progress achieved during the meeting held in Namibia on 10-12 March 2009 and the new texts that have been agreed between the chief negotiators on the following key issues: export taxes, infant industry, prohibition of quantitative restrictions, food security, and free circulation. The Parties will instruct their negotiators to consider these new texts as the basis for the full EPA text to be negotiated and shall aim at concluding these full EPA negotiations, as rapidly as possible as both sides agreed to pursue negotiations on the remaining issues of concern with a view to find mutually acceptable solutions in the context of the Full EPA negotiations.

2009 SUBSCRIPTION PRICES (excluding VAT, including normal transport charges)

EU Official Journal, L + C series, paper edition only	22 official EU languages	EUR 1 000 per year (*)
EU Official Journal, L + C series, paper edition only	22 official EU languages	EUR 100 per month (*)
EU Official Journal, L + C series, paper + annual CD-ROM	22 official EU languages	EUR 1 200 per year
