REGULATIONS

COMMISSION REGULATION (EU) No 878/2010

of 6 October 2010

amending Annex I to Regulation (EC) No 669/2009 implementing Regulation (EC) No 882/2004 of the European Parliament and of the Council as regards the increased level of official controls on imports of certain feed and food of non-animal origin

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 882/2004 of the European Parliament and of the Council of 29 April 2004 on official controls performed to ensure the verification of compliance with feed and food law, animal health and animal welfare rules ⁽¹⁾, and in particular Article 15(5) thereof,

Whereas:

- (1) Commission Regulation (EC) No 669/2009 ⁽²⁾ lays down rules concerning the increased level of official controls to be carried out on imports of feed and food of non-animal origin listed in Annex I thereto, at the points of entry into the territories referred to in Annex I to Regulation (EC) No 882/2004.
- (2) Article 2 of Regulation (EC) No 669/2009 provides that the list in Annex I thereto is to be reviewed on a regular basis, and at least quarterly, taking into account at least the sources of information referred to in that Article.
- (3) Occurrence and relevance of food incidents notified through the Rapid Alert System for Feed and Food (RASFF), findings of the missions to third countries carried out by the Food and Veterinary Office, as well as the quarterly reports which Member States have to make available as regards the official controls

performed at their borders according to Article 15 of Regulation (EC) No 669/2009 indicate that there is need to review the list in Annex I to the above Regulation. In particular, Annex I thereto must be reviewed by removing those commodities for which the above information sources show an overall satisfactory degree of compliance with the relevant EU safety requirements and for which an increased level of official control is therefore no longer justified, and by adding other commodities for which the same sources show a degree of non-compliance with the relevant EU safety requirements that warrants the introduction of increased level of official controls.

- (4) The amendments to Annex I of Regulation (EC) No 669/2009 provided for in this Regulation should become applicable as soon as possible so that the increased level of official controls can, on one hand, cease for those commodities which are removed from the list and, on the other hand, start for those newly added.
- (5) Regulation (EC) No 669/2009 should therefore be amended accordingly.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I of Regulation (EC) No 669/2009 is replaced by the text in the Annex to this Regulation.

COMMISSION REGULATION (EU) No 879/2010**of 6 October 2010****amending Regulation (EC) No 554/2008 as regards the minimum content of 6-phytase (Quantum Phytase) as a feed additive in feed for laying hens****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition⁽¹⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) The use of 6-phytase (EC 3.1.3.26) (Quantum Phytase) as a feed additive for chickens for fattening, laying hens, ducks for fattening, turkeys for fattening and weaned piglets was authorised for 10 years by Commission Regulation (EC) No 554/2008 of 17 June 2008 concerning the authorisation of 6-phytase (EC 3.1.3.26) (Quantum Phytase) as a feed additive⁽²⁾.
- (2) In accordance with Article 13(3) of Regulation (EC) No 1831/2003, the holder of the authorisation has submitted an application with which it requests changing the terms of authorisation of that feed additive when used in laying hens by reducing the minimum recommended dose of 6-phytase (EC 3.1.3.26) (Quantum Phytase) from 2 000 FTU/kg to 250 FTU/kg. That application was accompanied by the relevant data supporting the request for the change.

- (3) The European Food Safety Authority concluded in its opinion of 10 March 2010 that the additive 6-phytase (EC 3.1.3.26) (Quantum Phytase) is efficacious in laying hens at the requested minimum dose of 250 FTU/kg of complete feed⁽³⁾.
- (4) The conditions provided for in Article 5 of Regulation (EC) No 1831/2003 are satisfied.
- (5) Regulation (EC) No 554/2008 should therefore be amended accordingly.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

COMMISSION DECISION

of 6 October 2010

amending Annex II to Decision 2006/766/EC as regards the entry for Serbia in the list of third countries and territories from which imports of fishery products for human consumption are permitted

(notified under document C(2010) 6748)

(Text with EEA relevance)

(2010/602/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 854/2004 of the European Parliament and of the Council of 29 April 2004 laying down specific rules for the organisation of official controls on products of animal origin intended for human consumption ⁽¹⁾, and in particular Article 11(1) thereof,

Whereas:

- (1) Regulation (EC) No 854/2004 lays down specific rules for the organisation of official controls on products of animal origin. In particular, it provides that products of animal origin are only to be imported from a third country or part of a third country that appears on a list drawn up in accordance with that Regulation.
- (2) Regulation (EC) No 854/2004 also provides that when drawing up and updating such lists, account is to be taken of Union controls in third countries and guarantees provided by the competent authorities of third countries, as regards compliance or equivalence with Union feed and food law and animal health rules as specified in Regulation (EC) No 882/2004 of the European Parliament and of the Council of 29 April 2004 on official controls performed to ensure the verification of compliance with feed and food law, animal health and animal welfare rules ⁽²⁾.
- (3) Commission Decision 2006/766/EC of 6 November 2006 establishing the lists of third countries and territories from which imports of bivalve molluscs, echinoderms, tunicates, marine gastropods and fishery products are permitted ⁽³⁾ lists those third countries which satisfy the criteria referred to in Regulation (EC) No 854/2004 and are therefore able to guarantee that exports of those products to the Union meet the sanitary conditions laid down in Union legislation to protect the health of consumers. In particular, Annex II to that Decision sets out a list of third countries and territories

from which imports of fishery products for human consumption are permitted. That list also indicates restrictions concerning such imports from certain third countries.

- (4) Serbia is currently included in the list in Annex II to Decision 2006/766/EC as a third country from which imports of fishery products intended for human consumption are permitted, but such imports are restricted to whole fresh fish from wild seawater catches.
- (5) Union controls to evaluate the control system in place in Serbia governing the production of fishery products intended for export to the Union, together with guarantees provided by the competent authority of Serbia, indicate that the conditions applicable in that third country to fishery products for human consumption destined for export to the Union are equivalent to those laid down in the relevant Union legislation. Accordingly, Annex II to Decision 2006/766/EC should be amended in order to permit imports from Serbia of fishery products for human consumption, but not subject to the current restriction.
- (6) Decision 2006/766/EC should therefore be amended accordingly.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

In Annex II to Decision 2006/766/EC, the entry for Serbia is replaced by the following:

RS	SERBIA Not including Kosovo as defined by the United Nations Security Council Resolution 1244 of 10 June 1999'
