REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) No 110/2013

of 6 February 2013

entering a name in the register of protected designations of origin and protected geographical indications [Gruyère (PGI)]

THE EUROPEAN COMMISSION,

of the name in question would be contrary to Article 3(3) of Regulation (EC) No 510/2006.

Having regard to the Treaty on the Functioning of the European Union,

(4) By letters of 23 May 2011, the Commission asked France and the objectors to seek agreement among themselves.

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 52(3)(b) thereof,

(5) Given that no agreement was reached within the designated timeframe, the Commission should adopt a decision.

Whereas:

(6) Concerning the alleged failure of the name 'Gruyère' to comply with Article 2 of Regulation (EC) No 510/2006, it should be noted that this name is a traditional name within the meaning of Article 2(2) of Regulation (EC) No 510/2006 and may therefore be registered.

(1) Pursuant to Article 6(2) of Council Regulation (EC) No 510/2006 of 20 March 2006 on the protection of geographical indications and designations of origin for agricultural products and foodstuffs ⁽²⁾, France's application to register the name 'Gruyère' as a protected geographical indication (PGI) was published in the *Official Journal of the European Union* ⁽³⁾.(7) The objectors submitted several pieces of evidence that show, according to them, that the name in question is generic. It is, however, clear that the inclusion of a term given in Annex B to the Stresa Convention of 1951 does not imply that the said term has become *ipso facto* generic. Tariff codes and other similar provisions regarding the name 'Gruyère' relate specifically to customs issues and are therefore in no way relevant to the protection of intellectual property rights or to consumer protection. Furthermore, the data submitted concerning, in particular, the production of 'Gruyère' outside the European Union are not relevant considering the principle of territoriality, according to which the generic nature of a name must be evaluated in relation to the territory of the EU.

(2) Australia, New Zealand and the US Dairy Export Council together with the National Milk Producers Federation of the United States submitted objections to the registration pursuant to Article 7(2) of Regulation (EC) No 510/2006. These objections were deemed admissible under Article 7(3) of that Regulation.

(3) The objections concerned non-compliance with the conditions laid down in Article 2 of Regulation (EC) No 510/2006, in particular as regards the fact that the name does not refer to a geographical area. The generic nature of the name and the harm caused to names, trademarks and products that have been legally on the market for at least five years preceding the date of publication provided for in Article 6(2) were also invoked. The objections further claimed that registration

(8) The registration of homonymous names is authorised on condition that the name registered subsequently is sufficiently distinct in practice from the name already subject to protection. In accordance with the joint statement annexed to the agreement between the European Union and Switzerland on geographical indications ⁽⁴⁾, France and Switzerland have been consulted in order to identify any additional labelling measures necessary in order to avoid misleading consumers.⁽¹⁾ OJ L 343, 14.12.2012, p. 1.⁽²⁾ OJ L 93, 31.3.2006, p. 12.⁽³⁾ OJ C 298, 4.11.2010, p. 14.⁽⁴⁾ OJ L 297, 16.11.2011, p. 3.

- (9) As a result of these consultations it appeared necessary to indicate the country of origin, in this case France, on the label in the same field of vision as the name 'Gruyère', in letters of the same size as those of the name. In addition, the use of any flags, emblems, signs or other graphic representations on the labels should be prohibited if it might mislead consumers, in particular as regards the characteristics, origin or provenance of the product.
- (10) In the light of the above, the name 'Gruyère' should be entered in the 'register of protected designations of origin and protected geographical indications'.
- (11) The granting and duration of the five-year transitional period referred to in Article 8(3) of the Agreement between the European Union and the Swiss Confederation is not being called into question by the registration of the name 'Gruyère' for France under this Regulation.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Protected Geographical Indications and Protected Designations of Origin,

HAS ADOPTED THIS REGULATION:

Article 1

The name contained in the Annex to this Regulation is hereby entered in the register.

Article 2

Labels featuring the name contained in the Annex to this Regulation shall indicate the country of origin in question in the same field of vision, in letters of the same size as those of the name.

The use of any flags, emblems, signs or other graphic representations on the labels that might mislead consumers, in particular as regards the characteristics, origin or provenance of the product, is prohibited.

Article 3

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

DECISION OF THE STANDING COMMITTEE OF THE EFTA STATES

No 3/2012/SC

of 26 October 2012

laying down procedures for committees assisting the EFTA Surveillance Authority in carrying out its functions under Article 3 of Protocol 1 to the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice

THE STANDING COMMITTEE OF THE EFTA STATES,

Having regard to the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice as adjusted by the Protocol Adjusting the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice, hereinafter referred to as the Surveillance and Court Agreement, and in particular Article 3 Protocol 1 thereto;

Whereas:

The European Parliament and the Council in certain legal acts confer on the European Commission powers for the implementation of the rules contained therein. Article 291 of the Treaty on the Functioning of the European Union requires the European Parliament and the Council to lay down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers;

The European Parliament and the Council in Regulation (EU) No 182/2011 of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers ⁽¹⁾, have laid down those rules and general principles;

Article 3 of Protocol 1 to the Surveillance and Court Agreement entrusts the EFTA Surveillance Authority with certain functions which within the European Union are carried out by the European Commission; whereas the European Commission when carrying out certain of these functions has to follow procedures in respect of the exercise of its implementing powers. According to those procedures the European Commission has to submit a draft measure to be taken to a committee;

Article 3 of Protocol 1 to the Surveillance and Court Agreement provides that the Standing Committee shall lay down the procedures to be followed when the EFTA Surveillance Authority must submit a draft measure to or otherwise consult with a committee;

Those procedures shall be identical to or correspond most closely to those which the European Commission, according to the acts referred to in the Annexes to the EEA Agreement, shall follow when carrying out the corresponding functions;

The designation of the committees among the EFTA States, corresponding to the relevant European Union committees, is subject to separate decisions by the Standing Committee under Article 5(2) of the Agreement on a Standing Committee of the EFTA States seized by a proposal made by the EFTA Surveillance Authority,

HAS DECIDED AS FOLLOWS:

*Article 1***Common provisions**

1. The EFTA Surveillance Authority shall be assisted by a committee composed of representatives of the EFTA States and chaired by a representative of the EFTA Surveillance Authority. The chair shall not take part in the committee vote.

2. The chair shall submit to the committee a draft of the measures to be taken for examination. The committee shall deliver its opinion on the draft measures within a time limit which the chair may lay down according to the urgency of the matter, if necessary by taking a vote. Time limits shall be proportionate and shall afford committee members early and effective opportunities to examine the draft measures and express their views.

⁽¹⁾ OJ L 55, 28.2.2011, p.13

3. Until an opinion has been delivered, any committee member may suggest amendments and the chair may present amended versions of the draft measures in order to take into account the discussions within the committee. The chair shall endeavour to find solutions which command the widest possible support within the committee. For that purpose, the chair may convene several meetings of the committee.

4. The committee's opinion shall be recorded in the minutes; in addition, each EFTA State shall have the right to ask to have its position recorded in the minutes.

5. Where applicable, the control mechanism shall include referral to an appeal committee. The appeal committee shall adopt its own rules of procedure by simple majority of its members. The EFTA Surveillance Authority shall submit a proposal to the committee for rules of procedure. The appeal committee shall deliver its opinion within two months of referral. A representative of the EFTA Surveillance Authority shall chair the appeal committee.

Article 2

Advisory procedure

1. Where the advisory procedure applies, the committee shall deliver its opinion, if necessary by taking a vote. In the case a vote is needed, the opinion of the committee shall be delivered by a simple majority.

2. The EFTA Surveillance Authority shall decide on the measures to be taken, taking the utmost account of the conclusions drawn from the discussions within the committee and of the opinion delivered. It shall inform the committee of the manner in which the opinion has been taken into account.

Article 3

Examination procedure

1. Where the examination procedure applies, the committee shall deliver its opinion, if necessary by taking a vote. In the case a vote is needed the opinion of the committee shall be delivered by a simple majority.

2. Where the committee delivers a positive opinion the EFTA Surveillance Authority shall adopt the draft measures envisaged.

3. Where the committee delivers a negative opinion, the EFTA Surveillance Authority shall not adopt those measures. In the case the draft measures are deemed to be necessary, the chair may either submit an amended version of the draft measures to the committee or submit the draft measures to the appeal committee for further deliberation.

4. If no opinion is delivered, the EFTA Surveillance Authority may adopt the measures envisaged unless the basic act provides that the draft measures may not be adopted where no opinion is delivered.

Article 4

Referral to the appeal committee

1. The appeal committee shall consist of one representative from each EFTA State and be chaired by a representative of the EFTA Surveillance Authority. Members of the committee assisting the EFTA Surveillance Authority (Article 1) shall not be members of the appeal committee. The appeal committee shall deliver its opinion by a simple majority. The chair of the appeal committee shall not take part in the appeal committee vote.

2. Until an opinion is delivered, any member of the appeal committee may suggest amendments to the draft measures and the chair may decide whether or not to modify them. The chair shall endeavour to find solutions which command the widest possible support within the appeal committee. The chair shall inform the appeal committee of the manner in which the discussions and suggestions for amendments have been taken into account, in particular as regards suggestions for amendments that have been largely supported within the appeal committee.

3. Where the appeal committee:

- a) delivers a positive opinion, the EFTA Surveillance Authority shall adopt the draft measures.
- b) delivers no opinion, the EFTA Surveillance Authority may adopt the draft measures.
- c) delivers a negative opinion, the EFTA Surveillance Authority shall not adopt the draft measures.

Article 5

Immediately applicable measures

1. By way of derogation from Articles 2 and 3, a basic act may provide that, on duly justified imperative grounds of urgency, that immediately applicable implementing measures are needed.

2. The EFTA Surveillance Authority shall then adopt measures which shall apply immediately without their prior submission to a committee and shall remain in force for a period not exceeding six months unless the basic act provides otherwise.

3. The chair shall without delay submit the measures referred to in paragraph 1 to the relevant committee in order to obtain its opinion in accordance with the procedure applying to this committee.

4. In the case of the examination procedure, where the measures are not in accordance with the opinion of the committee, the EFTA Surveillance Authority shall immediately repeal the measures adopted in accordance with paragraph 1.

5. The measures referred to in paragraph 1 shall remain in force until they are repealed or replaced.

*Article 6***Repeal of SCD No 3/94/SC of 10 January 1994**

Decision of the Standing Committee of the EFTA States No 3/94/SC of 10 January 1994 is hereby repealed.

*Article 7***Transitional provisions: adaptation of existing basic acts**

DECISION OF THE STANDING COMMITTEE OF THE EFTA STATES

No 4/2012/SC

of 26 October 2012

designating committees to assist the EFTA Surveillance Authority in carrying out its functions under Article 3 of Protocol 1 to the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice and repealing certain Standing Committee Decisions

THE STANDING COMMITTEE OF THE EFTA STATES,

Having regard to the Agreement on a Standing Committee of the EFTA States and in particular its Article 5(2);

Having regard to the proposal from the EFTA Surveillance Authority;

Whereas:

- (1) Article 3 of Protocol 1 of the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice as adjusted by the Protocol Adjusting the Agreement between the EFTA States on the Establishment of a Surveillance Authority and a Court of Justice, "the Surveillance and Court Agreement", lays down that where in an act referred to in the Annexes to the EEA Agreement containing the procedures described in Article 1, the European Commission shall submit a draft measure to be taken to, or otherwise consult, an EU committee, the EFTA Surveillance Authority shall, according to corresponding procedures to be laid down by the Standing Committee, consult a corresponding committee, if any, set up or designated in accordance with the Agreement on a Standing Committee of the EFTA States.
- (2) The European Parliament and the Council in Regulation (EU) No 182/2011 of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers⁽¹⁾, have laid down the rules and general principles concerning the rules and general principles governing the mechanisms which apply where a legally binding Union act (a 'basic act') identifies the need for uniform conditions of implementation and requires that the adoption of implementing acts by the Commission be subject to the control of Member States;
- (3) The Standing Committee of the EFTA States has laid down the general rules describing the procedures to be followed when committees assist the EFTA Surveillance Authority in Standing Committee Decision No 3/2012 (new comitology procedures) in order to align those procedures with those adopted in Regulation (EU) No 182/2011;
- (4) Some Standing Committee Decisions currently in force which designate committees to assist the EFTA Surveillance Authority refer to obsolete legal acts which

have been repealed from the EEA Agreement and may refer to procedures which have been modified as a result of the entry into force of Regulation (EU) No 182/2011. It is thus necessary to update all the current decisions designating committees adopted by the Standing Committee under Article 5(2) of the Agreement on a Standing Committee of the EFTA States and to indicate the procedure to be followed by the EFTA Surveillance Authority in each specific case.

- (5) In order to simplify and clarify the process of designation of the committees, all committees to which the EFTA Surveillance Authority must submit draft measures or must otherwise consult are hereby designated in a single decision and the separate decisions currently in force should be repealed.
- (6) It is unnecessary, however, to designate the committees to assist the Authority in the exercise of its powers in the field of competition and state aid as those committees are already designated and established by Protocols 3 and 4 to the Agreement between the EFTA States on the establishment of a Surveillance Authority and a Court of Justice.
- (7) The procedure applicable when the EU Commission must submit a draft measure to be taken to or otherwise consult a committee is set out in the act in question. The procedure applicable to the EFTA Surveillance Authority when it shall do so in accordance with an act referred to in the Annexes to the EEA Agreement must be the procedure laid down in the Decision of the Standing Committee of the EFTA States No 3/2012 (deciding the comitology procedures) which most closely corresponds to the procedure laid down in the act referred to in the Annexes to the EEA Agreement. Consequently, it is unnecessary to specify the procedure applicable to the committee upon its designation.
- (8) As for existing acts, Article 13 of Regulation (EU) No 182/2011 lays down certain transitional measures for the adaptation of the existing basic acts in the EU legal order which obviate the need for a modification of each of those acts. Article 7 of Standing Committee Decision No 3/2012 (new comitology procedures) contains a similar provision on the adaptation of existing procedures.

⁽¹⁾ OJ L 55, 28.2.2011, p. 13

- (9) The EFTA Surveillance Authority will propose to the Committees standard rules of procedure for them to adopt.

HAS DECIDED AS FOLLOWS:

Article 1

Designation of Committees

1. The committees listed in the Annex to this Decision are designated to assist the EFTA Surveillance Authority in carrying out its functions under Article 3 of Protocol 1 to the Surveillance and Court Agreement.

2. When the committees assist the EFTA Surveillance Authority, they shall do so in accordance with the Decision of the Standing Committee of the EFTA States No 3/2012 (deciding the comitology procedures).

Article 2

Applicable procedure

When the EFTA Surveillance Authority must, in accordance with an act referred to in the Annexes to the EEA Agreement, submit a draft measure to be taken to or otherwise consult a committee, it shall do so according to the procedure laid down in the Decision of the Standing Committee of the EFTA States No 3/2012 (deciding the comitology procedures) which most closely corresponds to the procedure laid down in the act referred to in the Annexes to the EEA Agreement.

Article 3
