REGULATIONS

COMMISSION REGULATION (EU) No 942/2013

of 1 October 2013

establishing a prohibition of fishing for haddock in areas IIIa, EU waters of Subdivisions 22-32 by vessels flying the flag of the Netherlands

THE EUROPEAN COMMISSION,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy ⁽¹⁾, and in particular Article 36(2) thereof,

Whereas:

- (1) Council Regulation (EU) No 40/2013 of 21 January 2013 fixing for 2013 the fishing opportunities available in EU waters and, to EU vessels, in certain non-EU waters for certain fish stocks and groups of fish stocks which are subject to international negotiations or agreements ⁽²⁾, lays down quotas for 2013.
- (2) According to the information received by the Commission, catches of the stock referred to in the Annex to this Regulation by vessels flying the flag of or registered in the Member State referred to therein have exhausted the quota allocated for 2013.
- (3) It is therefore necessary to prohibit fishing activities for that stock,

*Article 1***Quota exhaustion**

The fishing quota allocated to the Member State referred to in the Annex to this Regulation for the stock referred to therein for 2013 shall be deemed to be exhausted from the date set out in that Annex.

*Article 2***Prohibitions**

Fishing activities for the stock referred to in the Annex to this Regulation by vessels flying the flag of or registered in the Member State referred to therein shall be prohibited from the date set out in that Annex. In particular it shall be prohibited to retain on board, relocate, tranship or land fish from that stock caught by those vessels after that date.

*Article 3***Entry into force**

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 October 2013.

COMMISSION IMPLEMENTING REGULATION (EU) No 943/2013**of 1 October 2013****amending for the 203rd time Council Regulation (EC) No 881/2002 imposing certain specific restrictive measures directed against certain persons and entities associated with the Al Qaida network**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 881/2002 of 27 May 2002 imposing certain specific restrictive measures directed against certain persons and entities associated with the Al-Qaida network,⁽¹⁾ and in particular Article 7(1)(a) and 7a(5) thereof,

Whereas:

- (1) Annex I to Regulation (EC) No 881/2002 lists the persons, groups and entities covered by the freezing of funds and economic resources under that Regulation.
- (2) On 19 September 2013 the Sanctions Committee of the United Nations Security Council (UNSC) decided to

remove one person from its list of persons, groups and entities to whom the freezing of funds and economic resources should apply.

- (3) Annex I to Regulation (EC) No 881/2002 should therefore be updated accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EC) No 881/2002 is amended in accordance with the Annex to this Regulation.

*Article 2*This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 October 2013.

COMMISSION REGULATION (EU) No 944/2013

of 2 October 2013

amending, for the purposes of its adaptation to technical and scientific progress, Regulation (EC) No 1272/2008 of the European Parliament and of the Council on classification, labelling and packaging of substances and mixtures

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 ⁽¹⁾, and in particular Article 37(5) and Article 53 thereof,

Whereas:

- (1) In respect of precautionary statement P210 set out in table 6.2 Part 1 of Annex IV to Regulation (EC) No 1272/2008 the 5th revision of the Globally Harmonised System of Classification and Labelling of Chemicals (hereinafter 'GHS') of the United Nations has brought about changes which were not fully taken into account in Commission Regulation (EU) No 487/2013 ⁽²⁾. For reasons of consistency it is necessary to provide for full alignment between the GHS and Regulation (EC) No 1272/2008.
- (2) Part 3 of Annex VI to Regulation (EC) No 1272/2008 contains two lists of harmonised classification and labelling of hazardous substances. Table 3.1 lists the harmonised classification and labelling of hazardous substances based on the criteria set out in Parts 2 to 5 of Annex I to Regulation (EC) No 1272/2008. Table 3.2 lists the harmonised classification and labelling of hazardous substances based on the criteria set out in Annex VI to Council Directive 67/548/EEC of 27 June 1967 on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances ⁽³⁾. Those two lists need to be amended to include updated classifications for substances already subject to those harmonised classifications and to include new harmonised classifications.
- (3) The Committee for Risk Assessment (RAC) of the European Chemicals Agency (ECHA) has issued opinions on proposals for harmonised classification and

labelling of substances which had been submitted to ECHA pursuant to Article 37 of Regulation (EC) No 1272/2008. Based on those opinions, as well as on the comments received from the parties concerned, it is appropriate to amend Annex VI to Regulation (EC) No 1272/2008 in order to harmonise the classification and labelling of certain substances.

- (4) The harmonised classifications set out in Part 3 of Annex VI to Regulation (EC) No 1272/2008, as amended by this Regulation, should not apply immediately, as a certain period of time will be necessary to allow operators to adapt the labelling and packaging of substances and mixtures to the new classifications and to sell existing stocks. In addition, a certain period of time will be necessary to allow operators to comply with the registration obligations resulting from the new harmonised classifications for substances classified as carcinogenic, mutagenic or toxic to reproduction, categories 1A and 1B (Table 3.1) and categories 1 and 2 (Table 3.2), or as very toxic to aquatic organisms which may cause long term effects in the aquatic environment, in particular with those set out in Article 23 of Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC ⁽⁴⁾.
- (5) With regard to the substance pitch, coal tar, high-temp. (EC Number: 266-028-2), an extended period of time will be necessary to allow operators to comply with the obligations resulting from the new harmonised classification for substances classified as very toxic to aquatic organisms which may cause long term effects in the aquatic environment, in particular with those set out in Article 3 and Annex III of Directive 2008/68/EC of the European Parliament and of the Council of 24 September 2008 on the inland transport of dangerous goods ⁽⁵⁾. Therefore, a longer transition time should be foreseen before the harmonised classification has to be applied.
- (6) With regard to the substance gallium arsenide (EC Number: 215-114-8), the RAC is in the process of

⁽²⁾ OJ L 149, 1.6.2013, p. 1.

⁽³⁾ OJ 196, 16.8.1967, p. 1.

adopting a new opinion for the hazard class 'toxicity to reproduction'. Therefore, this hazard class should not be included in Annex VI to Regulation (EC) No 1272/2008 until that opinion is finalised.

- (7) With regard to the substance polyhexamethylene biguanide hydrochloride (CAS number 27083-27-8 or 32289-58-0), new scientific data has been made available for the hazard class 'acute toxicity (inhalation)', which suggests that the classification for this hazard class as recommended in the RAC opinion, which is based on older data, might not be appropriate. Therefore, this hazard class should not be included in Annex VI to Regulation (EC) No 1272/2008 until RAC has had the opportunity to deliver an opinion on the new information, while all other hazard classes covered by the earlier RAC opinion should be included.
- (8) In line with the transitional provisions of Regulation (EC) No 1272/2008 which allow the application of the new provisions at an earlier stage on a voluntary basis, suppliers should have the possibility of applying the harmonised classifications set out in Part 3 of Annex VI to Regulation (EC) No 1272/2008, as amended by this Regulation, and of adapting the labelling and packaging accordingly on a voluntary basis before the dates by which the harmonised classifications will become mandatory.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Committee established under Article 133 of Regulation (EC) No 1907/2006,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 1272/2008 is amended as follows:

- (1) Annex IV is amended in accordance with the Annex I to this Regulation;
- (2) Part 3 of Annex VI is amended as follows:
- (a) Table 3.1 is amended as follows:
- (i) The entries set out in Annex VI to Regulation (EC) No 1272/2008 corresponding to the entries set out in Annex II to this Regulation are replaced by the entries set out in Annex II to this Regulation;
- (ii) The entries set out in Annex III to this Regulation are inserted in accordance with the order of the entries set out in Table 3.1.
- (b) Table 3.2 is amended as follows:
- (i) The entries set out in Annex VI to Regulation (EC) No 1272/2008 corresponding to the entries set out in Annex IV to this Regulation are replaced by the entries set out in Annex IV to this Regulation;
- (ii) The entries set out in Annex V to this Regulation are inserted in accordance with the order of the entries set out in Table 3.2.

Article 2

1. By way of derogation from Article 3(2) substances and mixtures may, before 1 December 2014 and 1 June 2015 respectively, be classified, labelled and packaged in accordance with Regulation (EC) No 1272/2008 as amended by this Regulation.

2. By way of derogation from Article 3(2), substances classified, labelled and packaged in accordance with Regulation (EC) No 1272/2008 and placed on the market before 1 December 2014, shall not be required to be relabelled and repackaged in accordance with Regulation (EC) No 1272/2008 as amended by this Regulation until 1 December 2016.

3. By way of derogation from Article 3(2) mixtures classified, labelled and packaged in accordance with Directive 1999/45/EC of the European Parliament and of the Council ⁽¹⁾ or Regulation (EC) No 1272/2008 and placed on the market before 1 June 2015, shall not be required to be relabelled and repackaged in accordance with Regulation (EC) No 1272/2008 as amended by this Regulation until 1 June 2017.

4. By way of derogation from Article 3(3) the harmonised classifications set out in Part 3 of Annex VI to Regulation (EC) No 1272/2008, as amended by this Regulation, may be applied before the dates referred to in Article 3(3).

Article 3

1. This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

2. Article 1(1) shall apply in respect of substances from 1 December 2014 and in respect of mixtures from 1 June 2015.

⁽¹⁾ OJ L 200, 30.7.1999, p. 1.

3. Article 1(2) shall apply from 1 January 2015 for all entries except for the entry pitch, coal tar, high-temp. (EC Number 266-028-2), for which Article 1 shall apply from 1 April 2016.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 October 2013.

For the Commission
The President
José Manuel BARROSO

COMMISSION IMPLEMENTING REGULATION (EU) No 945/2013**of 2 October 2013****to approve cypermethrin as an existing active substance for use in biocidal products for product-type 8****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular the third subparagraph of Article 89(1) thereof,

Whereas:

- (1) Commission Regulation (EC) No 1451/2007 of 4 December 2007 on the second phase of the 10-year work programme referred to in Article 16(2) of Directive 98/8/EC of the European Parliament and of the Council concerning the placing of biocidal products on the market ⁽²⁾ establishes a list of active substances to be assessed, with a view to their possible inclusion in Annex I, IA or IB to Directive 98/8/EC of the European Parliament and of the Council ⁽³⁾. That list includes cypermethrin.
- (2) Pursuant to Regulation (EC) No 1451/2007, cypermethrin has been evaluated in accordance with Article 11(2) of Directive 98/8/EC for use in product-type 8, wood preservatives, as defined in Annex V to that Directive, which corresponds to product-type 8 as defined in Annex V to Regulation (EU) No 528/2012.
- (3) Belgium was designated as rapporteur Member State and submitted the competent authority report, together with a recommendation, to the Commission on 5 March 2010 in accordance with Article 14(4) and (6) of Regulation (EC) No 1451/2007.
- (4) The competent authority report was reviewed by the Member States and the Commission. In accordance

with Article 15(4) of Regulation (EC) No 1451/2007, the findings of the review were incorporated, within the Standing Committee on Biocidal Products on 12 July 2013, in an assessment report.

- (5) It appears from the evaluations that biocidal products used for product-type 8 and containing cypermethrin may be expected to satisfy the requirements laid down in Article 5 of Directive 98/8/EC.
- (6) It is therefore appropriate to approve cypermethrin for use in biocidal products for product-type 8.
- (7) Since the evaluation did not address nanomaterials, the approval should not cover such materials pursuant to Article 4(4) of Regulation (EU) No 528/2012.
- (8) A reasonable period should be allowed to elapse before an active substance is approved, in order to permit Member States, interested parties, and the Commission where appropriate, to prepare themselves to meet the new requirements entailed.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Biocidal Products,

HAS ADOPTED THIS REGULATION:

Article 1

Cypermethrin shall be approved as an active substance for use in biocidal products for product-type 8, subject to the specifications and conditions set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 October 2013.

Authorisations are subject to the following conditions: (1) For industrial or professional users, safe operational procedures and appropriate organisational measures shall be established. Where exposure cannot be reduced to an acceptable level by other means, products shall be used with appropriate personal protective equipment. (2) Appropriate risk mitigation measures shall be taken to protect the soil and aquatic compartments. In particular: (a) Labels and, where provided, safety data sheets of products authorised shall indicate that industrial application shall be conducted within a contained area or on impermeable hard standing with bunding, that freshly treated timber shall be stored after treatment under shelter or on impermeable hard standing, or both, to prevent direct losses to soil or water, and that any losses from the application of the product shall be collected for reuse or disposal. (b) Products shall not be authorised for industrial treatment by dipping or spraying of wood that will be exposed to weathering, unless data is submitted to demonstrate that the product will not present unacceptable risks, if necessary by the application of appropriate mitigation measures. (c) Products shall not be authorised for treatment of outdoor constructions near or above water, or for treatment of wood that will be used for outdoor constructions near or above water, unless data is submitted to demonstrate that the product will not present unacceptable risks, if necessary by the application of appropriate mitigation measures.

⁽¹⁾ The purity indicated in this column was the minimum degree of purity of the active substance used for the evaluation made in accordance with Article 8 of Regulation (EU) No 528/2012. The active substance in the product placed on the market can be of equal or different purity if it has been proven technically equivalent with the evaluated active substance.

COMMISSION IMPLEMENTING REGULATION (EU) No 946/2013**of 2 October 2013****on advances to be paid from 16 October 2013 of the direct payments listed in Annex I to Council Regulation (EC) No 73/2009 establishing common rules for direct support schemes for farmers under the common agricultural policy and establishing certain support schemes for farmers**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 73/2009 of 19 January 2009 establishing common rules for direct support schemes for farmers under the common agricultural policy and establishing certain support schemes for farmers, amending Regulations (EC) No 1290/2005, (EC) No 247/2006, (EC) No 378/2007 and repealing Regulation (EC) No 1782/2003 ⁽¹⁾, and in particular Article 29(4)(a) thereof,

Whereas:

- (1) Article 29(2) of Regulation (EC) No 73/2009 provides that payments under support schemes listed in Annex I to that Regulation are to be made within the period from 1 December to 30 June of the following calendar year. However, Article 29(4)(a) of that Regulation permits the Commission to provide for advances.
- (2) Unfavourable weather conditions in Europe, with a very harsh winter and rainfalls resulting in severe flooding in some Member States, have caused serious damages on the crop and fodder production in 2013. Severe financial difficulties have been encountered by farmers as a result, in particular by cattle producers. These difficulties are compounded by the effects of the ongoing financial crisis which have caused many farmers to be confronted with serious liquidity problems. In order to help to alleviate these difficulties it is appropriate to allow for farmers to receive advance payments of up to 50 % of the support schemes listed in Annex I to Regulation (EC) No 73/2009. Regarding the beef and veal payments provided for in Section 11 of Chapter 1 of Title IV of Regulation (EC) No 73/2009, Member States should also be authorised to increase the payment of advances as referred to in Article 82 of Commission Regulation (EC) No 1121/2009 ⁽²⁾, to up to 80 % of the payment.

- (3) In order to ensure that the advance payments will be accounted for under the 2014 budget year, they should be made from 16 October 2013. The necessary verification of eligibility conditions under Article 29(3) of Regulation (EC) No 73/2009 should nevertheless be carried out before payment of the advances in the interests of good financial management.
- (4) According to Article 18(5) of Council Regulation (EC) No 1290/2005 ⁽³⁾, the Council may adapt the adjustment rate for direct payments until 1 December, on a proposal by the Commission and on the basis of new information in its possession. As a consequence, the adjustment rate of financial discipline referred to in Article 11 of Regulation (EC) No 73/2009 eventually applied may not be known by 16 October 2013. Therefore the maximum advances that can be paid should be set as a percentage of the direct payments before the adjustment referred to in Article 11 of Regulation (EC) No 73/2009. The definitive payment after 1 December 2013 will take into account the final adjustment rate of financial discipline applicable at that time.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Direct Payments,

HAS ADOPTED THIS REGULATION:

Article 1

Member States may pay, from 16 October 2013, advances to farmers of up to 50 % of the direct payments listed in Annex I to Regulation (EC) No 73/2009 in respect of applications made in 2013 without taking into account the adjustment referred to in Article 11 of Regulation (EC) No 73/2009, provided that the verification of the eligibility conditions pursuant to Article 20 of Regulation (EC) No 73/2009 has been finalised.

Regarding the beef and veal payments provided for in Section 11 of Chapter 1 of Title IV of Regulation (EC) No 73/2009, Member States shall be authorised to increase the amount referred to in the first paragraph to up to 80 %.

COMMISSION IMPLEMENTING REGULATION (EU) No 947/2013**of 2 October 2013****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multi-lateral trade negotiations, the criteria whereby the

Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.

- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

DIRECTIVES

COMMISSION DIRECTIVE 2013/47/EU

of 2 October 2013

amending Directive 2006/126/EC of the European Parliament and of the Council on driving licences

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2006/126/EC of the European Parliament and of the Council of 20 December 2006 on driving licences ⁽¹⁾, and in particular Article 8 thereof,

Whereas:

- (1) Commission Directive 2012/36/EU of 19 November 2012 amending Directive 2006/126/EC of the European Parliament and of the Council on driving licences ⁽²⁾ provides for technical adaptation of its Annex II in relation to the specifications for test vehicles taking into account the technical evolution of the different vehicle classes.
- (2) Annex II, I, B point 5.2 of Directive 2006/126/EC, as amended by Directive 2012/36/EU, establishes that the vehicles of category A used in tests of skills and behaviour shall comply with certain minimum criteria. In particular, motorcycles used for the test shall have an unladen mass of more than 180 kg, with a power rating of at least 50 kW. If the motorcycle is powered by an internal combustion engine, the cubic capacity of the engine shall be at least 600 cm³. If the motorcycle is powered by an electric motor, the power to weight ratio of the vehicle shall be at least 0,25 kW/kg.
- (3) With a view to allowing the training sector to adapt their equipment including motorcycles to technological evolution of the vehicles available on the market, a transitional period should be introduced to allow Member States to authorise the use of category A motorcycles complying with the specifications as existing prior to the amendments introduced by Directive 2012/36/EU until 31 December 2018.
- (4) Directive 2006/126/EC should therefore be amended accordingly.
- (5) The measures provided for in this Directive are in accordance with the opinion of the Committee on driving licences,

HAS ADOPTED THIS DIRECTIVE:

Article 1

In Annex II, I, B, point 5.2 of Directive 2006/126/EC concerning vehicles for category A, the following paragraph is added:

'Member States may authorise the use of motorcycles of category A whose unladen mass is below 180 kg, and with a power rating of at least 40 kW and below 50 kW, until 31 December 2018.'

Article 2

1. Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with this Directive by 31 December 2013 at the latest. They shall forthwith communicate to the Commission the text of those provisions.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

2. Member States shall communicate to the Commission the text of the main provisions of national law which they adopt in the field covered by this Directive.

Article 3

This Directive shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

Article 4

This Directive is addressed to the Member States.
