REGULATIONS

COUNCIL REGULATION (EU) No 24/2014

of 10 January 2014

fixing for 2014 the fishing opportunities for certain fish stocks and groups of fish stocks in the Black Sea

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Article 43(3) of the Treaty provides that the Council, on a proposal from the Commission, is to adopt measures on the fixing and allocation of fishing opportunities.
- (2) Regulation (EU) No 1380/2013 of the European Parliament and of the Council⁽¹⁾ requires that conservation measures be adopted taking into account available scientific, technical and economic advice, including, where relevant, reports drawn up by the Scientific, Technical and Economic Committee for Fisheries (STECF).
- (3) It is incumbent upon the Council to adopt measures on the fixing and allocation of fishing opportunities by fishery or group of fisheries in the Black Sea, including certain conditions functionally linked thereto, as appropriate. Fishing opportunities should be allocated to Member States in such a way as to ensure relative stability of fishing activities of each Member State for each fish stock or fishery and having due regard to the objectives of the Common Fisheries Policy established in Regulation (EU) No 1380/2013.
- (4) TACs should be established on the basis of the available scientific advice, taking into account biological and socioeconomic aspects whilst ensuring fair treatment between fishing sectors, as well as in the light of the opinions expressed during the consultation of stakeholders.
- (5) The use of fishing opportunities set out in this Regulation is subject to Council Regulation (EC) No 1224/2009⁽²⁾ and in particular to Articles 33 and 34 thereof concerning, respectively, the recording of catches and fishing effort and the notification of data on the exhaustion of fishing opportunities. It is therefore necessary to specify the codes to be used by the Member States when sending data to the Commission relating to landings of stocks subject to this Regulation.
- (6) In accordance with Article 2 of Council Regulation (EC) No 847/96⁽³⁾, the stocks that are subject to the various measures referred to therein must be identified.
- (7) In order to avoid interruption of fishing activities and to ensure the livelihood of Union fishermen, it is important to open the fisheries concerned in the Black Sea on 1 January 2014. For reasons of urgency, this Regulation should enter into force immediately after its publication,

⁽¹⁾ Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

⁽²⁾ Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 (OJ L 343, 22.12.2009, p. 1).

⁽³⁾ Council Regulation (EC) No 847/96 of 6 May 1996 introducing additional conditions for year-to-year management of TACs and quotas (OJ L 115, 9.5.1996, p. 3).

HAS ADOPTED THIS REGULATION:

CHAPTER I

SCOPE AND DEFINITIONS

Article 1

Subject matter

This Regulation fixes the fishing opportunities for 2014 for certain fish stocks and groups of fish stocks in the Black Sea.

Article 2

Scope

This Regulation shall apply to EU vessels operating in the Black Sea.

Article 3

Definitions

For the purposes of this Regulation, the following definitions shall apply:

- (a) 'GFCM' means General Fisheries Commission for the Mediterranean;
- (b) 'Black Sea' means the geographical subarea 29 as defined in Annex I to Regulation (EU) No 1343/2011 of the European Parliament and the Council⁽¹⁾ and in Resolution GFCM/33/2009/2;
- (c) 'EU vessel' means a fishing vessel flying the flag of a Member State and registered in the Union;
- (d) 'total allowable catch (TAC)' means the quantity that can be taken from each stock each year;
- (e) 'quota' means a proportion of the TAC allocated to the Union, a Member State or a third country.

CHAPTER II

FISHING OPPORTUNITIES

Article 4

TACs and allocation

The TACs for EU vessels, the allocation of such TACs among Member States, and the conditions functionally linked thereto, where appropriate, are set out in the Annex.

⁽¹⁾ Regulation (EU) No 1343/2011 of the European Parliament and of the Council of 13 December 2011 on certain provisions for fishing in the GFCM (General Fisheries Commission for the Mediterranean) Agreement area and amending Council Regulation (EC) No 1967/2006 concerning management measures for the sustainable exploitation of fishery resources in the Mediterranean Sea (OJ L 347, 30.12.2011, p. 44).

Article 5

Special provisions on allocations

The allocation of fishing opportunities among Member States as set out in this Regulation shall be without prejudice to:

- (a) exchanges made pursuant to Article 16(8) of Regulation (EU) No 1380/2013;
- (b) deductions and reallocations made pursuant to Article 37 of Regulation (EC) No 1224/2009;
- (c) additional landings allowed under Article 3 of Regulation (EC) No 847/96;
- (d) quantities withheld in accordance with Article 4 of Regulation (EC) No 847/96;
- (e) deductions made pursuant to Articles 105 and 107 of Regulation (EC) No 1224/2009.

Article 6

Conditions for landing catches and by-catches

Fish from stocks for which fishing opportunities are fixed by this Regulation shall be retained on board or landed only if:

- (a) the catches have been taken by vessels of a Member State having a quota and that quota is not exhausted; or
- (b) the catches consist of a share in a Union quota which has not been allocated by quota among Member States, and that Union quota has not been exhausted.

CHAPTER III

FINAL PROVISIONS

Article 7

Data transmission

When, pursuant to Articles 33 and 34 of Regulation (EC) No 1224/2009, Member States send the Commission data relating to landings of quantities of stocks caught, they shall use the stock codes set out in the Annex to this Regulation.

*Article 8***Entry into force**

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2014.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 10 January 2014.

For the Council
The President
D. KOURKOULAS

ANNEX

TACs APPLICABLE TO EU VESSELS IN AREAS WHERE TACs EXIST BY SPECIES AND BY AREA

The following tables set out the TACs and quotas (in tonnes live weight, except where otherwise specified) by stock, and conditions functionally linked thereto, where appropriate.

Fish stocks are referred to following the alphabetical order of the Latin names of the species. For the purposes of this Regulation, the following comparative table of Latin names and common names is provided:

Scientific name	Alpha-3 code	Common name
<i>Psetta maxima</i>	TUR	Turbot
<i>Sprattus sprattus</i>	SPR	Sprat

Species: Turbot <i>Psetta maxima</i>		Zone: EU waters in the Black Sea TUR/F37.4.2.C
Bulgaria	43,2	
Romania	43,2	
Union	86,4 ⁽¹⁾	
TAC	Not relevant	Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.

⁽¹⁾ No fishing activity, including transshipment, taking on board, landing and first sale shall be permitted from 15 April to 15 June 2014.

Species: Sprat <i>Sprattus sprattus</i>		Zone: EU waters in the Black Sea SPR/F37.4.2.C
Bulgaria	8 032,5	
Romania	3 442,5	
Union	11 475	
TAC	Not relevant	Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.

COMMISSION IMPLEMENTING REGULATION (EU) No 25/2014**of 13 January 2014****amending Regulation (EC) No 1251/2008 as regards the entry for Canada in the list of third countries, territories, zones or compartments from which certain aquatic animals may be imported into the Union****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/88/EC of 24 October 2006 on animal health requirements for aquaculture animals and products thereof, and on the prevention and control of certain diseases in aquatic animals⁽¹⁾, and in particular Article 22 and Article 61(3) thereof,

Whereas:

- (1) Directive 2006/88/EC lays down the animal health requirements to be applied for the placing on the market and the import and the transit through the Union of aquaculture animals and products thereof.
- (2) Annex III to Commission Regulation (EC) No 1251/2008⁽²⁾ establishes a list of third countries, territories, zones or compartments, from which it is permitted to introduce aquaculture animals.
- (3) In addition, the model animal health certificates set out in Parts A and B of Annex IV to Regulation (EC) No 1251/2008 contain animal health attestations with regard to the requirements for species susceptible to certain diseases listed in Part II of Annex IV to Directive 2006/88/EC.
- (4) Certain provinces of Canada (British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and Labrador, Yukon, Northwest Territories and Nunavut) are currently listed in Annex III to Regulation (EC) No 1251/2008. Imports of fish species susceptible to viral haemorrhagic septicaemia, as set out in Part II of Annex IV to Directive 2006/88/EC, from those provinces into the Union are therefore permitted.
- (5) Canada has requested that the province of Quebec should be added to the list set out in Annex III to Regulation

(EC) No 1251/2008. According to the conclusions of an audit carried out by the Food and Veterinary Office in Canada in June 2012 concerning aquatic animal health, the competent authority of that third country can provide appropriate guarantees in relation to surveillance and monitoring of fish diseases, and a reliable certification system is in place for exports of fish and products thereof to the Union. In addition, the competent authority of Canada has submitted to the Commission detailed information with regard to a risk-based surveillance programme concerning viral haemorrhagic septicaemia carried out between 2007 and 2012 on wild fish originating from higher risk watersheds in the province of Quebec. From an analysis of the design and implementation of the surveillance programme it can be concluded that it is highly unlikely that the viral haemorrhagic septicaemia virus circulated in susceptible wild fish populations in Quebec during those years. That provides further assurances in respect of the health status of fish species susceptible to viral haemorrhagic septicaemia, or products thereof, that may be exported to the Union from Quebec.

- (6) It is therefore appropriate to permit imports of fish species susceptible to viral haemorrhagic septicaemia, as set out in Part II of Annex IV to Directive 2006/88/EC, intended for farming, relaying areas, put and take fisheries, open and closed ornamental facilities, from Quebec into the Union.
- (7) Regulation (EC) No 1251/2008 should therefore be amended accordingly.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

Article 1

Annex III to Regulation (EC) No 1251/2008 is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 328, 24.11.2006, p. 14.

⁽²⁾ Commission Regulation (EC) No 1251/2008 of 12 December 2008 implementing Council Directive 2006/88/EC as regards conditions and certification requirements for the placing on the market and the import into the Community of aquaculture animals and products thereof and laying down a list of vector species (OJ L 337, 16.12.2008, p. 41).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 January 2014.

For the Commission

The President

José Manuel BARROSO

ANNEX

In Annex III to Regulation (EC) No 1251/2008, in the table, the entry for Canada is replaced by the following:

Country/territory		Aquaculture Species			Zone/Compartment	
ISO-code	Name	Fish	Molluscs	Crustaceans	Code	Description
'CA	Canada	X			CA 0 ^(C)	Whole territory
					CA 1 ^(D)	British Columbia
					CA 2 ^(D)	Alberta
					CA 3 ^(D)	Saskatchewan
					CA 4 ^(D)	Manitoba
					CA 5 ^(D)	New Brunswick
					CA 6 ^(D)	Nova Scotia
					CA 7 ^(D)	Prince Edward Island
					CA 8 ^(D)	Newfoundland and Labrador
					CA 9 ^(D)	Yukon
					CA 10 ^(D)	Northwest Territories
					CA 11 ^(D)	Nunavut
					CA 12 ^(D)	Quebec'

COMMISSION IMPLEMENTING REGULATION (EU) No 26/2014**of 13 January 2014****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multi-lateral trade negotiations, the criteria whereby the

Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.

- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 January 2014.

*For the Commission,
On behalf of the President,*

*Jerzy PLEWA
Director-General for Agriculture and
Rural Development*

DECISIONS

COMMISSION DECISION

of 18 December 2013

amending Decisions 2010/2/EU and 2011/278/EU as regards the sectors and subsectors which are deemed to be exposed to a significant risk of carbon leakage

(notified under document C(2013) 9186)

(Text with EEA relevance)

(2014/9/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty of the Functioning of the European Union,

Having regard to Directive 2003/87/EC of the European Parliament and of the Council of 13 October 2003 establishing a scheme for greenhouse gas emission allowance trading within the Community and amending Council Directive 96/61/EC⁽¹⁾, and in particular Article 10a(1) and (13) thereof,

Whereas:

- (1) Commission Decision 2010/2/EU⁽²⁾ determines, pursuant to Directive 2003/87/EC, a list of sectors and subsectors which are deemed to be exposed to a significant risk of carbon leakage.
- (2) Commission Decision 2011/278/EU⁽³⁾ determines transitional Union-wide rules for the harmonised free allocation of emission allowances pursuant to Article 10a of Directive 2003/87/EC.
- (3) Every year a sector or subsector may be added to the list of sectors and subsectors which are deemed to be exposed to a significant risk of carbon leakage when it has been demonstrated, in an analytical report, that the sector or subsector satisfies the criteria set out in paragraphs 14 to 17 of Article 10a of Directive 2003/87/EC, following a change that has a substantial impact on the sector's or subsector's activities.
- (4) Some sectors not found to be exposed to a significant risk of carbon leakage at the NACE 4-level in Decision 2010/2/EU were disaggregated and a number of corresponding subsectors, for which certain specific

distinguishing characteristics led to a significantly different impact from the rest of the sector, were assessed.

- (5) For the subsectors 'Dried potatoes in the form of flour, meal, flakes, granules and pellets', 'Frozen potatoes, prepared or preserved (including potatoes cooked or partly cooked in oil and then frozen; excluding by vinegar or acetic acid)', as well as 'Whey and modified whey in powder, granules or other solid forms, whether or not concentrated or containing added sweetening matter', this assessment has shown that they can be clearly distinguished from other subsectors on the basis of specific characteristics and that they satisfy the quantitative criteria set out in Article 10a(15) of Directive 2003/87/EC. Those subsectors should therefore be added to the list of sectors or subsectors deemed to be exposed to a significant risk of carbon leakage.
- (6) For the subsector 'Open die forged ferrous parts for transmission shafts, camshafts, crankshafts and cranks' this assessment has also shown that it can be clearly distinguished from other subsectors on the basis of specific characteristics and that it satisfies the quantitative criterion set out in point (b) of Article 10a(16) of Directive 2003/87/EC. That subsector should therefore be added to the list of sectors or subsectors deemed to be exposed to a significant risk of carbon leakage.
- (7) The sectors 'Manufacture of plaster' and 'Manufacture of plaster products for construction purposes' (NACE codes 2653 and 2662, respectively) have been reassessed in 2012. That qualitative assessment demonstrated challenging market characteristics, such as growing trade, in particular an increasing trend in imports from low-cost manufacturing countries, increased international competitive pressure, and only modest profit margins for the years evaluated, which limit the capacity of installations to invest and reduce emissions. Based on the combined impact of those factors, those sectors should be deemed to be exposed to a significant risk of carbon leakage and added to the list of sectors and subsectors deemed to be exposed to a significant risk of carbon leakage.

⁽¹⁾ OJ L 275, 25.10.2003, p. 32.

⁽²⁾ OJ L 1, 5.1.2010, p. 10.

⁽³⁾ OJ L 130, 17.5.2011, p. 1.

- (8) Decisions 2010/2/EU and 2011/278/EU should therefore be amended accordingly.

Article 2

Amendments to Decision 2011/278/EU

Annex I to Decision 2011/278/EU is amended in accordance with Annex II to this Decision.

Article 3

Addressees

This Decision is addressed to the Member States.

HAS ADOPTED THIS DECISION:

Done at Brussels, 18 December 2013.

Article 1

Amendments to Decision 2010/2/EU

The Annex to Decision 2010/2/EU is amended in accordance with Annex I to this Decision.

For the Commission

Connie HEDEGAARD

Member of the Commission

ANNEX I

The Annex to Decision 2010/2/EU is amended as follows:

(1) Section 2 is amended as follows:

(a) the following entries are inserted before entry 15331427:

Prodcom Code	Description
'15311230	Dried potatoes in the form of flour, meal, flakes, granules and pellets
15311250	Frozen potatoes, prepared or preserved (including potatoes cooked or partly cooked in oil and then frozen; excluding by vinegar or acetic acid)

(b) the following entry is inserted after entry 155154:

Prodcom Code	Description
'15515533	Whey and modified whey in powder, granules or other solid forms, whether or not concentrated or containing added sweetening matter

(c) the following entry is added after entry 26821620:

Prodcom Code	Description
'28401133	Open die forged ferrous parts for transmission shafts, camshafts, crankshafts and cranks

(2) in Section 3, the following entries are inserted after entry 2640:

Prodcom Code	Description
'2653	Manufacture of plaster
2662	Manufacture of plaster products for construction purposes

ANNEX II

In Annex I to Decision 2011/278/EU, the entries corresponding to product benchmarks 'Plaster', 'Dried secondary gypsum' and 'Plasterboard' are replaced by the following:

Product benchmark	Definition of products covered	Definition of processes and emissions covered (system boundaries)	Carbon leakage exposure as determined by Decision 2010/2/EU for the years 2013 and 2014	Benchmark value (allowances/t)
'Plaster'	Plasters consisting of calcined gypsum or calcium sulphate (including for use in building, for use in dressing woven fabrics or surfacing paper, for use in dentistry, for use in land remediation), in tonnes of stucco. Alpha plaster is not covered by this product benchmark	All processes directly or indirectly linked to the production steps milling, drying and calcining are included	yes	0,048'
'Dried secondary gypsum'	Dried secondary gypsum (synthetic gypsum produced as a recycled by-product of the power industry or recycled material from construction waste and demolition) expressed as tons of product	All processes directly or indirectly linked to the drying of secondary gypsum are included	yes	0,017'
'Plasterboard'	The benchmark covers boards, sheets, panels, tiles, similar articles of plaster/compositions based on plaster, (not) faced/reinforced with paper/paperboard only, excluding articles agglomerated with plaster, ornamented (in tonnes of stucco). High-density gypsum fibreboards not covered by this product benchmark	All processes directly or indirectly linked to the production steps milling, drying, calcining and board drying are included. For the determination of indirect emissions, only the electricity consumption of heat pumps applied in the drying stage shall be considered	yes	0,131'

CORRIGENDA

Corrigendum to Council Regulation (EU) No 1412/2013 of 17 December 2013 opening and providing for the administration of autonomous Union tariff quotas for imports of certain fishery products into the Canary Islands from 2014 to 2020

(Official Journal of the European Union L 353 of 28 December 2013)

On page 4, the Annex:
