THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular the third subparagraph of Article 89(1) thereof,

Whereas:

- (1) Commission Regulation (EC) No 1451/2007 ⁽²⁾ establishes a list of active substances to be assessed, with a view to their possible inclusion in Annex I, IA or IB to Directive 98/8/EC of the European Parliament and of the Council ⁽³⁾. That list includes permethrin.
- (2) Permethrin has been evaluated in accordance with Article 90(2) of Regulation (EU) No 528/2012 for use in biocidal products for product-type 8, wood preservatives, and product-type 18, insecticides, acaricides and products to control other arthropods, as defined in Annex V to Regulation (EU) No 528/2012.
- (3) Ireland was designated as evaluating Competent Authority and submitted the assessment reports, together with its recommendations, to the Commission on 7 December 2010 in accordance with paragraphs 4 and 6 of Article 14 of Commission Regulation (EC) No 1451/2007.
- (4) The opinion of the European Chemicals Agency was formulated on 8 April 2014 by the Biocidal Product Committee, having regard to the conclusions of the evaluating Competent Authority.
- (5) According to those opinions, biocidal products used for product-types 8 and 18 and containing permethrin may be expected to satisfy the requirements laid down in Article 5 of Directive 98/8/EC of the European Parliament and of the Council provided that certain specifications and conditions relating to its use are satisfied.
- (6) It is therefore appropriate to approve permethrin for use in biocidal products for product-type 8 and 18 subject to compliance with certain specifications and conditions.
- (7) Since the evaluations did not address nanomaterials, the approvals should not cover such materials pursuant to Article 4(4) of Regulation (EU) No 528/2012.
- (8) A reasonable period should be allowed to elapse before an active substance is approved, in order to permit interested parties to take the preparatory measures necessary to meet the new requirements laid down.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Biocidal Products,

⁽¹⁾ OJ L 167, 27.6.2012, p. 1.

⁽²⁾ Commission Regulation (EC) No 1451/2007 of 4 December 2007 on the second phase of the 10-year work programme referred to in Article 16(2) of Directive 98/8/EC of the European Parliament and of the Council concerning the placing of biocidal products on the market (OJ L 325, 11.12.2007, p. 3).

COMMISSION REGULATION (EU) No 1092/2014**of 16 October 2014****amending Annex II to Regulation (EC) No 1333/2008 of the European Parliament and of the Council as regards the use of sweeteners in certain fruit or vegetable spreads****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1333/2008 of the European Parliament and of the Council of 16 December 2008 on food additives ⁽¹⁾ and in particular Article 10(3),

Whereas:

- (1) Annex II to Regulation (EC) No 1333/2008 lays down a Union list of food additives approved for use in foods and their conditions of use.
- (2) The Union list of food additives may be updated in accordance with the common procedure referred to in Article 3(1) of Regulation (EC) No 1331/2008 of the European Parliament and of the Council ⁽²⁾ either on the initiative of the Commission or following an application.
- (3) On 24 April 2014 an application was submitted for authorisation of the use of sweeteners in all products belonging to sub food category 04.2.5.3 'Other similar fruit or vegetable spreads' of Annex II to Regulation (EC) No 1333/2008. That category includes fruit or vegetable spreads similar to jams, jellies and marmalades as defined by Council Directive 2001/113/EC ⁽³⁾. The application was subsequently made available to the Member States pursuant to Article 4 of Regulation (EC) No 1331/2008.
- (4) Council Directive 2001/113/EC describes and defines jams, jellies and marmalades. Fruit or vegetable spreads, similar to jams, jellies and marmalades, which fall within sub food category 04.2.5.3, may contain ingredients other than those listed in Annex II to Directive 2001/113/EC (e.g. vitamins, minerals and flavourings).
- (5) Annex II to Regulation (EC) No 1333/2008 authorises the use of sweeteners Aspartame (E 951), Neotame (E 961) and Salt of aspartame-acesulfame (E 962) in energy-reduced jams, jellies and marmalades, as well as in other similar fruit spreads as dried-fruit-based sandwich spreads that are energy-reduced or with no added sugar.
- (6) An extension of use of those sweeteners to all other energy-reduced similar fruit or vegetable spreads will allow their use in a similar way as in energy-reduced jams, jellies and marmalades.
- (7) As fruit or vegetable spreads are used as an alternative to jams, jellies and marmalades, the use of sweeteners in those spreads will not lead to an additional exposure of the consumer and therefore is not of safety concern.
- (8) Pursuant to Article 3(2) of Regulation (EC) No 1331/2008, the Commission is to seek the opinion of the European Food Safety Authority in order to update the Union list of food additives set out in Annex II to Regulation (EC) No 1333/2008, except where such update is not liable to have an effect on human health. Since the extension of use of Aspartame (E 951), Neotame (E 961) and Salt of aspartame-acesulfame (E 962) to all other energy-reduced similar fruit or vegetable spreads constitutes an update of that list which is not liable to have an effect on human health, it is not necessary to seek the opinion of the European Food Safety Authority.
- (9) Therefore, Annex II to Regulation (EC) No 1333/2008 should be amended accordingly.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽¹⁾ OJ L 354, 31.12.2008, p. 16.

⁽²⁾ Regulation (EC) No 1331/2008 of the European Parliament and of the Council of 16 December 2008 establishing a common authorisation procedure for food additives, food enzymes and food flavourings (OJ L 354, 31.12.2008, p. 1).

⁽³⁾ Council Directive 2001/113/EC of 20 December 2001 relating to fruit jams, jellies and marmalades and sweetened chestnut purée intended for human consumption (OJ L 10, 12.1.2002, p. 67).

COMMISSION REGULATION (EU) No 1093/2014**of 16 October 2014****amending and correcting Annex II to Regulation (EC) No 1333/2008 of the European Parliament and of the Council as regards the use of certain colours in flavoured ripened cheese****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1333/2008 of the European Parliament and of the Council of 16 December 2008 on food additives ⁽¹⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Annex II to Regulation (EC) No 1333/2008 lays down a Union list of food additives approved for use in foods and their conditions of use.
- (2) The Union list of food additives may be updated in accordance with the common procedure referred to in Article 3(1) of Regulation (EC) No 1331/2008 of the European Parliament and of the Council ⁽²⁾ either on the initiative of the Commission or following an application.
- (3) The Union list of food additives was established based on food additives permitted for use in foods in accordance with European Parliament and Council Directive 94/35/EC ⁽³⁾, European Parliament and Council Directive 94/36/EC ⁽⁴⁾ and European Parliament and Council Directive 95/2/EC ⁽⁵⁾ and after reviewing their compliance with Articles 6, 7 and 8 of Regulation (EC) No 1333/2008. The Union list includes the food additives on the basis of the categories of food to which they may be added to.
- (4) Due to the difficulties encountered during the transfer of food additives to the new categorisation system provided in Annex II to Regulation (EC) No 1333/2008, the use of food colours permitted in certain foods was left out of that list, since at that time no information was provided about the use and the need to use food colours in flavoured ripened cheese, such as green and red pesto cheese, wasabi cheese and green marbled herb cheese.
- (5) On 2 April 2013 an application was submitted for correction of the Union list to continue the use of copper complexes of chlorophylls and chlorophyllins (E 141) and paprika extract, capsanthin, capsorubin (E 160c) and for authorisation of the use of cochineal, carminic acid, carmines (E 120) and annatto, bixin, norbixin (E 160b) in certain flavoured ripened cheeses and was made available to the Member States pursuant to Article 4 of Regulation (EC) No 1331/2008.
- (6) Cochineal, carminic acid, carmines (E 120) and annatto, bixin, norbixin (E 160b) are currently approved for use in certain ripened cheeses. The same technological need was identified also for the use of cochineal, carminic acid, carmines (E 120) in red pesto cheese and annatto, bixin, norbixin (E 160b) in red and green pesto cheese.
- (7) The current approvals to use cochineal, carminic acid, carmines (E 120) and annatto, bixin, norbixin (E 160b) take into account the Acceptable Daily Intakes (ADI) established by the Scientific Committee for Food in 1983 and 1979 respectively.
- (8) Red and green pesto cheeses represent a small volume in the overall cheese market. It is not expected that the authorisation of use of cochineal, carminic acid, carmines (E 120) in red pesto cheese and annatto, bixin, norbixin (E 160) in red and green pesto cheese will have a significant impact on the total exposure to both colours.

⁽¹⁾ OJ L 354, 31.12.2008, p. 16.

⁽²⁾ Regulation (EC) No 1331/2008 of the European Parliament and of the Council of 16 December 2008 establishing a common authorisation procedure for food additives, food enzymes and food flavourings (OJ L 354, 31.12.2008, p. 1).

⁽³⁾ European Parliament and Council Directive 94/35/EC of 30 June 1994 on sweeteners for use in foodstuffs (OJ L 237, 10.9.1994, p. 3).

⁽⁴⁾ European Parliament and Council Directive 94/36/EC of 30 June 1994 on colours for use in foodstuffs (OJ L 237, 10.9.1994, p. 13).

⁽⁵⁾ European Parliament and Council Directive 95/2/EC of 20 February 1995 on food additives other than colours and sweeteners (OJ L 61, 18.3.1995, p. 1).

- (9) Pursuant to Article 3(2) of Regulation (EC) No 1331/2008, the Commission has to seek the opinion of the European Food Safety Authority in order to update the Union list of food additives set out in Annex II to Regulation (EC) No 1333/2008, except where such update is not liable to have an effect on human health. Since the extension of use of cochineal, carminic acid, carmines (E 120) to red pesto cheese and annatto, bixin, norbixin (E 160b) to red and green pesto cheese constitutes an update of that list which is not liable to have an effect on human health, it is not necessary to seek the opinion of the European Food Safety Authority.
- (10) Therefore, Annex II to Regulation (EC) No 1333/2008 should be corrected and amended accordingly.
- (11) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Annex II to Regulation (EC) No 1333/2008 is amended in accordance with the Annex to this Regulation.
