INTERNATIONAL AGREEMENTS

COUNCIL DECISION 2014/804/CFSP

of 8 October 2014

on the conclusion and signing on behalf of the Union of the Agreement in the form of an Exchange of Letters between the Republic of Cameroon and the European Union on the status of the European Union-led Forces in transit within the territory of the Republic of Cameroon

THE COUNCIL OF THE EUROPEAN UNION,

HAVING regard to the Treaty on European Union, and in particular Article 37 thereof, in conjunction with Article 218(5) and (6) of the Treaty on the Functioning of the European Union,

HAVING regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 10 February 2014, the Council adopted Decision 2014/73/CFSP ⁽¹⁾ on a European Union military operation in the Central African Republic (EUFOR RCA).
- (2) Following the adoption, on 15 April 2014, of a Council Decision authorising the opening of negotiations, the High Representative of the Union for Foreign Affairs and Security Policy negotiated, in accordance with Article 37 of the Treaty on European Union (TEU), an Agreement in the form of an Exchange of Letters between the European Union and the Republic of Cameroon on the status of the European Union-led Forces in transit within the territory of the Republic of Cameroon.
- (3) In accordance with Article 5 of Protocol No 22 on the position of Denmark, annexed to the TEU and to the Treaty on the Functioning of the European Union, Denmark does not participate in the elaboration and the implementation of decisions and actions of the Union which have defence implications. Denmark does not participate in the implementation of this Decision and therefore does not participate in the financing of this operation.
- (4) The Agreement in the form of an Exchange of Letters should be approved,

HAS ADOPTED THIS DECISION:

Article 1

The Agreement in the form of an Exchange of Letters between the Republic of Cameroon and the European Union on the status of the European Union-led Forces in transit within the territory of the Republic of Cameroon is hereby approved on behalf of the Union.

The text of the Agreement in the form of an Exchange of Letters is attached to this Decision.

⁽¹⁾ Council Decision 2014/73/CFSP of 10 February 2014 on a European Union military operation in the Central African Republic (EUFOR RCA) (OJ L 40, 11.2.2014, p. 59).

Article 2

The President of the Council is hereby authorised to designate the person(s) empowered to sign the respective letter in order to bind the Union.

Article 3

This Decision shall enter into force on the day of its adoption.

Done at Luxembourg, 8 October 2014.

For the Council
The President
M. LUPI

AGREEMENT**in the form of an exchange of letters between the Republic of Cameroon and the European Union
on the status of the European Union-led forces in transit within the territory of the Republic of
Cameroon***A. Letter from the Republic of Cameroon*

Yaoundé, 1 September 2014

Dear Ambassador, Head of Delegation,

Following the adoption by the United Nations Security Council of Resolution 2134 (2014), the European Union decided to deploy a force in the Central African Republic (EUFOR RCA) with a view to helping establish a secure environment in the Central African Republic. In that Resolution, the United Nations Security Council called upon the neighbouring countries of the Central African Republic to take appropriate measures to support the action of the Union, in particular by facilitating the transfer to the Central African Republic, without obstacles or delay, of personnel and goods intended for the Union operation.

As you will recall, on 6 February 2008 the Republic of Cameroon entered into an Agreement on the status of the European Union-led Forces in transit within the territory of the Republic of Cameroon in accordance with United Nations Security Council Resolution 1778 (2007) authorising the Union to deploy a force in Chad and in the Central African Republic (EUFOR Tchad/RCA).

The terms of that Agreement, which ceased to be in force when the last EUFOR Tchad/RCA troops left, are nevertheless ideally suited to the needs of EUFOR RCA.

I therefore suggest that all provisions of that Agreement (Articles 1 to 19) be made to apply to EUFOR RCA, on the understanding that:

- all mention of EUFOR in the abovementioned Articles shall be considered to refer to EUFOR RCA;
- the means of transport referred to in point (a) of Article 1(4), in Article 3(2) and (3), in Article 4(3) and in Article 5(2) shall be considered to include not only the means of transport belonging to the national contingents making up EUFOR RCA, but also those hired or chartered by EUFOR RCA;
- the reference to United Nations Security Council Resolution 1778 (2007) of 25 September 2007 in point (b) of Article 1(4) shall be considered to refer to United Nations Security Council Resolution 2134 (2014) of 28 January 2014.

I should be grateful if you would let me know whether you accept these proposals.

If you do accept, this letter, together with your reply, will constitute a legally-binding international agreement between the Republic of Cameroon and the European Union on the status of EUFOR RCA in transit within the territory of the Republic of Cameroon, which will enter into force on the date on which your letter of reply is received.

Yours sincerely,

For the Government of the Republic of Cameroon

S. E. Pierre MOUKOKO MBONJO
Minister for External Relations

B. Letter from the European Union

Yaoundé, 30 October 2014

Dear Minister,

Thank you for your letter of 1 September 2014 regarding the status of the European Union-led forces in transit within the territory of the Republic of Cameroon, which reads as follows:

'Following the adoption by the United Nations Security Council of Resolution 2134 (2014), the European Union decided to deploy a force in the Central African Republic (EUFOR RCA) with a view to helping establish a secure environment in the Central African Republic. In that Resolution, the United Nations Security Council called upon the neighbouring countries of the Central African Republic to take appropriate measures to support the action of the Union, in particular by facilitating the transfer to the Central African Republic, without obstacles or delay, of personnel and goods intended for the Union operation.

As you will recall, on 6 February 2008 the Republic of Cameroon entered into an Agreement on the status of the European Union-led Forces in transit within the territory of the Republic of Cameroon in accordance with United Nations Security Council Resolution 1778 (2007) authorising the Union to deploy a force in Chad and in the Central African Republic (EUFOR Tchad/RCA).

The terms of that Agreement, which ceased to be in force when the last EUFOR Tchad/RCA troops left, are nevertheless ideally suited to the needs of EUFOR RCA.

I therefore suggest that all provisions of that Agreement (Articles 1 to 19) be made to apply to EUFOR RCA, on the understanding that:

- all mention of EUFOR in the abovementioned Articles shall be considered to refer to EUFOR RCA;
- the means of transport referred to in point (a) of Article 1(4), in Article 3(2) and (3), in Article 4(3) and in Article 5(2) shall be considered to include not only the means of transport belonging to the national contingents making up EUFOR RCA, but also those hired or chartered by EUFOR RCA;
- the reference to United Nations Security Council Resolution 1778 (2007) of 25 September 2007 in point (b) of Article 1(4) shall be considered to refer to United Nations Security Council Resolution 2134 (2014) of 28 January 2014.

I should be grateful if you would let me know whether you accept these proposals.

If you do accept, this letter, together with your reply, will constitute a legally-binding international agreement between the Republic of Cameroon and the European Union on the status of EUFOR RCA in transit within the territory of the Republic of Cameroon, which will enter into force on the date on which your letter of reply is received.'

I am pleased to inform you that I accept the terms suggested in your letter.

Yours sincerely,

For the European Union

F. COLLET

Ambassador

Head of Delegation

REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) No 1232/2014

of 18 November 2014

amending Commission Implementing Regulation (EU) No 215/2014 in order to adapt references therein to Regulation (EU) No 508/2014 of the European Parliament and of the Council and correcting Implementing Regulation (EU) No 215/2014

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 ⁽¹⁾, and in particular the third subparagraph of Article 8 and the fifth subparagraph of Article 22(7) thereof,

Whereas:

- (1) In order to ensure that the necessary legislation is in place for the programming of the European Structural and Investment Funds ('ESIF funds') and to allow for the timely adoption of the relevant operational programmes, Commission Implementing Regulation (EU) No 215/2014 ⁽²⁾ was adopted prior to the adoption of Regulation (EU) No 508/2014 of the European Parliament and of the Council ⁽³⁾.
- (2) Subsequent to the adoption of Regulation (EU) No 508/2014, certain references in Implementing Regulation (EU) No 215/2014 to the future Union legal act on the European Maritime and Fisheries Fund ('EMFF') should be replaced by references to Regulation (EU) No 508/2014.
- (3) As far as the EMFF is concerned, weightings to measures set out in the future Union legal act on the EMFF as regards the level of support for climate change objectives for each of the five ESIF funds as adopted by Implementing Regulation (EU) No 215/2014 were attached in a provisional way. References in Annex III to Implementing Regulation (EU) No 215/2014 should therefore be aligned with the final numbering of the provisions in Regulation (EU) No 508/2014.
- (4) In order to ensure that in the context of the performance framework the achievement of the milestone and target for the financial indicator can be assessed on the basis of the payment applications submitted to the Commission, the incorrect reference in Article 5(2) of Implementing Regulation (EU) No 215/2014 to point (c) of Article 126 of Regulation (EU) No 1303/2013 should be corrected into a reference to point (a) of Article 126 of Regulation (EU) No 1303/2013.

⁽¹⁾ OJ L 347, 20.12.2013, p. 320.

⁽²⁾ Commission Implementing Regulation (EU) No 215/2014 of 7 March 2014 laying down rules for implementing Regulation (EU) No 1303/2013 of the European Parliament and of the Council laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund with regard to methodologies for climate change support, the determination of milestones and targets in the performance framework and the nomenclature of categories of intervention for the European Structural and Investment Funds (OJ L 69, 8.3.2014, p. 65).

⁽³⁾ Regulation (EU) No 508/2014 of the European Parliament and of the Council of 15 May 2014 on the European Maritime and Fisheries Fund and repealing Council Regulations (EC) No 2328/2003, (EC) No 861/2006, (EC) No 1198/2006 and (EC) No 791/2007 and Regulation (EU) No 1255/2011 of the European Parliament and of the Council (OJ L 149, 20.5.2014, p. 1).

- (5) In order to allow for the prompt application of the measures provided for in this Regulation, this Regulation should enter into force on the day following that of its publication in the *Official Journal of the European Union*.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Coordination Committee for the European Structural and Investment Funds,
- (7) Implementing Regulation (EU) No 215/2014 should therefore be amended and corrected accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Implementing Regulation (EU) No 215/2014 is amended as follows:

- (1) points (c) and (d) of the second subparagraph of Article 3(1) are replaced by the following:

‘(c) reporting by Member States on financial appropriations and expenditure by measure in annual implementation reports pursuant to Article 50(4) and (5) of Regulation (EU) No 1303/2013 and Article 114(2) of Regulation (EU) No 508/2014;

(d) the information and data provided by Member States on operations selected for funding pursuant to Article 97(1)(a) and 107(3) of Regulation (EU) No 508/2014.’;

- (2) Annex III is replaced by the text set out in the Annex to this Regulation.

Article 2

Implementing Regulation (EU) No 215/2014 is corrected as follows:

On page 68, Article 5(2):

for: ‘2. For all ESI Funds, except for the EAFRD, the milestone and the target for a financial indicator shall refer to the total amount of eligible expenditure entered into the accounting system of the certifying authority and certified by that authority in accordance with point (c) of Article 126 of Regulation (EU) No 1303/2013.

For the EAFRD, they shall refer to the realised total public expenditure entered into the common monitoring and evaluation system.’

read: ‘2. For all ESI Funds, except for the EAFRD, the milestone and the target for a financial indicator shall refer to the total amount of eligible expenditure entered into the accounting system of the certifying authority and certified by that authority in accordance with point (a) of Article 126 of Regulation (EU) No 1303/2013.

For the EAFRD, they shall refer to the realised total public expenditure entered into the common monitoring and evaluation system.’

Article 3

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

For the Commission
The President
Jean-Claude JUNCKER

ANNEX

COMMISSION IMPLEMENTING REGULATION (EU) No 1233/2014**of 18 November 2014****amending Regulation (EC) No 2597/2001 opening and providing for the management of Community tariff quotas for certain wines originating in the Republic of Croatia and in the former Yugoslav Republic of Macedonia**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾, and in particular Articles 184 and 187 thereof,

Having regard to Council Regulation (EC) No 153/2002 of 21 January 2002 on certain procedures for applying the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the former Yugoslav Republic of Macedonia, of the other part, and for applying the Interim Agreement between the European Community and the former Yugoslav Republic of Macedonia ⁽²⁾, and in particular Article 7 thereof,

Whereas:

- (1) The Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the former Yugoslav Republic of Macedonia, of the other part ('the SAA') was signed in Luxembourg on 9 April 2001 and entered into force on 1 April 2004.
- (2) The Protocol to the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the former Yugoslav Republic of Macedonia, of the other part, to take account of the accession of the Republic of Croatia to the European Union ⁽³⁾ ('the Protocol') was signed on 18 July 2014. Its signature on behalf of the European Union and its Member States has been authorised by Council Decision 2014/665/EU ⁽⁴⁾. Pending the completion of the procedures for the approval of the Protocol by the Council on behalf of the European Atomic Energy Community, it applies provisionally with effect from 1 July 2013.
- (3) Article 5 of the Protocol and Annex VII thereto provide for changes to the existing tariff quota for wines in containers holding more than 2 litres originating in the former Yugoslav Republic of Macedonia with effect from 1 July 2013.
- (4) In accordance with Article 10 of the Protocol, for the year 2013 the volumes of the new tariff quotas and the increases of the volumes of existing tariff quotas are to be calculated as a *pro rata* of the basic annual volumes specified in the Protocol, taking into account the part of the period elapsed before 1 July 2013.
- (5) The distribution of the increase of the volume of the tariff quota by 40 500 hl as from 1 July 2013 for wines in containers holding more than 2 litres should be done by ensuring equal treatment of the operators having imported wines originating in the former Yugoslav Republic of Macedonia under the relevant tariff lines in 2013.
- (6) To implement the tariff quotas for wine laid down in the Protocol, it is necessary to adapt Commission Regulation (EC) No 2597/2001 ⁽⁵⁾.
- (7) In addition, after the accession of Croatia to the European Union, the references to the tariff quotas for wines originating in that Member State, as provided for in Regulation (EC) No 2597/2001, should be deleted.

⁽¹⁾ OJ L 347, 20.12.2013, p. 671.

⁽²⁾ OJ L 25, 29.1.2002, p. 16.

⁽³⁾ OJ L 276, 18.9.2014, p. 3.

⁽⁴⁾ Council Decision 2014/665/EU of 18 February 2014 on the signing, on behalf of the European Union and its Member States, and provisional application of the Protocol to the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the former Yugoslav Republic of Macedonia, of the other part, to take account of the accession of the Republic of Croatia to the European Union (OJ L 276, 18.9.2014, p. 1).

⁽⁵⁾ Commission Regulation (EC) No 2597/2001 of 28 December 2001 opening and providing for the management of Community tariff quotas for certain wines originating in the Republic of Croatia and in the former Yugoslav Republic of Macedonia (OJ L 345, 29.12.2001, p. 35).

- (8) Regulation (EC) No 2597/2001 should therefore be amended accordingly.
- (9) Since the Protocol applies from 1 July 2013, this Regulation should apply from the same date and enter into force on the day of its publication.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 2597/2001 is amended as follows:

- (1) the title is replaced by the following:

‘Commission Regulation (EC) No 2597/2001 of 28 December 2001 opening and providing for the management of Union tariff quotas for wines originating in the former Yugoslav Republic of Macedonia’;

- (2) Article 1 is replaced by the following:

‘Article 1

1. When wines listed in the Annex, originating in the former Yugoslav Republic of Macedonia, are put into free circulation in the Union, they shall benefit from an exemption of customs duty, within the limits of the annual Union tariff quotas specified in that Annex, in accordance with this Regulation.

2. If the former Yugoslav Republic of Macedonia pays export subsidies in respect of the relevant products, the exemption from customs duty within the tariff quotas provided for in the additional protocol concluded by Decision 2001/916/EC (“additional protocol on wine”) shall be suspended.’;

- (3) Article 3 is replaced by the following:

‘Article 3

Notwithstanding the conditions laid down in point (5)(a) of Annex I to the additional protocol on wine, imports of wine within the Union tariff quotas referred to in Article 1(1) of this Regulation shall be subject to the provisions of the applicable protocol on the definition of the concept of originating products and methods of administrative co-operation to the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the former Yugoslav Republic of Macedonia, of the other part.’;

- (4) Article 5 is deleted;

- (5) the Annex is replaced by the text set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 July 2013.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

ANNEX

‘ANNEX

Tariff quotas for wines originating in the former Yugoslav Republic of Macedonia imported into the Union

Order No	CN code ⁽¹⁾	TARIC extension	Description	Quota volume 2013 (in hl)	Quota volume for 2014 and following years (in hl) ⁽³⁾	Tariff quota duty
09.1558	2204 10 93		Quality sparkling wine, other than Champagne or Asti spumante; other wine of fresh grapes, in containers holding 2 litres or less	85 000	91 000 ⁽⁴⁾	Exemption
	2204 10 94					
	2204 10 96					
	2204 10 98					
	2204 21 06					
	2204 21 07					
	2204 21 08					
	2204 21 09					
	ex 2204 21 93	19, 29, 31, 41 and 51				
	ex 2204 21 94	19, 29, 31, 41 and 51				
	2204 21 95					
	ex 2204 21 96	11, 21, 31, 41 and 51				
	2204 21 97					
	ex 2204 21 98	11, 21, 31, 41 and 51				
09.1559	2204 29 10		Other wine of fresh grapes, in containers holding more than 2 litres	354 500 ⁽²⁾	389 000 ⁽⁵⁾	Exemption
	2204 29 93					
	ex 2204 29 94	11, 21, 31, 41 and 51				
	2204 29 95					

Order No	CN code ⁽¹⁾	TARIC extension	Description	Quota volume 2013 (in hl)	Quota volume for 2014 and following years (in hl) ⁽³⁾	Tariff quota duty
	ex 2204 29 96	11, 21, 31, 41 and 51				
	2204 29 97					
	ex 2204 29 98	11, 21, 31, 41 and 51				

⁽¹⁾ Notwithstanding the rules for the interpretation of the Combined Nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of CN codes. Where ex CN codes are indicated, the preferential scheme is to be determined by application of the CN code and corresponding description taken together.

⁽²⁾ For the year 2013, an increase of the volume of the tariff quota by 40 500 hl as from 1 July 2013, calculated as a *pro rata* of the basic volume by taking into account the part of the period elapsed before 1 July 2013, shall be distributed, on a first-come, first-serve basis and subject to an application, amongst operators having imported wines originating in the former Yugoslav Republic of Macedonia under these tariff lines in 2013.

⁽³⁾ Consultations at the request of one of the Contracting Parties may be held to adapt the quotas by transferring quantities above 6 000 hl from the quota applying to position ex 2204 29 (order number 09.1559) to the quota applying to positions ex 2204 10 and ex 2204 21 (order number 09.1558).

⁽⁴⁾ From 1 January 2015, this quota volume is to be increased annually by 6 000 hl.

⁽⁵⁾ From 1 January 2015, this quota volume is to be reduced annually by 6 000 hl.'

COMMISSION REGULATION (EU) No 1234/2014**of 18 November 2014****amending Annexes IIIB, V and VIII to Regulation (EC) No 1013/2006 of the European Parliament and of the Council on shipments of waste****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1013/2006 of the European Parliament and of the Council of 14 June 2006 on shipments of waste ⁽¹⁾, and in particular Article 58(1) thereof,

Whereas:

- (1) At its eleventh meeting held in Geneva from 28 April to 10 May 2013, the Conference of the Parties to the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and Their Disposal ('Basel Convention') adopted decision BC-11/6 amending Annex IX of the Basel Convention. Annex IX to the Basel Convention is listed in Annex V, Part 1, List B to Regulation (EC) No 1013/2006. The amendment, which includes two new waste entries, becomes effective upon expiration of six months from 26 November 2013 in accordance to Article 18(2)(b) of the Basel Convention.
- (2) The waste streams described by the two new entries B3026 and B3027 correspond to those of three existing entries of Annex IIIB to Regulation (EC) No 1013/2006. Those entries are BEU01, BEU02 and BEU03. The first and second subindents of entry B3026 correspond to entries BEU02 and BEU03, respectively. Entry B3027 corresponds to entry BEU01.
- (3) To take account of decision BC-11/6, entries B3026 and B3027 need to be inserted in Annex V, Part 1, List B to Regulation (EC) No 1013/2006. At the same time, entries BEU01, BEU02 and BEU03 should be deleted from Annex IIIB to Regulation (EC) No 1013/2006, which contains unclassified wastes on a provisional basis pending a decision on their inclusion in the relevant Annexes to the Basel Convention or to the Decision of the Organisation for Economic Co-operation and Development.
- (4) At the same meeting, the Conference of the Parties to the Basel Convention adopted by decision BC-11/15 sections 1, 2, 4 and 5 of the guidance document on environmentally sound management of used and end-of-life computing equipment. Following this adoption, Annex VIII to Regulation (EC) No 1013/2006 should be updated accordingly.
- (5) Regulation (EC) No 1013/2006 should therefore be amended accordingly.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 39 of Directive 2008/98/EC of the European Parliament and of the Council ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes IIIB, V and VIII to Regulation (EC) No 1013/2006 are amended in accordance with the Annex to this Regulation.

⁽¹⁾ OJ L 190, 12.7.2006, p. 1.

⁽²⁾ Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste and repealing certain Directives (OJ L 312, 22.11.2008, p. 3).

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 26 May 2014.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

For the Commission

The President

Jean-Claude JUNKER

ANNEX

Annexes to Regulation (EC) No 1013/2006 are amended as follows:

1. In Annex IIIB, entries BEU01, BEU02 and BEU03 are deleted from point 2.
 2. In Annex V, Part 1, List B the following two entries are inserted after entry B3020:

‘B3026	The following waste from the pre-treatment of composite packaging for liquids, not containing Annex I materials in concentrations sufficient to exhibit Annex III characteristics: — Non-separable plastic fraction — Non-separable plastic-aluminium fraction
B3027	Self-adhesive label laminate waste containing raw materials used in label material production’.
 3. Annex VIII is amended as follows:
 - (a) Point I.14 is replaced by the following:

‘14.	Guidance Document on Environmentally Sound Management of Used and End-of-life Computing Equipment, Sections 1, 2, 4 and 5 ⁽⁵⁾ .
 ⁽⁵⁾ Adopted by the eleventh meeting of the Conference of the Parties to the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and Their Disposal, 28 April to 10 May 2013.’	
 - (b) Second entry in point II is replaced by the following:
‘Used and scrap personal computers ⁽⁶⁾’

⁽⁶⁾ Adopted by the Environment Policy Committee of the OECD in February 2003 (document ENV/EPOC/WGWPR(2001)3/FINAL).’

COMMISSION IMPLEMENTING REGULATION (EU) No 1235/2014**of 18 November 2014****laying down rules for the management and distribution of textile quotas established for the year 2015 under Council Regulation (EC) No 517/94**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 517/94 of 7 March 1994 on common rules for imports of textile products from certain third countries not covered by bilateral agreements, protocols or other arrangements, or by other specific Community import rules ⁽¹⁾, and in particular Article 17(3) and (6) and Article 21(2) thereof,

Whereas:

- (1) Regulation (EC) No 517/94 established quantitative restrictions on imports of certain textile products originating in certain third countries to be allocated on a first come, first served basis.
- (2) Under Regulation (EC) No 517/94 it is possible, in certain circumstances, to use other allocation methods, to divide quotas into tranches, or to reserve a proportion of a specific quantitative limit exclusively for applications which are supported by evidence of the results of past import performance.
- (3) Rules for management of the quotas established for 2015 should be adopted before the quota year begins so that the continuity of trade flows is not affected unduly.
- (4) The measures adopted in previous years, such as those in Commission Implementing Regulation (EU) No 1281/2013 ⁽²⁾, proved to be satisfactory and it is therefore appropriate to adopt similar rules for 2015.
- (5) In order to satisfy the greatest possible number of operators it is appropriate to make the 'first come, first served' allocation method more flexible by placing a ceiling on the quantities which can be allocated to each operator by that method.
- (6) To guarantee a degree of continuity in trade and efficient quota administration, operators should be allowed to make their initial import authorisation application for 2015 equivalent to the quantity which they imported in 2014.
- (7) To achieve optimum use of the quantities, an operator who has used up at least one half of the amount already authorised should be permitted to apply for a further amount, provided that quantities are available in the quotas.
- (8) To secure a sound administration, import authorisations should be valid for nine months from the date of issue, but only until the end of the year at the latest. Member States should issue licences only after being notified by the Commission that quantities are available and only if an operator can prove the existence of a contract and can certify, in the absence of a specific provision to the contrary, that he has not already been allocated a Community import authorisation under this Regulation for the categories and countries concerned. The competent national authorities should, however, be authorised, in response to importers' applications, to extend by three months and up to 31 March 2016 licences of which at least one half has been used by the application date.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Textile Committee established by Article 25 of Regulation (EC) No 517/94,

HAS ADOPTED THIS REGULATION:

Article 1

This Regulation lays down rules on the management of quantitative quotas for imports of certain textile products set out in Annex IV to Regulation (EC) No 517/94 for the year 2015.

⁽¹⁾ OJ L 67, 10.3.1994, p. 1.

⁽²⁾ Commission Implementing Regulation (EU) No 1281/2013 of 10 December 2013 laying down rules for the management and distribution of textile quotas established for the year 2014 under Council Regulation (EC) No 517/94 (OJ L 332, 11.12.2013, p. 5).

Article 2

The quotas referred to in Article 1 shall be allocated according to the chronological order of receipt by the Commission of Member States' notifications of applications from individual operators, for amounts not exceeding the maximum quantities per operator set out in Annex I.

The maximum quantities shall not, however, apply to operators able to prove to the competent national authorities, when making their first application for 2015, that, in respect of given categories and given third countries, they imported more than the maximum quantities specified for each category pursuant to import licences granted to them for 2014.

In the case of such operators, the competent authorities may authorise imports not exceeding the quantities imported in 2014 from given third countries and in given categories, provided that enough quota capacity is available.

Article 3

Any importer who has already used up 50 per cent or more of the amount allocated to him under this Regulation may make a further application, in respect of the same category and country of origin, for amounts not exceeding the maximum quantities laid down in Annex I.

Article 4

1. The competent national authorities listed in Annex II may, from 10.00 a.m. on 8 January 2015, notify the Commission of the amounts covered by requests for import authorisations.

The time fixed in the first subparagraph shall be understood as Brussels time.

2. The competent national authorities shall issue authorisations only after being notified by the Commission pursuant to Article 17(2) of Regulation (EC) No 517/94 that quantities are available for importation.

They shall issue authorisations only if an operator:

- (a) proves the existence of a contract relating to the provision of the goods; and
- (b) certifies in writing that, in respect of the categories and countries concerned:
 - (i) the operator has not already been allocated an authorisation under this Regulation; or
 - (ii) the operator has been allocated an authorisation under this Regulation but has used up at least 50 per cent of it.

3. Import authorisations shall be valid for nine months from the date of issue, but until 31 December 2015 at the latest.

The competent national authorities may, however, at the importer's request, grant a three-month extension for authorisations which are at least 50 per cent used up at the time of the request. Such extension shall in no circumstances expire later than 31 March 2016.

Article 5

This Regulation shall enter into force on 1 January 2015.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

For the Commission
The President
Jean-Claude JUNCKER

COMMISSION IMPLEMENTING REGULATION (EU) No 1236/2014**of 18 November 2014****concerning the authorisation of L-valine produced by *Corynebacterium glutamicum* (DSM 25202) as a feed additive for all animal species****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition ⁽¹⁾, and in particular Article 9(2) thereof,

Whereas:

- (1) Regulation (EC) No 1831/2003 provides for the authorisation of additives for use in animal nutrition and for the grounds and procedures for granting such authorisation.
- (2) In accordance with Article 7 of Regulation (EC) No 1831/2003 an application was submitted for the authorisation of L-valine produced by *Corynebacterium glutamicum* (DSM 25202). That application was accompanied by the particulars and documents required under Article 7(3) of Regulation (EC) No 1831/2003.
- (3) The application concerns the authorisation of L-valine produced by *Corynebacterium glutamicum* (DSM 25202) as a feed additive for all animal species, to be classified in the additive category 'nutritional additives'.
- (4) The European Food Safety Authority ('the Authority') concluded in its opinion of 2 July 2014 ⁽²⁾ that, under the proposed conditions of use, the L-valine produced by *Corynebacterium glutamicum* (DSM 25202) does not have an adverse effect on animal health, human health or the environment and that it is considered an efficacious source of the essential amino acid L-valine for animal nutrition. The Authority does not consider that there is a need for specific requirements of post-market monitoring. It also verified the report on the method of analysis of the feed additive in feed submitted by the Reference Laboratory set up by Regulation (EC) No 1831/2003.
- (5) The assessment of L-valine produced by *Corynebacterium glutamicum* (DSM 25202) shows that the conditions for authorisation, as provided for in Article 5 of Regulation (EC) No 1831/2003, are satisfied. Accordingly, the use of that substance should be authorised as specified in the Annex to this Regulation.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

*Article 1***Authorisation**

The substance specified in the Annex, belonging to the additive category 'nutritional additives' and to the functional group 'amino acids, their salts and analogues', is authorised as an additive in animal nutrition subject to the conditions laid down in that Annex.

⁽¹⁾ OJ L 268, 18.10.2003, p. 29.

⁽²⁾ EFSA Journal 2014; 12(7):3795.

*Article 2***Entry into force**

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

For the Commission

The President

Jean-Claude JUNKER

Identification number of the additive	Name of the holder of authorisation	Additive	Composition, chemical formula, description, analytical method	Species or category of animal	Maximum age	Minimum content	Maximum content	Other provisions	End of period of authorisation
						mg/kg of complete feed with a moisture content of 12 %

COMMISSION IMPLEMENTING REGULATION (EU) No 1237/2014**of 18 November 2014****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.
- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2014.

For the Commission,

On behalf of the President,

Jerzy PLEWA

Director-General for Agriculture and Rural Development

Code 'ZZ' stands for 'of other origin'.

DECISIONS

COMMISSION IMPLEMENTING DECISION

of 17 November 2014

amending Implementing Decision 2014/366/EU setting up the list of cooperation programmes and indicating the global amount of total support from the European Regional Development Fund for each programme under the European territorial cooperation goal for the period 2014 to 2020

(notified under document C(2014) 8423)

(2014/805/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1299/2013 of the European Parliament and of the Council of 17 December 2013 on specific provisions for the support from the European Regional Development Fund to the European territorial co-operation goal ⁽¹⁾, and in particular Article 4 thereof,

After consulting the Coordination Committee for the European Structural and Investment Funds established by Article 150(1) of Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 ⁽²⁾,

Whereas:

- (1) By Commission Implementing Decision 2014/366/EU ⁽³⁾, pursuant to Article 4(4) of Regulation (EU) No 1299/2013, the Commission set out the contribution from the European Regional Development Fund (ERDF) to the Instrument for Pre-Accession Assistance (IPA II) within the scope of Regulation (EU) No 231/2014 of the European Parliament and of the Council ⁽⁴⁾, but was not yet in a position to also indicate the contribution from the ERDF to cross-border and sea-basin programmes under the European Neighbourhood Instrument (ENI) within the scope of Regulation (EU) No 232/2014 of the European Parliament and of the Council ⁽⁵⁾.
- (2) Pursuant to Article 4(5) of Regulation (EU) No 1299/2013, the contribution from the ERDF to cross-border and sea-basin programmes under the ENI for each Member State should be granted provided that at least equivalent amounts are provided by the ENI.
- (3) Implementing Decision 2014/366/EU should therefore be amended accordingly,

⁽¹⁾ OJ L 347, 20.12.2013, p. 259.

⁽²⁾ OJ L 347, 20.12.2013, p. 320.

⁽³⁾ Commission Implementing Decision 2014/366/EU of 16 June 2014 setting up the list of cooperation programmes and indicating the global amount of total support from the European Regional Development Fund for each programme under the European territorial co-operation goal for the period 2014 to 2020 (OJ L 178, 18.6.2014, p. 18).

⁽⁴⁾ Regulation (EU) No 231/2014 of the European Parliament and of the Council of 11 March 2014 establishing an Instrument for Pre-accession Assistance (IPA II) (OJ L 77, 15.3.2014, p. 11).

⁽⁵⁾ Regulation (EU) No 232/2014 of the European Parliament and of the Council of 11 March 2014 establishing a European Neighbourhood Instrument (OJ L 77, 15.3.2014, p. 27).

HAS ADOPTED THIS DECISION:

Article 1

Implementing Decision 2014/366/EU is hereby amended as follows:

(1) the following Article is inserted:

‘Article 4a

The contribution from the ERDF to the cross-border and sea-basin programmes under the European Neighbourhood Instrument (ENI) within the scope of Regulation (EU) No 232/2014 for each Member State shall be as set out in Annex V.’;

(2) the text set out in the Annex to this Decision is added as Annex V.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 17 November 2014.

For the Commission
Corina CREȚU
Member of the Commission

COMMISSION IMPLEMENTING DECISION**of 18 November 2014****on the approval of the battery charging Webasto solar roof as an innovative technology for reducing CO₂ emissions from passenger cars pursuant to Regulation (EC) No 443/2009 of the European Parliament and of the Council****(Text with EEA relevance)****(2014/806/EU)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 443/2009 of the European Parliament and of the Council of 23 April 2009 setting emissions performance standards for new passenger cars as part of the Community's integrated approach to reduce CO₂ emissions from light-duty vehicles ⁽¹⁾, and in particular Article 12(4) thereof,

Whereas:

- (1) The supplier Webasto Roof & Components SE (the 'Applicant') submitted an application for the approval of the battery charging Webasto solar roof as an innovative technology on 5 March 2014. The application was found to be complete and the period for the Commission's assessment of the application started on the day following the date of official receipt, i.e. 6 March 2014.
- (2) The application has been assessed in accordance with Article 12 of Regulation (EC) No 443/2009, Commission Implementing Regulation (EU) No 725/2011 ⁽²⁾ and the Technical Guidelines for the preparation of applications for the approval of innovative technologies pursuant to Regulation (EC) No 443/2009 (the Technical Guidelines) ⁽³⁾.
- (3) The application refers to the battery charging Webasto solar roof. The solar roof consists of a photovoltaic (PV) panel which is installed on the vehicle roof. The photovoltaic panel converts ambient energy into electrical energy which, via a DC-DC-converter, is stored in an on-board battery. The Commission finds that the information provided in the application demonstrates that the conditions and criteria referred to in Article 12 of Regulation (EC) No 443/2009 and in Articles 2 and 4 of Implementing Regulation (EU) No 725/2011 have been met.
- (4) The Applicant has demonstrated that a battery charging solar roof system of the kind described in this application did not exceed 3 % of the new passenger cars registered in the reference year 2009.
- (5) In order to determine the CO₂ savings that the innovative technology will deliver when fitted to a vehicle, it is necessary to define the baseline vehicle against which the efficiency of the vehicle equipped with the innovative technology should be compared as provided for in Articles 5 and 8 of Implementing Regulation (EU) No 725/2011. The Commission finds that the baseline vehicle should be a vehicle variant that in all aspects is identical to the eco-innovation vehicle with the exception of the solar roof and, where applicable, without the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage. For a new version of a vehicle in which the solar roof panel is installed the baseline vehicle should be the vehicle in which the solar roof panel is disconnected and the change in mass due to the installation of the solar roof is taken into account.
- (6) The Applicant has provided a methodology for testing the CO₂ reductions which includes formulae which are based on the Technical Guidelines with regard to a battery charging solar roof. The Commission considers that it should moreover be demonstrated the degree to which the overall energy consumption of the vehicle with regard to its transport function is improved compared to the energy consumed for the operation of devices aimed at enhancing the comfort of the driver or the passengers.

⁽¹⁾ OJ L 140, 5.6.2009, p. 1.

⁽²⁾ Commission Implementing Regulation (EU) No 725/2011 of 25 July 2011 establishing a procedure for the approval and certification of innovative technologies for reducing CO₂ emissions from passenger cars pursuant to Regulation (EC) No 443/2009 of the European Parliament and of the Council (OJ L 194, 26.7.2011, p. 19).

⁽³⁾ http://ec.europa.eu/clima/policies/transport/vehicles/cars/docs/guidelines_en.pdf (version of February 2013).

- (7) In determining the savings it is also necessary to take into account the storage capacity of a single on-board battery or the presence of an additional battery dedicated for only storing the electricity generated by the solar roof
- (8) The Commission finds that the testing methodology will provide testing results that are verifiable, repeatable and comparable and that it is capable of demonstrating in a realistic manner the CO₂ emissions benefits of the innovative technology with strong statistical significance in accordance with Article 6 of Implementing Regulation (EU) No 725/2011.
- (9) Against that background the Commission finds that the Applicant has demonstrated satisfactorily that the emission reduction achieved by the innovative technology is at least 1 g CO₂/km.
- (10) Since the CO₂ emissions type-approval test referred to in Regulation (EC) No 715/2007 of the European Parliament and of the Council ⁽¹⁾ and Commission Regulation (EC) No 692/2008 ⁽²⁾ does not take into consideration the presence of a solar roof and the additional energy provided through this technology, the Commission is satisfied that the battery charged Webasto solar roof is not covered by the standard test cycle. The Commission finds that the verification report has been prepared by the TÜV SÜD Czech s.r.o. which is an independent and certified body and that the report supports the findings set out in the application.
- (11) Against that background, the Commission finds that no objections should be raised as regards the approval of the innovative technology in question.
- (12) For the purposes of determining the general eco-innovation code to be used in the relevant type-approval documents in accordance with Annexes I, VIII and IX to Directive 2007/46/EC, the individual code to be used for the innovative technology approved through this Implementing Decision should be specified,

HAS ADOPTED THIS DECISION:

Article 1

1. The battery charging Webasto solar roof intended for use in M1 vehicles is approved as an innovative technology within the meaning of Article 12 of Regulation (EC) No 443/2009.
2. The CO₂ emissions reduction from the use of the battery charging Webasto solar roof referred to in paragraph 1 shall be determined using the methodology set out in the Annex.
3. The individual eco-innovation code to be entered into type-approval documentation to be used for the innovative technology approved through this Implementing Decision shall be '7'.

Article 2

This Decision shall enter into force on the 20th day following that of its publication in the *Official Journal of the European Union*.

Done at Brussels, 18 November 2014.

For the Commission
The President
Jean-Claude JUNCKER

⁽¹⁾ Regulation (EC) No 715/2007 of the European Parliament and of the Council of 20 June 2007 on type approval of motor vehicles with respect to emissions from light passenger and commercial vehicles (Euro 5 and Euro 6) and on access to vehicle repair and maintenance information (OJ L 171, 29.6.2007, p. 1).

⁽²⁾ Commission Regulation (EC) No 692/2008 of 18 July 2008 implementing and amending Regulation (EC) No 715/2007 of the European Parliament and of the Council on type-approval of motor vehicles with respect to emissions from light passenger and commercial vehicles (Euro 5 and Euro 6) and on access to vehicle repair and maintenance information (OJ L 199, 28.7.2008, p. 1).

ANNEX

METHODOLOGY FOR DETERMINING THE REDUCTION IN CO₂ EMISSIONS DUE TO THE USE OF BATTERY CHARGING WEBASTO SOLAR ROOF

1. Introduction

The testing procedure and the testing conditions to be applied in order to determine the CO₂ reductions that can be attributed to the use of the battery charging Webasto solar roof in an M1 vehicle are set out in points 2 and 3.

2. The testing procedure

The peak power output (P_p) of the PV panel is to be determined experimentally for each vehicle variant. Measurements are to be done in accordance with the testing methodology specified in the international standard IEC 61215:2005 ⁽¹⁾.

A dismantled complete PV panel is to be used. The four corner points of the panel are to touch the horizontal measurement panel.

The measurements are to be done at least five times.

The lengthwise inclination angle and total storage capacity (or resulting Solar Correction Coefficient (SCC)) is to be supplied by the manufacturer of the vehicle.

The possible lengthwise inclination of the car roof is to be corrected mathematically afterwards by applying a cosine function.

3. Formulae

1. The standard deviation of arithmetic mean of the peak power output is to be calculated by formula (1).

Formula (1):

$$\Delta \overline{P_p} = \sqrt{\frac{\sum_{i=1}^n (P_{p_i} - \overline{P_p})^2}{n(n-1)}}$$

Where:

$\Delta \overline{P_p}$: Standard deviation of arithmetic mean of the peak power output (Wp);

P_{p_i} : Measurement value of the peak power output (Wp);

$\overline{P_p}$: Arithmetic mean of the peak power output (Wp);

n: Number of measurements.

The gain of additional electric power depends on the available electric on-board storage capacity which must be verified. If the capacity is below 0,666 Ah per Watt peak power of the PV panel, the solar radiation arising on sunny and clear summer days cannot be used completely because of fully charged batteries. In this case the solar correction coefficient referred to in point 2 is to be applied to derive the usable share of the incoming solar energy.

2. The following input data for the calculation of CO₂ savings potential are to be used:

- mean solar irradiation P_{SR} specified in Chapter 5.7.1 of the Technical Guidelines ⁽²⁾, i.e. 120 W/m²,
- usage factor/shading effect UF_{IR} specified in Chapter 5.4.2 of the Technical Guidelines, i.e. 0,51,
- efficiency of the solar system η_{SS} specified in Chapter 5.1.3 of the Technical Guidelines, i.e. 0,76,

⁽¹⁾ IEC 61215. Crystalline silicon terrestrial photovoltaic (PV) modules — Design qualification and type-approval. Reference number IEC 61215:2005(E).

⁽²⁾ The Technical Guidelines for the preparation of applications for the approval of innovative technologies pursuant to Regulation (EC) No 443/2009 (version of February 2013).

- solar correction coefficient **SCC** specified in Table 1 and in Chapter 5.7.2 of the Technical Guidelines,

Table 1

Total available storage capacity (12 V)/ PV peak power (Ah/Wp) ⁽¹⁾	0,10	0,20	0,30	0,40	0,50	0,60	> 0,666
Solar correction coefficient (SCC)	0,481	0,656	0,784	0,873	0,934	0,977	1

⁽¹⁾ The total storage capacity includes a mean usable storage capacity of the starter battery of 10 Ah (12 V). All values refer to a mean annual solar radiation of 120 W/m², a shading share of 0,49 and a mean vehicle driving time of 1 hour per day at 750 W electric power requirement.

- consumption of effective power for petrol **V_{pe-P}** and diesel-fuelled vehicles **V_{pe-D}** specified in Table 2 and in Chapter 5.1.1 of the Technical Guidelines,

Table 2

Type of engine	Consumption of effective power V _{pe} (l/kWh)
Petrol (V _{pe-P})	0,264
Diesel (V _{pe-D})	0,22

- efficiency of the alternator **η_A**, specified in Chapter 5.1.2 of the Technical Guidelines, i.e. 0,67.

For the conversion factors **CF** the data in Table 3 is to be used:

Table 3

Type of fuel	Conversion factor (l/100 km) → (g CO ₂ /km) (100 g/l)
Petrol (CF _p)	23,3 (= 2 330 g CO ₂ /l)
Diesel (CF _D)	26,4 (= 2 640 g CO ₂ /l)

For the mean annual mileage the data in Table 4 is to be used (km/year):

Table 4

Type of fuel	Mean annual mileage (km/year)
Petrol (M _p)	12 700
Diesel (M _D)	17 000

With these input data the CO₂ savings for a petrol-fuelled vehicle are to be calculated by Formula (2).

The difference in mass between the baseline vehicle and the eco-innovation vehicle due to the installation of the solar roof and where relevant, the extra battery, is to be taken into account by applying the mass correction coefficient ⁽¹⁾. The baseline vehicle is to be a vehicle variant that in all aspects is identical to the eco-innovation vehicle with the exception of the solar roof and, where applicable, without the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage.

⁽¹⁾ Chapter 5, par. 5.1 of the reference JRC study <http://europa.eu/!qN68wc>

For a new version of a vehicle in which the solar roof panel is installed the baseline vehicle is to be specified as follows: it is the vehicle in which the solar roof panel is disconnected and the change in mass due to the installation of the solar roof is taken into account. In case the solar roof panel is made of glass a correction for the change in mass is to be introduced, i.e. an extra mass of 3,4 kg. In case the solar roof panel is made of low weight synthetic material no correction for the change in mass has to be made. On this change of mass the manufacturer must hand over verified documentation to the Type-Approval Authority.

Formula (2):

$$C_{CO_2} = P_{SR} \cdot UF_{IR} \cdot \eta_{SS} \cdot P_p \cdot SCC \cdot \frac{V_{Pe-P}}{\eta_A} \cdot \frac{CF_p}{M_p} \cdot \cos\Phi - \Delta CO_{2mp}$$

Where:

C_{CO_2} : CO_2 savings (g CO_2 /km);

P_{SR} : Mean solar irradiation (W/m^2);

UF_{IR} : Usage factor/shading effect (-);

η_{SS} : Efficiency of the solar system (-);

P_p : Peak power output (Wp);

SCC : Solar correction coefficient (-);

V_{Pe-P} : Consumption of effective power for petrol vehicles (l/kWh);

η_A : Efficiency of the alternator (-);

CF_p : Conversion factor for petrol vehicles (100 g/l);

M_p : Mean annual mileage for petrol vehicles (km/year);

Φ : Lengthwise inclination of the solar panel [$^\circ$];

ΔCO_{2mp} : CO_2 correction coefficient due to the change in mass following the installation of the solar roof and, where applicable, the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage for petrol vehicles (g CO_2 /km).

The CO_2 savings for diesel-fuelled vehicles are to be calculated by Formula (3).

The difference in mass between the baseline vehicle and the eco-innovation vehicle due to the installation of solar roof and, where relevant, the extra battery is to be taken into account by applying the mass correction coefficient (¹). The baseline vehicle is to be a vehicle variant that in all aspects is identical to the eco-innovation vehicle with the exception of the solar roof and, where applicable, without the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage.

For a new version of a vehicle in which the solar roof panel is installed the baseline vehicle is to be specified as follows: it is the vehicle in which the solar roof panel is disconnected, and the change in mass due to the installation of the solar roof is taken into account. In case the solar roof panel is made of glass a correction for the change in mass is to be introduced, i.e. an extra mass of 3,4 kg. In case the solar roof panel is made of low weight synthetic material no correction for the change in mass has to be made. On this change of mass the manufacturer must hand over verified documentation to the Type-Approval Authority.

Formula (3):

$$C_{CO_2} = P_{SR} \cdot UF_{IR} \cdot \eta_{SS} \cdot P_p \cdot SCC \cdot \frac{V_{Pe-D}}{\eta_A} \cdot \frac{CF_D}{M_D} \cdot \cos\Phi - \Delta CO_{2mD}$$

(¹) Chapter 5, par. 5.1 of the reference JRC study <http://europa.eu/!qN68wc>

Where:

V_{Pe-D} : Consumption of effective power for diesel vehicles (l/kWh);

CF_D : Conversion factor for diesel vehicles (100 g/l);

M_D : Mean annual mileage for diesel vehicles (km/year);

ΔCO_{2md} : CO_2 correction coefficient due to the change in mass following the installation of the solar roof and, where applicable, the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage for diesel vehicles (g CO_2 /km).

The CO_2 correction coefficient due to the change in mass is to be calculated by Formulas (4) and (5).

Formula (4):

$$\Delta CO_{2mp} = 0,0277 \cdot \Delta m \quad \text{for a petrol-fuelled vehicle}$$

and

Formula (5):

$$\Delta CO_{2md} = 0,0383 \cdot \Delta m \quad \text{for a diesel-fuelled vehicle}$$

Where:

Δm : Change in mass due to the installation of the solar roof and, where applicable, the additional battery and other appliances needed specifically for the conversion of the solar energy into electricity and its storage (e.g. 5 kg).

3. The error in the CO_2 savings should be calculated using Formula (6).

Formula (6):

$$\Delta \overline{C_{CO_2}} = \sqrt{\sum_{i=1}^n \left(\frac{\partial C_{CO_2}}{\partial P_{P_i}} \Delta \overline{P}_i \right)^2}$$

Where:

$\Delta \overline{C_{CO_2}}$: Error of the total CO_2 saving (g CO_2 /km);

$\frac{\partial C_{CO_2}}{\partial P_{P_i}}$: Sensitivity of calculated CO_2 saving related to the measured during the test I;

n: Number of measurements.

In order to calculate the error in the CO_2 savings for a petrol-fuelled vehicle, the results of Formula (6) are to be applied in the Formula (2) in accordance with the following Formula (7):

Formula (7):

$$\Delta \overline{C_{CO_2}} = P_{SR} \cdot UF_{IR} \cdot \eta_{SS} \cdot SCC \cdot \frac{V_{Pe-P}}{\eta_A} \cdot \frac{CF_P}{M_P} \cdot \Delta \overline{P} \cdot \cos \Phi$$

In order to calculate the error in the CO_2 savings for a diesel-fuelled vehicle, the results of Formula (6) are to be applied in the Formula (3), which leads to Formula (8). This is the error in the CO_2 savings for a diesel-fuelled vehicle.

Formula (8):

$$\Delta \overline{C_{CO_2}} = P_{SR} \cdot UF_{IR} \cdot \eta_{SS} \cdot SCC \cdot \frac{V_{Pe-D}}{\eta_A} \cdot \frac{CF_D}{M_D} \cdot \Delta \overline{P} \cdot \cos \Phi$$

4. In order to demonstrate that the minimum threshold of 1 g CO₂/km is exceeded in a statistically significant way the following Formula (9) is to be used:

Formula (9):

$$MT \leq C_{CO_2} - \Delta \overline{C_{CO_2}}$$

Where:

MT: Minimum threshold (g CO₂/km), i.e. 1 g CO₂/km;

C_{CO₂}: Total CO₂ saving (g CO₂/km);

$\Delta \overline{C_{CO_2}}$: Error of the total CO₂ saving (g CO₂/km)

Where the CO₂ emission savings, as a result of the calculation using Formula (9), are below the threshold specified in Article 9(1) of Implementing Regulation (EU) No 725/2011, the second subparagraph of Article 11(2) of that Regulation shall apply.

COMMISSION IMPLEMENTING DECISION**of 17 November 2014****concerning certain interim protective measures in relation to highly pathogenic avian influenza of subtype H5 in the United Kingdom***(notified under document C(2014) 8751)***(Only the English text is authentic)****(Text with EEA relevance)**

(2014/807/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market ⁽¹⁾, and in particular Article 9(3) thereof,Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽²⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Avian influenza is an infectious viral disease in birds, including poultry. Infections with avian influenza viruses in domestic poultry cause two main forms of that disease that are distinguished by their virulence. The low pathogenic form generally only causes mild symptoms, while the highly pathogenic form results in very high mortality rates in most poultry species. That disease may have a severe impact on the profitability of poultry farming.
- (2) Avian influenza is mainly found in birds, but under certain circumstances infections can also occur in humans even though the risk is generally very low.
- (3) In the event of an outbreak of avian influenza, there is a risk that the disease agent might spread to other holdings where poultry or other captive birds are kept. As a result it may spread from one Member State to other Member States or to third countries through trade in live birds or their products.
- (4) Council Directive 2005/94/EC ⁽³⁾ sets out certain preventive measures relating to the surveillance and the early detection of avian influenza and the minimum control measures to be applied in the event of an outbreak of that disease in poultry or other captive birds. That Directive provides for the establishment of protection and surveillance zones in the event of an outbreak of highly pathogenic avian influenza.
- (5) The United Kingdom notified the Commission of an outbreak of highly pathogenic avian influenza of subtype H5 in a holding on its territory where poultry or other captive birds are kept and it immediately took the measures required pursuant to Directive 2005/94/EC, including the establishment of protection and surveillance zones.
- (6) The Commission has examined those measures in collaboration with the United Kingdom, and it is satisfied that the borders of the protection and surveillance zones, established by the competent authority in that Member State, are at a sufficient distance to the actual holding where the outbreak was confirmed.
- (7) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly define the protection and surveillance zones established in the United Kingdom at Union level in collaboration with that Member State.

⁽¹⁾ OJ L 395, 30.12.1989, p. 13.⁽²⁾ OJ L 224, 18.8.1990, p. 29.⁽³⁾ Council Directive 2005/94/EC of 20 December 2005 on Community measures for the control of avian influenza and repealing Directive 92/40/EEC (OJ L 10, 14.1.2006, p. 16).

- (8) Accordingly, pending the next meeting of the Standing Committee on Plants, Animals, Food and Feed, the protection and surveillance zones in the United Kingdom, where the animal health control measures as laid down in Directive 2005/94/EC are applied, should be defined in the Annex to this Decision and the duration of that regionalisation fixed.
- (9) This Decision is to be reviewed at the next meeting of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The United Kingdom shall ensure that the protection and surveillance zones established in accordance with Article 16(1) of Directive 2005/94/EC comprise at least the areas listed as protection and surveillance zones in Parts A and B of the Annex to this Decision.

Article 2

This Decision shall apply until 22 December 2014.

Article 3

This Decision is addressed to the United Kingdom of Great Britain and Northern Ireland.

Done at Brussels, 17 November 2014.

For the Commission

Member of the Commission

ANNEX

PART A

Protection zone as referred to in Article 1:

ISO Country Code	Member State	Code (if available)	Name
UK	United Kingdom	ADNS code	Area comprising:
		00053	That part of the East Riding of Yorkshire contained within a circle of radius 3 kilometres, centred on grid reference TA0654959548. The grid reference is to the Ordnance Survey Landranger 1:100 000 series.

PART B

Surveillance zone as referred to in Article 1:

ISO Country Code	Member State	Code (if available)	Name
UK	United Kingdom	ADNS code	Area comprising:
		00053	The area of the part of the East Riding of Yorkshire beyond the area described in the protection zone and within the circle of radius 10 kilometres, centred on grid reference TA0654959548. The grid reference is to the Ordnance Survey Landranger 1:100 000 series.

COMMISSION IMPLEMENTING DECISION**of 17 November 2014****concerning certain interim protective measures in relation to highly pathogenic avian influenza of subtype H5N8 in the Netherlands***(notified under document C(2014) 8752)***(Only the Dutch text is authentic)****(Text with EEA relevance)**

(2014/808/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market ⁽¹⁾, and in particular Article 9(3) thereof,Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽²⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Avian influenza is an infectious viral disease in birds, including poultry. Infections with avian influenza viruses in domestic poultry cause two main forms of that disease that are distinguished by their virulence. The low pathogenic form generally only causes mild symptoms, while the highly pathogenic form results in very high mortality rates in most poultry species. That disease may have a severe impact on the profitability of poultry farming.
- (2) Avian influenza is mainly found in birds, but under certain circumstances infections can also occur in humans even though the risk is generally very low.
- (3) In the event of an outbreak of avian influenza, there is a risk that the disease agent might spread to other holdings where poultry or other captive birds are kept. As a result it may spread from one Member State to other Member States or to third countries through trade in live birds or their products.
- (4) Council Directive 2005/94/EC ⁽³⁾ sets out certain preventive measures relating to the surveillance and the early detection of avian influenza and the minimum control measures to be applied in the event of an outbreak of that disease in poultry or other captive birds. That Directive provides for the establishment of protection and surveillance zones in the event of an outbreak of highly pathogenic avian influenza.
- (5) The Netherlands notified the Commission of an outbreak of highly pathogenic avian influenza of subtype H5N8 in a holding on its territory where poultry or other captive birds are kept and it immediately took the measures required pursuant to Directive 2005/94/EC, including the establishment of protection and surveillance zones. As a precautionary measure and in order to evaluate the situation and minimise any risk of further possible spread from the confirmed outbreak the Dutch authorities have prohibited movements of live poultry and certain poultry products on the whole territory.
- (6) The Commission has examined those measures in collaboration with the Netherlands, and it is satisfied that the borders of the protection and surveillance zones, established by the competent authority in that Member State, are at a sufficient distance to the actual holding where the outbreak was confirmed.
- (7) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly define the protection and surveillance zones established in the Netherlands at Union level in collaboration with that Member State.

ANNEX

PART A

Protection zone as referred to in Article 1:

ISO Country Code	Member State	Code (if available)	Name
NL	The Netherlands	Postal code/ADNS code	Area comprising:
			— From the crossing of the N228 and the Goverwellesingel, following the Goverwellesingel in a northern direction going into the Goverwelle Tunnel until the Achterwillenseweg. — Following the Achterwillenseweg in an eastern direction until the Vlietdijk. — Following the Vlietdijk in a northern direction going into the Platteweg until the Korssendijk. — Following the Korssendijk in a northern direction going into the Ree in an eastern direction until the Nieuwenbroeksedijk. — Following the Nieuwenbroeksedijk in an eastern direction until the Kippenkade. — Following the Kippenkade in a northern direction until the Wierickepad. — Following the Wierickepad in a northern direction leading in an eastern direction in the Kerkweg going into the Groendijk and until the Westeinde. — Following the Westeinde in a northern direction going into the Oosteinde until the Tuurluur. — Following the Tuurluur in a southern direction going into the Papekopperdijk. — Following the Papekopperdijk in a southern direction going into de Johan J Vierbergenweg going into the Zwier Regelinkstraat until the N228. — Following the N228 in a southern direction until the Damweg. — Following the Damweg in a southern direction until the Zuidzijdseweg. — Following the Zuidzijdseweg in a western direction going into the Slangenweg until the West-Vlisterdijk. — Following the West-Vlisterdijk in a northern direction going then in a western direction into the Bredeweg and in a northern direction going into the Grote Haven until the N228. — Following the N228 in a western direction.

PART B

Surveillance zone as referred to in Article 1:

ISO Country Code	Member State	Code (if available)	Name
NL	The Netherlands	Postal/ADNS code	Area comprising:
			— From the crossing of the N207 and N11, following the N11 in an east-southern direction until the N458. — Following the N458 in an eastern direction until the Buitenkerk.

ISO Country Code	Member State	Code (if available)	Name
NL	The Netherlands	Postal/ADNS code	Area comprising:
			— Following the Buitenkerk in a northern direction until the Kerkweg. — Following the Kerkweg in an eastern direction going into the Meije. — Following the Meije in a north-eastern direction until the Middenweg. — Following the Middenweg in a southern direction going into the Hoofdweg going into the Zegveldse Uitweg until the N458. — Following the N458 in an eastern direction going into the Rembrandtlaan until the Westdam. — Following the Westdam in a southern direction going into the Rijnstraat going into the Oostdam until the Oudelandseweg. — Following the Oudelandseweg in a northern direction until the Geestdorp. — Following the Geestdorp in an eastern direction until the N198. — Following the N198 in an eastern direction going in a southern direction, going in an eastern direction going in a southern direction until the Strijkviertel. — Following the Strijkviertel in a southern direction until the A12. — Following the A12 in an eastern direction until the A2. — Following the A2 in a southern direction until the N210. — Following the N210 in a southern direction going in a western direction going in a southern direction until the S.L. van Alterenstraat. — Following the S.L. van Alterenstraat in a southern direction until the river De Lek. — Following the river De Lek in a western direction until the Bonevlietweg. — Following the Bonevlietweg in a southern direction until the Melkweg. — Following the Melkweg in a southern direction going into the Peppelweg until the Essenweg. — Following the Essenweg in a northern direction going into the Graafland until the Irenestraat. — Following the Irenestraat in a western direction until the Beatrixstraat. — Following the Beatrixstraat in a northern direction until the Voorstraat. — Following the Voorstraat in a western direction going into Sluis, going into the Opperstok, into the Bergstoep until the ferry Bergambacht-Groot Ammers. — Following the ferry in a northern direction until the Veerweg. — Following the Veerweg in a northern direction until the N210. — Following the N210 in a western direction until the Zuidbroekse Opweg. — Following the Zuidbroekse Opweg in a northern direction until the Oosteinde.

ISO Country Code	Member State	Code (if available)	Name
NL	The Netherlands	Postal/ADNS code	Area comprising:
			— Following the Oosteinde in a western direction until the Kerkweg. — Following the Kerkweg in a western direction until the Graafkade. — Following the Graafkade in an eastern direction until the Wellepoort. — Following the Wellepoort in a north-western direction going into the Schaapjeshaven until the Kattendijk. — Following the Kattendijk in an eastern direction until the ferry across the Hollandsche IJssel. — Following the ferry in a northern direction until the Veerpad. — Following the Veerpad in a northern direction going into the Kerklaan going into the Middelweg until the N456 — Following the N456 in a northern direction until the N207. — Following the N207 in a northern direction until the N11.

ACTS ADOPTED BY BODIES CREATED BY INTERNATIONAL AGREEMENTS

DECISION No 3/2014 OF THE ACP-EU COMMITTEE OF AMBASSADORS

of 23 October 2014

on the renewal of the appointment of the Director of the Technical Centre for Agricultural and Rural Cooperation (CTA)

(2014/809/EU)

THE ACP-EU COMMITTEE OF AMBASSADORS,

Having regard to the Partnership Agreement between the members of the African, Caribbean and Pacific Group of States of the one part, and the European Community and its Member States, of the other part, signed in Cotonou on 23 June 2000 ⁽¹⁾, as first amended in Luxembourg on 25 June 2005 ⁽²⁾ and as amended for the second time in Ouagadougou on 22 June 2010 ⁽³⁾, and in particular Article 3(5) of Annex III thereto,

Having regard to Decision No 5/2013 of the ACP-EU Committee of Ambassadors of 7 November 2013 on the Statutes of Technical Centre for Agricultural and Rural Cooperation (CTA) ⁽⁴⁾, and in particular Article 7(1) of those Statutes,

Whereas:

- (1) With its Decision No 2/2010 of 19 March 2010, the ACP-EU Committee of Ambassadors appointed Mr Michael HAILU as Director of the Technical Centre for Agricultural and Rural Cooperation (CTA) for a term of five years, that is to expire on 28 February 2015;
- (2) Pursuant to Article 7(1) of the Statutes of the CTA, upon the recommendation of the Executive Board, on the basis of outstanding performance, the Committee of Ambassadors may, under exceptional circumstances, renew the appointment of the Director for a maximum period of five years;
- (3) On 3 April 2014 the Executive Board of the CTA gave its recommendation for the renewal of the appointment of Mr HAILU;
- (4) During its session from 16 to 18 June 2014, the ACP Council of Ministers approved the renewal of the Director's contract for a second term of five years;
- (5) Therefore, it is appropriate to renew the appointment of Mr HAILU for a period of five years,

⁽¹⁾ OJ L 317, 15.12.2000, p. 3.

⁽²⁾ Agreement amending the Partnership Agreement between the members of the African, Caribbean and Pacific Group of States, of the one part, and the European Community and its Member States, of the other part, signed in Cotonou on 23 June 2000 (OJ L 209, 11.8.2005, p. 27).

⁽³⁾ Agreement amending for the second time the Partnership Agreement between the members of the African, Caribbean and Pacific Group of States, of the one part, and the European Community and its Member States, of the other part, signed in Cotonou on 23 June 2000, as first amended in Luxembourg on 25 June 2005 (OJ L 287, 4.11.2010, p. 3).

⁽⁴⁾ OJ L 309, 19.11.2013, p. 50.

HAS DECIDED AS FOLLOWS:

Sole Article

Without prejudice to any subsequent decisions that the Committee might have to take under its prerogatives, the appointment of Mr Michael HAILU (Ethiopia) is hereby renewed as Director of the Technical Centre for Agricultural and Rural Cooperation with effect from 1 March 2015 until 29 February 2020.

Done at Brussels, 23 October 2014.

For the ACP-EU Committee of Ambassadors

The Chairman

S. SANNINO
