REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) 2015/1161

of 2 July 2015

entering a name in the register of protected designations of origin and protected geographical indications [Salame Piemonte (PGI)]

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 52(2) thereof,

Whereas:

- (1) Pursuant to Article 50(2)(a) of Regulation (EU) No 1151/2012, Italy's application to register the name 'Salame Piemonte' was published in the *Official Journal of the European Union* ⁽²⁾.
- (2) As no statement of opposition under Article 51 of Regulation (EU) No 1151/2012 has been received by the Commission, the name 'Salame Piemonte' should therefore be entered in the register,

HAS ADOPTED THIS REGULATION:

Article 1

The name 'Salame Piemonte' (PGI) is hereby entered in the register.

The name specified in the first paragraph denotes a product in Class 1.2. Meat products (cooked, salted, smoked, etc.) set out in Annex XI to Commission Implementing Regulation (EU) No 668/2014 ⁽³⁾.*Article 2*This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.⁽¹⁾ OJ L 343, 14.12.2012, p. 1.⁽²⁾ OJ C 75, 4.3.2015, p. 4.⁽³⁾ Commission Implementing Regulation (EU) No 668/2014 of 13 June 2014 laying down rules for the application of Regulation (EU) No 1151/2012 of the European Parliament and of the Council on quality schemes for agricultural products and foodstuffs (OJ L 179, 19.6.2014, p. 36).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 July 2015.

*For the Commission,
On behalf of the President,
Phil HOGAN
Member of the Commission*

COMMISSION REGULATION (EU) 2015/1162**of 15 July 2015****amending Annex V to Regulation (EC) No 999/2001 of the European Parliament and of the Council laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies ⁽¹⁾, and in particular the first paragraph of Article 23 thereof,

Whereas:

- (1) Regulation (EC) No 999/2001 lays down rules for the prevention, control and eradication of transmissible spongiform encephalopathies (TSEs) in animals. It applies to the production and placing on the market of live animals and products of animal origin and, in certain specific cases, to exports thereof.
- (2) Point 1 of Annex V to Regulation (EC) No 999/2001 designates as specified risk material ('SRM') certain bovine, ovine and caprine tissues if they come from animals whose origin is in a Member State or third country, or in one of their regions, with a controlled or undetermined Bovine Spongiform Encephalopathy ('BSE') risk status. Point 2 of that Annex extends the list of tissues designated as SRM to Member States with a negligible BSE risk status, but not to third countries with the same status. As a consequence, Member States with a negligible BSE risk status are to remove and dispose of SRM, while imports into the Union of such tissues from third countries with a negligible BSE risk status are allowed.
- (3) The World Organization for Animal Health ('OIE') only recommends the exclusion from international trade of SRM derived from bovine animals originating in countries with a controlled or undetermined BSE risk, while no such exclusion is recommended for bovine animals originating from countries with a negligible BSE risk status ⁽²⁾.
- (4) The Commission Strategy Paper on Transmissible Spongiform Encephalopathies for 2010-2015 ⁽³⁾ envisages the possibility to review the current obligation for Member States with a negligible risk status to remove SRM from the food and feed chain if an increasing number of Member States reach such status. With the adoption on 20 October 2014 of Commission Implementing Decision 2014/732/EU ⁽⁴⁾, which is based on the World Animal Health Organisation (OIE) Resolution No 18 of May 2014 ⁽⁵⁾, seventeen Union Member States have been recognised as having a negligible BSE risk status.
- (5) Authorising all bovine tissues currently classified as SRM to be used in the food chain in Member States with a negligible BSE risk status is considered premature at this stage due to certain remaining scientific uncertainties linked to Atypical BSE.

⁽¹⁾ OJ L 147, 31.5.2001, p. 1.

⁽²⁾ Article 11.4.14 of the OIE Terrestrial Animal Health Code, Edition 2014 (OIE — Terrestrial Animal Health Code — V 8 — 15.7.2014).

⁽³⁾ Communication from the Commission to the European Parliament and the Council — The TSE Road map 2 — A Strategy paper on Transmissible Spongiform Encephalopathies for 2010-2015; COM(2010) 384 final.

⁽⁴⁾ Commission Implementing Decision 2014/732/EU of 20 October 2014 amending Decision 2007/453/EC as regards the BSE status of Bulgaria, Estonia, Croatia, Latvia, Luxembourg, Hungary, Malta, Portugal and Slovakia (OJ L 302, 22.10.2014, p. 58).

⁽⁵⁾ Resolution No 18, 'Recognition of the Bovine Spongiform Encephalopathy Risk Status of Member Countries', adopted by the World Assembly of Delegates of the OIE on 27 May 2014 (82 GS/FR — Paris, May 2014).

- (6) On 19 January 2011, the European Food Safety Authority (EFSA) published a joint opinion prepared with the European Centre for Disease Prevention and Control (ECDC) on any possible epidemiological or molecular association between Transmissible Spongiform Encephalopathies (TSEs) in animals and humans ('the joint EFSA and ECDC Opinion') ⁽¹⁾. In this joint opinion, the EFSA and ECDC confirmed the identification of atypical forms of BSE in cattle and made the distinction between classical BSE, L-type atypical BSE and H-type atypical BSE.
- (7) According to this joint opinion, several elements indicate that the L-type atypical BSE agent has the potential to be a zoonotic agent. By contrast, such elements are absent for the H-type atypical BSE agent. This joint opinion also stated that the unusually old age of all H-type atypical BSE and L-type atypical BSE identified cases and their apparent low prevalence in the population suggest that these Atypical BSE forms are arising spontaneously, independently of the animal feeding practices. The BSE surveillance system in the Union showed a very low prevalence and relative constant level of atypical BSE cases in recent years.
- (8) On 11 January 2011, EFSA published a Scientific Opinion on the revision of the quantitative risk assessment of the BSE risk posed by processed animal proteins ⁽²⁾ ('EFSA's 2011 opinion'). This scientific opinion indicates that 90 % of the total infectivity amount in a BSE clinical case is associated with central and peripheral nervous system tissues. More precisely, this opinion estimated that 65 % of the total amount of infectivity in a clinical case of BSE is associated with the brain and 26 % is associated with the spinal cord.
- (9) On 11 July 2014, EFSA published a scientific report on a Protocol for further laboratory investigations into the distribution of infectivity of Atypical BSE ⁽³⁾. According to that scientific report, collective data indicate that Classical BSE shares the same tissue distribution as the Atypical BSE cases, with the higher titres of infectious prion proteins and/or infectivity detected in the central and peripheral nervous systems.
- (10) For all those reasons, the brain and the spinal cord of cattle over 12 months whose origin is in a Member State with negligible BSE risk status should remain in the list of SRM, pending further knowledge is gained on the risk linked to Atypical-BSE.
- (11) Given the practical difficulties to ensure the absence of contamination of the bones of the skull with brain tissues, the skull of cattle over 12 months whose origin is in a Member State with negligible BSE risk status should also be maintained as SRM.
- (12) The data examined by EFSA mainly refer to Europe, due to the very robust surveillance system in the EU. Discussions at OIE level are ongoing to review the BSE chapter of the OIE Terrestrial Animal Health Code in the light of recently acquired knowledge concerning Atypical-BSE. The Union rules as regards SRM in Member States and third countries with negligible BSE risk status should be reviewed in the light of the outcome of these discussions.
- (13) The skull, the brain, the spinal cord and the eyes of bovine animals over 12 months are not known to be imported into the Union.
- (14) In order to ensure more similar conditions for putting on the market commodities from the Member States compared to imports of commodities from third countries, while taking into account the possible remaining risk linked to the use in the food and/or feed chain of certain tissues, the additional requirement extending the prohibition of SRM of bovines to Member States with a negligible BSE risk should therefore be repealed except for the skull, the brain and spinal cord of bovine animals over 12 months.
- (15) Regulation (EC) No 999/2001 should therefore be amended accordingly.
- (16) Should future scientific evidence point out public health risks that are currently unknown, the Union rules as regards SRM in Member States and third countries with negligible BSE risk should be reviewed.
- (17) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽¹⁾ EFSA Journal 2011; 9(1):1945.

⁽²⁾ EFSA Journal 2011; 9(1):1947.

HAS ADOPTED THIS REGULATION:

Article 1

In Annex V to Regulation (EC) No 999/2001, point 2 is replaced by the following:

‘2. Specific requirements for Member States with negligible BSE risk status

Tissues listed in point 1.(a)(i) and 1.(b), which are derived from animals whose origin is in Member States with a negligible BSE risk, shall be considered as specified risk material.’

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

COMMISSION REGULATION (EU) 2015/1163**of 15 July 2015****implementing Regulation (EC) No 1445/2007 of the European Parliament and of the Council as regards the list of basic headings used for Purchasing Power Parities****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1445/2007 of the European Parliament and of the Council of 11 December 2007 establishing common rules for the provision of basic information on Purchasing Power Parities and for their calculation and dissemination ⁽¹⁾, and in particular Article 12(3)(b) thereof,

Whereas:

- (1) Article 3(e) of Regulation (EC) No 1445/2007 defines ‘basic heading’ as the lowest level of aggregation of items in the GDP breakdown for which Purchasing Power Parities are calculated.
- (2) Annex II to Regulation (EC) No 1445/2007 contains the list of basic headings.
- (3) A classification for household final consumption expenditure is used for the purpose of Regulation (EC) No 1445/2007 and for the purpose of Council Regulation (EC) No 2494/95 ⁽²⁾. Introducing a more detailed classification should improve the coherence of data and facilitate data collection in Member States. The detailed classification should be a further breakdown of the classification of individual consumption by purpose (COICOP) as defined in Regulation (EU) No 549/2013 of the European Parliament and of the Council ⁽³⁾.
- (4) Following the entry into force of Regulation (EU) No 549/2013 it is necessary to adjust the list of basic headings within final consumption expenditure of general government and within gross fixed capital formation.
- (5) Following the entry into force of Commission Regulation (EU) No 1209/2014 ⁽⁴⁾, it is necessary to adjust the list of basic headings within gross fixed capital formation.
- (6) Following the introduction of improved methodology for the calculation of Purchasing Power Parities in the areas of health, education and construction, the basic headings in these areas should be adjusted.
- (7) Annex II to Regulation (EC) No 1445/2007 should therefore be amended.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the European Statistical System Committee,

HAS ADOPTED THIS REGULATION:

Article 1

Annex II to Regulation (EC) No 1445/2007 is replaced by the Annex to this Regulation.

⁽¹⁾ OJ L 336, 20.12.2007, p. 1.

⁽²⁾ Council Regulation (EC) No 2494/95 concerning harmonised indices of consumer prices (OJ L 257, 27.10.1995, p. 1).

⁽³⁾ Regulation (EU) No 549/2013 of the European Parliament and of the Council of 21 May 2013 on the European system of national and regional accounts in the European Union (‘ESA 2010’) (OJ L 174, 26.6.2013, p. 1).

⁽⁴⁾ Commission Regulation (EU) No 1209/2014 of 29 October 2014 amending Regulation (EC) No 451/2008 of the European Parliament and of the Council establishing a new statistical classification of products by activity (CPA) and repealing Council Regulation (EEC) No 3696/93 (OJ L 336, 22.11.2014, p. 1).

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

For the Commission

The President

Jean-Claude JUNKER

COMMISSION IMPLEMENTING REGULATION (EU) 2015/1164**of 15 July 2015****fixing the quantitative limit for exports of out-of-quota sugar and isoglucose until the end of the 2015/2016 marketing year**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾, and in particular Article 139(2) and point (g) of the first paragraph of Article 144 thereof,

Whereas:

- (1) According to point (d) of the first subparagraph of Article 139(1) of Regulation (EU) No 1308/2013, the sugar or isoglucose produced in excess of the quota referred to in Article 136 of that Regulation may be exported only within the quantitative limit to be fixed by the Commission.
- (2) Detailed implementing rules for out-of-quota exports, in particular concerning the issue of export licences are laid down by Commission Regulation (EC) No 951/2006 ⁽²⁾. However, the quantitative limit should be fixed per marketing year in view of the possible opportunities on the export markets.
- (3) For certain Union producers of sugar and isoglucose, exports from the Union represent an important part of their economic activities and they have established traditional markets outside the Union. Exports of sugar and isoglucose to those markets could be economically viable also without granting export refunds. To that end it is necessary to fix a quantitative limit for out-of-quota sugar and isoglucose exports so that the EU producers concerned may continue to supply their traditional markets.
- (4) For the 2015/2016 marketing year it is estimated that fixing the quantitative limit initially at 650 000 tonnes, in white sugar equivalent, for out-of-quota sugar exports and 70 000 tonnes, in dry matter, for out-of-quota isoglucose would correspond to the market demand.
- (5) Exports of sugar from the Union to certain close destinations and to third countries granting Union products a preferential import treatment are currently in a particular favorable competitive position. In view of the absence of appropriate instruments of mutual assistance to fight against irregularities and in order to minimise the risk of fraud and to prevent any abuse associated with the re-import or reintroduction into the Union of out-of-quota sugar certain close destinations should be excluded from the eligible destinations.
- (6) In view of the estimated lower risks for eventual frauds regarding isoglucose due to the nature of the product it is not necessary to restrict the eligible destinations for the export of out-of-quota isoglucose.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

Fixing the quantitative limit for out-of-quota sugar exports

1. For the 2015/2016 marketing year the quantitative limit referred to in point (d) of the first subparagraph of Article 139(1) of Regulation (EU) No 1308/2013 shall be 650 000 tonnes for exports without refund of out-of-quota white sugar falling within CN code 1701 99.

⁽¹⁾ OJ L 347, 20.12.2013, p. 671.

⁽²⁾ Commission Regulation (EC) No 951/2006 of 30 June 2006 laying down detailed rules for the implementation of Council Regulation (EC) No 318/2006 as regards trade with third countries in the sugar sector (OJ L 178, 1.7.2006, p. 24).

2. Exports within the quantitative limit fixed in paragraph 1 shall be allowed for all destinations excluding:
- (a) third countries: Albania, Andorra, Bosnia and Herzegovina, the former Yugoslav Republic of Macedonia, the Holy See (Vatican City State), Kosovo ⁽¹⁾, Liechtenstein, Montenegro, San Marino and Serbia;
 - (b) territories of Member States not forming part of the customs territory of the Union: the Faeroe Islands, Greenland, Heligoland, Ceuta, Melilla, the communes of Livigno and Campione d'Italia, and the areas of the Republic of Cyprus in which the Government of the Republic of Cyprus does not exercise effective control;
 - (c) European territories for whose external relations a Member State is responsible, not forming part of the customs territory of the Union: Gibraltar.

Article 2

Fixing the quantitative limit for out-of-quota isoglucose exports

1. For the 2015/2016 marketing year the quantitative limit referred to in point (d) of the first subparagraph of Article 139(1) of Regulation (EU) No 1308/2013 shall be 70 000 tonnes, in dry matter, for exports without refund of out-of-quota isoglucose falling within CN codes 1702 40 10, 1702 60 10 and 1702 90 30.
2. Exports of the products referred to in paragraph 1 shall only be allowed where they comply with the conditions laid down in Article 4 of Regulation (EC) No 951/2006.

Article 3

Entry into force and application

This Regulation shall enter into force on the seventh day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 October 2015.

It shall expire on 30 September 2016.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

For the Commission

The President

Jean-Claude JUNCKER

⁽¹⁾ This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

COMMISSION IMPLEMENTING REGULATION (EU) 2015/1165**of 15 July 2015****approving the active substance halauxifen-methyl, in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 13(2) thereof,

Whereas:

- (1) In accordance with Article 7(1) of Regulation (EC) No 1107/2009, the United Kingdom received on 20 September 2012 an application from Dow AgroSciences Limited for the approval of the active substance halauxifen-methyl. In accordance with Article 9(3) of that Regulation, the United Kingdom, as rapporteur Member State, notified the Commission on 2 November 2012 of the admissibility of the application.
- (2) On 20 December 2013 the rapporteur Member State submitted a draft assessment report to the Commission with a copy to the European Food Safety Authority (hereinafter 'the Authority'), assessing whether that active substance can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009.
- (3) The Authority complied with Article 12(1) of Regulation (EC) No 1107/2009. In accordance with Article 12(3) of Regulation (EC) No 1107/2009, it requested that the applicant supply additional information to the Member States, the Commission and the Authority. The assessment of the additional information by the rapporteur Member State was submitted to the Authority in the format of an updated draft assessment report in October 2014.
- (4) On 21 November 2014 the Authority communicated to the applicant, the Member States and the Commission its conclusion on whether the active substance halauxifen-methyl can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 ⁽²⁾. The Authority made its conclusion available to the public.
- (5) On 20 March 2015 the Commission presented to the Standing Committee on Plants, Animals, Food and Feed the review report for halauxifen-methyl and a draft Regulation providing that halauxifen-methyl is approved.
- (6) The applicant was given the possibility to submit comments on the review report.
- (7) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance, and in particular the uses which were examined and detailed in the review report, that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. Those approval criteria are therefore deemed to be satisfied. It is therefore appropriate to approve halauxifen-methyl.
- (8) In accordance with Article 13(2) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to include certain conditions and restrictions. It is, in particular, appropriate to require further confirmatory information.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ EFSA Journal 2014;12(12):3913. Available online: www.efsa.europa.eu

- (9) In accordance with Article 13(4) of Regulation (EC) No 1107/2009, the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽¹⁾ should be amended accordingly.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Approval of active substance

The active substance halauxifen-methyl, as specified in Annex I, is approved subject to the conditions laid down in that Annex.

Article 2

Amendments to Implementing Regulation (EU) No 540/2011

The Annex to Implementing Regulation (EU) No 540/2011 is amended in accordance with Annex II to this Regulation.

Article 3

Entry into force

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

For the Commission

The President

Jean-Claude JUNKER

⁽¹⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

ANNEX I

Common Name, Identification Numbers	IUPAC Name	Purity ⁽¹⁾	Date of approval	Expiration of approval	Specific provisions
Halauxifen-methyl CAS No: 943831-98-9 CIPAC No: 970.201 (halauxifen-methyl) 970 (halauxifen)	methyl 4-amino-3-chloro-6-(4-chloro-2-fluoro-3-methoxyphenyl)pyridine-2-carboxylate	≥ 930 g/kg	5 August 2015	5 August 2025	For the implementation of the uniform principles as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on halauxifen-methyl, and in particular Appendices I and II thereof, shall be taken into account. In this overall assessment Member States shall pay particular attention to: — The risk to aquatic and non-target terrestrial plants. Conditions of use shall include risk mitigation measures, where appropriate. The applicant shall submit confirmatory information as regards: — The technical specification of the active substance as manufactured (based on commercial scale production). The relevance of impurities present in the technical material should be confirmed, — The compliance of the toxicity batches with the technical specification. The applicant shall submit that information to the Commission, the Member States and the Authority by 5 February 2016.

⁽¹⁾ Further details on identity and specification of active substance are provided in the review report.

ANNEX II

In Part B of the Annex to Implementing Regulation (EU) No 540/2011, the following entry is added:

	Common Name, Identification Numbers	IUPAC Name	Purity (*)	Date of approval	Expiration of approval	Specific provisions
'86	Halauxifen-methyl CAS No:943831-98-9 CIPAC No: 970.201 (halauxifen-methyl) 970 (halauxifen)	methyl 4-amino-3-chloro-6-(4-chloro-2-fluoro-3-methoxyphenyl)pyridine-2-carboxylate	≥ 930 g/kg	5 August 2015	5 August 2025	For the implementation of the uniform principles as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on halauxifen-methyl, and in particular Appendices I and II thereof, shall be taken into account. In this overall assessment Member States shall pay particular attention to: — The risk to aquatic and non-target terrestrial plants. Conditions of use shall include risk mitigation measures, where appropriate. The applicant shall submit confirmatory information as regards: — The technical specification of the active substance as manufactured (based on commercial scale production). The relevance of impurities present in the technical material should be confirmed, — The compliance of the toxicity batches with the technical specification. The applicant shall submit that information to the Commission, the Member States and the Authority by 5 February 2016.'

(*) Further details on identity and specification of active substance are provided in the review report.

COMMISSION IMPLEMENTING REGULATION (EU) 2015/1166**of 15 July 2015****renewing the approval of the active substance ferric phosphate in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 22 in conjunction with Article 20(1) thereof,

Whereas:

- (1) The approval of the active substance ferric phosphate, as set out in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽²⁾, expires on 31 December 2015.
- (2) An application for the renewal of the inclusion of ferric phosphate in Annex I to Council Directive 91/414/EEC ⁽³⁾ was submitted in accordance with Article 4 of Commission Regulation (EU) No 1141/2010 ⁽⁴⁾ within the time period provided for in that Article.
- (3) The applicant submitted the supplementary dossiers in accordance with Article 9 of Regulation (EU) No 1141/2010. The application was found to be complete by the rapporteur Member State.
- (4) The rapporteur Member State prepared a renewal assessment report in consultation with the co-rapporteur Member State and submitted it to the European Food Safety Authority (hereinafter 'the Authority') and the Commission on 30 April 2013.
- (5) The Authority communicated the renewal assessment report to the applicant and to the Member States for comments and forwarded the comments received to the Commission. The Authority also made the supplementary summary dossier available to the public.
- (6) On 17 December 2014 the Authority communicated to the Commission its conclusion ⁽⁵⁾ on whether ferric phosphate can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009. The Commission presented the draft review report for ferric phosphate to the Standing Committee on Plants, Animals, Food and Feed on 20 March 2015.
- (7) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. Those approval criteria are therefore deemed to be satisfied.
- (8) The Commission further considers that ferric phosphate is a low-risk active substance pursuant to Article 22 of Regulation (EC) No 1107/2009. Ferric phosphate is not a substance of concern and fulfils the conditions set in point 5 of Annex II to Regulation (EC) No 1107/2009. Ferric phosphate consists of compounds that are ubiquitous in the environment and that are essential for animal and plant functions. Additionally, ferric phosphate is a natural constituent of the human diet. The additional exposure of humans, animals and the environment by the uses approved under Regulation (EC) No 1107/2009 is expected to be negligible compared to exposure expected through realistic natural situations.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

⁽³⁾ Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (OJ L 230, 19.8.1991, p. 1).

⁽⁴⁾ Commission Regulation (EU) No 1141/2010 of 7 December 2010 laying down the procedure for the renewal of the inclusion of a second group of active substances in Annex I to Council Directive 91/414/EEC and establishing the list of those substances (OJ L 322, 8.12.2010, p. 10).

⁽⁵⁾ EFSA Journal 2015;13(1):3973. Available online: www.efsa.europa.eu.

The risk assessment for the renewal of the approval of ferric phosphate is based on a limited number of representative uses, which however do not restrict the uses for which plant protection products containing ferric phosphate may be authorised. It is therefore appropriate not to maintain the restriction to uses as a molluscicide.

- (9) Accordingly, it is appropriate to renew the approval of ferric phosphate as a low risk substance.
- (10) In accordance with Article 20(3) of Regulation (EC) No 1107/2009, in conjunction with Article 13(4) thereof, the Annex to Implementing Regulation (EU) No 540/2011 should be amended accordingly.
- (11) This Regulation should apply from the day after the date of expiry of the approval of the active substance ferric phosphate, as referred to in recital 1.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Renewal of the approval of active substance

The approval of the active substance ferric phosphate, as specified in Annex I, is renewed, subject to the conditions laid down in that Annex.

Article 2

Amendments to Implementing Regulation (EU) No 540/2011

The Annex to Implementing Regulation (EU) No 540/2011 is amended in accordance with Annex II to this Regulation.

Article 3

Entry into force and date of application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2016.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

For the Commission

The President

Jean-Claude JUNKER

ANNEX I

Common Name, Identification Numbers	IUPAC Name	Purity ⁽¹⁾	Date of approval	Expiration of approval	Specific provisions
Ferric phosphate CAS No: 10045-86-0 CIPAC No: 629	Ferric phosphate	Ferric phosphate 703 g/kg equivalent to 260 g/kg iron and 144 g/kg phosphorus	1 January 2016	31 December 2030	For the implementation of the uniform principles, as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on ferric phosphate, and in particular Appendices I and II thereof, shall be taken into account.

⁽¹⁾ Further details on identity and specification of active substance are provided in the review report.

ANNEX II

The Annex to Implementing Regulation (EU) No 540/2011 is amended as follows:

(1) in Part A, entry 22 on ferric phosphate is deleted;

(2) in Part D, the following entry is added:

	Common Name, Identification Numbers	IUPAC Name	Purity ^(*)	Date of approval	Expiration of approval	Specific provisions
'5	Ferric phosphate CAS No: 10045-86-0 CIPAC No: 629	Ferric phosphate	Ferric phosphate 703 g/kg equivalent to 260 g/kg iron and 144 g/kg phosphorus	1 January 2016	31 December 2030	For the implementation of the uniform principles, as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on ferric phosphate, and in particular Appendices I and II thereof, shall be taken into account.'

^(*) Further details on identity and specification of active substance are provided in the review report.

COMMISSION IMPLEMENTING REGULATION (EU) 2015/1167**of 15 July 2015****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.
- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 July 2015.

*For the Commission,
On behalf of the President,
Jerzy PLEWA
Director-General for Agriculture and Rural Development*

DIRECTIVES

COMMISSION IMPLEMENTING DIRECTIVE (EU) 2015/1168

of 15 July 2015

amending Directives 2003/90/EC and 2003/91/EC setting out implementing measures for the purposes of Article 7 of Council Directive 2002/53/EC and Article 7 of Council Directive 2002/55/EC respectively, as regards the characteristics to be covered as a minimum by the examination and the minimum conditions for examining certain varieties of agricultural plant species and vegetable species

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2002/53/EC of 13 June 2002 on the common catalogue of varieties of agricultural plant species ⁽¹⁾, and in particular Article 7(2)(a) and (b) thereof,

Having regard to Council Directive 2002/55/EC of 13 June 2002 on the marketing of vegetable seed ⁽²⁾, and in particular Article 7(2)(a) and (b) thereof,

Whereas:

- (1) Commission Directives 2003/90/EC ⁽³⁾ and 2003/91/EC ⁽⁴⁾ were adopted to ensure that the varieties the Member States include in their national catalogues comply with the guidelines established by the Community Plant Variety Office (CPVO) as regards the characteristics to be covered as a minimum by the examination of the various species and the minimum conditions for examining the varieties, as far as such guidelines had been established. For other varieties those Directives provide that guidelines of the International Union for Protection of new Varieties of Plants (UPOV) are to apply.
- (2) The CPVO has since established further guidelines and has updated existing ones.
- (3) Directives 2003/90/EC and 2003/91/EC should therefore be amended accordingly.
- (4) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Annexes I and II to Directive 2003/90/EC are replaced by the text in part A of the Annex to this Directive.

⁽¹⁾ OJ L 193, 20.7.2002, p. 1.

⁽²⁾ OJ L 193, 20.7.2002, p. 33.

⁽³⁾ Commission Directive 2003/90/EC of 6 October 2003 setting out implementing measures for the purposes of Article 7 of Council Directive 2002/53/EC as regards the characteristics to be covered as a minimum by the examination and the minimum conditions for examining certain varieties of agricultural plant species (OJ L 254, 8.10.2003, p. 7).

⁽⁴⁾ Commission Directive 2003/91/EC of 6 October 2003 setting out implementing measures for the purposes of Article 7 of Council Directive 2002/55/EC as regards the characteristics to be covered as a minimum by the examination and the minimum conditions for examining certain varieties of vegetable species (OJ L 254, 8.10.2003, p. 11).

Article 2

The Annexes to Directive 2003/91/EC are replaced by the text in part B of the Annex to this Directive.

Article 3

For examinations started before 1 July 2016 Member States may apply Directives 2003/90/EC and 2003/91/EC in the version applying before their amendment by this Directive.

Article 4

Member States shall adopt and publish, by 30 June 2016 at the latest, the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions.

They shall apply those provisions from 1 July 2016.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Article 5

This Directive shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

Article 6

This Directive is addressed to the Member States.

Done at Brussels, 15 July 2015.

For the Commission
The President
Jean-Claude JUNCKER

ANNEX

PART A

ANNEX I

List of species referred to in Article 1(2)(a) which are to comply with CPVO test protocols

Scientific name	Common name	CPVO protocol
<i>Festuca filiformis</i> Pourr.	Fine-leaved sheep's fescue	TP 67/1 of 23.6.2011
<i>Festuca ovina</i> L.	Sheep's fescue	TP 67/1 of 23.6.2011
<i>Festuca rubra</i> L.	Red fescue	TP 67/1 of 23.6.2011
<i>Festuca trachyphylla</i> (Hack.) Krajina	Hard fescue	TP 67/1 of 23.6.2011
<i>Lolium multiflorum</i> Lam.	Italian ryegrass	TP 4/1 of 23.6.2011
<i>Lolium perenne</i> L.	Perennial ryegrass	TP 4/1 of 23.6.2011
<i>Lolium × boucheanum</i> Kunth	Hybrid ryegrass	TP 4/1 of 23.6.2011
<i>Pisum sativum</i> L.	Field pea	TP 7/2 Rev of 11.3.2015
<i>Brassica napus</i> L.	Swede rape	TP 36/2 of 16.11.2011
<i>Brassica napus</i> L. var. <i>napobrassica</i> (L.) Rchb.	Swede	TP 89/1 of 11.3.2015
<i>Cannabis sativa</i> L.	Hemp	TP 276/1 of 28.11.2012
<i>Helianthus annuus</i> L.	Sunflower	TP 81/1 of 31.10.2002
<i>Linum usitatissimum</i> L.	Flax/Linseed	TP 57/2 of 19.3.2014
<i>Avena nuda</i> L.	Small naked oat, Hulless oat	TP 20/1 of 6.11.2003
<i>Avena sativa</i> L. (includes <i>A. byzantina</i> K. Koch)	Oats and Red oat	TP 20/1 of 6.11.2003
<i>Hordeum vulgare</i> L.	Barley	TP 19/3 of 21.3.2012
<i>Oryza sativa</i> L.	Rice	TP 16/2 of 21.3.2012
<i>Secale cereale</i> L.	Rye	TP 58/1 of 31.10.2002
<i>xTriticosecale</i> Wittm. ex A. Camus	Hybrids resulting from the crossing of a species of the genus <i>Triticum</i> and a species of the genus <i>Secale</i>	TP 121/2 rev. 1 of 16.2.2011
<i>Triticum aestivum</i> L.	Wheat	TP 3/4 rev. 2 of 16.2.2011
<i>Triticum durum</i> Desf.	Durum wheat	TP 120/3 of 19.3.2014
<i>Zea mays</i> L.	Maize	TP 2/3 of 11.3.2010
<i>Solanum tuberosum</i> L.	Potato	TP 23/2 of 1.12.2005

The text of these protocols can be found on the CPVO web site (www.cpvo.europa.eu).

ANNEX II

List of species referred to in Article 1(2)(b) which are to comply with UPOV test guidelines

Scientific name	Common name	UPOV guideline
<i>Beta vulgaris</i> L.	Fodder beet	TG/150/3 of 4.11.1994
<i>Agrostis canina</i> L.	Velvet bent	TG/30/6 of 12.10.1990

Scientific name	Common name	UPOV guideline
<i>Agrostis gigantea</i> Roth.	Red top	TG/30/6 of 12.10.1990
<i>Agrostis stolonifera</i> L.	Creeping bent	TG/30/6 of 12.10.1990
<i>Agrostis capillaris</i> L.	Brown top	TG/30/6 of 12.10.1990
<i>Bromus catharticus</i> Vahl	Rescue grass	TG/180/3 of 4.4.2001
<i>Bromus sitchensis</i> Trin.	Alaska brome grass	TG/180/3 of 4.4.2001
<i>Dactylis glomerata</i> L.	Cocksfoot	TG/31/8 of 17.4.2002
<i>Festuca arundinacea</i> Schreb.	Tall fescue	TG/39/8 of 17.4.2002
<i>Festuca pratensis</i> Huds.	Meadow fescue	TG/39/8 of 17.4.2002
<i>xFestulolium</i> Asch. et Graebn.	Hybrids resulting from the crossing of a species of the genus <i>Festuca</i> with a species of the genus <i>Lolium</i>	TG/243/1 of 9.4.2008
<i>Phleum nodosum</i> L.	Small timothy	TG/34/6 of 7.11.1984
<i>Phleum pratense</i> L.	Timothy	TG/34/6 of 7.11.1984
<i>Poa pratensis</i> L.	Smooth-stalked meadow grass	TG/33/7 of 9.4.2014
<i>Lotus corniculatus</i> L.	Birdsfoot trefoil	TG 193/1 of 9.4.2008
<i>Lupinus albus</i> L.	White lupin	TG/66/4 of 31.3.2004
<i>Lupinus angustifolius</i> L.	Narrow-leaved lupin	TG/66/4 of 31.3.2004
<i>Lupinus luteus</i> L.	Yellow lupin	TG/66/4 of 31.3.2004
<i>Medicago sativa</i> L.	Lucerne	TG/6/5 of 6.4.2005
<i>Medicago</i> × <i>varia</i> T. Martyn	Sand lucerne	TG/6/5 of 6.4.2005

DECISIONS

COMMISSION IMPLEMENTING DECISION (EU) 2015/1169

of 14 July 2015

amending the Annex to Implementing Decision 2014/709/EU concerning animal health control measures relating to African swine fever in certain Member States, as regards the entries for Estonia, Lithuania and Poland

(notified under document C(2015) 4712)

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market ⁽¹⁾, and in particular Article 9(4) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽²⁾, and in particular Article 10(4) thereof,

Having regard to Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption ⁽³⁾, and in particular Article 4(3) thereof,

Whereas:

- (1) Commission Implementing Decision 2014/709/EU ⁽⁴⁾ lays down animal health control measures in relation to African swine fever in certain Member States. The Annex to that Decision demarcates and lists certain areas of those Member States differentiated by the level of risk based on the epidemiological situation. That list includes certain areas of Estonia, Italy, Latvia, Lithuania and Poland.
- (2) In May 2015, a number of cases of African swine fever in wild boar were notified by Poland (in the gmina of Michalowo), followed by Lithuania (in rajono savivaldybė of Prienai and Kėdainiai) and Estonia (in the vald of Türi) within the areas listed in the Annex to Implementing Decision 2014/709/EU. Those cases occurred either in the areas listed in Part I of that Annex or in areas listed in Parts II and III that were in proximity to Part I.
- (3) The evolution of the current epidemiological situation in the Union as regards African swine fever should be considered in the assessment of the risk represented by the animal health situation as regards that disease in Estonia, Lithuania and Poland. In order to focus animal health control measures and to prevent the further spread of African swine fever, as well as to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade by third countries, the Union list of areas subject to the animal health control measures set out in the Annex to Implementing Decision 2014/709/EU should be amended to take into account the current animal health situation as regards that disease in those three Member States.
- (4) Implementing Decision 2014/709/EU should therefore be amended to modify the areas listed in Parts I and II of Estonia, Lithuania and Poland.
- (5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽¹⁾ OJ L 395, 30.12.1989, p. 13.

⁽²⁾ OJ L 224, 18.8.1990, p. 29.

⁽³⁾ OJ L 18, 23.1.2003, p. 11.

⁽⁴⁾ Commission Implementing Decision 2014/709/EU of 9 October 2014 concerning animal health control measures relating to African swine fever in certain Member States and repealing Implementing Decision 2014/178/EU (OJ L 295, 11.10.2014, p. 63).

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision 2014/709/EU is replaced by the text in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 14 July 2015.

For the Commission
Vytenis ANDRIUKAITIS
Member of the Commission

ANNEX

‘ANNEX

PART I

1. Estonia

The following areas in Estonia:

- the linn of Kunda,
- the linn of Paide,
- the linn of Tartu,
- the linn of Võru,
- the maakond of Jõgeva,
- the maakond of Põlvamaa,
- the vald of Alatskivi,
- the vald of Albu,
