GENERAL INFORMATION SHEET FOR THE EU GUIDELINES FOR STATE AID IN THE AGRICULTURE AND FORESTRY SECTORS
AND IN RURAL AREAS

Please note that this general information sheet for the notification of State aid applies to all sectors covered by the European Union Guidelines for State aid in the agriculture and forestry sectors and in rural areas 2014–2020 ⁽¹⁾ (‘the Guidelines’). In addition for all measures covered by the Guidelines the relevant Supplementary Information Sheet must be completed.

0. **COMMON ASSESSMENT PRINCIPLES**

1. Does the State aid measure satisfy the following common assessment principles?

- ☐ the measure contributes to a well-defined objective of common interest;
- ☐ the need for State intervention: a State aid measure must be targeted towards a situation where aid can bring about a material improvement that the market cannot deliver itself, by remedying a well-defined market failure;
- ☐ the appropriateness of the aid measure: the proposed aid measure must be an appropriate policy instrument to address the objective of common interest;
- ☐ the incentive effect: the aid must change the behaviour of the undertaking(s) concerned in such a way that it engages in an additional activity which it would not carry out without the aid or it would carry out in a restricted or different manner;
- ☐ the proportionality of the aid (aid limited to the minimum necessary): the aid amount must be limited to the minimum needed to induce the activity in the sector concerned;
- ☐ the avoidance of major undue negative effects on competition and trade between Member States: the negative effects of aid must be sufficiently limited, so that the overall balance of the measure is positive;
- ☐ transparency of aid: Member States, the Commission, economic operators, and the public must have easy access to all relevant acts and to pertinent information about the aid granted thereunder.

2. Does the State aid measure entail one of the following non-severable violations of European Union law?

- ☐ the obligation for the beneficiary to have its headquarters in the relevant Member State or to be predominantly established in that Member State ⁽²⁾;
- ☐ the obligation for the beneficiary to use nationally produced goods or national services;
- ☐ a restriction on the possibility for the beneficiaries to exploit the research, development and innovation results in other Member States;
- ☐ other non-severable violation of European Union law.

If one of these points is answered positively, please note that in accordance with point (41) of the Guidelines such aid cannot be declared compatible with the internal market.

⁽¹⁾ OJ C 204, 1.7.2014, p. 1, as modified by OJ C 390, 24.11.2015, p. 4.

⁽²⁾ However, a requirement to have an establishment or branch in the Member State granting the aid at the time of payment of the aid is permitted.

☐ yes ☐ no

- 1.2. Is the aid related closely to the Common Agricultural Policy (CAP), and consistent with the rural development objectives referred to in point (10) of the Guidelines?

☐ yes ☐ no

If the answer is no, please note that in accordance with point (44) of the Guidelines, such aid cannot be declared compatible with the internal market.

- 1.3. For agricultural products, is the aid compatible with the rules on the common organisation of the markets in agricultural products?

If the answer is no, please note that in accordance with point (44) of the Guidelines, such aid cannot be declared compatible with the internal market.

Rural development objectives

☐ yes ☐ no

If the answer is yes, this notification must be accompanied by such documentation.

Additional conditions for individually notified investment aid on the basis of a scheme

- 1.5. When awarding aid to individually notified investment projects on the basis of a scheme, can the granting authority confirm that the selected project will contribute towards the objectives of the scheme and thus towards the objectives of aid in the agricultural and forestry sectors and in rural areas? For that purpose, the Member State may rely on the information provided by the applicant for aid where the positive effects of the investment must be described.

☐ yes ☐ no

Environmental objectives

- 1.6. Does the State aid notification contain an assessment on whether or not the aided activity is expected to have any environmental impact?

☐ yes ☐ no

☐ yes ☐ no

If the answer is yes, the Member State must provide with the notification information demonstrating that the aid will not result in an infringement of applicable Union environmental protection legislation.

- 1.8. Where State aid is notified, which forms part of the rural development programme, is the environmental requirement for the State aid measure identical with the environmental requirement of the rural development measure?

☐ yes ☐ no

If the answer is no, please note that in accordance with point (52) of the Guidelines the aid cannot be declared compatible with the internal market.

2. APPROPRIATENESS OF AID

2.2. As regards investment aid, which is not covered by Regulation (EU) No 1305/2013 of the European Parliament and of the Council ⁽¹⁾ as part of the rural development programme or as additional financing for such a rural development measure, is the aid granted in forms that provide a direct pecuniary advantage (for example direct grants, exemptions or reductions in taxes, social security or other compulsory charges, etc.)?

☐ yes ☐ no

If the answer is yes, the Member State must demonstrate why other potentially less distortive forms of aid, such as repayable advances or forms of aid that are based on debt or equity instruments (for example, low-interest loans or interest rebates, State guarantees or an alternative provision of capital on favourable terms) are less appropriate.

.....

.....

2.3. Does the aid fall within the framework of aid to the forestry sector with ecological, protective and recreational objectives referred to in Section 2.8 of Chapter 2 of Part II of the Guidelines?

☐ yes ☐ no

If the answer is yes, the Member State must demonstrate that the ecological, protective and recreational objectives aimed at cannot be achieved with the rural development like forestry measures referred to in sections 2.1 to 2.7 of Chapter 2 of Part II of the Guidelines.

☐ yes ☐ no

If the answer is yes, please specify how the aid has such an impact:

.....

.....

If the answer is yes, please note that in accordance with point (76) of the Guidelines, to allow a comprehensive assessment, the Member State must provide not only information concerning the aided project but also a comprehensive description of the counterfactual scenario, in which no aid is granted to the beneficiary by any public authority.

If the answer is no, please note that in accordance with point (76) of the Guidelines the aid cannot be declared compatible with the internal market.

Please note that where no specific counterfactual scenario is known, the incentive effect can be assumed when there is a funding gap, that is to say when the investment costs exceed the net present value (NPV) of the expected operating profits of the investment on the basis of an *ex ante* business plan.

4. PROPORTIONALITY AND CUMULATION OF THE AID

- 4.1. Will the aid amount exceed the eligible costs?

☐ yes ☐ no

If the answer is yes, please note that in accordance with point (82) of the Guidelines, such aid cannot be considered as proportionate and therefore cannot be granted.

- 4.2. Does the aid fall under Sections 1.1.3 and 1.2.2 of Part II of the Guidelines?

☐ yes ☐ no

If the answer is yes, please note that point (82) of the Guidelines does not apply.

- 4.3. Will the maximum aid intensity and aid amount be calculated by the granting authority when granting the aid?

☐ yes ☐ no

If the answer is no, please note that this is a condition laid down in point (85) of the Guidelines.

- 4.4. Will the eligible costs be supported by documentary evidence which is clear, specific and contemporary?

☐ yes ☐ no

Please note that for the purposes of calculating the aid intensity and the eligible costs, all figures used must be taken before any deduction of tax or other charge. Please also note that value added tax (VAT) is not eligible for aid, except where it is not-recoverable under national VAT legislation.

- 4.5. Is the aid granted in a form other than a grant?

☐ yes ☐ no

If the answer is yes, is the aid amount the gross grant equivalent of the aid?

☐ yes ☐ no

- 4.6. Is the aid payable in several instalments?

☐ yes ☐ no

If the answer is yes, will the aid be discounted to its value at the moment of granting the aid?

☐ yes ☐ no

Please note that the eligible costs must be discounted to their value at the moment of granting the aid. Furthermore, the interest rate to be used for discounting purposes is the discount rate applicable on the date of granting the aid.

- 4.7. Is the aid granted by means of tax advantages?

☐ yes ☐ no

If the answer is yes, does the discounting of aid tranches take place on the basis of the discount rates applicable at the various times the tax advantage takes effect?

☐ yes ☐ no

- 4.8. Does the aid regard investment aid in rural areas?

☐ yes ☐ no

If the answer is yes, please note that the maximum aid intensity for large investment projects must be scaled down to the adjusted aid amount as defined in point (35).31 of the Guidelines. In addition, large investment projects cannot benefit from the increased aid intensities for SMEs.

- 4.9. For commitments under Sections 1.1.5.1, 1.1.8, 2.3 and 3.4 of Part II of the Guidelines, if they are expressed in units other than those set out in Annex II to Regulation (EU) No 1305/2013, Member States may calculate payments on the basis of those other units. In such cases, does the Member State ensure that the maximum amounts per year are complied with?

☐ yes ☐ no

- 4.10. For the measures or types of operations referred to in Sections 1.1.5, 1.1.6, 1.1.7, 1.1.8, 2.2, 2.3, 3.4 and 3.5 of Part II of the Guidelines, Member States may fix the aid amount on the basis of standard assumptions of additional costs and income foregone. In these cases, the Member State must ensure that the calculations and the corresponding aid:

- ☐ contain only elements that are verifiable
- ☐ are based on figures established by appropriate expertise
- ☐ indicate clearly the source of the figures used
- ☐ are differentiated to take account of regional or local site conditions and actual land use, where applicable and
- ☐ do not contain elements linked to investment costs.

Additional conditions for individually notified investment aid and investment aid to large enterprises under notified schemes

- 4.11. In the case of individually notified investment aid, does the aid amount correspond to the net extra costs of implementing the investment in the area concerned, compared to the counterfactual scenario in the absence of aid?

☐ yes ☐ no

If the answer is yes, please note that as a general rule, individually notified investment aid will be considered to be limited to the minimum.

- 4.12. Is the investment aid granted to large enterprises under notified schemes?

☐ yes ☐ no

If the answer is yes, does the Member State ensure that the aid amount is limited to the minimum on the basis of a 'net-extra cost approach'?

☐ yes ☐ no

Please note that the aid amount should not exceed the minimum necessary to render the project sufficiently profitable, for example, it should not lead to an increase of its internal rate of return (IRR) beyond the normal rates of return applied by the undertaking concerned in other investment projects of a similar kind or, if these rates are not available, to an increase of its IRR beyond the cost of capital of the undertaking as a whole or beyond the rates of return commonly observed in the sector concerned.

- 4.13. If the answer to question 4.12 is yes, does the Member State ensure that the aid amount corresponds to the net extra costs of implementing the investment in the area concerned, compared to the counterfactual scenario in the absence of aid?

☐ yes ☐ no

The method explained in point (96) of the Guidelines must be used together with maximum aid intensities as a cap.

- 4.14. Does the aid concern individually notified investment aid?

☐ yes ☐ no

If the answer is yes, please note that the Commission will verify whether the aid amount exceeds the minimum necessary to render the project sufficiently profitable, by using the method set out in point (96) of the Guidelines. Calculations used for the analysis of the incentive effect can also be used to assess if the aid is proportionate.

- 4.15. Please demonstrate the proportionality on the basis of documentation such as that referred to in point (77) of the Guidelines. This requirement does not apply to investment aid related to primary agricultural production.

.....

.....

.....

Cumulation of aid

- 4.16. Will the notified aid be granted concurrently under several schemes or cumulated with ad hoc aid?

☐ yes ☐ no

If the answer is yes, does the total amount of State aid for an activity or project exceed the limits set by the aid ceilings laid down in the Guidelines?

☐ yes ☐ no

- 4.17. Will the notified aid have identifiable eligible costs?

☐ yes ☐ no

If the answer is yes, will this aid be cumulated with any other State aid?

☐ yes ☐ no

If yes, will those measures concern different identifiable eligible costs?

☐ yes ☐ no

If the answer is no, please note that in accordance with point (100) of the Guidelines, the aid with identifiable eligible costs cumulated with any other State aid, in relation to the same eligible costs, can be partly or fully overlapping. However, does this cumulation result in exceeding the highest aid intensity or aid amount applicable to this aid under the Guidelines?

☐ yes ☐ no

- 4.18. Will the aid authorised under the Guidelines be cumulated with de minimis aid?

☐ yes ☐ no

If yes, is the aid in this case cumulated in respect of the same eligible costs and will such cumulation result in an aid intensity or aid amount exceeding that fixed in the Guidelines?

☐ yes ☐ no

- 4.19. Is aid in favour of the agricultural sector cumulated with payments referred to in Articles 81(2) and 82 of Regulation (EU) No 1305/2013 in respect of the same eligible costs and will such cumulation result in an aid intensity or aid amount exceeding those laid down in the Guidelines?

☐ yes ☐ no

- 4.20. Is the aid combining State aid with Union funds centrally managed by the institutions, agencies, joint undertakings or other bodies of the Union?

☐ yes ☐ no

If the answer is yes, if the Union funds are not directly or indirectly under the control of the Member State, only the State aid will be considered for determining whether notification thresholds and maximum aid intensities and ceilings are respected, provided that the total amount of public funding granted in relation to the same eligible costs does not exceed the most favourable funding rate(s) laid down in the applicable rules of Union law.

- 4.21. Does the aid concern aid for investments aimed at the restoration of agricultural production potential as referred to in point (143)(e) of the Guidelines?

☐ yes ☐ no

If the answer is yes, please note that it should not be cumulated with aid for the compensation of material damage referred to in Sections 1.2.1.1, 1.2.1.2 and 1.2.1.3 of Part II of the Guidelines.

Please note that double funding of agricultural practices beneficial for the climate and the environment under Sections 1.1.5.1, 1.1.6, 1.1.8 and 3.5 of Part II of the Guidelines and equivalent practices referred to in Article 43 of Regulation (EU) No 1307/2013 of the European Parliament and of the Council ⁽¹⁾ should be excluded. The revision clause provided for in point (724) of the Guidelines is also to ensure avoiding double funding.

- 4.22. Does the aid concern start-up aid for producer groups and organisations in the agricultural sector as referred to in Section 1.1.4 of Part II of the Guidelines?

☐ yes ☐ no

If the answer is yes, please note that it should not be cumulated with aid for setting-up of producer groups and organisations in the agricultural sector laid down in Article 27 of Regulation (EU) No 1305/2013.

- 4.23. Does the aid concern start-up aid for young farmers and start-up aid for the development of small farms as referred to in Section 1.1.2 of Part II of the Guidelines?

☐ yes ☐ no

If the answer is yes, please note that it should not be cumulated with business start-up aid for young farmers or the development of small farms as referred to in Article 19(1)(a)(i) and (iii) of Regulation (EU) No 1305/2013 if such cumulation would result in an aid amount exceeding those laid down in the Guidelines.

5. EFFECTS ON COMPETITION AND TRADE

- 5.1. As regards investment aid schemes for the processing of agricultural products and the marketing of agricultural products, in the forestry sector and in rural areas, could the Member State demonstrate that the negative effects will be limited to the minimum taking into account, for example, the size of the projects concerned, the individual and cumulative aid amounts, the expected beneficiaries as well as the characteristics of the targeted sectors?

.....

.....

.....

.....

- 5.2. As regards investment aid schemes for the processing of agricultural products and the marketing of agricultural products, in the forestry sector and in rural areas, has the Member State submitted any impact assessment at its disposal as well as *ex-post* evaluations carried out for similar predecessor schemes in order to enable the Commission to assess the likely negative effects of the aid scheme?

☐ yes ☐ no

⁽¹⁾ Regulation (EU) No 1307/2013 of the European Parliament and of the Council of 17 December 2013 establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy and repealing Council Regulation (EC) No 637/2008 and Council Regulation (EC) No 73/2009 (OJ L 347, 20.12.2013, p. 608).

- 5.3. Concerning the negative effects of individual investment aid for the processing of agricultural products and the marketing of agricultural products and in rural areas, in order to identify and assess the potential distortions of competition and trade, has the Member State provided in the notification evidence, permitting the Commission to identify the product markets concerned (that is to say, products affected by the change in the behaviour of the aid beneficiary) and to identify the competitors and customers/consumers affected?

☐ yes ☐ no

If the answer is yes, please specify:

Such a requirement can be waived with respect of individual aid awards not exceeding the following thresholds:

(i) EUR 60 000 for beneficiaries in the primary agricultural production;

(ii) EUR 500 000 for beneficiaries in the sectors of the processing of agricultural products, the marketing of agricultural products, the forestry sector or activities falling outside the scope of Article 42 of the Treaty.

☐ 0,06 to 0,5 only for primary agricultural production

☐ 0,5 to 1

☐ 1 to 2

☐ 2 to 5

☐ 5 to 10

☐ 10 to 30

☐ 30 and more

- 6.3. Please confirm that such information:

☐ will be published after the decision to grant the aid has been taken

☐ will be kept for at least 10 years

- ☐ will be available for the general public without restrictions ⁽¹⁾

Please note that Member States will not be required to publish such information before 1 July 2016 ⁽²⁾.

- ☐ yes ☐ no

- 6.5. If the answer is no, the individual aid award is not published because:

- ☐ it falls within the scope of Regulation (EU) No 1305/2013 and
- ☐ it is either co-financed by the EAFRD or granted as additional national financing for such co-financed measures and
- ☐ the individual aid award has already been published in accordance with Articles 111, 112 and 113 of Regulation (EU) No 1306/2013 ⁽³⁾.

7. OTHER QUESTIONS

- 7.1. Does the aid measure concern aid for export-related activities to third countries or to Member States which would be directly linked to the quantities exported, aid contingent upon the use of domestic over imported goods, or aid to establish and operate a distribution network or to cover any other expenditure linked to export activities?

- ☐ yes ☐ no

If the answer is yes, please note that such aid will not be authorised.

Please note that aid towards the cost of participating in trade fairs, or of studies or consultancy services needed for the launch of a new or existing product on a new market in principle does not constitute export aid.

- 7.2. Does the system of financing, for example, by parafiscal levies, form an integral part of the aid measure?

- ☐ yes ☐ no

If the answer is yes, the system of financing must be notified.
