REGULATIONS

COMMISSION DELEGATED REGULATION (EU) 2016/1437

of 19 May 2016

supplementing Directive 2004/109/EC of the European Parliament and of the Council with regard to regulatory technical standards on access to regulated information at Union level**(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC ⁽¹⁾, and in particular Article 22 thereof,

Whereas:

- (1) In order to ensure fast access to regulated information on a non-discriminatory basis and make that information available to end users, the European Securities and Markets Authority (ESMA) has an obligation to develop and operate a European Electronic Access Point (EEAP). The EEAP should be conceived as a web portal accessible through ESMA's website and, given its centralising role, should not assume the functions of official appointed mechanisms (OAMs) in respect of storage of regulated information. The EEAP should provide access to regulated information stored by all OAMs, avoid the duplication of data storage and minimise the risks to security of data exchange.
- (2) In order to facilitate the search for regulated information and to ensure fast access to that information, the EEAP should offer end users the possibility to search by reference to the identity of an issuer, the home Member State or the type of regulated information. At the same time, the EEAP should enable end users to access the regulated information requested by them through hyperlinks to OAMs' websites where that information is stored.
- (3) The proper functioning of the EEAP and its connection with OAMs depend on the security, effectiveness, efficiency and adaptability of the supporting communication technologies. The Hypertext Transfer Protocol Secure should be used by the EEAP and OAMs to connect with each other. However, given the continuous developments in communication technologies and the need to ensure the integrity and security of the exchange of metadata on regulated information, ESMA and the OAMs should cooperate in identifying and implementing alternative communication technologies in the future. Furthermore, where ESMA considers, according to objective technical criteria, that cooperation required for that purpose is ineffective, ESMA should be able to indicate what alternative communication technologies are to be used by the EEAP and OAMs.
- (4) In order to enable cross-border searches and accurate search results, an OAM should use a unique identifier for each issuer of securities admitted to trading on a regulated market. Harmonisation of the unique identifiers used by OAMs should enable end users of the EEAP to identify more readily the issuers in respect of whom the end users seek information. Moreover, given the integration of financial markets at international level, the unique

⁽¹⁾ OJ L 390, 31.12.2004, p. 38.

identifiers to be used by OAMs should be accepted internationally, be suitable to be assigned to any issuer, be consistent in time, have a limited financial impact on issuers and OAMs, and take into account future developments in this area. Therefore, OAMs should use legal entity identifiers as the unique identifier for issuers of securities admitted to trading on a regulated market.

- (5) Harmonisation of the format used to exchange information between the EEAP and the OAMs is necessary in order to ensure the effective functioning of the EEAP. Accordingly, the identification of the appropriate format for exchange of information should take into account the security exchange and validation attributes of the most common standard formats used on the market. As the EEAP should not assume the functions of OAMs in respect of storage of regulated information, the format for exchange of regulated information should determine the metadata on regulated information to be enabled by an OAM to ensure a focussed search and fast access to regulated information by end users.
- (6) Setting out a common list of types of regulated information should enable investors to have a better understanding of the information which is subject to the requirements of accuracy, comprehensiveness and timely dissemination by issuers under Directive 2004/109/EC. The common labelling and classification of regulated information by OAMs for the purpose of end users seeking to access regulated information via the EEAP should enable the end users to focus their search requests on the types of information of interest to them and should give rise to efficiencies for investors in their decision making processes.
- (7) Visualisation or downloading of documents containing regulated information by end users is subject to OAMs' pricing policies in accordance with national law of each Member State. However, OAMs should not charge the EEAP for the delivery of metadata on regulated information.
- (8) It is necessary to provide OAMs and issuers with sufficient time to implement the legislative and technological changes required to ensure the use of legal entity identifiers as the unique identifier for issuers of securities admitted to trading on a regulated market. It is also necessary to provide OAMs and issuers with sufficient time to implement the legislative and technological changes that are necessary for the storage and tagging of information for the purposes of classification of regulated information.
- (9) This Regulation is based on the draft regulatory technical standards submitted by ESMA to the Commission.
- (10) In accordance with Article 10 of Regulation (EU) No 1095/2010 of the European Parliament and the Council ⁽¹⁾, in developing the draft regulatory technical standards on which this Regulation is based, ESMA has conducted open public consultations, analysed the potential related costs and benefits and requested the opinion of the Securities and Markets Stakeholder Group established by Article 37 of that Regulation. At the same time, ESMA has taken into account the technical requirements for the system of interconnection of central, commercial and companies registers established by Directive 2012/17/EU of the European Parliament and of the Council ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

The European Electronic Access Point

The European Securities and Markets Authority (ESMA) shall set up as a web portal, the European Electronic Access Point (EEAP), to regulated information to enable end users to search for regulated information stored by official appointed mechanisms (OAMs). The web portal shall be accessible through the website of ESMA.

⁽¹⁾ Regulation (EU) No 1095/2010 of the European Parliament and the Council establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).

⁽²⁾ Directive 2012/17/EU of the European Parliament and of the Council of 13 June 2012 amending Council Directive 89/666/EEC and Directives 2005/56/EC and 2009/101/EC of the European Parliament and of the Council as regards the interconnection of central, commercial and companies registers (OJ L 56, 16.6.2012, p. 1).

*Article 2***EEAP communication technologies, availability and support level**

1. The security and integrity of the metadata on regulated information exchanged between OAMs and the EEAP shall be guaranteed. The EEAP and each OAM shall use the Hypertext Transfer Protocol Secure (HTTPS) to connect with each other.
2. ESMA shall cooperate with the OAMs to identify and implement an alternative communication technology to be used instead of HTTPS and to define the timeline for its implementation.
3. Where ESMA considers, according to objective technical criteria, that the cooperation required under paragraph 2 is ineffective for the purpose of ensuring security and integrity of the exchange of metadata on regulated information, ESMA may specify a communication technology to be used instead of the HTTPS.
4. The EEAP shall be easily scalable and adaptable to changes in the volumes of search requests and metadata to be delivered by OAMs.
5. The EEAP shall be available to end users at least 95 % per month.
6. The EEAP system shall be backed up on a daily basis.
7. Service support from ESMA to EEAP end users and to OAMs shall be provided within ESMA working hours, as set by ESMA Executive Director and published on ESMA website.

*Article 3***Search function**

1. The following search criteria shall be offered on the EEAP:
 - (a) the name of the issuers from whom regulated information originated;
 - (b) the unique identifier of issuers as set out in Article 7;
 - (c) the home Member States of the issuer as defined in Article 2(1)(i) of Directive 2004/109/EC;
 - (d) the classification of regulated information as set out in Article 9(2).
2. The EEAP shall enable end users to search for issuer names in all available language versions of the issuers' names stored by OAMs.
3. The EEAP shall provide search results in accordance with the search criteria selected by end users. The search results shall be in the form of a list of metadata as laid down in Section A of the Annex.

*Article 4***Facilitation of access through the EEAP**

1. The metadata on regulated information referred to in Section A of the Annex shall include hyperlinks to the specific webpage of OAM websites where the visualisation and the downloading of documents containing regulated information is accessible to end users. Those webpages shall include hyperlinks to all language versions of the documents containing regulated information as disseminated by issuers and stored by OAMs in accordance with Article 21(1) of Directive 2004/109/EC.

2. The EEAP shall, insofar as practicable, provide access to its search facility to end users using web-browsers, including web-browsers operated by mobile devices.

Article 5

OAM communication technologies, support and maintenance

1. Each OAM shall ensure at least 95 % availability per month of its connection with the EEAP.
2. Each OAM shall provide service support to the EEAP during its working hours in order to maintain its connections to the EEAP, and in order to enable incident escalation. Those support services shall be provided in a language customary for electronic communications.

Article 6

Facilitation of access by OAMs

1. Each OAM shall ensure that metadata on regulated information can be retrieved by the EEAP.
2. Each OAM shall deliver to the EEAP the metadata on regulated information stored by them in accordance with Article 21(1) of Directive 2004/109/EC.
3. The metadata shall include hyperlinks to the OAM webpages on which the visualisation and the downloading of documents containing regulated information is accessible to end users. Each OAM shall make available all language versions of such documents that are disseminated by issuers and stored by the OAM in accordance with Article 21(1) of Directive 2004/109/EC.
4. Where any document containing regulated information is modified, the OAM concerned shall immediately update the metadata on that document.
5. OAMs shall not charge the EEAP for the delivery of metadata on regulated information.

Article 7

Unique identifier used by OAMs

Each OAM shall use legal entity identifiers (LEI) as the unique identifiers for all issuers.

Article 8

Common format for the delivery of metadata

1. Each OAM shall use an Extensible Markup Language (XML) based format to deliver metadata on regulated information to the EEAP.
2. Each OAM shall deliver metadata on regulated information to the EEAP in the format laid down in Section A of the Annex.

*Article 9***Common list and classification of regulated information**

1. The common list of types of regulated information shall include the following information:
 - (a) annual financial and audit reports which include all information required to be disclosed under Article 4 of Directive 2004/109/EC;
 - (b) half-year financial reports and audit reports or limited reviews including all information required to be disclosed under Article 5 of Directive 2004/109/EC;
 - (c) payments to governments which include all information required to be disclosed under Article 6 of Directive 2004/109/EC;
 - (d) choice of home Member State which include the information required to be disclosed under in Article 2(1)(i) of Directive 2004/109/EC;
 - (e) inside information which is required to be disclosed under Article 6 of Directive 2003/6/EC of the European Parliament and of the Council ⁽¹⁾;
 - (f) notifications concerning voting rights which include all information required to be disclosed under Article 12 of Directive 2004/109/EC;
 - (g) acquisition or disposal of the issuer's own shares which include all information required to be disclosed under Article 14 of Directive 2004/109/EC;
 - (h) total number of voting rights and capital which include all information required to be disclosed under Article 15 of Directive 2004/109/EC;
 - (i) changes in the rights attaching to the classes of shares or securities which include all information required to be disclosed under Article 16 of Directive 2004/109/EC;
 - (j) all information not falling under points (a) to (i) but which the issuer, or any other person who has applied for the admission of securities to trading on a regulated market without the issuer's consent, is to disclose under the laws, regulations or administrative provisions of a Member State adopted under Article 3(1) of Directive 2004/109/EC.
2. Each OAM shall classify all regulated information in accordance with Section B of the Annex.

*Article 10***Entry into force and application**

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

However, Articles 7 and 9 shall apply from 1 January 2017.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 May 2016.

For the Commission
The President
Jean-Claude JUNCKER

⁽¹⁾ Directive 2003/6/EC of the European Parliament and of the Council of 28 January 2003 on insider dealing and market manipulation (market abuse) (OJ L 96, 12.4.2003, p. 16).

ANNEX

SECTION A

Information Exchange — Format of the Metadata to be delivered

Metadata field	Metadata field characteristics
Issuer name (in all languages used by the issuer)	Free text alpha-numeric field, UTF-8 encoding
Issuer's Home Member State	2-digit country code, ISO 3166-1
Unique identifier	LEI code, ISO 17442:2012, Alpha-numeric field, 20 characters
Type of regulated information	Taxonomy in accordance with the common list of regulated information as set out in Section B of this Annex
Uniform Resource Locator(URL)	Alpha-numeric field. The hyperlink must enable access to all documents containing regulated information in accordance with Article 4(1) according to search criteria.

SECTION B

Classes and sub-classes of regulated information

Classification of regulated information	Legal basis
<i>1. Periodic regulated information</i>	
1.1. Annual financial and audit reports	all information disclosed under Article 4 of Directive 2004/109/EC
1.2. Half yearly financial reports and audit reports/limited reviews	all information disclosed under Article 5 of Directive 2004/109/EC
1.3. Payments to governments	all information disclosed under Article 6 of Directive 2004/109/EC
<i>2. Ongoing regulated information</i>	
2.1. Home Member State	all information disclosed under Article 2(1)(i) of Directive 2004/109/EC
2.2. Inside information	all information disclosed under Article 6 of Directive 2003/6/EC
2.3. Major shareholding notifications	all information disclosed under Article 12 of Directive 2004/109/EC,
2.4. Acquisition or disposal of the issuer's own shares	all information disclosed under Article 14 of Directive 2004/109/EC
2.5. Total number of voting rights and capital	all information disclosed under Article 15 of Directive 2004/109/EC
2.6. Changes in the rights attaching to the classes of shares or securities	all information disclosed under Article 16 of Directive 2004/109/EC

Classification of regulated information	Legal basis
<i>3. Additional regulated information required to be disclosed under the laws of a Member State</i>	
3.1. Additional regulated information required to be disclosed under the laws of a Member State	all information not falling within the sub-classes set out in points 1.1, 1.2 and 1.3 and in points 2.1 to 2.6, but which the issuer, or any other person who has applied for the admission of securities to trading on a regulated market without the issuer's consent, has disclosed in accordance with a requirement under the laws, regulations or administrative provisions of a Member State adopted under Article 3(1) of Directive 2004/109/EC

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1438**of 18 August 2016****entering a name in the register of protected designations of origin and protected geographical indications (Oriel Sea Minerals (PDO))**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 52(2) thereof,

Whereas:

- (1) Pursuant to Article 50(2)(a) of Regulation (EU) No 1151/2012, Ireland's application to register the name 'Oriel Sea Minerals' was published in the *Official Journal of the European Union* ⁽²⁾.
- (2) As no statement of opposition under Article 51 of Regulation (EU) No 1151/2012 has been received by the Commission, the name 'Oriel Sea Minerals' should therefore be entered in the register,

HAS ADOPTED THIS REGULATION:

Article 1

The name 'Oriel Sea Minerals' (PDO) is hereby entered in the register.

The name specified in the first paragraph denotes a product in Class 2.6. Salt, as listed in Annex XI to Commission Implementing Regulation (EU) No 668/2014 ⁽³⁾.*Article 2*This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 August 2016.

For the Commission,
On behalf of the President,
Carlos MOEDAS
Member of the Commission

Carlos MOEDAS
Member of the Commission*

⁽¹⁾ OJ L 343, 14.12.2012, p. 1.

⁽²⁾ OJ C 141, 22.4.2016, p. 21.

⁽³⁾ Commission Implementing Regulation (EU) No 668/2014 of 13 June 2014 laying down rules for the application of Regulation (EU) No 1151/2012 of the European Parliament and of the Council on quality schemes for agricultural products and foodstuffs (OJ L 179, 19.6.2014, p. 36).

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1440**of 30 August 2016****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.
- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 August 2016.

DECISIONS

COMMISSION IMPLEMENTING DECISION (EU) 2016/1441

of 30 August 2016

amending the Annex to Implementing Decision 2014/709/EU concerning animal health control measures relating to African swine fever in certain Member States

(notified under document C(2016) 5670)

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market ⁽¹⁾, and in particular Article 9(4) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽²⁾, and in particular Article 10(4) thereof,

Having regard to Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption ⁽³⁾, and in particular Article 4(3) thereof,

Whereas:

- (1) Commission Implementing Decision 2014/709/EU ⁽⁴⁾ lays down animal health control measures in relation to African swine fever in certain Member States. The Annex to that Implementing Decision demarcates and lists certain areas of those Member States in Parts I, II, III and IV thereof differentiated by the level of risk based on the epidemiological situation. That list includes certain areas of Estonia.
- (2) In August 2016, one outbreak of African swine fever in domestic pigs and one case in a feral pig occurred in the Saare County in Estonia in an area currently not listed in the Annex to Implementing Decision 2014/709/EU. The occurrence of this outbreak and the case in feral pigs constitute an increase in the level of risk that needs to be taken into account. Accordingly, certain areas of Estonia should now be listed in Parts I, II and III of the Annex to Implementing Decision 2014/709/EU.
- (3) The evolution of the current epidemiological situation of African swine fever in the affected feral pig populations in the Union should be taken into account in the assessment of the animal health risk posed by that situation as regards that disease in Estonia. In order to focus the animal health control measures provided for in Implementing Decision 2014/709/EU and to prevent the further spread of African swine fever, as well as to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade by third countries, the Union list of areas subject to the animal health control measures set out in the Annex to that Implementing Decision should be amended to take into account the changes in the current epidemiological situation as regards that disease in Estonia.
- (4) The Annex to Implementing Decision 2014/709/EU should therefore be amended accordingly.

⁽¹⁾ OJ L 395, 30.12.1989, p. 13.

⁽²⁾ OJ L 224, 18.8.1990, p. 29.

⁽³⁾ OJ L 18, 23.1.2003, p. 11.

⁽⁴⁾ Commission Implementing Decision 2014/709/EU of 9 October 2014 concerning animal health control measures relating to African swine fever in certain Member States and repealing Implementing Decision 2014/178/EU (OJ L 295, 11.10.2014, p. 63).

- (5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision 2014/709/EU is replaced by the text set out in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 30 August 2016.
