INTERNATIONAL AGREEMENTS

COUNCIL DECISION (CFSP) 2016/1783

of 4 August 2016

on the signing and the conclusion on behalf of the Union of the Agreement in the form of an Exchange of Letters between the European Union and the Islamic Republic of Afghanistan on the extension of the agreement on the status of the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 37 thereof, in conjunction with Article 218(5) and (6) of the Treaty on the Functioning of the European Union,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 30 May 2007, by Joint Action 2007/369/CFSP ⁽¹⁾, the Council established the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN). The mandate of EUPOL AFGHANISTAN, as amended by Council Decision 2014/922/CFSP ⁽²⁾, expires on 31 December 2016.
- (2) On 14 October 2010, the Union and the Islamic Republic of Afghanistan signed an Agreement ⁽³⁾ on the Status of EUPOL AFGHANISTAN (SOMA). That Agreement expires on 14 October 2016.
- (3) Following the adoption of a Decision by the Council on 26 October 2015 authorising the opening of negotiations, the High Representative of the Union for Foreign Affairs and Security Policy, in accordance with Article 37 of the Treaty on European Union (TEU), negotiated an Agreement in the form of an Exchange of Letters between the Union and the Islamic Republic of Afghanistan with a view to extending SOMA in order to finalise the mandate of EUPOL AFGHANISTAN and to wind up EUPOL AFGHANISTAN.
- (4) The Agreement in the form of an Exchange of Letters should be approved,

HAS ADOPTED THIS DECISION:

Article 1

The Agreement in the form of an Exchange of Letters between the European Union and the Islamic Republic of Afghanistan on the extension of the Agreement between the European Union and the Islamic Republic of Afghanistan on the status of the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN) is hereby approved on behalf of the Union.

⁽¹⁾ Council Joint Action 2007/369/CFSP of 30 May 2007 on establishment of the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN) (OJ L 139, 31.5.2007, p. 33).

⁽²⁾ Council Decision 2014/922/CFSP of 17 December 2014 amending and extending Decision 2010/279/CFSP on the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN) (OJ L 363, 18.12.2014, p. 152).

⁽³⁾ Agreement between the European Union and the Islamic Republic of Afghanistan on the Status of the European Union Police Mission in Afghanistan, EUPOL AFGHANISTAN (OJ L 294, 12.11.2010, p. 2).

The text of the Agreement in the form of an Exchange of Letters is attached to this Decision.

Article 2

The President of the Council is hereby authorised to designate the person(s) empowered to sign the Agreement in the form of an Exchange of Letters in order to bind the Union.

Article 3

This Decision shall enter into force on the date of its adoption.

Done at Brussels, 4 August 2016.

For the Council
The President
M. LAJČÁK

AGREEMENT

in the form of an exchange of letters between the European Union and the Islamic Republic of Afghanistan on the extension of the Agreement between the European Union and the Islamic Republic of Afghanistan on the status of the European Union Police Mission in Afghanistan (EUPOL AFGHANISTAN)

A. Letter from the European Union

Brussels, 4 August 2016

Your Excellency,

On 30 May 2007 the Council established, by Joint Action 2007/369/CFSP, the EU Police Mission in Afghanistan (EUPOL AFGHANISTAN) with the objective to contribute to the creation under Afghan ownership of sustainable and effective police arrangements.

On 14 October 2010, the European Union and the Islamic Republic of Afghanistan signed an agreement on the Status of EUPOL AFGHANISTAN. This Agreement expires on 14 October 2016. Article 20(4) thereof stipulates that this Agreement may be amended by written agreement between the Parties.

The mandate of EUPOL AFGHANISTAN comes to an end on 31 December 2016. After this date the process of the termination of the mission, including the disposal of its assets, is expected to last for the period of up to nine months.

Taking the above in the account, I propose that the Agreement of the Status of EUPOL AFGHANISTAN of 14 October 2010 is extended for a period of 1 (one) year unless terminated by one of the parties with advance written notice of 3 (three) months and applies to EU personnel entrusted with the closure of EUPOL AFGHANISTAN as well as to the assets needed to perform their tasks.

I should be grateful if you would let me know whether you agree on this proposal. If you do agree on it, this letter, together with your reply, will constitute an amendment by written agreement of the above mentioned Agreement between the European Union and the Islamic Republic of Afghanistan on EUPOL AFGHANISTAN in the meaning of Article 20(4) of this Agreement, which will enter into force on the date on which your letter of reply is received.

Please accept, Your Excellency, the assurance of my highest consideration.

For the European Union

Federica MOGHERINI

B. *Letter from the Islamic Republic of Afghanistan*

Kabul, 3 September 2016

Dear High Representative,

Thank you for your letter dated 4 August 2016 on the extension of the Agreement on the EU Police Mission in Afghanistan, which reads as follows:

‘On 30 May 2007 the Council established, by Joint Action 2007/369/CFSP, the EU Police Mission in Afghanistan (EUPOL AFGHANISTAN) with the objective to contribute to the creation under Afghan ownership of sustainable and effective police arrangements.

On 14 October 2010, the European Union and the Islamic Republic of Afghanistan signed an agreement on the Status of EUPOL AFGHANISTAN. This Agreement expires on 14 October 2016. Article 20(4) thereof stipulates that this Agreement may be amended by written agreement between the Parties.

The mandate of EUPOL AFGHANISTAN comes to an end on 31 December 2016. After this date the process of the termination of the mission, including the disposal of its assets, is expected to last for the period of up to nine months.

Taking the above in the account, I propose that the Agreement of the Status of EUPOL AFGHANISTAN of 14 October 2010 is extended for a period of 1 (one) year unless terminated by one of the parties with advance written notice of 3 (three) months and applies to EU personnel entrusted with the closure of EUPOL AFGHANISTAN as well as to the assets needed to perform their tasks.

I should be grateful if you would let me know whether you agree on this proposal. If you do agree on it, this letter, together with your reply, will constitute an amendment by written agreement of the above mentioned agreement between the European Union and the Islamic Republic of Afghanistan on EUPOL AFGHANISTAN in the meaning of Article 20(4) of this agreement, which will enter into force on the date on which your letter of reply is received.’

I am pleased to inform you that I accept the terms suggested in your letter.

Please accept, Madam, the assurance of my highest consideration.

For the Islamic Republic of Afghanistan
Salahuddin RABBANI

REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1784

of 30 September 2016

amending Regulation (EEC) No 2568/91 on the characteristics of olive oil and olive-residue oil and on the relevant methods of analysis

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾, and in particular point (d) of the first paragraph and the second paragraph of Article 91 thereof,

Whereas:

- (1) Commission Regulation (EEC) No 2568/91 ⁽²⁾ defines the chemical and organoleptic characteristics of olive oil and olive-pomace oil and lays down methods of assessing those characteristics. Those methods are regularly updated on the basis of the opinion of chemical experts and in line with the work carried out within the International Olive Council (IOC).
- (2) In order to ensure the implementation at Union level of the most recent international standards established by the IOC, the method for the determination of the peroxide value set out in Regulation (EEC) No 2568/91 should be updated.
- (3) Regulation (EEC) No 2568/91 should therefore be amended accordingly.
- (4) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

Annex III to Regulation (EEC) No 2568/91 is replaced by the text set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 347, 20.12.2013, p. 671.

⁽²⁾ Commission Regulation (EEC) No 2568/91 of 11 July 1991 on the characteristics of olive oil and olive-residue oil and on the relevant methods of analysis (OJ L 248, 5.9.1991, p. 1).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 September 2016.

For the Commission

The President

Jean-Claude JUNKER

ANNEX

‘ANNEX III

DETERMINATION OF PEROXIDE VALUE**1. Scope**

This Annex describes a method for the determination of the peroxide value of animal and vegetable oils and fats.

2. Definition

The peroxide value is the quantity of those substances in the sample, expressed in terms of milliequivalents of active oxygen per kilogram, which oxidise potassium iodide under the operating conditions described.

3. Principle

Treatment of the test portion, in solution in acetic acid and chloroform, by a solution of potassium iodide. Titration of the liberated iodine with standardised sodium thiosulphate solution.

4. Apparatus

All the equipment used must be free from reducing or oxidising substances.

Note 1: *Do not grease ground surfaces.*

4.1. 3 ml glass scoop.

4.2. Flasks, with ground necks and stoppers, of about 250 ml capacity, dried beforehand and filled with a pure, dry inert gas (nitrogen or, preferably, carbon dioxide).

4.3. Burette of 5-ml, 10-ml or 25-ml capacity, graduated in at least 0,05 ml, preferably with automatic zero adjustment, or equivalent automatic burette.

4.4. Analytical balance.

5. Reagents

5.1. Chloroform, analytical reagent quality, freed from oxygen by bubbling a current of pure, dry inert gas through it.

5.2. Glacial acetic acid, analytical reagent quality, freed from oxygen by bubbling a current of pure, dry inert gas through it.

5.3. Potassium iodide, saturated aqueous solution, recently prepared, free from iodine and iodates. Dissolve approximately 14 g of potassium iodide in approximately 10 ml of water at room temperature.

5.4. Sodium thiosulphate, 0,01 mol/l (equivalent to 0,01 N) accurately standardised aqueous solution, standardised just before use.

Prepare daily the 0,01 mol/l sodium thiosulfate solution freshly from a 0,1 mol/l sodium thiosulfate standard solution before use, or determine the exact molarity. As experience shows, the stability is limited and depends upon the pH value and the content of free carbon dioxide. Use only freshly boiled water for the dilution, possibly purged with nitrogen.

The following procedure is recommended to determine the exact molarity of the sodium thiosulfate solution:

Weigh, to the nearest 0,001 g, 0,27 g to 0,33 g of potassium iodate (m_{KIO_3}) into a volumetric flask (250 ml or 500 ml) and dilute to the mark with freshly boiled water (V_2), cooled down to room temperature. By means of a pipette, transfer 5 ml or 10 ml of this potassium iodate solution (V_1) into a 250 ml Erlenmeyer flask. Add 60 ml of freshly boiled water, 5 ml of 4 mol/l hydrochloric acid, and 25 mg to 50 mg of potassium iodide or 0,5 ml of the saturated potassium iodide solution. Titrate this solution with the sodium thiosulfate solution (V_3) to determine the exact molarity of the sodium thiosulfate solution.

$$T = \frac{m_{\text{KIO}_3} \times V_1 \times 6 \times 10 \times w_{\text{KIO}_3}}{M_{\text{KIO}_3} \times V_2 \times V_3}$$

Where

m_{KIO_3} is the mass of potassium iodate, in grams

V_1 is the volume of the potassium iodate solution, in millilitres (5 ml or 10 ml)

V_2 is the total volume of potassium iodate solution, in millilitres (250 ml or 500 ml)

V_3 is the volume of the sodium thiosulfate solution, in millilitres

w_{KIO_3} is the purity of potassium iodate in g/100 g

M_{KIO_3} is the molecular mass of potassium iodate (214 g/mol)

T is the exact molarity of the sodium thiosulphate solution (mol/l).

5.5. Starch solution, 10 g/l aqueous dispersion, recently prepared from natural soluble starch. Equivalent reagents may also be used.

6. Sample

Take care that the sample is taken and stored away from the light, kept cold and contained in completely filled glass containers, hermetically sealed with ground-glass or cork stoppers.

7. Procedure

The test must be carried out in diffuse daylight or in artificial light. Weigh in a glass scoop (4.1) or, failing this, in a flask (4.2), to the nearest 0,001 g, a mass of the sample in accordance with the following table, according to the expected peroxide value:

Expected peroxide value (meq)	Weight of test portion (g)
0 to 12	5,0 to 2,0
12 to 20	2,0 to 1,2
20 to 30	1,2 to 0,8
30 to 50	0,8 to 0,5
50 to 90	0,5 to 0,3

Unstopper a flask (4.2) and introduce the glass scoop containing the test portion. Add 10 ml of chloroform (5.1). Dissolve the test portion rapidly by stirring. Add 15 ml of acetic acid (5.2), then 1 ml of potassium iodide solution (5.3). Insert the stopper quickly, shake for one minute, and leave for exactly five minutes away from the light at a temperature from 15 to 25 °C.

Add about 75 ml of distilled water. Titrate the liberated iodine with the sodium thiosulphate solution (5.4) shaking vigorously, using starch solution (5.5) as indicator.

Carry out two determinations on the same test sample.

Carry out simultaneously a blank test. If the result of the blank exceeds 0,05 ml of the 0,01 N sodium thiosulfate solution (5.4), replace the impure reagents.

8. Expression of results

The peroxide value (PV), expressed in milliequivalents of active oxygen per kilogram, is given by the formula:

$$PV = \frac{V \times T \times 1\,000}{m}$$

where:

V = the number of ml of the standardised sodium thiosulphate solution (5.4) used for the test, corrected to take into account the blank test.

T = the exact molarity of the sodium thiosulphate solution (5.4) used, in mol/l.

m = the weight in g, of the test portion.

Take as the result the arithmetic mean of the two determinations carried out.

Report the result of the determination to one decimal place.'

COMMISSION REGULATION (EU) 2016/1785**of 7 October 2016****amending Annexes II and III to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for cymoxanil, phosphane and phosphide salts and sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate in or on certain products****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 396/2005 of the European Parliament and of the Council of 23 February 2005 on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC ⁽¹⁾, and in particular Article 14(1)(a) and Article 49(2) thereof,

Whereas:

- (1) For cymoxanil and phosphines and phosphides, maximum residue levels (MRLs) were set in Part A of Annex III to Regulation (EC) No 396/2005. For hydrogen phosphide MRLs were set in Annex II and Part B of Annex III to that Regulation. For sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate no MRLs are set in Regulation (EC) No 396/2005, and as those active substances are not included in Annex IV to that Regulation, the default value of 0,01 mg/kg laid down in Article 18(1)(b) of that Regulation applies.
- (2) For cymoxanil, the European Food Safety Authority, hereinafter ‘the Authority’, submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 ⁽²⁾. It recommended lowering the MRLs for potatoes, garlic, onions, cucumbers, gherkins, courgettes, broccoli, cauliflower, peas (fresh, with pods), globe artichokes and leek. For other products it recommended raising or keeping the existing MRLs. It concluded that concerning the MRLs for table grapes, wine grapes, lettuce, spinach, beans (dry), lentils (dry), peas (dry), lupines (dry), herbal infusions (dried, flowers) and hops some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation. The Authority concluded that concerning the MRLs for sunflower seed and soya bean no information was available and that further consideration by risk managers was required. The MRLs for these products should be set at the specific limit of determination.
- (3) For phosphane and phosphide salts the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 ⁽³⁾. It proposed to change the residue definition and recommended lowering the MRLs for herbs, beans (dry), lentils (dry), peas (dry), lupines (dry), tea, herbal infusions, cocoa and spices. For coffee beans it recommended raising the existing MRL. It concluded that concerning the MRLs for almonds, brazil nuts, cashew nuts, chestnuts, coconuts, hazelnuts, macadamia, pecans, pine nuts, pistachios, walnuts, linseed, peanuts, poppy seed, sesame seed, sunflower seed, rape seed, soya bean, mustard seed, cotton seed, pumpkin seeds, safflower, borage, gold of pleasure, hempseed, castor bean, barley grain, buckwheat grain, maize grain, millet grain, oats grain, rice grain, rye grain, sorghum grain, wheat grain and commodities of animal origin some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II

⁽¹⁾ OJ L 70, 16.3.2005, p. 1.

⁽²⁾ European Food Safety Authority; Review of the existing maximum residue levels (MRLs) for cymoxanil according to Article 12 of Regulation (EC) No 396/2005. EFSA Journal 2015;13(12):4355.

⁽³⁾ European Food Safety Authority; Review of the existing maximum residue levels (MRLs) for phosphane and phosphide salts according to Article 12 of Regulation (EC) No 396/2005. EFSA Journal 2015;13(12):4325.

to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation.

- (4) For sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate the Authority submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 ⁽¹⁾. It proposed a residue definition and recommended setting MRLs for tomatoes, aubergines, melons and watermelons. It concluded that concerning the MRLs for table grapes, wine grapes, strawberries, raspberries, currants, maize grain, rice grain, wheat grain and hops some information was not available and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the existing level or the level identified by the Authority. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation. The Authority concluded that concerning the MRLs for table olives and olives for oil production no information was available and that further consideration by risk managers was required. The MRLs for these products should be set at the specific limit of determination.
- (5) As regards products on which the use of the plant protection product concerned is not authorised, and for which no import tolerances or Codex maximum residue limits (CXLs) exist, MRLs should be set at the specific limit of determination or the default MRL should apply, as provided for in Article 18(1)(b) of Regulation (EC) No 396/2005.
- (6) The Commission consulted the European Union reference laboratories for residues of pesticides as regards the need to adapt certain limits of determination. As regards several substances, those laboratories concluded that for certain commodities technical development requires the setting of specific limits of determination.
- (7) Based on the reasoned opinions of the Authority and taking into account the factors relevant to the matter under consideration, the appropriate modifications to the MRLs fulfil the requirements of Article 14(2) of Regulation (EC) No 396/2005.
- (8) Through the World Trade Organisation, the trading partners of the Union were consulted on the new MRLs and their comments have been taken into account.
- (9) Regulation (EC) No 396/2005 should therefore be amended accordingly.
- (10) In order to allow for the normal marketing, processing and consumption of products, this Regulation should provide for a transitional arrangement for products which have been produced before the modification of the MRLs and for which information shows that a high level of consumer protection is maintained.
- (11) A reasonable period should be allowed to elapse before the modified MRLs become applicable in order to permit Member States, third countries and food business operators to prepare themselves to meet the new requirements which will result from the modification of the MRLs.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes II and III to Regulation (EC) No 396/2005 are amended in accordance with the Annex to this Regulation.

Article 2

Regulation (EC) No 396/2005 as it stood before being amended by this Regulation shall continue to apply to products which were produced before 28 April 2017.

⁽¹⁾ European Food Safety Authority; Review of the existing maximum residue levels (MRLs) for sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate according to Article 12 of Regulation (EC) No 396/2005. EFSA Journal 2015;13(12):4356.

Article 3

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 28 April 2017.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 October 2016.

For the Commission

The President

Jean-Claude JUNKER

ANNEX

Annexes II and III to Regulation (EC) No 396/2005 are amended as follows:

(1) Annex II is amended as follows:

- (a) the following columns for cymoxanil, phosphane and phosphide salts and sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate are added:

'Pesticide residues and maximum residue levels (mg/kg)

Code number	Groups and examples of individual products to which the MRLs apply ⁽⁴⁾	Cymoxanil	Phosphane and phosphide salts (sum of phosphane and phosphane generators (relevant phosphide salts), determined and expressed as phosphane)	Sum of sodium 5-nitroguaiacolate, sodium o-nitrophenolate and sodium p-nitrophenolate, expressed as sodium 5-nitroguaiacolate

(a) in Part A, the columns for cymoxanil and phosphines and phosphides are deleted;

(b) in Part B, the column for hydrogen phosphide is deleted.

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1786**of 7 October 2016****amending Implementing Regulation (EU) No 908/2014 as regards declarations of expenditure for rural development programmes**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1306/2013 of the European Parliament and of the Council of 17 December 2013 on the financing, management and monitoring of the common agricultural policy and repealing Council Regulations (EEC) No 352/78, (EC) No 165/94, (EC) No 2799/98, (EC) No 814/2000, (EC) No 1290/2005 and (EC) No 485/2008 ⁽¹⁾, and in particular Article 36(6) thereof,

Whereas:

- (1) Article 36(7) of Regulation (EU) No 1306/2013 provides that Article 83 of Regulation (EU) No 1303/2013 of the European Parliament and of the Council ⁽²⁾ is to apply to interim payments for rural development programmes. Article 83 of Regulation (EU) No 1303/2013 lays down the rules on the interruption of a payment deadline. Article 22 of Commission Implementing Regulation (EU) No 908/2014 ⁽³⁾ establishes how to declare expenditure for each rural development programme. To ensure consistency with the provisions of Article 83 of Regulation (EU) No 1303/2013, Article 22(4) of Implementing Regulation (EU) No 908/2014 should refer only to the possibility for the authorising officer by sub-delegation to request additional information and interrupt the corresponding time limit for interim payment where a declaration of expenditure is incomplete or the Commission needs clarifications due to incomplete information, inconsistencies or differences of interpretations.
- (2) Implementing Regulation (EU) No 908/2014 should therefore be amended accordingly.
- (3) The measures provided for in this Regulation are in accordance with the opinion of the Committee on the Agricultural Funds,

HAS ADOPTED THIS REGULATION:

Article 1

The first subparagraph of Article 22(4) of Implementing Regulation (EU) No 908/2014 is replaced by the following:

‘Without prejudice to Article 83 of Regulation (EU) No 1303/2013, where the authorising officer by sub-delegation requires further verifications, due to incomplete or unclear information provided or disagreements, differences of interpretation or any other inconsistency relating to a declaration of expenditure for a reference period, resulting in particular from the failure to communicate the information required under Regulation (EU) No 1305/2013 and Commission acts adopted under that Regulation, the Member State concerned shall, upon request by the authorising officer by sub-delegation, provide additional information within a period set in that request according to the seriousness of the problem.’

Article 2

This Regulation shall enter into force on the seventh day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 347, 20.12.2013, p. 549.

⁽²⁾ Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 (OJ L 347 20.12.2013, p. 320).

⁽³⁾ Commission Implementing Regulation (EU) No 908/2014 of 6 August 2014 laying down rules for the application of Regulation (EU) No 1306/2013 of the European Parliament and of the Council with regard to paying agencies and other bodies, financial management, clearance of accounts, rules on checks, securities and transparency (OJ L 255, 28.8.2014, p. 59).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 October 2016.

For the Commission

The President

Jean-Claude JUNKER

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1787**of 7 October 2016****establishing the standard import values for determining the entry price of certain fruit and vegetables**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾,

Having regard to Commission Implementing Regulation (EU) No 543/2011 of 7 June 2011 laying down detailed rules for the application of Council Regulation (EC) No 1234/2007 in respect of the fruit and vegetables and processed fruit and vegetables sectors ⁽²⁾, and in particular Article 136(1) thereof,

Whereas:

- (1) Implementing Regulation (EU) No 543/2011 lays down, pursuant to the outcome of the Uruguay Round multilateral trade negotiations, the criteria whereby the Commission fixes the standard values for imports from third countries, in respect of the products and periods stipulated in Annex XVI, Part A thereto.
- (2) The standard import value is calculated each working day, in accordance with Article 136(1) of Implementing Regulation (EU) No 543/2011, taking into account variable daily data. Therefore this Regulation should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

The standard import values referred to in Article 136 of Implementing Regulation (EU) No 543/2011 are fixed in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 7 October 2016.

*For the Commission,
On behalf of the President,*

Jerzy PLEWA
Director-General for Agriculture and Rural Development
