ANNEX

The entry in Annex I to Regulation (EU) No 224/2014 concerning the person listed below is replaced by the following entry:

- ‘12. Abdoulaye HISSÈNE (*alias*: a) Abdoulaye Issène; b) Abdoulaye Hissein; c) Hissene Abdoulaye; d) Abdoulaye Issène Ramadane; e) Abdoulaye Issene Ramadan; f) Issene Abdoulaye)

Date of birth: 1967

Place of birth: Ndele, Bamingui-Bangoran, Central African Republic

Nationality: Central African Republic

Passport No: CAR diplomatic passport No D00000897, issued on 5 April 2013 (valid until 4 April 2018)

Address: a) KM5, Bangui, Central African Republic; b) Nana-Grebizi, Central African Republic

Date of UN designation: 17 May 2017

Other Information: Hissène was formerly the Minister of Youth and Sports as part of the Cabinet for the Central African Republic's former President Michel Djotodia. Prior to that, he was the head of the Convention of Patriots for Justice and Peace, a political party. He also established himself as a leader of armed militias in Bangui, in particular in the 'PK5' (3rd district) neighbourhood.

Information from the narrative summary of reasons for listing provided by the Sanctions Committee:

Abdoulaye Hissène was listed on 17 May 2017 pursuant to paragraphs 16 and 17(g) of resolution 2339(2017) as 'engaging in or providing support for acts that undermine the peace, stability or security of the CAR, including acts that threaten or impede the political transition process, or the stabilization and reconciliation process or that fuel violence;' and 'involved in planning, directing, sponsoring, or conducting attacks against UN missions or international security presences, including MINUSCA, the European Union Missions and French operations which support them.'

Additional information:

Abdoulaye Hissène and other members of the ex-Séléka collaborated with anti-balaka spoilers allied with former Central African Republic (CAR) President François Bozizé, including Maxime Mokom, to encourage violent protests and clashes in September 2015 as part of a failed coup attempt to bring down the Government while then-Transitional President Catherine Samba-Panza was attending the 2015 UN General Assembly. Mokom, Hissène, and others were indicted by the CAR government for various criminal offenses, including murder, arson, torture, and looting, stemming from the failed coup.

Since 2015, Hissène had become one of the main leaders of armed militias located in the 'PK5' neighbourhood of Bangui which comprised more than 100 men. As such, he prevented the freedom of movement and the return of state authority in the area, including through illegal taxation of transportation and commercial activities. In the second half of 2015, Hissène acted as the representative of the ex-Séléka 'Nairobists' in Bangui operating in a rapprochement with anti-balaka fighters under Mokom. Armed men under the control of Haroun Gaye and Hissène participated in the violent events which took place in Bangui between 26 September and 3 October 2015.

Members of Hissène's group are suspected of having been involved in an attack on the 13 December 2015 — the day of the constitutional referendum — on the vehicle of Mohamed Moussa Dhaffane, a leader of the ex-Séléka. Hissène is accused of orchestrating violence in Bangui's KM5 district that killed five, wounded twenty, and prevented residents from voting in the constitutional referendum. Hissène put the elections at risk by creating a cycle of retaliatory attacks between different groups.

On 15 March 2016, Hissène was apprehended by the police at Bangui M'poko airport and transferred to the research and investigation section of the national gendarmerie. His militia subsequently released him, using force, and stole one weapon previously handed over by MINUSCA as part of an exemption request approved by the Committee.

On 19 June 2016, following the arrest of Muslim traders by internal security forces at 'PK 12', militias of Gaye and Hissène kidnapped five national policemen in Bangui. On 20 June, MINUSCA attempted to release the policemen. Armed men under the control of Hissène and Gaye exchanged fire with the peacekeepers attempting to release the hostages. As a result, at least six individuals were killed and one peacekeeper was injured.

On 12 August 2016, Hissène took the lead of a 6-vehicles convoy with heavily armed individuals. The convoy, which was fleeing Bangui, was intercepted by MINUSCA south of Sibut. En route to the North, the convoy exchanged fire with internal security forces at several checkpoints. The convoy was eventually stopped by MINUSCA 40 km south of Sibut. After multiple gunfights, MINUSCA captured 11 of the men, but Hissène and several others escaped. Individuals arrested indicated to MINUSCA that Hissène was the leader of the convoy whose objective was to reach Bria and participate in the Assembly of ex-Séléka groups organized by Nourredine Adam.

In August and September 2016, the Panel of Experts traveled twice to Sibut in order to inspect the belongings of the convoy of Hissène, Gaye and Hamit Tidjani, seized by MINUSCA on 13 August. The Panel also inspected the ammunition seized in the house of Hissène on 16 August. Lethal and non-lethal military equipment was recovered in the six vehicles and from the apprehended individuals. On 16 August 2016, the Central Gendarmerie raided the home of Hissène in Bangui. More than 700 weapons were found.

On 4 September 2016, a group of ex-Séléka elements coming from Kaga-Bandoro on six motor-bikes to pick up Hissène and his affiliates opened fire against MINUSCA next to Dékoa. During this incident, one ex-Séléka fighter was killed, and two peacekeepers and one civilian were wounded.'

COMMISSION DELEGATED REGULATION (EU) 2017/1091**of 10 April 2017****amending the Annex to Regulation (EU) No 609/2013 of the European Parliament and of the Council as regards the list of substances that may be added to processed cereal-based food and baby food and to food for special medical purposes****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 609/2013 of the European Parliament and of the Council of 12 June 2013 on food intended for infants and young children, food for special medical purposes, and total diet replacement for weight control and repealing Council Directive 92/52/EEC, Commissions Directives 96/8/EC, 1999/21/EC, 2006/125/EC and 2006/141/EC, Directive 2009/39/EC of the European Parliament and of the Council and Commission Regulations (EC) No 41/2009 and (EC) No 953/2009 ⁽¹⁾, and in particular Article 16 thereof,

Whereas:

- (1) The Annex to Regulation (EU) No 609/2013 establishes a Union list of substances that may be added to one or more of the categories of food referred to in Article 1(1). In accordance with Article 22 of that Regulation, the Union list will apply from the date of application of the delegated acts concerned, adopted pursuant to Article 11 of the same Regulation. The Union list may be amended in accordance with the requirements laid down in Article 16 of that Regulation.
- (2) In its Opinion of 6 January 2006 ⁽²⁾, the European Food Safety Authority (the Authority) concluded that the use of ferrous bisglycinate, as a source of iron in foods intended for the general population, food supplements, and foods for particular nutritional uses including foods intended for infants and young children does not present a safety concern.
- (3) Ferrous bisglycinate was not included in the Annex to Regulation (EU) No 609/2013 for use, as a source of iron, in processed cereal-based food and baby food pending the review of the rules applicable to these products. As this review requires further on going scientific assessments that will not be concluded in the short term, it is not appropriate, in the light of good administrative practices, to further delay the update of the Union list as regards the inclusion of ferrous bisglycinate, as a source of iron in processed cereal-based food and baby food.
- (4) Following an application, the Commission requested the Authority to provide an opinion on the safety and bioavailability of calcium phosphoryl oligosaccharides (POs-Ca®), as a source of calcium added for nutritional purposes to food, food supplements and foods for special medical purposes. In its Opinion of 26 April 2016 ⁽³⁾, the Authority concluded that there is no safety concern for the use of this substance in the mentioned categories of food provided that certain conditions detailed in its opinion are respected. The Authority noted that this substance would be a major contributor to the overall average daily intake of calcium.
- (5) The Annex to Regulation (EU) No 609/2013, should therefore be amended accordingly.
- (6) The interested parties were consulted and the comments provided were taken into consideration,

HAS ADOPTED THIS REGULATION:

The Annex to Regulation (EU) No 609/2013 is amended in accordance with the Annex to this Regulation.

COMMISSION IMPLEMENTING REGULATION (EU) 2017/1092**of 20 June 2017****amending Implementing Regulation (EU) 2016/670 introducing prior Union surveillance of imports of certain iron and steel products originating in certain third countries**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2015/478 of the European Parliament and of the Council of 11 March 2015 on common rules for imports ⁽¹⁾, and in particular Article 10 thereof,

Having regard to Regulation (EU) 2015/755 of the European Parliament and of the Council of 29 April 2015 on common rules for imports from certain third countries ⁽²⁾, and in particular Article 7 thereof,

After consulting the Committee on Safeguards and Common Rules for exports,

Whereas:

- (1) Following the entry into force of Commission Implementing Regulation (EU) 2016/670 ⁽³⁾, certain comments were received from economic operators and national competent authorities. After carefully analysing these comments, it was concluded that certain amendments to the Annexes of Implementing Regulation (EU) 2016/670 are appropriate.
- (2) The procedure for issuing the surveillance document should be clarified.
- (3) The products subject to prior surveillance and falling under Harmonized System (‘HS’) heading 7318 are typically traded in numerous but relatively small sized transactions, which are often operated based on a just-in-time system. Given the specificities of this business model, in order to minimise any unnecessary constraints and not to disturb the activities of the companies active in this sector, in particular those close to the borders, imports of these products whose net weight does not exceed 5 000 kg should be excluded from the application of Implementing Regulation (EU) 2016/670.
- (4) It became apparent that there are clerical errors in Annex I. Therefore, it is necessary to delete HS heading 7303 from Annex I to Implementing Regulation (EU) 2016/670 while HS heading 7229 should be added.
- (5) Following comments received from the competent national authorities, it is also necessary to update the contact details in Annex II to Implementing Regulation (EU) 2016/670.
- (6) National authorities should be encouraged to accept electronic versions of the surveillance document,

HAS ADOPTED THIS REGULATION:

Article 1

Implementing Regulation (EU) 2016/670 is amended as follows:

- (1) In Article 1(1), the last sentence of Paragraph 1 is replaced by the following:

‘This applies to imports whose net weight exceeds 2 500 kg established for each individual TARIC code and 5 000 kg for each individual TARIC code subject to prior surveillance and falling under HS heading 7318.’

- (2) In Article 2, Paragraph 9 is replaced by the following:

‘9. In addition to the paper version, national authorities may create electronic versions of the surveillance document to facilitate its handling and transmission.’

⁽¹⁾ OJ L 83, 27.3.2015, p. 16.

⁽²⁾ OJ L 123, 19.5.2015, p. 33.

⁽³⁾ Commission Implementing Regulation (EU) 2016/670 of 28 April 2016 introducing prior Union surveillance of imports of certain iron and steel products originating in certain third countries (OJ L 115, 29.4.2016, p. 37).

- (3) Annex I is replaced by the text in Annex I to this Regulation.
- (4) Annex II is replaced by the text in Annex II to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 11 July 2017.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 June 2017.

COMMISSION IMPLEMENTING REGULATION (EU) 2017/1093**of 20 June 2017****laying down implementing technical standards with regard to the format of position reports by investment firms and market operators****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments ⁽¹⁾, and in particular Article 58(5) thereof.

Whereas:

- (1) The format of the weekly report on aggregate positions held by different categories of persons for the different commodity derivatives or emission allowances or derivatives thereof traded on trading venues should break positions down into positions which in an objectively measurable way reduce risks directly relating to commercial activities, other and total positions in order to provide transparency on the split between financial and non-financial related activities in such commodity derivatives, emission allowances or derivatives thereof.
- (2) The format of daily reports providing a complete breakdown of investment firms' and their clients' positions in commodity derivatives or emission allowances or derivatives thereof traded on trading venues and economically equivalent over-the-counter (OTC) contracts should be structured to support the monitoring and application of position limits under Article 57 of Directive 2014/65/EU.
- (3) Positions that have arisen as a consequence of buy and sell trades spread between different delivery dates or commodities or as a result of other complex strategies should be reported on a disaggregated basis unless the combination of products is traded as a single financial instrument identified by an ISIN and the positions held in it are subject to a specific limit.
- (4) To carry out their duties effectively and consistently, the relevant authorities and the European Securities and Markets Authority (ESMA) should be provided with data that can be compared across investment firms and market operators operating trading venues. The use of a common format across different financial market infrastructures facilitates its greater use by a wide variety of market participants, thus promoting standardisation.
- (5) To facilitate straight through processing and the reduction of costs to market participants, standard formats should be used across investment firms and market operators operating trading venues.
- (6) The new legislation of the European Parliament and of the Council on markets in financial instruments set out in Directive 2014/65/EU and Regulation (EU) No 600/2014 of the European Parliament and of the Council ⁽²⁾ applies from 3 January 2018. To ensure consistency and legal certainty, this Regulation should apply from the same date.
- (7) This Regulation is based on the draft implementing technical standards submitted by ESMA to the Commission.
- (8) ESMA has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the opinion of the Securities and Markets Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council ⁽³⁾,

⁽¹⁾ OJ L 173, 12.6.2014, p. 84.

⁽³⁾ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).

ANNEX

The entry in the Annex to Decision 2013/798/CFSP concerning the person listed below is replaced by the following entry:

- ‘12. Abdoulaye HISSÈNE (*alias*: a) Abdoulaye Issène; b) Abdoulaye Hissein; c) Hissene Abdoulaye; d) Abdoulaye Issène Ramadane; e) Abdoulaye Issene Ramadan; f) Issene Abdoulaye)

Date of birth: 1967

Place of birth: Ndele, Bamingui-Bangoran, Central African Republic

Nationality: Central African Republic

Passport No: CAR diplomatic passport No D00000897, issued on 5 April 2013 (valid until 4 April 2018)

Address: a) KM5, Bangui, Central African Republic; b) Nana-Grebizi, Central African Republic

Date of UN designation: 17 May 2017

Other Information: Hissène was formerly the Minister of Youth and Sports as part of the Cabinet for the Central African Republic's former President Michel Djotodia. Prior to that, he was the head of the Convention of Patriots for Justice and Peace, a political party. He also established himself as a leader of armed militias in Bangui, in particular in the 'PK5' (3rd district) neighbourhood.

Information from the narrative summary of reasons for listing provided by the Sanctions Committee:

Abdoulaye Hissène was listed on 17 May 2017 pursuant to paragraphs 16 and 17(g) of resolution 2339(2017) as 'engaging in or providing support for acts that undermine the peace, stability or security of the CAR, including acts that threaten or impede the political transition process, or the stabilisation and reconciliation process or that fuel violence;' and 'involved in planning, directing, sponsoring, or conducting attacks against UN missions or international security presences, including MINUSCA, the European Union Missions and French operations which support them.'

Additional information:

Abdoulaye Hissène and other members of the ex-Séléka collaborated with anti-balaka spoilers allied with former Central African Republic (CAR) President François Bozizé, including Maxime Mokom, to encourage violent protests and clashes in September 2015 as part of a failed coup attempt to bring down the Government while then-Transitional President Catherine Samba-Panza was attending the 2015 UN General Assembly. Mokom, Hissène, and others were indicted by the CAR government for various criminal offenses, including murder, arson, torture, and looting, stemming from the failed coup.

Since 2015, Hissène had become one of the main leaders of armed militias located in the 'PK5' neighbourhood of Bangui which comprised more than 100 men. As such, he prevented the freedom of movement and the return of state authority in the area, including through illegal taxation of transportation and commercial activities. In the second half of 2015, Hissène acted as the representative of the ex-Séléka 'Nairobists' in Bangui operating in a rapprochement with anti-balaka fighters under Mokom. Armed men under the control of Haroun Gaye and Hissène participated in the violent events which took place in Bangui between 26 September and 3 October 2015.

Members of Hissène's group are suspected of having been involved in an attack on the 13 December 2015 — the day of the constitutional referendum — on the vehicle of Mohamed Moussa Dhaffane, a leader of the ex-Séléka. Hissène is accused of orchestrating violence in Bangui's KM5 district that killed five, wounded twenty, and prevented residents from voting in the constitutional referendum. Hissène put the elections at risk by creating a cycle of retaliatory attacks between different groups.

On 15 March 2016, Hissène was apprehended by the police at Bangui M'poko airport and transferred to the research and investigation section of the national gendarmerie. His militia subsequently released him, using force, and stole one weapon previously handed over by MINUSCA as part of an exemption request approved by the Committee.

On 19 June 2016, following the arrest of Muslim traders by internal security forces at 'PK 12', militias of Gaye and Hissène kidnapped five national policemen in Bangui. On 20 June, MINUSCA attempted to release the policemen. Armed men under the control of Hissène and Gaye exchanged fire with the peacekeepers attempting to release the hostages. As a result, at least six individuals were killed and one peacekeeper was injured.

On 12 August 2016, Hissène took the lead of a 6-vehicles convoy with heavily armed individuals. The convoy, which was fleeing Bangui, was intercepted by MINUSCA south of Sibut. En route to the North, the convoy exchanged fire with internal security forces at several checkpoints. The convoy was eventually stopped by MINUSCA 40 km south of Sibut. After multiple gunfights, MINUSCA captured 11 of the men, but Hissène and several others escaped. Individuals arrested indicated to MINUSCA that Hissène was the leader of the convoy whose objective was to reach Bria and participate in the Assembly of ex-Séléka groups organised by Nourredine Adam.

In August and September 2016, the Panel of Experts travelled twice to Sibut in order to inspect the belongings of the convoy of Hissène, Gaye and Hamit Tidjani, seized by MINUSCA on 13 August. The Panel also inspected the ammunition seized in the house of Hissène on 16 August. Lethal and non-lethal military equipment was recovered in the six vehicles and from the apprehended individuals. On 16 August 2016, the Central Gendarmerie raided the home of Hissène in Bangui. More than 700 weapons were found.

On 4 September 2016, a group of ex-Séléka elements coming from Kaga-Bandoro on six motor-bikes to pick up Hissène and his affiliates opened fire against MINUSCA next to Dékoa. During this incident, one ex-Séléka fighter was killed, and two peacekeepers and one civilian were wounded.'

COMMISSION IMPLEMENTING DECISION (EU) 2017/1104**of 20 June 2017****determining that a temporary suspension of the preferential customs duty pursuant to Article 15 of Regulation (EU) No 20/2013 is not appropriate for imports of bananas originating in Nicaragua**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on European Union and to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 20/2013 of the European Parliament and of the Council of 15 January 2013 implementing the bilateral safeguard clause and the stabilisation mechanism for bananas of the Agreement establishing an Association between the European Union and its Member States, on the one hand, and Central America on the other ⁽¹⁾, and in particular Article 15(2) thereof,

Whereas:

- (1) A stabilisation mechanism for bananas has been introduced by the Agreement establishing an Association between the European Union and its Member States, on the one hand, and Central America on the other ⁽²⁾ ('the Agreement'), which provisionally started applying to the Central American countries during 2013 and to Nicaragua specifically on 1 August 2013.
- (2) According to that stabilisation mechanism, as implemented by Regulation (EU) No 20/2013, once a defined trigger volume is exceeded for imports of fresh bananas (heading 0803 00 19 of the European Union Combined Nomenclature of 1 January 2012) from one of the countries concerned, the Commission may by implementing act, to be adopted in accordance with the urgency procedure laid down in Article 14(4) of Regulation (EU) No 20/2013, either temporarily suspend the preferential customs duty applied to imports of fresh bananas for that country or determine that such suspension is not appropriate.
- (3) Imports into the Union of fresh bananas originating in Nicaragua exceeded the threshold of 13 500 tonnes defined by the Agreement on 2 May 2017.
- (4) In this context, pursuant to Article 15(3) of Regulation (EU) No 20/2013, the Commission took into consideration the impact of the imports concerned on the situation of the Union market for bananas in order to decide whether or not the preferential customs duty should be suspended. The Commission has examined the effect of the imports concerned on the Union price level, the development of imports from other sources and the overall stability of the Union market for fresh bananas.
- (5) Imports of fresh bananas from Nicaragua represented only 1,0 % of the imports to the Union of fresh bananas subject to the banana stabilization mechanism when the imports exceeded the threshold for 2017. Furthermore, Nicaragua represents less than 1,0 % of the total imports of fresh bananas into the Union.
- (6) Imports from large exporting countries with whom the Union also has a Free Trade Agreement, notably Colombia, Ecuador and Costa Rica amounted to 26,5 %, 27,8 % and 27,1 % of their thresholds respectively. The 'unused' quantities under the stabilization mechanism (approximately 4,2 million tonnes) are significantly higher than the total imports from Nicaragua to date (15 600 tonnes).
- (7) The import price from Nicaragua was on average 513 EUR/tonne for the first 2 months of 2017, which is 24 % lower than the average prices of the other imports of fresh bananas into the Union.
- (8) The average wholesale banana price on the Union market in April 2017 (1 020 EUR /tonne) did not register notable changes compared to the average wholesale prices of yellow bananas for the previous months.
- (9) There is thus at this stage neither an indication that the stability of the Union market has been disturbed by the imports of fresh bananas from Nicaragua in excess of the defined annual trigger import volume, nor that this had any significant impact on the situation of Union producers.

⁽¹⁾ OJ L 17, 19.1.2013, p. 13.

⁽²⁾ OJ L 346, 15.12.2012, p. 1.

- (10) There is no indication of threat of serious deterioration or of serious deterioration in the economic situation in the outermost regions of the Union in May 2017.
- (11) Therefore the suspension of preferential customs duty on imports of bananas originating in Nicaragua does not appear appropriate at this stage.
- (12) Given that the yearly trigger volume is exceeded already in May, and even though the total imports from Nicaragua into the Union market are low, the Commission will continue its monitoring in this regard and may adopt measures if appropriate,
