COUNCIL REGULATION (EU, Euratom) 2017/1123**of 20 June 2017****amending Regulation (EU, Euratom) No 1311/2013 laying down the multiannual financial framework for the years 2014-2020**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 312 thereof,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 106a thereof,

Having regard to the proposal from the European Commission,

Having regard to the consent of the European Parliament,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with a special legislative procedure,

Whereas:

- (1) Special instruments have been extensively used in the first years of implementation of the 2014-2020 multiannual financial framework (MFF) set out in Council Regulation (EU, Euratom) No 1311/2013 ⁽¹⁾ to address new challenges which have arisen in the European neighbourhood and called for swift and comprehensive Union action to deal with their far-reaching humanitarian and security implications.
- (2) The circumstances which occasioned those extraordinary measures and the need to take further action persist, as shown by the recourse made, again, under the budget for the year 2017 to margins and special instruments, which reduces the budgetary availabilities to confront such situations in the remaining period of the MFF.
- (3) In order to implement specific and maximum possible flexibility and to ensure the sufficiency of payment appropriations to allow the Union to fulfil its obligations in compliance with Article 323 of the Treaty on the Functioning of the European Union, the maximum amounts set for the adjustment of payment ceilings for the years 2019-2020 under the global margin for payments need to be increased.
- (4) In order to maintain a sufficient capacity for the Union to react to unforeseen circumstances with particular focus on the new challenges, the Emergency Aid Reserve and the Flexibility Instrument should be reinforced, the temporal restrictions regarding the constitution of the global margin for commitments should be removed and the scope of the global margin for commitments should be expanded.

⁽¹⁾ Council Regulation (EU, Euratom) No 1311/2013 of 2 December 2013 laying down the multiannual financial framework for the years 2014-2020 (OJ L 347, 20.12.2013, p. 884).

- (5) Specific and maximum possible flexibility should also be ensured by providing for unused amounts from the European Union Solidarity Fund and the European Globalisation Adjustment Fund to be made available to the Flexibility Instrument.
- (6) Regulation (EU, Euratom) No 1311/2013 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EU, Euratom) No 1311/2013 is amended as follows:

The commitment appropriations may be entered in the budget over and above the ceilings of the relevant headings laid down in the MFF where it is necessary to use the resources from the Emergency Aid Reserve, the European Union Solidarity Fund, the Flexibility Instrument, the European Globalisation Adjustment Fund, the Contingency Margin, the specific flexibility to tackle youth unemployment and strengthen research and the global margin for commitments for growth and employment, in particular youth employment, and for migration and security measures, in accordance with Council Regulation (EC) No 2012/2002 (*), Regulation (EU) No 1309/2013 of the European Parliament and of the Council (**), and the Interinstitutional Agreement on budgetary discipline, on cooperation in budgetary matters and on sound financial management (***).

- (2) in Article 5, paragraph 2 is replaced by the following:

‘2. The annual adjustments shall not exceed the following maximum amounts (in 2011 prices) for the years 2018-2020 as compared to the original payment ceiling of the relevant years:

2018 — EUR 7 billion

2019 — EUR 11 billion

2020 — EUR 13 billion.’;

- (3) in Article 6(1), the following point is added:

- (4) in Article 9, paragraph 2 is replaced by the following:

‘2. The annual amount of the Reserve is fixed at EUR 300 million (2011 prices) and may be used up to year $n + 1$ in accordance with the Financial Regulation. The Reserve shall be entered in the general budget of the Union as a provision. The portion of the annual amount stemming from the previous year shall be drawn on first. That portion of the annual amount from year n which is not used in year $n + 1$ shall lapse.’;

Amounts made available to the Flexibility Instrument in accordance with the second subparagraph shall be used in accordance with the conditions set out in this Article.

2. The unused portion of the annual amount of the Flexibility Instrument may be used up to year $n + 3$. The portion of the annual amount stemming from previous years shall be used first, in order of age. That portion of the annual amount from year n which is not used in year $n + 3$ shall lapse.';

(6) Article 14 is replaced by the following:

'Article 14

Global margin for commitments for growth and employment, in particular youth employment, and for migration and security measures

1. Margins left available below the MFF ceilings for commitment appropriations shall constitute a Global MFF Margin for commitments, to be made available over and above the ceilings established in the MFF for the years 2016 to 2020 for policy objectives related to growth and employment, in particular youth employment, and to migration and security.

2. Each year, as part of the technical adjustment provided for in Article 6, the Commission shall calculate the amount available. The Global MFF Margin or part thereof may be mobilised by the European Parliament and the Council in the framework of the budgetary procedure pursuant to Article 314 TFEU.'

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular the second alternative of Article 21(3) and Article 78(2) thereof,

Whereas:

- (1) Commission Directive 2008/127/EC ⁽²⁾ included repellents by smell of animal or plant origin/tall oil pitch as active substance in Annex I to Council Directive 91/414/EEC ⁽³⁾. Commission Implementing Regulation (EU) No 637/2012 ⁽⁴⁾ required that Member States concerned ensure that the notifier at whose request repellents by smell of animal or plant origin/tall oil pitch has been included provide further confirmatory information on the equivalence between the specifications of the technical material as commercially manufactured and those of the test material used in the toxicity dossiers and on the toxicological profile of the substance by 1 May 2013 and 31 May 2014 respectively.
- (2) Active substances included in Annex I to Directive 91/414/EEC are deemed to have been approved under Regulation (EC) No 1107/2009 and are listed in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽⁵⁾.
- (3) On 29 April 2013 and 6 May 2014, the notifier submitted information with a view to complying with the obligation to submit further information as referred to in recital 1, to the rapporteur Member State, Greece.
- (4) Greece assessed the information submitted by the notifier including some further information related to the initial submission that was submitted during the evaluation process. It submitted its assessment, in the form of addenda to the draft assessment report, to the other Member States, the Commission and the European Food Safety Authority, hereinafter 'the Authority' in October 2013 and November 2015.
- (5) The Member States, the applicant and the Authority were consulted and asked to provide comments on the assessment of the rapporteur Member State.
- (6) In the light of the information provided by the notifier, the evaluation of this information by the rapporteur Member State and the comments submitted on the evaluation by Member States and EFSA, the Commission considers that the confirmatory information has not been provided as the information submitted by the notifier is not sufficient to conclude on the equivalence between the specifications of the technical material as commercially manufactured and those of the test material used in the toxicity dossiers nor on the toxicological profile of the substance.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ Commission Directive 2008/127/EC of 18 December 2008 amending Council Directive 91/414/EEC to include several active substances (OJ L 344, 20.12.2008, p. 89).

⁽³⁾ Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (OJ L 230, 19.8.1991, p. 1).

⁽⁴⁾ Commission Implementing Regulation (EU) No 637/2012 of 13 July 2012 amending Implementing Regulation (EU) No 540/2011 as regards the conditions of approval of the active substances iron sulphate, repellents by smell of animal or plant origin/tall oil crude and repellents by smell of animal or plant origin/tall oil pitch (OJ L 186, 14.7.2012, p. 20).

⁽⁵⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

- (7) The Commission invited the notifier to submit its comments on the considerations of the Commission.
- (8) However, despite the arguments put forward by the notifier, the Commission has come to the conclusion that the information submitted is incomplete and does not allow a conclusion on the equivalence between the specifications of the technical material as commercially manufactured and those of the test material used in the toxicity dossiers nor on the toxicological profile of the substance to be made.
- (9) Consequently, it is appropriate to withdraw the approval of that active substance.
- (10) The Annex to Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.
- (11) Member States should be provided with time to withdraw authorisations for plant protection products containing that active substance.
- (12) For plant protection products containing that active substance, where Member States grant any grace period in accordance with Article 46 of Regulation (EC) No 1107/2009, that period should, at the latest, expire on 14 October 2018.
