ANNEX I

'ANNEX V

List of products included in the general arrangement referred to in Article 1(2)(a)

Notwithstanding the rules for the interpretation of the Combined Nomenclature ('CN'), the description of the products is to be considered as indicative, the tariff preferences being determined by the CN codes. Where 'ex' CN codes are indicated, the tariff preferences are to be determined by the CN code and the description together.

Entry of products with a CN code marked with an asterisk (*) is subject to the conditions laid down in the relevant Union law.

The column 'Section' lists GSP sections (Article 2(h)).

The column 'Chapter' lists CN chapters covered by a GSP section (Article 2(i)).

The column 'Sensitive/non-sensitive' refers to the products included in the general arrangement (Article 6). These products are listed as being either NS (non-sensitive, for the purposes of Article 7(1)) or S (sensitive, for the purposes of Article 7(2)).

For reasons of simplification, the products are listed in groups. These may include products for which Common Customs Tariff duties were withdrawn or suspended.

ANNEX II

‘ANNEX IX

List of products included in the special incentive arrangement for sustainable development and good governance referred to in Article 1(2)(b)

Notwithstanding the rules for the interpretation of the Combined Nomenclature ('CN'), the description of the products is to be considered as indicative, the tariff preferences being determined by the CN codes. Where 'ex' CN codes are indicated, the tariff preferences are to be determined by the CN code and the description together.

Entry of products with a CN code marked with an asterisk (*) is subject to the conditions laid down in the relevant Union law.

The column 'Section' lists GSP sections (Article 2(h)).

The column 'Chapter' lists CN chapters covered by a GSP section (Article 2(i)).

For reasons of simplification, the products are listed in groups. These may include products for which Common Customs Tariff duties were withdrawn or suspended.
