REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) 2020/1389

of 28 September 2020

entering a name in the register of protected designations of origin and protected geographical indications ‘Olio lucano’ (PGI)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 52(2) thereof,

Whereas:

- (1) In accordance with Article 50(2)(a) of Regulation (EU) No 1151/2012, Italy's application to register the name ‘Olio lucano’ was published in the *Official Journal of the European Union* ⁽²⁾.
- (2) As no statement of opposition under Article 51 of Regulation (EU) No 1151/2012 has been received by the Commission, the name ‘Olio lucano’ should therefore be entered in the register,

HAS ADOPTED THIS REGULATION:

Article 1

The name ‘Olio lucano’ (PGI) is hereby entered in the register.

The name specified in the first paragraph denotes a product in Class 1.5. – Oils and fats (butter, margarine, oil, etc.), as listed in Annex XI to Commission Implementing Regulation (EU) No 668/2014 ⁽³⁾.*Article 2*This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.⁽¹⁾ OJ L 343, 14.12.2012, p. 1.⁽²⁾ OJ C 172, 20.5.2020, p. 22.⁽³⁾ Commission Implementing Regulation (EU) No 668/2014 of 13 June 2014 laying down rules for the application of Regulation (EU) No 1151/2012 of the European Parliament and of the Council on quality schemes for agricultural products and foodstuffs (OJ L 179, 19.6.2014, p. 36).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 September 2020.

*For the Commission,
On behalf of the President,
Janusz WOJCIECHOWSKI
Member of the Commission*

COMMISSION IMPLEMENTING REGULATION (EU) 2020/1390**of 28 September 2020****correcting Implementing Regulation (EU) 2020/914 approving non-minor amendments to the specification for a name entered in the register of protected designations of origin and protected geographical indications ('Brie de Meaux' (PDO))**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 52(2) thereof,

Whereas:

- (1) Pursuant to the first subparagraph of Article 53(1) of Regulation (EU) No 1151/2012, the Commission has examined France's application for the approval of amendments to the specification for the protected designation of origin 'Brie de Meaux', registered under Commission Regulation (EC) No 1107/96 ⁽²⁾.
- (2) By letter of 26 September 2018, the French authorities notified the Commission that a transitional period under Article 15(4) of Regulation (EU) No 1151/2012, ending on 31 December 2022, had been granted to operators established on their territory who meet the conditions laid down in that Article pursuant to the Order of 29 August 2018 on amendments to the specification for the protected designation of origin 'Brie de Meaux', published on 5 September 2018 in the Official Journal of the French Republic.
- (3) The operators concerned, who had been legally marketing 'Brie de Meaux' continuously for at least 5 years before the application was submitted, had lodged an objection as part of the national opposition procedure. One operator objected to the following provision: 'The straw is stored under shelter'. Two operators objected to the following provision: 'During the permanent stabling period, the use of straw bedding is compulsory with at least 0,5 kg of straw being added on average per lactating dairy cow per day if a cubicle system is used and 5 kg of straw being added on average per lactating dairy cow per day if open stables are used'. Two operators objected to the following provisions: 'During the permanent stabling period, the use of straw bedding is compulsory with at least 0,5 kg of straw being added on average per lactating dairy cow per day if a cubicle system is used and 5 kg of straw being added on average per lactating dairy cow per day if open stables are used'; 'The amount of concentrated feed provided may not exceed 2 000 kg of dry matter per lactating dairy cow, averaged over a year'; and 'Over a year, the hay fed to the milk herd must be supplied from the holding and the geographical area as follows: from the holding: feed originating in the geographical area and supplied by the holding must account for at least 60 % of the dry matter of the herd's total ration, averaged over a year; from the geographical area: the proportion of the feed originating in the geographical area of production must account for at least 85 % of the dry matter of the dairy herd's total ration'. Seven operators objected to the following provisions: 'The amount of concentrated feed provided may not exceed 2 000 kg of dry matter per lactating dairy cow, averaged over a year' and 'Over a year, the hay fed to the milk herd must be supplied from the holding and the geographical area as follows: from the holding: feed originating in the geographical area and supplied by the holding must account for at least 60 % of the dry matter of the herd's total ration, averaged over a year; from the geographical area: the proportion of the feed originating in the geographical area of production must account for at least 85 % of the dry matter of the dairy herd's total ration'. One operator objected to the following provision: 'The amount of concentrated feed provided may not exceed 2 000 kg of dry matter per lactating dairy cow, averaged over a year'. One operator objected to the following provisions: 'The straw is stored under shelter' and 'The pasture area per dairy cow is at least 20 ares'. One operator objected to the following provision: 'The pasture area per dairy cow is at least 20 ares'.

⁽¹⁾ OJ L 343, 14.12.2012, p. 1.

⁽²⁾ Commission Regulation (EC) No 1107/96 of 12 June 1996 on the registration of geographical indications and designations of origin under the procedure laid down in Article 17 of Council Regulation (EEC) No 2081/92 (OJ L 148, 21.6.1996, p. 1).

- (4) The operators concerned are: GAEC de la Gironde (SIRET: 34028683000013), GAEC Reine Pré (SIRET: 39266778800013), EARL de la Mardelle (SIRET: 38514961200017), GAEC Vaucher (SIRET: 38159700400013), GAEC Bruggeman (SIRET: 383 943 610 000 14), EARL les Bordes (SIRET: 34236864400015), SCL du Versant Laiteux (SIRET: 49225855300014), GAEC des Butteaux (SIRET: 38773948500010), GAEC Blondeau Welvaert (SIRET: 32576392800018), EARL de la Prairie (SIRET: 49773714800013), GAEC Patoux (SIRET: 38008216400019), EARL Neret Guedrat (SIRET: 38249036500014), Gérard Houdard (SIRET: 39226686200011), EARL Mignon père et fils (SIRET: 49778394400018), EARL de la fontaine aux poissons (SIRET: 33522117200018).
- (5) Since the amendments in question are not minor within the meaning of Article 53(2) of Regulation (EU) No 1151/2012, the Commission published the amendment application in the *Official Journal of the European Union* as required by Article 50(2)(a) of that Regulation ⁽³⁾.
- (6) As no statement of opposition under Article 51 of Regulation (EU) No 1151/2012 has been received by the Commission, the amendments to the specification should be approved.
- (7) On 25 June 2020, the Commission approved the amendments by adopting Implementing Regulation (EU) 2020/914, published in the *Official Journal of the European Union* ⁽⁴⁾, as required by Article 52(2) of Regulation (EU) No 1151/2012.
- (8) Following that publication, it emerged that Regulation (EU) 2020/914 did not provide for a transitional period in accordance with Article 15(4) of Regulation (EU) No 1151/2012.
- (9) Regulation (EU) 2020/914 therefore needs to be corrected by this Regulation in order to include a transitional period,

HAS ADOPTED THIS REGULATION:

Article 1

The amendments to the specification published in the *Official Journal of the European Union* regarding the name 'Brie de Meaux' (PDO) are hereby approved.

Article 2

The protection provided under Article 1 is subject to the transitional period granted by France under Article 15(4) of Regulation (EU) No 1151/2012 to operators meeting the conditions laid down in that Article, pursuant to the Order of 29 August 2018 on amendments to the specification for the protected designation of origin 'Brie de Meaux' published on 5 September 2018 in the *Official Journal of the French Republic*.

Article 3

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 September 2020.

For the Commission,
On behalf of the President,
Janusz WOJCIECHOWSKI
Member of the Commission

DECISIONS

COMMISSION IMPLEMENTING DECISION (EU) 2020/1391

of 2 October 2020

concerning certain protective measures relating to African swine fever in Germany

(notified under document C(2020) 6889)

(Only the German text is authentic)

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market ⁽¹⁾, and in particular Article 9(4) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary checks applicable in intra-Union trade in certain live animals and products with a view to the completion of the internal market ⁽²⁾, and in particular Article 10(4) thereof,

Whereas:

- (1) African swine fever is an infectious viral disease affecting domestic and feral pig populations and can have a severe impact on the profitability of pig farming causing disturbance to trade within the Union and exports to third countries.
- (2) In the event of a case of African swine fever in feral pigs, there is a risk that the disease agent may spread to other feral pig populations and to pig holdings.
- (3) Council Directive 2002/60/EC ⁽³⁾ lays down the minimum measures to be applied within the Union for the control of African swine fever. In particular, Article 15 of Directive 2002/60/EC provides for certain measures to be taken following confirmation of one or more cases of African swine fever in feral pigs.
- (4) Germany has informed the Commission of the current African swine fever situation on its territory, following a new case of that disease, in late September 2020, in the state of Brandenburg of that federal Member State, and in accordance with Article 15 of Directive 2002/60/EC, it has taken a number of measures including the establishment of an infected area, where the measures referred to in Article 15 of that Directive are applied, in order to prevent the spread of that disease.
- (5) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade by third countries, it is necessary to identify at Union level the infected area for African swine fever in Germany in collaboration with that Member State.
- (6) Accordingly, the infected area in Germany should be listed in the Annex to this Decision and the duration of that regionalisation fixed.
- (7) This infected area covered by this Decision is in addition to the infected area covered by Commission Implementing Decision (EU) 2020/1270 ⁽⁴⁾.

⁽¹⁾ OJ L 395, 30.12.1989, p. 13.

⁽²⁾ OJ L 224, 18.8.1990, p. 29.

⁽³⁾ Council Directive 2002/60/EC of 27 June 2002 laying down specific provisions for the control of African swine fever and amending Directive 92/119/EEC as regards Teschen disease and African swine fever (OJ L 192, 20.7.2002, p. 27).

⁽⁴⁾ Commission Implementing Decision (EU) 2020/1270 of 11 September 2020 concerning certain interim protective measures relating to African swine fever in Germany (OJ L 297 I, 11.9.2020, p. 1).

- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

Germany shall ensure that the infected area established by that Member State, where the measures provided for in Article 15 of Directive 2002/60/EC apply, comprises at least the areas listed in the Annex to this Decision.

Article 2

This Decision shall apply until 30 November 2020.

Article 3

This Decision is addressed to the Federal Republic of Germany.

Done at Brussels, 2 October 2020.

For the Commission
Stella KYRIAKIDES
Member of the Commission

ANNEX

Areas established as the infected area in Germany as referred to in Article 1	Date until applicable
Landkreis Oder-Spree — Gemeinde Jakobsdorf mit den Gemarkungen Petersdorf (B), Sieversdorf, Pillgram, Jacobsdorf — Gemeinde Briesen mit der Gemarkung Biegen — Gemeinde Müllrose — Gemeinde Groß Lindow — Gemeinde Brieskow-Finkenheerd	30 November 2020
