REGULATIONS

COMMISSION DELEGATED REGULATION (EU) 2022/2360**of 3 August 2022****amending the regulatory technical standards laid down in Delegated Regulation (EU) 2018/389 as regards the 90-day exemption for account access****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive (EU) 2015/2366 of the European Parliament and of the Council of 25 November 2015 on payment services in the internal market, amending Directives 2002/65/EC, 2009/110/EC and 2013/36/EU and Regulation (EU) No 1093/2010, and repealing Directive 2007/64/EC ⁽¹⁾, and in particular Article 98(4), second subparagraph, thereof,

Whereas:

- (1) Article 10 of Commission Delegated Regulation (EU) 2018/389 ⁽²⁾ provides for an exemption from the requirement laid down in Article 97 of Directive (EU) 2015/2366 to apply strong customer authentication where a payment service user is accessing the balance and the recent transactions of a payment account without disclosure of sensitive payment data. In that case, payment service providers are allowed not to apply strong customer authentication for accessing the account information, provided that strong customer authentication was applied when the account information was accessed for the first time, and at least every 90 days after that.
- (2) The use of that exemption has led to very divergent practices in the application of Delegated Regulation (EU) 2018/389, where some account servicing payment service providers request strong customer authentication every 90 days, others at shorter time intervals, and some have not applied the exemption and request strong customer authentication for every account access. That divergence has led to undesirable friction in the customer journey when using account information services and to a negative impact on the services of account information service providers.
- (3) In order to ensure proper balance between the objectives of Directive (EU) 2015/2366 of enhancing security, facilitating innovation and enhancing competition in the internal market, it is necessary to further specify the application of the exemption set out in Article 10 of Delegated Regulation (EU) 2018/389, for cases where the account information is accessed through an account information service provider. Accordingly, in such a case, payment service providers should not be allowed to choose whether or not to apply strong customer authentication, and the exemption should be made mandatory, subject to conditions that aim to ensure that the safety and security of the payment service users' data is being met.

⁽¹⁾ OJ L 337, 23.12.2015, p. 35.

⁽²⁾ Commission Delegated Regulation (EU) 2018/389 of 27 November 2017 supplementing Directive (EU) 2015/2366 of the European Parliament and of the Council with regard to regulatory technical standards for strong customer authentication and common and secure open standards of communication (OJ L 69, 13.3.2018, p. 23).

- (4) The exemption should be limited to access to the balance and the recent transactions of a payment account without disclosure of sensitive payment data. The exemption should only apply where strong customer authentication was already applied by payment service providers for the first access through the respective account information service provider and should be renewed periodically.
- (5) To ensure the safety and security of payment service users' data, payment service providers should, at any time, be allowed to apply strong customer authentication where they have objectively justified and duly evidenced reasons relating to unauthorised or fraudulent access. This might be the case where the transaction monitoring mechanisms of the account servicing payment service provider detect an elevated risk of unauthorised or fraudulent access. In order to ensure a consistent application of the exemption, account servicing payment service providers should in such cases document and duly justify to their national competent authority, upon its request, the reasons for applying strong customer authentication.
- (6) Where the payment service user directly accesses the account information, payment service providers should continue to be allowed to choose whether to apply strong customer authentication. This is because in such cases no particular issues have been observed requiring an amendment of the exemption laid down in Article 10 of Delegated Regulation (EU) 2018/389, contrary to the case of access through an account information service provider.
- (7) To ensure a level playing field among all payment service providers, and in line with the objectives of Directive (EU) 2015/2366 of enabling the development of user-friendly and innovative services, it is proportionate to establish the same 180-day timeline for both the renewal of strong customer authentication for accessing the account information directly with the account servicing payment service provider and through an account information service provider. Renewing strong customer authentication at the current frequency could cause undesirable friction in the customer journey and prevent account information service providers from offering their services and users from receiving those services.
- (8) Account servicing payment service providers that offer a dedicated interface and that have implemented a contingency mechanism as set out in Article 33(4) of Delegated Regulation (EU) 2018/389 should not be required to implement the new mandatory exemption in their direct customer interfaces for the purpose of the contingency mechanism, provided that they do not apply the exemption laid down in Article 10 of Delegated Regulation (EU) 2018/389 in their direct customer interfaces. It would be disproportionate to require account servicing payment service providers that offer a dedicated interface in which they have to implement the new mandatory exemption, to also implement the exemption in their direct customer interfaces for the purpose of the contingency mechanism.
- (9) In order to ensure that payment service providers have sufficient time to make the necessary changes to their systems, account servicing payment service providers should make available to the payment service providers the changes made to the technical specifications of their interfaces in order to comply with this Regulation no less than 2 months before such changes are implemented.
- (10) Delegated Regulation (EU) 2018/389 should therefore be amended accordingly.
- (11) This Regulation is based on the draft regulatory technical standards submitted to the Commission by the European Banking Authority.
- (12) The European Banking Authority has conducted open public consultations on the draft regulatory technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the advice of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council ⁽³⁾.
- (13) The European Data Protection Supervisor was consulted in accordance with Article 42(1) of Regulation (EU) 2018/1725 and delivered formal comments on 7 June 2022.

⁽³⁾ Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).

- (14) To allow for a smooth transition to the new requirements set out in this Regulation, payment service providers that have applied the exemption laid down in Article 10 of Delegated Regulation (EU) 2018/389 prior to the date of application of this Regulation should be allowed to continue applying that exemption up to 90 days from the last time strong customer authentication was applied,

HAS ADOPTED THIS REGULATION:

Article 1

Amendments to Delegated Regulation (EU) 2018/389

Delegated Regulation (EU) 2018/389 is amended as follows:

- (1) Article 10 is replaced by the following:

'Article 10

Access to the payment account information directly with the account servicing payment service provider

1. Payment service providers shall be allowed not to apply strong customer authentication, subject to compliance with the requirements laid down in Article 2, where a payment service user is accessing its payment account online directly, provided that access is limited to one of the following items online without disclosure of sensitive payment data:

- (a) the balance of one or more designated payment accounts;
- (b) the payment transactions executed in the last 90 days through one or more designated payment accounts.

2. By way of derogation from paragraph 1, payment service providers shall not be exempted from the application of strong customer authentication where one of the following conditions is met:

- (a) the payment service user is accessing online the information specified in paragraph 1 for the first time;
- (b) more than 180 days have elapsed since the last time the payment service user accessed online the information specified in paragraph 1 and strong customer authentication was applied.;

- (2) the following Article 10a is inserted:

'Article 10a

Access to the payment account information through an account information service provider

1. Payment service providers shall not apply strong customer authentication where a payment service user is accessing its payment account online through an account information service provider, provided that access is limited to one of the following items online without disclosure of sensitive payment data:

- (a) the balance of one or more designated payment accounts;
- (b) the payment transactions executed in the last 90 days through one or more designated payment accounts.

2. By way of derogation from paragraph 1, payment service providers shall apply strong customer authentication where one of the following conditions is met:

- (a) the payment service user is accessing online the information specified in paragraph 1 for the first time through the account information service provider;
- (b) more than 180 days have elapsed since the last time the payment service user accessed online the information specified in paragraph 1 through the account information service provider and strong customer authentication was applied.

3. By way of derogation from paragraph 1, payment service providers shall be allowed to apply strong customer authentication where a payment service user is accessing its payment account online through an account information service provider and the payment service provider has objectively justified and duly evidenced reasons relating to unauthorised or fraudulent access to the payment account. In such a case, the payment service provider shall document and duly justify to its competent national authority, upon request, the reasons for applying strong customer authentication.

4. Account servicing payment service providers that offer a dedicated interface as referred to in Article 31 shall not be required to implement the exemption laid down in paragraph 1 of this Article for the purpose of the contingency mechanism referred to in Article 33(4), where they do not apply the exemption laid down in Article 10 in the direct interface used for authentication and communication with their payment service users.;

(3) in Article 30, the following paragraph 4a is inserted:

‘4a. By way of derogation from paragraph 4, account servicing payment service providers shall make available to the payment service providers referred to in this Article the changes made to the technical specifications of their interfaces in order to comply with Article 10a not less than 2 months before such changes are implemented.’.

Article 2

Transitional provisions

1. Payment service providers that applied the exemption in Article 10 of Delegated Regulation (EU) 2018/389 before 25 July 2023 shall be allowed to continue to apply that exemption for access requests received through an account information service provider up to the expiry of the period covered by that exemption.

2. By way of derogation from paragraph 1, whenever a new strong customer authentication is applied for access request through an account information service provider before the expiry of the period covered by the exemption referred to in paragraph 1, Article 10a as introduced by this Regulation applies.

Article 3

Entry into force and application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 25 July 2023.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 August 2022.

Ursula VON DER LEYEN

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2361**of 1 December 2022****amending Annexes V and XIV to Implementing Regulation (EU) 2021/404 as regards the entries for Canada, the United Kingdom and the United States in the lists of third countries authorised for the entry into the Union of consignments of poultry, germinal products of poultry and fresh meat of poultry and game birds****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Articles 230(1) and 232(1) and (3) thereof.

Whereas:

- (1) Regulation (EU) 2016/429 provides that consignments of animals, germinal products and products of animal origin must come from a third country or territory, or zone or compartment thereof, listed in accordance with Article 230(1) of that Regulation in order to enter the Union.
- (2) Commission Delegated Regulation (EU) 2020/692 ⁽²⁾ lays down the animal health requirements that consignments of certain species and categories of animals, germinal products and products of animal origin, from third countries or territories, or zones thereof, or compartments thereof in the case of aquaculture animals, must comply with in order to enter the Union.
- (3) Commission Implementing Regulation (EU) 2021/404 ⁽³⁾ establishes the lists of third countries, or territories, or zones or compartments thereof, from which the entry into the Union of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 is permitted.
- (4) More particularly, Annexes V and XIV to Implementing Regulation (EU) 2021/404 set out the lists of third countries, or territories, or zones thereof authorised for the entry into the Union, respectively, of consignments of poultry, germinal products of poultry, and of fresh meat from poultry and game birds.
- (5) Canada has notified the Commission of eight outbreaks of highly pathogenic avian influenza in poultry in the provinces of Alberta (1), British Columbia (5), Ontario (1) and Saskatchewan (1) in Canada, which were confirmed between 14 November 2022 and 19 November 2022 by laboratory analysis (RT-PCR).
- (6) Furthermore, the United Kingdom has notified the Commission of eight outbreaks of highly pathogenic avian influenza in poultry in the counties of Derbyshire (1), Durham (1), Lincolnshire (1), Norfolk (1), North Yorkshire (1), Staffordshire (1) and Worcestershire (1) in England, United Kingdom and Aberdeenshire (1), in Scotland, United Kingdom, which were confirmed between 20 November 2022 and 26 November 2022 by laboratory analysis (RT-PCR).

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/692 of 30 January 2020 supplementing Regulation (EU) 2016/429 of the European Parliament and of the Council as regards rules for entry into the Union, and the movement and handling after entry of consignments of certain animals, germinal products and products of animal origin (OJ L 174, 3.6.2020, p. 379).

⁽³⁾ Commission Implementing Regulation (EU) 2021/404 of 24 March 2021 laying down the lists of third countries, territories or zones thereof from which the entry into the Union of animals, germinal products and products of animal origin is permitted in accordance with Regulation (EU) 2016/429 of the European Parliament and of the Council (OJ L 114, 31.3.2021, p. 1).

- (7) Following those recent outbreaks of highly pathogenic avian influenza, the veterinary authorities of Canada and the United Kingdom established control zones of at least 10 km around the affected establishments and implemented a stamping-out policy in order to control the presence of highly pathogenic avian influenza and limit the spread of that disease.
- (8) Canada and the United Kingdom have submitted information to the Commission on the epidemiological situation on its territory and the measures it has taken to prevent the further spread of highly pathogenic avian influenza. That information has been evaluated by the Commission. On the basis of that evaluation and in order to protect the animal health status of the Union, the entry into the Union of consignments of poultry, germinal products of poultry, and fresh meat of poultry and game birds from the areas under restrictions established by the veterinary authorities of Canada and the United Kingdom due to the recent outbreaks of highly pathogenic avian influenza should no longer be authorised.
- (9) Furthermore, the United States have submitted updated information on the epidemiological situation on its territory in relation to 17 outbreaks of highly pathogenic avian influenza in poultry establishments in the States of Colorado (3), Kansas (2), Maine (1), New York (3), Pennsylvania (6) and Wisconsin (2), United States, which were confirmed between 11 March 2022 and 9 June 2022.
- (10) The United States has also submitted information on the measures it has taken to prevent the further spread of highly pathogenic avian influenza. In particular, following those outbreaks of that disease, the United States has implemented a stamping out policy in order to control and limit the spread of that disease, and it has also completed the requisite cleaning and disinfection following the implementation of the stamping out policy on the infected poultry establishments on its territory.
- (11) The Commission has evaluated the information submitted by the United States and concluded that the outbreaks of highly pathogenic avian influenza in poultry establishments have been cleared and that there is no longer a risk associated with the entry into the Union of poultry commodities from the zones of the United States from which the entry into the Union of poultry commodities was suspended following those outbreaks.
- (12) Annexes V and XIV to Implementing Regulation (EU) 2021/404 should be therefore amended to take account of the current epidemiological situation as regards highly pathogenic avian influenza in Canada, the United Kingdom and in the United States.
- (13) In addition, as there has been a constant increase in the number of outbreaks of highly pathogenic avian influenza in third countries and territories where regionalisation takes place, the lists in Part 1 of Annex V and Part 1 of Annex XIV to Implementing Regulation (EU) 2021/404 need to be amended frequently as a matter of urgency to reflect the current epidemiological situation as regards that disease. In order to facilitate that task and ensure that Part 1 of those Annexes reflect the up-to-date epidemiological situation as regards that disease, it is appropriate to simplify the structure and format of those provisions. Consequently, the structure and format of Part 1 of Annexes V and XIV to Implementing Regulation (EU) 2021/404 should be amended in order to present the required information in a shorter and simpler manner.
- (14) Taking into account the current epidemiological situation in Canada and the United Kingdom as regards highly pathogenic avian influenza and the serious risk of its introduction into the Union, the amendments to be made to Annexes V and XIV to Implementing Regulation (EU) 2021/404 by this Regulation should take effect as a matter of urgency.
- (15) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes V and XIV to Implementing Regulation (EU) 2021/404 are amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 December 2022.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

Annexes V and XIV to Implementing Regulation (EU) 2021/404 are amended as follows:

(1) Annex V is amended as follows:

(a) Part 1 is replaced by the following:

PART 1

List of third countries, territories or zones thereof authorised for the entry into the Union of consignments of poultry and germinal products of poultry as referred to in Article 3(1), point (d).

Section A

Categories possibly permitted to enter the Union, and the animal health certificate for the consignment.

Categories	Animal health certificate
Breeding poultry other than ratites and productive poultry other than ratites	BPP
Breeding ratites and productive ratites	BPR
Day-old chicks other than ratites	DOC
Day-old chicks of ratites	DOR
Hatching eggs of poultry other than ratites	HEP
Hatching eggs of ratites	HER
Specified pathogen-free eggs	SPF
Poultry intended for slaughter other than ratites	SP
Ratites intended for slaughter	SR
Less than 20 heads of poultry other than ratites	POU-LT20
Less than 20 hatching eggs of poultry other than ratites	HE-LT20

Section B

List of third countries, territories or zones thereof authorised for the entry into the Union of consignments of poultry and germinal products of poultry.

ISO code and name of the third country or territory	Code of the zone as set out in Part 2	Animal health certificate of the categories permitted to enter the Union	Specific conditions as set out in Part 3	Animal health guarantee as set out in Part 4	Closing date	Opening date

(b) Part 2 is amended as follows:

- (i) in the entry for Canada, the following description of the zones CA-2.146 to CA-2.153 are added after the description of the zone CA-2.145:

Canada	CA-2.146	Saskatchewan - Latitude 52.21, Longitude -105.13 The municipalities involved are: 3km PZ: Burton Lake 10km SZ: Marysburg, Humboldt and Dixon.
	CA-2.147	Alberta - Latitude 49.29, Longitude -110.94 The municipalities involved are: 3km PZ: Goddard 10km SZ: Goddard.
	CA-2.148	British Columbia - Latitude 49.02, Longitude -122.35 The municipalities involved are: 3km PZ: Abbotsford 10km SZ: Aberdeen.
	CA-2.149	British Columbia - Latitude 49.05, Longitude -122.18 The municipalities involved are: 3km PZ: Kilgord 10km SZ: Abbotsford, Arnold, Barrowtown, Greendale and Lindell.
	CA-2.150	Ontario - Latitude 42.97, Longitude -81.63 The municipalities involved are: 3km PZ: Wrightmans Corners, Mullifarry, Adelaide and Crathie 10km SZ: Sable, Bornish, Springbank, Keyser, Dejong, Fernhill, Hickory Corner, Napperton, Kerwood, Strathroy and Cairngorm.

	CA-2.151	British Columbia - Latitude 49.04, Longitude -122.19 The municipalities involved are: 3km PZ: Kilgard 10km SZ: Abbotsford, Barrowtown and Arnold
	CA-2.152	British Columbia - Latitude 49.05, Longitude -122.14 The municipalities involved are: 3km PZ: Kilgard 10km SZ: Abbotsford, Barrowtown, Arnold and Lindell.
	CA-2.153	British Columbia - Latitude 49.08, Longitude -122.06 The municipalities involved are: 3km PZ: Barrowtown 10km SZ: Kilgard, Arnold, Lindell, Lindell Beach, Cultus Lake and South Sumas'

- (ii) in the entry for the United Kingdom, the following description of the zones GB-2.262 to GB-2.269 are added after the description of the zone GB-2.261:

United Kingdom	GB-2.262	near Brailsford, Derbyshire Dales, Derbyshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.93 and W1.65
	GB-2.263	near Wheaton Aston, South Staffordshire, Staffordshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.72 and W2.28
	GB-2.264	near Ruskington, Kesteven, Lincolnshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.09 and W0.30
	GB-2.265	near Turriff, Aberdeenshire, Scotland, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N57.57 and W2.49

GB-2.266	near Barnard Castle, County Durham, Durham, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N54.51 and W1.86
GB-2.267	near Easingwold, Hambleton, North Yorkshire, England, GB The area contained with a circle of a radius of 3km, centred on WGS84 dec, coordinates N54.10 and W1.19.'
GB-2.268	near Taverham, Broadland, Norfolk, England, GB The area contained with a circle of a radius of 3km, centred on WGS84 dec, coordinates N52.74 and E1.19
GB-2.269	near Bromsgrove, Bromsgrove, Worcestershire, England, GB The area contained within a circle of radius 10km, centred on WGS84 dec, coordinates N52.34 and W2.10'

(2) in Annex XIV, Part 1 is replaced by the following:

PART 1

List of third countries, territories or zones thereof authorised for the entry into the Union of consignments of fresh meat of poultry and game birds as referred to in Article 3(1), point (m).

Section A

Categories possibly permitted to enter the Union, and the animal health certificate for the consignment.

Categories of fresh meat	Animal health certificates
Fresh meat of poultry other than ratites	POU
Fresh meat of ratites	RAT
Fresh meat of game birds	GBM

Section B

List of third countries, territories or zones thereof authorised for the entry into the Union of consignments of fresh meat of poultry and game birds.

ISO code and name of the third country or territory	Code of the zone as set out in Part 2	Animal health certificate of the categories permitted to enter the Union	Specific conditions as set out in Part 3	Additional guarantees as set out in Part 4	Closing date	Opening date

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2362**of 2 December 2022****extending the derogation from Council Regulation (EC) No 1967/2006 as regards the minimum distance from the coast and depth granted to shore seines fishing in certain territorial waters of France (Occitanie and Provence-Alpes-Côte d'Azur)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1967/2006 of 21 December 2006 concerning management measures for the sustainable exploitation of fishery resources in the Mediterranean Sea, amending Regulation (EEC) No 2847/93 and repealing Regulation (EC) No 1626/94 ⁽¹⁾, and in particular Article 13(5) thereof,

Whereas:

- (1) On 2 June 2014, the Commission adopted Implementing Regulation (EU) No 587/2014 ⁽²⁾ establishing for the first time a derogation from Article 13(1), first subparagraph of Council Regulation (EC) No 1967/2006 as regards the minimum distance from coast and depth for shore seines fishing in certain territorial waters of France (Languedoc-Roussillon and Provence-Alpes-Côte d'Azur), which expired on 31 December 2014. An extension of that derogation was granted by Commission Implementing Regulation (EU) 2015/1421 ⁽³⁾, which expired on 25 August 2018. A further extension of that derogation was granted by Commission Implementing Regulation (EU) 2018/1596 ⁽⁴⁾, which expired on 25 August 2021.
- (2) On 7 October 2020, the Commission received from France a request to extend the derogation granted by Implementing Regulation (EU) 2018/1596. France provided up-to-date information justifying the extension of the derogation on 23 June 2021 and 29 October 2021, including an implementation report of the management plan adopted by France on 13 May 2014 ⁽⁵⁾ in accordance with Article 19 of Regulation (EC) No 1967/2006, as well as the control and monitoring plan adopted by France in 2018 ⁽⁶⁾.
- (3) During its 68th plenary session held in November 2021, the Scientific, Technical and Economic Committee for Fisheries (STECF) ⁽⁷⁾ assessed the request for extending the derogation, the supporting data and the implementation report. STECF recognised the gradual decrease of both fleet capacity and fishing effort and highlighted the need to revise downwards the effort ceiling set in the management plan to prevent possible increase in the future, and to complete the information provided, notably concerning catch data and impact on the environment.

⁽¹⁾ OJ L 409, 30.12.2006, p. 11.

⁽²⁾ Commission Implementing Regulation (EU) No 587/2014 of 2 June 2014 derogating from Council Regulation (EC) No 1967/2006 as regards the minimum distance from the coast and depth for shore seines fishing in certain territorial waters of France (Languedoc-Roussillon and Provence-Alpes-Côte d'Azur) (OJ L 164, 3.6.2014, p. 13).

⁽³⁾ Commission Implementing Regulation (EU) 2015/1421 of 24 August 2015 extending the derogation from Council Regulation (EC) No 1967/2006 as regards the minimum distance from the coast and depth granted to shore seines fishing in certain territorial waters of France (Languedoc-Roussillon and Provence-Alpes-Côte d'Azur) (OJ L 222, 25.8.2015, p. 1).

⁽⁴⁾ Commission Implementing Regulation (EU) 2018/1596 of 23 October 2018 extending the derogation from Council Regulation (EC) No 1967/2006 as regards the minimum distance from the coast and depth granted to shore seines fishing in certain territorial waters of France (Occitanie and Provence-Alpes-Côte d'Azur) (OJ L 265, 24.10.2018, p. 9).

⁽⁵⁾ Arrêté du 13 mai 2014 portant adoption de plans de gestion pour les activités de pêche professionnelle à la senne tournante coulissante, à la drague, à la senne de plage et au gangui en mer Méditerranée par les navires battant pavillon français (JORF n° 122, 27.5.2014, p. 8669).

⁽⁶⁾ Arrêté du 7 août 2018 définissant un plan de contrôle et de suivi des débarquements pour les navires titulaires d'une autorisation européenne de pêche à la senne de plage.

⁽⁷⁾ <https://stecf.jrc.ec.europa.eu/plen2103>

- (4) On 4 May 2022, following STECF's comments, France published a Ministerial Order ⁽⁸⁾ reducing the maximum allowable effort from 1 386 to 638 days per year. The real fishing effort that has been deployed by the fishery since the expiry of the last derogation has been already in compliance with this new effort ceiling. France also provided to the STECF further information on the environmental impact of the fishery.
- (5) During its 69th plenary session held in March 2022, the STECF ⁽⁹⁾ acknowledged the efforts made by France in providing additional information. STECF concluded that its previous comment on the effort ceiling has been addressed, and that, according to the risk assessment provided by France, the shore seines fishery has only limited impact on the environment. STECF noted that its previous comment related to the absence of updated catches monitoring data has though not been addressed.
- (6) The Commission considers that the impact of this fishery should be assessed in light of the actual magnitude of this fishery, which is negligible: the combined annual catches for the eight species most landed was just over 2,2 tons in 2020. This fishery is therefore not likely to have a significant impact on the stocks targeted based on the observations from STECF that sardine is sustainably exploited in the area concerned by this fishery and that fishing effort and catches gradually decrease together with the diminishing number of boats, and this decrease corresponds to a reduction of the impact of the fishery, on the ecosystem and the resources.
- (7) For the reasons given by the STECF, with which the Commission agrees, it is to be noted, that the shore seines fishery has no significant impact on the marine environment.
- (8) There are specific geographical constraints given the limited width of the continental shelf.
- (9) Shore seine fishing is carried out from the shore in shallow depths and targets a variety of species (e.g. common Pandora, Mediterranean horse mackerel, European pilchard). The nature of this type of fishery is such that it cannot be undertaken with any other fishing gear since there is no other regulated gear that can capture the target species.
- (10) The extension of the derogation requested by France concerns the authorisation of a limited number of 17 vessels identified in the management plan, which is down from the 20 vessels authorised under the previous request. This represents a 54 % reduction of fishing effort in terms of vessels authorised as compared to 2014, where the derogation concerned 37 authorised vessels specified under the French management plan.
- (11) Moreover, the French management plan guarantees no future increase in the fishing effort, as required by Article 13(9) of Regulation (EC) No 1967/2006. Fishing authorisations will only be issued to the specified 17 vessels, involving a total effort of 638 days, that are already authorised to fish by France. In addition, France limited the maximum effort allowed for each gear.
- (12) The Commission therefore notes that the management plan is effectively phasing out the fleet with time since the fishing authorisations are linked to the vessels and are automatically withdrawn when the vessel holding the authorisation is replaced or the vessel master sells his vessel or retires.
- (13) The request concerns fishing activities already authorised by France and vessels with a track record in the fishery of more than five years in accordance with Article 13(9) of Regulation (EC) No 1967/2006.
- (14) Those vessels are included in a list communicated to the Commission in line with the requirements of Article 13(9) of Regulation (EC) No 1967/2006.
- (15) The fishing activities concerned fulfil the requirements of Article 4 of Regulation (EC) No 1967/2006 since the French management plan prohibits fishing above protected habitats.

⁽⁸⁾ Arrêté du 4 mai 2022 modifiant l'arrêté du 18 février 2022 portant répartition des quotas d'effort de pêche pour certaines activités de pêche professionnelle en mer Méditerranée par les navires battant pavillon français pour l'année 2022.

⁽⁹⁾ https://stecf.jrc.ec.europa.eu/reports/plenary/-/asset_publisher/os6k/document/id/26714623

- (16) As regards the requirement to comply with minimum mesh sizes, France authorised in its management plan adopted in May 2014 a derogation from the minimum mesh size established in Article 9 of Regulation (EC) No 1967/2006 on the basis of the fulfillment of the requirements of Article 9(7) of that Regulation given the highly selective nature of the fisheries concerned, its negligible effect on the marine environment and that it is not affected by the provisions in Article 4(5) of Regulation (EC) No 1967/2006.
- (17) Annex IX, Part B, point 4 to Regulation (EU) 2019/1241 of the European Parliament and of the Council ⁽¹⁰⁾ allows for the continued application of derogations from minimum mesh sizes issued within the framework of Article 9 of Regulation (EC) No 1967/2006 and existing on 14 August 2019, unless otherwise determined through Article 15 of Regulation (EU) 2019/1241. The Commission has assessed this derogation extension request by France and concluded that it complies with the conditions laid down in Article 15(5) of Regulation (EU) 2019/1241 and point 4 of Part B of Annex IX to that Regulation (EU) 2019/1241, as it does not lead to a deterioration of selectivity standards, in particular in terms of an increase in the catches of juveniles, existing on 14 August 2019, and aims at achieving the objectives and targets set out in Articles 3 and 4 of that Regulation.
- (18) The fishing activities concerned do not interfere with the activities of vessels using gears other than trawls, seines or similar towed nets, in accordance with Article 13(9) of Regulation EC (No) 1967/2006.
- (19) The activity of shore seines is regulated in the French management plan to ensure that catches of species mentioned in Annex IX to Regulation (EU) 2019/1241, which replaces Annex III to Regulation (EC) No 1967/2006 are minimal, as required by Article 13(9) of Regulation EC (No) 1967/2006.
- (20) Shore seines do not target cephalopods, as required by Article 13(9) of Regulation EC (No) 1967/2006.
- (21) The French management plan establishes a monitoring plan for fishing activities, as provided for in Article 4(5), fifth subparagraph of Regulation (EC) No 1967/2006 and in Article 13(9), third subparagraph thereof. It also includes measures for the recording of fishing activities, thus fulfilling the conditions set out in Article 14 of Council Regulation (EUC) No 1224/2009 ⁽¹¹⁾.
- (22) The Commission therefore considers that extension of the derogation requested by France complies with the conditions laid down in Article 13(5) and (9) of Regulation (EC) No 1967/2006. The requested extension of the derogation should therefore be granted.
- (23) France should report to the Commission in due time and in accordance with the monitoring plan provided for in the French management plan.
- (24) A limitation of the duration of the derogation will allow ensuing prompt corrective management measures in case the monitoring of the management plan will show a poor conservation status of the exploited stock, while providing scope to enhance the scientific basis for an improved management plan.
- (25) Since the fishery has been continuously covered by the French management plan for shore seines and the derogation granted by Implementing Regulation (EU) 2018/1596 expired on 25 August 2021, in order to ensure legal continuity, this Regulation should apply from 26 August 2021.

⁽¹⁰⁾ Regulation (EU) 2019/1241 of the European Parliament and of the Council of 20 June 2019 on the conservation of fisheries resources and the protection of marine ecosystems through technical measures, amending Council Regulations (EC) No 1967/2006, (EC) No 1224/2009 and Regulations (EU) No 1380/2013, (EU) 2016/1139, (EU) 2018/973, (EU) 2019/472 and (EU) 2019/1022 of the European Parliament and of the Council, and repealing Council Regulations (EC) No 894/97, (EC) No 850/98, (EC) No 2549/2000, (EC) No 254/2002, (EC) No 812/2004 and (EC) No 2187/2005 (OJ L 198, 25.7.2019, p. 105).

⁽¹¹⁾ Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 (OJ L 343, 22.12.2009, p. 1).

- (26) For reasons of legal certainty, this Regulation should enter into force as a matter of urgency.
- (27) Such retroactive application does not affect the principle of legal certainty and protection of legitimate expectations as the fishery in question has been continuously covered by the French management plan for shore seines.
- (28) The measures provided for in this Regulation are in accordance with the opinion of the Committee for Fisheries and Aquaculture,

HAS ADOPTED THIS REGULATION:

Article 1

Derogation

Article 13(1) of Regulation (EC) No 1967/2006 shall not apply in territorial waters of France adjacent to the coast of Occitanie and Provence-Alpes-Côte d'Azur to shore seines used by vessels:

- (a) bearing the registration number mentioned in the French management plan;
- (b) having a track record in the fishery of more than five years and not involving any future increase in the fishing effort deployed; and
- (c) holding a fishing authorisation and operating under the management plan adopted by France in accordance with Article 19(2) of Regulation (EC) No 1967/2006.

Article 2

Monitoring plan and reporting

France shall communicate to the Commission, within one year following the entry into force of this Regulation, a report drawn up in accordance with the monitoring plan established in the management plan referred to in Article 1(c).

Article 3

Entry into force and period of application

This regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 26 August 2021 until 25 August 2024

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 December 2022.

For the Commission
The President
Ursula VON DER LEYEN

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2363**of 2 December 2022****extending a derogation from Council Regulation (EC) No 1967/2006 as regards the prohibition to fish above protected habitats, the minimum distance from the coast and the minimum sea depth for the 'gangui' trawlers fishing in certain territorial waters of France (Provence-Alpes-Côte d'Azur)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1967/2006 of 21 December 2006 concerning management measures for the sustainable exploitation of fishery resources in the Mediterranean Sea, amending Regulation (EEC) No 2847/93 and repealing Regulation (EC) No 1626/94 ⁽¹⁾, and in particular Article 4(5) and Article 13(5) and (10) thereof,

Whereas:

- (1) On 2 June 2014, the Commission adopted Implementing Regulation (EU) No 586/2014 ⁽²⁾ establishing for the first time a derogation from Articles 4(1) and 13(1) and (2) of Regulation (EC) No 1967/2006 for the use of 'gangui' trawlers in certain territorial waters of France (Provence-Alpes-Côte d'Azur) until 6 June 2017. An extension of that derogation was granted by Commission Implementing Regulation (EU) 2018/693 ⁽³⁾, which expired on 11 May 2020. A further extension of that derogation was granted by Commission Implementing Regulation (EU) 2021/141 ⁽⁴⁾, which expired on 11 May 2022.
- (2) On 17 March 2022 the Commission received from France a request to extend the derogation. France provided up-to-date scientific and technical justifications for the renewal of the derogation, including an implementation report of the management plan adopted by France on 13 May 2014 ⁽⁵⁾ in accordance with Article 19 of Regulation (EC) No 1967/2006, an estimation of the 'gangui' footprint in 2021 using the data transmitted by the VMS transponders ('VMS data') as well as a risk assessment of the environmental impact of the fishery. The analysis of the 'gangui' footprint shows that the 'gangui' fishery affect 21 % of the area covered by beds of *Posidonia oceanica* within the area covered by the French management plan and 7,6 % of the *Posidonia oceanica* beds in the territorial waters of France.
- (3) During its 69th plenary session held in March 2022, the Scientific, Technical and Economic Committee for Fisheries (STECF) ⁽⁶⁾ assessed the request for extending the derogation, including the supporting data and the implementation report. STECF acknowledged the efforts made by the French administration to manage 'gangui' fishery and concluded that the French request complies with the relevant provisions of Regulation (EC) No 1967/2006. STECF however noted that 'gangui' with heavy doors have been assessed as being potentially damaging to *Posidonia oceanica* beds.

⁽¹⁾ OJ L 36, 8.2.2007, p. 6.

⁽²⁾ Commission Implementing Regulation (EU) No 586/2014 of 2 June 2014 derogation from Council Regulation (EC) No 1967/2006 as regards the prohibition to fish above protected habitats and the minimum distance from the coast and depth for the 'gangui' trawlers fishing in certain territorial waters of France (Provence-Alpes-Côte d'Azur) (OJ L 164, 3.6.2014, p. 10).

⁽³⁾ Commission Implementing Regulation (EU) 2018/693 of 7 May 2018 establishing the derogation from Council Regulation (EC) No 1967/2006 as regards the prohibition to fish above protected habitats, the minimum distance from the coast and the minimum sea depth for the 'gangui' trawlers fishing in certain territorial waters of France (Provence-Alpes-Côte d'Azur) (OJ L 117, 8.5.2018, p. 13).

⁽⁴⁾ Commission Implementing Regulation (EU) 2021/141 of 5 February 2021 extending a derogation from Council Regulation (EC) No 1967/2006 as regards the prohibition to fish above protected habitats, the minimum distance from the coast and the minimum sea depth for the 'gangui' trawlers fishing in certain territorial waters of France (Provence-Alpes-Côte d'Azur) (OJ L 43, 8.2.2021, p. 10).

⁽⁵⁾ Arrêté du 13 mai 2014 portant adoption de plans de gestion pour les activités de pêche professionnelle à la senne tournante coulissante, à la drague, à la senne de plage et au gangui en mer Méditerranée par les navires battant pavillon français (JORF n° 122, 27.5.2014, p. 8669).

⁽⁶⁾ https://stecf.jrc.ec.europa.eu/reports/plenary/-/asset_publisher/os6k/document/id/26714623

- (4) On 18 August 2022, following STECF's comments, France revised its Ministerial Order ⁽⁷⁾ laying down technical regulations for professional fishing in the Mediterranean sea amending the weight of the doors in 'gangui' fishery accordingly so as to prohibit heavy doors.
- (5) STECF also concluded that the information provided by France does not allow for an assessment of the status of the exploited stocks. The Commission however considers that the impact of this fishery on the stocks should be assessed in light of the actual magnitude of this fishery. In 2022 only 9 fishing vessels were authorized, of which 7 are active. In addition, the fishing effort and catches gradually decreased together with the diminishing number of boats (75 % reduction since 2014), and this to correspond to a similar reduction of the impact of the fishery on the stocks that will continue under the current phasing out mechanism set in the French management plan.
- (6) The derogation requested concerns fishing activities by vessels of less than or equal to 12 metres overall length and engine power of less than or equal to 85 kW with bottom towed nets traditionally undertaken on *Posidonia oceanica* beds, as required by Article 4(5), first paragraph of Regulation (EC) No 1967/2006.
- (7) The fishery concerned affects less than 33 % of the area covered by seagrass beds of *Posidonia oceanica* within the area covered by the French management plan and less than 10 % of seagrass beds of *Posidonia oceanica* beds in the territorial waters of France, in line with the ceilings established under Article 4(5), first subparagraph, points (ii) and (iii) of Regulation (EC) No 1967/2006.
- (8) There are specific geographical constraints given the limited size of the continental shelf.
- (9) The fishery has no significant impact on the marine environment.
- (10) The fishery conducted with 'gangui' trawlers target a variety of species that correspond to an ecological niche. The catch composition of this fishery, in particular as regards the variety of species caught, is not reflected in any other fishing gear. Therefore, the fishery cannot be undertaken with other gears.
- (11) The request covers vessels with a track record in the fishery of more than five years, which operate under the French management plan, in accordance with Article 13(9) of Regulation (EC) No 1967/2006.
- (12) The derogation requested by France concerns a limited number of nine authorised vessels identified in the management plan, involving a total of 434 kW, of which only seven were active in 2021. This represents a 75 % reduction of fishing effort in terms of number of authorised vessels as compared to 2014, where the derogation concerned 36 authorised vessels specified in the French management plan adopted. Those vessels are included on a list communicated to the Commission in accordance with Article 13(9) of Regulation (EC) No 1967/2006.
- (13) Moreover, the management plan adopted by France guarantees no future increase in the fishing effort, as required by Article 13(9) of Regulation (EC) No 1967/2006. Fishing authorisations will only be issued to the specified nine vessels involving a total effort of 434 kw, that are already authorized to fish by France.
- (14) Moreover, the French management plan stipulates that any 'gangui' fishing authorization is to be withdrawn when the authorised vessel concerned is replaced or the vessel master sells its vessel or retires. The Commission therefore notes that the effect of this provision is to gradually phase out this fishery, which also leads to a corresponding reduction in the impact of the fishery on the stocks.

(7) Arrêté du 18 août 2022 modifiant l'arrêté du 19 décembre 1994 portant réglementation technique pour la pêche professionnelle en Méditerranée continentale (JORF n°0194 du 23 août 2022).

- (15) The requested derogation complies with the requirements of Article 8(1) and Annex IX, Part B, section I to Regulation (EU) 2019/1241 ⁽⁹⁾ of the European Parliament and of the Council regarding mesh sizes for towed gear, since it relates to trawlers operating with mesh sizes not smaller than 40 mm and square mesh below 40 mm is not used in “gangui” net rigging.
- (16) The fishing activities concerned do not interfere with the activities of vessels using gears other than trawls, seines or similar towed nets, in accordance with Article 13(9) of Regulation (EC) No 1967/2006.
- (17) The activity of the ‘gangui’ trawlers is regulated in the French management plan to ensure that catches of species mentioned in Annex IX, Part A to Regulation (EU) 2019/1241, are minimal, as required by Article 13(9) of Regulation (EC) No 1967/2006.
- (18) ‘Gangui’ trawlers do not target cephalopods, as required by Article 13(9) of Regulation (EC) No 1967/2006.
- (19) The French management plan establishes a monitoring plan including measures for the monitoring of fishing activities, as provided for in Article 4(5), fifth subparagraph of Regulation (EC) No 1967/2006 and Article 13(9), third subparagraph thereof. It also includes measures for the recording of fishing activities, thus fulfilling the conditions set out in Article 14 of Council Regulation (EU) 1224/2009 ⁽⁹⁾.
- (20) The derogation requested therefore complies with the conditions laid down in Article 4(5) and in Article 13(5) and (9) of Regulation (EC) No 1967/2006 and should be granted.
- (21) France should report to the Commission in due time and in accordance with the monitoring plan provided for in the French management plan.
- (22) The duration of the derogation should be limited in order to allow prompt corrective management measures in case the report to the Commission shows a poor conservation status of the exploited stocks, while providing scope to enhance the scientific basis for an improved management plan.
- (23) Since the derogation granted by Implementing Regulation (EU) 2021/141 expired on 11 May 2022, in order to ensure legal continuity, this Regulation should apply with effect from 12 May 2022. For reasons of legal certainty, this Regulation should enter into force as a matter of urgency.
- (24) Such retroactive application does not affect the principle of legal certainty and protection of legitimate expectations as the fishery in question has been continuously covered by the French management plan for shore seines.
- (25) This Regulation is without prejudice to the Commission’s position regarding compliance of the activity covered by this derogation with other Union legislation, in particular Council Directive 92/43/EEC ⁽¹⁰⁾.
- (26) The measures provided for in this Regulation are in accordance with the opinion of the Committee for Fisheries and Aquaculture,

⁽⁹⁾ Regulation (EU) 2019/1241 of the European Parliament and of the Council of 20 June 2019 on the conservation of fisheries resources and the protection of marine ecosystems through technical measures, amending Council Regulations (EC) No 1967/2006, (EC) No 1224/2009 and Regulations (EU) No 1380/2013, (EU) 2016/1139, (EU) 2018/973, (EU) 2019/472 and (EU) 2019/1022 of the European Parliament and of the Council, and repealing Council Regulations (EC) No 894/97, (EC) No 850/98, (EC) No 2549/2000, (EC) No 254/2002, (EC) No 812/2004 and (EC) No 2187/2005 (OJ L 198, 25.7.2019, p. 105).

⁽⁹⁾ Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 (OJ L 343, 22.12.2009, p. 1).

⁽¹⁰⁾ Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora (OJ L 206, 22.7.1992, p. 7).

HAS ADOPTED THIS REGULATION:

Article 1

Derogation

The first subparagraph of Article 4(1), the first subparagraph of Article 13(1) and Article 13(2) of Regulation (EC) No 1967/2006 shall not apply in the territorial waters of France adjacent to the coast of the Provence-Alpes-Côte d'Azur region to 'ganguis' trawlers fulfilling the following requirements:

- (a) bearing a registration number mentioned in the French management plan adopted by France in accordance with Article 19 of Regulation (EC) No 1967/2006;
- (b) having a track record in the fishery of more than five years and not involving any future increase in fishing effort provided;
- (c) holding a fishing authorization and operating under the management plan adopted by France in accordance with Article 19 of Regulation (EC) No 1967/2006.

Article 2

Reporting

France shall communicate to the Commission, within one year following the entry into force of this Regulation, a report drawn up in accordance with the monitoring plan established in the management plan referred to in Article 1(c).

Article 3

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 12 May 2022 to 11 May 2024.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2364**of 2 December 2022****amending Implementing Regulation (EU) No 540/2011 as regards the extension of the approval period of the active substance glyphosate****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 17, first paragraph, thereof,

Whereas:

- (1) Part B of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽²⁾ sets out the active substances that have been approved under Regulation (EC) No 1107/2009.
- (2) The approval of the active substance glyphosate expires on 15 December 2022. An application for the renewal of the approval of that substance was submitted pursuant to Article 1 of Commission Implementing Regulation (EU) No 844/2012 ⁽³⁾ on 12 December 2019.
- (3) Commission Implementing Regulation (EU) 2019/724 ⁽⁴⁾ appointed France, Hungary, the Netherlands and Sweden to act jointly as rapporteur Member State for the renewal of approval procedure for glyphosate. The four Member States formed the Assessment Group on Glyphosate ('AGG'). On 18 August 2020, the AGG confirmed the admissibility of the application for renewal. The AGG submitted its initial draft Renewal Assessment Report (RAR) to the European Food Safety Authority ('the Authority') on 15 June 2021.
- (4) During the public consultation on the initial draft Renewal Assessment Report on glyphosate, a very high number of comments were submitted to the Authority. Furthermore, on 14 March 2022, the Authority requested a significant amount of additional information from the applicant, which has been submitted in due time. In addition, the AGG and the Authority identified a very high number of points to be discussed by experts during the peer review. The evaluation of the additional information by the AGG and the peer review carried out pursuant to Article 13(1) of Regulation (EU) No 844/2012 by the Authority requires significantly more time to be completed.
- (5) Accordingly, on 10 May 2022, the Authority and the European Chemicals Agency ('ECHA') informed the Commission that the adoption of the conclusion on the peer review of the risk assessment of glyphosate by the Authority would be delayed with the adoption date foreseen not before July 2023. This means that no decision on the renewal of the approval of glyphosate can be taken before 15 December 2022.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

⁽³⁾ Commission Implementing Regulation (EU) No 844/2012 of 18 September 2012 setting out the provisions necessary for the implementation of the renewal procedure for active substances, as provided for in Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 252, 19.9.2012, p. 26). Although Implementing Regulation (EU) No 844/2012 was repealed, it continues to apply to the procedure for the renewal of the approval of glyphosate in accordance with Article 17 of Implementing Regulation (EU) 2020/1740 (OJ L 392, 23.11.2020, p. 20).

⁽⁴⁾ Commission Implementing Regulation (EU) 2019/724 of 10 May 2019 amending Implementing Regulation (EU) No 686/2012 as regards the nomination of rapporteur Member States and co-rapporteur Member States for the active substances glyphosate, lambda-cyhalothrin, imazamox and pendimethalin and amending Implementing Regulation (EU) No 844/2012 as regards the possibility that a group of Member States assumes jointly the role of the rapporteur Member State (OJ L 124, 13.5.2019, p. 32).

- (6) Given that the assessment of the active substance glyphosate has therefore been delayed for reasons beyond the control of the applicant, it is necessary to extend the approval period of that active substance to provide the time necessary to complete the assessment required in order to take a decision on the application for a renewal of its approval.
- (7) In case the Commission is to adopt a Regulation providing that the approval of glyphosate is not renewed because the approval criteria are not satisfied, the Commission is to set the expiry date at the same date as before this Regulation or at the date of the entry into force of the Regulation providing that the approval of glyphosate is not renewed, whichever date is later. In case the Commission is to adopt a Regulation providing for the renewal of the approval of glyphosate, the Commission will endeavour to set, as appropriate under the circumstances, the earliest possible application date.
- (8) Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.
- (9) Taking into account that the current approval of glyphosate expires on 15 December 2022, this Regulation should enter into force as soon as possible.
- (10) The Standing Committee on Plants, Animals, Food and Feed has not delivered an opinion within the time-limit laid down by its Chairman. An implementing act was deemed to be necessary and the chair submitted the draft implementing act to the appeal committee for further deliberation. The appeal committee did not deliver an opinion,

HAS ADOPTED THIS REGULATION:

Article 1

Amendment to Implementing Regulation (EU) No 540/2011

In Part B of the Annex to Implementing Regulation (EU) No 540/2011, in the sixth column 'Expiration of approval' of entry 118, glyphosate, the date is replaced by '15 December 2023'.

Article 2

Entry into force

This Regulation shall enter into force on the seventh day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 December 2022.

For the Commission
The President

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2365**of 2 December 2022****amending the implementing technical standards laid down in Implementing Regulation (EU) 2016/1801 as regards the mapping tables correspondence of credit assessments of external credit assessment institutions for securitisation in accordance with Regulation (EU) No 575/2013 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and amending Regulation (EU) No 648/2012 ⁽¹⁾, and in particular Article 270e, third subparagraph, thereof,

Whereas:

- (1) Commission Implementing Regulation (EU) 2016/1801 ⁽²⁾ specifies the mapping tables of the relevant credit assessments of all external credit assessment institutions (ECAIs) to the credit quality steps set out in Part Three, Title II, Chapter 5, of Regulation (EU) No 575/2013.
- (2) Regulation (EU) 2017/2401 of the European Parliament and of the Council ⁽³⁾ amended Regulation (EU) No 575/2013, thereby changing the available approaches making use of ECAI credit assessments and the number of credit quality steps set out in Part Three, Title II, Chapter 5 of Regulation (EU) No 575/2013.
- (3) Capital requirements for positions in a securitisation under Regulation (EU) No 575/2013 are to be subject to the same calculation methods for all institutions following a hierarchy of approaches as set out in Article 254 of that Regulation. Institutions using the External Ratings Based Approach should calculate risk-weighted exposure amounts based on 18 Credit Quality Steps for long-term external credit assessments as established in Article 263 and 264 of that Regulation, which introduces enhanced granularity and risk sensitivity.
- (4) It is therefore necessary to update the mapping table correspondence in Implementing Regulation (EU) 2016/1801 to reflect the new structure of credit quality steps set out in the Regulation (EU) No 575/2013, as amended.
- (5) Since the adoption of Implementing Regulation (EU) 2016/1801, two ECAIs have extended their credit assessments to cover securitisation instruments. It is therefore necessary to provide the mappings for the ECAIs concerned.
- (6) Since the adoption of Implementing Regulation (EU) 2016/1801, one additional credit rating agency with methodologies and processes in place for producing credit assessments for securitisation instrument has been registered in accordance with Articles 14 to 18 of Regulation (EC) No 1060/2009 of the European Parliament and of the Council ⁽⁴⁾ while one ECAI for which Implementing Regulation (EU) 2016/1801 provided a mapping has been deregistered. As Article 270e of Regulation (EU) No 575/2013 requires the specification of mappings for all ECAIs, Implementing Regulation (EU) 2016/1801 should be amended to provide mappings for the newly registered ECAI, and to remove the mapping for the deregistered ECAI.

⁽¹⁾ OJ L 176, 27.6.2013, p. 1.

⁽²⁾ Commission Implementing Regulation (EU) 2016/1801 of 11 October 2016 laying down implementing technical standards with regard to the mapping of credit assessments of external credit assessment institutions for securitisation in accordance with Regulation (EU) No 575/2013 of the European Parliament and of the Council (OJ L 275, 12.10.2016, p. 27).

⁽³⁾ Regulation (EU) 2017/2401 of the European Parliament and of the Council of 12 December 2017 amending Regulation (EU) No 575/2013 on prudential requirements for credit institutions and investment firms (OJ L 347, 28.12.2017, p. 1).

⁽⁴⁾ Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies (OJ L 302, 17.11.2009, p. 1).

- (7) Implementing Regulation (EU) 2016/1801 should therefore be amended accordingly.
- (8) This Regulation is based on the draft implementing technical standards submitted to the Commission by the European Banking Authority.
- (9) The European Banking Authority has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the advice of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council ⁽³⁾,

HAS ADOPTED THIS REGULATION:

Article 1

Implementing Regulation (EU) 2016/1801 is amended as follows:

- (1) Article 1 is deleted;
- (2) Article 2 is replaced by the following:

'Article 2

Mapping tables under the External Ratings Based Approach

The correspondence of the rating categories of each external credit assessment institution for securitisation positions subject to the External Ratings Based Approach with the credit quality steps set out in Articles 263 and 264 of Regulation (EU) No 575/2013 is set out in Annex II to this Regulation.;

- (3) Annex I is deleted;
- (4) Annex II is replaced by the text in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 December 2022.

For the Commission
The President
Ursula VON DER LEYEN

⁽³⁾ Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).

DECISIONS

COMMISSION IMPLEMENTING DECISION (EU) 2022/2366

of 2 December 2022

on laying down the specifications for a technical solution to facilitate the collection of data by Member States and Europol for the purpose of generating statistics on the access to the VIS data for law enforcement purposes

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 767/2008 of the European Parliament and of the Council of 9 July 2008 concerning the Visa Information system (VIS) and the exchange of information between Member States on short-stay visas, long-stay visas and residence permits (VIS Regulation) ⁽¹⁾, and in particular Article 50(4) third subparagraph thereof,

Whereas:

- (1) Regulation (EC) No 767/2008 establishes the Visa Information System (VIS) for the exchange of data between Member States on applications for short-stay visas, long-stay visas and residence permits, and on the decision taken to annul, revoke or extend the visa.
- (2) Regulation (EC) No 767/2008 establishes the conditions of access to the VIS data for the purposes of the prevention, detection or investigation of terrorist offences or of other serious criminal offences. A technical solution should be established and made available to Member States and Europol in order to facilitate the collection of data for the purpose of generating statistics to measure the effectiveness of such access for law enforcement purposes.
- (3) It is necessary to lay down the specifications for the development of the technical solution facilitating the collection of certain information and statistics.
- (4) The technical solution selected for implementing the VIS should take into consideration the need to have a better integration of already existing and future Union border management systems, as well as the interoperability of those systems. That technical solution should be scalable and enable further evolution in order to be capable, where required, to integrate additional functionalities, to manage bigger number of operations and to store more data. For that reason, the technical solution facilitating the collection of certain information and statistics should be developed on the basis of the technical solution referred to in Article 72(8) of Regulation (EU) 2017/2226 of the European Parliament and of the Council ⁽²⁾ and Article 92(8) of Regulation (EU) 2018/1240 of the European Parliament and of the Council ⁽³⁾ and adapted as appropriate.
- (5) In accordance with Regulation (EC) No 767/2008, the European Union Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice (eu-LISA) should be responsible for the design and the development of the VIS.

⁽¹⁾ OJ L 218, 13.8.2008, p. 60.

⁽²⁾ Regulation (EU) 2017/2226 of the European Parliament and of the Council of 30 November 2017 establishing an Entry/Exit System (EES) to register entry and exit data and refusal of entry data of third-country nationals crossing the external borders of the Member States and determining the conditions for access to the EES for law enforcement purposes, and amending the Convention implementing the Schengen Agreement and Regulations (EC) No 767/2008 and (EU) No 1077/2011 (OJ L 327, 9.12.2017, p. 20).

⁽³⁾ Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226 (OJ L 236, 19.9.2018, p. 1).

- (6) The technical solution should comply with the principles of data protection by design and by default. The data for the generation of statistics should be provided in such a way as to ensure a proper anonymisation of the results, while applying effective data minimisation to prevent the risk of inference of information from the data subjects.
- (7) Given that Regulation (EU) 2021/1134 of the European Parliament and of the Council ⁽⁴⁾ builds upon the Schengen *acquis*, in accordance with Article 4 of Protocol No 22 on the Position of Denmark, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, Denmark notified the implementation of Regulation (EU) 2021/1134 in its national law. It is therefore bound by this Decision.
- (8) This Decision constitutes a development of the provisions of the Schengen *acquis* in which Ireland does not take part ⁽⁵⁾. Ireland is therefore not taking part in the adoption of this Decision and is not bound by it or subject to its application.
- (9) As regards Iceland and Norway, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the association of those two States with the implementation, application and development of the Schengen *acquis* ⁽⁶⁾ which fall within the area referred to in Article 1, point B of Council Decision 1999/437/EC ⁽⁷⁾.
- (10) As regards Switzerland, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis* ⁽⁸⁾ which fall within the area referred to in Article 1, point B, of Decision 1999/437/EC read in conjunction with Article 3 of Council Decision 2008/146/EC ⁽⁹⁾.
- (11) As regards Liechtenstein, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Protocol between the European Union, the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis* ⁽¹⁰⁾ which fall within the area referred to in Article 1, point B, of Decision 1999/437/EC read in conjunction with Article 3 of Council Decision 2011/350/EU ⁽¹¹⁾.

⁽⁴⁾ Regulation (EU) 2021/1134 of the European Parliament and of the Council of 7 July 2021 amending Regulations (EC) No 767/2008, (EC) No 810/2009, (EU) 2016/399, (EU) 2017/2226, (EU) 2018/1240, (EU) 2018/1860, (EU) 2018/1861, (EU) 2019/817 and (EU) 2019/1896 of the European Parliament and of the Council and repealing Council Decisions 2004/512/EC and 2008/633/JHA, for the purpose of reforming the Visa Information System (OJ L 248, 13.7.2021, p. 11).

⁽⁵⁾ This Decision falls outside the scope of the measures provided for in Council Decision 2002/192/EC of 28 February 2002 concerning Ireland's request to take part in some of the provisions of the Schengen *acquis* (OJ L 64, 7.3.2002, p. 20).

⁽⁶⁾ OJ L 176, 10.7.1999, p. 36.

⁽⁷⁾ Council Decision 1999/437/EC of 17 May 1999 on certain arrangements for the application of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the association of those two States with the implementation, application and development of the Schengen *acquis* (OJ L 176, 10.7.1999, p. 31).

⁽⁸⁾ OJ L 53, 27.2.2008, p. 52.

⁽⁹⁾ Council Decision 2008/146/EC of 28 January 2008 on the conclusion, on behalf of the European Community, of the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis* (OJ L 53, 27.2.2008, p. 1).

⁽¹⁰⁾ OJ L 160, 18.6.2011, p. 21.

⁽¹¹⁾ Council Decision 2011/350/EU of 7 March 2011 on the conclusion, on behalf of the European Union, of the Protocol between the European Union, the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis*, relating to the abolition of checks at internal borders and movement of persons (OJ L 160, 18.6.2011, p. 19).

- (12) This Decision constitutes an act building upon, or otherwise relating to, the Schengen *acquis*, within, respectively, the meaning of Article 3(2) of the 2003 Act of Accession, Article 4(2) of the 2005 Act of Accession and Article 4(2) of the 2011 Act of Accession.
- (13) The European Data Protection Supervisor was consulted in accordance with Article 42(1) of Regulation (EU) 2018/1725 of the European Parliament and of the Council ⁽¹²⁾ and delivered an opinion on 8 June 2022.
- (14) The measures provided for in this Decision are in accordance with the opinion of the Smart Borders Committee,

HAS ADOPTED THIS DECISION:

Article 1

Technical solution to facilitate the collection of data for the purpose of generating the statistics

1. eu-LISA shall develop the technical solution referred to in Article 50(4), third subparagraph, of Regulation (EC) No 767/2008, and adapt it according to the specifications laid out in article 2 of this Decision.
2. eu-LISA shall make the technical solution available to the central access point(s) referred to in Article 22l of Regulation (EC) No 767/2008 and to the specialised unit of duly empowered Europol officials referred to in Article 22m of that Regulation.
3. The use of the technical solution by Member States and Europol shall be optional.

Article 2

Specifications of the technical solution to facilitate the collection of data for the purpose of generating the statistics

1. Where the technical solution referred to in Article 50(4) of Regulation (EC) No 767/2008 is used, each Member State and Europol shall be responsible for its deployment.
2. The Member States and Europol shall be responsible for their technical and operational management of the technical solution.
3. The technical solution shall only allow access to its data to authorised users.
4. The technical solution shall allow the collection of the following data for each request for access to data stored in the VIS:
 - (a) designated authority, central access point and operating unit initiating the request referred to in Article 22l(5) of Regulation (EC) No 767/2008, and Europol if initiating the request as referred to in Article 22r of that Regulation;
 - (b) the exact purpose of the consultation, including the type of terrorist offence or other serious criminal offence, as defined in Article 4, points (22) and (23), of the Regulation (EC) No 767/2008, that led to the consultation, by selecting a value from a code table;
 - (c) reasonable grounds given for the substantiated suspicion that the suspect, perpetrator or victim is covered by Regulation (EC) No 767/2008;
 - (d) the number of requests to access the VIS for law enforcement purposes and to access the data on children below 14 years of age;

⁽¹²⁾ Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (OJ L 295, 21.11.2018, p. 39).

- (e) the number and type of cases in which the urgency procedures referred to in Article 22n(2) of Regulation (EC) No 767/2008 were used, including those cases where the urgency was not accepted by the *ex post* verification carried out by the central access point;
 - (f) the number and type of cases, which have ended in successful identifications.
5. In order to facilitate the collection of data, where the urgency procedure provided for in Article 22n(2) of Regulation (EC) No 767/2008 is used, the cases associated with that procedure referred to in paragraph 4, point (e), of this Article shall be marked.
6. The information listed in paragraph 4 of this Article shall be stored locally, by the central access point(s) or Europol and shall be used to support the generation of statistics referred to in Article 50(4) of Regulation (EC) No 767/2008.

Article 3

Entry into force and applicability

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*, with the exception of the following provisions which shall apply from the date of the start of operations of the VIS pursuant to Article 11 of Regulation (EU) 2021/1134:

- (a) Article 1 in so far as it relates to Regulation (EC) No 767/2008;
- (b) Article 2 in so far as it relates to Regulation (EC) No 767/2008.
