COMMISSION IMPLEMENTING REGULATION (EU) 2023/185**of 27 January 2023**

initiating a ‘new exporter’ review of Implementing Regulation (EU) 2021/607 imposing a definitive anti-dumping duty on imports of citric acid originating in the People’s Republic of China for one Chinese exporting producer, repealing the duty with regard to imports from that exporting producer and making these imports subject to registration

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/1036 of the European Parliament and of the Council of 8 June 2016 on protection against dumped imports from countries not members of the European Union ⁽¹⁾ (‘the basic Regulation’) and in particular Articles 11(4) and 14(5) thereof,

After having informed the Member States,

Whereas:

1. REQUEST

- (1) On 17 May 2022, the Commission received a request for a ‘new exporter’ review under Article 11(4) of the basic Regulation.
- (2) The request was lodged by Seven Star Lemon Technology co., Ltd. (‘the applicant’), an exporting producer of citric acid in the People’s Republic of China (‘the PRC’).

2. PRODUCT UNDER REVIEW

- (3) The product under review is citric acid and trisodium citrate dihydrate, currently falling under CN codes 2918 14 00 and ex 2918 15 00 (TARIC codes 2918 15 00 11 and 2918 15 00 19) and originating in the PRC.

3. EXISTING MEASURES

- (4) The measures currently in force are a definitive anti-dumping duty imposed by Commission Implementing Regulation (EU) 2021/607 ⁽²⁾ under which imports of the product under review originating in the PRC, including the product produced by the applicant, are subject to a definitive anti-dumping duty of 42,7 % with the exception of several companies specifically mentioned in Article 1(2) of that Regulation which are subject to individual duty rates.

4. GROUNDS FOR THE REVIEW

- (5) The applicant provided sufficient evidence that it did not export the product under review to the Union during the investigation period on which the anti-dumping measures were based (1 July 2006 to 30 June 2007).
- (6) The applicant provided sufficient evidence that it is not related to any of the exporting producers of the product under review which are subject to the anti-dumping duties in force.
- (7) Finally, the applicant provided sufficient evidence that it has begun exporting the product under review to the Union after the end of the original investigation period, namely from June 2021.

⁽¹⁾ OJ L 176, 30.6.2016, p. 21.

⁽²⁾ Commission Implementing Regulation (EU) 2021/607 of 14 April 2021 imposing a definitive anti-dumping duty on imports of citric acid originating in the People’s Republic of China as extended to imports of citric acid consigned from Malaysia, whether declared as originating in Malaysia or not, following an expiry review pursuant to Article 11(2) of Regulation (EU) 2016/1036 of the European Parliament and of the Council (OJ L 129, 15.4.2021, p. 73).

5. PROCEDURE

5.1. Initiation

- (8) The Commission examined the evidence available and concluded that there was sufficient evidence to justify the initiation of a 'new exporter' review pursuant to Article 11(4) of the basic Regulation, with a view to determining the applicant's individual margin of dumping. Should dumping be found, the Commission will determine the level of the duty to which the imports of the product under review produced by the applicant should be subject.
- (9) In accordance with Article 11(4), the normal value for the applicant shall be determined following the methodology laid down in Article 2(1) to (6a) of the basic Regulation, as the latest expiry review of the measures was initiated after 20 December 2017.
- (10) Union producers known to be concerned were informed of the request for a review on 28 November 2022 and were given an opportunity to comment until 12 December 2022.
- (11) The Commission also draws the attention of the parties that further to the COVID-19 outbreak a Notice ⁽³⁾ has been published on the consequences of the COVID-19 outbreak on anti-dumping and anti-subsidy investigations that may be applicable to this proceeding.

5.2. Repeal of the existing measures and registration of imports

- (12) Pursuant to Article 11(4) of the basic Regulation, the anti-dumping duty in force should be repealed with regard to imports of the product under review produced by the applicant. At the same time, such imports should be made subject to registration in accordance with Article 14(5) of the basic Regulation, in order to ensure that anti-dumping duties can be levied from the date of the registration of these imports should the review result in a finding of dumping in respect of the applicant. Furthermore, the Commission notes that it is not possible, at this stage, to provide a reliable estimate of the amount of possible future liability, without prejudice to Article 9(4) of the basic Regulation. Should the request be withdrawn and the review terminated, the amount of the liability for the registered imports will be based on the anti-dumping duty rate established by Regulation (EU) 2021/607 for 'all other companies', namely 42,7 %.

5.3. Review investigation period

- (13) The investigation will cover the period from 1 January 2022 to 31 December 2022 ('review investigation period'). However, the Commission reserves the right to also examine if transactions may have occurred in a subsequent period, and may amend the review investigation period as appropriate in light of the findings of the investigation.

5.4. Investigating the applicant

- (14) In order to obtain information it deems necessary for its investigation, the Commission has made a questionnaire for the applicant available in the file for inspection by interested parties and on the website of the Directorate-General for Trade <https://tron.trade.ec.europa.eu/investigations/case-view?caseId=2652>. The applicant must submit the completed questionnaire within the time limit specified in Article 4(2) of this Regulation.

Unless otherwise specified, this information and supporting evidence must reach the Commission within the time-limit specified in Article 4(2) of this Regulation.

COMMISSION IMPLEMENTING REGULATION (EU) 2023/186**of 27 January 2023****amending Implementing Regulation (EU) 2021/2325 as regards the recognition of certain control authorities and control bodies for the purpose of importing organic products into the Union**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/848 of the European Parliament and of the Council of 30 May 2018 on organic production and labelling of organic products and repealing Council Regulation (EC) No 834/2007 ⁽¹⁾, and in particular Article 57(2) thereof,

Whereas:

- (1) Annex II to Commission Implementing Regulation (EU) 2021/2325 ⁽²⁾ sets out the list of control authorities and control bodies recognised for the purpose of equivalence and competent to carry out controls and issue certificates in third countries. In the light of new information and requests received by the Commission since the adoption of Implementing Regulation (EU) 2021/2325, certain changes should be made to that list.
- (2) The Commission has received and examined a request from ‘Certificadora Mexicana de productos y procesos ecológicos S.C.’ to withdraw its recognition for product category A for the Dominican Republic, Guatemala and El Salvador due to the lack of operators.
- (3) The Commission has received and examined a request from ‘EKO-CONTROL SK s.r.o.’ to withdraw its recognition for all third countries for which it is recognised.
- (4) ‘LETIS S.A.’ failed to provide in its annual report and following subsequent requests updated information on the assessment report issued by its accreditation body according to Article 33(3) of Council Regulation (EC) No 834/2007 ⁽³⁾ concerning unprocessed aquaculture products and algae for which it is recognised.
- (5) Furthermore, ‘LETIS S.A.’ did not communicate to the Commission all information related to its technical dossier.
- (6) ‘LETIS S.A.’ has also failed to take adequate corrective measures in response to instances of non-compliance with, and infringements of, the organic production rules observed by the Commission. The non-compliance and infringements observed include: (i) the existence of several OFIS notifications involving that control body; and (ii) inadequate follow-up investigations by ‘LETIS S.A.’ of those OFIS notifications.
- (7) Finally, following the audit of ‘LETIS S.A.’ carried out by the Commission in 2021, ‘LETIS S.A.’ failed to demonstrate that it implemented effective and reinforced control measures and took the necessary corrective actions to remedy the shortcomings identified by the Commission. This creates a risk for the consumer to be misled about the true nature of the products certified by ‘LETIS S.A.’.

of 23 January 2023

on the position to be adopted on behalf of the European Union within the Sanitary and Phytosanitary Sub-Committee established by the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Georgia, of the other part, as regards the modification of Annex XI-B to that Agreement

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 207(4), first paragraph, in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) The Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Georgia, of the other part ⁽¹⁾ ('the Agreement') entered into force on 1 July 2016.
- (2) Article 65 of the Agreement established the Sanitary and Phytosanitary Sub-Committee (the 'SPS Sub-Committee'), which is to consider any matter relating to Chapter 4 (Sanitary and phytosanitary measures) of Title IV (Trade and Trade-related Matters) of the Agreement, including its implementation, and is empowered to review and modify Annex XI-B to the Agreement.
- (3) The SPS Sub-Committee is to adopt a decision modifying Annex XI-B to the Agreement, which contains an approximation list of sanitary and phytosanitary, animal welfare and other Union legislative measures to which Georgia is to gradually approximate its sanitary and phytosanitary, animal welfare and other legislative measures pursuant to Article 55(1) of the Agreement.
- (4) The SPS Sub-Committee finalised the approximation list set out in Annex XI-B to the Agreement by means of Decision No 1/2017 of the EU-Georgia Sanitary and Phytosanitary Sub-Committee ⁽²⁾.
- (5) At seven annual meetings of the SPS Sub-Committee, Georgia informed the Commission on the progress made regarding the approximation of its legislation to the Union *acquis*. Georgia also informed the Commission of Union legal acts that should be removed from Annex XI-B on the consideration that those Union legal acts are not relevant for Georgia as they are only applicable to Member States.
- (6) Since the adoption of Decision No 1/2017, several Union legal acts listed in Annex XI-B to the Agreement have been repealed and some of those repealed Union legal acts have been replaced by new Union legal acts, while other Union legal acts have exhausted their legal effect.
- (7) It is thus necessary to modify Annex XI-B to the Agreement in order to reflect the evolution of the Union *acquis* listed in that Annex and to replace it.
- (8) It is therefore appropriate to establish the position to be adopted on the Union's behalf within the SPS Sub-Committee with regard to the modification of Annex XI-B to the Agreement,

Minor technical changes to the draft Decision of the SPS Sub-Committee attached to this Decision, which do not jeopardise the attainment of the objective of those modifications of Annex XI-B to the Agreement, may be agreed by the representatives of the Union within the SPS Sub-Committee without further decision of the Council.

- (2) Pursuant to Article 55(1) of the Agreement, Georgia is to gradually approximate its sanitary and phytosanitary, animal welfare and other legislative measures to those of the Union as set out in Annex XI-B to the Agreement.

- (4) Since the adoption of Decision No 1/2017 of the EU-Georgia Sanitary and Phytosanitary Sub-Committee ⁽²⁾, several Union legal acts listed in Annex XI-B to the Agreement have been repealed and some of those repealed Union legal acts have been replaced by new Union legal acts, while other Union legal acts have exhausted their legal effect. In addition, the Parties to the Agreement consider that a limited number of Union legal acts are not relevant for Georgia as they are only applicable to Member States.
- (5) It is thus necessary to modify Annex XI-B to the Agreement in order to reflect the evolution of the Union *acquis* listed in that Annex and to replace it. It is also appropriate to provide for a period during which Georgia is to approximate its legislation to the new Union legal acts. Accordingly, new deadlines for the approximation of Georgian legislation to the Union legal acts listed in Annex XI-B to the Agreement should be indicated therein.

COUNCIL DECISION (CFSP) 2023/191**of 27 January 2023****amending Decision 2014/512/CFSP concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 29 thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 31 July 2014, the Council adopted Decision 2014/512/CFSP ⁽¹⁾.
- (2) In its Resolution ES-11/1, adopted on 2 March 2022, the United Nations General Assembly deplored in the strongest terms the aggression by the Russian Federation against Ukraine in violation of Article 2(4) of the United Nations (UN) Charter. In its Resolution ES-11/4, adopted on 12 October 2022, the UN General Assembly, noting the UN Secretary-General's statement of 29 September 2022 in which he recalled that any annexation of a State's territory by another State resulting from the threat or use of force is a violation of the principles of the Charter and international law, condemned the organisation by the Russian Federation of illegal so-called referenda in regions within the internationally recognised borders of Ukraine and the attempted illegal annexation of the Donetsk, Kherson, Luhansk and Zaporizhzhia regions of Ukraine, following the organisation of those so-called referenda. In its binding order indicating provisional measures of 16 March 2022, the International Court of Justice ordered the Russian Federation to immediately suspend the military operations that it had commenced in the territory of Ukraine.
- (3) As long as the illegal actions by the Russian Federation continue to violate the prohibition on the use of force, which is a peremptory rule of international law, it is appropriate to maintain in force all the measures imposed by the Union and to take additional measures, if necessary. Consequently, Decision 2014/512/CFSP should be renewed for a further 6 months.
- (4) Decision 2014/512/CFSP should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

Article 1

In Decision 2014/512/CFSP, Article 9(1) is replaced by the following:

- ‘1. This Decision shall apply until 31 July 2023.’.

Article 2

This Decision shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.
